Chief Legal Advisor (Col. Weber).¹²

We discussed the case and agreed that Major Manifold's action was highly irregular. A study of the list at 29 in the file reveals that in certain long-term sentences prisoner has been released on the day of a very shortly after admission to prison. It was agreed that if the list at 29 in the file were sent to Maj. Manifold and his reply indicated that for a while had taken place in his office, as action would be possible against the civilian employees in view of the SIB report sent by you out of the lapse of time. It was therefore agreed that in good future would be served by pursuing the matter further with Major Manifold. It was agreed that action should be taken ^{by you} to effect the re-arrest if possible of the individuals sentenced to long terms of imprisonment on the list at 37B who were released after Maj. Manifold's departure and of such other long-term prisoners on the list NO2 at 29 as you think fit. M. Paul Sawyer

2. If, as reported by the Primo Pretore, these prisoners were released on the order of Captains L I COA and George B. LEE, these officers should be called upon to explain the source of their authority. In this connection, it is much too late to say that prisoners may be released at will by Armed Officers; the rules provide otherwise, and by long observance have become matters of common knowledge to all Armed Officers. Further, at the time and place in question, the agencies to whom such functions are delegated were in normal operation: Pistoia Province and Toscana Region were inactivated on 19 June 1945. These officers were not "Legal", and the Public Safety Sub-Commission has orally stated they were not "Public Safety".

This matter arose from a letter from the Pretore asking whether he should inform me "Sernesi" who was "on leave" from prison where certain other prisoners were released before completion of their sentences. ^{had been properly released.} He naturally wrote for particulars, and it appears from 12B, and 8A.

that Capt Lee released 5 prisoners on 1 May to celebrate "Liberation Day" and 4 on 8 May to celebrate VE Day.

The fifth man Sernesi was granted "leave" by a Capt Lee and was apparently released without authority on 1st. Probably the Pretore letter was prompted by an attempt to obtain an authority from 6 suggests that both Capt Lee and Lee should be asked for an explanation of their actions.

But that doesn't deal with Sernesi who is apparently out without authority (8A). As you will notice Sernesi had a much longer sentence than any of the others. It does not expire until Dec so other sentences expired later than June.

SUBJECT : Illegal release of prisoners, Ancona.

TO : Ministry ofardon and Justice.

1. Attention is invited to your letter, copy attached, dated 8 Sept. 1947 and to letter dated 20 Aug. 1947, copy attached.
2. Major Manifold had no authority whatsoever to authorize a leave for any prisoner, or to order the release of a prisoner. Any order so issued by him would be a void order. Being a void order it had no legal effect. Because Major Manifold did not have the authority to issue such an order and because the order was void ab initio neither of the orders referred to above conferred any legal rights.
3. The question as to whether or not the signature on the orders was that of Major Manifold is not germane here, for even he had signed the orders, not having the authority to do what he purported to do, his act had no legal effect.
4. Any bail posted in accordance with such void orders should be returned.
5. Persons released under color of the orders gained no legal rights and should be re-arrested.
6. The good faith shown by the Italian Government in honoring the acts of Major Manifold is nowhere questioned, we simply point out that the orders were lacking in power and should not be given any legal effect whatsoever.
7. This letter may be considered to cover all release orders, bail and leave orders signed by Major Manifold.

SUBJECT : Illegal Release of Prisoner
BARTOLUCCI, Emilio
Region V Case 10

TO : The Minister of Grace and Justice.

1. See your letter of Sept 17, UIC III A.P. Prot. #
14.78.747.

2. The purported order of Major Manifold authorizing a
leave of thirty days to BARTOLUCCI, Emilio on the posting of 20,000
lire bail was beyond the power of this officer even if it bears his
signature. Being a void order, it had no legal force whatsoever.
A void act is one that lacks its intended legal effect. Having no
legal effect, it follows that the accused is not at liberty by
reason of legal authority.

3. It is our thought that the accused should be returned
to prison in conformity with the Mandato di Cattura issued in his
case. As the purported act of Major Manifold was without power at
Emilio, there can be no question of forfeiture of the bond. In so
far as this case was concerned, it is not a question of whether or
not the order was forged. Even if it be admitted that the order was
genuine, the fact remains that the officer issuing it was totally
lacking in Allied power to issue it. That power was vested elsewhere.
Simply because a soldier wore the uniform of the Allies did not
empower him to issue orders without regard to the Mandato di Cattura
issued by Allied Military Government Courts. Not having such power
his acts are a nullity as far as the law is concerned. The accused
has not satisfied the term of imprisonment imposed on him by the
competent orders of Allied Military Courts. He is presently at
liberty by reason of a purported act of an officer - even if genuine -
which was beyond his power. No rights passed to the accused.

4. The good faith shown by the Italian Government in
honoring the act of Major Manifold is nowhere questioned. We simply
point out that the order was lacking in power, and should not be
given any legal effect whatsoever.

Note to Major Mann.

Sir.

This old letter of November, 1946, has turned up and has apparently gone unanswered all this time.

The question is whether or not the letter should be answered.

Factors

1. Length of time elapsed - from Nov 46 to May 1947
2. Letters containing partial information has been transmitted to Ministry of Justice.
3. We were unable to find records on each individual thus a reply would be incomplete.
4. However, such information would be useful to keepers of prison records of individuals.
5. Information is to a large degree already prepared & no great amount of additional work is required to whip it into shape.
6. It is self-evident that the matter should be cleared up one way or the other before more time elapses.

Recommendation

1. That a letter be sent to Prefettura di Ancona, sending a copy to Ministry of Justice, giving as much information as possible, thus getting the matter off our hands.

Attached letter from Prefettura di Ancona requesting information as to persons illegally released from prison of Ancona. I was not able to get all the cases but on the cases I got, I tried to get all pertinent information. Before it is sent in a letter, it must be worked on & parts deleted & other parts added. When letter is finally written, it should be prepared for Col Weber's signature as he is familiar with case, having sent original list to Public Safety S/C.

This is one of the infamous Ancona illegal releases which we heard so much about in connection with Major Monfald. This accused, Rosi, Carlo was ordered released by letter from Hq Alcom 23 Nov 45. Hansen on a list of illegal releases submitted to PS Sub Commission, 14 Mar 46, was the name of Rosi Carlo. I have not had time to determine if one & same man or merely a coincidence of names. With letter of 8 Nov 46 the Prefettura di Ancona has asked for particulars concerning the men on the list we submitted to P/S. The position of Rosi should be cleared up before we send the information.

SUBJECT : Irregular release of prisoners

TO : Public Safety Sub-Commission.

1. There can be no doubt whatsoever about one premise in the above matter: That the release of prisoners was without authority of law, and that the persons released should be returned to prison to complete their prison sentences.

2. There is attached herewith two lists of such persons who should be re-arrested under fugitive warrants. We pass this list to you for whatever action, if any, you can take. There can be no doubt that Allied prestige reached a record low in this unfortunate situation, and that to allow these persons to remain at large would be mockery to Allied processes. It is bad enough to allow these to go unpunished who brought this about. But to allow the prisoners to go unmolested appears unthinkable.

Dear Sirs,

I refer to your letter AC/4091/4/L:
of the 25th January, 1946.

I find difficulty in replying
except to re-iterate my observations in the
previous letters.

I did not and never have given
any authority for the release of anyone after
my departure from Ancona, and I can only repeat
that for the Prison Director to accept a story
such as the one stated is to say the least
fantastic.

I think you will appreciate that if
the relatives of anyone in this country tried
such an excuse they would not get far with it.

Yours faithfully,

GOFFREDO MANCINELLI

MARIO FREDDI

See 42 A

The two were sentenced by AMG Court of Ancona to 18 months imprisonment on August 1st 1945.

They however got a release on August 7th 1945, signed by Major Manifold, then Legal Officer at Ancona. When the Major left, it was discovered that some of the releases had been arbitrarily issued. In consequence all the releases signed by Major Manifold were frozen, pending a re-examination of each single case.

Subsequently on January 7th, 1946, a letter was sent by AMG Ancona to Legal Sub-Commission, Rome, stating that the release of GOFFREDO MANCINELLI and MARIO FREDDI had been legitimately issued; that, therefore the two could obtain their freedom. To this letter an answer has not yet been received. Will the answer be favourable?

This inquiry left with me by Miss Legard (Office 2675 Regt. 1st Div. 360)
Informed Miss R. that the releases of these two prisoners were invalid, and that the Liaison Officer at Bari had been so informed.

MINISTRY OF THE INTERIOR
Direction General Public Security

(45A)
Rome 30 Jan. 46.

TO : H.E. Chief of Police - Rome.
Public Safety S/C A.C. (for info).

Subject : Irregular release of prisoners sentenced by the
Allied Court of Ancona.

According to the orders received in your Excellency's letter n.40.444/11200 dated 28th inst., I went to Ancona to enquire and make ascertations on the release of prisoners carried out on the presentation of regular stamped orders signed by Maj. Manifold, Chief Allied Police Officer of that town, when said major had already left.

