Subject: Prefect dott. Guido BROISE

Prefect Guido Broise of Ascoli Piceno has informed that when he was appointed Prefect in June 1943, he left Bolzano where he was holding office as Vice-Prefect, leaving all his furniture in the house, which also seems to have been damaged by air-raids.

He begs to point out his necessity to ^{go} up to Bolzano to make sure of what happened and recuperate anything he can.

We now beg the Allied Commission to kindly grant Prefect Broise the prescribed permits as soon as the general dispositions issued on this subject will make it possible.

The above mentioned Prefect has, as an identification document, the railway-book n. 32211.

Egli fa presente la necessità di potersi recare a Bolzano per accertare e recuperare quanto sarà possibile.

Si prega codesta Commissione di voler cortesemente fargli rilasciare il prescritto permesso, non appena sarà consentito dalle disposizioni di carattere generale impartite in materia.

Il Prefetto è munito, quale documento personale, di libretto ferroviario n° 32211.

SUBJECT: Note of Interview - Ministry of the Interior

DATE: 15 May 1945 - 1100 hours

PERSONS: R. E. Amilberto BURNI, Chief of Cabinet;
 Gen. Andrea GATTI, Vice Chief of Cabinet;
 Col. R. E. Crippa, Director; Major Ralph R. Temple, Deputy Director;
 Lt. D. MENDINI, interpreting

1. RECOMMENDATION FOR VICE PREFECT VINCENZO FOR VERONA
 BURNI said that the name of the nominee would be furnished today.
2. ONE RECOMMENDATION FOR PREFECT IN THE NORTH
 BURNI was given the list of nominations to date and informed that the appointment of PREFECT for Prefect Region of Bologna has actually been made. He said that he was personally acquainted with the CRI nominee for Mantova--AVANTI. Col. Crippa mentioned that we had been informed that MENDINI, the Government's nominee for Prefect of Parma, had refused to take the post. BURNI exhibited much surprise and said he would try to find out what the story was on this matter. Col. Crippa informed him that we had received no written confirmation of this fact as yet.
3. RECOMMENDATION OF BURNI FOR COMMISSIONER OF ELECTORAL LIST IN ARE VERONA
 BURNI said that he expected the decree to be published in a week.
4. DELIVERY OF ELECTORAL MATERIAL
 BURNI stated that he would communicate with the Prefects of Varese, Ascona and Taroni to ascertain whether the delivery of electoral forms had been made to those provinces.
5. GENERAL CHIEF'S LETTER OF 19 APRIL CONCERNING ELECTION MATTER
 BURNI stated that BURNI's letter of April 23 was in fact a reply to the letter of April 19, although he had informed Major Temple last week that it was not. He had checked on the situation. However, he agreed that the response was very general because the Government was not in a position to take up the details mentioned in the Chief Commissioner's letter. He realized that those details went to the heart of the problem and stated that a more detailed letter could be sent very shortly taking up directly the points mentioned.
6. RECOMMENDATION FOR ITALIAN COMMISSIONER TO PROSECUTE TO ITALY
 BURNI said he knew nothing about the movement order being issued by the Ministry to MARIO Geronzi, Capo di Gabinetto of Amma, to proceed to Udine to take up his former duties there. He said he was fully aware of the fact that no such order was proper. However, at our request he would check with the Personnel Division to ascertain whether any functionary in the department issued such instructions.

REQUEST FROM MINISTRI DI AGRICOLTURA PERMESSI DI PROSEGUIRE LAVORI PER PERSONAL PERSONE

The request of an official named LIVORI to proceed to Rome for personal reasons was mentioned. BASSANI said that hundreds of such requests are coming in. Col. Grieco mentioned that permits would shortly be issued by the Italian Government itself and that they would have to dispose of the matter without any assistance on our part. BASSANI took back the letter concerning LIVORI and said they would dispose of it themselves.

8.

ARCHIVES

In response to the question as to what was being done in connection with the Government's archives in Verona, BASSANI mentioned that the Government's archives were partly distributed in other provinces, too. Furthermore, he stated that the Chief Commissioner had agreed with the Prime Minister to permit a party representing several Ministries on May 27 to proceed North in order to locate and protect the Government's archives.

Hand back to BERNUTI the original letter from the Ministry requesting authorization for a former official of the Prefecture of Combe-Livoi to proceed to Combe for personal reasons. Explain to BERNUTI that at the present time, we are trying to discourage any movements at all, except where an official request comes in from the Regional Commissioners for persons to take up jobs. We would appreciate it if they would refuse to entertain any such requests for the time being.

SUBJECT : Movement of civilians to the North.

TO : All CA Sub-Commissions

- 1 Heads of Sub-Commissions are warned to expect strong pressure from Ministers and other Italian civilians for permission to enter the North directly it is liberated.
- 2 Such pressure will be resisted.
Movement of civilians is entirely a military matter and, until such time as the usual restriction are lifted, all travel into Army Area is controlled by the responsible SCWO or Regional Commissioner who alone can issue the necessary pass.
- 3 Applications will pass through Public Safety Sub-Commission as usual. Other Sub-Commissions can however, assist very materially by refusing to endorse applications which are not essential to the Allied war effort.

SUBJECT : Control of Civilian Movement.

TO : Regional Commissioners,
Regions I, Southern, IV, V, VI, VIII, IX, X, XI, XII.
S.C.A.O.'s 5th and 8th Army.

1. A complete set of instructions (Executive Memorandum No. 77) dealing with restrictions on civilian movement is forwarded for the guidance of all concerned.
2. As the instructions are lengthy and involved, the following brief sketch may be of assistance in determining the broad outlines of the control, but officers issuing passes must refer to the detailed instructions which alone are authoritative.

3. Zones and Boundaries.

Three zones and two boundary lines affect civilian travel in Italy:

- (i) The Army Zone (north of the Rear Army Control Line)
- (ii) Rear Army Control Line.
- (iii) The Restricted Zone (between Rear Army Control Line and Restricted Line)
- (iv) The Restricted Line.
- (v) The Free Zone (South of the Restricted Line)

(See diagram Appendix "A")

The boundary lines are liable to change.

