Draft letter to Italian Government.  
-----

1. This Commission has been considering the position arising on the requisitioning of motor vehicles and certain questions of accountability thereunder.

2. As you are aware in Military Government Territory vehicles are requisitioned to meet the needs both of the Allied Military Government and of the Italian state and provincial personnel.

In Italian Government Territory requisitioning to meet Italian state or provincial requirements is effected solely by the Italian Government. To meet requirements of the Allied Commission vehicles have still to be requisitioned; under the Terms of Restoration of territory the Allied Commission has retained the right to make these requisitions themselves but in fact the requisitions are always made through Italian agencies.

3. Both in Military and Italian Government Territory the cost involved in these requisitions forms part of the costs of occupation which, as you are aware, fall to be borne by the Italian Government.

4. It occurs to this Commission that the present manner of dealing with the accountancy problems involved in these requisitions is unsatisfactory. All the vehicles which are now or have up to this time been requisitioned by the Allied Commission are borne on the books of the Allied Commission and no differentiation is made between vehicles which are required for the needs of Military Government and those required for the needs of Italian state and provincial personnel.

27

5. It should be pointed out that the maintenance of the records necessary to deal with this situation has involved the establishment of a large REQUISITION RECORDS SECTION, and it is felt that unless similar records are maintained by the Italian Government considerable difficulties will arise over the future settlement of claims for vehicles already requisitioned.

6. It is suggested therefore that it would be both simpler and more satisfactory if all requisitioned vehicles were in fact requisitioned by and held on the books of the Italian Government. If this procedure is adopted no question of accountancy will arise. The vehicles will be requisitioned by the Italian Government in every case. Those vehicles required for Italian purposes will be retained at the disposal of the governmental or provincial personnel concerned; those required by AC/AMG will be handed over to AC/AMG for so long as they are needed and when no longer needed will be returned to the Italian Government.

7. If you agree to these suggestions the necessary instructions for future requisitioning can be issued forthwith. So far as concerns vehicles which are now or have in the past been requisitioned, arrangements can easily be made for the transfer of the requisitions to the Italian Government forthwith. The necessary records will be made available to the Italian Government. The vehicles, of course, will remain for the present at the

2.

disposition of AC/AMG.

8. Please consider this question as a matter of urgency and advise this Sub-Commission as soon as possible whether you agree to the suggestions made.

SUBJECT : Requisitioning of vehicles.

TO : H.E. The Minister of Pardon and Justice.

1. With reference to Item 6 of your agenda of today's meeting, the directive from this Headquarters to which I referred is deemed to include, as vehicles which may not be requisitioned, those owned by the Italian Government and those requisitioned or hired by the Italian Government. If any vehicles are requisitioned or hired by your government for governmental purposes it would be advisable to have readily available written proof of such requisitioning or hiring.

RICHARD H. WILMER,  
Colonel, CAS,  
Chief Legal Officer.

Our reference: ACC In/21/

Date : 7 Aug. 1944.

(16A)

TO : Regional Commissioner, Region VI, (For Regional Legal Officer).

SUBJECT : Use of Allied Military Vehicles by Italian Government.

1. Reference your letter L/1436 dated 16 July addressed to the legal Sub-Commission and which has been forwarded on to this Sub-Commission.

2. Exhibit "a" referred to in the draft contract, is a list of the vehicles, by . . . number and type together with any tools or equipment on each vehicle, which are being lent to the firm or person, who are undertaking the operation of the vehicles. If the Italian Government is undertaking this, they will no doubt have appointed a Transport Consorzi to handle it for them.

3. As we have no record of the vehicles you propose to loan to the Transport Pool, we cannot let you have a copy of exhibit "a", but would be obliged if you would let us have a copy at your earliest convenience.

4. Exhibit "b" is the tariff rate, which has been agreed with the Italian Government and two copies of this together with copies of an explanation as to how the rates are used are attached.

5. The rate of 2.02 lire per vehicle Km. referred to in the draft contract applies to vehicles of carrying capacity up to 3 Ton. (30 quintals). If you are loaning vehicles of a higher capacity than this, it might be necessary to consider raising this charge.