As by dispositions received, I reported for the necessary instructions, to the Director Public Safety S/C, A.C. Rome, and later to the A.M.G. Director of the A.P.E. office, S.I.B. and H.E. the Procuratore Generale of the Court of Appeal of Ancona:

RESULT OF INVESTIGATIONS AND ASSERTATIONS

458

Members of the Allied Public Safety Office of Ancona

The Allied P.S. Office of Ancona, up till August 1945, was made up as follows:

Major Manifold, British, Chief.
Pittoni Claudio fu Luigi, born New York on the 9/11/1920, residing in Ancona, Corso Amendola 7. First Interpreter.
Riviello Iva di Ettore, born in La Spezia on the 27/11/1925, residing in Ancona, Via Trieste 56. Second Interpreter and secretary to Manifold.
Ricotti Mauda fu Cesare, born in Ancona on the 4th July 1920, residing there in Viale della Vittoria 4 - typist.
Sacchi Lilly di Luigi, born in Ancona on the 26/5/1923, residing there in Via Matteotti 8 - typist.
Colocci Carolina, of British origin, widow of an Italian subject.
Leonzio Arnaldo di Vincenzo, born in Pesco Costanzo (Aquila) on the 8th November 1914 - P.S. Agent.
De Panis Giovanni - Vice Brigadier CC.RR.
Meitland (?) Franco - British soldier - Scotch.

Miss Sacchi commenced to work during the month of Sept. or Oct. 1944, she was discharged about the beginning of January 45, for having in a 'duplicate' travel permit, lost by the interested party, added an extra locality to those written on the original one.

Many doubts on her uprightness had arisen, as she was in charge of the issue of permits, and there were rumours that she received compensations from applicants. This, though, cannot be proved.

The P.S. guard Leonzio Arnaldo was told to keep an eye on the a/m young lady, thus he was able to discover that she had altered, in a 'duplicate' the original permit.

Miss Sacchi was then discharged, though no proofs could be found on her receiving money or other compensations and the matter was kept in the dark, to avoid scandal, as it concerned the daughter of an ex CC.RR. officer.

It was not possible to question Colocci Carolina, she being in Naples, the same applies to the CC.RR. vice Brig. De Panis discharged and actually residing in Asti and the English soldier Meitland whom; it is said, was transferred to Rome after almost a month from Maj. Manifold's departure from Ancona.

Friendly Relationship between Maj. Manifold and the employee
Miss Iva Riviello

-2-

Miss Iva Riviello, an ex employee of the Allied Post Office, which was situated below the Police Office, having had the opportunity to meet Major Manifold, was hired by him in his office as his interpreter secretary in January 1945.

Miss Riviello, who was in Maj. Manifold's room soon succeeded in acquiring his sympathy and unlimited trust, inasmuch as malicious criticisms arose, affirming that said employee had a great influence over the officer's decisions, especially in those concerning the reduction of sentences.

Pittoni, who, it appears, was put slightly aside on Miss Riviello's assumption, almost exclusively acted as interpreter at the Court and Prisons.

On this subject, Pittoni, in his minutes of interrogation (1) expressed himself as follows: "The fact is that lately, whosoever wished to obtain a favour, had to approach Miss Riviello, who, it was said, received any sort of compensation."

Pittoni, being asked to specify clearly, has stated that he is not in a position to do so, not having any definite proofs and has added that, that was the opinion which was circulating within the office and outside.

The relationship between Maj. Manifold and Miss Riviello soon became friendly, this was very bad for the eyes of the public, as they were seen walking in the streets underarm, bathing together on the shores of Ancona, Palombella, Porto Nuovo and San Benedetto (Pescara) where they had spent seven or eight days leave together.

Miss Riviello used to accompany Maj. Manifold to invitations to dinners received by civilians, these occurred quite often.

He then frequented the Riviello house habitually, for which there were rumours that between the two, the normal attitude of subordination which usually exists between an employee and employer has slackened.

The P.S. guard Leonzio, wishing to point out the familiarity which existed between the two, has declared (2) that sometimes he was ordered, by the major, to carry fish and other foodstuffs, given to him as presents, to the Riviello home.

Of such a privileged position miss Riviello soon took advantage assuming, with her office friends, an authoritative air of superiority, which was badly tolerated.

When maj. Manifold was transferred to Perugia, remaining there for almost a month and a half, later returning to Ancona, miss Riviello soon joined him, and it seems that she worked with him in Perugia.

When Maj. Manifold was discharged on the 22nd Aug. 45, Miss Riviello accompanied him to Milan staying there with him for a few days.

Owing to said intimacy, which, according to the Italian customs and mentality and especially in a small provincial town is not admissable, many malicious insinuations have been made, though

-3-

without any proofs of uncorrect behaviour on either side.

On the other hand, Maj. Manifold was esteemed and well liked by all because he had proved to be a very kind-hearted and comprehensive man trying his best to help all those who turned to him, also the needy.

As proof of this public esteem, the Municipality of Ancona, before his being discharged, conferred him the 'Citizenship' of that town.

Miss Diviello is the daughter of a captain of the CREM (Cetro Reali Equipaggi Marittimi - Royal Maritime Equipment Centre) who, it is said, is actually in service in La Spezia. Her mother is still young and another sister, who was for some time, engaged to an allied n;c;o;

RELEASE OF PRISONERS STILL UNDER SENTENCE

From information received from various witnesses, it has appeared that Maj. Manifold, both owing to the conditions of the prisons of Ancona, greatly overcrowded, and out of humanity for the miserable conditions of the prisoners' families, often granted reduction of sentences inflicted by the Allied Military Court.

He personally, as the director of the Ancona prison has stated (3), periodically used to go to the direction of said prison and after having examined the position of the prisoners and conferred with them, granted some reduction in sentences by issuing Release forms which he personally filled in, authenticating his signature by the stamp of a special stamp which he used to carry on him.

On said forms he also wrote the date of the provisions which were to take place during periods after the verifications had been carried out.

It is not my competence to go into the provision whether the above was in the faculty of said officer or not according to the English law, as he affirmed. The fact is that he altered, in favour of the prisoners the sentences issued by the Military Court.

Nevertheless, the release of prisoners, during the Allied occupation of Ancona took place thru uncontrolled orders of the Allied Authorities, whereas, after the handover of the province and town of Ancona to the Italian Administration, these releases were effected by the Italian Authorities, prior to the approval of the Allied Commission - Rome, Legal S/C.

In connection with the intervention of the Italian and Allied authorities, on some releases of prisoners which bore Maj. Manifold's signature and stamp, dated after his departure from Ancona, it is to be pointed out that said officer in his explanatory letter sent to the Legal S/C A.C., C.M.F. dated 27 Nov. 55, does not give a

-4-

a clear explanation regards the anticipated release of prisoners.

In connection with this, it is to be pointed out that, from what the director of the jail of Ancona has stated, some release forms dated beyond the 22nd Aug. (the date of Maj. Manifold's departure) are to be considered authentic, and legal he having effected them; on the 14th Aug. 45, the date of Maj. Manifold's last visit to the prisons, he issued a few release forms applying a successive date, but these forms were given to him, he being told to carry them out on the dates indicated.

Recently, the Ministry of Grace and Justice, having received, as by ruling dispositions, some release forms bearing Maj. Manifold's signature, dated after his discharge, sent them, for the necessary ascertations and investigations to the Legal S/C, A.C. - Rome.

Concerning this, from the investigations carried out in the prisons of Ancona and Spoleto and from the examination of the list of releases ordered up to the 22nd Aug. 45 (received and returned to the P.S. S/C - A.C. - Rome), it has appeared that, in periods after the above date, release forms have been presented to the Direction of the prison, bearing Maj. Manifold's signature and stamp in the names of:-

FOR THE PRISON OF ANCONA

Vanni Anito - 24 August 1945
Mariotti Amedeo

and

Vinciotti Vincenzo - 24 August 1945
Rosi Carlo - 1 September 1945
Baldoni Amedeo.

and Tomarelli Alberto - 4 September 1945
Mancinelli Goffredo

and

Fredi Mario - 1 November 1945.

For the prisoners Vanni Anito, Mariotti Amedeo and Vinciotti Vincenzo, the prison director has stated (3) having proceeded with their releases, effecting them on the dates indicated on the relative forms, inasmuch as the orders had been filled in by Major Manifold on the 14th August 45, and given to him, for which there could be no doubt nor irregularity on the documents in question.

Regarding Baldoni and Tomarelli, whose only release form, dated 4 Sept. 45, handed to him - he doesn't remember well - if by the defense or relations, as it was not amongst those filled in by Maj. Manifold and handed to him, had to be authorised by the Procura del Regno or by the Head of the Allied Police office who

134

-5-

had substituted Maj. Manifold.

The release order, either on the same day or the following day was again handed into the prison Direction with the necessary Allied Police stamp, "Official - Allied Military Government - Provincial Police Officer" but without any signature.

This was considered sufficient by the Prison Direction which proceeded with the release of the two prisoners (encl.3 - Statement of the Director of the Ancona Prison).

Concerning the release of these two prisoners, Avv. Catalini has stated (encl.8) that, after the ceremony of the granting of the citizenship of Ancona to Maj. Manifold, he being in Avv. Sparapane's company (defender of one of the two prisoners) approached the major and asked him to grant an act of clemency in favour of Baldoni and Tomarelli.

Said officer, acknowledging the request, gave to the two lawyers the release form dated 4 Sept. 1945 which was presented to the Prison Direction on said date.

For Rosi Carlo's Case.

Rosi, Director of the Acqueduct of the commune of Ancona was arrested for political reasons, by the Allies, on the 25 July 1945, was released on probation - as his release form shows (encl.4) - being considered necessary for the functioning of the Acqueduct.

