ALLIED MILITARY GOVERNMENT
LOMBARDIA REGION
Legal Division

6th February 1945.

SUBJECT : Personnel - Officers.

TO : A/Executive Officer,
Lombardia Region, Rear HQ.

1. Referring to para. 2 of your letter to the Chief Legal Adviser, R/ASG/III of 4th February, the proposed allocation of 14 Legal Officers to Lombardia Region is totally inadequate for the efficient functioning of the Legal Division.

2. Experience has shown that in the early days of occupation, a separate Legal Officer for each Province is essential. Difficulties of transport and communication make it impossible to combine Provinces, at any rate until the Italian Courts commence to function.

3. Milan City may be expected to provide a substantial volume of work for AMG Courts in addition to the innumerable problems arising in connection with the Italian Courts, prisons, epuration and general matters of administration.

4. It is estimated that the absolute minimum of officers required is 18 to be assigned as follows:-

Provincial Legal Officers	9
Milan City (including Prosecution Officer, Superior and Summary Court Judges and Superior Court Prosecutor)	6
Regional HQ	2
Italian Courts.	1

5. At the last R.L.O's meeting the Deputy Chief Legal Advisor said that he hoped to make 16 officers available for the Region. It is requested that the strongest possible representation be made to have the allocation mentioned in your letter increased to 18 in view of the importance of the Region and the amount of work likely to arise.

6. It is pointed out that the foregoing estimate makes no allowance for General Courts for which if lengthy cases were involved, additional personnel would be required.

H.M. DICKIE,
W/Cdr., R.A.F.,
Regional Legal Officer.

MEMORANDUM:

SUBJECT : Legal personnel and requirements.

TO : CA Sec.

1. The present strength of officers assigned to Legal Sub-Commission and available for legal work is as follows:

Nominally assigned - - - - -	87
Absent or shortly to become absent on duty - - - - -	6
Now available - - - - -	81

Of this total of 81 officers, the following number are earmarked for Austria:

British officers (including Lt Col IGH Campbell) - - -	8
American officers - - - - -	4
Total - - - - -	12
Available for future employment - - - - -	69

2. A small number of personnel has been interviewed with a view to appointment to Allied Commission and Legal Sub-Commission. So far, no success has been achieved in securing the services of any of these officers. In addition, Major K. D. Collins, an English Barrister, now employed by the Finance Sub-Commission, would be most useful if he could be transferred.

3. It is considered that the minimum requirements for Northern Italy involve the following personnel:

Lombardy Region (9 Provinces, including Milan) - - -	16
Piemonte Region (7 Provinces, including Turin) - - -	11
Liguria Region (4 Provinces, including Genoa) - - -	6
Venezia Region - - - - -	20 or more
Total - - - - -	53

4. It is assumed that in the early days of the occupation of Northern Italy, Emilia Region will be largely, if not wholly, under AMG. For this

purpose, 9 officers will be required. At a later stage, even if Military Government is continued, it may be possible to reduce this number by 3 or 4 officers.

5. It is assumed that Abruzzi-Marche and Toscana Regions will be still, in part at least, under AMG and that at least 3 officers will be required for Abruzzi-Marche Region and 6 officers for Toscana Region. Again, at a later stage, it may be possible to reduce these figures.

6. Southern Region: The AM Courts at Bari can be discontinued as soon as necessary. It is assumed however that courts will still be required in Naples Comune. It is thought that a minimum of 3 officers is required in Naples and probably one officer at least in Bari in view of the difficulties which have existed in the past with the Italian Courts in this area.

7. No legal officer is considered necessary in Sicily or Sardinia. If any part of Lazio-Umbria Region remains under AMG it may be necessary to retain 2 officers in that region, but it is thought that these can probably be released for other regions.

8. It is not possible to reduce the strength at Hq below 8 officers. One of these must be the Chief Judicial Officer. At present, this assignment is held by Lt Col I.O.H. Campbell; this officer is earmarked for Austria when that employment becomes operational, and his place will be taken by Lt Col Welsford. It is proposed to assign Lt Col Welsford to Liguria Region for the present on the clear understanding that he will be required for Hq immediately Lt Col Campbell is removed.

9. Attached hereto at Appendix A is the proposed plan for the allocation of legal officers in accordance with the foregoing observations.