4. A civilian cannot cross either of the boundary lines without a pass. As to movement within the zones, see para 5.

- 4. A civilian cannot cross either of the boundary lines without a pass. As to movement within the zones, see para 5.

5. Restrictions within the Zones.

(a) Army Zone.

No civilian may travel more than 10 km. or enter or leave the zone without a pass approved by A.M.G. Fifth or Eighth Army. When, however, a province within the Army Zone has been handed over to Regional Control, the competent authority to issue a pass is the Provincial Commissioner of the Province concerned, and not S.C. A.O. 5th or 8th Army.

Requests for passes to enter the Army Zone will not be considered unless the journey is in the direct interest of the war effort.

(b) Restricted Zone.

No civilian may travel from one province to another without a pass issued at the point of departure.

It will be noted that the Restricted Zone is partly under the control of A.M.G. and partly under the control of the Italian Government. The same restrictions apply in both portions of the zone.

- 2 -

(c) Free Zone. Movement is unrestricted except between the islands of Elba, Sardinia, Sicily and the mainland. Passes will be issued at the point of departure. A pass is also required to move from the Free Zone to either the Restricted or Army Zone.

6. Passes.

(a) Passes will be issued sparingly and with due regard for travel facilities available. They will under no circumstances be issued to parties of refugees, except with the prior approval of Refugee Branch, HQ. ACC.

(b) The only pass recognised by the police is the standard yellow "Movement of Civilians" Pass.

7. The whole scheme for controlling civilian movement will be jeopardised unless uniformity is preserved by complying with the detailed instructions issued.

This territory approximately covers the Army and Corps areas.

- (ii) Civilians residing outside the zone who wish to cross the control line into the Free Zone will make application for passes to the Quartier or ABC/100 office at the point of departure. - (v) The issue of passes will be strictly limited to those cases where the journey will directly benefit the Allied cause, and applications must not be restricted to SACR Staffs or Provincial Commissioners' zones, in such cases.
- (vi) There, in cases of extreme urgency, the passes obtained in accordance (ii) will be issued without delay to the zone factor, the passes may be issued at the point of departure providing prior approval is obtained from the SACR or P.C. concerned by signal or telephone. (iv) In AGC Territory in the Restricted Zone, Provincial Commissioners may authorize specified approved officers of the Quosture and CC-RR to issue passes for travel south of the Rear Army Control Line.

(v) It is emphasized that civilians wishing to cross the Rear Army Control Line must be in possession of passes issued by SCAG/Provincial Commissioner within the Army Zone.

Passes may be issued as under subparagraph (b).

(a) Commune of Naples.

Freedom of Movement exists between the Commune of Naples and the surrounding Italian Government territory subject of course to the general instructions contained in this memorandum.

7. Passes.

(a) Form of Pass.

The standard form of civilian pass (below with two duplicate) will be used. No other form will be accepted, with the exception of the authorization mentioned in paragraph below.

(b) Completion of Pass.

It is necessary that uniformity shall be observed in the wording of facilities granted and therefore the following instructions will be strictly observed:

- (i) Passes will be completed in ink or typewritten - pencil will not be used.
- (ii) The identity card number of the bearer will be endorsed on every pass at the time of issue.
- (iii) All amounts, weights, sizes, involving the use of figures will be written in words as well as figures.
- (iv) The precise nature of the journey must be clearly defined, and the nature and quantity of goods to be carried must be stated.
- (v) No pass shall be issued in one province to enable persons to purchase "excess" goods in another province without the prior approval of the Provincial Authorities concerned.
- (vi) Particulars of motor vehicles will not be recorded on the passes unless a motorvehicle circulating permit covering the use of the vehicle has already been issued for the journey in question.
- (vii) Permission to travel during hours of curfew will be granted only in exceptional circumstances.
- (viii) The limit of availability of the pass shall not exceed the minimum of time necessary to complete the proposed journey and to transact the applicant's business. If unforeseen circumstances render an extension necessary the officer amending the pass will advise the original office of issue of his action. All amendments to, or endorsements upon, passes (e.g. with regard to extension, validity or duration) will be made on the back of the pass, and worded simply and clearly so that no question of ambiguity arises. In the case of the Army areas, however, passes will not be made out for indefinite periods nor for more than one specific journey.

8. Emergency Passes issued by Military

It has been agreed with the fact that if a responsible Allied Military authority has occasion to employ a civilian on a particular operational or intelligence task requiring the issue of a pass and if it is impracticable, owing to the time factor or other circumstances for the appropriate AGC/MAE pass to be obtained, the military authority concerned may make out a temporary pass for the purpose. There will rarely be occasion for this type of authorization.

9. Issue of Travel Tickets

(vii) Permission to travel during hours of curfew will be granted only in exceptional circumstances.

In the case of the Army areas, however, passes will not be made out for indefinite periods nor for more than one specific journey.

8. Emergency Passes issued by Military

It has been agreed with AIR that if a responsible Allied Military authority has occasion to employ a civilian on a particular operational or intelligence task requiring the issue of a pass and if it is impracticable, owing to the time factor or other circumstances for the appropriate AIR/RAF pass to be obtained, the military authority concerned may make out a temporary pass for the purpose. There will rarely be occasion for this type of authorization.

9. Issue of Travel Tickets

Allied Control Commission officers will ensure that transport tickets are not issued by the railway authorities or other travel agencies to places within restricted areas unless the persons applying for tickets are in possession of a proper pass to their intended destination.