6. The method of working should be that all haulage is charged for at the approved rates. The owner of the civilian trucks receive the ~~2/3~~ amount, but the operators of the loaned trucks pay into a bank, nominated by you, at the end of each month the amount due on the basis of 2.02 lire for every vehicle Km. operated.

7. The presumption in para 4 of your letter is correct.

8. If there is any further information you require in this matter, please inform us.

### REGISTRATION AND EXPLANATION ON ITALIAN TRUCKS PARKED

Amount payable to local haulage service contractors for the transportation of  
goods by road or rail to contracts.

Will the following conditions apply to my journeys:-

(a) Will local contractors for the truck will be charged for irrespective  
of the load carried, nett or gross, or ton weight whichever will  
be charged on vehicles of 30 vehicles; Italian trucks whose  
gross tonnage exceeds,

Contractors must give their name at Ibra's request when  
notified, except that if requested not to do so, they may be required  
to do so. Details concerning the contractor's organization on  
be short notice and shall be furnished without charge.

(b) Tolls will only be paid by the contractor to a central point in  
Italy, unless otherwise agreed. The contractor will be liable  
for all tolls, charges, fines, etc., which may be imposed on him  
by the Italian authorities.

(c) Local roads and local services will not affect the contractor's  
journey or his charges. The contractor will be liable for all  
local roads and local services which may be imposed on him  
by the Italian authorities.

(d) Any subsequent tax and import duty levied by the Italian  
authorities on account of my importation, exportation or  
transit of goods will be borne by me.

Description of truck or motor vehicle	Registration number	Type of truck	Taxes			Gross capacity in this category
			Local	Over Road	Over Sea	
Capacity 1 - 17 quintals						22
Capacity 20 to 40 quintals (2½ and 3 ton trucks etc in this category).						
Capacity over 40 quintals						

785016

THIS FORM AND ATTACHED SHEET ARE SUBJECT TO THIS ITEM.

WHEELS OR TIRES	NUMBER OF TIRES	SIZE	LOAD IN POUNDS	MOTOR DRIVEN	LOAD IN POUNDS
From 1 to 5 each.					

22

Capacity 20 to 40 quinches  
(2½ and 5 ton trucks are  
in this category).

Capacity over 45 quinches

These are for trailers  
attached to 5 ton trucks  
under saddle load to the  
carries shown under  
control of the road ticket.

STANDARD  
TIRES

STANDARD  
TIRES

2. Motors - standard will often be utilized on conventional trucks.  
Vehicles may run away without damage if struck by the rear wheel, the  
operator or passenger may sustain serious injury. It is recommended that  
control of the road ticket be retained by the owner or operator.

3. You can apply to the state authorities for title to vehicles  
in addition to the federal offices, if you come to 6000 ft. above  
sea level or above, due to the altitude, you will not be required to  
pay any extra tax on the vehicles.

4. The operator of a truck which has a weight between the two ends  
sum will be taxed at the higher rate, the end with the greater weight  
being taxed at the higher rate. In the event of a weight between the two ends  
being taxed at the lower rate, the operator will be taxed at the higher  
rate.

The original authority may, in the interests of justice, require  
that the reduction in value resulting from the reduction in value  
of the vehicle be offset by the reduction in value resulting from the  
reduction in value of the vehicle.

EXEMPTIONS

- (a) Load any, 35 quintals,  
Distances from A to B, 235 Km.,  
no return load,  
25 quintals will go on a 2½ or 3 ton truck and will, therefore, be charged  
at the rates shown under KILOMETERS. Although only 23 quintals are to  
be carried, both 2½ ton 6.5, and 3 ton British truck are to be rated at,  
and can carry, 30 quintals, on the present will, therefore, be based on 30  
quintals.

The distance is over 100 Km and, therefore, the rates given at the foot of  
the column KILOMETERS applies.

The outward charge is, therefore,

$$0.6665 \times 30 \text{ (quintals)} = 20.0 \text{ (mt)} = 466.5 \text{ lire.}$$

If the truck has authority to return empty, an additional charge of  
60% of 466.5 lire is to be paid by the consignor of the outward load.

$$466.5 \times \frac{60}{100} = 27.99 \text{ lire}$$

27.99 lire added to 466.5 lire makes a total of 744.49 lire payable by the  
outward consignor to the convoying or truck concession.

