349. V.D. DISCIPLINE.

The following orders are republished for information and strict compliance of all concerned:-

(a) Paras 1 & 2 of GRO 1056/44.

"1. CONCEALMENT.

In accordance with King's Regulations, 1940, para 555, a soldier who is suffering from V.D. must report himself sick without delay. Concealment of the disease delays treatment and causes a loss of manpower to the Army.

Concealment is a serious crime and will henceforth be dealt with by Court Martial in all cases, charges being preferred under Section 11 of the Army Act.

2. FINANCIAL PENALTIES.

Owing to the prevalence of VD in this theatre it is of the utmost importance that all ranks should be acquainted with the possible financial consequences of contracting the disease due to their own fault.

(a) Hospital Charges.

A soldier admitted to hospital on account of VD or its affects due to his own fault is required to pay hospital charges of 10d a day after the first 56 days of treatment in hospital (vide ACI 1548/44.)

(b) Loss of Pay (Non-Tradesmen).

Where a soldier is suffering from VD or its effects due to his own fault and is unable to carry out his normal duties he will be reclassified as laid down in para 16 (h) Army Order 14/43. This means in effect that he loses what was formerly known as "War Time & Special Proficiency Pay". In addition he is not entitled to the initial grant of any increase of pay for length of service in accordance with para 8 of Army Order 14/43. Full particulars are given in GRO 617/43.

(c) Loss of Paid Acting Rank.

Paid acting rank is relinquished from the date of leaving the unit on account of sickness. Soldiers who revert to private or equivalent rank suffering from VD as above are not appointed Lance-Corporal or Lance-Bombardier on such relinquishment as in other cases. GRO 707/43 refers."

(b) A.F.H. Number 623 dated 7 Nov 44.

1. CONDOMS.

Condoms are now available at any time, free of charge, from the British M.I.Room, Headquarters Building.

2. PROPHYLACTIC CERTIFICATES.

In accordance with R.A.A.C. letter ref 26AI dated 25 Sep 44, all ranks who expose themselves to infection by V.D. are compelled to apply preventive measures and to obtain and retain a PROPHYLACTIC certificate to the effect that such measures have been carried out.

Any man who contracts V.D. and is unable to produce such certificate will be dealt with for disobeying this order.

All patients due for evacuation to the UK are warned prior to embarkation by the hospital authorities that this scheme is no longer in operation, but the knowledge that such a scheme has been in force is so widespread amongst troops in CMF that there is a tendency amongst some hospital patients to disregard this warning.

As a result, they suffer disappointment when on arrival in UK they are informed it will not be possible to continue their treatment in hospitals located near to their homes.

Ref DRO 282 dated 27 Feb 45.

ORs on reporting to Det Ord Sjt for a Day Pass will produce a written authority from the Chief Clerk or NCO i/c of the branch or section in which he is employed, authorizing the day leave of the individual.

It is emphasized that the new type of pass AF B295 (CMF) must be taken into use and that the CMPs will not accept any other type in lieu thereof.

286. SAFEGUARDING OF MD VEHICLES

GRO 169 dated 23 Feb 45 is repeated hereunder for the information, guidance and strict compliance of all concerned:-

1. The loss of vehicles owing to theft has reached such proportions as to create a serious drain on resources.
2. In many cases the vehicles had been immobilized, but this has proved a totally inadequate precaution to prevent determined thieves from stealing them. Many thefts of property from unattended vehicles have also been reported.
3. MD and requisitioned vehicles (including motor-cycles) will never be left unattended, except
   (a) when essential on operational grounds,
   (b) on account of other urgent necessity,
   (c) by holders of "user-driver" permits, in the circumstances mentioned in para 8 below.
4. All units having MT on charge will arrange for their vehicle parks to be guarded day and night.

Small units which have difficulty in finding their own guard may arrange, if possible, to park their vehicles with those of a unit where a guard is mounted.

5. When on duty, it is the driver's responsibility to ensure that arrangements are made for his vehicle to be safeguarded at all times. He will not leave his vehicle in any car or motor cycle park unless it is clearly marked with a sign:

"Authorized and guarded car park: British MD vehicles may be left here unattended". Such signs will be exhibited in English and Italian.

Formation Commanders will review the arrangements in all car parks in their areas, and will ensure that such signs are exhibited only at parks in which adequate safeguards exist to prevent vehicles being removed by unauthorized persons. Such safeguards will normally include a "tally" system by which the bona fides of drivers leaving the park may be checked.

6. Military police will not be used to guard vehicles of units other than their own. Their duty at car parks is to control traffic and the parking

Their duty at car parks is to control traffic and the parking of vehicles, and the fact that they are present does not absolve any driver from his responsibility for safeguarding his own vehicle, unless the park is marked with a sign as in para 5 above.

7. (a) The practice of immobilizing vehicles, besides being an inadequate safeguard, often leads to mechanical inefficiency and damage. This method of safeguarding vehicles will therefore not be used, except when vehicles are left unattended in the circumstances permitted by paras 3 above and 8 below, or when ordered by Divisional or higher HQ in an operational area.

(b) When in these circumstances immobilization is permitted, it will be carried out by locking the steering wheel with a padlock and chain, if available; otherwise the rotor arm or other essential part of the engine will be removed. The vehicle will also, if possible, be locked.

CONTINUED ON SHEET 2.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(c) Vehicles left in authorized and guarded car parks, or otherwise under guard, will NOT be immobilized.

(d) Nothing in this paragraph will be taken as authorizing vehicles to be left unattended and immobilized, except in the special circumstances prescribed in (a) above.

8. (a) Certain personnel have been allotted WD or requisitioned vehicles for which no military driver has been provided. Such personnel are required to be provided with permits as "user drivers", under GRO 160/45. Permits already issued to officers under para 8 of GRO 113/44 will lapse as from 1 month from the date of issue of this GRO, during which time the holder will apply for a permit under GRO 160/45 if he wishes to continue to avail himself of the authority granted thereby.

(b) Holders of "user driver" permits only are permitted to leave their vehicles unattended whilst carrying out military duties when no other arrangements can be made, provided that:

(i) there is no military driver or other person in whose care the vehicle could be left.

(ii) there is no military unit within reasonable distance under whose guard the vehicle could be placed, and

(iii) the vehicle is both locked (if possible) and immobilized.

(c) Possession of such a permit does not absolve the holder from making the best possible arrangements to have his car guarded at all times, nor does it affect his responsibility for the safety of any WD property or documents which may be in the car.

(d) The attention of "user-drivers" taking their vehicles on tour is directed to para 11 (b) of GRO 160/45.

(e) No permits will be issued in respect of motor cycles, which will never be left unattended except in the circumstances mentioned in para 3 (a) and (b) above.

9. (a) Particulars of WD or requisitioned vehicles lost by theft or suspected theft will be reported without delay to the APM/DAPM of the formation concerned.

(b) This report will be confirmed in writing on the pro-forma at Appendix "A" to this order, to the formation APM/DAPM (in duplicate) with a copy direct to AFHQ Q(AE). (Published below).

(c) The APM/DAPM will immediately inform all concerned of the details of the loss and take such action as may be possible to trace the vehicle, and to apprehend the thief. He will pass the duplicate copy of the pro-forma to his HQ (for A Branch).

(d) The finding or recovery of WD or requisitioned vehicles, whether by the unit which has them on charge, or any other unit (including a provost unit), will be similarly reported to the APM/DAPM concerned on the pro-forma at Appendix "A" (in duplicate) with a copy direct to AFHQ Q (AE).

(e) The APM/DAPM concerned will pass the duplicate copy of the pro-forma to his HQ (for Q Branch), which will give instructions as to its disposal. In no circumstances will any vehicle recovered be taken on charge of the finding unit or the CMP unit concerned, or used or disposed of without proper authority.

10. (a) Disciplinary action will be taken against all officers and other ranks who leave vehicles unattended or cause them to be left unattended, except when permitted to do so under para 3 (a), (b) or (c) or 8 above.

(b) Where, as a result of its being left unattended without authority, the vehicle or any WD property contained therein is lost, the offender will normally be tried by Court Martial.

(c) In such cases the Court Martial, or the Officer dealing summarily

(e) The APM/DAPM concerned will pass the duplicate copy of the pro-forma to his HQ (for Q Branch), which will give instructions as to its disposal. In no circumstances will any vehicle recovered be taken on charge of the finding unit or the CMP unit concerned, or used or disposed of without proper authority.

10. (a) Disciplinary action will be taken against all officers and other ranks who leave vehicles unattended or cause them to be left unattended, except when permitted to do so under para 3 (a), (b) or (c) or 8 above.

(b) Where, as a result of its being left unattended without authority, the vehicle or any WD property contained therein is lost, the offender will normally be tried by Court Martial.

(c) In such cases the Court Martial, or the Officer dealing summarily with the case will, in considering sentence, have regard to the fact that this offence is unusually prevalent (see King's Regulations 1940 para 681 (a)). Consideration should be given in all cases to the imposition, in addition to any other punishment, of a financial penalty.

(d) Commanders of formations will ensure, by means of the duplicate pro-forma mentioned in para 9 (c) above, that appropriate disciplinary action has been taken in all cases of loss by theft of vehicles left unattended without authority, and will call for a report of action taken in all such cases, irrespective of whether or not the vehicle has been recovered.

(e) Disciplinary action will also be taken against those responsible for laxity or delay in reporting the finding of vehicles, or in disposing of them, particularly if the vehicle has been retained for individual or unit use without proper authority.

255. GAS TRAINING - Lesson No. 29

Blister gas liquid from ground burst projectiles.- In the case of ground burst projectiles, the immediate adjustment of the facepiece is necessary to give protection to the eyes and breathing passages against the fine mist caused by the burst of the projectile. Personal decontamination should be carried out subsequently by those individuals who were near the burst and splashed with the liquid.

CONTINUED ON SHEET 2.

Declassified E.O. 12356 Section 3.3/NND No. 785021

Blister gas liquid on the ground.- It is a desirable precaution whenever the military situation permits, to avoid liquid contamination. Blister gas liquid on the ground must not, however, be treated as an obstacle; it will frequently be necessary in the field for troops on foot to cross such ground, more especially the leading troops. Even so, little if any significant liquid contact need be made in daylight provided that care is used, long grass and bushes are avoided and troops do not lie down. When such precautions are not possible or desirable (e.g. at night or under aimed fire or when troops are forced to lie down) capes should be worn, ointment used to protect the exposed skin, obvious liquid avoided, and personal decontamination carried out at the earliest opportunity - particularly the swabbing of boots.

264. GAS TRAINING - Lesson No. 31

Blister gas vapour.- The smell of blister gas is an unreliable guide to the degree of vapour danger present, and it is possible that blister gas having little or no smell will be used. For these reasons it is necessary that the respirator be adjusted, not only when blister gas is smelled, but also when in an area contaminated with suspicious liquid. When the tactical situation demands that troops remain in a dangerous vapour concentration, the ultimate effects may be largely reduced by adopting the following procedure:-

CONTINUED ON SHEET 2.

Declassified E.O. 12356 Section 3.3/NND No. 785021

i. Troops wearing A/V clothing.- Adjust respirator and rub ointment into all exposed skin. It is also an advantage to tie a handkerchief between the neck and the collar, and to tuck in the cuffs of the blouse. (The cape or light gas suit should not be worn unless there is danger of contact with the liquid.)

ii. Troops not wearing A/V clothing. As for i above, but such of these troops as remain in the dangerous vapour concentration for more than an hour or so (less on a hot day) are likely to sustain vapour burns (ultimately) underneath the clothing. On leaving the area, outer clothing should be removed and aired for as long as possible, or until the smell of the vapour has disappeared. Washing the body all over with soap and water may also be of value.

iii. Under supervision, respirators may be removed for a few minutes when it is necessary for men to eat or drink.

Until special labels, covering a range of values, are available, one or more of the existing labels will be used on the basis that each label is valued at £2. If the labels are not gummed, units will arrange to affix them to letter packets or parcels by means of adhesive paste or gum arabic, supplies of which may also be obtained from the nearest Stationery Depot.

6. (a) The labels will be held in the custody of an officer. They will be issued on demand to officers and other ranks or as laid down by the unit. Troops may be issued with labels at choice provided that no individual is issued with labels totalling more than £12 in value for the year ending 30 Jun 45 and annually thereafter.

CONTINUED ON SHEET 2.

