General Direction of Public Safety - MAIN OFFICE
MINISTRY OF POST-WAR ASSISTANCE R O M A

We have been informed that some Prefects have issued ordinances for the return of the refugees to their respective towns of the provinces.

The Ministry is aware of the serious conditions of public order which prevent Your Excellencies to accomplish such a measure, due to the scarcity and difficulty of food and lodging.

reasons) Having considered the hard condition of those refugees, who for arising from the war, are houseless and will not find any possibility of life in the native towns, we beg Your Excellencies to see that the application of the ordinances be executed only after having carefully examined each case with a sense of humanity on the basis of the programs of assistance, which are being drawn by the proper bodies.

Please acknowledge receipt.

A complemento del predetto aggiornamento nelle relazioni quindicinali dovrà riferirsi sulla situazione in genere per tutta la provincia, sullo stato dei lavori dei casellari, delle commissioni elettorali nonché della commissione provinciale per le sanzioni contro il fascismo, sulla fornitura delle urne ai comuni (specificando, qualora non sia stato già fatto, il fabbisogno accertato a seguito delle indagini disposte con la circolare 26 gennaio u.s., n. 1615/15600.3; le ordinazioni commesse per la fornitura delle urne risultate occorrenti e la spesa unitaria e globale impegnata), sulle eventuali situazioni anormali emerse a seguito di ispezioni o di altri accertamenti nonché sui provvedimenti adottati al riguardo, infine su quanto altro le SS.LL. ritenessero di dover segnalare, sempreché non sia stata ravvisata l'opportunità di darne comunicazione al Ministero con corrispondenza normale.

Si richiama l'attenzione delle SS.LL. sulla necessità che il prospetto di cui trattasi venga inviato con ogni possibile sollecitudine e che per le successive relazioni quindicinali vengano scrupolosamente seguite le istruzioni impartite con la presente circolare.

Fortnightly Reports.

PIEMONTE }

1. Ministry of the Interior circular No. 15302 of 5 October 1945 is sent herewith for delivery to the Prefect. An English translation is also enclosed for the use of the PC. It is desired to take the opportunity to draw attention to one or two points of procedure in submitting to this HQ copies of the Prefects' fortnightly reports on progress of the preparation of electoral lists.

2. It is requested that PCs cause reports to be accompanied by a copy of the English translation which they no doubt invariably make for their own use. Some PCs have made this a practice but not others. If the practice is always followed, it will result in a great saving of time in the handling at this HQ of reports from 30 provinces.

3. It has been noticed that in certain reports, Prefects refer to matters which are within the competence of the PC. For instance, one Prefect alleged as one of his difficulties in supervising preparation of the electoral lists the fact that the Vice Prefect Inspector could not get petrol, which of course is a matter which only the PC could handle. The comments of PCs on any such matters and indeed on the reports in general will be appreciated.

4. In some cases, reports are being received in this HQ at a date considerably later than the period to which they refer -- sometimes as much as 5 or 6 weeks late. Would PCs please make a special point of having their Prefects submit reports to them the day after the end of the period to which they relate and of transmitting them with translation as soon as they can to Regional HQ.

5. Some Regional HQs invariably deal in the reports from all their Provinces together, whereas others send them in one by one as they arrive. It would be suggested if all Regions would take the responsibility of getting in the reports from all their provinces and sending them together to this HQ.

6. The additional information required by the Ministry's circular sent herewith is extensive and will add considerably to the length of the Prefects' reports, but it is considered to be essential information required by the Italian Government and necessary for a factual picture of the progress being made in Military Government Territory. This Sub Commission agrees with the Minister's criticisms of the vagueness of and in some cases contradictions in some Prefects' reports with previous

For instance, one Prefect alleged as one of his difficulties in supervising preparation of the electoral lists the fact that the Vice Prefect Inspector could not get petrol, which of course is a matter which only the PC could handle. The comments of PCs on any such matters and indeed on the reports in general will be appreciated.
4. In some cases, reports are being received in this HQ at a date considerably later than the period to which they refer -- sometimes as much as 5 or 6 weeks late. Would PCs please make a special point of having their Prefects submit reports to them the day after the end of the period to which they relate and of transmitting them with translation as soon as they can to Regional HQ.
5. Some Regional HQs invariably send in the reports from all their Provinces together, whereas others send them in one by one as they arrive. It would be appreciated if all Regions would take the responsibility of getting in the reports from all their provinces and sending them together to this HQ.
6. The additional information required by the Ministry's circular sent herewith is extensive and will add considerably to the length of the Prefects' reports, but it is considered to be essential information required by the Italian Government and necessary for a factual picture of the progress being made in Military Government Territory. This Sub Commission agrees with the Minister's criticism of the vagueness of and in some cases contradictions in some Prefects' reports with previous ones submitted.
7. It will also be appreciated that these reports are practically the only means of keeping the Chief Commissioner (and through him higher authority) advised from time to time of the progress being made, a matter in which he takes great interest.

Electoral Service

Rome, 11 October 1945

TO: Prefect of TURIN

FILE : 15682.B.

Reply of 18/9/45 No. 246

SUBJECT: Fortnightly report - Suspension of time limits.

With reference to your a/m fortnightly report, which we have received through Allied Commission, we beg to point out that the said Commission has informed that EC Piemonte has not deemed necessary to grant the suspension of time limits, which your Prefecture has requested for all the communes of the Province, because such suspension is exclusively granted to those Communes which, for reasons arising from the war, are in the absolute impossibility to provide for the formation of electoral lists.

Under these circumstances this Ministry must acknowledge the decisions taken by the said Allied Authorities in accordance with art. 24 of Ministerial Decree 24 October 1944.

Therefore, while reminding you that the time limits fixed for the different operations are to be regarded as a guide and not as a strict rule, we beg to draw your attention on the necessity of expediting the work as much as possible in all the Communes, adopting every possible measure to make up for at least a part of the time lost.

We should like to be informed of the instructions you will give in this connection.