- (b) If a return load from B to A is available, then the inward consignor will  
pay the same as the outward consignor, i.e., 466.5 lire and the consignor  
of truck contractor will receive 315 lire for the journey out and nothing.  
If a return load is available from point C, which is on the way back  
to the depot and is, say, 120 Km. from A, the amount payable by the con-  
signor from C will be  
 $0.6665 \times 30 \text{ (quintals)} \times 120 \text{ (mt)} = 304.9 \text{ lire}$
- 60% of the outward charge 120.2795 lire (see(a)) and the return consignor  
is not, therefore, called on to pay anything for the return journey.  
Should, however, the distance between C and A be, say, 120 Km. the  
consignor from C would pay  
 $0.6665 \times 30 \times 120 = 240.0 \text{ lire.}$
- and the outward consignor would, therefore, be called upon to pay the  
difference between 60% of the outward charge i.e., 2795 lire and the amount  
paid by the consignor from C, i.e., 240.0 lire, making 395 lire payable  
by the outward consignor in addition to the 466.5 lire originally due.

SUBJECT : Requisitioned Vehicles.  
TO : Liaison Section.

This branch has been told to be ready to hand over as many requisitioned vehicles as possible to the Italian Government.

In order to do this I think we must have some arrangement with the Italian Government under which they take over all responsibility to the individual owners in respect of the seizing or requisitioning of the cars.

Legal Sub-Commission have agreed to draw up the necessary document if we can tell them that a definite arrangement has been concluded with the Italian Government. May the Government therefore be asked:-

- (a) If in consideration of our handing over requisitioned cars they are prepared to accept ~~the~~ responsibility for claims for payment by the owners.
- (b) As the cars may be spread about all over Italy, to what officials they are prepared to delegate authority to take over those cars and sign for them. This is on the understanding that the receipt for the transfer of the car would be so drawn as to release the Allied Governments from all liability in respect of such cars.

SUBJECT : Requisitioned Vehicles.  
TO : Legal Sub-Commission.

(A10).

It is proposed in the very near future to hand over to the Italian Government a considerable number of requisitioned cars.

Most of these will have been properly requisitioned through American channels but some may have been seized in the earlier stages of the invasion and not have been properly requisitioned.

May a short form be settled by your Sub-Commission in agreement with the Italian Government under which the Government take over the vehicles releasing the Allied Governments from claims in respect of the cars.

It will be desired in many cases to hand over the car to an Italian official who is working on behalf of a Region.

To cover such cases may the Italian Government be asked to say who is to have authority to take over cars and sign release forms on their behalf.

SUBJECT : Vehicles Requisitioned by ACC for Italian Government.

TO : HQ. Region VI.

1. Reference L/1436 of 12 May 44 and conversation (Major ALEXANDER - Capt. HAY) today, it is confirmed that the question of an agreement between ACC and the Italian Government, as regards relieving ACC of all liabilities for cars requisitioned by them for the use of Italian Government officials, has been taken up with Finance and Legal Sub-Commissions.

2. A form of undertaking by the Italian Government making them responsible for depreciation and damage will be forwarded as soon as the wording of the form has been agreed.

3. It is confirmed that all petrol, oil, etc., required for requisitioned cars used by Italian Government officials will be drawn from C.I.P. sources who will be paid in cash at the time by the Italian Government officials unless the organisation to which he belongs has arranged an account with C.I.P. which is settled weekly or monthly.

4. No P.O.L. should be supplied to such cars from ACC or Allied Military Sources.

5. Tyres will be debited to the Italian organisation also unless requisitioned cars are to be taken back by ACC within one or two months (e.g. at the finish of the harvest) when it is not worth while charging up the cost to the Italian Government. This is a matter which must be left to your discretion.

24 May 1944

SUBJECT: Vehicles requisitioned by ACC for the Italian Government.

TO : Economic Section (Attn. Capt. Hay).

