According to the document of August 1945 the case must be tried by AMG Court as Para 11 (g) states that Headquarters Allied Commission, unless it is of opinion that upon the facts a trial should NOT be held, will convene the necessary Court.

But the following Sub-para (h) states that the Area Commander will detail all members of the court (other than the President), the Prosecuting and Defending Officers, etc, so the trial does not present a serious personnel problem. Allied Commission apparently has to convene the Court.
