REF : RIX/LE/502/&81

SUBJECT : Legal Division Monthly Report for May 1945.

TO : Headquarters, Allied Commission, APO 394 (for Deputy Chief Legal Advisor).

1. GENERAL. While it cannot be said that there is no major crime in the Region, on the whole the situation has quieted down considerably since the initial occupation and appears to be under control. Some killings by unknown persons continue, and while some of these are no doubt political in nature, the general consensus appears to be that many are the result of private vendettas or the acts of hoodlums, trying to hide behind the Partisan cloak. On the whole, the CLN is acting properly and not exceeding its authority. Occasions still occur, however, where individuals (usually at the communal level) purport to issue orders, exact contributions from the local populace, etc. So far it has been felt preferable to deal with these instances by explanation and vocal persuasion rather than prosecuting the offenders.

2. ALLIED MILITARY COURTS.

a. General Comments. The number of cases tried in Allied Military Courts during the month was exceedingly small and disclosed a decided drop from the number tried during April.

PROVINCE	No. OF CASES (APRIL)	NO. OF CASES (MAY)
BOLOGNA	151	98
FORLI	300	85
RAVENNA	278	42
FERRARA	-	178
MODENA	-	3
TOTALS	729	406

In the newly occupied Provinces of Piacenza, Parma and Reggio Emilia, no cases were tried during May. Of the 178 cases tried in Ferrara Province, 142 were for curfew violations and 24 for traveling without a permit. The arrests for curfew were practically all made in the initial days of the occupation, and it is believed that the next month's report will show a decided drop in the number of persons charged.

With curfew abolished in most Provinces a nd with travel now permitted across the "economic line", the number of cases to come before Allied Military Courts will certainly continue small. However, it is anticipated that increased activity by the police will result in the arrest of a considerable number of people for possession of firearms, which are believed to still be held in considerable quantities.

b. General Military Courts. No cases tried during the instructions of AMG 8th Army, proceedings in two untried

3. ITALIAN COURTS.

a. General. A complete survey has been made of all Italian Courts in the Region, and of all personnel both judicial and clerical attached thereto. This includes the Court of Appeal, Tribunale and Preture, and the offices of the Procuratore Generale and each Procuratore del Regno. In connection with this survey, transportation was furnished to the Primo Presidente of the Court of Appeal and the Procuratore Generale to enable them to visit each Province in the Region. As a result of this inspection, both the Primo Presidente and the Procuratore Generale have submitted comprehensive reports to the RLO setting forth the name of each official (judicial and clerical) attached to each court or office, the grade of the official, whether he is present or absent, the authority by which he holds his post, whether he was transferred or promoted since 8 September 1943, and their recommendations as to replacements required. Translations of these reports are attached hereto as follows:

APPENDIX	REPORT OF
K	Primo Prsidente
L	Procuratore Generale

The entire matter of personnel has been made the subject of a separate letter to the DCLA from RLO and with that letter have been forwarded copies of the above reports (in Italian) for transmission to the Ministry. The replacements felt to be most urgently needed were there pointed out, and fortunately they are few in number.

The general picture is good. All courts (with the exception of a few Preture, which are vacant) are open and functioning. Necessarily, their normal progress is retarded by difficulties of communication, lack of transport, absence of parties and witnesses, etc., but the end of the war, removal of travel restrictions and the resumption of the postal service, should greatly facilitate the functioning of all courts.

b. Personnel. As noted in the preceding paragraph, full reports from the Primo Presidente of the Court of Appeal and the Procuratore Generale are attached hereto as appendices K and L.

Notice has been received from DCLA of the nomination of CANNADA BARTOLI Luigi as Primo Presidente of the Court of Appeal vice Dott. Giacomo CARBONI

with the PPSO, a reening process, whereby those prisoners against whom no charges will lie may be released. This is done with the help of the local CLN, Questore and Pubblico Ministero. The process is a difficult one and necessarily will take considerable time. However, progress is being made.

d. Calendars. RLO has personally met with the heads of the various Pubblico Ministero's offices and with several of the Presidenti, and has urged them to do all within their power to facilitate the prompt disposition of cases. PLOs are keeping a close watch on the progress being made. The officials chosen all appear to fully comprehend the importance of their work, and claim to be eager to do all possible to ensure the successful functioning of the Court.

PLOs report the following initial calendar dates:

PROVINCE	DATE
Bologna	11 June 1945
Ferrara	-
Forli	13 June 1945
Modena	10 June 1945
Parma	11 June 1945
Piacenza	-
Ravenna	-
Reggio Emilia	6 June 1945

The delay in Ferrara has been due to the failure of the Questore to file any denuncias. He was relieved from office on 29 May 1945 and replaced by the Questore from Pesaro. RLO and PLO Ferrara met with the new Questore on 30 May 1945 and impressed upon him the absolute necessity of immediately proceeding with this work. Piacenza has been delayed by some difficulty in gettingasatisfactory Pubblico Ministero's office appointed. This has now been satisfactorily settled and the Court should hold its first session around the middle of June. Forli and Ravenna have been delayed because of the fact that D.L.L. 142 was not extended to these Provinces until 11 May 1945.

5. PRISONS. As noted above, PLOs are attempting to have all political prisoners screened, so that those who are held without cause may be released.

6. CONSIGLIO NOTARILE. PLOS have been instructed to reconstitute the above in accordance with D.L.L. 209, 20 July 1944.

REF : RIX/LE/502/156

SUBJECT : Legal Division Monthly Report for April 1945

TO : Headquarters, Allied Commission, APO 394 (for Deputy Chief Legal Advisor), and
Senior Civil Affairs Officer, AMG Eighth Army.

