SUBJECT : Petrol cans.

TO : Admin Sec.

1. Reference file 401/CA, "War Salvage".

2. I enclose herewith suggested forms of the following :

- Sec No 4 —
- a. Letter of Executive Commissioner :
 - b. General Order No. 33;
 - c. Notice to be used in Allied Military Government Territory;
 - d. Notice to be given out by the Italian Government in Italian Government Territory.

3. While it is already a crime for unauthorized persons to have petrol cans and other Allied military property in their possession, I understand that a 14 day lee-way is proposed to be granted in so far as petrol cans are concerned in order that civilians may turn them in without fear of prosecution. The notice will take care of that situation.

4. As to German and Italian military petrol cans, it would seem necessary to make continued possession a crime. The General Order makes that definite. The General Order and notice take care of the period of grace in this case also.

5. While Allied Military Government notices in the past have borne some signature there would seem to be no reason why one posted in Military Government Territory should require anything more than would authenticate it such as the words "Allied Military Government". The notice itself does not establish an act as a crime; it is merely a warning. An act is made a crime in Military Government Territory by a Proclamation, a General Order or existing law.

RHW/ap.
24 August 1944.

SUBJECT : Notice No. 2.

TO : RC & NC Section.

1. In conformity with the decision to divide the present Notice No.2 into two separate Notices, I enclose herewith two specimens of each of such notices called respectively No.2 and No.3. The former deals with curfew, the latter with leaving the shore.

2. Apparently the reason for separating the present Notice No.2 into two separate notices was the apparent irrelevance in inland areas of that part of the notice concerning "do not leave the shore".

3. No doubt in distributing the revised notices you will issue instructions as to the circumstances in which Notice No.3 is to be posted. You will appreciate that this is not a legal point: to leave the shore in any vessel or in any other manner except as authorised is an offence see Proc. No.1, Article V (25). This notice has no legal effect: it is merely an admonition. It is suggested that the posting of it should not be limited to extreme coastal areas, as even people living some distance inland may wish to take to the sea for one of many reasons e.g. to communicate with the enemy, to escape justice or to carry contraband.

4. Notice No.2 merely fixes the period of curfew until further notice, which may well be published by an SCAC or Regional Commissioner: and notice No.3 is merely admonitory. I am therefore of opinion that these documents need not be submitted to the Acting Chief Commissioner for his signature: the text and translations remain precisely as in the present Notice No.2.

ACC/4027/2/L

Subject : Notice No. 2 (Curfew ETC)

To : Senior Legal Officer (through S.C.A.C.) AMB. 8th Army.

1. REF your letter OA/73 of 9 May 44.

I regret that it will not be possible to comply with the third paragraph of your letter. This Notice is designed for general use in areas other than that controlled by AMB 8th Army and has been printed in bulk.

Of course, had this question been raised by you at either of the recent legal conferences which I have held in Naples it would have been possible to discuss the subject and perhaps find a formula satisfactory to all.

2. REF your letter OA/73 of 11 May 44.

I understand that you have said (through Lieut. Bryce) that you do not require any of the new version of Proclamation I as amended by the inclusion of Article V (46) (limiting travel.) The Proclamation to be posted is the Proclamation as amended. The reason for this last minute amendment is that it was previously intended to omit the provision, leaving it to Armies and Regions to promulgate their own orders on this point. A supply of Proclamations as amended will be forwarded to you soon and you will then use your best endeavours to have it posted in place of and to the exclusion of the unamended version.

3. As to your comments on the wording of the new section (46)

(a) The authority to issue the permit is not specified deliberately. It is not possible by proclamation to specify in such detail, because what would be right in one area would be wrong in another. A "permit" must mean "valid permit" i.e. one issued by an authority authorized to issue it; and this is a matter for Army or Regional Action and your proposed prohibition can specify by whom the permit must be issued.

(b) The wording "habitual place of residence" is not acceptable, and the existing phraseology is preferred.

- 2 -

4. In this connection, my remarks in para (1) above apply. If you do not find existing wording satisfactory, the point could have been raised at any time previously. Ample warning was given to you and others of the intention to recast the proclamations and a draft of Part II (ie. the old Proc II) was supplied to you at the April Conference. It is now too late to amend the Proclamation.

5. The Notice referred to, para 4 of your letter, was not enclosed.

1. Attention is invited to the wording of subject notice in that the hours of sunset and sunrise are fixed as time for curfew.
2. Curfew in Eighth Army area is fixed by Army Routine Orders and the hours vary as the seasons and communities and are changed from time to time.
3. The 6000 copies of this Notice will be used in Eighth Army area for the time being, but it is requested that such Notice be changed in future supplies to conform to Army requirements.
4. The following wording of para one is suggested as acceptable to Eighth Army AMG.
5. "Until further notice no person will be permitted to circulate on the streets or outside his own home between the hours of in the evening and in the morning without a permit from the Allied Military Government".