Meanwhile, as is noticed from the same release form, an appeal was pending on behalf of Rosi, for the theft of two rubber rolls for lining.

Thus, in spite of his release, Rosi was not re-assumed in the services of AMG.

Rosi, going to Major Manifold with his wife, and after many beggings, succeeded in obliging him to issue a certificate dated 13/8/1945 stating that "Rosi Carlo is acquitted from all accusations he may resume his work" (encl.5-photographic reproduction)

As Rosi's position with the prison was to be regularised, as by a release form dated 25 July 1945, he had been granted conditional liberty, Maj. Manifold gave Rosi, on the same occasion when he had given him the certificate mentioned above, a release form on which the date 1st Sept. 1945 was written without any indication of the reason.

The interested party should then have presented said order to the Direction of the Prison. But, Rosi, going to the AMG to take up service, presenting his statement of acquittal given to him by Maj. Manifold, was arrested by order of AMG.

Searched, he was found in possession of the release form dated 1st Sept. 1945.

The interpreter Pittoni has affirmed that on this, various correspondence arose between AMG and Maj. Manifold's office. (encl.1).

-6-

From the acts of the Prison Direction of Ancona, it appears that, by order, dated 19th Nov.45, ref.AMG/11/122 of the Allied Commission of Ancona, thru the Legal S/C A.C. Rome (letter AC/4083/IL of the 17th Nov.45) the release of Rosi was ordered, in relation to the sentence.

Said order was confirmed by the Ministry of Grace and Justice to the Prison Director ref.150673 dated 1 Dec.45.

Thus Maj.Manifold's signatures on the a/m three documents should be considered authentic (encls -4-5-6).

The lawyer Catalini, for what concerns the release of Mancinelli Goffredo and Freddi Mario has referred (encl.8) that a few days after the departure of Maj.Manifold, Miss Iva Riviello, on her return from Milan, where she had stayed with the major for a few days, entered his study saying that she had just been to see Avv.Sparapane in order to tell him that Maj.Manifold had left her in charge of a blank ~~blank~~ release form, for the release of the prisoners Mancinelli and Freddi.

Miss Riviello states that she did not wish to give said release order to Sparapane as she had received orders from Maj.Manifold to give it personally to him (Avv.Catalini) not having much esteem for Avv.Sparapane.

The order bore only Maj.Manifold's signature and stamp.

Avv.Catalini affirms having pointed out to Miss Riviello, at that time, that he could not receive said release order, not being the defender of the prisoners, but Miss Riviello insisted, and, with a typewriter she typed the names and surnames of the prisoners to be released, leaving in blank the date when the release should have taken place, as it could not be determined, owing to the fact that the result of the appeal, made by the interested parties, was not yet known.

Avv.Catalini points out that Miss Riviello gave him the names of prisoners.

Said lawyer, in connection with the application of the ¹²³date on the release order, expresses himself as follows :- "Thus I found myself in the position of an arbiter having to decide, if and of how much, I should reduce the sentence."

This order, always according to Avv.Catalini's statement, was later given with the omission of the date, to the respective wives of the two prisoners telling them that he wished to no longer take an interest in the case as he did not see the possibility of obtaining the release of the prisoners for them, as the city of Ancona had, meanwhile, returned to the Italian Administration.

The a/m lawyer, in connection with the reduction of sentences which Maj.Manifold used to grant, gave me his opinion and i.e. that he considered the procedure abnormal, since in this way Maj.Manifold modified the sentences of the Tribunal, even in favour of the prisoners.

-7-

Catalini, though, justifies Maj. Manifold's action from a double point of view : contingent and sentimental.

Contingent, because the prisons were extremely overcrowded and therefore by the reduction of sentences, a certain balance was determined in connection with the power of absorption of the prisons: sentimental, because therefore he helped the poorer families of the prisoners, who implored for acts of clemency.

Avv. Catalini has stated that Maj. Manifold was a very kindhearted person, full of comprehension, who tried to help all, where possible, of a very sensitive nature, this officer often gave in to the insistences of the prisoners' families, more out of pity than for wanted infraction of the Law.

From what the Direction of the Ancona Prisons has later referred it is not to be excluded that Miss Riviello did not take an interest in favour of Mancinelli and Reddi, since it was she who successively went to the conference held with Avv. Catalini in the Prison Direction together with Mancinelli's wife, in order to obtain the release of the prisoners, furnishing the necessary explanations on how the order had been issued by the major.

Meanwhile, on the release form the date 1st Nov. 45 had been applied, it is to be thought that Miss Riviello typed it, on the office typewriter, as the print is similar to that on other forms regularly issued (encl. 7).

The Director of the Prison, in spite of Miss Riviello's explanations, refused to effect the order, withdrawing it and sending it to the Ministry of Grace and Justice for the necessary orders and ascertations of the case.

Meanwhile, the two prisoners are still detained. (see encl. 8 - 9)

FOR THE PRISONS OF SPOLETO -

As it had been confidentially referred to me that other prisoners had been released from the Prison of Spoleto thru forms bearing Maj. Manifold's signature, with dates subsequent to his departure, I asked the director to send me, in order to glance through, all the release orders presented to him after the 22nd Aug. 45.

With letter n. 158 dated 10th inst. the director sent me only two orders and exactly those concerning the prisoners: Marchetti Ivo and Carloni Valentino (encl. 10 - reproduction) dated 1st Sept. 45 and Mengoni Emilio dated 2nd Oct. 45 (encl. 11 - reproduction).

It has not been possible to make any investigation on Marchetti and Carloni as they were not to be traced in Ancona.

Instead, Mengoni Emilio has been found. He appears to have been arrested on the 5th April 45 for theft of sugar in damage of the Allies, and sentenced to 4 years imprisonment with 1.430.000 lire fine and, should said fine not be paid, to 8 years imprisonment, thus terminating his sentence on the 7th April 1953.

-8-

On the 28th June 45, the prisoner was transferred from the Ancona prison to that of Spoleto, from where he was released on the 2nd Oct. 45 by the release form bearing Maj. Manifold's signature and stamp.

The statement of reasons has the following : "Judgement on a conditional sentence", whereas the interested party confessed to me that on his being called to court he had had confirmed his preceding sentence and never paid the fine imposed him.

Mengoni Emilio, being asked to present himself to me on the 8th inst., did not appear, but, in his stead, his brother Enrico came, stating that his brother Emilio was not in town and he did not know if and when he would return.

Knowing instead, that Mengoni Emilio had been seen that morning circulating about the town, I suspected Mengoni Enrico, warning him that, if his brother did not present himself, I would have had him arrested.

The following morning Mengoni complied with the order and on being questioned (encl. 12) he has stated having been actually sentenced by the Allied Military Court with the a/m sentence.

Being asked to explain his obtained release after only a few months, he has stated that Maj. Manifold, on his brother Enrico's insistence, had promised to have him released after his expiating part of the sentence and this in consideration of his being a person damaged by the war who had fought with the Partisans and had another brother, a prisoner in Germany.

Mengoni, at his first interrogation had assured not knowing, from whom, and how, his release form had reached the direction of the Spoleto prison at the beginning of October 45.

At his second interrogation (encl. 12-2nd page) Mengoni has stated that having checked on a few notes which he had at home, he could assure being released on the 2nd Aug. 45 and has added that the release form had been ~~released~~ issued by Maj. Manifold prior to his appointment as Honorary Citizen of Ancona.

Contrary to what he had affirmed in his first interrogation he then stated that the release form had been given to his own brother Enrico, in a closed envelope, by an officer or n.c.o. of the Legal Office.

It is evident that Mengoni, on declaring that he had been released on the 2nd Aug. 45, whereas on his release form there was the date 2nd Oct. 45 has tried to falsify the truth.

Infact, if Maj. Manifold had issued the release order on the 2nd Aug., when probably he didn't even know of his discharge, he would surely have given it then, to the person interested and in case one might wish to admit that said officer had desired to have the prisoner serve still another month's sentence, his employees would surely not have handed the order to a stranger who would therefore have remained in possession of it for over a month.

-9-

It is necessary, therefore, for Maj. Manifold, should the order be authentic, to state exactly the date when he handed it to Mengoni's brother.

Mengoni Enrico has declared (encl. 12 - page 3) that he got to know Maj. Manifold as he had repeatedly turned to him, imploring for an act of clemency, Miss Riviello acting as interpreter.

Always, to what Mengoni Enrico affirms, Maj. Manifold is supposed to have promised that he would have satisfied his request before he left Ancona.

Mengoni, in order to make his statement sound more probable, affirms that the officer or N.C.O. who gave him the release form expressed the intention of sending it by post, but then gave in, owing to his personal insistences, assuring that he would have immediately gone to Spoleto.

If this was true, the release form would have been either with the Allied Police or Legal offices for over a month. This could be ascertained, by asking Maj. Manifold, always if his signature is authentic, whom he gave the order to before he left.

Nevertheless, from the contradictory statements of the two brothers, serious suspicions arise and the suspicion is justified and the public opinion is unfavourable for the release of the prisoner.

The original release form (copy attached - encl. 12) has been returned to the Director of the Prison of Spoleto.

Avv. Catalini's statement concerning this release, is interesting (encl. 8); it appears that whenever anyone, he included, approached Maj. Manifold on Mengoni's account, this officer had always definitely refused. This lawyer does not understand how Maj. Manifold changed opinion.