1. GENERAL

a. Liberation. On 21 April 1945, Allied Troops entered Bologna and thereafter in rapid succession, Modena, Reggio Emilia, Ferrara, Parma and Piacenza were liberated. By 26 April 1945, all Provinces of Emilia Region were in Allied hands.

b. Regional Control. On 25 April 1945, AMG 8th Army turned over Forli and Ravenna Provinces to Regional control and on 3 May 1945 Ferrara Province was similarly handed over. The remaining provinces are still nominally under control of IV Corps or 5th Army, but due to the rapid advance, it is not possible for those Headquarters to maintain sufficient contact with the several Provincial Headquarters. Therefore, Regional Headquarters is in fact (although unofficially) assuming responsibility for authorizing necessary action.

c. Reports. Due to the fact that the various Provinces were only occupied at the close of the month, and because of the many important tasks facing PLOs in the initial days of occupation, RLO has only received reports from a few Provinces and those are necessarily sketchy. Visits to Provincial Headquarters by RLO indicate that conditions are generally good, and satisfactory progress is being made by PLOs.

d. Regional Headquarters. Regional Headquarters was established at Bologna on 1 May 1945.

2. ALLIED MILITARY COURTS.

a. General Comments. It can truthfully be said that AM courts are conspicuous by their absence. This is due to a number of factors, viz; 1) the rapid advance of the armies, leaving comparatively few troops and military installations in any of the Provinces, 2) the small number of Military Police and CC.RR. and their initial preoccupation with matters other than the arrest of civilians for proclamation violations, 3) general economic well-being of the civil population, 4) the surrender, which necessarily changed the position insofar as security considerations are concerned, 5) this latter factor has practically resulted in an unofficial lifting of the 10 kilometer travel restriction, and there is little or no attempt by the Police to enforce it in most areas. While no figures are at hand, based on personal observations in the various Provinces, it is doubtful if more than a dozen cases have come before AM courts in the 5 western Provinces, including Bologna. Similarly, cases have fallen off sharply in Forli and Ravenna with the advance of 8th Army. While it is too early to be certain, it is my opinion that the present trend

Senior Civil Affairs Officer, AMG Eighth Army.

1. GENERAL

a. Liberation. On 21 April 1945, Allied Troops entered Bologna and thereafter in rapid succession, Modena, Reggio Emilia, Ferrara, Parma and Piacenza were liberated. By 26 April 1945, all Provinces of Emilia Region were in Allied hands.

b. Regional Control. On 25 April 1945, AMG 8th Army turned over Forli and Ravenna Provinces to Regional control and on 3 May 1945 Ferrara Province was similarly handed over. The remaining provinces are still nominally under control of IV Corps or 5th Army, but due to the rapid advance, it is not possible for those Headquarters to maintain sufficient contact with the several Provincial Headquarters. Therefore, Regional Headquarters is in fact (although unofficially) assuming responsibility for authorizing necessary action.

c. Reports. Due to the fact that the various Provinces were only occupied at the close of the month, and because of the many important tasks facing PLOs in the initial days of occupation, RLO has only received reports from a few Provinces and those are necessarily sketchy. Visits to Provincial Headquarters by RLO indicate that conditions are generally good, and satisfactory progress is being made by PLOs.

d. Regional Headquarters. Regional Headquarters was established at Bologna on 1 May 1945.

2. ALLIED MILITARY COURTS.

a. General Comments. It can truthfully be said that AM courts are conspicuous by their absence. This is due to a number of factors, viz; 1) the rapid advance of the armies, leaving comparatively few troops and military installations in any of the Provinces, 2) the small number of Military Police and CC.RR. and their initial preoccupation with matters other than the arrest of civilians for proclamation violations, 3) general economic well-being of the civil population, 4) the surrender, which necessarily changed the position insofar as security considerations are concerned, 5) this latter factor has practically resulted in an unofficial lifting of the 10 kilometer travel restriction, and there is little or no attempt by the Police to enforce it in most areas. While no figures are at hand, based on personal observations in the various Provinces, it is doubtful if more than a dozen cases have come before AM courts in the 5 western Provinces, including Bologna. Similarly, cases have fallen off sharply in Forli and Ravenna with the advance of 8th Army. While it is too early to be certain, it is my opinion that the present trend will continue and that there will be few cases brought before AM courts. There is, of course, a possibility that the setting up of the economic line between Emilia and the south may result in a large black market traffic. Present plans call for the setting up of check posts on all roads leading south. If this traffic materializes, it may be advisable to try at least some of these cases in AM courts.

3. ITALIAN COURTS.

As noted above, it is not possible to make a detailed report at this time. However, I am satisfied that the overall picture is most encouraging. Most of the courts functioned up to within a few days of the arrival of the Allies and have already recommenced functioning or are making the necessary preparations to do so. Reports received so far indicate that the majority of judicial personnel are at their posts. A few officials have been excepted to by the CLN and these are noted below. Court premises and records

0380

Declassified E.O. 12356 Section 3.3/NND No. 785016

are in general reported to be undamaged, with the exception of Ferrara, as noted below.

a. Court of Appeal. The Court of Appeal and office of the Procuratore Generale are being handled directly through the office of the RLO. RLO has had several conferences with the Primo Presidente of the Court of Appeal and the Procuratore Generale. These officials report no immediately pressing problems. They regard the number of judges and officials, at least in Bologna, as sufficient for the time being. As was to be expected, there are a large number of pending cases in many of the courts, due chiefly to lack of transportation, communication and absence of witnesses.

1.) Personnel. Attached hereto as Appendix "E" is list of various judicial personnel of Emilia as shown on the records of the Court of Appeal. The Primo Presidente, Dott. G. CARBONI, has the confidence of the CLN. He appears most happy to have the Allies here and has been most cooperative. He had some difficulty with the Minister while he was stationed at Palermo some time ago, and he has written a long letter to the present minister setting forth all the facts. It would appear that Dott. CARBONI has at all times conducted his office properly and that there is no basis for objection to his continuance in his present post.

The same cannot be said for the Procuratore Generale, Dott. S. CARNAROLI. The CLN ordered him suspended from office the day the Allies arrived in Bologna. RLO has conducted an inquiry into this official's qualifications and has concluded that while his suspension does not appear called for, his immediate transfer is necessary. This entire matter is the subject of a separate report to you, and it is hoped that the Procuratore Generale can be replaced at an early date.

2.) Premises and Records. The Palazzo di Giustizia in Bologna houses all Courts and Court officials located in Bologna. It is undamaged and in excellent condition. The records are believed to be intact.

