1. As presumably I personally am alone involved on the left of the line, I cannot make any appropriate comments.

2. Since the Director of this Sub-Commission is apparently to be a Colonel and not a Brigadier, as was originally suggested, any further comment from me would be irrelevant.

3. I consider that on the right of the line, the two captaincies should be majorities, and that both lieutenants should be captains. I do not consider that the rank of lieutenant is appropriate to this Sub-Commission which has to deal with such high ranking officials in the Italian Government and superior Allied officers.

4. In short, my proposals are that the British Establishment of this Sub-Commission should be:

Director - Colonel
British Majors - 2
British Captains - 2

R.G.B.SPICER, Colonel.
Director. Interior Sub-Commission.

2. It will be observed that in the draft summary, provision is made for specific "Local Government Officers". The sense of the meeting was, however, that no special local government officers were required (see p.3 of Minutes of Meeting) and that instead there should be general liaison officers who would handle many other subjects besides local government, as CAOs and Provincial officers do under AMG.

3. To avoid misunderstanding, it is recommended that Establishment Section be asked in any future WE/TO or other document to substitute "Liaison Officer" for "Local Government Officer".

SUBJECT: Announcement of War Department Policy and Procedures to be followed in effecting grade readjustment of Commissioned Officers.

TO : Commanding General, 88th Division, APO 88
Commanding General, Rome Area Allied Command, MTOUSA, APO 794
Commanding Officer, Naples Air Force General Depot, APO 528
Commanding Officer, Peninsular Base Section, APO 782
Commanding Officer, Headquarters Command, MTOUSA, APO 512
Commanding Officer, AGRS - MTZ, APO 794

1. AGWAR cable Number WCL 28997, dated 28 March 1946, announcing the policy and procedures to be followed in effecting grade readjustments of Commissioned Officers, exclusive of General Officers, and to announce the discontinuance of officer promotions from the grade of Lieutenant Colonel, to Colonel is quoted for your information and compliance.

"1. The purpose of this message is to announce the policy and procedures to be followed in effecting grade readjustment of Commissioned Officers exclusive of General Officers and to announce the discontinuance of Officer promotions from the grade of Lieutenant Colonel to Colonel. Since the commencement of demobilization, Officer requirements by grade, particularly in Field grade, have diminished more rapidly than the Officer availability by grade from sources consisting of Regular Army Officers, civilian component volunteer Officers, and civilian component non-volunteer Officers with less than 2 years service. The result is that a General downward Officer grade readjustment is necessary commencing with Colonels and periodically extending through Captains. It is NOT contemplated that any First Lieutenants will be demoted to Second Lieutenants nor will Medical Corps, Dental Corps, Veterinary Corps, and Chaplain Corps Captains be demoted to First Lieutenant even though surpluses may develop in these grades. Officers being processed for separation or on terminal leave are NOT subject to demotion.

2. Officers will be selected for a one grade demotion in the order of their current temporary rank commencing with those most junior. Officers demoted will take date of rank in the lower grade as of their original permanent appointment or temporary AUS appointment or temporary AUS, AC appointment in that grade, whichever is earliest provided service has been continuous in that or a higher grade. An Officer having been demoted one grade will NOT be demoted a second grade until all officers holding the temporary grade to which he was first demoted have received a one grade demotion. For example, a Colonel demoted to a Lieutenant Colonel will not be demoted to Major until all Officers who were temporary Lieutenant Colonels at the time he was demoted to Lieutenant Colonel have been demoted to Major.

1680

8205

0527

Declassified E.O. 12356 Section 3.3/NND No. 785021

Reserve and National Guard Officers will NOT be demoted to grade which is lower than the permanent grade which they held on 7 December 1941. Regular Army Officers will NOT be demoted below their permanent grade. Selection for demotion of AAF Officers world wide regardless of assignment will be made by the Commanding General, Army Air Forces. All other Officers will be selected for demotion by the War Department.