10. Italian Government Officials

(a) Government Officials of the Central Italian Government

The method of issuing passes to Government officials of the Central Italian Government will be as follows: the official will apply to the corresponding ACC Section, Sub-Commission or Branch for a pass. If approved, Sub-Commissions or Branches of the Administrative, Economic and R.C. & M.C. Sections, will forward the passes in duplicate through their Sections, to the Secretary-General for signature. In the case of the Political Section, independent Sub-Commissions and Public Relations Branch, passes approved by them will be forwarded direct to the Secretary-General for signature. All passes will be made out in duplicate on the standard yellow and blue forms, and the duplicate will bear the following endorsement, before they reach the Secretary-General:

" The facts set forth in the application for this pass have been verified and the provisions of Executive Memorandum No. 77 have been fully complied with. "

(b) Special passes for Ministers of the Central Italian Government.

Passes for Ministers of the Central Italian Government will be prepared by appropriate Sub-Commissions and Branches (in duplicate) and forwarded through their Section to the Secretary-General for signature. Standard ACO yellow and blue passes only will be used, and they will cover movement anywhere south of the Rear Army Control Line. They will be valid for a period of three months, expiring 31 March, 31 June, 30 September and 31 December, and will bear the following endorsements:

" See.....(designation of office) is hereby authorized to proceed to any part of Italy south of the Army Control Line. He should be given every facility and courtesy".

After signature by the Secretary-General the passes will be forwarded by him to HQ. Adm. G-1(b) for countersignature.

11. Italian Military Personnel.

The movement of members of the Italian Armed Forces is unrestricted provided they are on duty, in possession of proper credentials, and subject to certain regulations which have been laid down by the Allied Military authorities (with which the Italian Military authorities are conversant). The Italian Armed Forces when not on duty, e.g. when on leave, are subject to the same restrictions as civilians.

In the case of Italian Armed Forces moving north of the Rear Army Control Line, the credentials will be countersigned by MILA, ACO, or MILA Liaison Officers, General Staff (Br), or G-2 or G-3 Sections (US). The countersignature will be accompanied by the office stamp of the officer countersigning.

Demobilisation papers will be regarded as proper credentials for movement south of the Rear Army Control Line for the original journey home on discharge.

Demobilisation papers will be regarded as proper credentials for movement south of the Rear Army Control Line for the original journey home on discharge.

The Italian Supreme Command has instructed Italian Service Commanders that, in the case of Italian Military Personnel:

- (a) military leave passes to places requiring movement passes will be issued only after the civilian movement pass has been obtained and the two passes can be issued together.
- (b) leave will not be granted to places in the Army Zone.
- (c) movement passes will be obtained from the Allied Control Commission on the question by the Commanders concerned under arrangements made with local AOC offices.

12. (a) Vatican Officials and the Diplomatic Corps.

Applications for passes from Vatican Officials and the Diplomatic Corps will be dealt by the Liaison Officer, HQ. AOC and Political Section, respectively, in the manner outlined in paragraph 10 (a).

-6-

(b) Journalists

Bene fide Italian Journalists are issued by the Public Relations Officer, HQ. ACC, with a green card "TESSERA DI RICONOSCIMENTO". This card bears an endorsement on the back to the effect that "the bearer is permitted to travel in liberated Italy to circulate after curfew and to enter official premises occupied by Allied Control Commission in Liberated Italy. This does not apply to Army areas." This tessera and endorsement will be considered to be the equivalent of the standard pass in the Restricted and Free Zones, but a standard pass will be required in addition to the tessera to enter the Army Zone.

13. Semi-permanent Passes

In the case of persons living near a Provincial boundary and whose place of employment is in, or partly in, an adjoining Province or Provinces, a semi-permanent pass may be issued and such passes shall expire on 31 March, 30 June, 30 September and 31 December annually, and then become renewable upon further application. Such passes may also be issued to all persons who have sufficient reason for frequent travel between Provinces. This provision will not apply to Army Areas.

14. Military Travel Authorizations (to travel outside Italy)

Applications will be dealt with in accordance with Executive Memorandum No. 61 dated 25 May 1944.

15. Refugees

Passes must not be issued to refugees except when coordinated with Regions concerned, or in accordance with policy laid down by Refugee Branch, HQ. ACC.

16. Check Posts(a) In Allied Military Government Territory

In the Army Zone and in territory administered by Allied Military Government every effort will be made to enforce the above restrictions by means of a widespread system of "snap" check posts, which will be established for a few hours daily at irregular times and at varying points. The responsibility of arranging such checks will rest with the Military Authorities.

The object of these check posts will be :

(i) to turn back those seeking to move outside the prescribed limits without a pass.

(ii) to take action against those who have committed serious and frequent breaches of the regulations.

Applications will be dealt with in accordance with Executive Memorandum No. 61 dated 25 May 1946

15. Refugees

Passes must not be issued to refugees except when coordinated with Regions concerned, or in accordance with policy laid down by Refugee Branch, HQ, AGC.

(a) In Allied Military Government Territory

In the Army Zone and in territory administered by Allied Military Government every effort will be made to enforce the above restrictions by means of a widespread system of "snap" check posts which will be established for a few hours daily at irregular times and at varying points. The responsibility of arranging such checks will rest with the Military Authorities.

The object of these check posts will be :

- (i) to turn back those seeking to move outside the prescribed limits without a pass.
- (ii) to take action against those who have committed serious and flagrant breaches of the regulations.
- (iii) to question or detain for investigation persons whose conduct or "story" is suspicious.

(b) Italian Government Territory

In territory administered by the Italian Government a similar system of "snap" check posts will be established. In this instance, however, the objects will be limited to :

- (i) briefly questioning those passing the point with a view to discovering suspicious individuals who should be subject to further interrogation and investigation, and
- (ii) instilling a sense of insecurity in the minds of agents or other undesirable individuals so that they may hesitate to move about or even abandon their mission.

-7-

(c) Organisation and Composition

This system of check posts will be organised by Army, Corps, District and Base Section Headquarters and not by AMG/LOC, both in Military Government and Italian Government territories.

These check posts will normally be manned by appropriate combinations, according to circumstances of FSP/CIO, SIM (CS), CC.RR and Guardia di Finanza.

Every effort will be made by Allied Control Commission Officers to ensure the fullest co-operation of the Italian Police in connection with these duties.