At the time of the Allied entry into Bologna, the building was housing some 600 Partisans, with their horses, cows and arms. These were moved out within a few days and the building cleaned up. No permanent damage resulted.

3.) Calendar. The Primo Presidente furnishes the following figures:

Civil and Penal Sentences from 1938 to 1944.

YEAR	PENAL	CIVIL
1938	1022	808
1939	938	699

2. Preture.

a) Carpi. The Court buildings are undamaged. There are pending two civil cases (one in istruttoria and one ready for discussion). A hearing has been fixed for 8 June 1945. There is no one in prison awaiting trial.

b) Mirandola. The Court buildings are practically

0384

undamaged but the prison has been completely destroyed. There are pending 16 civil cases (15 in istruttoria and 1 ready for discussion) and 79 penal cases (43 in istruttoria, 36 ready for discussion). There is no one in prison awaiting trial. A hearing has been fixed for 15 May 1945.

c) Modena. The Pretura is situated in the Palazzo di Giustizia. There are 103 civil cases pending (98 in istruttoria and 5 ready for discussion) and 173 penal cases (18 in istruttoria and 155 ready for discussion). There is no one in prison awaiting trial; civil hearings have been fixed for 9 and 30 May 1945 and penal hearings for 15 and 29 May 1945.

d) Sassoulo. The Preura in Sassoulo is undamaged but the "sededistaccata" at Montefiorino (including the records) was burned down by the Germans. The exact number of cases pending is not yet available but they are stated by the Pretore to be very few. The prison has been occupied by the Patriots.

The remaining four Preture (Finale-E., Pievepelago and Vignola) have not yet been visited.

f. Reggio Emilia Province.

It will probably be necessary to suspend Dott.Bocconi Marco, President of the Tribunale and Dott. Mastrandrea Davide, Procuratore del Regno for their Fascist activities. However, reports indicate that the Court and the Procuratore's office will be able to function for the time being without them. Court premises are undamaged.

g. Parma Province.

Tribunale and Preture reported ready to function. Personnel present except for Dott. Ferraresi, Presidente of the Tribunale, who is reported to be in Bologna. Court premises are undamaged.

h. Ferrara Province.

Word has been received that on 22 April 1945, the Palazzo di Giustizia was severely damaged by fire, apparently intentionally started by the Fascists or Germans. This was followed by a looting of the records and contents. Arrangements have been completed with the Town Major of Ferrara to house the Courts in the Palazzo Crispi, Via Borgoleone, Ferrara. Attached hereto as Appendix "G" is list of court officials.

i. Piacenza Province.

No report received.

j. Office of the Avvocatura dello Stato.

4. EPURATION.

a. CLN. As was to be expected, CLN had conducted a rather thorough epuration before the arrival of the Allies. Many hundreds of persons were put in jail by them for trial by their self-constituted Peoples' Court. These courts were ordered by AMG to cease further activity at once and no instance is known where the order was disobeyed. The only place where there was any difficulty was at Parma, where an Allied officer had informed the CLN that they could

0386

Declassified E.O. 12356 Section 3.3/NND No. 785016

go ahead with a few order trials. RLO and PLO Parma met with the head of the Provincial Partisan Command, explained the position to him, and he readily agreed to disband his courts and await the constitution of the regular Peoples' Court.

b. DLL 142. This decree has been received and distributed to all Provinces (except Forli and Ravenna) with instructions to implement the decree at once and facilitate the prompt constitution of the courts. RLO is working with the Primo Presidente of the Court of Appeal and the Procuratore Generale on the selection of Presidents and Prosecutors for the courts. CLN is in close touch with what is going on. These courts should be ready in all Provinces shortly.

c. General Order No. 35. PCs have been instructed to post this order as soon as they have selected suitable personnel for the Commissions.

d. DLL 159. DLL 159 will be implemented with other legislation.

5. IMPLEMENTATION OF ITALIAN LEGISLATION.

a. Packets of the Gazzetta Ufficiale have been received and distributed to all Provinces with instructions to implement at once. Implementation should be complete in all Provinces within a week. Implementation has already been effected in Forli and Ravenna Provinces, but Prefect's receipts have not yet been received from the PLO. Copies of AC/4010/9/L, 1 May 1945, have been received and distributed to all Provinces.

b. Economic Decrees. Copies of AC/4010/9/L, 30 April 1945, have been received and distributed to all Provinces. PC Forli Province has been instructed to implement DLL 38 (Economic price of bread).

6. POSTING OF PROCLAMATIONS AND ORDERS, ETC.

Preliminary reports indicate that the proclamations and notices and authorized General Orders have been widely posted. PCs Forli, Ravenna and Ferrara have been instructed to post all authorized General Orders in view of their passing to Regional control.

7. PRISONS.

Preliminary checks show that most prison inmates are suspected Fascists or collaborators put in jail by the Patriots. In most Provinces, these prisoners are being screened by AMG and representatives of CLN. Those against whom there is obviously no case have been released. Others are released on provisional liberty or held in jail pending trial by Peoples' Court according to the individual case.

c. Summary Military Courts.

Attached hereto are a consolidated return of Summary Court cases tried in the Region during the month (except Bologna Province), and also returns for Forli and Ravenna Province, showing number of defendants, number and types of charges and sentences imposed. It is regretted that at the date hereof, the monthly report from Bologna Province has not been received, and the data as to that province will therefore be included in the January report.

Travel violations continue to constitute over 50% of the offenses tried. A careful analysis has been made of the records of trial in some 250 cases where the accused were charged with traveling without a permit. The sentences varied from fines of 500 Lire to 6 months imprisonment. All of the offenses, of course, occured in Army area, and as far as the records show, the great majority of the cases disclosed neither aggravating or mitigating circumstances. The only uniformity as to sentences appeared in

0425

Declassified E.O. 12356 Section 3.3/NND No. 785016

0426

the sentences of individual judges, e.g., one judge imposed mostly sentences of 500 Lire fine, while another imposed mostly sentences of 30 days imprisonment. One is forced to conclude that the variance in sentences noted above results primarily from the different views of different judges as to what are appropriate sentences for this type of offense, and not from the circumstances in individual cases. Pursuant to paragraph 10, of A.C.C. Executive Memorandum No. 18, 14 February 1944, I shall attempt to secure some degree of reasonable uniformity of sentences commensurate with the prevalence of this offense and commensurate with the offense itself.