1. Ref letter of Finance Subcommission 13079/P dated 22 May 1944.
2. The question would not be solved as suggested by the Finance Subcommission, namely an admission by the High Commissioner that the cars are being requisitioned for Italian use. What we have advised your Section is that where cars, whether allied owned or requisitioned, are placed on loan to the Italian authorities, some understanding in writing should be obtained making the Italian government responsible for any depreciation or damage the cars may sustain or for their value if lost or stolen, along the lines of the draft agreement previously prepared by the Legal Subcommission.
3. Your file is returned herewith.

MATTER : Use of vehicles requisitioned by ACO for the Italian government.

TO : Economic Section.

1. Supplementing ours ACO/4122/J, 27 May 1945.
2. Our views as to the liability of the Italian authorities were predicated upon the assumption that there was a day by day use of the requisitioned vehicle. If such use were indefinite in time, our opinion might be subject to revision.
3. The foregoing gives additional weight to our suggestion that definite arrangements should be made with the Italian Government to be evidenced by a writing of similar import to the one prepared by this sub-commission in connection with transport loaned to the Italian Government.

27 May 1946.

SUBJECT : Use of vehicles requisitioned by ACC for the Italian Government.  
TO : Economic Section.

1. Attached letter 12 May 1946 reference I/1136 from RO, Region VI.
2. Under the proposed arrangement whereby the vehicles are to be driven by ACC personnel, the legal situation is the same as in the case of other vehicles charged to the Allied Control Commission. The ACC transport officer is responsible in the same degree. The Italian officials have no responsibility unless the driver responsive to their instructions does a wrongful act.
3. There would seem merit in the suggestion that on the financial side arrangements should be made with the Italian Government for compensation for the use of such vehicles, much as was contemplated in the case of the loan thereof. For that reason the RO's letter is submitted herewith.

G. P. UNGER,  
Colonel,  
Chief Legal Officer.

1. Instructions have been received from the Agriculture  
Sub-Commission that Regions are to provide civilian cars for the  
use of Italian Agricultural Officials in connection with the new  
Amassi Decree.

2. The necessary vehicles are available here (4 in number)  
but it is necessary to supply these with Army, i. e. Allied Tyres.  
It is forbidden to supply Army Tyres to vehicles which do not  
bear A.C.C. markings and it has therefore been necessary for us  
to requisition the 4 cars.

3. The vehicles are being handed over to the Italian  
Officials concerned but will be driven by personnel employed by  
the Commission and will be supplied with Allied petrol and Oil.  
Rules forbidding the use of the cars for any other purpose than  
that for which they are provided and for the completion of work  
tickets etc. have been laid down.

4. It is not absolutely clear whether, in view of the  
possibility that the Italian Government may ultimately receive  
some credit in respect of vehicles requisitioned by the Allied  
Forces, there should not be attached to the use of the above  
vehicles (which will be under the control of and entirely for  
the purposes of the Italian Government) some conditions as regards  
depreciation liabilities arising out of their use etc. on the lines

102

Dear A.C.C. markings and it has therefore been necessary for us to requisition the 4 cars.

3. The vehicles are being handed over to the Italian officials concerned but will be driven by personnel employed by the Commission and will be supplied with Allied petrol and Oil. Rules forbidding the use of the cars for any other purpose than that for which they are provided and for the completion of work tickets etc. have been laid down.

4. It is not absolutely clear whether, in view of the possibility that the Italian Government may ultimately receive some credit in respect of vehicles requisitioned by the Allied Forces, there should not be attached to the use of the above vehicles (which will be under the control of and entirely for the purposes of the Italian Government) some conditions as regards depreciation liabilities arising out of their use etc. on the lines of the draft agreement forwarded with your AGC/4122/6 dated 4 May 44. If so the arrangement will no doubt be made directly between your Headquarters and the Italian Government.

5. It is of course, recognized that the loaning of requisitioned cars is on quite a different footing from the supply of Allied vehicles to the Italian Government but it is thought proper to bring the matter to your attention.

6. As the cars are required with great urgency a letter has been written to the High Commissioner stating that their use is subject to the conditions if any which may be subsequently agreed upon between H.Q., A.C.C. and the Italian Government.

