SUBJECT: British and American Red Cross.

TO : All Regional Commissioners & S.C.A.Os. 5 and 8 armies.

1. For the guidance and direction of all officers of the Allied Control Commission, this directive sets forth the relationship between ACC and the American and British Red Cross Societies.

2. The assistance of the American and British Red Cross Societies is on a voluntary basis. Both groups are distributing clothing through indigenous welfare agencies, with the aid of the Italian Red Cross. The Red Cross Societies have accepted the responsibility of supervising distribution and performing such welfare activities among the needy populace as ACC may direct. Red Cross participation is of a temporary nature, since it is desired to have local agencies ready to assume the responsibility of caring for themselves in a very short time.

3. Red Cross personnel, assigned to assist ACC in the discharge of their responsibilities are not to be placed in charge of any set program. Red Cross personnel are under the direction of the Allied officers to whom they are assigned and will take orders within the framework of Red Cross policy, reporting regularly to the officer responsible for their work as to the progress or completion of the assignment.

4. One member of the Red Cross staff in each Region will be designated by the Red Cross Director as Regional Supervisor. Through him submissions of reports to Red Cross office will be made. It is understood that the contents of such reports will have been discussed with ACC officers before the Supervisor submits them to Red Cross Headquarters. The Supervisor will also have the responsibility for clearing with ACC officers the details of service in his Region. A member of the Red Cross staff attached to the Italian Refugee Branch, or to the Displaced Persons Sub-Commission, will be designated by the Red Cross Director to undertake similar duties to those of the Regional Supervisors.

5. Red Cross workers will participate in the following :

DIRECTIVE NO. 2

*Cancelled by Establish. Memo No. 2 December 4, 1943.
(Old Exec Memo No. 2) dated 7 Feb 44.*

1. General

Reference is made to ACC General Orders No. 1 dated 10 November 1943, and to Directive No. 1 of same date.

2. Organization

a. When the Headquarters of the Commission is fully set up, the provisional organization will be as shown in the attached chart, Appendix 'A' hereto. This will be substituted for Appendix 'A' to Directive No. 1 above referred to. All copies (other than AG file, record and war diary copies of the latter chart) will be destroyed.

b. It will be seen that it is contemplated that the Headquarters of the Commission will be split into a Main Headquarters and a Rear Headquarters. This is, for the present, dictated by accommodation considerations.

c. Apart from the alterations due to the split Headquarters, the principal changes are as follows:

- (i) The Deputy Chief of Staff (Admin) disappears, and a Vice Chief of Staff is introduced.
- (ii) A Liaison Section under the Deputy President is introduced.
- (iii) The Headquarters of the 2675th (American) Regiment and British Administrative Headquarters appear (for administrative purposes) under the Executive Officers.
- (iv) The number of Sub-Commissions under the Administrative and Economic Directors is reduced, the remainder coming directly under the Vice-President (and his Deputy) Economic and Administrative Section.

3. Operation of new organization

b. It will be seen that it is contemplated that the Headquarters of the Commission will be split into a Main Headquarters and a Rear Headquarters. This is, for the present, dictated by accommodation considerations.

c. Apart from the alterations due to the split Headquarters, the principal changes are as follows:

- (i) The Deputy Chief of Staff (Admin) disappears, and a Vice Chief of Staff is introduced.
- (ii) A Liaison Section under the Deputy President is introduced.

3. Operation of new organization

The new organization will be put into operation forthwith to the extent possible, and progressively as and when future developments permit. Heads of Staff branches, Sections, Directorates, and Sub-Commissions will reorganize their personnel accordingly. Steps are being taken to fill existing vacancies on the basis of the original (not the revised) Appendix E to Planning Directive No. 12 dated 22 October 1943.

4. Consequential Amendments to Directive No. 1

It is not proposed at this stage to issue detailed amendments to Directive No. 1. The amendments required to some of its Appendices are sufficiently obvious from the Annex Appendix 'A' hereto, which will prevail where there is any conflict between its provisions and those of the new chart.

5. Organization - Split Headquarters

Instructions regarding Office organization and procedure and other matters connected with the above will be issued shortly.

