1. NIGHT STAFF DUTY OFFICER:

a. The Headquarters Night Staff Duty Officer will be Capt B. POWELL and can be located in Room 40, 1st Floor, Ministero delle Corporazioni Building, telephone - Ext. 405.

b. The Night Staff Duty Clerk, L/Cpl Lisberg, will report to the Chief Clerk, Message Center, Room 26, 1st Floor, at 1600 hours, and to the Duty Officer, in Room 40, 1st Floor, at 1800 hours. (Adj)

2. CIVILIAN FEEDING:

Complaints have been received that civilian office personnel partaking of the mid-day meal are taking the food away from the Mess Hall and consuming it in their offices and afterwards throwing the refuse into the wash hand basins and toilets. The washing of utensils is causing grease, etc. to accumulate in the pipes which stops the flow of water and causes foul smells. Such a practice is very unsanitary, and in view of the difficulty of keeping the already inadequate sanitary arrangements in the building functioning, causes great inconvenience to all concerned, and will cease forthwith. Sub-Commissions, Branches, etc. will warn their employees that food will not be taken away from the Mess Hall. (Hq Comdt)

1. LECTURE:

James Kilgallen, Chief of the International News Service in the Mediterranean area and reported on famed cases in the United States for 30 years will speak on his experiences in journalism Monday night, 23 October 1944, at 2000 hrs, in the ground floor conference hall of the Allied Control Commission before the Rome Chapter of the Allied Forces Holy Name Societies in Italy.

Kilgallen, who is the father of Dorothy Kilgallen, widely-known columnist on the New York Journal-American, has been in this theater for more than a year and previously covered the war in the Pacific. He also covered European affairs for a brief period in the last decade. Kilgallen also was abroad when he made the biggest "scoop" of his career in finding and bringing back from Turkey, Samuel Insull, Illinois Public Utilities millionaire, who was wanted in the United States to face charges in connection with financial operations of his companies.

All Officers, Enlisted Men, and other ranks are invited to hear this world-wide known journalist and author speak.

5. VOTING - CIVILIANS - AMERICAN:

Public Law No. 1277 contains the following provisions with reference to voting by individuals outside the United States by Army and Navy channels. Only eligible civilians to vote by Army and Navy channels are those civilian persons in the American Red Cross, The Women Air Forces Service Pilots (Women's Auxiliary Service Pilots), or the United States Organizations, and attached to and serving with the Armed Forces of the United States.

Other American Citizens not included in the above mentioned classification (assigned, attached or otherwise on duty with 2675th Regiment or ACC) are informed that if they desire to vote in the forthcoming General Election they must secure their Absentee State Ballots from their respective Secretaries of State, by means of personal correspondence.

(Voting C)

6. RATIONS:

Since Italian civilian drivers are receiving payment at the rate of time and a half, it is unnecessary for officers to pay for rations, etc. for these people when on official travel.

(Hq Comdt)

7. TAXI SERVICE:

To ensure that a taxi is immediately available when demanded from the Dispatch Office, it has been found necessary to limit the time of every journey to one hour.

If the passenger is delayed he will instruct the driver to return to Hq Dispatch after writing in the time he wishes to be picked up again, or, phone 489081, Ext. 210, when he is ready. In either case a taxi will be dispatched to bring him back or carry him to another destination.

Records show peak times for cabs as follows:

0830 to 0930 1100 to 1130 1430 to 1530

8. UNAUTHORIZED WEARING OF ITALIAN UNIFORM BY ITALIANS:

There is reason to believe that there still exist large numbers of Italian officers and soldiers who, though not

1640

officially a part of the Italian Army, continue to wear the uniform and act as though they were in fact officers and soldiers. In some cases they may organise themselves into groups and attach themselves to allied units and perform some service in order to obtain the privileges normally accruing to bona fide Italian soldiers. Cases have been reported where funds have been advanced to Italian officers who were not known to the Italian War Ministry and not members of the Italian Army.

It is also apparent that many people who are in fact civilians as far as the present Army is concerned are wearing the uniform of the Italian Army. It is pointed out that former officers and men of the Italian Army are not permitted to wear the uniform. This applies to all people who are not now carried on the rolls of the active Army, and Army identification cards should not be issued to them.