3. Procedure. Officers will be demoted in monthly increments. At least 30 days prior to the effective date of demotion of any particular increment the War Department will notify Commanders of the names of the Officers contained in that particular increment. In addition to this list of names the cable will contain a statement the the particular increment includes all Officers of the temporrry grade concerned with a date of rank on or after a specified date. Should the name of an Officer with an appropriate date of rank be inadvertently overlooked and omitted from the increment, his name will be reported in reply described immediately below. Commanders will reply to the War Department within 12 days stating whether an Officer contained in that increment should be excepted from demotion for cogent reasons and will personally justify the basis therefor. It is essential that thir reply be received by AGWAR within 12 days. 15 days prior to the effective date of demotion of any particular increment, the War Department will dispatch cable orders listing the names of the Officers whose current temporary AUS appointment is terminated without prejudice and who are tendered a temporary AUS appointment in the next lower grade, subject to acceptance of the new appointment. A formal acceptance of reappointment in the lower grade will be executed in the following form:

"I accept temporary appointment effective (blank) in the grade of (blank) Army of the UNITED STATES."

This acceptance will be forwarded to the Adjutant General, (Attention: Officers Branch) and, in addition, a cable will be initiated to the Adjutant General without delay stating that the Officer has accepted the reappointment. A Regular Army Officer declining to accept the new appointment in this lower grade will revert to his permanent grade except that Regular Army active list Officers with 25 years or more service have the additional option of requesting retirement. The Adjutant General will be notified without delay by cable if the Officer accepts either of these two options. If the Officer has over 25 years service and requests retirement he will NOT be demoted pending final action on his request. Regular Army active list Officers with 15 to 25 years service who request retirement will NOT be excepted from demotion. A non-Regular Army Officer declining to accept the new appointment in the lower grade will be relieved from active duty as surplus without demotion, and the Adjutant General will be notified by cable without delay of the Officers election of this option. Unless excepted, Officers are required to elect in writing an option described above on or before the effective date contained in the cable orders.

4. Exception:

(1) General. Combat wounded Officers awarded the Purple Heart who are hospitalized or who have Army Retiring Board proceedings pending wherein the Board found the Officer permanently

364

incapacitated incident to service are NOT to be demoted until their final disposition is known. An Officer in this category will NOT be required to accept the reappointment in lower grade but will be reported to the Adjutant General by cable. If the Officer is discharged from the hospital and NOT ordered to appear before an Army Retiring Board, the Commander of the hospital will report the Officers discharge from hospitalization to the Adjutant General by cable.

(B) Individual Individual demotion exceptions may be considered only in the most extreme cases based upon the personal comments furnished by Commanders. Final approval or disapproval of an individual exception rests with the OG, AAF for AAF Officers world wide regardless of assignment and with the War Department for all others. Should an exception be approved the Officers demotion will be deferred for 1 month and the Officer will be included in the next monthly demotion increment. In the meantime maximum effort will be made to replace the Officer. The Officer will NOT again be excepted unless such action is again justified.

5. It is desired that you give this policy and procedure complete expeditious distribution so as to reach all Army Officers as soon as possible. In addition it is desired that upon receipt of the advance list of names contained in each monthly increment special efforts be made to inform each of the individual Officers that he is subject to demotion under this policy at an early date. Implementation of this plan will require persistent alert attention by all concerned.

6 Effective immediately NO additional temporary promotions to the grade of Colonel will be effected. All recommendations for promotions to Colonel AUS being processed will be returned without action except that recommendations for the promotion of combat injured Officers to the grade of Colonel under the provisions of paragraph 3 C AR 605-12 may be processed to completion. 1679

7. Cables to TAG will be addressed attention SPXPO-P

8. WD Circular 10/46 will be amended in separate actions to compensate for loss of rank under this policy."

Major RALPH R. TEMPLE (A) (Director)
Major C.G.R. WILLIAMS (B)
Capt W.I. CUNNINGHAM (B)
Capt J.L. RUSSELL (B)

2. It should be noted that Capt Cunningham (Release Gp 21) is scheduled to be released on January 12 and Capt Russell (Release Gp 24), about the end of February. The WE/TO recently submitted to us provides for two American captains to replace the two British officers. That seems unlikely of fulfillment at the present time because of the lack of American officers with the required technical background.

SUBJECT: Redeployment of Officers.

24 OCT 1946

TO : See Distribution.

1. In order to avoid further confusion in transshipment of officers to the United States under redeployment regulations, it is requested that all personnel concerned make immediate preparations for shipment. Frequent delays have been encountered by officers failing to comply with orders for reasons of personal nature and failure to obtain adequate clearance. All officers concerned are advised to clear up their affairs, personal and official, so that shipment may be effected upon 24 hour notice. No officer, however, is to anticipate the command by leaving his present assignment until so instructed by this headquarters. This directive concerns all officers electing immediate release (Class "X") and with ASRC scores of 75 or above, and all officers, Class "B" with termination date of 15 November 1945 or sooner.

