15 July 1946

The bearer of this letter, Mr. Rinaldo Mattiello, is well-known to me as he has been employed in this Sub Commission since 17 April 1946 as Technical Interpreter. However, owing to the closing down of this branch of the Allied Commission he is looking for a new position.

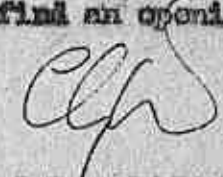

The activities of our Branch have been concerned with the re-organization of the Italian Local Government and the preparation and conduct of the administrative and national elections. Mr. Mattiello's work has involved the making of translations, the drawing of important charts referring to the recent political elections, and the compilation of statistical and numerical reports and graphs in connection therewith.

He was classified as a Technical Interpreter only on account of the Sub-Commission being already regularly staffed, even though Mr. Mattiello had already worked for Allied Commission - Milan as a Junior Administrative Assistant. He would have been re-classified now to such a status in view of his great ability and the very satisfactory nature of his work, but for the closing down of this Sub-Commission.

I am writing this letter of recommendation to help him find congenial employment. I recommend him very strongly for a position in your organization suitable for his capabilities and I shall be gratified if you will be able to offer him such.

I venture to say that you will be fortunate in securing his services as he will prove an invaluable and loyal assistant. He is very intelligent and capable and his zeal for work is much beyond that called for by ordinary duty.

I trust that you will be able to find an opening for him in your organization.