3. ITALIAN COURTS.

Forli Province.

a. General. Substantially all the judicial personnel are present. The Preture are functioning and as soon as suitable premises are found for the Tribunale, that court will be in a position to function. A detailed report as to personnel, condition of premises, etc. follows.

b. Tribunale and Reggia Procura.

1. Personnel. Attached hereto as Appendices "A" and "B" are returns showing personnel present and absent of Tribunale and Reggia Procura, respectively. Provincial Legal Officer, Forli requests that the vacancies in the following offices be filled:

Presidente di Sezione
Guidice
Primo Cancelliere

There is at present in Forli, Cav. Dottore PETRUCCI Consalio Giovanni, formerly Presidente di Sezione at Trieste. It is recommended that he be temporarily appointed to the vacancy in the office of Presidente di Sezione.

2. Condition of Premises. The premises of the Tribunale and the Reggia Procura of Forli have been so severely damaged by artillery fire as to be unusable for a considerable time to come. Suitable alternative premises have been found. These are occupied by Allied Troops and an urgent request has been submitted to Eighth Army for their vacation and allocation to the Tribunale.

3. Archives. With some trivial exceptions the archives of the Tribunale are intact.

c. Preture.

1. Personnel. Attached hereto as appendices are returns (with letters as indicated) showing personnel present and absent of the following Preture:

Forli ("C")
Rimini("D")
Cesena("E")

The Provincial Legal Officer requests that all vacancies be filled. In the past, the Pretore of Forli has been holding court in Galeata and Rocca S. Casciano; and the Pretore of Cesena has been holding court at Bagno di Romagna. Due to lack of transport, this is no longer feasible. As previously reported, Eighth Army has approved the gradual turning over of curfew and travel violations to the Italian Courts, but this cannot be effectively accomplished, if these three Pretore vacancies are not filled.

2. Condition of Premises.

a. Forli. -- Occupied by Allied troops. Eighth Army has been requested to order troops to vacate. At present, Pretore is conducting his business in a private house.

b. Rimini.-- Destroyed. Temporary quarters have been found, and the work is being carried on.

c. Cesena.-- Some damage by shell fire, but premises are useable.

d. Solignano.--Slight damage, but premises are useable. Repairs have been commenced.

e. Galeata. -- Some damage and occupied by Polish troops. Eighth Army has been requested to order troops to vacate.

f. Rocca S. Casciano.--Slightly damaged,but useable. Premises occupied by refugees who have been ordered to leave.

g. Bagno di Romagna. --Slightly damaged, but fully useable.

3. Archives.

1. Personnel. All of the assigned judges are present with one exception, he still being in a part of the Province occupied by the Germans. There are two unfilled seats on this Tribunale, and request has already been forwarded that Dott. Cav. Spizuoco of the Bologna Tribunale, now a refugee at Ravenna, be temporarily assigned to one of these vacancies. The Procuratore del Regno is present in Ravenna.

2. Premises and Archives. The Tribunale Building which houses the Corte d'Assisi, Tribunale, Regia Procura and the Pretura is virtually undamaged. The few necessary repairs have already been undertaken.

3. Calendar. The Tribunale reports that it has 250 cases pending on its calendar, none of the accused however are in custody. The first penal hearing has been fixed for January 5, 1945, and 30 cases have been placed on the calendar for the hearings commencing on that date.

c. Ravenna Pretura.

The Primo Pretore and Pretore are present and the court is already functioning. As noted above, the premises are records are intact. The Primo Pretore is said to be too ill to continue in office, but full details have not yet been obtained.

Bologna Province.

No additional report received.

4. PRISONS.

a. Forli. The Forli Prison has just been taken over by AFHQ, and all prisoners are being removed to Ravenna Prison (see below). There is a small jail at Cesena, but it is in poor condition and is not now in use. Its capacity, in any event, is not more than 25 inmates. With the prospects of a static line for the winter, and a large concentration of troops in both Forli and Ravenna Provinces, it may reasonably be anticipated that there will be a considerable number of AMG court cases. The lack of prison accomodation may therefore soon become an acute problem. I have requested the Public Safety Division to determine if a suitable alternative jail in Forli Province can be established, if necessary.

b. Ravenna Province. The Ravenna Prison has a normal capacity of 80 men and 20 women. However, Public Safety advises that by doubling up, it may be made to accomodate roughly 200 inmates. Approximately 100 prisoners are now being moved there from Forli Prison. The present population of the prison is approximately 20, which will bring the total population to some 120.

c. Bologna Province.

HEADQUARTERS EMILIA REGION
ALLIED MILITARY GOVERNMENT
APO 394

Ref : RIX/LE/502/92 WHL/dsh.
4 December 1944.

SUBJECT : Legal Division Monthly Report for November 1944.

TO : Chief Legal Advisor, Legal Sub-Commission,
Headquarters, Allied Commission, APO 394.

1. General: During the month, practically the whole of the unliberated portions of the Province of Forli was taken, including the capital city. There has been, however, very little change in the Provinces of Ravenna and Bologna.

Forli: On 25 November 1944 the Provincial Headquarters moved from Riccione to Forli. At that time and continuing up to the present the town was subjected to enemy shelling and aeriel attack with the result that the work of the Hqs. has been somewhat disrupted and communication and transportation difficulties have increased.

Ravenna: Very little, if anymore, territory was occupied this month. The town of Cervia however is providing some AMG Court cases and a report has been received from the PLO.

Bologna: A report has been received from the PLO covering period from the date of entry into the Province, about 1 October 1944 until 27 November 1944.

2. Allied Military Courts: No sentences of over 1 year were imposed during the month, hence no Forms No. 13 are forwarded.