2. Identical transport arrangements as utilized in the most recent shipment of officers will be used in the future shipment of large groups of officers insofar as is possible. Tentative shipment date is not known, but will be published as soon as received.

3. Unit Commanders, Senior American Officers of Regions and Sub-Commissions will be prepared to submit manner of performance ratings on officers by cable immediately upon request of this headquarters.

SECTION IV

RELEASE BECAUSE OF UNDUE HARDSHIP

Paragraph
Application.....12
Acceptance.....13

12. APPLICATION. a. Application of an officer may be made for relief from active duty because of undue hardship, either to the individual or his family. An application for relief from active duty under the provisions of this section must originate with the officer. An application submitted in his behalf will be referred to him without action. Applications will be forwarded in the manner prescribed in paragraphs 3b and c above and will include a statement of the date the officer reported on extended active duty, his Adjusted Service Rating Score computed as of 2 September 1945, and age.

b. Such applications must establish the following:

1653

(1) The individual or his family is undergoing hardships greater than the normal hardships which are being experienced by all members or families of members of the military service.

(2) The hardship is not of temporary nature.

(3) There are no means of alleviating the condition other

7441

0563

Declassified E.O. 12356 Section 3.3/NND No. 785021

than by relieving the officer.

(4) Upon release, the officer will be able to eliminate or materially alleviate the condition.

c. Documentary evidence in the form of letters, telegrams, or affidavits establishing the necessity for relief from active duty will accompany each application.

d. Application for relief from active duty for undue hardship of officers temporarily in the United States from oversea theaters will be submitted to the commanding officer of the installation to which the individual concerned has been directed to report upon expiration of temporary duty or leave. The commanding officer of such station will process the application in accordance with the procedures prescribed by the major force having command jurisdiction over the installation.

e. The headquarters of the final approving authority will, upon approval of the application, issue necessary instructions to accomplish the relief of the applicant. Disapproved applications will be forwarded to The Adjutant General, Attention: Officers' Branch, Separation Section, for final consideration, accompanied by an indorsement stating reasons upon which action was based.

13. a. During the period of active hostilities the Army's pressing need for manpower necessitated that extremely rigid standards be observed in reviewing applications for separation for hardship. With the Army now in the process of demobilization it is desired that these rigid standards be relaxed. However, the basic principle of demobilization which contemplates the release, in order of merit, of those most deserving of separation will be considered in reviewing requests under this section.

b. Eligibility for mustering-out pay will be determined by the provisions of AR 35-2490.

## SECTION V

27 September 1945

SUBJECT: Redeployment of Officers.

TO : All Units this Regiment.

1. In accordance with the latest instructions received from MTOUSA concerning redeployment of Officers, the following information is published for the guidance of all Officers of this Command.

2. Effective 1 October 1945, the critical score for release for all Officers, regardless of rank, is reduced as set forth below. ASR scores computed as of 2 September 1945 will be applied in determining the status of each individual Officer.

a. Male Officers, except Medical Corps, all ranks including Warrant and Flight Officers - 75 points.

b. Male Medical Officers with ASR scores equal to, or in excess of the following, ages equal to or in excess of the following, or with other criteria as listed below will automatically become non-essential and eligible for release:

(1) Medical and Dental Corps Officers with ASR score 80 or age 48 to nearest birthday.

(2) Medical and Dental Corps Officers (except those with primary or secondary MOS: A, B, or C 3106; A, B, C or D 3130; A, B, C or D 3132; A, B, or C 3158; A, B or C 3303 (who entered active military duty prior to 7 December 1941).

(3) Medical Corps Officers who have primary or secondary MOS listed in (2) above and who entered active military duty prior to 1 January 1941.

(4) Veterinary Corps Officers with ASR score 80 or age 42 to nearest birthday, or entered active military duty prior to 1 January 1941.

(5) Medical administrative and Sanitary Corps Officers with ASR score 70, or age 42 to nearest birthday, or entered active military duty prior to 7 December 1941. 16 mil

3. Officers are to be hereafter classified for the purpose of redeployment as follows:

a. CLASS A - (An Officer who signs the irrevocable statement to remain on active service for the duration plus six (6) months.)

7323

0572

Declassified E.O. 12356 Section 3.3/NND No. 785021

b. CLASS B - (An Officer who elects to remain in his present assignment for a definite period of time for the purpose of completing his assignment.) Officers may become CLASS B Officers by signing a certificate to remain on duty to any date they elect which falls between the dates 6 September 1945 and 5 March 1946.

c. All other Officers will, as of 1 October 1945, be declared automatically non-essential and eligible for redeployment under the point system. Such Officers will be known as Class X, for Regimental purposes only.

