SUBJECT: Sale of Vehicles

FILE No. WMD S/C

TO Legal S/C

24 Sept. 195

Reference the attached contract.

The sale of vehicles or component parts covered by para 12 of the above mentioned contract is under consideration.

Before this S/C can contemplate the conditions of sale a ruling is required as to the title which the A.C. as seller can give to the buyer.

The vehicles or component parts covered by the original agreement may be of German origin, or made under licence in Enemy occupied territory, or of Italian origin other than Italian Military vehicles.

Among the Italian vehicles or component parts may be items requisitioned by the German, or seized by the German.

It would be appreciated if a ruling as to title could be given as soon as possible.