7. May I have your advise, please?

TO : H. E. the Minister of Communications.

Your Excellency :

Pursuant to prior conversations, the Allied Control Commission will make available for the use of your government the motor vehicles listed in Exhibit A, attached hereto upon the following terms and conditions.

- 53
- Declassified E.O. 12356 Section 3.3/NND No. 785016
1. A fixed monthly depreciation charge for each vehicle in the amount specified in Exhibit A following the deposit of such, shall be payable on the first of each and every month in advance to the Allied Financial Agency or as may be directed by the Allied Control Commission; provided however that if this arrangement shall become effective on a day other than the first day of the month, there shall be paid on the effective date thereof, a sum equivalent to  $\frac{1}{30}$  of the monthly fixed depreciation charge multiplied by the number of days intervening until the first day of the succeeding month. Thereafter the fixed monthly depreciation charge shall be paid in advance on the 1st day of each and every month as aforesaid.
  2. Your government, prior to the delivery of the vehicles shall deposit with the Allied Financial Agency <sup>as may be directed by the Allied Control Commission</sup> a sum equivalent to one half of the total value of said vehicles as set forth and specified in Exhibit A, and when each vehicle is returned to the Allied Control Commission under the terms hereof, there shall be refunded to your government a sum equivalent to one half of the said value thereof; provided that such vehicles with all tools, equipment and accessories shall be certified by the officer in charge of Allied Control Commission ordinance to be in as good condition and repair as when delivered to your government, ordinary wear and tear only excepted, and provided further that all depreciation charges due hereunder shall have been paid and your government be not otherwise in default.
  3. Your government unconditionally guarantees the return of each of said vehicles together with all tools, equipment and accessories to the Allied Control Commission upon the expiration or sooner termination of arrangement, as herein provided, in as good condition and repair as when received by your government, ordinary wear and tear only excepted. In its failure or inability so to do, whatever the cause, your government at the option of the Allied Control Commission shall either (1) promptly pay the Allied Control Commission an amount equivalent to the value of such vehicle not so returned, as set forth and specified in Exhibit A, less the total of depreciation charges paid by your government as to each such vehicle, and less the amount of the deposit held by the Allied Control Commission with respect thereto, in which event the part of said deposit shall become the property of the Allied Control Commission and each

- 05 -

Declassified E.O. 12356 Section 3.3/NND No. 785016

2. Your government, prior to the delivery of the vehicles shall deposit with the Allied Financial Agency or may be directed by the Allied Control Commission a sum equivalent to one half of the total value of said vehicles as set forth and specified in Exhibit A, and when such vehicle is returned to the Allied Control Commission under the terms hereof, there shall be refunded to your government a sum equivalent to one half of the said value thereof; provided that such vehicle with all tools, equipment and accessories shall be certified by the officer in charge of Allied Control Commission ordinance to be in as good condition and repair as when delivered to your government, ordinary wear and tear only excepted, and provided further that all depreciation charges due hereunder shall have been paid and your government be not otherwise in default.

5. Your government unconditionally guarantees the return of each of said vehicles together with all tools, equipment and accessories to the Allied Control Commission upon the expiration or sooner termination of arrangement, as herein provided, in as good condition and repair as when received by your government, ordinary wear and tear only excepted. In its failure or inability so to do, whatever the cause, your government at the option of the Allied Control Commission shall either (1) forthwith pay the Allied Control Commission an amount equivalent to the value of each such vehicle not so returned, as set forth and specified in Exhibit A, less the total of depreciation charges paid by your government as to each such vehicle, and less the amount of the deposit held by the Allied Control Commission with respect thereto, in which event that part of said deposit shall become the property of the Allied Control Commission and each such vehicle upon the payment of the aforesaid sum shall become the property of your government or (2), return each such vehicle in its then condition to the Allied Control Commission and forthwith pay to the Allied Control Commission such sum as the Allied Control Commission may determine is the value of such vehicle, less the amount of the deposit held by the Allied Control Commission and service of repair in which if should have been returned by your government under the terms hereof, less the amount of the deposit held by the Allied Control Commission applicable to such such vehicle. The excess if any of said deposit over the cost of said repairs as so fixed shall be returned to your government.