Declassified E.O. 12356 Section 3.3/NND No. 758021

(b) Not more than six duty free letter packets or parcels may be sent by any individual for the year ending 30 Jun 45 and annually thereafter.

(c) The value of the labels issued will be recorded by the issuing officer in AB 439 for officers and AB 64 Part I for other ranks, on a blank page if available, or a gummed slip inserted in the Books.

(d) The officer recording the issue will sign the Customs Label and insert the name of the individual to whom issued. The name of the unit will not be put on the letter packet or parcel either in writing or with the unit stamp. The contents and value of each article in the letter packet or parcel will be declared on the label which will be signed and dated by the sender.

(e) A simple record of receipts and issues of the Customs Labels will be maintained by each unit.

7. Normal censorship regulations will apply and the unit censor stamp impression will be made in the space indicated in the label. Units unable to obtain the use of a censor stamp will furnish a certificate to that effect when the concession letter packets or parcels are posted at an Arry Post Office in the same way as for letters.

8. Though "concession" letter packets or parcels will be admitted into the UNITED KINGDOM free of duty, purchase tax and without import licence, they are subject to customs examination. Full duty will be charged on contents contravening the conditions detailed in para 4 above.

9. Concession letter packets and parcels are subject to the Parcel and Letter Post Regulations and postage rates quoted in GRO 682/43. Parcels are not accepted for Registration, Insurance, COD or Express Post. Letter packets may be registered.

10. The following irregularities and omissions which have been observed in the use of labels AF W5192 must be guarded against:-

(a) Form AF W5192 substituted by typewritten or manuscript label or by endorsemen on customs declaration "Troops Parcel - Duty Free"

(b) Omission of issuing officer's signature and/or the name of the individual to whom issued.

(c) Omission of unit censorship stamp and/or censor's signature.

11. It is essential that only the correct form AF W5192 properly completed and signed should be used.

12. If a substitute label has to be used, it must be endorsed "No AF W5192 available", with the signature and rank of issuing officer.

13. Failure to comply with the above may disqualify the letter packet or parcel from the duty free and purchase tax concessions and involve payment of full duty.

14. It is again emphasised that letter packets or parcels bearing duty free label AF W5192 and which observe the conditions now and previously laid down, are free of customs duty and purchase tax.

243. GAS TRAINING - Lesson No. 27

Mustard Gas.- This is an important example of blister gas. The characteristics of mustard gas may be summarized as follows:-

i. Pure mustard gas is colourless. The crude substance as used in war may vary in colour from light brown to nearly black.

ii. Both pure and crude mustard gas give off an invisible vapour which has a slight smell resembling onions, horseradish or garlic. With continued breathing of the vapour the smell becomes less noticeable and the fact that the gas cannot be smelled does not mean that it is not present.

iii. A danger of mustard gas lies in the fact that neither the liquid nor [illegible] produce any immediately painful effects, and untrained men [illegible] the proper action

Declassified E.O. 12356 Section 3.3/NND No. 78502/

7. Normal censorship regulations will apply and the unit censor's stamp impression will be made in the space indicated in the label. Units unable to obtain the use of a censor stamp will furnish a certificate to that effect when the concession letter packets or parcels are posted at an Army Post Office in the same way as for letters.

8. Though "concession" letter packets or parcels will be admitted into the UNITED KINGDOM free of duty, purchase tax and without import licence, they are subject to customs examination. Full duty will be charged on contents contravening the conditions detailed in para 4 above.

9. Concession letter packets and parcels are subject to the Parcel and Letter Post Regulations and postage rates quoted in GRO 682/43. Parcels are not accepted for Registration, Insurance, COD or Express Post. Letter packets may be registered.

10. The following irregularities and omissions which have been observed in the use of labels AF W5192 must be guarded against:-

(a) Form AF W5192 substituted by typewritten or manuscript label or by endorsemen on customs declaration "Troops Parcel - Duty Free"

(b) Omissionof issuing officer's signature and/or the name of the individual to whom issued.

(c) Omission of unit censorship stamp and/or censor's signature.

11. It is essential that only the correct form AF W5192 properly completed and signed should be used.

12. If a substitute label has to be used, it must be endorsed "No AF W5192 available", with the signature and rank of issuing officer.

13. Failure to comply with the above may disqualify the letter packet or parcel from the duty free and purchase tax concessions and involve payment of full duty.

14. It is again emphasised that letter packets or parcels bearing duty free label AF W5192 and which observe the conditions now and previously laid down, are free of customs duty and purchase tax.

243. GAS TRAINING - Lesson No. 27

Mustard Gas.- This is an important example of blister gas. The characteristics of mustard gas may be summarized as follows:-

i. Pure mustard gas is colourless. The crude substance as used in war may vary in colour from light brown to nearly black.

ii. Both pure and crude mustard gas give off an invisible vapour which has a slight smell resembling onions, horseradish or garlic. With continued breathing of the vapour the smell becomes less noticeable and the fact that the gas cannot be smelled does not mean that it is not present.

iii. A danger of mustard gas lies in the fact that neither the liquid nor the vapour produce any immediately painful effects, and untrained men may become unnecessary casualties through not taking the proper action when exposed to the vapour or contaminated by the liquid.

iv. Mustard gas dissolves in spirits, petrol, oils and fats.

v. The liquid is quickly destroyed by gas ointment, and also by bleach ("chloride of lime"). Bleach paste rubbed into the skin for one minute, and then swabbed off, is an effective substitute for gas ointment.

247. CORRESPONDENCE COURSES - RATIONING OF APPLICATIONS

The following Summary of ACI 1692 of 1944, issued 30 Dec 44, is published for information:-

1. Owing to the rapid increase in the number of applications for courses which have been received by the War Office (A.E.3) in recent months, it has been found necessary to ration applications by allotting a quota to each command in which the Scheme operates: this quota scheme will come into operation 1 Jan 45.
2. The introduction of this quota scheme involves a change in the procedure for submitting applications to the War Office (A.E.3) and in future such applications will be forwarded to the War Office (A.E.3) through district, divisional or A.A. group headquarters where they will be sifted before being put forward.
3. If the district divisional or A.A. group headquarters quota is exhausted before the end of one quota period all acceptable applications received after that date will be held over until the beginning of the next quota period.
4. These changes are notified in ACI 1692 of 1944, a copy of which may be seen on application to the Orderly Room.

248. ITALIAN LANGUAGE CLASSES

The number of ORs attending the Italian Language Cla... is far below expectations. If no improvemente.. is noticed at the forthcoming class on Friday 23 Feb 45 the lessons will be discontinued.

249. GAS TRAINING - Lesson No. 28

Blister gas liquid in the form of spray.- Spray from containers fixed to aircraft may be released effectively from any height. Spray from airburst bombs or shell may also be effective. A low flying spraying aircraft is very vulnerable to small arms fire, and in this case the first action should be to reply with fire. Protection against the effects of spray is given by personal decontamination. The gas cap[illegible]r light gas suit play an important part in preventing contamination [illegible]lothing by spray [illegible]

The cape should not be adjusted over contaminated clothing as this will create a dangerous vapour concentration.

239. GAS TRAINING - Lesson No. 26.

Two-fold danger of blister gases.- These gases can cause casualties either as a result of contamination by the liquid, or as a result of exposure to the vapour. The respirator does not supply the complete answer, for both the liquid and the vapour attack all parts of the body; and the respirator only gives protection to a part of it. The protective action taken when contamination by the liquid has occurred differs from that required as a result of exposure to the vapour. It should be borne in mind, however, that serious casualties can result from the action of blister gas vapour on the eyes and breathing passages unless prevented by the timely adjustment of the respirator.

239. GAS TRAINING - Lesson No. 26.

Two-fold danger of blister gases.- These gases can cause casualties either as a result of contamination by the liquid, or as a result of exposure to the vapour. The respirator does not supply the complete answer, for both the liquid and the vapour attack all parts of the body; and the respirator only gives protection to a part of it. The protective action taken when contamination by the liquid has occurred differs from that required as a result of exposure to the vapour. It should be borne in mind, however, that serious casualties can result from the action of blister gas vapour on the eyes and breathing passages unless prevented by the timely adjustment of the respirator.

217. GAS TRAINING - Lesson No. 23

Effects of weather on the use of non-persistent gases.-

i. Wind direction.- Projectile weapons are not likely to be used against forward enemy troops when the wind is likely to blow the gas back, so as to be dangerous to friendly troops. (Generators can, of course, be used only when the wind is blowing from the point of release towards the target.)

ii. Wind speed.- Strong or gusty wind causes gas to disperse; on the other hand, if there is no wind the gas will tend to stay in one place, and this is not always desirable.

iii. Turbulence.- On hot, sunny days the hot air near the surface of the earth is constantly rising while cold air from above is falling. This effect of turbulence causes gas to disperse rapidly, and sunny days are therefore bad for the use of non-persistent gas. On cold, clear nights the cold air near the surface of the earth has no tendency to rise, and this condition is the best for the use of non-persistent gas. Intermediate conditions, such as cloudy nights, overcast days, and times round about dusk and dawn are fairly good.

iii. Turbulence.- On hot, sunny days the hot air near the surface of the earth is constantly rising while cold air from above is falling. This effect of turbulence causes gas to disperse rapidly, and sunny days are therefore bad for the use of non-persistent gas. On cold, clear nights the cold air near the surface of the earth has no tendency to rise, and this condition is the best for the use of non-persistent gas. Intermediate conditions, such as cloudy nights, overcast days, and times round about dusk and dawn are fairly good.

Fitting a man who wears spectacles.-

i. Personnel who wear spectacles must obtain those with metal frames of the approved type. They are issued on payment to officers and free to other ranks. No other pattern may be worn with respirators.

ii. Only facepieces Mark IV Special T, Mark IV Special T Mic, or Mark V may be worn with these spectacles. The facepieces have a special contour near the temple which presses the flattened side member of the spectacles against the face of wearer and ensures a gastight fit.

iii. The flattened side members should be just out of contact with the skin of the face, particularly near the eyes. Where necessary they should be bent or slightly twisted to ensure this.

iv. With the Mark V facepiece, the buckle at the temple may have to be bent slightly outwards to prevent it pressing against the spectacle frame.

v. Spectacles, when worn with respirators, should be treated with the anti-dimming compound or cloth on both sides of the glasses.

This to encourage all ranks to put forward ideas and suggestions which may be useful to the Army, whether they concern equipment, training or administration, and whether their effect be large or small.

Anonymous suggestions will not be entertained.

Suggestions which are frivolous or impracticable will be returned to the proposer with an explanation of the reason why they are returned.

This box will NOT be used for the reception of complaints, which must be made through the normal chanels. 2660

202. GAS TRAINING - LESSON No. 21.

Fitting of Respirator.

Take a normal size facepiece and slacken off the elastic bands. (Majority of individuals will take a normal size.)

Tighten the elastic bands in pairs. (Do not pull them too tight as this may prevent the facepiece from taking the shape of the face and thereby cause a leak.)

See that the bands are all exerting an even pull and are just sufficiently tight to hold the facepiece stable on the face without causing discomfort.

Examine the facepiece for size. If the eyes are much above the centre of the eyepieces, the facepiece is too small; if much below the centre, it is too large; if approximately central, the size is correct.

Examine round the edges of the facepiece, particularly under the chin, to ascertain that the facepiece is firmly on the face. (The wearer's chin must fit closely into the chin of the facepiece.)

Boots will be tied firmly together in pairs, and each boot labelled with No, Rank and Name of sender.

197. GAS TRAINING - Lesson No. 20

Gas alarms, restricted use.- Although all ranks must immediately take the appropriate action on hearing the sound of a rattle or the verbal warning "spray", a sentry will not immediately sound his own rattle and adjust his facepiece, or repeat the verbal warning "spray". He should be at once alert for gas and will sound his rattle or give the verbal warning "spray" when he recognizes the presence of gas. Failure to observe this rule may result in the unnecessary adjustment of facepieces by troops in an area of considerable extent, even though gas may be present in only a small part of that area. Consideration of wind direction may save much unnecessary disturbance to rest.

The u/m OR has been granted 4 days' leave as per dates shown, and will report to the Ord Sjt forthwith:-

iv. On relief (the guard commander should arrange this as soon as possible) carry out Part II of personal decontamination.