Attached hereto are a consolidated return of Summary Court cases tried during the month and also returns for each of the three provinces showing number of defendants, number and types of charges and sentences imposed.

Forli: During the month of November Allied Military Court trials were held as follows:

a. General: None.
b. Superior: See return attached.
c. Summary: See return attached.

0452

Declassified E.O. 12356 Section 3.3/NND No. 785016

Ravenna:

a. General: None.
b. Superior: None.
c. Summary: See return attached.

Bologna:

a. General: None.
b. Superior: None.
c. Summary: See return attached.

An effort is being made to improve the standard of Summary Court work done by spearhead CAOs by means of visits and advise by legal officers to CAOs while holding court. In addition, at the request of AMG 8th Army, a legal directive on conduct of Summary Court proceedings is being prepared for distribution to spearhead CAOs.

3. Italian Courts:

Forli: Data for a comprehensive report on the Italian Courts is not yet available. A preliminary report from the PLO indicates that he has contacted the Procuratore del Regno and that the "position generally would appear to be not unfavorable".

a. Tribunale: The Courts and offices have suffered considerable damage and are unusable. Alternative premises exist but are occupied by troops. PLO reports that efforts are being made to have these premises made available for the courts. The Presidente is ill and it has not yet been possible to see him.

b. Preture: Bagno di Romagna has been without a Pretore for some months prior to liberation and is operated by the Pretore of Cesena. The building is slightly damaged but is usable.

Cesena: Premises undamaged but occupied by troops.

Forli: Building slightly damaged but occupied by troops.

Galeata: There has been no Pretore here for some time, the work having been done by the Pretore of Forli. The building is slightly damaged but usable.

Rimini: Building completely destroyed.

Rocca San Casciano: No Pretore here for some months, this work having been undertaken by the Pretore of Forli.

PLO reports that the judicial personnel is complete with the exceptions of the Pretore of Bagno di Romagna, Galeata and Rocca San Casciano, as noted above.

0453

Declassified E.O. 12356 Section 3.3/NND No. 785016

The legal archives, documents and records, throughout the province are thought to be intact.

PLO Forli has been requested to submit a detailed report on the Italian Courts and personnel at the earliest possible moment.

Ravenna: No commune in which a Pretura is situated has yet been occupied and no information is available with respect to Italian Courts.

Bologna: Most of the Preture Courts in communes now occupied were operated from either Vergato, Bologna or Imola, none of which towns have as yet been taken. The only information available is that the Preture of Castiglione and Porretta were both presided over by one Pretore with his residence at Porretta. The PLO has been unable to locate the Pretore, but has been told that he is expected to return in a short time.

4. Prisons;

Forli: Nothing further to report.

Ravenna: Nothing to report.

Bologna: There are no prisons in the part of the Province occupied. Prisoners are ordinarily sent either to Piato, Florence or Scarpina for detention. Cells in the CCRR Caserma are used to house prisoners awaiting trials or where the sentences are very short.

5. Personnel:

a. Major P.E.Reynolds (Can) has been designated D.R.L.O.
b. Lieut. S. Laidlaw (B) has been relieved of his assignment as a Legal Officer.
c. Capt. Bernard Cahn (A) has been assigned to this Region as a Legal Officer, and is at present on temporary duty with AMG 5th Army.
d. Major B.M.Clasky has returned from temporary duty with AFHQ - G5 (Civil Affairs).

For the Regional Commissioner:

William H. Levit

SUBJECT : Legal Division Monthly Report for October, 1944.

TO : Chief Legal Advisor, Legal Sub-Commission, Headquarters, Allied Commission, APO 394, U.S. Army.

1. General: During the month, additional portions of Forli Province and small portions of Bologna and Ravenna Provinces have been liberated. As yet, no provincial capitals have been taken, but present indications are that both Forli and Ravenna will be occupied in the near future.

Forli: About three quarters of the Province is now occupied. During the greater part of the month, the P.I.C. was seriously handicapped by difficulties of communication and lack of transport. The Provincial Headquarters (as of 31 October) is located at Rocca in the southeastern portion of the Province, and due to the tactical situation it was impossible to go from there to the liberated southwest portion of the Province, except by way of Perugia and Arezzo. However, with the taking of Cesena, it is now possible to make the trip direct via Highways 9 and 71. Nevertheless with present road conditions and heavy military traffic, it requires a full day to travel this comparatively short distance and return. P.I.C. Forli advises that he recently acquired the use of a civilian vehicle, and this should enable him to operate much more efficiently.

Ravenna: Only a few communes have been occupied, and the P.I.C. is not yet in a position to render any report.

Bologna: About 12 communes have been occupied. No report has yet been received from the P.I.C.

2. Allied Military Courts:

Forli: During the months of September and October, Allied Military Court trials were held as follows:

a. General:- None
b. Superior:-

Accused	Charge	Finding	Sentence
SARONI Luigi	Proc. 1, Art. VI (1)	G	5 Years

VALENTI Vincenzo	Proc.1, Art.IV(5)	G	

(The records of trial in these cases have not yet been received).

4. Summary: Attached hereto is a return of Summary Court cases received by the P.I.C. during the period covered. These figures represent cases received by the P.I.C. and specified above, but which have not yet been received by the P.I.C. cases for this period. Due to difficulties in communication between tried during the period, will be included in subsequent reports, as received.

The figures submitted indicate no unusual crime p cc- ditions. The majority of the cases are circulation violations (travel of more than 10 or 5 kilometers, as the case may be, in any area without a permit). Most of these involve persons attempting to return to their home. The sentences range from moderate fines to imprisonment up to two months. Military considerations render that civilian travel in forward areas be kept to a minimum and I feel that the sentences awarded have, on the whole, been adequate and appropriate to the circumstances involved. No espionage or sabotage incidents have been reported.

3. Italian Courts.

Forli:

a. Preture: The Preture at Rimini has been totally destroyed and the whereabouts of the Pretore is unknown. F.L.O. is looking for a suitable replacement. The Pretura at Soligmano is not seriously damaged, and steps are being taken to have the necessary repairs made. The Pretore is available and reports that no civilians are in jail awaiting trial before his court. No reports have yet been received as to the conditions in Cesena and Santo di Romano. It is hoped to have all these Preture in operation during the coming month.