MEMORANDUM: Relation of the Allied Control Commission
to the Italian Government

TO : All Officers, Allied Control Commission

1. The attention of all officers is invited to the fact that the Allied Control Commission occupies a position in relation to the Italian Government which is quite different from that of Allied Military Government. The Commission advises and supervises; it does not govern. This fundamental difference must be thoroughly understood by all officers who will adjust accordingly their attitude toward Italian officials and agencies, allowing them to develop their functions freely without undue interference.

2. If basic differences arise between officers of this Commission and the corresponding members of the Italian Government, the matter at issue will be submitted to the Deputy President for adjustment with the Head of the Italian Government.

3. This document is a matter of continuing policy. Each Vice President will ensure that it is understood by all officers belonging to his section.

RELATIONS WITH REGIONAL H.Q.

1. General Principles. The Regional Civil Affairs Officer (RCAO) shall be responsible to the CCAO for the administration of military Government in his region. Generally speaking he will have full power of command and decision on all matters relating to government, subject to the following limitations:

(a) Action taken will be within the framework of policies established by AMG HQ by proclamation, order, directive or otherwise. Interpretations issued by AMG HQ of proclamations and orders will be binding upon each region. Questions of interpretation raising any point likely to affect other regions must be resolved by AMG HQ.

(b) Certain institutions or activities which by their nature must be dealt with on a uniform basis throughout occupied territory are specifically reserved from the scope of authority of the RCAO in Appendix A attached hereto and action in such cases will be directed from AMG HQ. AMF is one activity so reserved. Other activities so reserved will be separately notified from time to time hereafter.

(c) Matters on which policy has not been established and which do not affect an activity specifically reserved to AMG HQ will nevertheless be referred to AMG HQ when:

- (i) The subject matter is likely to affect occupied territory as a whole, as opposed to the specific region (e.g. price, wage and ration scales.)
- (ii) The subject matter involves some relationship with other regions (e.g. inter-regional shipments, inter-regional supply movement, movement of refugees.)
- (iii) The subject matter raises legal, political or ecclesiastical questions of a character which may require handling by AMG HQ or higher headquarters (e.g. policy as to internees and foreign nationals, matters affecting ecclesiastical personnel, repeal or suspension of Fascist Laws.)
- (iv) The subject matter involves a substantial change in Italian law or administrative procedure, other than of local application (e.g. modification of social insurance systems,

issued by AMG HQ of proclamations and orders which will be subject to questions of interpretation raising any point likely to affect other regions must be resolved by AMG HQ.

(b) Certain institutions or activities which by their nature must be dealt with on a uniform basis throughout occupied territory are specifically reserved from the scope of authority of the RGAO in Appendix A attached hereto and action in such cases will be directed from AMG HQ. AMG is one activity so reserved. Other activities so reserved will be separately notified from time to time hereafter.

(c) Matters on which policy has not been established and which do not affect an activity specifically reserved to AMG HQ will nevertheless be referred to AMG HQ when:

- (i) The subject matter is likely to affect occupied territory as a whole, as opposed to the specific region (e.g. price, wage and ration scales.)

- (iii) The subject matter raises legal, political or ecclesiastical questions of a character which may require handling by AMG HQ or higher headquarters (e.g. policy as to internees and foreign nationals, matters affecting ecclesiastical personnel, repeal or suspension of Fascist laws.)
- (iv) The subject matter involves a substantial change in Italian law or administrative procedure, other than of local application (e.g. modification of social insurance systems, agricultural control, tax structure, labor laws).
- (v) The subject matter involves policy affecting institutions organized or operating on a national basis (e.g. banks, insurance companies.)

(a) Appointments or removals of Prefects and other administrative officers of like rank will be subject to prior approval by AMG HQ. Appointments or removals of certain judicial, educational and other officials, some of whom are mentioned in Appendix B hereto and others to be separately notified, will also be subject to such prior approval. Appointments or removals of all officials will be reported to AMG HQ.

2. Personnel. RGAOs will command all personnel assigned to their respective regions. RGAOs, together with the senior regional officer of the opposite nationality, will have the power to discipline personnel under their command and will make recommendations for promotions and transfers to or from the Region.

In the case of many officers and some MG/ORA assigned to regions, the field of activity in which they are to be engaged will be specified. Any assignments of such specialist personnel must be observed except in cases of emergency and then only for the duration of the emergency.

3. Communications. Orders to personnel in the regions, including specialist personnel, will be issued only by the RCAG. Communications on technical matters from a Sub-Commission or Division Chief AMG HQ to the specialist personnel in the regions must be sent through the RCAG.

