TRANSLATION

Bellavista, 21 November 1946

Subject: Petition addressed to the English Commander.

To : The Supreme English Commander - Caserta

Sir,

This is the appeal of a poor farmer, mother of six tender-aged children who are living in the most dire conditions because of the absence of their father Salvatore Nocerino. One of them, by name Ciro, died recently, while our land-lord will shortly move us out of his farm as it is not being cultivated.

About eight months ago, one of our neighbors, by name Antonino Perretti, along with an English soldier with whom he worked, came to our house and deposited there a certain quantity of food-stuff such as butter, sugar and coffee. They stated that they would come back in the morning to take away the goods unless we wanted to buy them. My husband, in consideration of our needy conditions and of the health of our child for whose recovery we were meeting heavy expenses, did not hesitate to purchase them.

The 10th Section of the Italian Tribunal in Naples, sentenced him to 30 months of imprisonment. He is now serving the sentence in the jail of Foggioraule (Naples), Milan Ward No. 25.

I am now imploring you, Sir to intervene with the Prosecutor's office in Naples and have my husband pardoned.

I am certain that you will do that on behalf of five tender-aged children who are suffering from hunger. May God bless you.

While awaiting for your reply, I remain,

Yours respectful, •

The Secretariat of State of His Holiness takes the liberty to recommend for the kind consideration of the competent Authorities the request of Signora Irena Di Stefano, Via Giovanni Urbano 92, Foggia, for intervention in favor of her son Marchetto Gerardo, who is detained in the prison of San Severo in Foggia.

Signora Di Stefano states in her request that her son is the father of seven children, and that at seventy-five years of age, she can be of very little assistance to them. One of the children recently underwent an operation and must be operated on again in the near future.

Thanking you for the consideration you may deem to give this request, I am

Il sottoscritto De Mita Giuseppe di Nazario
detenuto nella Colonia Penale di Castiadas
(Cagliari) in esecuzione della condanna ad anni 3
di reclusione e lire 2000 di multa di cui la sentenza
15-12-1944 da Codesta Corte, in seguito a revisione del
suo processo gli è stata diminuita la pena di
giorni 80.

Perché i suoi compagni di causa, nominati:
Consalvo Giovanni e Felice Venturini, con la
sua medesima condanna sono stati liberati
in data 12/8/45, dubita che il suo cognome sia
stato frainteso con altro della stessa causa.
Chiede pertanto voler rivedere con maggiore precisione
l'esito del riesame nei suoi confronti, a che non gli
sia potuta erroneamente notificare un'ordinanza
non sua.

In attesa che gli siano notificati maggiori chiarimenti,
con ogni osservanza, grazia ed ossequio.

OGGETTO : proposta di grazia per il detenuto
LOSSA Riccardo fu Giovanni.

Il detenuto in oggetto condannato dalla Corte Militare Alleata di Firenze con sentenza in data 10/11/1944 per possesso di armi anni 3 di reclusione ha scontato oltre metà della pena.

Poichè egli, come rilavasi dall'unito certificato medico, trovasi in molto poco buone condizioni di salute sicchè un'ulteriore permanenza in carcere potrebbe risultargli fatale, e dato che per la sua buona condotta tenuta durante l'espiazione e per i propositi manifestati di non più ricadere in fallo merita benevola considerazione, lo si propone a codesta onorevole Commissione per la concessione della grazia della rimanente pena da espiare.

R. det. Lossa Riccardo

Durante la permanenza in questo carcere e' stato continuamente curato per gravi postumi di ferite ricevute da fuoco all'evitatore. D. e solitamente ricoverato in infermeria. In questi ultimi tempi le sue condizioni generali sono andate peggiorando ma dal lato fisico che pu' dirsi e' da tempo ricoverato in infermeria.

L'esame radiografico ha dato esiti negativi per forma tubercolare, ma non e' un esame del tutto tranquillizzante per il futuro.

As the said Office and the Allied Control Commission were closed down, and as I am desirous of knowing of the outcome and if justice has been done, I warmly beg this Ministry to carry out investigations about the said proceedings so that I might be able, if necessary, to request reparations for the immense damage which I suffered morally and financially.

