SUBJECT : Travelling Expenses.

TO : Headquarters Commandant,
Purchases & Contracts Section.

1. Reference your HQ/9 of 11 July, your attention is drawn to the following facts : -

(a) It was the duty of the officers of this S/C to observe local elections throughout March and April at many places up and down of Italy;

(b) It was decided that each officer should be accompanied by an Inspector General of the Ministry of the Interior and that the inspections should ostensibly be made by the Inspector General, the officer appearing to be present merely by courtesy of the Ministry and the Inspector General;

(c) The Inspector Generals of the Ministry of Interior are are among the highest ranking civil servants in Italy corresponding to a Major General in the Army;

(d) At most of the places at which observation would be carried out neither army rations or billets were available. As travelling had to be done by air rations could not be carried.

2. These facts were brought to the notice of the Vice President CAS and of the then Director of Finance Sub Commission Col. Timmons. It was represented to them that the officers of this S/C will be compelled to live in Italian Hotels and take their meals in Italian restaurants. Approval was given for doing so in these occasions. 937

3. It was also represented that the relationship between the officer and the Inspector General and the nature of their duty would make it necessary for them frequently to take their meals together in the same restaurant sometimes accompanied by Italian functionaries. The officer would thus become the recipient of hospitality for which it would be necessary for them to make some return. Authority was accordingly given by the Vice President and by Col. Timmons, in the light of the circumstances mentioned above, for the reasonable expenses of the officers of this S/C to be repaid to them.

4. It is accordingly submitted that the sum of 180 lire reclaimed is a reasonable expenditure which should be allowed.

Note of Interview - A.C. Hq. Local Govt. S/C

Present : Prof. GIANNINI of the Minister for the Constituency
Dott. SPATAFORA of the Local Offices Ministry Interior
Major TOWLE, Director Local Govt. S/C
Sgr. Arrigo Nice, interpreting

DATE : 20 Feb 46

1. Prof. GIANNINI said he had come to talk on the question of the voting of prisoners of war, which had been raised at the Consults by Consultore Cingolani. He said he knew we had discussed this matter with Dott. STRANO of the Electoral Service, Ministry of the Interior, some time way back in September and that he had read a report by Dott. STRANO on the subject and wanted to have confirmation from us of the technical difficulties connected with the execution of any such plan to have the prisoners of war vote abroad.

2. Thereupon I read to Prof. GIANNINI the paragraph of our note of Interview with Dott. VINCENTI (Strano's substitute) concerning the subject and replied that as much as I had been in favor last September that some provision should be made to allow prisoners to vote, I could only repeat what I said then that it was a matte r for the Italian Government to decide upon and that the Allied Commission wou ld have been willing to help them in arranging facilities for this purpose. However in my vew time was very limited and running short a present.

3. Dott. SPATAFORA said that in his opinion i t would have been first of all necessary to find out whether under the existing international law prisoners could vote, whether their status of captivity could be reconciled with the franchise of voting. I replied that, save any contrary opinion that our Ambassadors could have on the subject, I believed that owing to the special status of co-belligerancy enjoyed by Italy an agreement could eventually be reached between the powers concerned whereby Italian prisoners of war would be allowed to vote. But there still remained the technical difficulties to be overcome. These difficulties from the point of view of the Italian Government could be summarised as follows: a) lack of diplomatic representation abroad; b) time necessary to carry out the required procedures; c) lack of the necessary material. I told Prof. GIANNINI to have Dott. Vincenti show him all the papers we furnished him in connection with the ele tions of American and British soldiers abroad, and get from them a clear idea of the difficulties that would have to be overcome in such brief a time. I reiterated that as far as Allied Commission was concerned we were willing to help but it was a matter on which only the Italian G overnment would have to decide.

4. I asked then what was the attitude of the Italian Government on the other part of the r ecommendation put forward by Consultore Cingolani, i.e. the voting of the Italian nationals abroad. Dott. GIANNINI said it was a very difficult question. He emphasized that they had not data available to ascertain how many Italian na ionals were involved, who were still citizens, who had lost the Italian citizenship and who enjoyed double nationality. He pointed out that for instance there were only three Italian Consulates open at present in the United States, that most archives of former Consulates had been destroyed or were under sequestration. Dott. SPATAFORA pointed out that probably there would have to be co nsidered also the attitude of the Government of the countries where these Italiens had made their homes. Anyhow, the whole matter of the voting of Italians abroad would in all probability be dropped by the Italian Government in view of the many difficulties and complications. To get a basis for a decision on this score, they had

1. Prof. GIANNINI said he had come to talk on the question of the voting of prisoners of war, which had been raised at the Consulta by Consultore Cingolani. He said he knew we had discussed this matter with Dott. STRANO of the Electoral Service, Ministry of the Interior, some time way back in September and that he had read a report by Dott. STRANO on the subject and wanted to have confirmation from us of the technical difficulties connected with the execution of any such plan to have the prisoners of war vote abroad.