17. Any future alterations to these regulations, which are now to be considered as standard, will be issued in the form of amendments to this memorandum.

Ancona 10 agosto 1944

Ecc.mo Sig. Col. Nichols

sono stato informato che la radio italiana ha comunicato la notizia della mia nomina a membro della Commissione di epurazione governativa.

L'impossibilità di ascoltare la radio, a causa della mancanza di energia elettrica, e, ancora maggiore, quella di avere qualsiasi comunicazione ufficiale o privata da Roma, non mi permettono di giudicare sulla entità della notizia stessa, che mi è pervenuta per via indiretta.

Si rende pertanto necessario che io mi rechi a Roma per intendermi personalmente con il Presidente del Consiglio Italiano.

Le aggiungo inoltre che essendo io, se non il più vecchio certo fra i due o tre più vecchi parlamentari italiani, è di somma importanza una intesa con i miei amici del Governo, onde svolgere, qui nella mia regione, una azione efficace intesa ad una sempre più consapevole collaborazione con il Comando Militare Alleato.

La prego quindi di volermi concedere il permesso di recarmi a Roma.

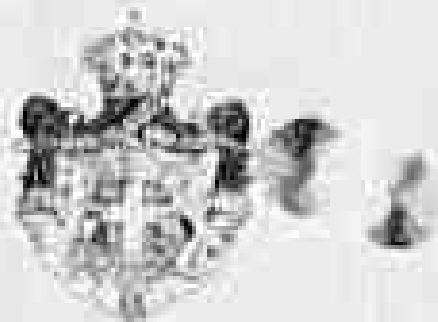

Con osservanza

CONTROL OF CIVILIAN MOVEMENTMinutes of Meeting - 17 July 1944ACTION1. Movement into Army Areas, i.e. North of the Army Control Line

It was agreed that the following procedure, which was in most points already in operation, should be followed:

a) ACC Officers: Permission must be obtained from the SCAO of the Army before the journey is made, if possible. In case of emergency, it is permissible to proceed to HQ, Army and there report.

b) Italian Civilian: Normal procedure to be followed as laid down in General Order No. 24 (this General Order is fully explained in 316/76/CA of 26 April 1944).

c) Italian Government Officials: Important officials of the Italian Government may be granted passes at the point of departure which will in most cases be Rome. The SCAO Army will be consulted, if possible. In cases of emergency it is permissible for Italian Government officials to proceed to HQ, Army ACC, without such consultation, and there report, but a pass must be first obtained from HQ ACC.

ACC wished for the Army Control Line to be clearly marked, which was not the case at the present. If this was done it would assist Italian civilians and Allied officer who did not realise when they were on the wrong side of the line. AAI wished to consider this.

2. Movement between Rome and Naples.

a) An attempt had been made to persuade Hq. AAI to relax movement south of Rome, but the request was turned down. Free movement, therefore, in the Provinces south of the Army Control Line but north of Italian Government territory and all Provinces of Region III was now confined to Provinces. Movement from one Province into another required the usual permit. Since this was an order by AAI, ACC would do their utmost to assist the Military Police in the enforcement of this control. AAI were specifically required to provide an Army M.P. Patrols as could be made available and to ensure that such patrols were fully instructed as to their liaison duties with the Carabinieri. A.C.'s would give as much assistance as possible to the Military Police in this task.

b) The chief difficulty was experienced in connection with civilian trucks sent from Rome to collect foodstuffs for the city from the Naples area. This was being dealt with by Rome Region, Region III, Region IV, and the Food Sub-Commission. It was considered that in addition to the normal movement pass for each civilian a special pass was required for each truck that left Rome and this was being done. Rome Region also undertook to exercise a strict control of trucks coming into Rome from outside. Region III expressed themselves satisfied provided the above precautions were strictly carried out.

c) There was considerable movement reported from Region II into Region III. Two parties containing 475 refugees without passes arrived by train in Naples. It was agreed that this should be taken up by Adm. Section with the Italian Government, and also by the Refugee Branch with Sig. Zaribori.

d) Col. Chapman raised the question of supplying petrol for the return journey from Naples to trucks arriving from Rome. He was so short of petrol that he had none to issue. R.O.'s noted this point and it was suggested that Col. Chapman should take up the matter with Economic Section direct.

e) The notice published in poster form in Rome saying that there was free movement south of Rome would have to be withdrawn and countered by a press campaign of equal publicity. Civil Affairs Branch, P.R.O., Region IV and Rome Region were to arrange.

Foggia Province said that he would not be able physically to deal with the issue of passes. He therefore requested that permission be granted to delegate this power to the Questore. AAI promised to consider and let us have a reply.

SUBJECT: Control of Civilian Movement.

23 : Regional Commissioners Regions I, II, III, V, and VI.
S.O.S. VISITORS & IN THE LINES.

1. Introduction.

It is evident that the enemy intends to continue his efforts to introduce espionage and sabotage agents into Southern Italy on a considerable scale. In order to meet this threat and to neutralize as far as possible the activities of such agents, it has been decided that a wider and more effective system of control of civilian movement will be introduced.

Allied Control Civilian Officers are therefore requested to inform the Military Security Services every possible authorities, and to see that the restrictions referred to herein are properly and strictly imposed.

2. Restrictions.(a) Army and Army Areas.

In the Army (and Army) areas the existing regulations will continue to apply whereby civilian is forbidden to travel more than 10 km. from their own homes without an A.C. pass.

The civilian who wish to prevent the Army areas will require a special pass which will normally be issued by the A.C. authorities of the area into which they intend to travel.

(b) territory under IIC.

In territory under Allied Military Government in rear of the Army (and Army) areas, restrictions on civilian movement are to be imposed. In particular, I.C. of the lines in this area will be forbidden to travel from one province to another without an A.C. pass.

(c) Italian Administrative Territory.

4276

which rights, it has been a matter that a wider the more effective protection of control of civilian movement will be introduced.

