5 January 1945

SUBJECT : Proficiency in Italian.

TO : Distribution below.

1. It is clearly desirable that all officers of the Allied Commission should have a working knowledge of the Italian language. It is felt that the number of Italian speaking officers is far too small considering the length of time most officers have spent in this country.
2. Regional Commissioners and Heads of Subcommissions will ensure that all officers under their command take advantage of opportunities afforded to learn the language and will impress on all the importance of such action. Where necessary classes may be set up for formal instruction. There is a sufficient number of bilingual officers in the various Regions and Subcommissions to make such a procedure easy and efficacious.
3. Regional Commissioners and Heads of Subcommissions will submit at the end of January, 1945 a report indicating the number of officers under their command adequately skilled in the language and the number still in need of instruction. Similar reports will be made at the end of each month until further notice.