(b) Gas alarms when troops are at rest.- Troops at rest are highly vulnerable to gas attacks. It is the normal practice to post double sentries at night, and also by day when troops are sleeping. Point out that:-

i. In the case of gases other than spray.- The rattle may not wake heavily sleeping troops. One of the two sentries on each post must therefore enter billets, bivouacs or shelters and rouse troops as quickly as possible. Speed in the adjustment of respirator facepieces is essential when a choking gas has been used.

ii. In the case of spray.- When sleeping troops are under cover it will be unnecessary to take special steps to rouse them when spray has fallen provided the standing order that helmets, eyeshields, capes and boots are worn when leaving cover for any purpose, is enforced; the sentry will, however, give the verbal warning "spray" in order to warn any individuals who may be about in the open.

188. GAS TRAINING - Lesson No. 18

Gas duties of sentries, hostile smoke.- Gas may be used under cover of smoke; it is therefore necessary for hostile smoke to be treated as a war gas until it is proved otherwise. In the presence of hostile smoke, or when a hostile smoke cloud is about to envelop him, the sentry will act as in para headed "Gas duties of sentries, other than for spray." (When inside the cloud, the commander on the spot will give "gas clear" if he is satisfied that gas is not present, or that the smoke will not cause distress. Some screening smokes may be sufficiently irritant to make the wearing of respirators useful.)

177. GAS TRAINING

Lesson No. 16

(a) Removal of the facepiece.- When the commander on the spot is satisfied that there is no longer any necessity to continue wearing the facepiece, he will cause the words "gas clear" to be passed by word of mouth; all ranks will then test for gas and, if satisfied that gas is clear in their area, they will remove their facepieces and pass on the words "gas clear."

(b) Verbal warning "spray".-

(i) This warning is given when the immediate action required is Part I of personal decontamination. Therefore, the verbal warning "spray" denotes that blister gas spray has fallen.

CONTINUED ON SHEET 2.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(ii) Blister gas released from containers carried by aircraft, or by means of air burst missiles (e.g. air burst bombs and air burst shell), is classified as spray. From this form of attack there is no danger to the breathing passages and therefore the respirator plays no part in protection against it, but personal decontamination is necessary to minimize casualties among individuals contaminated by drops of this spray. The gas alarm in both these cases is, therefore, the verbal warning "spray."

(iii) Every individual in the open who hears the verbal warning "spray" will immediately carry out Part I of personal decontamination.

ORs' Billet Furniture

Cases are still being reported of damages to the washhand-basins of the ORs billets. More care will be exercised by all concerned, as such damages are avoidable.

The previous order on this subject is repeated hereunder for strict compliance:-

"It is observed that excessive damage is being caused by ORs using the shelves erected over the washhand-basins, in the billets, to hold heavy and large jars, bottles, etc. These articles are usually too big for the size of shelf and are therefore falling into the porcelain basins and damaging them. This practice will cease forthwith, otherwise the shelves will be dismantled."

Where too many applicants apply for the same period, date of last leave will be the deciding factor. Where no date is submitted, names will be fitted in to fill existing vacancies.

It is pointed out that this leave will be spread over a period of 3 months and owing to the restriction that not more than 5% of the Detachment will be on leave at any one time, dates submitted are very liable to alterations.

2563

Lesson No. 16

(a) Removal of the facepiece.- When the commander on the spot is satisfied that there is no longer any necessity to continue wearing the facepiece, he will cause the words "gas clear" to be passed by word of mouth; all ranks will then test for gas and, if satisfied that gas is clear in their area, they will remove their facepieces and pass on the words "gas clear."

(b) Verbal warning "spray".-

(i) This warning is given when the immediate action required is Part I of personal decontamination. Therefore, the verbal warning "spray" denotes that blister gas spray has fallen.

CONTINUED ON SHEET 2.

Declassified E.O. 12356 Section 3.3/NND No. 785021

(ii) Blister gas released from containers carried by aircraft, or by means of air burst missiles (e.g. air burst bombs and air burst shell), is classified as spray. From this form of attack there is no danger to the breathing passages and therefore the respirator plays no part in protection against it, but personal decontamination is necessary to minimize casualties among individuals contaminated by drops of this spray. The gas alarm in both these cases is, therefore, the verbal warning "spray."

(iii) Every individual in the open who hears the verbal warning "spray" will immediately carry out Part I of personal decontamination.

Sick Parade for ORs, effective immediately, will be at 0900 hrs.

Officers can visit the M.O. between 1000 and 1130 hrs, and by appointment.

Note:-
ORs reporting sick will do so to the Ord Sjt's Office, Albergo Genova, by 0830 hrs daily.

172. GAS TRAINING

Lesson No. 15 - Gas Rattle or shout of "gas".
(a) This warning is given when the immediate action required is the adjustment of the respirator facepiece. Therefore, the rattle or shout of "gas" denotes the presence of any gas other than blister gas spray.
(b) Every individual hearing the rattle or shout of "gas" will immediately stop breathing, adjust the facepiece and continue to work.
(c) Blister gas from ground burst missiles endangers, initially, the eyes and breathing passages. This is due to the shattering of a portion of the liquid gas into a fine mist which is dangerous. The immediate adjustment of the respirator facepiece is necessary if serious injury is to be prevented. The gas alarm in this case is, therefore, the sounding of the rattle or the shout of "gas". Subsequently, personal decontamination by those individuals contaminated by the liquid will be necessary to minimize casualties resulting from skin injury, and should be carried out with the minimum of delay.

173. OC's PARADE

All ORs of this Headquarters up to and including the rank of Cpl will be seated in the ORs' Dining Hall (Vacceri Restaurant) by 1315 hrs Tuesday, 6 Feb 45, for a talk by the O.C. (Subject Training).

ENTERTAINMENT COMMITTEE

The many comments made on the omission of a dance from the weekly programme at least shows that the efforts of the Entertainment Committee are of some value. A little constructive criticism would, however, be much appreciated.

All ORs are again reminded that anyone interested is invited to attend the meetings of this Committee.

The dates and place of meeting are published regularly in DROs.

The following extracts from GRO 19/45 are published for information and strict compliance of all O.Rs. of this Headquarters :-

(a) On admission to hospital a soldier will take with him his personal clothing plus his small kit, one blanket and greatcoat. A list will be prepared in triplicate, on A.F.H1157 by his unit, showing the items in his possession. If possible the list should be signed by the man.

One copy of A.F.H1157 will be given to the man, one will be placed with his kit remaining with the unit, and the third copy will be retained by the unit.

(b) If the soldier remains in hospital more than 21 days his kit (remaining with the unit) together with the copy of Kit List will be sent to the Base Depot.

(c) Only essential issues will be made by the hospital and these will be entered on the Kit List held by the man, and the Base Depot notified of these issues.

(d) In the case of Battle Casualties, only essential items will be issued by the hospital concerned, information regarding any issues should be notified to the Base Depot, and the man being provided with a copy.

Such personnel will then report to the Det. Ord. Sgt. who will make necessary transport arrangements to hospital in conjunction with the N.C.O. i/c M.I.Room.

It is stressed that to avoid delay, O.Rs. who know they intend to report sick will, on the night before sick parade, prepare their kit for handing in.

39. DISCIPLINE - LOSS OF KIT.

Owing to an increase in petty thieving, the following orders are published for compliance :-

1. It is pointed out that loss of kit of any kind is a chargeable offence. With effect from the issue of this order any O.Rs. reporting kit deficiencies will immediately do so in writing, stating full particulars, upon receipt of which the man will automatically be placed on a charge for loss by neglect. By Wednesday evening, 10 Jan 45, all present deficiencies will have been made up by the R.Q.M.S. and no excuse will be accepted thereafter for any deficiencies.

2. Any man who has suspicions against any doubtful character in the Detachment should report this fact personally to either the R.S.M. or the Provost Sgt. who will treat such information in strict confidence. It is essential that this be done to help prevent innocent individuals being punished and made to pay for loss of kit.

3. W.e.f. reveille Thursday, 11 Jan 45, all O.Rs. taking kit of any kind in or out of the Hotel Genova will register the article (s) with the O.R. or policeman on duty at the door. This particularly applies in the case of drivers, etc., going out on temporary duty.

27. PURCHASE TAX ON ARTICLES SENT TO U.K.

The following is published in conformity with GRO 1087/44 for information:-

The attention of all ORs is drawn to the list posted separately on the Unit notice boards, showing articles liable to purchase tax if such articles are sent to the U.K. (by post or other means) by members of the forces serving overseas.

It is stressed that parcels sent to the U.K. under the Duty Free Concession and which bear the special label Army Form W5192, are not subject to Purchase Tax.

28. FORGED CURRENCY

District Routine Order No. 11, S/N 1, dated 1 Jan 45, is republished hereunder for the information and guidance of all:-

1. Many arrests have been made in SOUTHERN ITALY for buying, selling and uttering forged currency notes. Several hundreds of such notes are still in circulation, the most common denomination being the 1000 lire Allied Military currency.
2. The method of circulating these notes is to sell them to agents at reduced prices or as a payment for illicit deals. Investigation into the activities of these gangs is the responsibility of the SQUADRA MOBILE, a branch of the QUESTURA.
3. The 1000 lire forged notes in existence are extremely good imitations, but may be detected by the following differences from an original:-
   (a) The paper is of poorer quality.
   (b) The printed matter on the back, i.e. "FREEDOM FROM WANT" etc., is indistinct.
   (c) The filigree work on the front, particularly in the corners, is smudged.
   (d) The words "one thousand" may be omitted from the front.
   (e) Forgeries made by a gang, recently arrested in CATANIA, have a composition of the following numbers, which appear as the first four numbers in the serial number "0415".
4. Forged 500 lire Allied Military Currency notes are invariably the work of amateurs who alter 50 lire notes by adding "0" thus putting the design out of balance.
5. Any counterfeit notes which fall into the hands of Allied Military personnel will be forwarded to the nearest DPM/APM for transmission to the SQUADRA MOBILE through SIB and Allied Commission channels for comparison and enquiry.

31. MT VEHICLE PARK

Owing to the increasing number of MT vehicles being stolen in the ROME AREA a vehicle park has now been organized for use by British drivers of this organization and is situated in the VIA ANTONIO ROSMINI, (first turning on the right past the GENOVA HOTEL, from the Central Railway Station). The park will be taken into use with effect from Tuesday, 9 Jan 45, subject to the following conditions:-

1. Only vehicles (this including motor cycles and requisitioned vehicles) of this unit, or on duty with this Headquarters, are to be parked in this area.
2. Vehicles will be parked between the following times ONLY, during which a Regimental Policeman will be on duty at the entrance and it is the responsibility of the Provost Serjeant to ensure that a R.P. is on duty during these times.

1200 - 1400 hrs
1730 - 2359 "

3. Every possible precaution will be taken by drivers against theft of or from vehicles by locking vehicle doors, the chaining and padlocking of steering wheels, etc.

The practice of immobilizing vehicles is not considered as a precaution against theft and will not be adopted.

(Daily Routine Order No. 706, para 5, refers).

4. It is pointed out that the purpose of the vehicle park being available between 1730 and 2359 hrs is so as to permit drivers on late duty calls to leave their vehicles unattended during these times only, and partake of any unit entertainment, or to remain in billets instead of going to and from the Super Garage and/or remaining with their vehicles until their officers return.
5. No vehicle will be parked or left unattended in the park after 2359 hrs.
6. No vehicles will be parked outside the Vaccari Restaurant or the Hotel Genova (ORs' billet, Mess) during the times laid down in para 2 above.
7. It is emphasized that this vehicle park has been arranged for the benefit of British drivers of this unit, or on duty with this unit, therefore on no account will drivers not on duty with vehicles use this park and the R.P. is authorized to check the work tickets of all drivers intending to use the park. A serious view will be taken of any abuse of privileges gained thereby.

(Daily Routine Order No. 706, para 5, refers).

4. It is pointed out that the purpose of the vehicle park being available between 1730 and 2359 hrs is so as to permit drivers on late duty calls to leave their vehicles unattended during these times only, and partake of any unit entertainment, or to remain in billets instead of going to and from the Super Garage and/or remaining with their vehicles until their officers return.

5. No vehicle will be parked or left unattended in the park after 2359 hrs.

6. No vehicles will be parked outside the Vaccari Restaurant or the Hotel Genova (ORs' billet, Mess) during the times laid down in para 2 above.

7. It is emphasized that this vehicle park has been arranged for the benefit of British drivers of this unit, or on duty with this unit, therefore on no account will drivers not on duty with vehicles use this park and the R.P. is authorized to check the work tickets of all drivers intending to use the park. A serious view will be taken of any abuse of privileges gained thereby.