It is the responsibility of allied commanders of all grades to assure themselves that Italian officers and soldiers who may be with allied units are in fact bona fide members of the Italian Army. Any who may be found illegally wearing the uniform or in any way acting illegally as bona fide soldiers, should immediately be reported to the nearest authorised Italian commander.

It is, however, desired that all members of the active Italian Army, as recognized by the Allies and carried on the rolls of the Italian Army, be required to carry the proper identification cards. This, of course, does not include security and special personnel who normally work in civilian clothing. (G-1 (B))

b. The Night Staff Duty Clerk, Pte Purchase, will report to the Chief Clerk, Adjutant's Department, Room 22, 1st Floor, at 1600 hours and to the Duty Officer, in Room 40, 1st Floor, at 1800 hours. (Adj)

2. REQUESTS FOR TRAVEL AND/OR ASSIGNMENT ORDERS:

Reference is made to the forms "REQUEST FOR TRAVEL AND/OR ASSIGNMENT ORDERS" created by the Adjutant's Department for the simplification of procedure for requesting Travel Orders and/or reassignment of personnel. The reverse side of above-mentioned forms shows thirteen paragraphs of instructions on the initiation of request, which are, in themselves, self-explanatory. These instructions are not being complied with, thereby causing much delay in the publishing of Orders and resulting inconvenience to the requesting activity. Particular attention is drawn to paragraph 6, which reads in part: "Requests will be forwarded at least 24 hours prior to the date of departure." In addition, it has been found that Sections, Sub-Commissions and Branches initiating requests are not complying with paragraph 2, Daily Bulletin #188, dated 1 August 1944. Due to shortage of vehicles and drivers, pre-arrangement for travel with Transportation Office as instructed in above-mentioned reference is mandatory before Orders can be published by the Adjutant.

Any inquiries as to the initiation of these forms can be referred to personnel of the Orders & Bulletins Section, Adjutant's Department, Room 36, Main Floor, telephone - Ext 423. In the future, all requests which are not properly initiated, will be returned to the originating office with remarks and recommendations for correction. Sufficient forms can be had from Room 36, Main Floor. (Adj)

3. REQUESTS FOR TRAVEL - ASSIGNED DRIVERS:

All Sections, Branches and Sub-Commissions, having their own assigned drivers, regardless of nationality, will, when submitting requests for travel to this office, indicate all pertinent data, i.e. name of driver, serial number, branch of service (or regiment) and nationality. Particular attention will be paid in cases where Italian drivers are assigned; the status of such, whether military or civilian, must be specifically shown. (Adj)

3. CIVILIAN TRAVEL PASSES:

Instances are still being reported of civilians being inpossession of slips of paper signed by officers of this Hq purporting to authorize travel in Army Areas and AMG territory. Such slips of paper are not valid. Unless civilians can produce standard yellow passes (which must be approved and endorsed by AMG Fifth or Eighth Army for travel in Army areas) they are subject to arrest and prosecution. Allied and Italian Police have been instructed accordingly. The procedure regarding Italian Government officials is laid down in Memorandum 316/192/CA of 21st July 1944. Other Civilians must apply for passes to their local ACC/AMG officials. (In Rome, the offices are at the Questura, Via Genova)

4. REQUESTS FOR TRAVEL AND/OR ASSIGNMENT ORDERS;

Reference is made to the forms "REQUEST FOR TRAVEL AND/OR ASSIGNMENT ORDERS" created by the Adjutant's Department for the simplification of procedure for requesting Travel Orders and/or reassignment of personnel. The reverse side of above-mentioned forms shows thirteen paragraphs of instructions on the initiation of request, which are, in themselves, self-explanatory. These instructions are not being complied with, thereby causing much delay in the publishing of Orders and resulting inconvenience to the requesting activity. Particular attention is drawn to paragraph 6, which reads in part: "Requests will be forwarded at least 24 hours prior to the date of departure". In additions, it has been found that Sections, Sub-Commissions and Branches initiating requests are not complying with paragraph 2, Daily Bulletin #188, dated 1 August 1944. Due to shortage of vehicles and drivers, pre-arrangement for travel with Transportation Office as instructed in above-mentioned reference is mandatory before Orders can be published by the Adjutant.