(2)

4. The said vehicles shall be used exclusively for the movement of civilian supplies, but only in such places and in such manner as shall be directed by the Regional Transportation Officer of the Allied Control Commission or such other officer as may be designated by it, and charges and tariffs for such use shall be only at the rates specified in Exhibit B attached hereto.

5. Your government shall at its own expense maintain the said vehicles in good condition and repair, replacing all missing or damaged parts, tools, equipment and accessories. For the purpose of providing adequate time for maintenance and repairs as aforesaid, each vehicle shall be kept off the road one day out of each fifteen. Spare parts, tools, equipment and accessories will be made available to your government by the Allied Control Commission therefor, and the surrender of the item or items which such purchase or purchases are intended to replace, or a certificate in form satisfactory to the Allied Control Commission as to your government's inability to do so.

6. The Allied Control Commission shall have the right at all times to inspect said vehicles, arranging schedules for that purpose when the drivers of the vehicles to be inspected shall be present.

7. Your government will keep and maintain such records in connection with the use and maintenance of said vehicles as shall be directed by the Allied Control Commission.

8. Your government will indemnify and save harmless the Allied Control Commission from all claims of every kind and description asserted against the Allied Control Commission arising or growing out of the use or operation of said motor vehicles.

9. Your government may contract with independent companies for the operation of said motor vehicles provided all the terms and conditions hereof are observed and performed by such independent companies and provided further that your government shall continue bound by the terms and conditions hereof to the same extent as if it were itself operating said motor vehicles.

10. This arrangement may be terminated by the Allied Control Commission as to any or all of said vehicles without prior notice if required for operational needs; otherwise upon 5 days prior notice.

13 April 1944

SUBJECT: Arrangement for use by  
Italian Government of motor vehicles.

TO : Vice President Economic Section.

1. On 12 April 1944 our chief counsel delivered draft of proposed agreement with Italian Government covering the above subject matter, which we understand is intended only to cover the interim arrangement until the requisite authority for sale can be had.

2. This will confirm his advice to you in connection therewith.

(1) No express authority appears to have been received permitting the proposed use by the Italian Government of any of the vehicles involved.

(2) If such authority is to be implied from cable of Flambo dated 11 February 1944, it is of course limited to the 300 American trucks therein referred to.

3. It follows that no authority either express or implied has been received with respect to any of the British vehicles or to the American vehicles other than the 300 aforesaid.

G. R. UPJOHN,  
Colonel,  
Chief Legal Officer.

RESTRICTED

4122

To : H.E. the Minister of Communications.

Your Excellency;

The Allied Control Commission (hereinafter referred to as the Lessor) hereby leases to the Italian Government (hereinafter referred to as the Lessee) for a period of one year commencing on Exhibit A, attached hereto, subject to end upon the following terms and conditions.

1. The monthly rental for each such vehicle shall be the amount specified in Exhibit A following the description of each, and shall be payable on the first of each and every month in advance to the Allied financial agency or as may be directed by the Lessor; provided however that this lease shall become effective on a day other than the first day of the month, there shall be paid on the effective date thereof, a sum equivalent to 1/30 of the monthly rental multiplied by the number of days intervening until the first day of the succeeding month. Thereafter the rental shall be paid in advance on the 1st day of each and every month as aforesaid.
2. The lessee, prior to the delivery of the vehicles leased hereunder by the Lessor, a sum equivalent to one half of the total value of said vehicles as set forth and specified in Exhibit A. As and when each vehicle is returned to the lessor under the terms hereof, there shall be refunded to the lessee, a sum equivalent to one half of the said value thereof; provided that such vehicle with all tools, equipment and accessories shall be certified by the officer in charge of Allied Control Commission ordnance to be in as good condition and repair as when delivered to the lessee, ordinary wear and tear only excepted and provided further that all rentals due hereunder shall have been paid and the lessee be not otherwise in default.
3. The lessee unconditionally guarantees the return of each of said vehicles together with all tools, equipment and accessories to the lessor in as good condition and repair as when received by the lessee, ordinary wear and tear only excepted. In its failure or inability so to do, whatever the cause, the lessee at the option of the lessor shall either (1) forthwith pay the lessor an amount equivalent to the value of each such vehicle not paid by the lessee as to such such vehicle, and less the amount of the deposit held by the lessor with respect thereto, in which event the part of said deposit shall become the property of the lessor and each such vehicle upon the payment of the aforesaid sum shall become the property of the lessor and forthwith return each such vehicle in its then condition to the lessor and (2) pay to the lessor such sum as the ~~the~~ officer in charge of Allied Control Commission ordnance shall determine is necessary to place the vehicle