13. CLOTHING ECONOMY

ACI 2109/42 is repeated for information and compliance:-

1. The measures ordered in ACI 375 of 1941 have not succeeded in eliminating waste of army clothing, which - with its consequent waste of shipping, manpower and money - is still a definite and serious hindrance to the nation's war effort.
2. Unit Commanders will take fresh steps to ensure that the above-quoted ACI is made fully operative.
3. Issues to soldiers in replacement of actual or alleged deficiencies in their kit, whether made free or chargeable against the soldier, will be carefully scrutinized to ensure that such issues are not used as a means of procuring army clothing for civilians. It will be made clear that this form of "Black Market" offence may involve both the soldier and the civilian concerned in severe penalties.

Voluntary purchases which would bring the soldier's clothing and necessaries in excess of the authorized scale, are forbidden.

14. DISCIPLINE

(a) Position of Soldiers under Sentence at the Conclusion of Hostilities
The attention of all ranks is drawn to the statement in the House of Commons regarding the above subject, which is posted as a Notice Board Information, and displayed on the notice boards at the Genova, Urbe and Vaccari Hotels.

(ii) Several ORs were also found to be deficient of kit. There can be no excuse for this, as the QM Stores is open for replacements and exchanges of clothing and equipment each Wednesday from 0900 to 1500 hrs.
(iii) ORs are also reminded that boots which are left in a dirty condition soon deteriorate in quality and become unserviceable. Any OR having boots in need of repair will hand same in to the Cobler's Shop at once.

817. BEER - RETURN OF EMPTY CONTAINERS

The following extracts from GRO No. 1059, S/N 51, dated 22 Dec 44, are published for the information and guidance of all:-

1. The issue of beer in this theatre is largely dependent on local production. The distribution of this local production is being prejudiced by the non-return of empty bottles and cases. If this state of affairs continues, the full capacity of local breweries cannot be utilized, and issues to the troops will be correspondingly reduced.

CONTINUED ON SHEET 2.

0893

Declassified E.O. 12356 Section 3.3/NND No. 758021

2. With effect from 1st January therefore issue of beer from EFI on a strict bottle for bottle and case for case basis will be rigidly enforced.

3. Where, owing to increases in strength, a unit's indent exceeds the number of bottles drawn at the last issue, indents will be endorsed accordingly and signed by an officer and EFI will meet the indent. In the event of a decrease in strength, units will return all bottles and cases and draw only the amount to which their strength entitles them.

4. It is recognized that there will be a wastage due to fair wear and tear. EFI will therefore make an allowance, when necessary up to 5% per issue, to cover losses due to this cause.

5. The above instruction is issued in the interests of all troops and will depend for its success on the co-operation of all concerned.

It will be possible to receive Holy Communion during the two Masses, and Confessions will be heard before and during Mass, although it is hoped that, in view of the very large numbers expected, those who wish to receive Holy Communion will do their best to go to Confession on Saturday or Sunday, and not wait until the Mass.

No tickets will be required and as the two transepts are being reserved for the military there should be room for all.

The Basilica will be open at 2200 hours and the Midnight Mass will be broadcast to the world.

SOLDIERS' ART

A continuous exhibition of original art and craft work, open to all ranks in Rome Area Allied Command, will be arranged in the Art Exhibition Rooms, Rome, immediately after Christmas. Work intended for this exhibition may be submitted to the Education Office at any time, and may be withdrawn from the exhibition when desired.

Vehicle Parking.
Sidewalks in the city of ROME will not be used for parking vehicles, except at certain entrances to hotels and other places which may be approved and marked by the Provost Marshall.
NOTE : In effect to this H.Q., this applies to vehicles parked outside the Vaccari Restaurant.

772. ARMS.

Reference D.R.O. No. 760 dated 8 Dec 44.
O.Rs. who have not yet handed in their rifles and bayonets are reminded that they must do so before 1800 hrs Wednesday, 13 Dec 44.

773. SOLDIER'S SERVICE & PAY BOOK - AB 64 PARTS I & II.

All O.Rs. must be in possession of AB64 Parts I & II, and every care will be taken to preserve them. Any soldier not in possession of either will report to the British Orderly Room immediately.
The following orders in respect of AB64 Parts I & II are repeated for information and strict compliance of all concerned :-

(a) Identification - O.Rs.
AB64 (Parts I & II) provides the soldier's only means of identification. Many troops stationed in ROME are unable to produce either of these when called upon by C.M.P. to do so.
Therefore no O.R. of this Headquarters will leave billets for any reason unless he is in possession of AB64 (Part I or II).
If for any reason it is essential for any O.R. to hand in his AB64 before leaving billets a certificate, signed by the O.C. British Detachment, stating the circumstances, will be given to him.

(b) Next of Kin - Amendments to AB64 Part I.
In conjunction with ACI 667/44, the following is laid down for all O.Rs. of

Declassified E.O. 12356 Section 3.3/NND No. 785021

The following is published in conformity with R.A.A.C. Daily Bulletin number 163 dated 9 Dec 44 :-

Curfew.

Curfew for Allied Troops will be suspended on Christmas Eve, night of 24 - 25 Dec 44 and New Years Eve, night of 31 Dec 44, and 1 Jan 45.

Vehicle Parking.

Sidewalks in the city of ROME will not be used for parking vehicles, except at certain entrances to hotels and other places which may be approved and marked by the Provost Marshall.

In conjunction with ACI 667/44, the following is laid down for all O.Rs. of this Headquarters :-

Any alteration in the particulars of the next of kin will be reported immediately to the British Orderly Room.

Such alterations will then be made by the soldier concerned in his AB64 Part I under the observation of the O.C. who will initial the new entry.

(d) Duty-Free Labels.

Other Ranks of this Headquarters are in the habit of leaving their AB64 Part I with the Orderly Room duty clerk requesting an issue of Duty-Free Labels, with a view of collecting same at a later date. This practice is most irregular and will cease forthwith.

It is pointed out that A.Fs.W5192 are signed by an officer and the labels must be signed for by the recipient.

The previous order on this subject is repeated hereunder for strict compliance.

"Duty-Free Labels are obtained from the Orderly Room between 0830 and 0900 hrs daily and personnel will produce their AB64 Part I when applying for same."

747. AIR LETTER ISSUES.

With effect from 17 Dec 44 the number of Air Letters which may be despatched by Service Personnel of British, Dominion and Colonial troops ceases to be rationed. This ruling applies to all destinations to which air letters may be despatched under existing regulations. The privilege and regulations of air letters being despatched with the endorsement as for ordinary Green Envelopes, remains in force.

However, some time will elapse before supplies of air letters in sufficient quantities can reach this theatre. To ensure equitable distribution over this period, units are restricted to a total issue of 3 air letters per officer or man per week, but as soon as supplies permit, this restriction will be removed.

748. DISCIPLINE - DAMAGE TO OLIVE GROVES.

No. 3 District Routine Order number 353 dated 1 Dec 44 is repeated hereunder for the information and strict compliance of all concerned.

Serious damage is occurring to olive groves, especially in the South of ITALY, by passing troops. It is reported that branches have been cut from the trees and used as camouflage for tents and vehicles.

ITALY is badly in need of oil and its olive groves must be protected in order to obtain the maximum output of oil.

Camping in olive groves will not in future be permitted and disciplinary action will be taken against any person found damaging the trees therein.

Interviews

The u/m NCO will parade outside the HQ Commandant's office at 0845 hrs Tuesday, 28 Nov 44:-

No. 5886825 W/Sjt Ley J. Northants.

705. BOUNDS

RAAC Routine Order No. 305, S/N 22, dated 21 Nov 44, is republished hereunder for the information and guidance of all:-

"The hutted encampment known as Campo Parioli (MR 7370) near the PNF Stadium is OUT OF BOUNDS to all ranks".

706. M.T. DISCIPLINE (GUARDING OF WD VEHICLES)

The following is published in conformity with CRO 113/44 for strict compliance of all concerned:-

1. Numbers of WD vehicles continue to be lost through being left unattended, contrary to the orders in force. In many cases the vehicles were immobilized, but this was not sufficient to prevent determined thieves from stealing them. Many thefts of property from unattended vehicles have also been reported.
2. In future, therefore, WD vehicles (including motor-cycles) will never be left unattended, except:-
   (a) when essential on operational grounds,
   (b) on account of other urgent necessity,
   (c) in circumstances in which immobilization has been authorized.
3. When on duty, it is the driver's responsibility to ensure that arrangements are made for his vehicle to be safeguarded at all times.
   He must ensure that any car park or DR's motor-cycle park in which he leaves his vehicle is officially authorized and guarded.
4. The Military Police will not be used to guard vehicles of units other than their own. The duty at "car parks", etc., is to control traffic and the parking of vehicles, and the fact that they are present does not absolve any driver from his responsibility for safeguarding his own vehicle.
5. The practice of immobilizing vehicles often leads to mechanical inefficiency and damage.
   This method of safeguarding vehicles will no longer be used, except by officers permitted to do so under para 7 below.
6. Disciplinary action will be taken against drivers who leave their vehicles

274. TRAFFIC DISCIPLINE (WET ROADS).

The attention of all drivers is drawn to the potential danger of bad skidding conditions on the roads of this theatre during wet weather.

The necessity of observing the utmost care at all times is stressed.

275. MEDICAL - INFECTIVE HEPATITIS (JAUNDICE).

There has recently been a noticeable increase in this disease which may be the fore-runner of a serious epedemic. The cause of the disease is as yet unknown but it is thought to be a virus infection which is spread by nose and throat "droplets", for instance, on drinking cups, glasses and so forth, and possibly through the agency of flies.

Overcrowding in billets, poor ventilation during sleeping hours, chill, physical strain and any conditions liable to lower resistance are predisposing factors.

The following preventive measures therefore will be strictly complied with by all concerned :-

(i) Glasses, in all messes etc., will after each time of use, be dipped and well rinsed in a strong solution of Water Sterilizing Powder (One teaspoonful of WSP to a bucket of water), and thereafter washed in drinking water. The WSP solution will be replaced with fresh solution every hour of use.

(ii) All mugs and cups, and other food utensils will be washed and sterilized by the 3-container method.

(iii) Cookhouses, messes and food services generally will maintain the highest hygienic standards at all times.

(iv) Every effort will be made to exterminate flies.

(v) O.Rs. dining at the Vaccari Restaurant will use their own messing utensils, and keep them scrupulously clean and sterilized after use.

NOTE: There responsible for all messes can draw supplies of "WSP" from the Q.M. Stores.

658. DISCIPLINE

The u/m orders re the ORs' billets are republished for strict compliance of all concerned:- 2458

Locking of Rooms (From reveille till "lights out")
Owing to several cases of petty thieving in the ORs' billets, all rooms of the Hotels Vaccari and Genova willbe locked before leaving for duty, or when a room is left unattended. The last man to leave his room will lock the door and hand in the key to the duty policeman who will replace it on the key rack.

From "lights out" till reveille.
It is essential that keys of all bedrooms in the Genova and Vaccari Hotels are left hanging on the hooks provided outside the door at night-time, when the occupants are asleep. In the cases where keys are not provided, the door may be closed but not locked on the inside. This is to facilitate an easier roll call at night, and if it is impossible to open the door the occupants either have to get up out of bed and open it, or be booked absent.

543. DISCIPLINE (GENERAL)

The following are extracts from a letter on "General Discipline" received from RAAC, and the importance of bearing in mind all points mentioned is emphasized to all ORs of this Detachment:-

(a) Absentees

The number of absentees picked up in Rome Area during the last few weeks has been considerable. The co-operation of all ranks is necessary to ensure that Rome shall not become such a hot-bed of desertion-crime as have other cities. Before giving lifts to service personnel, it is the duty of all ranks to satisfy themselves as to their bona-fides.

(b) Theft of Vehicles

The loss of W.D. and requisitioned vehicles in the future will be even more severely dealt with.

(c) Unauthorized Lifts to Civilians

This has resulted in known enemy agents quite easily getting about the country, and so more easily securing valuable information. Civilians may only be transported when in possession of an authority signed by an officer.

(d) Thefts from Vehicles

It is emphasized that when anyone besides the Dvr is travelling in a truck, that person shall always be in the back of the vehicle to safeguard its contents.

(e) Thefts from Quarters

ORs are reminded not to leave odd articles of clothing and personal belongings, etc., about. Prevention is better than cure.