YTRANSLATIONPETITION FOR PARDON, Date : 2.x.1946.

The petitioner, Professor Alfonso BORRARO, is addressing his petition to the President of the Republic on behalf of his nephew, named BORRARO Elio.

He declares that his nephew left home eleven years ago and went to East-Africa. He was made there a prisoner by the Allied Forces. His parents had no news from him for three years and were very worried.

Elio Borraro sent finally a letter, which has arrived on August 30th 1946. He informed his parents that he succeeded in escaping from a concentration camp in South-Africa and, having no means, was compelled to commit a robbery, together with his companions. He was arrested and sentenced by an Allied Court to a very long term of imprisonment; which is not being exactly specified in his a/m letter. He only claims that the conditions of his life are terrible.

The petitioner points out that his nephew has always been an honest labourer and has no previous penal record. He asks the President to intervene with the Allied Authorities, in order that his nephew be pardoned and released. He gives the following address, which was indicated on the envelop of the letter, sent to him by Borraro Elio: Reeland Street P.O. Box 1457, Cape Town S.A. He believes that his nephew is serving the penalty in the prison of Cape Town.

The petitioner's address is the following: Via Monte Piedimonte d'Alife, Caserta.

Sir,

I take the liberty to appeal to you again in order to obtain pardon on my behalf.

In fact my previous letter dated 1 October and my cable dated 25 October have been so far unheeded.

I implore you, Sir to be pitiful towards me and to consider that if I am forced to serve the sentence, there will be nobody to take care of my children.

I entreat you, Sir, to let the District Judge release me.

It is not plain whether she had her sentence suspended and while her husband was in jail, committed some crime, or whether the CCR is now after her to "serve" out her 2 months sentence, which may be implied in first paragraph of translation.

To: The Allied Force Headquarters - Caserta

I, the undersigned, Concetta PUCCIO, sentenced together with my husband by an Allied Court to serve two months of confinement, am applying to your Headquarters in order to be pardoned.

I point out to you that my husband has already served his sentence; while he was in jail my children and I have been suffering from hunger as there was nobody who would assist and help us.

It is on behalf of my two teen-aged children that I am imploring you to be merciful towards a poor woman who never before has committed a crime.

I entreat you to take an early decision on my case as the Carabinieri of Gela are about to arrest me.

Please, pardon me of a crime which I committed because of my ignorance.

My dear Mr. GULAB:

19 November 1946.

Attached hereto is a letter of Mr. MONCADA claiming certain injuries as a result of trial by Allied Court at Palermo in 1943. Mr. MONCADA was sentenced to seven years imprisonment and 1,000,000 lire fine.

As a result of a recent review of this case it has been decided to annul the sentence, and you have been notified to this effect in our letter AC/4083/23/L, dated 1st August 1946. (Copy enclosed)

The effect of this decision is the same as a finding of not guilty by the Court in the first instance. The Allied Commission has cleared Mr. MONCADA of any violation of Proclamations. However this is not to be interpreted that Mr. MONCADA is not guilty of some violation of Italian law, if you have facts to support such a charge.

Request that this matter be settled by your Ministry in that it no longer is a concern of the Allied Commission.

This office would be pleased to furnish you with any available information you may desire in regard to this case.

Sincerely yours

Prima della liberazione della Sicilia vantava un credito verso il Genio Civile di Palermo per lavori eseguiti risultanti da regolari fatture per l'importo di L. 17.000.000 circa e L. 6.000.000 dal Comune di Palermo. Dopo la condanna dette fatture per motivi ancora ignoti ed incomprensibili furono ridotte a L. 13.370.100 circa, che si trovano presso il Ministero delle Opere Pubbliche per il pagamento. Fu inoltre comunicato allo scrivente, attraverso il suo legale, che su detta somma deve essere effettuata una ritenuta di L. 1.200.000 a titolo di multa a seguito della sentenza pronunciata il 6 dicembre 1943 e L. 2.500.000 per i presunti danni che la Societa' SLOF avrebbe arrecato al Comune di Palermo. Il Comune si trattiene inoltre la somma di L. 600.000 senza nessuna ragione.