shall deposit with the Allied Financial agency or as may be directed by the Lessor, a sum equivalent to one half of the total value of said vehicles as set forth and specified in Exhibit A. As and when each vehicle is returned to the lessor under the terms hereof, there shall be refunded to the lessee, sua equivalent to one half of the said value thereof; provided that such vehicle with all tools, equipment and accessories shall be certified by the officer in charge of Allied Control Commission ordnance to be in as good condition and requires when delivered to the lessee, ordinary wear and tear only excepted and provided further that all rentals due hereunder shall have been paid and the lessee be not otherwise in default.

3. The lessee unconditionally guarantees the return of each of said vehicles together with all tools, equipment and accessories to the lessor upon the expiration or sooner termination of this lease, as herein provided, in as good condition and repair as when received by the lessee, ordinary wear and tear only excepted. In its failure or inability so to do, whatever the cause, the lessee at the option of the lessor shall either (1) forthwith pay the lessor an amount equivalent to the value of each such vehicle not so returned, as set forth and specified in Exhibit A, less the total of rentals paid by the lessee as to each such vehicle, and less the amount of the deposit held by the lessor with respect thereto, in which event that part of said deposit shall become the property of the lessor and each such vehicle upon the payment of the aforesaid sum shall become the property of the lessee or (2) return each such vehicle in its then condition to the lessor and forthwith pay to the lessor such sum as the [REDACTED] officer in charge of Allied Control Commission ordnance shall determine is necessary to place the vehicle in that condition and state of repair in which it should have been returned by the lessee under the terms hereof, less the amount of the deposit held by the lessor applicable to each [REDACTED] vehicle. The excess if any of said deposit over the cost of said repairs as so fixed shall be returned to the lessee.
4. The leased vehicle shall be used exclusively for the movement of civilian supplies, but only in such places and in such manner as shall be directed by the Regional Transportation Officer of the AC or such other officer as may be designated by it, and charges and tariffs for such use shall be only at the rates specified in Exhibit B attached hereto.
5. The lessee shall at its own expense maintain the said vehicles in good condition and repair, replacing all missing or damaged parts, tools, equipment and accessories. For the purpose of providing adequate time for maintenance and repair as aforesaid, each vehicle shall be kept off the road one day out of each fifteen. Spare parts, tools, equipment and

accessories will be made available to the lessee by the lessor upon payment of the price established by the lessor therefore, and the surrender of the item or items which such purchase or purchases are intended to replace, or a certificate in form satisfactory to the lessor to the lessee's inability so to do.

6. The lessor shall have the right at all times to inspect said vehicles, arranging schedules for that purpose when the drivers of the vehicles to be inspected shall be present.
7. The lessee will keep and maintain such records in connection with the use and maintenance of said vehicles as shall be directed by the lessor.
8. This lease may be terminated by the lessor as to any or all of said vehicles without prior notice if required for operational needs; otherwise upon 5 days prior notice.

For the Allied Control Commission.

Accepted and agreed to:

To : H. M. the Minister of Communications.

Your Excellency:

Pursuant to prior conversations, the Allied Control Commission will make available for the use of your government the motor vehicles listed in Exhibit A, attached hereto upon the following terms and conditions.