(f) Dress, Saluting & Bearing

It is particularly desirable that in the Capital City of Italy representatives of the British Army shall set the highest example. There are still too many lapses and the fullest co-operation of all ranks is expected to maintain the high standard of bearing on which the British Army has always prided itself.

(g) Passes

All ORs are reminded that they must be in possession of a pass issued by their unit, authorizing their presence in Rome.

544. PRIZE COMPETITION (RAAC)

Ref DRO 422 dated 29 Sep 44.

Competitors are reminded that entries must be submitted to the British Orderly Room not later than 9 Nov 44 for onward transmission to British Army Education, Rome Area Command.

Winning entries will be published, exhibited or broadcast on British Forces Radio.

At a Rest Camp the cost of plates and cutlery pilfered over a period of four months was fifty-nine Pounds. In one Welfare Centre alone damages and breakages over a period of two months amounted to over one thousand Pounds.
2. It is pointed out that appreciable sums of money, which should be devoted to further improving the amenities at such centres, have to be used to defray the costs of replacement. In addition it is difficult, and in some cases impossible, to replace the losses.

REPORT ON CONDITIONS IN ENEMY OCCUPIED ITALY-NO 27.

SUMMARY

RESISTANCE

Patriot Activity.

The general rising in N. Italy and the general offensive on the part of the partisans has still not taken place. On the other hand reports continue to come in of the growing strength and daring of the different bands. In the OSSOLA valley, while German SS succeeded in retaking and sacking CANOBBIO, it seems that the Fascists are abandoning the N.W. shores of LAGO MAGGIORE. The Germans are making determined efforts to clear the AUTARET Pass in the VAL DI VIU, but so far have achieved no result in return for heavy losses.

From many widely separated points such as the PARMA, VENETO, CARNIA and LIGURIA regions, come similar reports of German punitive expeditions which, after bitter fighting and heavy losses succeed in dispersing the patriots, only to see the districts re-occupied by the partisans when the invading columns retire.

A typical battle has been fought in the region of the MONTE GRAPPA, where the Germans are said to have lost from 1000 to 2000 casualties against the patriots 400.

Sabotage.

Since the allied landing in France, the line from TORINO to BARDONECCHIA (VAL DI SUSA) has been sabotaged daily. Concetto PETTINATO, editor of the Stampa, published a very frank article on the widespread destruction caused by the patriots to bridges, dams, power stations, cables and railway lines.

FASCIST FORCES.

A Black Brigade is reported in MASSA, under a ruthless Fascist Major Mauro PALADINI. These thugs have behaved abominably towards the population.

It is reported from MILAN that the city is controlled by some Muti battalions and elements of the Flottiglia MAS, and Compagnie della Morte. These men are well armed, mostly do police work for the Germans, and their morale is fairly high.

A certain Lt. Col. Rossi is head of the provincial command at MODENA and

A certain Lt. Col. Rossi is head of the provincial command at MODENA and is well known for his pro-German, and pro-Fascist sympathies.

Important military commands, such as those of the Milizia, G.N.R. etc, have been transferred to BRESCIA and the Fascist armed forces are strong in that city.

Precautions are being taken at PADUA in case military considerations should make it necessary to flood certain areas in the PO valley, and men between the ages of 16 and 60 have beencalled up to carry out the dismantling of the right embankment of the river in this zone.

Black Brigades. On September 20th it was announced that a special Black Brigade was being formed of officials from Italian ministries commanded by PELLIGRINI, Minister of Finance.

SUMMARY 2.

The COMO and VICENZA Black Brigades carried out what were reported to be successful mopping up operations against partisan bands in these areas.

Criticisms of Fascist Republican Army Swiss reports indicate that of the Italian troops training in Germany only two divisions- the San Marco and the Monte Rosa have returned and that neither have been used on the anglo-american front. The Fascist Army is thus believed to be much smaller than was previously stated and return of Italian troops from Germany has been suspended.

Farinacci recently criticised the fact that the Italian divisions were kept in reserve and not used at the front, as prolonged inactivity was bad for morale.

Other news of the army and navy includes reports that the Italian navy is operating along the Ligurian coast, under German command, that the Germans are keeping a watchful eye on Italian pilots to try and prevent them from deserting to the partisans; a story is reported of an accidental clash between units of the Folgore Division and the 10th MAS Flotilla near INTRA; officials of the Public Security Police in MILAN have been publicly accused of corruption; the Italian cruiser "Taranto" is reported badly damaged by a direct hit in LA SPEZIA harbour, and more details have been given of the torture chamber operated in MILAN by the infamous KOCH and his gang of criminals.

GERMANS

Large contingents of German troops are reported in PIACENZA, FIORENZUOLA D'ARDA and FIDENZA, also in MODENA, where there are a number of armoured units and in LANGHIRANO. In BRESCIA and ALESSANDRIA, on the other hand, there are comparatively few.

Reports of German preparations for the evacuation of Italy continue to come in. Preparations have been apparently made for giving news of impending withdrawal by means of the playing of certain music on the wireless. All transport facilities are being commandeered by the Germans for the removal of plant and machinery; they are reported to be moving towards VERONA, as the Stelvio pass is already snowbound. Petrol is said to be scarce, and all available supplies are being sent out of the country in the direction of the BRENNER; in addition to which the plant from the refineries in TRIESTE, SESTRI PONENTE and BOLOGNA is being rapidly removed. Orders given, however, to German civilians in MILAN to evacuate have apparently been temporarily suspended, owing to the lull in the military situation. The situation in TURIN appears to be very confused.

Morale. Among older German soldiers morale is reported to be low, although discipline and the force of habit keeps them at their posts. They have little in common with the fanatical young Nazis and the SS are hated by all German troops, who are made to suffer for their atrocities and appalling behaviour to civilians. The cleft between the SS and the Wehrmacht is reported to be widening Morale among Austrian officers is said to be very low.

Atrocities. Further unbelievable cruelties to Jews are reported from MEINA, a

Secret Weapons. Frequent rumours are in circulation regarding possible German secret weapons, which are said to include a new torpedo on the lines of the V.I.

ALLIED PROPAGANDA.

Radio Londra appears to be most popular and most easily received programme. Reports to this effect come from MODENA, BRESCIA and MILAN. There is still demand for news of liberated Italy in the form of leaflets, and only from BRESCIA has any report of the receipt of our leaflets been heard.

SUMMARY 3.

POLITICS.

In MILAN the best organised parties are the Communists and Party of Action. In ALESSANDRIA the Liberal Party is also very strong.

Attempts are being made on the part of fascist propaganda in TURIN to discredit the BONOMI government, which is declared to be incapable of obtaining anything for Italy from the Allies.

Mussolini has presided over several cabinet meetings, during one of which discussions were held as to future policy on the retreat of KESSELRING's troops from Italy.

Fresh dissensions in the Fascist party are reported, including an attack by FARINACCI on PAVOLINI.

A recent issue of the fascist paper "Popolo di Alessandria" was confiscated on account of a very frank article by GRAZIANI on the patriot movement, in which he openly admitted that stimulus was given to the partisans' activities by the growing hatred of Fascism and the Republican government on the part of the people in general.

ECONOMICS.

Food Situation In MODENA the Black Market exists, but prices are extremely moderate, whereas in ALESSANDRIA it flourishes and there are signs of inflation. In MILAN, in spite of all efforts to check it, it still increases, encouraged by the Germans. Rations which should be distributed to the populace are kept back by shopkeepers and sold to their wealthy customers.

Industry It is reported that machinery of the ANSALDO factory of GENOVA has been transferred to the VAL SERIANA, 26 km east of BERGAMO.

Italy is to continue to receive coal from Germany this winter.

Transport. The Germans continue their efforts to keep the bridges across the PO working, in spite of Allied attacks on them.

Air Raid Damage. According to all reports BOLOGNA has suffered heavily from Allied raids, and the food situation there is said to be extremely difficult.

At MODENA the wrought iron factory, the Fiat works, the Maserati (Candele) works and the OCI motor works are reported destroyed.

LABOUR.

LABOUR.

Strikes Railwaymen have gone on strike in TURIN, in an attempt, it is said, to paralyse German attempts at evacuation. In MILAN they have succeeded in obtaining concessions of wages and a recent series of strikes round LAKE MAGGIORE are also reported as successful.

CHURCH

Fascist radio lays stress on the fact that the church continues to hold its services everywhere in spite of allied raids, taking up temporary quarters in tunnels and air raid shelters.

PRESS.

In ALESSANDRIA, MODENA and BRESCIA the Committees of Liberation put up posters and distribute leaflets in opposition to the Fascist press, and in DOMODOSSOLA, recently captured by the partisans the first anti-Fascist paper Liberazione has been published openely.

REPORT ON CONDITIONS IN ENEMY OCCUPIED ITALY - NO 27.

This report does not in any way represent the political view of the compilers, but is an effort to present an accurate picture of conditions in enemy occupied Italy, and of the state of public opinion there, compiled from Italian eye-witness accounts and other information. ALESSANDRIA Two brigades are active here - the Brigata CONTI and the Brigata CORNERO. The CONTI Brigade is commanded by the ex-infantry captain Conti, who declares himself to be apolitical. His men are inclined to be Communist (70%), except those from Sicily and Sardinia. This brigade works in conjunction with
(1) 40 men at CASTELLAZOO, armed with 47/32, one mortar 81, two machine guns, rifles and pistols.
(2) 40 men at VIGUZZOLI, with one 81 mortar, two machine guns, rifles and pistols.
(3) 120-125 men with one mortar 81, mortar 45, one Fiat 14, 3 machine guns. This group fights on the two bridges of the Scrivia.
(4) With about 60 men at CASTAGGIO. This group needs arms, so they have not been able to act effectively (up to date ie. 15.8.44) On 4th March they suffered a mopping-up operation by the Italian SS and two companies of Bersaglieri at ODALENGO (ASTI), when about 60 dead and about 120 wounded were suffered on both sides.

The CONTI Brigade lives on what they take from the population, but leave tickets issued by the C.L.N. At NOVI LIGURI there are about 200 men who belong to the brigade, but who live at home and are only armed with what they can lay hands on, pistols and rifles.

The CORNERO brigade is an armed organisation consisting of about 800 men commanded by Ten. Col. Cornero.
(P.W.B. Florence 15.8.44 R.P.).

BRESCIA. In the spring of 1944 two brigades were formed the "LIONESS" Brigade, and the TITO SPERI Brigade. These two brigades operate in the High TROMPIA Valley. The second brigade took its name as a tribute to Tito Speri, the patriot hero of Brescia. The patriots here are in frequent communication with those of VAL CAMONICA and of the Province of TRENTO. The G.P.A. are also very active; not a day passes but some fascist or spy is brought to justice. In every factory groups are established for the defence of the factory, and will come into action

Arms are not wanting, as Brescia is the principal armament city of Italy. The number of arms taken from among those destined for the Germans is considerable (P.W.B. Florence).

MODENA Acting on orders from the C.L.N. of Modena are partisan bands in the area of the Modenese Appenines. At ZOCCA, and MONTEFIORINO are nuclei with communistic tendencies; they are the best armed and equipped. In the region of SESTOLA a group which belongs to the Party of Action is working. There are about 6-800 partisans altogether and their numbers are constantly increasing. There is a special agency for recruitment which is responsible fo the C.L.N. It is provided with money and arms by the Allies.

In the month of March German forces attempted a mopping up movement in the area of MONTEFIORINO, where the main group works. This action had no result, although the village of MONTEFIORINO was razed to the ground.
(P.W.B. Florence 15.9.44).

MILAN The people of MILAN help the patriots in the surrounding districts as well as they can - giving them hospitality and food. The C.L.N. has organised a lorry service which takes supplies to the distribution centres. Most of them arrive.

The patriots were formerly helped by arms etc. dropped by the allies, but lately they have felt rather neglected, as attention has been concentrated on helping the patriots of central Italy. They need tommy guns, not rifles. The nazi-fascists maintain a defensive attitude and rarely attack unless they are certain of being able to surround the area in superior numbers.

In Milan the name of PORTER PASSAVALLI GIANCARLO is much honoured. For a long time he led a band of patriots and died fighting with them. The people of ERBA, near where he fought, honour his grave in spite of a guard placed there by the nazi-fascists.

In the city itself patriot activity consists in the organisation of clandestine press and distribution of leaflets. Women too take part in the latter and also act as messengers.