Per venire incontro ai bisogni della propria famiglia il Sottoscritto ha dovuto rilasciare vari effetti cambiari. Nell'ipotesi non dovesse incassare i suoi crediti, non avendo disponibilita' di cassa per il pagamento di detti effetti, verra' dichiarato fallito con tutte le conseguenze di fatto e in diritto inerenti a detta pronuncia.

Il Sottoscritto si rivolge quindi alla Signoria Vostra perche' voglia, completando l'opera di giustizia della Sottocommissione Legale che ebbe recentemente a riconoscere la piena innocenza dello scrivente, comunicare quanto sopra alle Autorita' competenti invitandole allo sblocco dei crediti e facendo presente come sarebbe opera di giustizia affidare a persona cosi' provata dalle sventure, un complesso di lavori che gli permetta di ricostruirsi una vita.

Con perfetta osservanza

TO : Admiral STONE , ROME.

I, the undersigned MONSARD Salvatore son of Filippo, a contractor by profession, residing in Palermo, draws the following to your attention :

On 26 July 1943 at Palermo, I was called to form part of a company, which was later called S.L.O.P. (Society for the execution of Public Works).

Said Company was charged by the Allied Military Government with the task of clearing the debris and fill the bomb pits in the city of Palermo in order to open the way for the operating Allied Forces. Said works were executed by order of the Allied Military Government under the supervision of Commune of Palermo and the "Genio Civile".

The works carried out under the period of supervision by the Commune amounted to a period of 4 weeks for a value of 5,594,381 lire as per invoices produced. On such amount an advance of 7,000,000 lire were paid.

The works carried out under the supervision of the "Genio Civile" amounted to a period of 5 weeks for a value of 10,731,949 lire as per invoices produced. On said sum an advance of 6,500,000 lire were paid. At this time, and to be exact, on the 30th September 1943, all the members of the SLOP were arrested and brought to trial on 6 Dec 1943 for swindling and false acts to the detriment of the Italian Government.

I was sentenced to 7 years imprisonment and 1,000,000 lire fine or in default 5 additional years of penal servitude. 36
In consequence of said judgment the Commune of Palermo not only refused to pay the remaining sum claimed by the SLOP, but ordered sequestration for the purpose of protecting its interests (sequestro conservativo) on all the amounts owed to the SLOP by the "Genio Civile" for all public works carried out before the liberation of Sicily. A total amount of 7,081,517 lire were sequestered, of which 6,500,000 lire represented money duly owed to the SLOP and 1,500,000 represent Court expenses and interests. At the same time an inquest was ordered to establish the amount of the damage presumably suffered by the Commune of Palermo. Up to date said inquest has not even been initiated. In consequence of the sentence the "Genio Civile" refused to pay the remaining sum of 4,931,949 lire owed to

SHOP without explaining the reasons why. Recently on review, the innocence of the undersigned has been fully recognized.

The undersigned has 5 children, all of minor age, to support and has served two years of penal servitude. During his absence thieves broke into his depot and carried away all sorts of materials (wood, glass, iron, cement, bricks, implements etc.)

Due to the sentence and in view of the position taken by the Italian Government in respect of it, I have been deprived of my rights; it is now for over one year, to enter into contracts for works, even though I am duly inscribed in the National Rolls for Contractors?

Before the liberation of Sicily I had a credit open to the "Genio Civile" of Palermo for 17,000,000 lire and one to the Comune of Palermo for 6,000,000 lire duly supported with invoices.

After the judgment the amounts as shown on the invoices were for reasons unknown to me cut down to approximately lire 13,370,100 which sum is now deposited on a blocked account at the Ministry of Public Works. I have been further informed through my defense Counsel that an additional deduction of 1,200,000 lire has been ordered on said account in view of the fine imposed against me on 6 December 1943, and that a deduction of 1,200,000 lire was also ordered in view of a claim for damages presumably suffered by the Comune of Palermo. The Comune is moreover withholding without any reason whatsoever the amount of 6,000,000 lire.