4. In order to clarify the position of the three classes, as indicated in paragraph 1, the following information is submitted:

a. CLASS A Officers will remain assigned to this Regiment until such time as they may be declared surplus to the needs of the Regiment. Surplus Officers of this class will be made available to the Theater Commander for reassignment within the Theater. If surplus to the Theater, they will be made available to the War Department. If declared surplus by the War Department, they will be released from active duty.

b. CLASS B Officers, as previously indicated, must sign up to remain on active duty with this Regiment for a definite period which must fall between the dates 6 September 1945 and 5 March 1946. It is to be understood that a CLASS B Officer may be declared surplus prior to his elected termination date and be redeployed. After the termination date elected, a CLASS B Officer is automatically declared non-essential and redeployed under the point system.

c. An Officer electing immediate release, and having an ASR score above 75, may not be held for any reason by his Unit Commander or Section Director, except in cases of investigations, courts-martial or medical treatment. Those Officers, known as CLASS X, become automatically non-essential as of 1 October 1945 and will be redeployed according to the point system. Officers having the highest ASR score will be redeployed first.

5. An Officer electing to remain on active duty under the classification of A or B must sign the appropriate certificate, as indicated below. The certificates are to be signed in quintuplicate and forwarded to this Headquarters without delay. Unit Commanders are directed to contact immediately all Officers in order that they may express their desire in writing. The contents of this letter are to be thoroughly explained to each Officer prior to requesting his decision. Preliminary rosters will be forwarded by the most expeditious means, to reach this Headquarters not later than 8 October 1945. This roster will clearly indicate the desire of each Officer within the Command. This roster will be followed up by a confirmation copy with the appropriate certificates attached. This directive is to be given top priority. No reason for delay in compliance will be accepted. It is to be noted that there are no provisions made for the withdrawal of a statement for CLASS A or CLASS B, once it has been submitted. A CLASS B Officer, however, may elect to change his classification to CLASS A.

6. An Officer having submitted application for release from active duty under the provisions of Circular 485 will not necessarily be affected by this directive, except as follows:

0573

Declassified E.O. 12356 Section 3.3/NND No. 785021

63

a. Officers having an ASR score of 75 or above will be released by the earliest authority.

b. Officers having ASR scores below 75 will be released upon approval of their applications under Circular 485.

7. In reference to marriage, Officers are eligible to submit applications as follows:

a. All CLASS A Officers are eligible.

b. CLASS B Officers are eligible if the processing of the application, the ninety (90) day waiting period, and the marriage can be completed prior to his elected termination date from duty. Applications now pending may be abandoned if desired.

c. No delay in shipment under the provisions of redeployment will be granted CLASS X Officers because of an outstanding marriage application. New applications may not be submitted by an Officer under this classification.

8. No Officer may, at any time, be considered eligible for promotion unless he is a CLASS A Officer. Officers contemplating promotion as a result of signing CLASS A certificate, are to be warned that signing the irrevocable statement is by no means a guarantee of promotion. There are no provisions made whereby an Officer may withdraw his certificate to CLASS A for any reason, including disapproval of promotion.

4. Sgt. B.M.STILES, ATS (Release Gp 1) ... ? November 1945

This, it is considered, will make a satisfactory reduction in staff in accordance with any diminution of work which it is anticipated will take place.

4. FIRST PHASE: It is intended that Patriots and Mine Clearance Branches will close down within 14 days after the date of the forthcoming hand-over of Northern Italy to the jurisdiction of the Italian Government. It is considered, however, that there may be some work in connection with Patriots in the provinces of UDINE and VENEZIA GIULIA. It is therefore suggested that it will be advisable to retain a staff officer (Major REAKES) who has been dealing with both these Branches in the Sub-Commission where he can :-

i) deal with matters arising out of these 2 Branches;
ii) understudy one of the officers of the Local Government Sub-Commission who is due for release with a view to taking over his work when he is discharged.