Many families shelter Allied PW in spite of large rewards offered for their recapture.
(P.W.B. Florence)

COGNE At least 2000 Carabinieri with their officers form a well-organised band in the area of Cogne (H-9389). They could assemble 3000 more men, all excellent regular soldiers, and the group could be used for effective work against enemy troops in the VAL D'AOSTA. They are in need of heavy arms and explosives.
(Confidential Source 20.9.44).

PELLICE Valley Despite the recent mopping-up operations in the PELLICE valley (H-6503), patriot bands are still intact and are ready to descend on TORINO. Some 900 men are ready for this operation. Others, now dispersed, are to join in the attack later. A squad of saboteurs, under the leadership of one of the men from this band, has been detailed to operate on all rail lines entering and leaving TORINO. MONTE GRAPPA A bitter fight took place for several days in the area of MONTE GRAPPA, where strong groups of nazi-fascists fought for the control of the bastion sacred to the memory of the last war against the Germans. The enemy attacks were held and repulsed many times, in spite of enormous numerical superiority of the nazi-fascists. The results of the battle cannot be calculated by the amount of ground gained, but by the respective losses. The enemy lost at least 1000 men and many motor vehicles, some sources put their casualties as high as 2000. The patriots lost about 400 men and 3) prisoners who were executed on the spot.

TRENTO The GRAMSCI brigade, working near CASTELLO TESINO, in the province of TRENTO, about a week ago conquered an enemy position, capturing 55 Germans. Further north an encounter took place on 11th September, during which 55 of the enemy were killed. Some patrols of the same brigade killed 12 Germans and took 24 prisoners on the 7th and 12th September.

Sabotage

From the day of the Allied landings in France, the railway line from TORINO to BARDONECCHIA/ the line through VALLE DI SUSA (H.6040)/ has been subjected to daily sabotage. The electric lines are unserviceable because the high tension lines from the high valleys have been completely interrupted, and the enemy can only use steam traction.

During the period between 5th August and 9th September patriots made 21 interruptions on the line by the use of mines, blocking stretches of track up to 300 metres in length. During the same period they also destroyed eight electric locomotives, damaged three electric locomotives and set four loaded box-cars on fire.

Also during the same period patriots used mines successfully to interrupt Route No 25 at eleven different places. 19 attacks were launched against troop trains and aut. convoys but enemy losses have not been ascertained.

IVREA Reliable sources report that the partisans seized the German Commander of Ivrea, who is considered as a hostage. Col ALFIERI, Commander of the Blackshirts in VOGHERA, has beenkilled in action. The Wehrmacht is taking severe reprisals for the successes of the partisans. In BARGE, PIEDMONT, 58 village houses were completely burned and the locality pillaged. The village of BARNOLO met the same fate. The Luftwaffe attacked the villages of VENASCA, BROSSASCO, MELLE and SAMPEIRE, in PIEDMONT, causing casualties.

MILAN Exchange of Hostages. An important exchange of hostages is reported to have taken place recently. The wife and niece of the Commander of the German Garrison in MILAN were exchanged for 12 partisans.

Pettinato's Frank Admission on Importance of Partisan Activity

The editor of the Stampa, PETTINATO, published a remarkable article, clearly showing the importance of the partisans' activity. Citing his prophecies made in February on the destructions which would follow the Germans' retreat, Pettinato said that there had still been reason to hope that the Allies would never reach ROME, and that it would be possible to prepare the defence of the rest of the country. Instead, however, the Italians had continued to wait for the Allies, even helping to pull down the last defensive walls. "They destroy bridges, dams, blow up power stations, cut electrical cables, tear up rails and signal to enemy airmen". Never in history had people given such proofs of foolishness. Power stations, employing 900,000 men, metal factories, and 10,000 textile factories were damaged or destroyed, irrespective of future economic and social repurcussions. The bread supply was sabotaged and the cattle, which were very necessary for the town dwellers, were driven to the mountains to the partisans. Nobody in German-occupied Italy believed Fascist reports on the tragic situation in the Allied-occupied provinces, unreservedly believing them to be the inventions of Fascist propaganda.
(Neue Zurcher Zeitung 25.9.44).

Food for liberated zones.

The Swiss Red Cross Commission, headed by MUSSE, delegate for Italy, arrived at DOMODOSSOLA station on September 22nd, accompanying the first consignment of food for the inhabitants of the liberated zone. Musse promised the local authorities further consignments with special relief for children. Following the arrival of the Swiss Red Cross train, children and normal consumers will be entitled to a daily ration of 800 g of potatoes and adult workers will be entitled to 1,200 g. There has also been a distribution of tinned milk.
(Libera Stampa 27.9.44).

MASSA. The Fascist "Black Brigade" is reported billeted in a huge building, which actually is two large buildings, with a red-tile roof. This brigade was organised and is headed by one Major MAURO PALADINI, of MASSA, described as a most ruthless Fascist. Paladini and his men are "credited" with having tortured hundreds of civilians in order to extort information. They serve as "stooges" for the German command and decide reprisal measures on the civilian population. The "Black Brigade" has a shoulder patch bearing two "M"s meaning "Mai Morte" - Never Die.

MILAN There are some battalions of the MUTI and of the Flotiglia "MAS" and Compagnie della Morte, well armed, thanks to the Germans and increased in numbers by influxes of refugees from the south. They do mostly police work - even executions - and are looked upon with dislike by the populace in general. Arms consist mostly of hand grenades and machine guns. With the Germans behind them they make life very difficult for the patriots, and even for peaceloving citizens. The morale of these troops is comparatively high because they have nothing to lose and feel themselves masters of the situation. But the divisions of young men who answered the call-up or were made to do so, are a very different matter. Their morale and efficiency can be imagined. There are thousands of men in MILAN who have escaped from the army or military hospitals and who are hiding in convents or hospitals or private houses.

IV. Weakness of the Army and Critisisms

Since the third week in July the return of Italian troops trained in Germany has been suspended and reports received in Chiasso indicate that the Fascist Army is much smaller than previously believed. Instead of five only two Italian divisions returned, the "San Marco" and the "Monte Rosa". The latter, which is weakened by desertions, is no longer used against the partisans. Neither of these divisions have appeared at the Anglo-American front. Only certain detachments of the "Folgore" Parachutist Division and the "Littorio" Infantry Division have returned to Italy, the remainder still being in Germany. The "Italia" Division has not even yet been formed. The "Alpine" Division and the Mussolini Division are still in Germany.

V. German Control of Fascist Forces.

Italian Home Service 21.9.44 quotes a letter sent by the Admiral Commanding the German Navy in Italy to Admiral SPARZANI, Under Secretary of State for the Fascist Republican Navy, congratulating the latter on the bearing and successes of the Italian officers and men of the special craft which have been operating along the Ligurian coast during the last few weeks under German command.

It is reported that the Germans are now keeping a careful watch on Republican Fascist pilots suspected of wanting to leave their units and join the patriots before it is too late to redeem their honour. Pilots at the TRENTO airport are now confined in the airport area and are guarded by German troops. (P.W.B. Special Section).

VI. Fascist Forces Clash with each other.

Units of the "Folgore" Division attempted to contact partisans near INTRA. Instead they were cornered by the 10th MAS Flotilla Battalion, which was also seeking the partisans. The two Republican forces did not recognise each other and opened fire. The fight lasted half an hour, resulting in four deaths for the "Folgore" Division and two for the MAS Battalion.
(Popolo e Liberta, Bellinzona 19.9.44).

VII. Milan Police Officials charged with corruption.

Repubblica Fascista reports that the officials and agents of the Public Security Police are guilty of large-scale corruption. After enquiries had been made the Commissioner, Francesco RUSSO, Chief of the Public Security Police at (?GRECO), the Commissioner VITO SANSONE, and the Vice Commissioner VINCENZO PETRUCCI, both chiefs of the Porta Vittoria office in MILAN were arrested, with various minor employees and agents.

When he was in Rome he created a model prison with his own "scientific" methods of cross examination conducted in the torture chamber of Via Tasso. With the Allied advance Koch left, first for Florence and then for Milan, where his HQ at No 1 Via Paolo Uccello, has been converted into a small fortress with underground cells and an up-to-date torture chamber.

Koch's gang originally consisted of 32 members including a few women. The most prominent are Milita Captain MARIO CARITA, the film actor OSVALDO VALENTE, the film star LUISA FERIDA and a man calling himself the "Duke of Toledo", all cocaine addicts.

X. Dispositions.

Large contingents of German troops have been noticed in PIACENZA, FIORENZUOLA D'ARDA and in FIDENZA.

From the 6th to the 10th August 1000 railcars went from the BRENNERO to VERONA and 672 from TARVISO to VERONA. They were carrying gasoline, oil, munitions and reserve troops.

BRESCIA. There are not many German forces in the city except the Command established in Via Francesco Crispi in the Ex-Command of Division buildings and one or two fixed Commands such as the OT.

Fortifications. In the pre-alpi bresciane the work of fortifying has been carried on intensely for many months. A line of fortifications which begins at the Swiss frontier, passes immediately north of Brescia, crossing Lake Garda. As mines are constantly heard exploding it is possible that they are preparing positions in caves.
(P.W.B. Florence R.P. 11.9.44).

MODENA. In the barracks of the ex 6 Campale in Via Emilia there are largish German armoured forces. The Todt organisation has an HQ in the ex concentration camp for british officers (via Nonantolana).

In the province of Modena from GIUGNO onwards there are strong concentrations of German troops, especially in the area of Modena to the Po.

The morale of the picked German troops such as the parachutists is high, but that of the others is very mediocre. Relations between Germans and Fascists are anything but cordial.
(P.W.B. Florence, 15.9.44).

ALESSANDRIA.

In the ex G.I.L. building near the Tanaro is the HQ of the 93rd German Army Corps. In the Citadel (south west side) there are about 40 men. At NOVI LIGURE there is a German infantry platoon to supervise the battalion of Italian Bersaglieri. At TORTONA there are about 90-100 infantry in the Passalacqua barracks, in the Orsi barracks and in the Central Hotel.

The preliminary signs of the imminent evacuation of northern Italy by the Wehrmacht are visible today. The Germans are running short of petrol and are evacuating factories and stocks across the Alps. All the petrol in TURIN has already been evacuated via MILAN in the direction of the BRENNER. Equipment belonging to the SESTRI PONENTE and BOLOGNA synthetic petrol factories has been transported to Germany, and that of the TRIESTE refineries is in process of being evacuated. While rail transport is naturally inadequate in order to ensure the food supply of MILAN the newspaper Repubblican Fascista complains that lorry services have also turned out to be insufficient.
(Tribune de Geneve 18.9.44).

On September 9th an order to the German civilians in MILAN was given to be ready to leave for Germany. It seems that the German consul of MILAN had prepared to withdraw all the capital of the consulate in the Banco di Roma. Later, the German Command having decided that the removal of German Commands from the zone of MILAN was premature, seeing that operations on the Gothic line were not so unfavourable, the German Consulate redeposited its capital (this time in the Reichskreditbank di Milano).
(Italian Official Source 25.9.44).

General RAUSCH, who went to Berlin for this purpose, has ordered the preparation of 6000 waggons for the removal of all the requisitioned material in Italy to be brought to the Reich.
(Official Source - Italian - 19.9.44).

The situation in TURIN remains very confused, but there are further indications that the Germans are preparing for evacuation. VON KLASS, Chief of the German Commend in TURIN and VON LANGEN have left for Germany this week. Two companies of German saboteurs are reported to be in TURIN with the task of destroying factories. German police and signals personnel are reported to be leaving. Source sending this information warned that it should be treated with reserve owing to the general confusion of the situation.
(P.W.B. Special Service 28.9.44).

The Germans are reliably reported to be removing one complete track and overhead electric equipment from UDINE-TRIESTE line for transportation to Germany.

XII. Morale.

A man who crossed the frontier into Switzerland from the AOSTA valley had the following conversation with a 50 year old German soldier: Asked whether he thought that his cause was lost, the soldier replied "On the day, several months ago, when the Italian soldiers flatly refused to obey me, looking me straight in the eyes, I realised that the wind had decidedly changed". Asked whether he thought of surrendering, the soldier replied "Not yet". Both he and his comrades who shared his completely isolated life were obviously tired of the war, but kept their sense of military honour. "We shall wait until we are attacked". Both he and his comrades who shared his completely isolated life were obviously tired of the war, but kept their sense of military honour. "We shall wait until we are attacked". In their isolated refuge, they had collected enough provisions to hold out, but they felt their insecurity increasing. Invisible enemies had already killed several of them.