The suspicions are therefore strengthened by the fact that on the release form, the reason is, that the prisoner was given a conditional sentence. This is evidently false as Mengoni was given a more serious sentence, confirmed at court;

For the Colonia Agricola di Castiadassi (Prov. Cagliari) 39

In favour of a certain Piaggese Ezio, responsible, as has been stated, of detention of arms, a release order, dated 15 Oct. 45 has been issued, bearing Maj. Manifold's signature and stamp.

I attach herewith copy of said order (encl. 13). The original I returned to Public Safety S/C.

Concerning the above, it has appeared to me that the prisoner's relations, thru Miss Riviello as interpreter, on various occasions approached Maj. Manifold for his release, they being assured that an act of clemency would have been granted after the officer's departure.

I interrogated a few relations of Piaggese and they all stated never ever being in possession of said release form which, on the other hand, they could not have brought to the Direction of the

-10-

Colonia, as they had never been to Sardegna.

Probably the order reached the Direction thru the post and this can be ascertained by asking the Allied personnel in charge, as I exclude it being sent by any of the Italian staff.

Method of filling in and issuing of Release Forms.

By a statement of all the Italian staff of the Allied Police Office of Ancona, it has appeared that the release forms, in blank, were kept in a cupboard, left open in the office.

Accordingly, said forms were filled in personally by Maj. Manifold in the office or at the Direction of the Prison or, on his order, by an employee.

Maj. Manifold signed them, authenticating his signature by a special stamp on which was written, not only the indication of his office, but also his name and rank.

This stamp was kept in a drawer of his desk, but it is not to be excluded that, should an ill-intentioned person have wished to take advantage of eventual temporary absences from the office, to make use of the stamp, he could have done so.

It has already been mentioned how Maj. Manifold effectively issued release orders in advance handing them, though, to the Director of the Prison.

I do not think it possible to doubt that Maj. Manifold, before leaving Ancona, filled in and signed the release order, dated 4 Sept. 1945, in favour of Baldoni and Tomarelli, handing it to the lawyers Catalini and Sparapane.

This, instead is unexplainable, if the signature is authentic, how did he issue a completely blank release order in favour of Mancinelli and Freddi, leaving Miss Riviello the faculty of filling in the two names and Avv. Catalini the faculty of applying the date.

A deficiency in the actuation of this service, seems to me, can be noticed by the fact that the release orders were not registered in any way.

HANDWRITING COMPARISON BETWEEN MAJ. MANIFOLD'S AUTOGRAPH SIGNATURE AND THE SIGNATURES ON THE RELEASE FORMS' SUBJECT OF THIS INQUIRY.

With my modest knowledge regards handwriting, I have tried to compare Maj. Manifold's autograph (encl. 14) with the signatures on the release forms of prisoners released after the 22nd Aug.

It is to be considered that, in order to be sure of judgement, the actual material for comparison is very little. A complete hand-written letter would be necessary in order to control and ascertain if the variations which appear between the letters forming the autograph and those of the other signatures are habitual variations of the writer or they depend on a, not too perfect imitation of the signature.

-11-

The first impression in examining the autograph and the other signatures is the lightness in making the strokes straight, filiform in the joining of the letters and a certain -not sure and trembling character - as of an elderly person.

The autograph has a characteristic which should be normal and constant, that of underlining, this is missing in all the other signatures.

Substantial differences between the autograph and the other signatures are noticed in the strength, inclination of the letter G (capital), in the horizontal joining of the w and m, which in the original signature is almost horizontal whereas in the others it is of a concave shape.

The letter a in the original signature is formed by an oblique circle to the right with its stroke completely apart, whereas in the other signatures the stroke is leaning on the o forming the letter a.

The f in the original signature is composed of a filiform line, attached to the superior third part, of the following letter o, whereas in the other signatures the stroke of the f shows strength and its thickness is the same as the other letters of his signature.

While the o of the autograph is closed with a joining at the bottom, in the other signatures, it is generally closed with the joining at the top, which indicates that the carriage of the pen in the formation of this letter, is contrary to that shown in his autograph.

Finally, Maj. Manifold ends his signature with the letter d English, whereas on Rosi's release form and Marchetti's and Ciarloni's (encl. 10), said letter is similar to the Greek delta small letter.

Other dissimilar and similar characteristics could be noticed thru a more complete examination, as I have already said, with other of Maj. Manifold's writings.

Thus it cannot be admitted nor excluded safely that the signatures on the release forms are all or partly false.

It is also to be borne in mind that the signatures, also autographs, can present variations and i.e. either according to the position of the person signing (seated or standing), his state of mind, hurry etc.

I would suggest and deem necessary that the release forms and the ~~release~~ copy photographs of those in possession of the Direction of the Prison of Spoleto be sent to Maj. Manifold for his examination in order to decide which are true and which false, and also to have some manuscript of said officer.

It would also be necessary to ask Maj. Manifold where he had the stamp made, in order to ascertain if that stamped on the

-12-

release forms after the 22nd Sept.45 is false or whether the authentic stamp was used without his knowledge.

From a superficial examination of the various stamps, I would consider the stamp on the release forms original.

For information I inform you that Miss Riviello, after Maj.Manifold's departure would have preferred to remain in the same office but, it is said, that it was not granted her by the Allied Authorities as they considered her more useful in the Phone office.

Awaiting to receive orders on the continuation of the investigation in order to examine the signatures of the release forms issued by Maj.Manifold during the period not suspected, comparing them with those under examination.

I remain

Inspector General P.S.

37A In reply to your letter Ref.No; AC/
4091/4/1; I regret the difficulties
outlined but can only re-iterate the
explanations in my previous letter.

I do feel that Prison Officials have
been re-miss in accepting documents
purporting to be signed by me, when the
facts of my leaving the area were well known.

It would be quite possible for anyone
employed in either the Legal or Public Safety
Office to obtain a supply of Forms, and place
thereon the Office stamp, but the signature
must obviously be fictitious, unless the
names of subsequent releases have been
added to forms referring to prisoners
released before the 4th August, 1945.

NO such authorities were definitely left
left by me before leaving, in fact the

Attached are four specimen copies
of signatures which may assist.

1. Information has been received at this Headquarters that during recent months a large number of prisoners, confined in prisons in the Ancona District under orders of the Allied Courts, have been improperly released.

2. Under former practice, prisoners were released on order of Allied Authorities without reference to the Italian Authorities.
The present policy however is for Italian authorities to effect release after approval has been obtained from this Hqs. (Legal Division).

3. Recently the Italian Ministry of Grace and Justice forwarded to this Hq. two M.G. Release Forms bearing the Official Stamp and what purported to be the signature of Major G.W. Manifold, former Public Safety Officer, Ancona. Major Manifold departed from Italy for the United Kingdom in August 1945. The Release forms were dated 15 Oct and 1st November 1945.

4. Enquiries show other similar cases have occurred at Ancona.

5. As there is no doubt serious irregularities have occurred, it is requested that a thorough investigation be made by very experienced officers of your Department to ascertain the true state of affairs and for appropriate action to be taken.

6. In view of the fact that collusion by personnel in the Ancona district cannot be ignored, it is suggested the Agents selected for the enquiry be drawn from Rome or other district distant from Ancona.

1. Your letter of 27 November 1945 has been received .

2. It is observed that your remarks are directed to the release of prisoners previous to the cessation of hostilities. We are disturbed over the release of prisoners since your departure from Ancona. For your information we enclose a list of prisoners who have been released on papers which purport to be signed by you and bearing the stamp of your office. You will note that four of these cases involved sentences of 2, 4 and 6 years. A large number of prisoners have been released. Additional orders of release, dated 15 October and 1 November, purporting to bear your signature and official stamp have been received. We now have the prison records which reveal large scale release of prisoners, credited to your order. You can appreciate that the situation is unhappy indeed, as these releases do not appear to have been made in conformity with existing regulations.

Involving as they do the use of your name, we are obliged to bring this matter to your attention for clarification.

SUBJECT : Improper release of Prisoners.

TO : Public Safety Sub-Commission.

1. The information set forth below reveals that many individuals confined under order of Allied Courts have been released prior to the expiration of the sentence imposed. It is requested that an investigation be made of this matter of improper releases.
2. Under former practice, prisoners were released on order of Allied authorities without reference to the Italian authorities. The present policy however is for Italian authorities to effect the release after approval has been obtained from this Headquarters.
3. Indications of improper releases came to light recently when, in accordance with the present practice, the Italian Ministry of Grace and Justice forwarded to this Headquarters two AMG Release Forms bearing the official stamp and what purported to be the signature of Major G. L. Manifold, Major 230 Ancona. Major Manifold departed Italy for the UK in August, but the Release Forms were dated 15 October and 1 November 1945.
4. Inquiries at Ancona and other prisons revealed that a great number of persons had been released prior to the expiration of their sentence on the authority of like instruments bearing the signature of Major Manifold. Many of these instruments were executed after the date the said officer departed Italy.
5. It is requested that the matter be investigated and it be determined whether military personnel are guilty of issuing unlawful releases, or whether third parties are forging said releases. It is further requested that all persons released under such authority be apprehended and imprisoned for the unexpired term of their sentence.
6. Record of releases and instruments bearing the signatures referred to above are in the files of this Sub-Commission and will be available for use by the investigating authorities.