Allied Central Commission Officers are authorized to request to search the Military Security Services every possible assistance, and to see that the materials remain reserved to provide the property and security is good.

2. Notification.

(a) Italy and German borders.

In the case (see page) some the existing regulations will continue to apply whereby officials on an Italian passport to travel more than 10 km. from their own homes without an exit permit.

These provisions will wish to travel in the area will require to obtain a special pass which will normally be issued by the local authorities at the area into which they intend to travel.

(b) Passports and other documents.

In Germany under Allied Military Government the issue of the new (and German) passport, restrictions in the German passport is to be suspended for the period 1.1.44. It is known in this area will be subject to travel from one province to another without an exit permit.

(c) Italian Unilateral Restrictions.

There will be no restriction on movement within that part of Southern Italy which is administered by the Italian Government, nor within Sicily and Sardinia. In these control German passport will, however, be required for movement between Southern Italy, Sicily and Sardinia, and also for all movement from the territory into Italy's Italy and vice versa.

3. Check points.

(a) In Restricted Areas.

Italy (and Germany) areas and in the area administered by the Military Government every effort will be made to enforce the above restrictions by means of a continuous system of 'stop' check points, which will be established for a 24 hours daily at regular times and at varying points. The maximum number of stopping such areas will not exceed 100,000 or 100,000 units.

The object of these check posts will be: (i) to turn back those seeking to move outside the prescribed limits without a pass, (ii) to take action against those who have committed serious and flagrant breaches of the regulations, (iii) to question or detain for investigation persons whose conduct or "story" is suspicious.

(b) In Unrestricted Areas.

In territory administered by the Italian Government a similar system of "snag" check posts will be established. In this instance, however, the objects will be limited to (i) briefly questioning those passing the point with a view to discovering suspicious individuals who should be subject to further interrogation, and investigation, and (ii) assisting a non-CC or Fascist in the arrest of a deserter or other undesirable individuals so that they may hesitate to move about or even abandon their mission.

(c) Organization and Composition.

This system of check posts will be organized by Army, Corps, District and Base Section Headquarters and NOT by AMG/ACC, both AMG and ACC territories.

These check posts will normally be manned by appropriate combinations, according to circumstances of P.S.P./C.I.C., S.I., (C.S.), CC.RR and Guardia di Finanza.

Every effort will be made by Allied Control Commission officers to ensure the fullest co-operation of the Italian Police in connection with these duties.

4. Passes.

(a) Army Areas and Forces.

In the case of persons wishing to move North-Westwards across the "Control Line" (which follows the general line of the River Mifuro and Volturno) or to enter Foggia Province, the existing procedure will normally be followed whereby they must first obtain (through their local AMG/ACC representative) a pass issued by the appropriate AMG authority in the area of their destination.

(b) AMG Provinces.

For other journeys involving movement into, or between, Provinces within the restricted area (e.g. from Bari to Avellino or from Benevento to Avellino), a pass must be obtained from the appropriate AMG authority in the area of their destination.

These check posts will normally be manned by appropriate combinations, according to circumstances of N.G.P./S.I.C., S.I.P. (S.I.), C.E.R. and Guardia di Finanza.

Every effort will be made by Allied Control Commission officers to ensure the fullest co-operation of the Italian Police in connection with these duties.

4. Passes.

(a) Army Areas and Forts.

In the case of persons wishing to cross North-Westwards across the "Control Line" (which follows the general line of the River Piave and Volturno) or to enter Foggia Province, the existing procedure will normally be followed whereby they must first obtain (through their local AM/ACC representative) a pass issued by the appropriate AMO authority in the area of their destination.

(b) AMG Provinces.

For other journeys involving movement into, or between, Provinces within the restricted area (e.g. from Bari to Avellino or from Foggia to Naples) a pass will be issued by the local AM/ACC representative at the point of departure.

(c) Discretion of Provincial Commissioner.

The procedure described in para (b) above may be employed in cases described in (a) above when, for urgent administrative, economic or other reasons, the procedure described in (a) would be impracticable owing to the time factor. In such cases the passes will be issued by the Provincial Commissioner or by a member of his staff on his behalf who will immediately forward details of the issue of such passes to the AMO or PO of the area of destination.

(d) Reasons for Travel.

It is essential that the issue of passes to cross the "Control Line" or to enter Puglia Province be strictly limited to those cases where the journey will benefit the Allied cause, or where there are important administrative or economic reasons, or in exceptional cases, where there are urgent compassionate grounds. The issue of other passes will be limited to persons who show good and genuine reason why they wish to travel, whether on official matters, business or family grounds.

(e) Issue of Travel Tickets.

Allied Control Commission officers will ensure that transport tickets will not be issued by the railway authorities or other travel agencies to places within restricted areas unless the persons applying for tickets are in possession of a proper pass to their intended destination.

(f) Italian Government Officials.

Passes for Italian Government officials will be issued by the Headquarters and signed by the Secretary General or by the Deputy Secretary General, Allied Control Commission, and will be issued after consultation has been received from the Government Department concerned or from Italian Liaison Section, Allied Control Commission, and considered by the appropriate Sub-Commission who will be responsible for examining the application as to actual necessity for the proposed journey. Such passes will be prepared for signature by the Sub-Commission concerned.

(g) Italian Military Personnel.

The movement of members of the Italian Military Forces is unrestricted providing they are on duty and in possession of proper credentials. The Italian Military Forces when not on duty, e.g. when on leave, are subject to the same restrictions as civilians.

(h) Issuing Officers.

It will be within the discretion of the Provincial Commissioner to authorize specified and approved officers of the Quersera or CC.25 to issue passes for inter provincial travel. It is emphasized, however, that passes permitting persons to enter the Army areas or Puglia Province must be issued by AUS/ACC officers.

SUBJECT: Control of Civilian Movement - Entry into City of Rome
and Fifth Army Area.

TO : Distribution below.