In order to support my family I have been obliged to contract many debts and I have signed many bills of exchange which on maturity date I cannot meet and therefore will be declared bankrupt and will have to suffer all the inevitable consequences.

Account of credits owed to me :

GENIO CIVILE of Palermo -approximately = L. 17,000,000

Comune of Palermo (for works performed before the liberation of Sicily) L. 600,000

Share owed to me as a partner of the SIOP = L.1,400,000
(for works performed after the liberation of Sicily for
the Comune of Palermo and the "Genio Civile" of
Palermo).

Total amount= L.19,000,000
approximately

I am therefore addressing this petition to your Excellency
in order that you may complete the work of justice recently
done by the Legal Sub-Commission who has recognized my full
innocence, and advise the appropriate Italian authorities
of the aforesaid facts inviting them to unblock my credits
and permit me to enter into contracts for public works in
order that I may begin a new life.

Yours very truly

(signed) MONCADA Salvatore

1. In recent times the Legal Division of this HQ, employing personnel already reduced to the minimum necessary to carry on the more basic functions of that Division, has had to handle an unusually large volume of correspondence in connection with petitions for clemency. Considerable time is wasted, therefore, in making translations, in preparation of copies and in writing letters of explanation to all agencies who have become involved in the matter. Furthermore, it is believed that this practice has not only ^{the} ~~only~~ fault of causing additional work for your Headquarters and this Commission in individual cases, but that, in a larger way, by giving encouragement to petitioners to seek relief from higher authorities it indirectly helps to extend unduly the whole sphere of operations in this connection.

- 2 -

3. As these petitions are made through unrecognised channels, it has been suggested that when received by your Headquarters, no report should be called for, but that transmitting agencies should send an acknowledgement and be informed that the matter has been passed to this Commission for any action necessary.

This Commission would take similar action on such petitions if received direct and would be responsible in all cases for an examination of the documents and for taking action should any exceptional case arise which demands it.

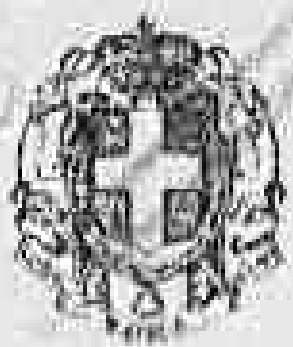

FOR THE CHIEF COMMISSIONER.

Dear Sirs:

The Secretariat of State of His Holiness takes the liberty to recommend for the considerate attention of the competent Allied Authorities the request of Caterina Pegoraro, Cartigliano (Vicenza) for the liberation of her husband, Giovanni Pegoraro, presently detained in the prison of Castiadas (Cagliari).

Sig.ra Pegoraro states that her husband was sentenced to four and one half years imprisonment on the charge of theft by the Allied Tribunal of Naples. She has a three year old child and, on account of ill health, is unable to take care of the four fields that make up their property.

The documents herewith enclosed are presented on behalf of the above mentioned Giovanni Pegoraro.

Thanking you for the consideration you may deem this request to merit, I am

Sincerely yours,

Walter S. Carroll.

Dear Sirs:

The Secretariat of State of His Holiness takes the liberty to recommend for the kind consideration of the competent Allied Authorities the request of Signora Margherita Salamino, Via Dante 48, Taranto, for the liberation of her husband Gerardo Michele presently detained in the prison of the above mentioned city.

The petitioner states that she is the mother of five small children. Her husband met with a motorcycle accident in 1942 which incapacitated him for two years. In February 1944 he bought tires belonging to the Allied Government and was sentenced to six years imprisonment for the offense.

In view of the hardship his incarceration is causing the children, the Secretariat of State of His Holiness would request a review of the case with a view to the ultimate liberation of the prisoner.

Thanking you for the attention you may deem to give this request, I am

Sincerely yours,

Walter S. Carroll.

N. 142957/SA

Dear Sirs,

The Secretariat of State of His Holiness takes the liberty to recommend for the kind consideration of the competent Authorities the request of Saglimbene Cosimo for intervention in favor of his son Saglimbene Sebastiano, who is detained at the Carcere Giudiziario in Messina.