Ninth Army A.L.O. is favorably disposed to the general policy of turning minor proclamation violations over to the Italian Courts. They have already agreed that curfew and circulation violations (where there is no security aspect to the case) may be tried by the Italian Courts, in the area south of Rimini - San Marino (inclusive of Rimini). This line will be moved northward from time to time, as the front moves forward. F.L.O. has been so advised and he is making every effort to get the Preture functioning as soon as possible.

b. Prisons: The jail at Rimini has been destroyed and the occupants transferred to other prisons, chiefly Pesaro. AMG Pesaro has been requested to furnish a report regarding these prisoners. The jail at Soligmano is usable. No civilians are detained there at present, and this jail is being temporarily used to house POWs.

Ravenna: No report received.

Bologna: No report received.

4. Personnel: No changes since last report.

Form No. 13 for Forli Province has been returned for insertion of data that was omitted. As soon as it is received, it will be forwarded to you.

SUBJECT: Legal Division Monthly Report for September, 1944.

TO : Chief Legal Officer, Legal Sub-Commission, Headquarters, Allied Control Commission, APO 394, U.S.Army.

1. Allied Military Courts: During the month, a small portion of Forli Province, Emilia Region, has been occupied by our troops. 8th Army spearhead officers, together with the Forli Provincial team, including Provincial Legal Officer Forli Province, are now functioning in some 15 communes. Provincial Legal Officer Forli Province, accompanied by the Regional Legal Officer, has visited several of the communes, contacting the CAOs, for the purpose of ensuring the proper functioning of Allied Military Courts. CAOs have tried a few summary court cases but the records have not yet come forward to this headquarters. No Superior or General Military Court trials have been held or requested, but two cases involving robbing of dead soldiers are under investigation and may result in General Court trials. It is not possible, at this time, to submit statistics as to trials held.

2. Italian Courts: It is too early to obtain any information on the Italian Courts in Forli Province, as the Provincial capital has not yet been taken. Rimini, the largest commune so far occupied has been severely damaged. Regional Legal Officer visited this commune a few days ago and civilian activities were at a standstill. Practically the entire civilian population has fled, and until the front moves farther forward, these people will not be permitted to return.

Judge Guiseppe Lecisotti, assigned to Emilia Region by the Minister of Justice to assist with the Italian Courts, has reported to this Headquarters for duty, and at present he is located at our East Headquarters. He will be available to assist Provincial Legal Officers with the Italian courts as the territory opens up.

3. Personnel: Legal personnel assigned to this Region have been posted as follows:

At the present, and pending the occupation of their provinces, several of the above officers are on loan to Regions V and VIII, where they are conducting Summary Courts, etc.

Major B.H.Sutton (B) who has been temporarily assigned to the Region has not yet reported for duty. It is contemplated to assign him temporarily as officer in charge of Italian Courts for the Region.

Emilia Region has established headquarters at Saltino (5th Army area) and Riccione (8th Army area) and the Regional Legal Officer is at present dividing his time between these two headquarters.

SUBJECT: Legal Instruction No. 1.

TO : All Legal Officers, Region IX.

DUTIES OF LEGAL OFFICERS IN ARMY AREAS

1. GENERAL.

Legal officers assigned or attached to Provincial teams will during the early stages of occupation be carrying out their duties in an Army Area under the command of the S.C.A.O., A.M.G., Fifth or Eighth Army. The following points are noted for their guidance in this period.

2. CHANNELS OF COMMUNICATION.

As there is now no separate Legal officer with either Army A.M.G., responsibility for the conduct of legal affairs in each Province occupied rests with the Regional Legal Officer of the Region to which such Province belongs. Attached hereto is a copy of a Directive issued by S.C.A.O., A.M.G., Eighth Army, which authorizes the transmission of correspondence on legal matters (not involving questions of policy) direct between the Regional Legal Officer and Provincial Legal Officers operating in Eighth Army Area without reference to Headquarters, Army, A.M.G., and the same procedure has also been agreed upon for areas under the control of A.M.G., Fifth Army.

3. PROCLAMATIONS AND GENERAL ORDERS.

(i) The initial posting of Proclamations, etc, is the responsibility of the spearhead CAOs. Each Provincial Legal Officer will, however, satisfy himself that the Proclamations, Notices, and appropriate General Orders have been duly posted in all Communes and Fractions, and will arrange for the supply and posting of additional copies where necessary. He will also keep a register showing the date of first posting in each Commune for future reference in any Court proceedings in which the date may be material.

(ii) Except on direct instructions from the S.C.A.O., Fifth or Eighth Army, A.M.G., no Provincial Legal Officer will post any Proclamations or General Orders in the Army Areas other than Proclamations Nos. 1 - 4, Notices Nos. 1 and 2, and General Orders Nos. 1 and 26, with the addition of General Order No. 2 when authorized by the Senior Finance Officer on the re-opening of the Banks.

4. ALLIED MILITARY GOVERNMENT COURTS.

(i) Provincial Legal Officers will arange for the constitution and conduct of Summary and Superior Courts in accordance with the provisions of the Consolidated Instructions as local conditions may require

(ii) Any case which in the opinion of the Provincial Legal Officer should be tried by General Court will be referred to the Regional Legal Officer in accordance with Article No. 2 of such Instructions.

5. COURT FORMS AND RECORDS.

(i) Each Provincial Legal Officer will see that all officers conducting Courts

Declassified E.O. 12356 Section 3.3/NND No. 750016

in his province are supplied with the necessary forms and are familiar with their use.

(ii) Records of all Summary Court cases tried by Army CAOs will be sent to the Provincial Legal Officer of the Province in which they were tried and after careful scrutiny by him will be dealt with in accordance with the normal procedure.