1. It is anticipated that numerous applications will be made by civilians as well as by Italian officials for permission to enter the City of Rome and Fifth Army area.
2. The granting of such permission will depend upon the military operations in progress and upon the expediency of allowing additional civilians into Rome which is already seriously overpopulated.
3. Such permission will be given subject only to the following conditions which must be strictly observed.
4. For this purpose the control of movement will operate in three phases:

Phase I in which all movement into the City of Rome as well as into the Fifth Army and Corps areas will be prohibited without the prior approval of C.C.S. HQ. A.A.I. This phase is already in operation and applies equally to Allied personnel as well as to civilians. Special instructions as to members of A.C.C. are contained in 750/2/CA of 5 June 1944.

Phase II in which for purposes which are essential and which will assist the prosecution of the war, and for the only, permission may be given by A.M.G. to Rome or Fifth Army for entry into the City of Rome or into those Provinces which are still part of Fifth Army or Corps areas. Where members of the Italian Government or essential Italian officials are concerned, or in other exceptional circumstances, application may also be made to this Headquarters. In cases of Italian Government officials applications will be made to the Secretary General's Office in accordance with the existing practices. The Secretary General will pass these applications to R.C. & M.G. Section. All other such applications for travel which satisfy the AME/ACC Officer to whom they are presented, must be forwarded to Security Branch of the R.C. & M.G. Section where the matter will either be dealt with or referred to the AME of destination.

The date on which Phase II will operate will be notified as soon as possible.

Control of movement will operate in three phases:

Phase I in which all movement into the City of Rome as well as into the Fifth Army and Corps areas will be prohibited without the prior approval of C.C.S. personnel as well as to civilians. Special instructions as to members of A.C.C. are contained in 750/2/Ci of 5 June 1944.

The date on which Phase II will operate will be notified as soon as possible.

Phase III in which in addition to purposes authorized during Phase II, civilians will be permitted to travel for urgent business or domestic reasons. Such permission depends upon the position of the Army Control Line and will be dealt with in the same way as travel into A.M.G. Provinces is controlled at the present time. The date of Phase III will also be notified and will commence at the conclusion of Phase II.

4. PASSES FOR ALL PERSONNEL: 1. Application for passes for Italian Civilian and Italian Military personnel travelling on WD Vehicles and on the Daily Courier from this HQ to Naples will be submitted to the Office of the Adjutant or Asst Adjutant Room #5, if possible, 24 hours in advance but in no case later than 1 hour prior to the departure time of the WD Vehicle or the Courier.

Lately, there have been many applications for such passes received immediately before or at the time the Courier is about to leave, thereby causing the despatch of the Official Mail to be delayed. Applications received after the above mentioned time will be held over for the subsequent courier.

2. It is also brought to the attention of all those requesting passes for Italian Civilian and Italian Military personnel travelling in WD Vehicles on the Daily Courier to Naples that these Italians must be in possession of their Identity Card or other Identifying Documents. To The Interior Minister

By Royal Decree, in course of publication, the silver-medal for civil valour was granted to His Ecc. the Archbishop of Manfredonia Comm. Andrea Casarano.

In consideration of his very wonderful conduct during the German occupation at Manfredonia, during which, because of his intervention, often with personal risk, he saved many lives and hindered the Germans in their work of destruction and ruin.

I would be very glad to give to him, myself, the concession Patent.

Then I must go to the forward-line as far as Manfredonia, I beg this Commission to make the necessary arrangements for my way to that Province.

The Minister.

Con decreto Reale in corso di pubblicazione è
stata concessa medaglia d'argento al valor civile
a S.E. l'Arcivescovo di Manfredonia, Mons. Don.
ANDREA CESARANO.

In considerazione della sua veramente mirabile
condotta tenuta durante l'occupazione tedesca a
Manfredonia, dal 9 al 26 Settembre 1943, in cui il
suo intervento, spesso a rischio della propria,
salvava numerose vite umane, e riusciva ad impedi-

in una prossima favorevole occasione il brevetto
di concessione a S.E. Mons. Cesarano.

Dovendomi perciò recare in zona d'operazione,
e precisamente a Manfredonia, prego codesta On.le

20 May 1944

SUBJECT: passes for Italian government officials

TO : Security Branch

1. Reference is made to your SP/311.5/378.07 dated 8 May 1944. It is regretted that the matter is still not clear to this sub-commission.

2. This is an application by the Minister of the Interior in person. It is obviously important to the proper discharge of his ministerial functions that he should be able to maintain contact with the prefects and other provincial officials who will some day come under his control and about whom he is frequently approached by A.C.C.

3. The Minister also asks for passes for his two Under-Secretaries of State, who are his immediate deputies, and for his private secretary, who is the Minister's personal assistant and who usually accompanies him on his visits.

4. I consider that the circumstances justify the issue of semi-permanent passes (as per PC and MC Circular 316/76/CA of 26th April 1944, para 4(1)) for all the four Italian officials in question, authorizing them to travel anywhere in AMG territory with the exception of the Army areas. With respect to the areas under control of the SCAGs of 5th Army and 8th Army, I consider that the Minister and his subordinates should make a separate application on each occasion when they wish to enter one of the Army areas.

5. Will you please state whether the procedure described in para 4(f) of PC & MC Circular 316/76/CA is to be used for the issue of semi-permanent passes in the circumstances described above?

6. Will you please also state whether the same procedure under para 4(f) is to be operated if and when an Italian official applies to this sub-commission for permission to travel into an Army area on a specified occasion.

1. With reference to your letter of 1st May 1944 Ref. ACC/70/2/INT concerning the issue of passes to Italian Government officials, there does not seem any objection to "semi-permanent" passes being issued as set out in (i) of par 3 of circular 316/76/CA when appropriate.