Any inquiries as to the initiation of these forms can be referred to personnel of the Orders & Bulletins Section, Adjutant's Department, Room 36, Main Floor, telephone 3448

8. PRIVATE RENTAL OF PROPERTY AND MOTOR TRANSPORT: a. Numerous cases are still arising of Allied Officers making private arrangements with Italian civilians to rent apartments or villas in and around the City of Rome. Similar private arrangements are being made in connection with motor transport.

b. This procedure is resulting in increasing difficulties in obtaining properties and motor transport by requisition as the Italian civil population naturally prefer to keep their property free from requisitioning if they have grounds for believing that they can rent it to individual Officers, and obtain immediate payment.

c. Arrangements of this nature will not be entered into by officers of the Allied Control Commission. (Ex O)

6. ROAD BLOCKS:

The following is reproduced from Headquarters, Allied Air Force Area Command, Area Bulletin No. 17, dated 31 July 1944, for the information, guidance and protection of all concerned:

"A British MP was killed and another seriously wounded a few nights ago while stopping trucks at a road block. When these soldiers approached the car it started to move and the people within the truck shot at these MP's without warning. The truck in this instance was recognized as an army truck but the people within the truck were recognized as civilians in either US or English uniforms.

Military police and Carabinieri, on duty at road blocks, have been instructed to approach vehicles with guns drawn, and to shoot if the driver deliberately evades the block. Road blocks are maintained to apprehend black market operators; vehicle and other thieves; deserters, and escaped prisoners. The deliberate disregard of a stop signal at a road block or the attempted escape from a Military Police road patrol may have serious results on the driver and/or passengers." (Adj)

Lights on vehicles will be immediately EXTINGUISHED except for those vehicles authorized on PAD duties.

During this practice and the subsequent series, civilian services, i.e. Fire Brigade and Ambulances, will be exercised.

All ranks will be reminded that there is need for an alert PAD procedure, and the feeling that the war is as good as won and far away from them, eradicated. (Extract, Operations Memorandum No. 2, ROME ALLIED AREA COMMAND, dated 19 July 1944.) (Hq Comdt)

Daily Bulletin No. 182, this Hq, dtd 26 July 44, cont'd:

8. LONG DISTANCE TELEPHONE FACILITIES:

a. All personnel having occasion to use the long distance telephone will bear in mind the -

"1. Critical shortage of Long Distance or toll facilities.
2. Necessity for BREVITY of calls.
3. Importance of making notes beforehand as to subjects to be covered, to permit prompt completion of call.
4. Necessity for remaining immediately accessible to telephone after a Long Distance call is initiated.

b. Monitoring service on Long Distance calls is being inaugurated at once. Violations of the provisions of this directive, as indicated by unnecessary calls, unofficial calls overly classified as to urgency, etc., will be reported through command channels to proper commanders for necessary corrective action."

c. The above salient portions of a letter from C of S, AFHQ, are quoted in precis for the information and compliance of all concerned.

9. COMMUNICATIONS:

Telephone Information for Rome Area Command may be secured by dialing - 0-055 from ACC HQ unrestricted (No. 200 to 600) telephones - or by dialing 0-55 from Rome City (6 digit numbers) telephones.

Telephone Information for ACC HQ may be secured by dialing 227 or 539 from ACC HQ internal telephones.

ACC Building Information may be secured by dialing 382 - Main Lobby Information.

Telephone Repair Service for ACC HQ may be secured by dialing 227 or 539. (Comm O)

10. TELEPHONE TRANSMISSION:

The telephones in general use in this HQ lack the "side tone" affect to which officers are accustomed in Allied installations, i.e. the speaker's voice is not heard in his own receiver. This gives the feeling that the telephone is partly "dead". Consequently some users are inclined to raise their voice level with resultant transmission distortion.

A low and well modulated voice with transmitter in natural position (about one inch from lips) will give the best results. (Comm O)

6. VIOLATION OF CENSORSHIP REGULATIONS:

The following letter from the War Department, The Adjutant General's Office, file AG 000.73 (27 Jun 44)OB-S-B-M, dated 29 June 1944, is reproduced for the information, guidance, and compliance of all concerned:

"1. It has come to the attention of the War Department that persons in or attached to the armed forces continue to carry uncensored personal communications on their persons or in their baggage into and out of the United States without submitting such communications for censorship examination. This has been particularly true in the case of civilians under military jurisdiction.

