SUBJECT: Payrolls.

TO : All Sub-Commissions, Branches, this HQ.
(ATTN: Authorizing Officer for Civilian Payrolls)

HEADQUARTERS
ALLIED CONTROL COMMISSION
APO 384

1. The manner in which payrolls are at present prepared is highly unsatisfactory, and a great amount of unnecessary work and loss of time is entailed in consequence.

2. In order that the present standard may be improved the following instructions are issued for strict compliance by the officers responsible for the preparation of payrolls:

(a) Employees on a daily rate will not be paid for Sundays, unless they work on those days.

(b) Employees on a monthly rate will be paid half of that rate (if a full month is worked) on each payroll. Payrolls will be submitted for 13-day periods, the working month being 26 days. In cases where overtime pay is due, the monthly rate should be divided by twenty-six (26) to determine the daily rate.

(c) It is of the greatest importance that the exact nature of the work of each employee be entered on payrolls, and the function as shown must coincide with one of the official grades.

(d) In a great many cases employees are shown as "Secretary", or "Executive Secretary". It is emphasized that no such grade exists in AMG/ACC (officers do not have "Secretaries") and it is requested that the function of employees who have been so described hitherto be accurately stated, e.g. typist, clerk.

(e) The basic currency for AMG/ACC accounting purposes is the Lira, and foreign currencies must not under any circumstances appear on payrolls.

(f) Official maximum rates of pay must be strictly adhered to in every grade.

(g) Separate payrolls must be prepared for each class of worker. In some cases clerks, labourers, drivers, etc. are included on one payroll.

(h) Rates of pay must be clearly shown, also the period worked so that computation may be easily checked.

(i) It is emphasized that the arithmetical accuracy of payrolls is the responsibility of the authorizing officer, and any overpayments are the personal financial liability of that officer.

TO:- Economic Section (For attention Mr. Antolini).

SUBJECT:- Employment of Civilian Personnel.

17.10.44.

1. Following the discussion which took place at this morning's Chief of Staff Meeting, below are the particulars of the Italian Legal Adviser at present employed by the Legal Sub-Commission:-

Name:- CHIMENTI, Pasquale.
Salary:- 12,000 lire p.m.
Employment:- Very high-grade legal adviser.

2. You will no doubt recall the Deputy Chief of Staff, Civil Affairs Section made a statement that in effect this individual's services are indispensable to the Legal Sub-Commission.

3. In view of the fact that such civilians can earn very much larger sums in their profession, they may well revert to their normal occupation and leave the employment of this HQ. In view of the fact that we are now contemplating translating and reviewing in detail all decrees passed by the Italian Government, it is absolutely essential that this civilian and possibly other civilians of the same category should be retained.

4. It is requested therefore that a salary of approximately 25,000 lire per month be authorised for this civilian in order to retain his services at a remuneration compatible with the high-grade legal advice which it is necessary for him to give.

1. The attached proposal concerning Italian Legal advisers to the Commission is forwarded for your consideration and approval of the payments suggested. The employment of these Legal officials at the rates of 25,000 Lira per month is most strongly recommended and urged.

2. It is considered should this not be done they may well offer their services elsewhere as rates of pay for Legal advisers from the Italian legal profession put these two highly qualified gentlemen at a great disadvantage at the rates of pay at which they are at present employed. They are both perfectly capable of earning very much larger sums in their profession, and it may well be that they would have to consider this step if we cannot increase their rates of pay. If they should come to such a decision the Sub-Commission will lose the services of 2 officials whom it is unlikely we can replace at all adequately.

ACC/4046/1/L.

SUBJECT : Salaries of qualified legal civilian personnel.

TO : CA Section (for G-1 (A)).

1. It is desired to bring to your notice the difficulty with which this sub-commission is forced, by reason of the scale of salaries, payable to civilian employees, in obtaining Italian legal assistants.

2. It is essential for this sub-commission to have the assistance of two Italian lawyers of the highest grade. We are constantly required to advise the Chief Commissioner and the sub-commissions on questions of Italian law; we are required to examine Italian decrees and to advise on their effect on Italian legislation; many of the cases tried by Allied Courts, for which we are responsible, are tried under Italian law.

3. Unless we can employ Italian lawyers of the highest qualifications we can obviously not be responsible to the Chief Commissioner for the soundness of our legal opinions.

4. At present the salary payable to one legal adviser is limited to L.9600 a month. A first class lawyer in Rome today earns from 35,000-60,000 Lire a month.

5. Obviously we cannot expect to get a first class lawyer on these terms. Of the two lawyers we have had, one is ill and has left us; and the second has now advised us that he cannot live on his salary and must leave unless it can be increased.

6. It is requested that we be permitted to employ two Italian lawyers at about 25,000 Lire a month.

7. We suggest that this may be accomplished either

- (a) that authority be given for salary at this level;
- (b) that the lawyers, although working in our office, be not treated as salaried employees, but be paid appropriate fees on a piece-work basis for the assistance they give; or
- (c) in any other way you care to suggest.

8. It would be appreciated if you would ~~either~~ give this matter your consideration and let us know your decision as a matter of urgency.

- 1 I think there is some misunderstanding with regard to the employment of Dott Chiamenti and Dott Vassali. These gentlemen are two of the leading lawyers in Rome and may receive fees of 100,000 lire for a single case. It is absurd to offer them a salary of 6,000 lire a month which is less than is being paid to other Italians of far lesser eminence. They are employed as expert legal consultants to draft legislation to criticise proposed Italian legislation and to advise on all spheres of Italian law. They are described in the application form as Legal Advisers which is a very apt if short description of their duties.
- 2 May the terms of their engagement be reconsidered please. It is submitted that persons of their eminence should be paid on the highest scale allowed. *It may even be desirable to review this scale.*