1. Reference is made to your AOC/20/3/Int dated 3rd May, and to previous correspondence.
 2. Upon investigation it appears that the Minister of the Interior and his party did visit Italian Army units in the Eighth Army area last week.
 3. Since the purpose of the journey was to visit Italian troops the Minister of the Interior correctly applied for and obtained the necessary permission through the Italian Military Liaison Officer attached to Eighth Army and the Operations Branch of the Army H.Qs. It appears that by arrangement with the Operations Branch the Minister and his party were met and escorted when within the area, and that the whole matter was properly conducted through the normal channels, but the visit being of a military character, A.M.G. were not informed.
 4. To avoid a repetition of this incident, Operations Branch Eighth Army have undertaken to inform this H.Qs in future whenever they authorize civilians to enter the Army area for military purposes. The authority to grant permission for civilians to enter the Army area for other than military purposes remains, of course, as heretofore with A.M.G. Eighth Army.
 5. The confusion which arose over the matter is regretted, but is mainly due to the fact that your original signal did not indicate that the Minister's visit was of a military character and consequently no enquiries were made to ascertain whether approval had been given by the Army authorities.

SUBJECT: Visit of Minister of Interior to Army Area.

TO : SAC, 5th Army

1. Late on the afternoon of Monday, 1 May, the Italian Liaison Officer here made application to this sub-commission for passes to enable the Minister of Interior, Signor Salvatore Aldisio and his private secretary, Signor Giuseppe Orlandi, to travel from Salerno to Capua on 2 May. It was stated that the Minister had arranged through the Italian Comando Supremo to visit the Italian troops on that day and that the area to be visited was that of 8th Army, - that AMB 8th Army had consented - and that an AMB officer would be waiting at that point with passes to enable the Minister's party to go on from Capua into the Army area.
2. It appeared possible that the Minister had made a mistake and that the area he really wanted to visit was that of 5th Army and on further enquiry, it was stated definitely that it was 5th Army that was concerned.
3. This sub-Commission had no direct evidence, other than that of the Italian Liaison Officer's verbal statement, of the consent of SCAC concerned. Moreover, the Minister was not in possession of his identity card, and could not state its number. For these reasons, the application for passes from Salerno to Capua was submitted to the Deputy Chief Commissioner ~~and~~ decided that the application could not be granted. The Italian Liaison Officer was instructed to convey this decision to the Minister.
4. In the meantime, the facts were cabled to SCAC, 5th Army ^{who} ~~and~~ reply by signal that the Minister's visit was not possible at this time and that the visit had not been arranged by him. This adds to the possibility that it is your area which is concerned.
5. The action of the Minister in traveling after passes had been refused takes on an aspect of gravity which may have to be referred ~~at~~ high level. Before this sub-Commission takes any further action, it is desired to make certain of all the facts. Will you please, therefore, look into the matter and if it was 5th Army area the Minister visited, let us have all possible information about the incident.
6. In view of the statement made by the Italian Liaison Officer that the visit had been arranged through the Italian Comando Supremo, the possibility ⁴²⁵³ ~~that~~ arrangements were made with some other branch of the Staff in 5th Army HQ instead of with you cannot be excluded.

SUBJECT: Visit of Minister of Interior to Army Area

TO : SCAG, 5th Army

1. My cable, 26970 of 1 May and your cable reply, M 234 of 2 May refer.
2. The question of issuing passes to the Minister of Interior and his party to enable them to travel from Salerno to Capua was submitted to the Deputy Chief Commissioner, who decided that these passes should NOT be granted. The Italian Liaison Officer, here, was instructed to convey this decision to the Minister.
3. I have this morning been informed that in spite of this, the Minister did in fact travel to Capua yesterday - that he was met there by an officer with passes enabling the Minister's party to enter the Army area - that he accomplished the purpose of his journey, i.e., visiting the Italian troops - and that he returned the same day.
4. The action of the Minister in travelling without a pass takes on an aspect of gravity and may have to be submitted to a high level; but before taking further action, I wish to have the fullest possible information about the incident.
5. When application for passes was made to me, it was stated that the visit had been arranged through the Italian Command Supremo. It is possible, therefore, that the arrangement was made by the Italian Command with some other branch of the staff of 5th Army HQ and not with you.
6. Would you please look into the matter and let me have your reply as soon as possible.
7. It appears just possible that the Minister made a mistake in the Army area he was to visit and that this was 5th Army and not 3rd Army. To cover this possibility I am also writing this to SCAG 5th Army.

2. The procedure for issuing passes to Italian Government Officials is laid down in para (f) on p.3 of circular 316/76/0A. This paragraph appears to contemplate separate passes for each individual journey. It will be observed that the Minister asks for general passes enabling him and others to travel at will.
3. Such general passes are however, authorized for three monthly periods by para (i). It is not clear however, whether the procedure under para. (f) is applicable to "semi-permanent passes" for Italian Government Officials under para (i). Please say if this is the case or not.
4. Pending clarification of this point, I have reserved consideration as to whether the Ministers' request could properly be recommended in respect of either 5 or 8 Army Areas or the remainder of AOC territory.

SUBJECT: Control of Civilian Movement.

TO : Regional Commissioners Regions I, II, III, V and VI.
U.C.A.O.'s Fifth and Eighth Armies.

1. Introduction.

It is evident that the enemy intends to continue his efforts to introduce espionage and sabotage agents into Southern Italy on a considerable scale. In order to meet this threat and to neutralise as far as possible the activities of such agents, it has been decided that a wider and more effective system of control of civilian movement will be introduced.

Allied Control Commission officers are therefore requested to accord the Military Security Services every possible assistance, and to see that the restrictions referred to herein are properly and strictly imposed.

2. Restrictions.

(a) Army and Corps Areas.

In the Army (and Corps) areas the existing regulation will continue to apply whereby civilians are forbidden to travel more than 10 km. from their own homes without an ACF pass.

Those civilians who wish to be moved into such areas will require to obtain a special pass which will normally be issued by the AMC authority of the area into which they intend to travel.

(b) Territory under AMI.

In territory under Allied Military Government in rear of the Army (and Corps) areas, restrictions on inter-provincial movement is to be re-imposed forthwith, i.e. civilians in this area will be forbidden to travel from one province to another without an ACF pass.