Officers from AMG HQ may and will make frequent inspection trips within the regions. On such occasions they will make their presence and the nature of their mission known to the RCAG, or where impracticable, to the nearest SCAG. No orders or directives will be communicated by such officers to the specialists in the field; technical observations may, however, be so communicated from HQ personnel to specialists in the Regions or vice versa. If these are in written form, copies will be furnished to the RCAG.

4. Procedure. For obvious reasons it will be desirable that procedure adopted by RCAGs, particularly in dealing with the Italian administration, shall be uniform as between the regions. In cases where uniform procedure has been or is hereafter prescribed by AMG HQ, such procedure will be binding uniformly on the staffs in each Region.

5. Proclamations and Orders. Proclamations and orders of a public nature which are published by posting up or publication in a newspaper are of three types, Proclamations, General Orders and Regional Orders. (See Appendix C hereto.)

(a) Proclamations. All proclamations are signed by the Military Governor and will only be issued on the authority of AMG HQ.

(b) General Orders. All General Orders are signed by the CCAG or his Deputy and will only be issued on the authority of AMG HQ.

(c) Regional Orders. RCAGs may publish within their Regions orders signed by the RCAG which shall be described as "Regional Order No.....".

6. General Uniformity. It is obviously impracticable to establish by specific category all of these matters which are within the authority of the RCAG and those which are reserved for AMG HQ. If the subject of any proposed action is not specifically dealt with herein or in memoranda supplemental hereto, it will be referred to AMG HQ when good judgment would indicate that uniformity of action is required or that a major matter of policy is involved.

GENERAL EISENHOWER'S ANNOUNCEMENT OF THE ALLIED CONTROL COMMISSION

Released at 2200 hours, 10 November:

As Commander-in-Chief of Allied Forces, I wish to announce the formation of the Allied Control Commission for Italy which, following the Italian surrender, has today assumed the duty of carrying out the Armistice and of aligning Italian economy in complete support of the United Nations fight against Germany.

Major General Kenyon A. Joyce, USA, has been appointed Acting Deputy President of the Allied Control Commission with headquarters at the seat of the Italian Government. He is the active head of the Control Commission, operating directly under the Commander-in-Chief of Allied Forces to whom he is responsible. The Commission has control of the military and economic activities of Italy, as envisaged in the terms of the Armistice.

Italy has a new role in the war. That role is to fight the common enemy--Germany. The Control Commission will see that all of Italy's economic resources and manpower are utilized where they can do the most good in that fight.

In all areas behind the combat zone, Allied Military Government of Enemy Territory will gradually be replaced by Italian Administration exercised under supervision of the Control Commission. We look to the Italian Government to broaden its political composition and strengthen its administrative structure, and the transfer from Allied Military Government to Italian administration will keep pace with this development. This does not mean the return of Italian territory to unrestricted Italian control.

Allied Military Government still goes forward with the 15 Army Group to organize the territory as the Germans are expelled. Allied Military Government continues to press onward as a spearhead, taking charge of communities disorganized by the Nazi retreat and destruction, restoring common civic life once burdened with Fascism, and clearing the path immediately for further military movements towards the front.

When the Armistice was granted, the Allied Commander-in-Chief appointed a Military Mission headed by Lieutenant General P. W. Mason MacFarlane to the Italian Government. It functioned at the temporary seat of the Italian Government, and the scope of the Mission corresponded to many of the duties of the Allied Control Commission. The Mission's duties have been performed as planned, and it is now replaced by the Allied Control Commission.

General MacFarlane, who has rendered outstanding service, is returning to his post as Governor of Gibraltar.

Well in advance of the surrender, plans were made and personnel brought forward so that we should be prepared for the problem of Post-Armistice control. The Allied Control Commission was established. It is divided into four

sections: (1) Military; (2) Political; (3) Economic and Administrative; (4) Communications. Each Section, with its proper Sub-Divisions will operate in fields as so dictated by the times.

Personnel was drawn from especially military officers and civilian experts. Some of them were sent to this theatre for duties involving Civil Affairs. Others are technicians. Others were engaged in Allied Military Government work.

