SUBJECT: Appointments of Commissioners for administration of various undertakings.
TO: See distribution list.

1. It has been noted that in the past many decrees have been published in the Gazzetta Ufficiale undertaking to appoint Commissioners and administrative heads for various Italian companies, institutions, etc. with power to act within the entire "liberated" territory i.e. in territory including the AGC zone. In at least one case the Commissioner has been expressly given power to administer a plant located in AGC territory (Decree of the Chief of Government 17 Feb. 1944 published in G.U. No. 22 of 26 April 1944).

2. It is hardly necessary to point out that none of the aforesaid appointments has any legal effect in AGC territory unless implemented by Executive Commissioner's endorsement published in the G.U. or otherwise made effective by the competent A.M.C. authority. It is for the individual Subcommissions to bring this fact to the attention of their respective opposite members in the Italian Government and to initiate whenever necessary the procedure for implementation in regard to decrees containing appointments which concern their respective field of control.

N A P L E S

1) This Prefettura received on 27 April 1944, No. 267, copies of the Gazzetta Ufficiale of the Empire - Special series, dated 19 April - containing legislative provisions rendered executive in the territory under administration of A.M.G.

2) The receipt-bill of the above mentioned copies containing instructions on the divulgation of the Gazzetta was signed by a simple Agent of Public Safety, who did not communicate with this office the instructions that were in the receipt -bill.

3) This Prefettura sent the copies of the Gazzetta in regard to the Post Office for further mail without affixing the stamp for receipt.

4. The instructions of the Ministry of Pardon and Justice about divulgation of the very Gazzetta in the territory under administration of A.M.G. arrived at this Prefettura after the copies were forwarded to the Post Office.

5) In order to redress such inconveniences, this Prefettura now provides to forward to all Offices concerned a circular in which is explained that the date of publication of the decrees, contained in the Gazzetta in regard in the Province of Naples, is 27 April 1944, that is the date when the Prefettura received the very Gazzetta.

SUBJECT : Italian Government R.D. Law of 31 Jan 1944 No 37. Release of Alcohols.

REF : 95/511/17.

DATE : 10th May 1944.

1. The Italian Government R.D. Law of 31 Jan 1944 No 37 provides a modification within King's Italy of the Regulations covering the release of alcohols and the relative duties.
2. No action has so far been taken to extend the provisions of this law to occupied territory.
3. It has been recommended to this HQ that the law should be extended to SOGGERA Province, to bring that territory into line with the neighbouring provinces in King's Italy.
4. This recommendation is approved by this HQ and it is felt that it would be opportune in fact to extend the law to the whole territory under control of Region 5.
5. May this HQ be advised, please, whether the general extension of the decree to occupied territory is under consideration by your HQ, and if not, whether there would be any objection to the publication of a Regional Order to give effect to the provisions in this Region.

A.P.O. 394

15th April 1944

Subject: Recitals of RDLs reenacted in AMG Territory.

To : Chief Legal Officer.

1. Your attention is drawn to the recital of RDLs to be reenacted in AMG Territory.

2. Many of the laws referred to therein are not operative in Regions under AMG and some of them may be in contradiction with the legislation still in force.

3. On the other hand the R.D.L. itself may not make sense if the provisions of the law referred to in the recital are not taken into consideration.

4. Various solutions are set out hereunder.

(a) Revert to General Orders.

(b) Reenact the legislation referred to in the recital (which may not be always possible)

(c) Extract from the Recital whatever is necessary to render the R.D.L. operative.

(d) Alter the text of the Executive Commissioner's order on each "Gazzetta" in such a way as to cover this problem of procedure.

Discussed.
