TO WHOM IT MAY CONCERN.

Dr. Martin Bendheim has been employed in a clerical capacity in the office of this unit during the months January, February and March 1944.

He is a good typist, a reliable and accurate worker, and has at all times carried out his duties in a very satisfactory and conscientious manner.

He has a sound knowledge of languages, and is very efficient as a translator.

I have always found him to be strictly honest, and his character of the highest integrity.

As it is known to Col. Spicer and Cpt. Temple I am compelled to go every morning in the hospital for medical treatment of the big abscess about which I have avoided an operation in consequence of which it would have been necessary to remain several weeks in the hospital. In this manner I was present every day and I beg to excuse my daily retard because I am dependent of the doctor and his medication. Arrival 9.07 hrs.

April 1st. 1944.