To:- H/Q. Allied Commission,
Legal Sub-Commission,
C. N. F.

With reference to your letter ref AC/4091/4/L dated the 13th
Nov, 45, I reply as follows:-

I have no recollection of the release of the persons referred to in the report, and I should not knowingly have released them, unless they were the subject of "review" or appeal, and in all cases the necessary forms were submitted to the Legal Office. However, the following circumstances are forwarded with a view to explaining the conditions obtaining in Ancona during my term of Office there.

Previous to the cessation of hostilities, and during the term of office of Capt Boone, (A) in spite of the limited prison accommodation, it was not found necessary to in any way interfere with prison sentences in any way, though the prisons were at all times full to capacity. Capt Boone did I know report to the Legal Sub-Commission to the effect that in many cases due to lack of prison accommodation fines had to be imposed and suspended sentences given instead of imprisonment awarded.

After the departure of Capt Boone the co-operation did not exist owing to the many and varied changes of office, and a non appreciation of the true position.

The number of prisoners for offences against Allied personnel interests and property increased as did serious crimes committed by Italians against Italians. In addition, large numbers of Italian Fascists were arrested by the FSS and Italian Police agencies. It was not possible to release on bail these persons as it was feared that public resentment would have been such as would have led to public disorders.

As a result the prison situation became such that it can best be described as a miniature 'Belsen'. It was grossly overcrowded. There was not and never was either WATER or ELECTRICITY in the prison and even soap had to be purchased from the DID 61 area owing to the non-supply by AC or 'Septral'. Accordingly, and taking into account the extremely hot weather and there being reported mild outbreaks of "Scabies" it was imperative that steps had to be taken to relieve a situation that was desperate. I personally journeyed to Spoleto and Macerata to interview the Directors of the Prisons after prisoners had been returned from there owing to lack of accommodation, as both places were overcrowded.

The situation was re-iterated on each monthly report to the Public Safety Sub-Commission, and a perusal of these and the reports of Capt Boone will confirm the position.

The position from a humanitarian standpoint was grave, and daily requests were received from the Prison Officials to relieve the conditions in some way.

Forms were submitted to the Legal Office for a review of sentences in view of the altered situation with the cessation of hostilities and certain prisoners were released on bail by depositing a substantial surety with the Italian Police. This matter was handled by the Brigadier of the CC.RR attached. The monies were deposited in the Bank of Rome and I never had any cause to suspect abuse. Before release was considered circumstances of the age, previous character, gravity of

forms were submitted to the Legal Office, however, the remaining circumstances are forwarded with a view to explaining the conditions obtaining in Ancona during my term of Office there.

The position from a humanitarian standpoint was grave, and daily requests were received from the Prison Officials to relieve the conditions in some way.

Forms were submitted to the Legal Office for a review of sentences in view of the altered situation with the cessation of hostilities and certain prisoners were released on bail by depositing a substantial surety with the Italian Police. This matter was handled by the Brigadier of the CC.RR attached. The monies were deposited in the Bank of Rome and I never had any cause to suspect abuse. Before release was considered circumstances of the age, previous character, gravity of offence, and the unlikelihood of absconding was taken into account.

Several persons were released on compassionate grounds of a temporary nature in these cases farmers and technicians in instances where but for their temporary release crops would have been ruined and not harvested and threshed, again a substantial surety was deposited and I had no instance reported to me where the person did not surrender at the expiration of his period.

In addition, to combat the entry of increasing numbers of prisoners, certain sentences were shortened by one quarter being suspended, a similar concession granted to persons in this country.

In conclusion, I desire to emphasise that the only considerations which influenced my actions were:-

- (1) That a desperate should be handled in the best possible way in the interests of the Allied Authorities.
- (2) To keep and preerve public order in all that it meant.
- (3) To treat, even prisoners, with a standard of humanitarian principles that would leave no reflection even from the Italians.

It is hoped that these facts will satisfactorily explain the position, but if any amplification is necessary I shall be glad to supply it. The difficulties of controlling 1,400 members of Police Agencies, Prisons, Fire Service, Motor car Reg & Licensing, Civilian Movement and AWC Courts, with a wholly Italian staff, and the many abuses to which the system was open will, I feel sure be appreciated.

Before leaving Ancona for demobilisation, I was personally thanked by the Area Commander, Brigadier Fullbrook-Leggett for my work and the co-operation that the Military Force had enjoyed. I was commended by the Provincial Commissioner, Lt. Col Elwes, and the Regional Public Safety Officer. The Italians on their side, however insignificant this may appear, paid me the compliment of electing me a Freeman of Ancona before leaving.

The only thought during my term of office was to do the work to the best of my ability with the best interests of the Allied Forces paramount in my mind, and I do wish to re-iterate that no consideration influenced me except those stated herein.

1. Your two letters 43/4091/4/1 of 23 Oct 45 refer.
2. Reference paras 3 and 4 of your first a/c letter the following information has been obtained from enquiries made:

(a) DE LANCINI Cassini was tried by an Allied Military Court at Pesaro, on 12 Apr 45. The aggregate sentence was 1 year imprisonment and 7000 lire fine. She was released on 15 Jul 45 from Pesaro Prison on instructions of the Ministry of Grace and Justice (letter 10 135663/57531 Ust. VI dated 24 May 1945), acting on orders of A.C. Legal Sub-Commission (Col. W. A. Delbrant) which suspended the remaining term of imprisonment and abolished the fine. This seems to have been a decision on review.

(b) PAVALEO I Primo was transferred from Cagli to Perzola Prison on 14 May 45 (both towns are in Pesaro Province). As he did not pay the fine his term of imprisonment should have expired according to the sentence on 3 May 1946. He was, however, released from Perzola Prison on 1 Sep 45 on release order signed by Major A. Manifold, who then Public Safety Officer of Ancona, and bearing the endorsement: "Bear sentence 1 to a suspended sentence".

(c) The aggregate sentence in the case of RONDINA Antonio and RONDINA Pulvito was 3 years imprisonment and 100,000 lire fine each. The fines having been paid the prison term in both cases should have expired on 30 Jun 45. They were transferred on 14 June 45 from Pesaro Prison to Ancona Prison on application of their solicitor, Advocate Enrico Sperandio, and authority thereto by the Procuratore del Regno of Ancona and Pesaro. On 15 June 45 they were released bearing the typewritten endorsement: "After release order signed by the a/c Major Manifold, on 15 July 45". After examination of the file of the Ancona Prison - verbally reported the fact that the prisoners had not returned to the jail is the Vice Brigadiere of Carabinieri Giovanni DE RAVIS, who was then attached to the Public Safety Office of Ancona. The prisoners have never returned to Ancona Prison. The Vice Brigadiere DE RAVIS could not be interrogated on the circumstances by this office, as he was demobilised in Sep 45, his present address being 10 46, Via Corso Dante, 441 (Alessandria Province).

SUBJECT: Release of prisoners at PWRO.

TO: Allied Commission AUSTRALIA.

1. It has recently come to notice that in April, 1945, Capt. D.T. GCK, now LEO at PWRO, on his own initiative and without proper authority, released a number of prisoners from PWRO prison though the officer having authority to order releases was within easy reach (certainly within twenty miles) from PWRO.

Moreover, while Capt. GCK may claim that this was a case of emergency in which he had to use his own discretion, the matter was never reported subsequently to higher authority for securing approval.

2. May the attention of Capt. GCK please be drawn to the irregularity of his action in this matter.

Il 3 maggio 1945-gli'imputati SIMONCINI Agosto e PETRUCI Ballila furono condannati dal Tribunale Militare Alleato di Pesaro alle pene rispettivamente di anni 2 e di mesi 21 per tentato furto ai danni delle Forze Armate Alleate. Ambidue gl'imputati si trovano attualmente nelle carceri di Urbino (Provincia Pesaro) per espiazione delle pene.

Durante i mesi di luglio e agosto c.a., tutte le persone detenute nelle carceri di Ancona, Senigallia, Fano e Pesaro per condanna da parte dei Tribunali Militari Alleati furono rimesse in libertà prima che avessero espiata tutta la pena loro inflitta. Fra costoro si annoverano persone condannate a pene dai 3 ai 6 anni di carcere o a multe oltre 100.000 Lire per reati assai più gravi di quello commesso dai suddetti imputati Simoncini e Petrucci.

Dati questi precedenti, il sottoscritto nella sua qualità di rappresentante legale del Simoncini e del Petrucci chiese verbalmente all'Ufficio Legale (Legal Sub-Commission) di Roma, che anche i suddetti Simoncini e Petrucci venissero rimessi in libertà essendo essi soli rimasti in carcere dopo l'avvenuto rilascio di tutti detenuti.

L'Ufficio Legale rispose al sottoscritto di non essere a conoscenza che qualche condannato fosse stato messo in libertà prima dell'estinzione della pena e chiese al sottoscritto di indicare qualche caso concreto.

Ispirandosi ai sensi della più stretta giustizia e chiedendo per i suoi rappresentati unicamente lo stesso trattamento usato agli altri condannati di questa zona, il sottoscritto indica a titolo di esempio soltanto 3 casi avvenuti nella provincia di Pesaro, rimandando per altri, sia nella stessa provincia di Pesaro come in quella di Ancona, ai relativi registri delle carceri.