(iii) The attention of all Provincial Legal Officers is drawn to a Directive of the Legal Sub-Commission, dated 4th August 1944, (copy of which is attached) granting them a limited power to release prisoners pending review. This power is likely to be of special use in Army Areas when communications may be delayed

6. ITALIAN COURTS.

A separate Instruction is being issued on the subject of Italian Courts, the early re-establishment of which is to be regarded as a matter of prime importance in all Provinces.

7. PRISONS.

Provincial Legal Officers will cooperate with Public Safety Officers in checking prisons and will be ready to advise as to the action to be taken in dealing with persons who are held in custody without charges and are not required for internment by CIC/FSS. As this problem is closely bound up with the subject of Patriots and varies in complexity in different areas Provincial Legal Officers must be guided by current A.M.G. policy and the conditions they find in any particular locality in deciding how best to handle it.

8. REPORTS.

(i) Each Provincial Legal Officer will forward to this Headquarters at the expiration of 14 days from the date of entry into his Province a preliminary report on conditions found and progress made in that period.

(ii) Each Provincial Legal Officer will forward, in addition to the above, the monthly report and returns required under paragraph 11 of Legal Instruction No. 2.

(iii) Copies of the foregoing reports will be made available for A.M.G., Fifth or Eighth Army as required.

(iv) Provincial Legal Officers will also keep Provincial Commissioners fully informed as to day to day developments which they may wish to include in their Situation Reports.

procedure.

(iii)The attention of all Provincial Legal Officers is drawn to a Directive of the Legal Sub-Commission, dated 4th August 1944, (copy of which is attached) granting them a limited power to release prisoners pending review. This power is likely to be of special use in Army Areas when communications may be delayed

6. ITALIAN COURTS.

A separate Instruction is being issued on the subject of Italian Courts, the early re-establishment of which is to be regarded as a matter of prime importance in all Provinces.

7. PRISONS.

Provincial Legal Officers will cooperate with Public Safety Officers in checking prisons and will be ready to advise as to the action to be taken in dealing with persons who are held in custody without charges and are not required for internment by CIC/FSS. As this problem is closely bound up with the subject of Patriots and varies in complexity in different areas Provincial Legal Officers must be guided by current A.M.G. policy and the conditions they find in any particular locality in deciding how best to handle it.

8. REPORTS.

(i) Each Provincial Legal Officer will forward to this Headquarters at the expiration of 14 days from the date of entry into his Province a preliminary report on conditions found and progress made in that period.

(ii) Each Provincial Legal Officer will forward, in addition to the above, the monthly report and returns required under paragraph 11 of Legal Instruction No. 2.

(iii) Copies of the foregoing reports will be made available for A.M.G., Fifth or Eighth Army as required.

(iv) Provincial Legal Officers will also keep Provincial Commissioners fully informed as to day to day developments which they may wish to include in their Situation Reports.

ACC/4002/L. 4 August 44.

SUBJECT: Powers of PLOs for release of prisoners pending review.

TO : Regional Legal Officers, Regions 3, 4, 5, 8, 9, & "Z".

1. At the conference of RLOs held at HQ., ACC, on 1 August 44, the point was raised that in cases where a short term of imprisonment is imposed, the term (or at least a substantial part of it) is frequently served before the Decision on Review can be communicated and thereby an injustice is caused if the reviewing authority considers the conviction wrong or the sentence excessive.

2. The point is one of substance, but it is not the policy to delegate the power of review below Regional H.Q. To meet the point, Regional Legal Officers are authorized to instruct Provincial Legal Officers as follows:

3. (a) In any case in which a sentence of imprisonment of three months or less has been imposed by a Summary Military Court, a Provincial Legal Officer may order the release of the accused pending receipt of the Decision on Review if he is of opinion:-

(i) that the accused has been wrongly convicted; or
(ii) that the term of imprisonment will be reduced on Review to a period less than the time necessary to obtain a Decision on Review.

(b) Any such release will be on such terms and subject to such conditions as, in the opinion of the Provincial Legal Officer, are adequate to ensure the availability of the accused upon receipt of the Decision on Review.

(c) This power is discretionary; it will be used sparingly and only in cases where the opinion of the Provincial Legal Officer it is necessary to avoid a substantial injustice.

(d) In any case in which this power is exercised the Provincial Legal Officer will endeavour to forward the Record with any Petition for Review as soon as possible and, in so forwarding it, he will specifically inform Regional Headquarters of the action taken by him so that the case may be promptly reviewed.

ALLIED MILITARY COURTS

1. PROCEDURE.

In all matters concerning Allied Military Courts, Legal officers will follow strictly the provisions of the Consolidated Instructions, with which they are now assumed to be familiar, and will ensure that these are also understood and observed by Provincial Officers trying cases in the areas for which they are responsible.

2. ARREST REPORTS.

(i) The form of Arrest Report to be used is that attached hereto as Appendix "A". This form will be completed in all cases of arrest for violation of A.M.G. Proclamations and Orders and a copy left with the prison authorities to whom the prisoner is handed over.

(ii) All Carabinieri and police should be instructed that an Arrest Report must be completed in the case of every prisoner accepted, and where a prisoner is brought in without an Arrest Report, they must insist that the person making the arrest completes a Report before leaving the Station. This is particularly important in cases where arrest is made by military personnel and there is risk that the person making the arrest may be prevented by military exigencies from appearing at the trial.

(iii) When the case comes on for trial, the original Arrest Report will be attached to the Charge Sheet in the hands of the officer or official conducting the prosecution.

(iv) It should be impressed on all concerned that the completion of the Arrest Report does NOT absolve the person making it from the necessity of attending as a witness at the trial, unless prevented by death, sickness, or unavoidable necessity. However, in exceptional cases, where the person making the arrest is unavoidably prevented from attending as a witness by causes such as the above, the contents of the Arrest Report may be accepted as prima facie evidence for the prosecution - just sufficient to impose on the accused the necessity for making his explanation of the allegation made. At the same time all Provincial Officers acting as judges must be cautioned against too great reliance on the contents of the Arrest Report, seeing that it is not made on oath and has not been submitted to cross-examination. Only in very exceptional cases should an accused be convicted on the evidence contained in the Arrest Report, unless (a) he pleads guilty to the charge, or (b) there is corroborative evidence from some other

Only in very exceptional cases should an accused be convicted on the evidence contained in the Arrest Report, unless (a) he pleads guilty to the charge, or (b) there is corroborative evidence from some other source.