Capt. T. C. SHANKS (his assignment to other duty could be made immediately)
4 Civilians of Patriots and Mine Clearance Branches

6. SECOND PHASE: It is not considered likely that the work of Local Government Sub-Commission will decrease substantially in the 60 day period; it may even increase as the Italian elections become imminent. It is considered that the operation of the British Release Scheme will cause a sufficient reduction in personnel during this period, i.e. :-

SUBJECT : Ceilings - Officers

see No 10

TO : Distribution below

Attached is an analysis showing the intended distribution of the 1335 Officers of the Allied Commission on the liberation of all Italy.

It will be noted that :

(i) AMG Fifth and Eighth Armies are not shown. Their staff will be (a) about to enter Austria (b) absorbed into a Province of a Region.

(ii) The number of permanently assigned Officers to Umbria-Marche, Toscana and Emilia Regions is small compared with other AMG Regions. The majority of the 320 Officers earmarked for Austria will, however, be attached to those Regions until the occupation of Austria begins; by this time it is anticipated that a great part of these Regions will be under Italian jurisdiction.

In times of movement, elasticity must be maintained and while these allocations may be considered firm they are objective rather than rigid.

SUBJECT : War Establishments. 3 AUG 1944

TO : All Admin Sub-Areas.

The War Office is proposing a fixed ratio for British personnel of HQ ASC with a definite establishment for each Section and Sub-Area. It has made precise suggestions of numbers down to the rank of Lt Col and these are shown on the left hand side of the red line on the attached enclosure. The figures on the right hand side of the red line have been completed by G-1 (B) to show the British personnel of the appropriate ranks at present employed.

Your comments are required

a as the WO proposals down to Lt Col

b as to the British Staff (Majors to Lieutenants) required.

As the second question is theoretical the figures shown to the right of the red line may be ignored.

You will base your comments on the assumption that you have an equal number of WD officers at all levels.

Chief of Interior
Sub Com.
4 Mar. 1944

HEADQUARTERS
ALLIED CONTROL COMMISSION
APO 394

1 March 1944

SUBJECT: Establishment

TO : All Regions, AMG Armies, and Sections, Sub-Commissions and Branches of HQ.

1. Present Position

a. The authorized strength of the 2675 (American) Regt., ACC is 829 Officers, 15 Warrant Officers and 1045 EM. Of these, 74 EM are detached on special duty, but still carried on the strength of the Regiment.

b. The authorized strength of AMGAC, the British Unit created by War Establishment No. WA/266/1 dated 6 January 1944 is 663 Officers and 1347 ORs.

c. On the strength of the above two units is borne the whole of the personnel allotted to ACC-AMG in Italy.

d. The number of Officers scheduled to proceed to U.K. is:

American 200
British 90

The British Officers are being replaced from U.K.; similar replacements will probably not be forthcoming for the American Officers. There will be no further bulk demands for personnel of ACC for other theaters.

2. Sub-Establishment for Regions, etc.

a. The question of Sub-establishments /TOs for Regions, AMG Armies, and Sub-Commissions and Branches of Headquarters has been under consideration, and it has been decided that no attempt will be made to issue them. It is realized that this decision will cause some difficulty and uncertainty in Regions and Sub-Commissions, but the question is fraught with so many complications that it has been found impossible to arrive at any other satisfactory solution.

1566

b. The chief reason for the decision is that conditions, and with them the weight and direction of effort are and will be constantly changing. It is therefore impossible to allot personnel on any permanent basis, and it would be useless — in fact positively harmful to issue Sub-establishments /TOs which would be subject to constant amendment. Personnel will therefore be allotted by this HQ as and when required in accordance with the volume of work to the extent permitted by available numbers. All that can be said is that for the present Region I will operate with about 110 Officers, Region II with 117, and Region III will be gradually reduced to about 40 after its territory is handed over to the Italian Government.

0716

Declassified E.O. 12356 Section 3.3/NND No. 785021

Letter, dated 1 March 1944, Subject: Establishment (Cont'd)

3. Ranks and Promotion

a. The question of ranks and promotion will similarly be dealt with centrally by this HQ because it is not possible to lay down any fixed ranks for Officers or EM/OR in Regions since the total personnel will vary as territory is handed over and duties become supervisory on the one hand or operational duties increase under AMG on the other. Similarly, the volume of work in Sub-Commissions is not constant.

b. Recommendations for promotion of Officers (as to which separate instructions on the British side have been issued in Exec Memo No. 19) will therefore be submitted without regard to whether there is or is not a suitable assignment in a higher rank in the particular Region, Sub-Commission, etc., in which the Officer being recommended happens to be serving at the time.

c. Instructions regarding the promotion of both EMs and ORs are being issued shortly.