- 1/ Rondina e fratello di Lucrezia di Fano (Provincia Pesaro), condannati ciascuno a 3 anni di carcere nel gennaio o febbraio 1945.-e rimessi in libertà dalle carceri di Pesaro nel luglio o agosto dello stesso anno.

- 2/ De Marchi Cesira di Montelabbate (Provincia di Pesaro), condannata nel mese di maggio 1945. a 1 anno di carcere e 7000 Lire di multa, lasciata in libertà nel luglio o agosto 1945. - e senza aver pagato la multa.
- 3/ Panteleoni Primo di Pergola (Provincia di Pesaro), condannato nel maggio 1945. a 3 mesi di carcere e 100000 Lire di multa. Lasciato in libertà dopo aver espiato la pena del carcere ma senza aver pagato la multa o espiato i 9 mesi di carcere invece della multa.

Il sottoscritto chiede pertanto:

- a/ che verso i condannati SIMONCINI Agosto e PETRUCI Balila sia applicato il criterio di giustizia identico a quello di cui fruiro gli altri condannati della zona.
- b/ che la presente domanda sia accolta con la massima sollecitudine, perchè i due condannati sono tuttora detenuti nelle carceri di Urbino in una penosa situazione morale di inferiorità nei confronti degli altri condannati già liberati mentre le loro famiglie versano nella più squalida miseria e attendono con ansia il ritorno al lavoro dei loro congiunti.

In attesa di cortese, sollecita decisione, si professa

1. Reply your AC/4085/L dated 5 Oct. 45.
2. The Prato jail was built to hold approximately 36 prisoners, and at the time that the persons referred to in your letter were released, there were over 90 people in jail.
3. Contact with my regional legal officer was always difficult owing to telephone complications and many decisions had to be taken on my own responsibility in order to keep public life running smoothly.
4. The decision to release these prisoners was taken after my conscience as I considered that extreme hardship was being caused.
5. I myself was in full possession of the facts of each case, as to the best of my knowledge I personally tried the cases.

On the 10th July, 1945, ROSI Carlo, fu Cesare, residing at Via Trento, No. 17, ANCONA, was sentenced to eight months imprisonment by the A.M.G. Court, having been convicted for the larceny of Allied Forces property. An application of appeal was made.

From correspondence received at this Section Office on the 26th August, 1945, from Major DREYFUS, L.L.O., ANCONA, it appears that the above named person had recently called on an Officer and had showed a certificate purporting to be signed by Major MANIFOLD, ex P.P.S.O., ANCONA, which stated that ROSI had been acquitted of all charges and could resume work.

Enquiries had shown that this was incorrect as ROSI's application for revision had been rejected. It was requested that this man be rearrested and lodged in jail to serve the balance of his sentence and was thought that the signature on the aforementioned certificate (now marked "A") was forged.

As a result of this information I rearrested ROSI Carlo and conveyed him to the Civil Prison, ANCONA. In his possession was found a further certificate dated the 1st September, 1945, and apparently signed by Major MANIFOLD. Furthermore this document which proved to be a statement of release from the Civil Prison gave no specified reason for the release of the prisoner.

On the 28th August, 1945, correspondence was again received from the L.L.O., ANCONA, requesting enquiries to be made into the matter regarding ROSI Carlo as it was thought that the signature on the Release Order dated the 1st September, 1945, (now marked "B") was also a forgery.

On the 10th July, 1945, ROSI Carlo, fu Cesare, residing at Via TRENTO, No. 17, ANCONA, was sentenced to eight months imprisonment by the A.M.G. Court, having been convicted for the larceny of Allied Forces property. An application of appeal was made.

From correspondence received at this Section Office on the 26th August, 1945, from Major DREYFUS, L.L.O., ANCONA, it appears that the above named person had recently called on an Officer and had shown a certificate purporting to be signed by Major MANIFOLD, ex P.P.S.O., ANCONA, which stated that ROSI had been acquitted of all charges and could resume work.

Enquiries had shown that this was incorrect as ROSI's application for revision had been rejected. It was requested that this man be rearrested and lodged in jail to serve the balance of his sentence and was thought that the signature on the aforementioned certificate (now marked "A") was forged.

As a result of this information I rearrested ROSI Carlo and conveyed him to the Civil Prison, ANCONA. In his possession was found a further certificate dated the 1st September, 1945, and apparently signed by Major MANIFOLD. Furthermore this document which proved to be a statement of release from the Civil Prison gave no specified reason for the release of the prisoner.

On the 28th August, 1945, correspondence was again received from the L.L.O., ANCONA, requesting enquiries to be made into the matter regarding ROSI Carlo as it was thought that the signature on the Release Order dated the 1st September, 1945, (now marked "B") was also a forgery.

A further Release Order, dated 25th July, 1945, received from the L.L.O. proved to be a statement authorising the release of this man from the Civil Prison pending appeal. This order, (now marked "C") which had been recovered from the Prison Authorities had definitely been made out and signed by Major MANIFOLD.

Enquiries were instituted as a result of which I ascertained that ROSI had received the documents in question from a clerk in the Office of the P.P.S.O., and in comparison with other signatures the two subject of the enquiry appeared to be genuine.

On the 29th August, 1945, I interviewed ROSI Carlo at H.Q., S.I.B. Through the medium of the Official Interpreter I cautioned him and informed him of the nature of my enquiry.

Continued 2/

Continued of my enquiry.

He then made a voluntary statement which was taken down in Italian and which after being read over to him he signed as being true.

From this statement it will be seen that after ROSI had been released pending his appeal he visited the A.M.C., ANCONA, on several occasions to obtain a certificate to produce to his former employer in order to resume work.

On the 13th August, 1945, he obtained the certificate marked "A", which was handed over to him by the young woman employed by Major MANIFOLD. He did not however witness the signing of the document. On this occasion he was also told by the young woman to return the following day to collect a further document.

On the 14th August, 1945, he again returned to A.M.C. where the same woman handed to him the document marked "B". As he noticed that this document was dated the 1st September, 1945, he asked the reason for this and was informed that it was of no importance but that he had to hand it to the Prison Authorities on that date.

At 14.00 hours on the 30th August, 1945, I visited the Legal Office, Provincial Buildings, ANCONA, where I ascertained from personnel who had been employed by the ex P.P.S.O. that Iva RIVIELLO, di Ettore, of VIALE DELLA VITTORIA, No. 34, ANCONA, and formerly employed as an interpreter to Major MANIFOLD was the person who had dealt with the matter regarding ROSI Carlo.

In consequence of this I interviewed this interpreter at her home at 10.15 hours on the 31st August, 1945.

I informed her of the nature of my visit and questioned her regarding the documents issued to ROSI Carlo.

RIVIELLO stated the certificates "A" and "B" had been typed out by her and signed by Major MANIFOLD in her presence. The first phrase typed on document "A" was done so at ROSI's own request in order to regain his employment. This phrase when translated reads as follows: "ROSI Carlo is acquitted of all charges". At the time it was typed however, RIVIELLO said that she did not know the meaning of it.

This woman then went on to state that the Document "B" was issued upon instructions from Major MANIFOLD who also requested her to date the certificate for the 1st September, 1945.

The certificate marked "C" was also identified by RIVIELLO as the one which Major MANIFOLD had himself made out on the 25th July, 1945, authorizing the release of ROSI pending his appeal.

A statement regarding these facts was obtained from Iva RIVIELLO.

From the information and facts obtained regarding this matter it would appear that no useful purpose can be served by the continuance of the enquiry.

A successful conclusion however could be obtained if Major MANIFOLD who has been posted to the U.K. pending release, could be interviewed regarding the two documents suspected of being forged.

He did not however witness the signing of the document. On this occasion he was also told by the young woman to return the following day to collect a further document.

On the 14th August, 1945, he again returned to A.M.C. where the same woman handed to him the document marked "B". As he noticed that this document was dated the 1st September, 1945, he asked the reason for this and was informed that it was of no importance but that he had to hand it to the Prison Authorities on that date.

STATEMENT OF: - ROSE Carlo, in custody, aged 40 years, residing at No. 17,
Via Trento, ALCOA.

Who states: -

I have been cautioned that I am not obliged to say anything unless I wish to do so, and that anything I do say will be taken down in writing and may be given in evidence.

(Signed) ROSE Carlo.

On the 10th of July, 1945, I was sentenced to 8 months imprisonment by the E.L.G. ALCOA. On the 25th of July 1945, I was informed by the prison guard that I was to be released, pending my appeal. I did not receive any official notification regarding my appeal and did not see the statement of release.

About 10 days after my release I went to the A.L.G. ALCOA and asked to see Maj. MAITFOLD. I was informed by the young woman in the office that the Major was out of the office. I then asked the young woman for some information regarding my appeal in order that I could return to my work at the Water Works where I have been employed for the last 20 years. The young woman told me to call back some days later.

About the 5th of August, I am not sure of the exact date, I returned to the A.L.G. and in the evening I met Maj. MAITFOLD who was accompanied by the same young woman who is an interpreter.

I asked the young woman if she had heard anything regarding my appeal, she spoke to Maj. MAITFOLD and he himself replied in Italian that I could return to my work. This was confirmed by the interpreter. The Major also told me, through the medium of the interpreter, that if the Director of the Water Works did not believe that I could return to my work, he could go and report to him, in order to verify the fact that I could return to work.

I then went to the Water Works Office where I saw the Director whom I informed of what the Major had said to me. The Director replied that he would hear the Water Works Commission and some days later he told me that I could not be accepted without an official document.