In his request Mr. Saglimbene states that this son was tricked into committing an offense for which he was sentenced to four years imprisonment and a fine of 2.10.000. More than half of that term has already been served.

The father must soon undergo a delicate operation and feels greatly in need of the presence of his son.

Thanking you for the consideration you may deem to give this request, I am

CASE OF M I Z Z I Manoel di Silvio

Remarks by the President of the Court

The accused did not go into the box in this case and the case had to be judged on the evidence of the Prosecution including the accd's statement - exhibit 2. I do not think however that accd's failure to give evidence can be taken as an indication that he had anything to hide. According to the evidence accused was a member of a Fascist Militia which was under the control of the Navy and trained for Coast Defence and Anti-Aircraft defence. Accd appears merely to have attended a course of training from 26 Aug 42 to 18 Dec 42. No evidence was offered to show that accd had performed any other service with this militia. Although in a sense a course of training with a militia unit could be considered military service, a distinction appears to be made on the Scheda between membership of the Militia and military service. In view of this I think someone filling up a Scheda might well understand question 18 in the sense of a question as to whether he had been in service with one of the regular branches of the armed forces, or as to whether he had been called up as part of an embodied militia unit and had rendered service in the field. There was no evidence offered by the prosecution as to such service. Equally the evidence was that Milmart was not one of the Special Groups of M.V.S.F. and that accd's answer to Question 8 was therefore correct.

It appeared to me that adherence to this particular militia was not provided for in the Scheda.

Moreover there was evidence to suggest that accd was probably invited to answer yes or no to question 18. It is interesting to notice that accd had answered "no" to all the governing questions on the Scheda which could be answered yes or no, except to question 18 and to question 20 (c). I consider this showed that he had felt some doubt as to what his status as member of Milmart had been. When invited to answer yes or no, he may have considered "no" to be the more correct answer; although a qualified answer might have given a truer picture.

On the evidence I did not consider that the Prosecution had proved that any of the answers were false.

I consider too that the Prosecution was bound to show not only that the answer was false, but that the accd knew that it was false.

SUBJECT : CATANI, Alfredo.

TO : Minister of Grace and Justice.

1. While out on conditional liberty on a sentence imposed by an Italian Court, on 2nd January, 1945, while appearing before the Pretore di Pisa during an Italian proceeding, CATANI, Alfredo was found to be in possession of a pistol, and on 20 February 1945 was tried by a Summary Military Court, Pisa, and sentenced to twelve months imprisonment.

2. Presumably because of this second conviction by the Summary Court, the prior Italian sentence was invoked against CATANI, and the time spent between 2 January 1945 and 22 June 1946 was charged to the original Italian sentence. On 22 June 1946, because of the Italian amnesty decree, the unexpired part of the Italian sentence (for five years) was cancelled. Since 22 June 1946 CATANI has been held in confinement under the Summary Military Court sentence of one year imprisonment.

3. If the Italian sentence was enforced because of the TRIAL by the Summary Military Court, it was error to give precedence to the unexpired Italian sentence over the Summary Court sentence. The reasons are simple. When jurisdiction of the Summary Court attached to CATANI, it attached not only for trial and conviction, but for the SAVING of SENTENCE as well. Further, the invoking of the prior Italian sentence was based on the exercise by the Summary Court of its jurisdiction, - which included the total of its proceedings, to wit, trial, conviction and SENTENCE. It follows, therefore, that only after the total of such jurisdiction had been applied by the Summary Court with, trial, conviction AND the SATISFACTION of its judgment could the Italian judgement become operative.

- 2 -

Under such fact, as the time spent in jail by the accused following his conviction was in satisfaction of the Summary Court sentence, and that expired in one year and before 22 June 1946, it follows that on 22 June 1946, as the accused was being detained under an Italian sentence, and the offence was pardoned, the accused should have been released on 22 June 1946.

The accused is confined at Firenze. According to our view, based on the above facts, he has served the sentence imposed on him by our courts. If the facts are as I have stated them (I may be in error on the facts) it is up to the Minister of Grace and Justice and not Allied Military Government to deal with this prisoner.

May I have your views?