3. USE OF SUMMONS.

In order to avoid overcrowding gaols with unnecessary arrests it is desirable, in all but the more serious cases, to utilize the Summons rather than the procedure of arrest for securing the attendance of accused persons

in court. An accused who fails to appear in answer to the Summons can always be subsequently apprehended and may in a proper case be charged with contempt. Where it appears desirable, the accused can be required to deposit an adequate sum by way of bail.

4. FRAMING OF CHARGES.

(i) Particular attention is directed to Article 12 of the Consolidated Instructions and all Provincial Legal Officers will ensure that charges preferred in cases within their Provinces are properly drawn. Every accused is entitled to know with certainty the offence against which he must defend himself, and Provincial Legal Officers will bear in mind that improperly drawn charges may invalidate the proceedings and be a ground for setting aside a conviction or ordering a new trial on review.

(ii) Reference should be made in preparing charges to the examples and notes contained in Appendix "B" to this Instruction.

(iii)Charges in respect of alleged acts "to the prejudice of good order" should be put forward only in exceptional cases, and then only when it is quite impossible to frame a charge under any other section of the Proclamations.

5. CASES OF MAIL THEFT.

All cases where theft of Allied Mail is alleged will be most carefully investigated and the offence, if proved, will be punished with the utmost severity. The following special instructions apply to cases of mail theft:-

(i) Such cases will normally be remanded for trial before a General Military Court.

(ii) No bail will be granted, except in the light of most unusual circumstances, and then the amount will be fixed so high as to render it most unlikely that the accused will fail to be present at the trial.

(iii)A special report will be rendered by the presiding officer, through the Provincial Legal Officer, to the Regional Legal Officer, setting out full details of the case.

6. PHOTOGRAPHY IN COURT.

The taking of photographs, moving or still, of any proceedings of an Allied Military Court or of any service personnel engaged in any capacity in such proceedings or the taking of a sound recording of any such proceedings will not be permitted.

7. CASES TRIED UNDER ITALIAN LAW.

(i) Attention is directed to the provisions of Article 14 of the Consolidated Instructions.

(ii) Where authority has been obtained for a case to be tried in Allied Military Courts under Italian Law and a conviction results, it is imperative for purposes of Review that the Court should annex as part of the Record a short judgment setting out briefly:

3. COURT RECORDS.

(i) Legal officers are reminded that Records of Proceedings must be kept in a legible and tidy manner, and that the Notes of Evidence must be properly recorded as a consecutive story in the first person. Failure to observe these requirements will involve all concerned in extra work and correspondence when the Records are submitted for review.

(ii) In order to maintain uniformity throughout the Region, the following Forms will be adopted:

(a) Summary Courts, - Form 2/4, which can be used either in case of arrest or summons. In cases where there is insufficient space on the back of the Form, evidence will be recorded on separate sheets.

(b) Superior and General Courts, - Form 8.

(iii) Forms 2/4 are supplied in sets of 3. The top copy will be handed to the accused and the remaining two copies will be before the judge, who will complete the records of the trial on the back in duplicate. One copy will constitute the Court's permanent record of the case; the other will be forwarded to the Provincial Legal Officer for transmission to the Regional Legal Officer for examination, review, and filing.

(iv) Where Form 8 is used, the trial Court will retain a sufficient note of the case for its own records either by use of the counterfoil or by separate copy.

(v) Provincial Legal Officers will maintain a register of all cases tried within their Provinces, which should show the Court, case number, name of accused, date of trial, charges, pleas, findings, sentences, and decision on review. A suggested form of card index is attached hereto as Appendix "C".

9. DISPOSAL OF COURT RECORDS.

(i) Summary Courts will retain and file the carbon copies of Form 2/4.

(ii) Particulars of cases tried by Superior or General Courts will be kept by the Provincial Legal Officer.

(iii) All Court records will be sent to the Provincial Legal Officer within seven (7) days after the disposal of the case. The Provincial Legal Officer will forward them as quickly as possible to the Regional Legal Officer after entering the relevant particulars of each case in the register referred to in paragraph 8 (v) above.

(iv) The originals of all Court records will be filed in the Legal Division at Regional Headquarters.

(v) Where a case is reviewed, the decision on review will be communicated by the Regional Legal Officer to the Provincial Legal Officer, who will enter the decision on his own register and ensure that it is communicated to the Court concerned, the accused, and (where any change in sentence is involved) to the prison authorities.

This report should deal with the functioning of Allied Military Government Courts, the operation of the Italian Courts and the work of the judiciary, the condition of the prisons, prevalence of any particular types of crime within the Province, and any other points of interest, and should include any recommendations on these matters which the Provincial Legal Officer may wish to put forward.

12. TRANSFER OF CASES TO ITALIAN COURTS.

(i) Provincial Legal Officers will bear in mind that it is the present policy to keep Allied Military Court cases to a minimum and to transfer to Italian Courts as many cases as possible and as soon as possible. ITALIAN COURTS AND LEGISLATION

1. POLICY.

All legal officers are reminded that the early re-establishment of the Italian Courts is one of their most urgent and important duties in newly occupied territories. This directive is intended to deal with some of the matters to which they should devote immediate attention.

2. ITALIAN COURTS IN REGION IX.

A list of the Italian Courts in the Region will be found at Appendix "A".

3. COURT BUILDINGS AND RECORDS.

(i) Each Provincial Legal Officer will obtain a report on the condition of all Court buildings and, where these have been damaged, will take action either to have the necessary repairs effected or to procure such alternative accommodation as will enable the Courts to function effectively with the least possible delay

(ii) Where court records have been removed for safe custody, they must be brought back as soon as possible as the Courts cannot be expected to operate without them.

4. PERSONNEL.

(i) Judges and court personnel who have been evacuated, must be traced and arrangements made by the Provincial Legal Officer for their immediate return to duty, and for their screening by means of "Schede Personale".