The teams for Lombardia and Piemonte Regions are completed to the minimum scale and include no officers earmarked for Austria.

The team for Liguria Region is completed by the inclusion of Lt Col Welsford; if Lt Col Welsford is not available later for this appointment, his place will be taken by Lt Danno from Southern Region.

The team for Emilia Region includes 3 officers earmarked for Austria.

The teams for Toscana, Venezia and Southern Regions include 2, 4, and 1 officers respectively who are earmarked for Austria.

10. It is not intended to withdraw any personnel from the regions with which they are now serving or to make any other changes in present organization until it becomes necessary to do so for the actual occupation of Northern Italy. It is understood that under the present appreciation

purpose, 9 officers will be required. At a later stage, even if Military Government is continued, it may be possible to reduce this number by 3 or 4 officers.

5. It is assumed that Abruzzi-Marche and Toscana Regions will be still, in part at least, under AMU and that at least 3 officers will be required for Abruzzi-Marche Region and 6 officers for Toscana Region. Again, at a later stage, it may be possible to reduce these figures.

6. Southern Region: The AM Courts at Bari can be discontinued as soon as necessary. It is assumed however that courts will still be required in Naples Commune. It is thought that a minimum of 3 officers is required in Naples and probably one officer at least in Bari in view of the difficulties which have existed in the past with the Italian Courts in this area.

7. No legal officer is considered necessary in Sicily or Sardinia. If any part of Lazio-Umbria Region remains under AMU it may be necessary to retain 2 officers in that region, but it is thought that these can probably be released for other regions.

8. It is not possible to reduce the strength at Hq below 8 officers. One of these must be the Chief Judicial Officer. At present, this assignment is held by Lt Col I.O.H. Campbell; this officer is earmarked for Austria when that employment becomes operational, and his place will be taken by Lt Col Welsford. It is proposed to assign Lt Col Welsford to Liguria Region for the present on the clear understanding that he will be required for Hq immediately Lt Col Campbell is removed.

9. Attached hereto at Appendix A is the proposed plan for the allocation of legal officers in accordance with the foregoing observations.

The teams for Lombardia and Piemonte Regions are completed to the minimum scale and include no officers earmarked for Austria.

The team for Liguria Region is completed by the inclusion of Lt Col Welsford; if Lt Col Welsford is not available later for this appointment, his place will be taken by Lt Danno from Southern Region.

The team for Emilia Region includes 3 officers earmarked for Austria.

The teams for Toscana, Venezia and Southern Regions include 2, 4, and 1 officers respectively who are earmarked for Austria.

10. It is not intended to withdraw any personnel from the regions with which they are now serving or to make any other changes in present organization until it becomes necessary to do so for the actual occupation of Northern Italy. It is understood that under the present appreciation

of the situation, Venezia Region has considerably lower priority than the other Northern Regions and for that reason the strength of that region has been sacrificed to the advantage of other regions.

11. It is pointed out that additional personnel are essential if Venezia Region is to be completed up to anything like an adequate strength and that this personnel cannot possibly be found, under anything like the conditions envisaged above, from the personnel now at the disposal of the Legal Sub-Commission. It is therefore strongly requested that additional personnel be made available so that it will be possible for the Legal Sub-Commission to adequately discharge its obligations when the north of Italy is occupied.

Colonel,
Deputy Chief Legal Advisor.

SUBJECT: Planning for N. Italy (Personnel)

TO: See Distribution.

- 1 In connection with the provision of Allied personnel for N. Italy, the C.O.S. has laid down:
 - (a) Directors of Sub-Commissions will treat the provision of personnel for the Northern Regions as a first priority.
Personnel should in the first place be withdrawn from this Hq., leaving the bare minimum at Hq necessary for efficient working.
Secondly, Directors must, if necessary, be ruthless in withdrawing personnel from Southern Region, Sicily and Sardinia.
 - (b) Personnel assigned to the Northern Regions in accordance with the foregoing should not be earmarked for Austria.
- 2 It is appreciated that this may give rise to some difficulty, but if necessary the earmarking of officers for Austria must be revised.
- 3 Directors will contest the Regional Commissioners of Liguria, Piemonte and Lombardia Regions at the earliest opportunity and agree with them the personnel to be posted to these Regions.