As a result of this I returned to Maj. MAITFOLD's Office, but ^{as} he was not present I spoke to the young woman. I told her that I could not return to my work without a certificate; she replied that she would tell Maj. MAITFOLD about the matter and told me to call back one or two days later.

I returned again to the A.L.G. on the 15th of August, 1945, and saw the young woman who informed me that Maj. MAITFOLD was at that moment signing the document. She then went inside Maj. MAITFOLD's Office and returned with the document which she handed to me.

Who states:-

On the 10th of July, 1945, I was sentenced to 6 months imprisonment by the R.C.C. Aldershot. On the 25th of July 1945, I was informed by the prison guard that I was to be released, pending my appeal. I did not receive any official notification regarding my appeal and did not see the statement of release.

About 10 days after my release I went to the A.M.C. Aldershot and asked to see Maj. MALFOLD. I was informed by the young woman in the office that the Major was out of the office. I then asked the young woman for some information regarding my appeal in order that I could return to my work at the Water Works where I have been employed for the last 20 years. The young woman told me to call back some days later.

About the 5th of August, I am not sure of the exact date, I returned to the A.M.C. and in the week I met Maj. MALFOLD who was accompanied by the same young woman who is an interpreter.

I asked the young woman if she had heard anything regarding my appeal, she spoke to Maj. MALFOLD and he himself replied in Italian that I could return to my work. This was confirmed by the interpreter. The Major also told me, through the medium of the interpreter, that if the Director of the Water Works did not believe that I could return to my work, he could go and report to him, in order to verify the fact that I could return to work.

I then went to the Water Works Offices where I saw the Director whom I informed of what the Major had said to me. The Director replied that he would hear the Water Works Commission and some days later he told me that I could not be accepted without an official document.

As a result of this I returned to Maj. MALFOLD's Office, but ^{as} he was not present I spoke to the young woman. I told her that I could not return to my work without a certificate; she replied that she would tell Maj. MALFOLD about the matter and told me to call back one or two days later.

I returned again to the A.M.C. on the 15th of August, 1945, and saw the young woman who informed me that Maj. MALFOLD was at that moment signing the document. She then went inside Maj. MALFOLD's Office and returned with the document which she handed over to me.

On this occasion I did not see the Major in person, but the Brigadiere of the Carabinieri told me that the Major was in the office and I also heard him talking. The young woman also told me to report back to the A.M.C. Office the following day to collect a certificate which I had to take to the CIVIL PRISON.

On the 14th of August I received this certificate, which I examined. As I noticed that the certificate was dated the 1st September 1945, I asked the young woman the reason for this. She replied that it was of no importance, but that I had to take it to the Civil Prison on the 1st of September, 1945.

At 15.40 hrs. on the 29th of August, 1945, I was shown by Sgt. W.L. SMITH, 68 Section, B.L.E., two documents marked "A" and "B" respectively.

I identify the one marked "A" as the certificate which was handed over

to me by the young man who is employed by 1041. 1041012, on the 13th of August 1945. I also identify the one named "B" as the certificate which was handed over to me by the same young man on the 13th August 1945.

I have read over the above statement and have had the opportunity of making any alteration or addition where necessary. It is true and made voluntarily.

who states:-

I was employed by Major MANIFOLD, as P.P.S.O., ANCOOL, from the 25th January, 1945, to the 20th August, 1945, as an interpreter.

On the 25th July, 1945, I accompanied Major MANIFOLD to the Civil Prison, ANCOOL, where the Major asked to see ROSE Carlo.

ROSE Carlo was then brought into the prison office and I interpreted for Major MANIFOLD who told me to inform ROSE Carlo that he could be released on that date pending his appeal. The necessary certificate was then made out by Major MANIFOLD who signed it in my presence.

From the date of his release ROSE Carlo visited the A.M.C. Office on several occasions, and each time he asked for information regarding his appeal.

About the 10th August, ROSE again visited the office and asked for a certificate to enable him to return to his work. I told him that I would assist to Major MANIFOLD and to return a few days later. He came back on the 13th August and I typed out a certificate. The first phrase was ROSE's own composition, he had requested me to do this on several previous occasions when he had visited the A.M.C. Office. The meaning of this phrase is that this man was free from all charges but at the time of typed it I did not know that.

This certificate was signed in my presence by Major MANIFOLD and then handed by myself to ROSE Carlo.

About three or four days later ROSE came back to the A.M.C. Office and told me that he could not return to his work.

Major MANIFOLD instructed me to make out a Release Certificate to be dated the 1st September, 1945.

This I did and the certificate was signed in my presence by Major MANIFOLD and was then handed over to ROSE. I told him that he had to take this certificate to the Civil Prison, ANCOOL.

At 10.15 hours on the 31st August, 1945, I was shown by Sgt. B. E. SMITH, S.S. Section, S.I.B., three documents marked "1", "2" and "3" respectively.

I identify the document marked "1" as the certificate which was typed out by me on the 13th August, 1945, and issued to ROSE Carlo on that same day.

I also identify the document marked "2" as the certificate dated for the 1st September, 1945, which was typed by me and issued to ROSE about the 16th August, 1945.

The document marked "3" is also identified by me as the certificate

issued to ROSE Carlo on the 25th July 1945.

I was employed by Major MAITLAND, ex P.P.S.O., ARMOU, from the 25th January, 1945, to the 20th August, 1945, as an interpreter.

On the 25th July, 1945, I accompanied Major MAITLAND to the Civil Prison, ARMOU, where the Major asked to see ROSE CARLO.

ROSE CARLO was then brought into the prison office and I interpreted that date pending his appeal. The necessary certificate was then made out by Major MAITLAND who signed it in my presence.

From the date of his release ROSE CARLO visited the A.L.C. Office on several occasions, and each time he asked for information regarding his appeal.

About the 10th August, ROSE CARLO visited the office and asked for a certificate to enable him to return to his work. I told him that I would speak to Major MAITLAND and in return a few days later. He came back on the 13th August and I typed out a certificate. The first person who ROSE CARLO saw on his return was to do with on several previous occasions when he had visited the A.L.C. Office. The meaning of this phrase is that this man was there from all charges but at the time of typed it I did not know that.

This certificate was signed in my presence by Major MAITLAND and then handed by myself to ROSE CARLO.

About three or four days later ROSE CARLO came back to the A.L.C. Office and told me that he could not return to his work.

Major MAITLAND instructed me to make out a Release Certificate to be dated the 1st September, 1945.

This I did and the certificate was signed in my presence by Major MAITLAND and was then handed over to ROSE CARLO. I told him that he had to take this certificate to the Civil Prison, ARMOU.

At 10.45 hours on the 1st August, 1945, I was shown by Sgt. S.M. SMITH, 68 Section, S.I.D., three documents marked "A", "B" and "C" respectively. I identify the document marked "A" as the certificate which was typed out by me on the 17th August, 1945, and issued to ROSE CARLO on that same day.

I also identify the document marked "B" as the certificate dated for the 1st September, 1945, which was typed by me and issued to ROSE CARLO about the 16th August, 1945.

The document marked "C" is also identified by me as the certificate which Major MAITLAND made out at the Civil Prison, ARMOU, on the 25th July 1945.

I have read over the above statement, it is correct and true.

The a/m person was sentenced to eight months imprisonment by P.L.O. Ancona on 10th July 45.

He recently called on an Officer and showed a certificate purporting to be signed by Major Manifold, which stated that he had been acquitted of all charges and could resume his work. Inquiry showed that this is quite incorrect. His application for revision was forwarded to A.C. Rome on 26 July and I have just been informed that it has been rejected. He must therefore be rearrested and lodged in jail to serve the balance of his sentence.

The signature on the certificate, which is enclosed herewith, appears to be forged.

As the matter is of some importance, may the case be investigated, a report sent to Liaison Officer AC Ancona.

Ref. your SIB letter 68/15/45/137 and today's telephone conversation. The release order dated 1. Sept. was apparently recovered from the a/m: accused. This is another suspicious circumstance, as these documents are for Director of Jail. A release order signed by Major Manifold dated 25.7 has already been recovered from the Director and I cannot believe that he would have ~~been~~ issued another one and handed it to the accused. Also it has not been filled up, the reason for the release is not given.

Personally I think that both of the signatures, viz: on the release order of the 1st. of Sept. and the certificate of the 13th of Aug. are suspicious. In both cases the signature has not been finished off in the bold way in which Major Manifold has signed the original release order and in other letters I have seen. Please see the last 3 letters in each case.

The fact that they were issued from the Office does not prove that Major Manifold signed them. Suspicion falls on the girl interpreter who is said to have been seen typing one of the documents.

Prima facie I consider there is a case against Rosi of being in possession of forged documents, and as arranged I shall be glad if you will examine him and also interrogate the girl interpreter & others in the Office. The papers are returned herewith.

PREFATURA OF PRATO

Prato, August 10, 1945

SUBJECT: Sernesi Enzo of the late Adamiro.

TO : American Police Headquarters, Florence.

Sernesi Enzo of Adamiro, from Poggio a Caiano di Prato, was arrested by the Allied Police on April 4, 1945 and sentenced, on the same day, to eight months' imprisonment for having purchased fuel from Allied soldiers.