See P. 76

In order to meet this threat and to neutralize as far as possible the activities of such agents, it has been decided that a stricter and more effective system of control of civilian movement will be introduced.

Allied Control Commission officers are therefore requested to accord the Military security services every possible assistance, in order to see that the restrictions referred to herein are properly and strictly imposed.

2. Restrictions.

(a) Army and Corps Areas.

In the Army (and Corps) areas the existing regulation will continue to apply whereby civilians are forbidden to travel more than 10 km. from their own homes without an ABG pass.

Those civilians who wish to travel into such areas will require to obtain a special pass which will normally be issued by the ABG authority of the area into which they intend to travel.

(b) Territory under ABG.

In territory under Allied Military Government in rear of the Army (and Corps) areas, restrictions on inter-provincial movement is to be re-imposed forthwith, i.e. civilians in this area will be forbidden to travel from one province to another without an ABG pass.

(c) Italian Administered Territory.

There will be no restriction on movement within that part of Southern Italy which is administered by the Italian Government, nor within Sicily and Sardinia. An Allied/Central Commission pass will, however, be required for movement between Southern Italy, Sicily and Sardinia, and also for all movement from ABG territory into King's Italy and vice versa.

3. Check Posts.

(a) In Restricted Areas.

In Army (and Corps) areas and in territory administered by Allied Military Government every effort will be made to enforce the above restrictions by means of a widespread system of 'snop' check posts, which will be established for a few hours daily at irregular times and at varying points. The responsibility of arranging such checks will rest with F.I.C. or C.I.C. units.

See p. 76

4227

The object of these check posts will be: (i) to turn back those seeking to move outside the prescribed limits without a pass, (ii) to take action against those who have committed serious and flagrant breaches of the regulations, (iii) to question or detain for investigation persons whose conduct or "story" is suspicious.

(b) In Unrestricted Areas.

In territory administered by the Italian Government a similar system of "snare" check posts will be established. In this instance, however, the objects will be limited to (1) briefly questioning those passing the point with a view to discovering suspicious individuals who should be subject to further interrogation and investigation, and (2) instilling a sense of insecurity in the minds of agents or other undesirable individuals so that they may hesitate to move about or even abandon their mission.

(c) Organization and Composition.

This system of check posts will be organized by Army, Corps, District and Base Section Headquarters and NOT by AMB/ACC, both in AMB and ACC territories.

These check posts will normally be manned by appropriate formations, according to circumstances of F.S.P./C.I.C., S.I.M. (C.S.), G.I.R. and Guardia di Finanza.

Every effort will be made by Allied Control Commission officers to ensure the fullest co-operation of the Italian Police in connection with these duties.

Passes.

(a) Army Areas and Pockets.

In the case of persons wishing to move North-Eastwards across the "Control Line" (which follows the general line of the Rivers Biferno and Volturno) or to enter Foggia Province, the existing procedure will normally be followed whereby they must first obtain (through their local AMB/ACC representative) a pass issued by the appropriate AMB authority in the area.

any may hesitate to move about or even abandon their mission.

(c) Organization and Composition.

This system of check posts will be organized by Army, Corps, District and Base Section Headquarters and NOT by AME/ACC, both in AMG and ACC territories.

These check posts will normally be manned by appropriate combinations, according to circumstances of F.S.F./S.I.C., S.I.N. (S.I.), CC.RR and Guardia di Finanza.

Every effort will be made by Allied Control Commission officers to ensure the fullest co-operation of the Italian police in connection with these duties.

4. Passes.

(a) Army Areas and Regions.

In the case of persons wishing to move North-Westwards across the "Control Line" (which follows the general line of the Rivers Rifero and Volturno) or to enter Puglia province, the existing procedure will normally be followed whereby they must first obtain (through their local AME/ACC representative) a pass issued by the appropriate AMG authority in the area of their destination.

(b) AME Provinces.

For other journeys involving movement into, or between, provinces within the restricted area (e.g. from Bari to Avellino or from Foggia to Naples) a pass will be issued by the local AME/ACC representative at the point of departure.

(c) Discretion of Provincial Commissioners.

The procedure described in para. (b) above may be employed in cases described in (a) above when, for urgent administrative, economic or other reasons, the procedure described in (a) would be impracticable owing to the time factor. In such cases the passes will be issued by the Provincial Commissioner or by a member of his staff on his behalf who will immediately forward details of the issue of such passes to the SCLO or PC of the area of destination.

-2-

The object of these check posts will be : (i) to turn back those seeking to move outside the prescribed limits without a pass, (ii) to take action against those who have committed serious and flagrant breaches of the regulations, (iii) to question or detain for investigation persons whose conduct or "story" is suspicious.

(b) In Unrestricted Areas.

In territory administered by the Italian Government a similar system of 'trap' check posts will be established. In this instance, however, the objects will be limited to (1) briefly questioning those passing the point with a view to discovering suspicious individuals who should be subject to further interrogation and investigation, and (2) instilling a sense of insecurity in the minds of agents or other undesirable individuals so that they may hesitate to move about or even abandon their mission.

4. Passes.

(a) Army Areas and Poggia.

In the case of persons wishing to move North-Westwards across the "Control Line" (which follows the general line of the Rivers Biferno and Volturno) or to enter Poggia Province, the existing procedure will normally be followed whereby they must first obtain (through their local AMG/ACC representative) a pass issued by the appropriate AM authority in the area of their destination.

(b) AME Provinces.

For other journeys involving movement into, or between, Provinces within the restricted area (e.g. from Bari to Avellino or from Poggia to Naples) a pass will be issued by the local AME/ACC representative at the point of departure.

The issue of other passes will be limited to persons who show good and genuine reason why they wish to travel, whether on official matters, business or family grounds.

(e) Issue of Travel Tickets.

Allied Control Commission officers will ensure that transport tickets will not be issued by the railway authorities or other travel agencies to places within restricted areas unless the persons applying for tickets are in possession of a proper pass to their intended destination.