1. A fixed monthly depreciation charge for each vehicle in the amount specified in Exhibit A following the description of each, shall be payable on the first of each and every month in advance to the Allied Financial agency or as may be directed by the Allied Control Commission; provided however that if this arrangement shall become effective on a day other than the first day of the month, there shall be paid on the effective date thereof, a sum equivalent to 1/30 of the monthly fixed depreciation charge multiplied by the number of days intervening until the first day of the succeeding month. Thereafter the fixed monthly depreciation charge shall be paid in advance on the 1st day of each and every month as aforesaid.
2. Your government, prior to the delivery of the vehicle shall deposit with the Allied financial agency or as may be directed by the Allied Control Commission, a sum equivalent to one half of the total value of said vehicles as set forth and specified in Exhibit A. As and when each vehicle is returned to the Allied Control Commission under the terms hereof, there shall be refunded to your government a sum equivalent to one half of the said value thereof; provided that such vehicle with all tools, equipment and accessories shall be certified by the officer in charge of Allied Control Commission ordinance to be in as good condition and repair as when delivered to your government, ordinary wear and tear only excepted, and provided further that all depreciation charges due hereunder shall have been paid and your government be not otherwise in default.
3. Your government unconditionally guarantees the return of each of said vehicles together with all tools, equipment and accessories to the Allied Control Commission upon the expiration or sooner termination of arrangement, as herein provided, in as good condition and repair as when received by your government, ordinary wear and tear only excepted. In its failure or inability so to do, whatever the cause, your government at the option of the Allied Control Commission shall either (1) forthcoming pay the Allied Control Commission an amount equivalent to the value of such vehicle not so returned, as set forth and specified in Exhibit A, less the total of depreciation charges paid by your government as to each such vehicle, and less the amount of the deposit held by the Allied Control Commission with respect thereto, in which event that part of said deposit shall become the property of the Allied Control Commission and each such vehicle upon the payment of the aforesaid sum shall become the property of your government or (2), return each such vehicle in its then condition to the Allied Control Commission and forthwith pay to the Allied Control Commission such sum as the officer in charge of Allied Control Commission Ordinance shall determine is necessary to place the vehicle in that condition and state of repair in which it should have been returned by your government under the terms hereof, less the amount of the deposit held by the Allied Control Commission applicable to each such vehicle. The

tion and provided further that the expenses  
hereinafter paid by your government be not otherwise in default.

3. Your government unconditionally guarantees the return of each of said

vehicles to you with all tools, equipment and accessories to the Allied Control Commission upon the expiration or sooner termination of arrangement, as herein provided, in as good condition and repair as when received by your government, or shall either (1) forthwith pay the Allied Control Commission an amount equivalent to the value of each such vehicle not so returned, as set forth and specified in Exhibit A, less the total of depreciation charges paid by your government as to each such vehicle, and less the amount of the deposit held by the Allied Control Commission with respect thereto, in which event that part of said deposit shall become the property of the Allied Control Commission and each such vehicle upon the payment of the aforesaid sum shall become the property of your government or (2), return each such vehicle in its then condition to the Allied Control Commission and forthwith pay to the Allied Control Commission such sum as the officer in charge of Allied Control Commission shall determine is necessary to place the vehicle in that condition and state of repair in which it should have been returned by your government under the terms hereof, less the amount of the deposit held by the Allied Control Commission applicable to such vehicle. The excess if any of said deposit over the cost of said repairs as so paid shall be returned to your government.

4. The said vehicles shall be used exclusively for the government of civil liaison supplies, but only in such places and in such manner as shall be directed by the Regional Transportation Officer of the Allied Control Commission or such other officer as may be designated by it, and charges and rentals for such use shall be only at the rates specified in Exhibit B attached hereto.

5. Your government shall at its own expense maintain the said vehicles in good condition and repair, replacing all missing or damaged parts, tools, equipment and accessories. For the purpose of providing adequate time for maintenance and repairs as aforesaid, each vehicle shall be kept off the road one day out of each fifteen. Spare parts, tools, equipment and accessories will be made available to your government.

available to your government by the Allied Control Commission upon payment of the price established by the Allied Control Commission therefor, and the current or of the item or items which such purchases or purchases are intended to replace, or a certificate in form satisfactory to the Allied Control Commission as to your government's inability so to do.

6. The Allied Control Commission shall have the right at all times to inspect said vehicles, arranging schedules for that purpose when the drivers of the vehicles to be inspected shall be present.