Without being asked they gave their opinion of the SS in a tone which revealed their anger and reprobation. The SS in this region, as elsewhere, specialise in pillage, arson, breaking into villages and farms, requisitioning food, firing on houses and removing hostages after killing some unfortunates. After they have gone, small groups of the Wehrmacht have to suffer the fury of the population. As a result, soldiers who are not in the force and who witness impotently these incursions, fear them as much as the peasants themselves.

The cleft between the Wehrmacht and the SS is widening and, according to certain reports, this is so not only in certain regions, but all over the country. The 50-year old German soldier has nothing in common with the SS man aged 18 to 25.

German divisions on the Italian front have been told to hold on because new arms that would revolutionise the war would come into use on 1st October.

A Fascist leader says that the German secret weapons include a fast airplane, a flame thrower with huge [illegible], and a very powerful explosive, and a small and fast submarine.

(P.W.B. Florence).

RECCARO When a German was killed by Partisans in the neighbourhood of RECOARO, the Germans gave the inhabitants two hours in which to supply them with the names of the perpetrators. As this was ineffective, the Germans shot several people and set fire to part of the town.

TRIESTE A time bomb was placed in an NCO's club and exploded, killing five Germans. As a reprisal the Germans hanged the porter and two cloakroom attendants of the club and forty-eight other hostages.

Jewish patients from the REGINA ELENA hospital were taken, naked, to the grain elevators near the central station and left there with very little food and no one to look after them. The chief doctor at the hospital, DR. OLIANI, protested against this barbarous act and was arrested and deported to Germany.

The German parties who made this experiment left for an unknown destination 48 hours afterwards.

BRESCIA. Everyone listens to the radio, and Radio Londra is preferred. Such transmissions should be given (according to source) at 13.30, 20.30. 22.30 hrs. Less interesting is the American broadcast, because it does not give much news about Italy. The whole programme of "Italia Combatte", which is badly received should be relayed from Radio Londra.

Leaflets have been dropped over the city and province, and the people were glad to have them, but would like to receive them more often.
(P.W.B. Florence R.P. 15.9.44).

ALESSANDRIA. Allied propaganda is generally listened to on the 31 and 41 metre bands, especially at 13.30 and 19.30 because from 20.30 onwards transmissions are very disturbed. The allied propaganda is favourably received, but the people would be glad to receive leaflets and pamphlets giving them news of Free Italy, and above all speeches on the radio by well known people (among whom General MESSE, who is highly esteemed in this area).
(P.W.B. Florence R.P. 15.8.44).

MILAN. The BBC and NBC are much listened to - more than Moscow, especially as the latter is difficult of reception. The transmissions from Radio Londra have much disturbed enemy propaganda and in Milan the number of listeners to this programme has increased enormously. Radio Londra can be heard in the daytime on a four or five valve set on 16-19-25 metres, towards evening on 25,31, 41 and 50. Reception is difficult on medium waves in the daytime on account of local disturbances and at night because of strong German stations. "La Voce dell'America" retransmitted from N. York is not as popular as might be imagined and listeners prefer a transmission from London at 13.30 hrs. It would be as well if the special messages followed as well as preceded the news on account of the large number of people who wish to hear them. There is too little news of liberated Italy.
Leaflets. Propaganda leaflets are circulated, but it is never known whether they are of P.W.B. or some political party and therefore the effect is not satisfactory. A special newssheet of liberated Italy would be much appreciated.

MILAN. There are represented the Liberals, Party of Action, Christian Democrats, Socialists and Communists (the latter two united against the Nazi-Fascists)

TURIN. Attempts are being made through the press, posters, speeches etc. to persuade the people that [illegible]NOMI is incapable of dealing with the present situation or of obtaining anything for Italy from the Allies.

P/PW. A secret political office of the Republican Party directed under the

ALESSANDRIA. Allied propaganda is generally listened to on the 31 and 41 metre bands, especially at 18,30 and 19,30 because from 20,30 onwards transmissions are very disturbed. The allied propaganda is favourably received, but the people would be glad to receive leaflets and pamphlets giving them news of Free Italy, and above all speeches on the radio by well known people (among whom General MESSE, who is highly esteemed in this area).
(P.W.B. Florence R.P. 15.8.44).

MILAN The BBC and NBC are much listened to - more than Moscow, especially as the latter is difficult of reception. The transmissions from Radio Londra have much disturbed enemy propaganda and in Milan the number of listeners to this programme has increased enormously. Radio Londra can be heard in the daytime on a four or five valve set on 16-19-25 metres, towards evening on 25,31, 41 and 50. Reception is difficult on medium waves in the daytime on account of local disturbances and at night because of strong German stations. "La Voce dell'America" retransmitted from N. York is not as popular as might be imagined and listeners prefer a transmission from London at 13.30 hrs. It would be as well if the special messages followed as well as preceded the news on account of the large number of people who wish to hear them. There is too little news of liberated Italy.
Leaflets. Propaganda leaflets are circulated, but it is never known whether they are of P.W.B. or some political party and therefore the effect is not satisfactory. A special newsheet of liberated Italy would be much appreciated.
(P.W.B. Florence).

POLITICS.

XVI. Politics in Alessandria, Parma, Turin and Milan.

MILAN. There are represented the Liberals, Party of Action, Christian Democrats, Socialists and Communists (the latter two united against the Nazi-Fascists)
The best organised are the Party of Action and the Communists.
(P.W.B. Florence).

TURIN Attempts are being made through the press, posters, speeches etc. to persuade the people that CLNAI is incapable of dealing with the present situation or of obtaining anything for Italy from the allies.
(P.W.B. Advance HQ, A.A.I. 29.9.44).

PARMA A secret political office of the Republican Party, disguised under the name of Ministry of Corporations is functioning in Viale Solferino No 21, or 31. There are about 20 employees.
(P.W.B. Advance HQ. A.A.I. 29.9.44).

ALESSANDRIA. In the Committee of National Liberation the following parties are represented, the Liberal Party, Christian Democrats, Action Party, Socialist and Communist Parties. Working classes are mostly communists and socialists, but the Liberal Party is also very strong.

In the Fascist party there are signs of great demoralisation and bitter criticisms are directed against the officials. The Federazione of Alessandria situated near the Modern Cinema, includes about 3000 members, but there is an atmosphere of distrust and downheartedness.

XVII. Pro-German Feeling in S. Tyrol.

In the valley of the RIO GARDENA (b 1480), the population is pro-German in the extreme. Even the children act as spies for the Germans and denounce any Italian Alpini who seek refuge in the valley. In the SELLA pass area the population is definitely pro-Italian. At BADIA (b 3982) 50% of the population is pro-Italian. (P.W.B, Advanced HQ A.A.I. 29.9.44).

XVIII. Meetings of Cabinet.

Mussolini presided over a Cabinet meeting on September 25th at which GRAZIANI reviewed the military situation and PAVOLINI the political situation.
(Agence Telegraphique Suisse 25.9.44)

During the [illegible] meeting there was a lengthy discussion about the attitude to be adopted when Kesselring's retreating forces leave Liguria, Lombardy and Piedmont behind them. It is planned to regroup various ministries at present stationed in VENICE, VERONA and PADUA. At all events the Fascist Government has decided to remain as long as possible on national soil. The Blackshirts in the largest towns are preparing to defend themselves. The HQ of the Fasci are being transformed into veritable forts and Party members have already received orders on the attitude to be adopted in the event of a popular insurrection.
(La Suisse Geneve 22.9.44).

XIX. Dissensions in the Party

The Fascist press denies the news that clashes have broken out within the Party which have, it is reported, resulted in the resignation of Pavolini.
(Agence Telegraphique Suisse 18.9.44).

Farinacci, in Regime Fascista, violently attacked Pavolini, accusing him of not having removed officials who, one year after the establishment of the Fascist Republic, still have not sworn the prescribed oath of loyalty.
(Gazette de Lausanne. 26.9.44).

XX. Graziani's Report on Rebel Movement.

The issue of the Fascist newspaper Popolo di Alessandria which published Marshal Graziani's report on "Ribellismo" was confiscated. The report said, among other things, "The mass of the people are following with interest and much sympathy the movements of the "rebels". Numerous factors go towards determining this attitude: the general hatred of Fascism, which is distrusted; antipathy towards the Germans, for whom there are also sentiments of fear, admiration and respect; the desire that the war shall end as soon as possible, by no matter what means; the call-up of the 1921, 1922 and 1926 classes, which has opened the way to easy and fruitful propagandistic activities; the inefficiency of mopping-up operations, which until now have been feeble and undertaken with limited forces;; certain abuses on the part of the forces of order during mopping up operations, which have shown up the police of the Armed Forces in a bad light; the growing hatred of the Government has given enemy propaganda a ready theme; the lack of supervision of the population on the part of

XXI. Appointments.

Under a decree dated September 21st the Under Secretary of State for the Interior, Dr. Paolo ZERBINO, has been appointed Special Commissioner for PIEDMONT. The present Head of the Province of RAVENNA, Emilio GRAZIOLI, has been appointed Head of the Province of TURIN.
(Italian Home Service 21.9.44).

The Fascist Republican, RENATO BURRINI, has resigned from his post as Secretary of the Federation of Republican Fasci of the Aegean. On the proposal of the Delegate of the Republican Fasci Abroad and Overseas, the Secretary of the Party has appointed as BURRINI's successor the Fascist Republican ANTONIO COCCHIERI, recently Federal Deputy Commissioner of the Aegean.
(Italian Home Service 22.9.44).

Andrea CALANI has replaced Angelo TUA, who has resigned, as Prefectorial Commissioner in CUNEO.
(Stampa, Turin 19.9.44).

ECONOMICS.

XXII. Food Situation.

ALESSANDRIA. Fats are not distributed, even on ration cards, and a flask of oil on the Black Market costs 2000 lire. Tobacco is no longer distributed. Financially there are all the signs of inflation because of the paper money issued by the Germans.
(P.W.B. Florence R.P. 15.8.44).

MODENA. The situation is not too bad here - there is a Black Market, but the prices are not high (for example flour costs 4 or 5 lire the kilo).
(P.W.B. Florence 15.9.44).

MILAN The Black Market still flourishes, encouraged by the Germans, who have unlimited supplies of currency stamped by themselves.

1800 lire for a flask of oil
100-150 lire for a kilo of meat
60 lire for a kilo of rice.

Rations are not distributed on the cards as they should be each month, but are often kept by the shopkeepers, who sell them to their wealthy customers. The Fascists have no control over the sale of goods, either wholesale or retail. All they worry about is trying to stop at the road blocks poor people who are endeavouring to bring in a little food from the country.

As soon as possible a distribution of 17,000 quintals of laundry soap of one type only will be made throughout the Italian ocial Republic. A distribution of 75 g. per head will be carried out gradually in all provinces.
(Italian Home Service 27.9.44).

Action against the Black Market in northern Italy is decreasing and is limited to crass cases. Last week, Milan had no meat. The coal import from Germany is decreasing, and stocks are dwindling to such an extent that distribution of cooking gas is limited to three hours a day. The destruction of the Po bridges very seriously hampers traffic and pontoon bridges have been built which are, however mainly reserved for military traffic. In some places, civilians, cattle and goods are being ferried across the river.

XXIII. Industry.

Special administrative boards have been appointed by the Heads of the Provinces to manage the following firms: Pietro Mauri of CAVENAGO BRIANZA, Ubaldo Ranzi of COMO, Giuseppina Uboldi of SESTO SAN GIOVANNI, because of their illegal trading activity and for not carrying out their contractual obligations to their employees (Repubblica Fascista, Milan 16.9.44).

It is reported from reliable sources that: all the machinery of the ANSALDO factory of GENOVA has been transferred towards the north. Work has been started for the installation of the machinery of the above mentioned factory near the building of the DE ANGELI-FRUA works situated in NOSSA (VAL SERIANA -25 km north-east of BERGAMO) At the same time the plant for making shells has been set up.

XXV. Air Raid Damage.

BOLOGNA Allied air attacks on BOLOGNA, particularly near the station, have rendered 10,000 people homeless. All traffic was interrupted and rail traffic was paralysed. The food situation is very difficult, and prices are soaring, one meal costs 300 lire. All schools have been closed. The hospitals are packed with sick and wounded who receive insufficient treatment owing to the lack of medical supplies. Children, particularly, are suffering from the milk shortage. The lack of water, broken sewers, the disorganisation of street cleaning services and the heat have caused epidemics in the whole of EMILIA.
(La Suisse Geneve 25.9.44).