On May 1, 1945 the man obtained from the Governor of Prato, Capt. Ley, a leave, which ended in June. In the meantime on May 1, 1945, the Labor Day, the newly appointed Governor of Prato, Capt. Cox, set free some individuals held in the Prato Prisons, who had previously been condemned by the Allied Military Court, though they had not stayed there the whole period allotted, and successively, on May 8, 1945, when the war in Europe ended, i.e. on VE Day, some more inmates of those prisons were equally set free. No such amnesty was contemplated for Mr. Sernesi, who was on leave at that time and had not come back yet.

When Sernesi came back and learned what had happened, asked the wardens and obtained to be set free. The wardens however had no definite instructions as how to act, and it was also impossible to have orders from the Governor, who had moved out in the meantime, being the town turned over to the Italian Government.

I have been informed of this fact only now and I ask therefore to be informed whether Sernesi was entitled to be set free or not. The period of his imprisonment expires in a few months from now.

Object : Assault to "Casa del Lavoro" of Finale Ligure (Borgo)

TO : Ministero di Grazia e Giustizia
Direzione Generale Affari Penali
Roma

Genoa, 4 July 1945

With reference to the Report N° 5391/2° of 27 June, the present to inform this Ministero that, owing to the bomb dropping in the yard of Savona Judiciary Prisons, the A.M.G. had ordered the removal to "Casa del Lavoro" of Finale Ligure (Borgo) of the prisoners sentenced by Savona Extraordinary Court of Assize.

The removal took place early in the morning of 27 June. At 23.45 hrs of the same day, 10 armed men appeared at the door of the Finalborgo Establishment declaring to be Police Agents sent by Savona Questura for reinforcing the policy supervision and intimidating to the door-keeper (Gargiulo Luigi) to open the door to the prisons.

Gargiulo asked the 10 men to come back again together with a person known by him. Then the 10 men called on the Vice Brigadiere of CC.RR. (Finalborgo Station, exhibiting to him a letter written on a paper headed "R. Questura of Savona" signed "DI GUGLIELMI" (surname of Savona Questore) and the round stamp of Savona Questura had been affixed on it.

This letter ran approximately as follows:

Reference to the telegram received from that Prison Manager concerning the required reinforcement I am appointing 10 agents of the partigiana policy in order to make up the deficiency of the policy organisation of that Casa Penale. The Agents above said will be, within to-morrow, substituted with the same quantity of RR.CC.

The Vice Brigadiere (Parenti Vincenzo) was acquainted with the request which has been really made, on 27 June, by the Director of the Prisons. ³¹

Therefore the Vice Brigadiere, taking into consideration the headed paper, the round stamp, and supposing that the signature "DI GUGLIELMI" was authentic (as he had, occasionally, seen it on other documents) and after having verified that the handmaster (of the patrol) was in possession of the identification of the Par

Reference to the telegram received from that Prison Manager concerning the required reinforcement I am appointing 10 agents of the partigiana policy in order to make up the deficiency of the policy organisation of that Casa Penale. The Agents above said will be, within to-morrow, substituted with the same quantity of RR.CC.

The Vice Brigadiere (Parenti Vincenzo) was acquainted with the request which has been really made, on 27 June, by the Director of the Prisons. 31

Therefore the Vice Brigadiere, taking into consideration the headed paper, the round stamp, and supposing that the signature "DI GUGLIELMI" was authentic (as he had, occasionally, seen it on other documents) and after having verified that the handmaster (of the patrol) was in possession of the identification of the Partigiani Policy (but he did not peruse the name of the holder), went, together with the 10 men, to "Casa di lavoro" where he assured the door-keeper that the men were authentic agents.

Consequently the Gargiulo opened the doors to the prisons and the Vice Brigadiere Parenti appointed 5 men to the supervision service together with the RR.CC. (previously petrolling all round the prison" enclosures) and ordered to the other five men to go to sleep in the barrack of the custody Agents placed in the inner part of the Establishment.-

7B

These five men, after having depositated their rifles in the gate, assaulted the Agents menacing them by the revolvers (which they had disguised in their pockets). After having taken off the keys, they claimed the indication of the cellars where the 13 prisoners, arrived in the morning from Savona, had been shut in. At the same time the other five men, remained in the gate, assaulted and disarmed the Vice Brigadiere and forced the keys from the hands of the door-keeper.

After this the above men opened the inside door and about 30/40 armed and masked men broke in the gate.

The following 12 political prisoners were, hands tied, carried off the Prison in direction of the road to Finalmarina and they were, probably, loaded on a motorcar as, both the Agents and R.R.C.C. heard the noise of a motor marching off.

Genovese-Revelli-Chibaud-Zunino Albertino-Mazzanti-Possenti all sentenced to death.

Roveda-Grosso-Salustio-Raimondi-Benedetti-Zunino Francesco all sentenced to different times of imprisonment.

The prisoner Porcella Guido, sentenced to 30 years of imprisonment, was not taken off.

The Vice Brigadiere were given back his arms and to the door-keeper the keys withdrawing from him the letter above mentioned.

The R.R.C.C. on Patrol out of Prison, as also the warder "Grieco Giovanni", have been desarmed. The warder has declared that more than hundred armed were out of the Establishment.

Policy Agents and R.R.C.C. are investigating in order to find out the assaulters and what became of the 12 prisoners. The results will be reported as soon as possible.

Supposing that the above actions have been accomplished by persons belonging to (forming a part of) the same criminal Association which had dropped bombs in the yard of Savona Prisons, the Procuratore del Regno instructed the Giudice Istruttore to order that the two proceedings must be jointly hold for the prosecution of the crimes accordingly to the provisions of Art.284-422-336-306 339-605 C.P. The A.M.G. ordered the disqualifications from holding service of Dott.Gennario Tortora, Manager Casa di Lavoro, of Finalborgo and of the agent Gargiulo Luigi (door-keeper)

The Procuratore Generale del Regno has informed the Direzione Generale degli Istituti di Prevenzione e di Pena about the action in subject.

SUBJECT : Abduction of Prisoners sentenced by Extraordinary Court of Assize at Savona.

TO : Headquarters, Allied Commission - APO 394.
(Attn: Legal Sub-Commission)

1. On 25 June 1945 a bomb was thrown into the yard of the San Agostino Prison in Savona killing one man and injuring nineteen others. The man killed had been sentenced to 24 years imprisonment by the Extraordinary Court of Assize of Savona. It is thought that the bomb was deliberately aimed at him. Most of the injured had not been tried or even denounced.

2. As a result of this incident the PC ordered that 13 condemned political prisoners including at least 6 who had been sentenced to death should be transferred from Savona Prison to the prison at FINALE LIGURE as a first shipment. This prison is some distance from Savona and was considered to be a safe place of detention. The reason for the decision to remove the prisoners was that a separation of the condemned persons from those awaiting trial was obviously in the interests of the safety of the latter.

3. On the night of 27/28 June a party of 10 ^{ARMED} ~~armed~~ men (which was a small detachment of a much larger party) gained admission to the FINALE LIGURE prison by a truck showing forged documents bearing the letterhead of the Savona Questura and its official stamp. This party surprised the prison attendants and removed 12 of the 13 condemned prisoners. The fate of the abducted persons is not yet known but may be conjectured. Amongst the missing persons are POSSENTI, GENOVESI and ZUNIO all of whose appeals against the death sentence are at present before the Minister of Justice.

4. PLO Savona states that in his opinion these happenings were motivated by popular rage at the fact that no persons so far condemned by the Savona Court of Assize have yet been executed. The rapid activation of the Court of Assize in Savona was greeted with popular approval but subsequent apparent failure to implement its decisions, ²⁸ is the real cause of the unrest which is undoubtedly deep-seated. Further outrages are possible unless the causes of dissatisfaction are removed.

5. The principal object of this report is to enable you to draw the attention of the Minister to the extreme urgency of perfecting in the interests of public order a system of rapid examination of appeals and carrying out of sentences where these are upheld.

SUBJECT: Release of prisoners by "Giudice di Sorveglianza".

TO : HQ., Allied Commission (For Attention of Legal Sub-Commission)

1. Recently it came to the attention of this office that PANZA Giuseppe di Luigi and DI PORZIO Mario di Umberto, both of whom were serving long terms of imprisonment imposed by an Allied Military Court, were released on order of the Giudice di Sorveglianza of the Tribunale Civile e Penale di Napoli.

2. After consultation with the Director of the Prisons, the Procuratore Generale of Court of Appeal, Naples, and the Public Safety Section of this HQ, it was decided to order the re-arrest of the above mentioned prisoners. 12

3. PANZA Giuseppe was re-arrested. However, DI PORZIO Mario has not been re-arrested inasmuch as he is already in the Italian Army and serving outside of Naples. We are advised that the latter's Commanding Officer has been informed and efforts are being made to return DI PORZIO Mario to Naples.

4. It is our opinion and the opinion of the Procuratore Generale that the Giudice di Sorveglianza exceeded his authority. He had no authority to release any person serving a sentence by virtue of a judgement

emitted by an Allied Court. We believe he had no authority to release any person from prison, irrespective of the court emitting its judgement, without first obtaining the consent of the Minister of Justice or the Minister of War.

5. Since the discovery of the above releases, a series of applications have been submitted to this office by the Director of Prison in behalf of various persons now serving terms in Poggioreale prison. Said applications are also herewith enclosed.

6. The matter is accordingly submitted to you for your consideration and advice.