2. Attention is invited to the fact that civilians serving with the armed forces, in accordance with the provisions of the 2nd Article of War, are subject to military regulations.

3. The transmission of communications by persons in or attached to the armed forces is a direct violation of the provisions of subsection 3 (c) of Section III, of the trading with Enemy Act, which states that communications must be submitted to censorship authorities on entering or leaving the United States. Persons guilty of violations of this law are subject to a fine of $10,000, or an imprisonment up to ten years, or both.

4. The carrying of uncensored personal communications by persons under military jurisdiction from overseas areas where military censorship is in effect is in violation of the provisions of letter, AG 300.5 (6 Jan 44)OB-S-B-M, 14 January 1944, subject, Change in Military Censorship Regulations Governing Authorized Channels for Unofficial Communications. This directive states that personal communications may be carried from oversees theaters of operation or similar areas where military censorship is in effect only after these communications have been examined, released, and stamped by a United States military censor and show no subsequent signs of tampering.

5. It is directed that the above information be disseminated to all personnel under your jurisdiction who are effected thereby and that necessary steps be taken to prevent future recurrences of such violations of military censorship regulations."

Applications for the requisitioning of Civilian Motor Vehicles will be made to G-4 (A), this Headquarters.

8. SCREENING OF PERSONALITIES:

There is a very great load on the present machinery for screening and delay is inevitable. It would assist greatly if Sub-Commissions could firstly get the person concerned to fill in a Scheda Personale, which could be passed by Security Branch to the F.S.S. who are responsible for screening.

Where it is impossible to have a Scheda Personale form completed, as full information as possible should be furnished, including father's and mother's names, the age of the person concerned, identity card No., present occupation and proposed occupation, address. This will enable the work of screening to be dealt with much more quickly and avoid perusal of many files in order to ascertain if identical.

Supplies of Scheda Personale forms are available in Security Branch.

For what Region, Sub-Commission, etc, it was requisitioned.
These particulars will be handed in to the officer in charge of the Garage when the vehicle is taken over by him.

d. The officer in charge ACC Garage will arrange for the reception and storage of these vehicles, and for the provision of receipts.

e. Vice Presidents of Sections, Heads of Independent Sub-Commisaions, Chiefs of Staff Sections, Regional Commissioners of Rome Region, and Region IV, will apply in writing to the Executive Officer, HQ ACC for the reassignment of vehicles. Reassignments will be made to Sections, Independent Sub-Commissions, Staff Sections and Regions, and not to individuals.

3. TELEPHONE SERVICE:

"Unrestricted" dial telephones now in service in ACC Hq have considerably exceeded the allocations made for sections or independent sub-commissions.

Note: "Unrestricted" dial service permits dialing of either 3 digit ACC numbers or 6 digit Rome City numbers. These telephones are numbered 201 to 299.

Furtner excess in use of unrestricted service would endanger the ACC Hq internal dial service.

Telephone service installations or additions require the approval of the heads of sections or independent sub-commissions or their delegated representatives.

3. TELEPHONE SERVICE:

"Unrestricted" dial telephones now in service in ACC Hq have considerably exceeded the allocations made for sections or independent sub-commissions.

Note: "Unrestricted" dial service permits dialing of either 3 digit ACC numbers or 6 digit Rome City numbers. These telephones are numbered 201 to 599.

Further excess in use of unrestricted service would endanger the ACC Hq internal dial service.

3426

Telephone service installations or additions require the approval of the heads of sections or independent sub-commissions or their delegated representatives.

"Restricted" dial service would probably satisfy the needs of some users already assigned to unrestricted service. Some of this service is still available.

Note: "Restricted" dial service permits dialing only the 3 digit numbers of the ACC Hq. These telephones are numbered 601 to 799.

It is requested that no further orders be placed for "unrestricted" service until an addition to the equipment can be made and that instead; service be readjusted to use "restricted" service, within the limited allocations provided.

Declassified E.O. 12356 Section 3.3/NND No. 783021

"Rome City" dial service also has some unused spares and orders for users having little or no need for internal ACC Hq connections may be well served with it.

Note: "Rome City" dial service phones have 6 digit numbers and can make and receive calls directly in and out of the city dial system.

This service is also allocated by necessity of not overloading the city dial office which serves the ACC Hq. (Comm O)