MODENA The wrought iron foundry was destroyed by air raids. The Fiat works and Maserati (Candele) and the OC motor works were also destroyed. The railway SEFTA still functions and serves the Germans with transport to the Gothic line.

XXVI. German Report on Economic Conditions in Italy.

The cheapest city in Italy is GENOA. MILAN has the richest assortment of goods. VENICE has the best food supply. Rationing is carried out most severely in TRIESTE. While VENICE is most bourgeois, TURIN is most revolutionary.

Agricultural production in northern Italy is so great that more than 25,000,000 people of the Fascist Republic could live entirely without restrictions if there were no transport difficulties. The industrial outlook is also very extensive despite war needs. But because the transport situation is a stumbling block in the Italian economic system, living conditions in northern Italy are unsettled. The main problem is transport, not production.

People live comparatively cheaply in the centres of production, even after five years of war. A meal in the fertile Po plain, costing 50 lire, is just as large as one in a luxurious VENICE restaurant costing ten times that amount. The 1.4 million Italians who feed daily in communal kitchens pay from five to 20 lire for a meal, consisting of soup, a main course and dessert.

This report is connected with the rumours regarding the displacement of of the HQ and the German troops towards the eastern part of northern Italy. It is probable that the railwaymen decided to paralyse completely all the movements of the occupying power, at the same time preventing them from carrying out the systematic deportation of workers and the removal of machinery.

The church has followed the people underground in VOLTERRA, CHIUSE, BRESCIA, in the mine areas of TUSCANY and in the larger cities like GENOA and TRIESTE. Church services are held every Sunday in many tunnels between FLORENCE and BOLOGNA. Ten thousand people participated in services held recently in a tunnel in the TRIESTE area. 450. WAR SAVINGS

The following extracts from GRO 774, S/N 39, dated 29 Sep 44 and appendix thereto, are published for information:-

1. To provide further facilities for the purchase of National Savings Certificates by soldiers, it has been decided that for this purpose remittances may be made for the sum of 15s 0d or any multiple of 15s 0d from credit balances on Pay Accounts by means of AF 01727A or AF 01727M if the soldier is serving overseas where the microgram service is available.
2. National Savings Certificates can now therefore be purchased outright through the Regimental Paymaster in the U.K. by the submission of the Family Remittance Form (AF 01727A or AF 01727M).
3. This scheme has the merits that the certificates are held on the soldier's behalf in the U.K., and that actual cash does NOT require to be transmitted.
4. National Savings Certificates purchased under this scheme will be retained in the custody of the Director of Savings, unless an application is made by the soldier for their disposal otherwise. Such applications should be addressed to the Director, Post Office Savings Department, Savings Certificate Division, Morecambe, Lancs.
5. If for any reason, it is not possible for the paymaster to effect purchase, the soldier will be informed accordingly through his C.O.

290. RATIONS (Hospital Out-Patients)

The following is published in conjunction with RAAC RO No. 129 dated 29 Aug 44:-

General Hospitals are not in a position to and will not supply meals to personnel attending for out-patient treatment or Specialist Examinations.

All ORs attending hospitals as out-patients will ensure that they are in possession of haversack rations.

291. LAUNDRY - ORs

1. Genova Hotel

All ORs billeted at the above hotel will collect their clean laundry after 1300 hrs Saturday, 2 Sep 44, from the laundry room, 1st floor (next to room 24) at that billet.

All dirty laundry will be handed in at the same place by 0830 hrs Monday, 4 Sep 44.

292. DISCIPLINE

Pillow Cases

The present state of these is far from clean and hygienic. This proves that that the present order of the blanket covering the pillow is not being observed. In view of the difficulty of being able to keep a check in so many rooms the only alternative to make sure that this order is carried out is to stop the use of them.

This will be done if the present neglect continues. If it is too hot to lay on the blanket, use a clean towel to cover the pillow. These must and will be kept cleaner, otherwise removed.

293. MEDICAL

The u/m will parade at 1400 hrs on Saturday, 2 Sep 44, outside the M.I. Room, No. 48, Basement Floor, HQ ACC, with their AB 64 Part I.

Any of the u/m due for inoculations etc., will be treated on this parade.

The time of the parade is emphasized as 1400 hrs for all the u/m and NOT repeat NOT between 1400 and 1500 hrs.

The Medical Sjt will render a roll of absentees to the RSM.

262. RETURN TO U.K. OF LONG SERVICE PERSONNEL

The following is extracted from GRO No. 661, S/N 33, dated 18 Aug 44, for the information and guidance of all concerned:-

1. As from the date of publication of this GRO the qualifying date for eligibility to return to U.K. will be that on which four-and-a-half years' unbroken service overseas is completed.

2. The qualifying period of overseas service will be calculated from date of embarkation U.K. Periods of leave or duty, not exceeding six months, spent in the U.K. during the four-and-a-half years are not taken to constitute a break for the purpose of eligibility: for the purpose of calculation, this period of leave or duty in U.K. will be counted as if it were service abroad.

3. For the purpose of this GRO "overseas" will, in addition to all overseas Commands, include service in:-

(a) B.E.F.
(b) N.W.E.F. (Norway)
(c) Faroe Islands
(d) Iceland.

4. Personnel commissioned or enlisted in the British Army overseas but whose normal residence is in U.K. will be considered eligible for evacuation to U.K. after four-and-a-half years service in the British Army.

5. Personnel will be eligible to be called forward by GHQ 2nd Echelon as soon as their overseas period is completed. In some cases personnel may necessarily be called shortly before or after the actual completion of the qualifying period. In the event of an officer or other rank who considers himself eligible not being called forward, he will notify his C.O., who will forward his name to GHQ 2nd Echelon stating the circumstances.

CONTINUED ON SHEET 2

Declassified E.O. 12356 Section 3.3/NND No. 785021

6. Personnel returned to the U.K. under this scheme will be posted to the Home Establishment for a period not less than three months, including disembarkation leave before being considered for posting to another theatre, and will then only be posted to North West Europe unless they volunteer for despatch to any other theatre.

7. The above exchange is voluntary on the part of those qualified. In all cases where an officer or other rank does not wish to take advantage of this repatriation, his name will be reported to GHQ 2nd Echelon accompanied by a signed certificate to that effect.

NOTE:- Any OR who considers that he is eligible for return to U.K. will apply to the Orderly Room.

263. MALARIAL PRECAUTIONS - DRESS

RAMC RO No. 116, S/N 9, dated 22 Aug 44, is republished for information and guidance:-

229. PURCHASE AND CONSUMPTION OF MILK

AAI RO No. 229, S/N 24, dated 11 Aug 44, is repeated hereunder for information:-

1. On no account will milk of any nature or form be purchased from local inhabitants, either in the country or in the towns. Consumption of locally produced milk, cheese and butter is forbidden.

2. Apart from the fact that there is barely sufficient milk for the civil population due to the removal of a high proportion of the livestock by the GERMAN Army, such diseases as undulant fever, tuberculosis, typhoid and dysentery have been contracted due to consumption of these products.

230. BEER

The following is extracted from AAI RO No. 231 dated 11 Aug 44 for the information and guidance of all:-

1. Supplies of imported beer will largely cease in the near future, and the requirements of this theatre will have to be met by local production, the quantity available from this source being directly dependent on the supply of bottles and cases.

2. In ITALY all bottles and cases have a high market value and few are at present being returned to EFI for refilling.

3. It is in every man's interest to hand his bottle back to his unit for return to EFI, so that he may in due course draw another bottle of beer.

234. CIVILIAN EMPLOYEES

The practice of ORs dismissing civilians employed by the O.C. British Detachment will cease forthwith. Any occurrence concerning civilian employees which may warrant dismissal will be referred to the Orderly Room for the attention of the O.C.

The Commander of British Troops in Rome is very concerned about the high rate of V.D. contracted in this city, which is becoming increasingly alarming. Prostitution is on a larger scale than ever before and there is virtually no control over the women, therefore every man is warned of the dangers of promiscuous intercourse and must cooperate by using every means available for minimising such dangers. Prophylactic Ablution Centres or Pro Stations exist throughout the city and these should be made use of after intercourse. A list of the approved Pro Stations is posted on the notice board.

222. MESSAGE FROM HIS MAJESTY THE KING.

The following message from H.M. The King has been received by the Supreme Allied Commander Mediterranean Theatre.

"I have greatly appreciated the opportunity you have afforded me of seeing so many of my Armed Forces and of those of the Allies in the Italian Theatre of War.

During the past few days I have traversed the ground from CASSINO to the present front line a distance of some 250 miles, through which, since the middle of May, the Eighth and Fifth Armies have driven a powerful and highly experienced German Force. It is true to say that the enemy has been out-generalled and out-fought. This brilliant campaign has added much to the glories of the British, the Dominions and the Allied Armies. Such success could never have been achieved without the full cooperation and powerful support of the Royal Navy, Royal Air Force and their Allied Brothers-in-Arms.

I am very pleased to have been able to see for myself some of the splendid work they are doing. Please convey to all under your command my best wishes and my confident belief that final victory will be theirs. I pray that the day is not too far distant when I shall be able to welcome you home again".

The following reply was sent to H.M. The King by the Supreme Allied Commander, Mediterranean Theatre.

"On behalf of all ranks of the British, Dominion and Allied Services it is my humble duty to convey their thanks for Your Majesty's message which they appreciated greatly. The visit of your Your Majesty to ITALY has given encouragement and inspiration to complete the task which lies ahead of them".

218. CARRIAGE OF CIVILIANS IN WD VEHICLES

AAI RO No. 211, S/N 22, dated 28 Jul 44, is repeated hereunder for the information and guidance of those concerned:-

1. It has been noted that considerable numbers of unauthorized civilian passengers are still being given lifts in WD transport.
2. This practice constitutes a grave menace to our security in that it seriously impairs the effectiveness of security controls designed to restrict the movement of undesirable elements.
3. It is known that enemy agents rely extensively on this mode of travel when operating behind our lines and that many have already made use of it. Of the agents so far captured no fewer than fifteen have stated that they were given lifts in WD transport either on the way to their target area, or on their return towards enemy territory.
4. All concerned are reminded that no civilian passengers may be carried in WD vehicles unless in possession of an official pass authorising such travel, as laid down in AAI RO 20 of 1944. Units and HQ will impress on all drivers under their command the seriousness of this matter and ensure that they are conversant with the current instructions on this subject.

106. POSTINGS TO HOME ESTABLISHMENT

1. A letter was recently addressed to all ranks of British units in this theatre by the Supreme Allied Commander explaining the reasons and difficulties why he cannot repatriate more personnel to the U.K. under the PYTHON Scheme, and that the recent concession allowing personnel on completion of that period of service, was all that could be done for the present in view of the difficult manpower situation.

2. An article was published in the issue of "Union Jack" dated 13 Jun reporting a statement by Mr. Anthony Eden in the House of Commons to the effect that "the bulk of those who had served over five years had returned and a start had been made with the men having four and a half years of service abroad".

3. It is unfortunate that this statement should have been made, without qualification, and published as having general application, as it is contrary to the Supreme Allied Commander's directive.

4. The qualifying period for service abroad may vary temporarily in different theatres, either because the manpower situation is less acute in one theatre than in another or because there is a difference in the time necessary to get men back to the U.K. In this theatre the directive issued by the Supreme Allied Commander states the present position.

5. As the Supreme Allied Commander states in the penultimate paragraph of his letter, the question of reducing the period of continuous service is one which he has constantly in mind, and as soon as it becomes possible to increase the homeward flow he has promised to reduce the qualifying period as much as possible.

6. It is likely that the report of the statement made by Mr. Anthony Eden in the House of Commons may cause confusion and dissatisfaction, and it is the Commander-in-Chief's desire that the gist of this letter should be made known to all ranks.

Every man in in the Genova and Vaccari Hotels, will leave on his bed by 0830 hrs tomorrow, Sunday, 23 Jul 44, a slip of paper upon which will be his No., Name, Rank and Regt. The Coy Orderly Sjt., during the course of the day, will replace these with bed cards. Each morning these will be placed on the bed, for daily inspection.

It is repeated for the benefit of new arrivals that all bed-room doors will be left open for roll call at 2300 hrs daily.