2. Thereupon I read to Prof. GIANNINI the paragraph of our note of interview with Dott. VINCENTI (Strano's substitute) concerning the subject and replied that as much as I had been in favor last September that some provision should be made to allow prisoners to vote, I could only repeat what I said then that it was a matte r for the Italian Government to decide upon and that the Allied Commission wou ld have been willing to help them in arranging facilities for this purpose. Anyhow, the whole matter of the voting of Italians abroad would in all probability be dropped by the Italian Government in view of the many difficulties and complications. To get a basis for a decision on this score, they had written to the "Direzione Generale degli Italiani all'Estero" of the local Foreign Office to furnish them with the necessary data.

5. Coming back to the question of the voting of prisoners of war I told Prof. GIANNINI that, having attended the meeting of the Consulta when this matter had been discussed, I understood from what speaker Michele had replied to the proposal of Cingolani that since the great majority of prisoners of war abroad would be back home by the middle of May, the only thing that could be done was to make

provision for a speedy procedure for their registration in additional electoral lists and so enable them to vote. Dott. GIANNINI confirmed this. I suggested to my interviewers to find out the approximate number of prisoners of war who it is anticipated won't be back in time to vote.

DEMI-OFFICIAL

27 July 1945

I very much regret it was necessary to send out our recent cable regarding the changed arrangements for the tour of your Region by an officer of this Sub Commission. As you know, we had fully intended to send a representative to deal with all your provinces. Unfortunately and at the last moment, the office became short staffed and in the result we were absolutely prevented following the originally agreed program. It was accordingly necessary to arrange for Captain Cunningham to do two of your provinces after finishing Liguria Region.

I fully recognize that the arrangements were arrived at with your complete cooperation and the sudden change may well have been a source of inconvenience to you. If this happened I am sorry, but the change of program had to be made in the light of circumstances beyond my control.

I will see that the 3 remaining provinces in your Region, namely Asti, Cuneo and Aosta, are dealt with as soon as possible, and I will get in touch with you again regarding these at an early date.

Col Cripps.

From a perusal of the files the following points may arise on your tour.

Wages.

In so far as AMG territory is concerned we can pay what wages we like but it is as well to keep near to the Italian figures so that there is less trouble when there is a hand over. I have forwarded a copy of the Italian Ministry of War's letter setting out the new wage rates.

Equipment and Mine Detectors.

Ten have gone to PISA, ~~a few~~ 8 have gone to GENOA, 10 have gone to BOLOGNA. I shall send the remainign 20 to BOLOGNA and leave it to Lt MacNab and Captain Short to put them where they will. I think they should keep them all within EMILIA ZONE.

Safety fuse.

There is a factory at PISTOIA manufacturing fuse for the Italian Government. I suggest Captn. Short make a journey to HQ TOSCANA Region at FLORENCE and see Captn. Foster of that Region. Through Foster it should be possible to get all they wish. I am trying to get the Ministry of War to give me authority to lift this stuff but as it may come too late (after the handover) then I suggest they requisition the stuff and we cansquare with the Ministry of War later on.

VENEZIE Region.

They asked if I was still going on with the scheme as planned. I said I was. Meanwhile I have asked the Ministry of War to find me a suitable instructor which I shall send up but before sending him up I wish to see their initial survey which they are preparing.

LOMBARDIA and PIEMONTE.

As they have no mines I am taking no further interest in them.

561 Company.

852

I am sending off a signal to the 35 CRE asking him to let us know when we can take over this Company again. I shall have to see them on my next trip. If you can contact /

Declassified E.O. 12356 Section 3.3/NND No. 785021

178

contact No 2 District perhaps you can find out if they require the 561 Coy. I dont think they require it.

Clothing.

I have asked for some but I understand that this depends on what allotment is made. Frankly I have little hope.

LIGURIA.

Can you get any more details on the extent of mining in this Region.

Funds.

Zones should draw their money through the Commando Militare. The Commando Militare draw through the Cassa Militare (Paymaster). One exists at BOLOGNA and there should be no difficulty, as if necessary the RFO EMILIA should order them to make the payment. In LIGURIA it may be different as I do not think a Commando Militare has as yet been established. If need be the RFO has power to advance the money but he should inform Finance S.C. when he does so.

Captn. NUITTA.

He will remain subject to Captn Short's orders and instructions. Any action taken by Col Marsaguerra has been nullified by me at this end. No need to pay any attention to his orders if they run counter to MacNab or Short's instructions.

Removal of NCOs and ORs.

The Ministry of War have agreed not to move NCOs or ORs but so that no fast work is done either MacNab or Short should tell Zone that neither NCOs nor ORs will be moved without their consent. Military personnel must be retained.