In all of this change it should be borne in mind that the Italian Government is bound by the terms of the Armistice which stipulates that "The Commander-in-Chief of Allied Forces reserves to himself the right to take any measures which in his opinion may be necessary for the protection of the interests of the Allied Forces for the prosecution of the war, and the Italian Government binds itself to take such administrative or other action as the Commander-in-Chief may require."

Pursuant to the agreement reached at the Tripartite Conference at Moscow, an Advisory Council for Italy has been established in conjunction with the work of the Allied Control Commission for Italy. The Advisory Council will deal with day-to-day questions other than military preparations and will make recommendations to coordinate Allied policy with regard to Italy. In the first instance the Advisory Council will be composed of representatives of the United States, the United Kingdom, the Soviet Union, and the French Committee of National Liberation. Later, representatives of Greece and Yugoslavia will be added to this Council.

The United Nations are converting Italy into an effective instrument of war against Germany. They look to the Italian Government to produce tangible results. By rallying the entire people to a vigorous resistance to the Germans, the Government of Italy may hasten the redemption of its country and prove its value to the United Nations.

ALLIED CONTROL COMMISSION

DIRECTIVE NO. 1.

ORGANISATION

1. The attached chart (Appx. A) shows the initial organization of H.Q., Allied Control Commission. It will not be possible to set this complete organization up immediately, but it is intended to build it up as rapidly as possible in order to enable it to function when required (See para. 11).
2. It will be seen that operations and intelligence on the one hand, and international administration of the Commission on the other hand are under separate Deputy Chiefs of Staff. It will however be necessary for these two main divisions of Headquarters to work in close cooperation in order that the Administrative division may efficiently perform its function of assigning personnel, equipment, office space and the handling of correspondence.
3. The Deputy Chief of Staff (Administration) will not be concerned with Italian administration.
4. "Operations" means the work of the Vice Presidents' sections and connected staffs in carrying out the basic functions of the Commission. "Intelligence" other than "Security" will follow channels closely conforming to operations channels. This intelligence will consist mainly of industrial, technical and other information on which the operational work of the Commission will be based.
5. Further details of the organization and division of duties are given in Appendices B and C to C11.
6. Most of the senior appointments will be double ranked, American and British, one officer acting as the deputy to the other.
7. Regions will organize their staffs to suit local conditions, but their organization should parallel, as far as possible, the local Italian organization, in so far as this exists and the organization of H.Q. Allied Control Commission.

This directive applies also to Regions, subject to limitations on Regional powers issued by H.Q. Allied Control Commission. APPX. D. MUST BE CAREFULLY STUDIED BY ALL OFFICERS OF THE COMMISSION INCLUDING OFFICERS IN REGIONS.

9. Provisional directives governing the functions of the various Sub-Commissions and the limitations of Regional Powers will be issued in due course.

10. It is particularly important that all officers should recognize the differences in functions, status and conduct between AACC and Control by Commission (ACC) (See Appx B).

1. Accurate and timely information is required for two main purposes:
 - (a) to provide a sound basis for plans and operations of the Commission.
 - (b) to provide the United Nations with intelligence about Germany, Japan and enemy occupied territories which will assist the United Nations' war effort. 3. Whereas military intelligence is normally to be obtained from observation of an enemy, in the case of the ACC, intelligence will be obtained from a co-belligerent and possibly co-operative nation.
4. Most of this intelligence will be obtained by the Subcommittees in the ordinary course of their work and it will not be necessary to provide special intelligence staffs except for the purpose of collecting, assessing and distributing information about enemy and enemy occupied territories, the value of which may not be apparent in the work of assisting and supervising the Italian Government.

APPENDIX D

10 November 1943

ALLIED CONTROL COMMISSION

TERMS OF THE ARMISTICE WITH ITALY

1. The Italian Government has been bound by the conditions of an armistice which stipulates generally (Article X) that "The Commander in Chief of the Allied Forces reserved to himself the right to take any measure which in his opinion may be necessary for the protection of the interests of the Allied Forces for the prosecution of the war, and the Italian Government binds itself to take such administrative or other action as the Commander in Chief may require...." The terms of the armistice and supplements to it are such that the United Nations are in a position if they enforce the full measure of the rights for which they have stipulated, completely to control Italian administration and economy.

