7 June 1944

6 JUN 1944

SUBJECT: Control of Civilian Movement - Entry into City of Rome and Fifth Army Area.

TO : Distribution below.

1. It is anticipated that numerous applications will be made by civilians as well as by Italian officials for permission to enter the City of Rome and Fifth Army area.
2. The granting of such permission will depend upon the military operations in progress and upon the expediency of allowing additional civilians into Rome which is already seriously overpopulated.
3. Such permission will be given subject only to the following conditions which must be strictly observed.
4. For this purpose the control of movement will operate in three phases:

Phase I in which all movement into the City of Rome as well as into the Fifth Army and Corps areas will be prohibited without the prior approval of A.C.G. HQ. A.A.I. This phase is already in operation and applies equally to Allied personnel as well as to civilians. Special instructions as to members of A.C.G. are contained in 750/2/CA of 5 June 1944.

Phase II in which for purposes which are essential and which will assist the prosecution of the war, and for these only, permission may be given by A.M.G. to personnel of the Fifth Army for entry into the City of Rome or into those Provinces which are still part of Fifth Army or Corps areas. Where members of the Italian Government or essential Italian officials are concerned, or in other exceptional circumstances, application may also be made to this Headquarters. In cases of Italian Government officials applications will be made to the Secretary General's Office in accordance with the existing practices. The Secretary General will pass these applications to R.C. & M.C. Section. All other such applications for travel which satisfy the A.M.G. Officer to whom they are presented, must be forwarded to Security Branch of the R.C. & M.C. Section where the matter will either be dealt with or referred to the A.M.G. of destination.

The date on which Phase II will operate will be notified as soon as possible.

Phase III in which in addition to purposes authorized during Phase II, civilians will be permitted to travel for urgent business or domestic reasons. Such permission depends upon the position of the Italian Government.

Phase I in which all movement into the City of Rome as well as into the Fifth Army and Corps areas will be prohibited without the prior approval of A.C.C. HQ. A.A.I. This phase is already in operation and applies equally to Allied personnel as well as to civilians. Special instructions as to members of A.C.C. are contained in 750/2/GA of 5 June 1944.

Phase II in which for purposes which are essential and which will assist the prosecution of the war, and for the only, permission may be given by A.M.G. to the Fifth Army for entry into the City of Rome or into those Provinces which are still part of Fifth Army or Corps areas. Where members of the Italian Government or essential Italian officials are concerned, or in other exceptional circumstances, application may also be made to this Headquarters. In cases of Italian Government officials applications will be made to the Secretary General's Office in accordance with the existing practices. The Secretary General will pass these applications to R.C. & M.G. Section. All other such applications for travel which satisfy the NE/ACC Officer to whom they are presented, must be forwarded to Security Branch of the R.C. & M.G. Section where the matter will either be dealt with or referred to the ACP of destination.

The date on which Phase II will operate will be notified as soon as possible.

Phase III in which in addition to purposes authorized during Phase II, civilians will be permitted to travel for urgent business or domestic reasons. Such permission depends upon the position of the Army Control Line and will be dealt with in the same way as travel into A.M.G. Provinces is controlled at the present time. The date of Phase III will also be notified and will commence at the conclusion of Phase II.

6. This order should be read as an addendum to Control of Movement Order, reference 316/76/GA of 26 April 1944, and all such passes issued will be in strict conformity with this previous directive.