2. The Italian Government has now declared war upon Germany. Accordingly it has been granted a qualified acceptance as a co-belligerent. In a Tripartite Statement of 13 October 1943, it was declared that: "The relationship of co-belligerency between the Government of Italy and the United Nations' Governments cannot of itself affect the terms recently signed, which retain their full force and can only be adjusted by agreement between the Allied Governments in the light of the assistance which the Italian Government may be able to afford to the United Nations' cause." The United Nations desire to convert Italy into an effective instrument against Germany. They look to the Italian Government to produce tangible results. By rallying the entire people, armed forces and civilians alike to a vigorous resistance to the Germans, the government may hasten the redemption of Italy and prove its value to the United Nations. Concessions must wait upon performance. The Italian Government has been advised that our terms may be modified, from time to time, if military necessity or the cooperation of the Italian Government makes such a concession desirable. These conditions, therefore, represent the requirements with which the Italian Government can be expected to comply so far as it may be in a position to do so, subject to such modifications and adjustments as may be authorized by the British and American Governments.

3. The status of co-belligerency does not mean that Italy is henceforth to be reckoned as one of the United Nations or is to be admitted by the British and American Governments to their counsels as an ally. It means that the Italian Government will be fighting the same enemy, and that the United Nations support it for that immediate and limited purpose only. The relationship is not in any way to prejudice the untrammelled right of the people of Italy at the proper time to decide on a form of Government of their own choosing.

The relationship is not in any way to prejudice the untrammelled right of the people of Italy at the proper time to decide on a form of Government of their own choosing.

PURPOSE OF THE ALLIED CONTROL COMMISSION

4. The Allied Control Commission is being established to give instructions and guidance to the Italian Government on military, political, economic and administrative matters and to enforce and execute the terms of the armistice and supplements to it.

MILITARY MISSION TO THE ITALIAN GOVERNMENT

5. Upon the granting of the Italian armistice the Allied Commander in Chief appointed a military mission to the Italian Government. That mission, under Lieutenant General F. H. Mason Macfarlane and, in his absence, in charge of Brigadier General Maxwell D. Taylor, has been operating at the temporary seat of the Italian Government, at Brindisi. The scope of the mission corresponds to portions of the duties which are assigned to the Military and Political Sections of the Commission, and to that extent the activities which it has been carrying on will serve as preliminary to the functions which these Sections will now assume. When the Allied Control Commission has been organized and comes into contact with the Italian Government the mission will be terminated.

MILITARY SECTION OF THE COMMISSION

November 1943

6. This Section will be formed initially on the nucleus of officers now at BRINDISI and TARANTO. These officers are at present handling matters pertaining to the Italian fleet and mercantile marine, and the Italian ground and air forces.

POLITICAL SECTION

7. There is a small political group at BRINDISI which will similarly form the nucleus for expansion into the Political Section.

ADVISORY COUNCIL

8. It is contemplated that an advisory council will be created. Its membership will be composed of representatives of those of the United Nations whose interests are involved in the operations of the Allied Control Commission.

OPERATION OF THE ALLIED CONTROL COMMISSION

9. Measures are now being taken to bring the Allied Control Commission into operation at the seat of the Italian Government, and to develop the Italian Government to the point where territory at present under Allied Military Government may be placed under its administration. This will involve the following steps:

a. A small party, composed of officers from certain of the Subcommissions, has been dispatched to Brindisi. This group joining with the members of the Military Mission will be organized into the advance command post of the Allied Control Commission. Through these representatives the Commission will establish contact with the Italian Government and begin the preliminary examination of immediately pressing questions. One task will be to commence planning for the transfer of territory to Italian administration, which will, however, be subject to the guidance and supervision of the Allied Control Commission.

b. Headquarters Allied Military Government at Palermo, now under command of AFHQ, will be transferred to the Command of the Deputy President Allied Control Commission.

c. The Italian Government will continue broadening its political composition and strengthening its administrative structure.

d. When it is determined that the Italian governmental system is in condition, politically and administratively, to be entrusted with the responsibility, the transfer of areas will be undertaken, on orders from AFHQ.

10. Four provinces adjacent to Brindisi have already been removed from the Allied Military Government of Region II and restored to Italian administration. The Allied Control Commission will ensure that this arrangement operates in a matter satisfactory to the Allied Forces.

placed under its administration. This will involve the following steps:

10. Four provinces adjacent to Brindisi have already been removed from the Allied Military Government of Region II and restored to Italian administration. The Allied Control Commission will ensure that this arrangement operates in a matter satisfactory to the Allied Forces.

REGION 6 (SARDINIA)

11. The situation in Region 6 (Sardinia) differs from that of an area under Allied Military Government. It is being administered by a High Commissioner appointed by the Badoglio Government, subject to the control of a Regional Allied Commissioner from AFHQ. This mission has been entrusted to Brigadier P.K. Badin, who has established headquarters at Sassari. The Allied interest in Sardinia is chiefly the efficient utilization of the coal mines, and other than that to see that it is governed in a way acceptable to the United Nations. Region 6 will be brought under command of the Allied Control Commission at a date to be notified later.

RELATION WITH PSYCHOLOGICAL WARFARE BRANCH

12. The relations established between the Allied Military Government and the Psychological Warfare Branch will, in general, be perpetuated when the Allied Control Commission succeeds to the former. These relations are summarized as follows:

(a) FWB is recognized by the Allied Control Commission as the agency

to conduct all forms of propaganda.

- (b) PWB retains control of its personnel and equipment in territories under ACC jurisdiction.
- (c) PWB will appoint a representative to the ACC Planning staff.
- (4) PWB propaganda initiated in and directed to the territories under ACC jurisdiction will be under the general direction, and at the service of ACC. It is understood that propaganda asked for by ACC should not conflict with the joint central directives which PWB receives from London and Washington as modified and approved by AFHQ.
- (e) In the event of a conflict between ACC and PWB which cannot be settled on the spot, the problem is to be referred to AFHQ for decision.

CONDUCT OF ALLIED CONTROL COMMISSION

13. Care must be taken to ensure that no precedent may be created prejudicial to the United Nations or the ACC. Long range commitments will be avoided, except under orders of the Deputy President. The Commission will act through and upon the Italian Government and will not itself assume the government of the liberated territory. Allied officers should not allow themselves to be drawn into any discussions as to whether the Italian Government is legally competent to do what is required of it. It is a domestic question, in which, in general, the United Nations are not interested, by what particular measures the Italian authorities give effect to our demands. It is for the Italians to decide upon an appropriate form of internal action and to prepare draft documents. Major documents should be submitted to the Commission in order that errors and implications prejudicial to the United Nations may be detected. In proper cases, reference must be made to AFHQ through normal channels. The representatives of the Allied Governments should not thrust the Italian authorities aside and frame their measures for them, but should have control over important acts before they are taken.

JURISDICTION OF ITALIAN COURTS OVER MEMBERS OF THE ALLIED FORCES

14. The operations of the Allied Nations throughout Italian territory must be free from restraint, regulation, taxation, public charge or other impediment. No Italian Court will be allowed, without the consent of the Allied Commander in Chief, to exercise jurisdiction over any member of the Allied Forces or person accompanying such forces, or any officials of one of the Allied Nations. The Commission will act through and upon the Italian Government and will not itself assume the government of the liberated territory. Allied officers should not allow themselves to be drawn into any discussions as to whether the Italian Government is legally competent to do what is required of it. JURISDICTION OF ITALIAN COURTS OVER MEMBERS OF THE ALLIED FORCES

No Italian Court will be allowed, without the consent of the Allied Commander in Chief, to exercise jurisdiction over any member of the Allied Forces or person accompanying such forces, or any officials of one of the Allied Nations. If complaint is made of the conduct of any member of the Allied Forces, the complainant must be called upon to substantiate the charge with a statement of particulars, in order that any disciplinary action found necessary may be taken.

ATTITUDE OF MEMBERS OF THE COMMISSION TO THE ITALIAN GOVERNMENT

15. The members of the Commission, whether acting officially or otherwise, should maintain a correct attitude toward members of Italian Government, neither autocratic on the one hand nor familiar on the other. They should bear in mind that the provisional arrangements between the Allied Governments and that of Marshal Badoglio are dictated by war needs and are not to stand in the way of the Italian People, after the elimination of Fascism and the eviction of the German forces, having a government of their free democratic choice. In the meantime, it is important that there be built up an anti-Fascist Government on the broadest base possible. It is desirable that all healthy elements which can deliver some good be rallied to the common effort. The success of the plan to entrust the Italian authorities with the administration of Italian territory under supervision of the Allied Commission is dependent upon the development of an Italian Government whose intentions and ability the Allied Governments can rely.
