2. Recommendations for promotion will be forwarded as indicated below: **2201**

a. FOR OFFICERS ASSIGNED TO REGIONS: Recommendations will be submitted by the next superior American officer, to the Senior American officer at the Provincial Headquarters, who in turn will forward it to the senior American officer at Regional Headquarters, who will forward it to Headquarters AOC. **A L S E R I O T E D**

b. FOR OFFICERS ASSIGNED TO SUB-COMMISSIONS: Recommendations will be originated by the senior American officer in the Sub-Commission and they will be forwarded through the Section Head, or, for independent Sub-Commissions, through the EC and EB branches, to the Executive Commissioner. Where the senior officer of the Sub-Commission or the Section is a British officer, the Section Head will indicate his approval or disapproval by covering letters as indicated in "a" above.

c. For officers assigned to the Establishments Branch, or separate Staff Sections, recommendations will be processed through the Establishment Branch to the Executive Commissioner.

3. a. Heads of Sub-Commissions, whose officers have served alternately in Headquarters and in various Regions for short periods, may submit to Regional or Regional Commissioners, a list of specialist officers whom they consider qualified for promotion, if the officers have been overlooked by the Commissioner due to the short period of service in their present assignment. When this is done, the head of the Sub-Commission should cite the reasons which make him believe the officers are entitled to promotion, and should include the various assignments the officer has filled and the nature of performance.

b. Where only one American officer is assigned to a Province, Region, Sub-Commission, or Branch, the British officer who is superior to the American officer, will make recommendations to the next higher colonel by means of a letter citing the circumstances and giving so much of the information required in the promotion recommendation form as is available to him.

4. b. To : OFFICERS, THIS COMMAND.

1. Officers who censor mail of the enlisted personnel are reminded that they are not to discuss the contents of those letters, either orally or in their own letters.
2. Unit censors have a two-fold trust and responsibility: to protect the interests of the Government and also the interests of the individual soldier whose mail is censored. Discussion of subject matter of soldiers' mail violates censorship regulations and is a serious threat to morale.

Lieut NEGRELLI and four enlisted men formerly attached to 7th Army are now awaiting new assignments.

The officer and men are excellent linguists. I am using their services now. If they are not assigned elsewhere, could transfer be effected - if not for use here - for use elsewhere?

They are of such value as to be worth replacing personnel now assigned.

18 September 1943.

TO : A.G. (Adm).

The S.C.A.O. TRAPANI Province reports that his S.C.A.P.O. Major Bartlett, (B), has met with an accident and is suffering from a "badly broken rib".

Lt. Col. Thomas points out that this accident leaves only Captain Gebhold(B) functioning as a C.A.P.O. in the Province.

If he can be spared from Catania Province it is recommended that Major H. S. Gould (B) be transferred to TRAPANI Province as S.C.A.P.O.

If Major Gould is not available either Captain Brennan(A) or Captain Dyer (B) who are already assigned to TRAPANI Province but are not presently employed as C.A.P.Os., could be assigned to act as S.C.A.P.O.

All three officers are assigned to Region I in the proposals forwarded from this office whereas Major Bartlett is recommended for Region II.

Appointments as Provincial C.A.P.Os. require Headquarters assignment.

MEMO/1013/PS

ALVIN H. O. STOLLY

27 September, 1943.

TO : O.S.O.

In the Civil Police Section serious delays are caused, especially in reference to the classification and disposition of civilians detained by Allied authority. There are nearly 1,200 individuals concerned. Each one involves certain records, rolls and other clerical and administrative work.

The clerical assistance and facilities at the disposal of this Division are inadequate to handle the situation in a prompt and satisfactory manner. May I request that arrangements be made to correct this situation even on an emergency or temporary basis.

At the present, the Civil Police Section is in urgent need of an additional two good typists, two typewriters and one stenographer.

The inadequacy of clerical personnel within the Division as a whole is causing considerable delay in our work and renders it impossible for me to relieve these emergencies internally.

SUBJECT: Request for Transfer.

TO : CG, Hq NATCUSA, APO 534, U. S. Army (Thru Channels)

1. Request that I be reassigned to the 7th Infantry Regiment, 3rd Infantry Division.
2. Verbal approval of this transfer given by Colonel SHERMAN, CO of 7th Infantry Regiment.

3. Reasons for requesting this transfer are:

a. I was inducted as a First Lieutenant on March 3, 1941 and assigned to the 184th Infantry, 40th Division. While with the 184th Infantry I commanded a Heavy Weapons Co., and served as Regimental Adjutant. I was promoted to Captain on February 1, 1942.

b. I have completed the Company Commanders and Weapons Course at Infantry School, Fort Benning, Georgia on January 30, 1942.

c. I feel that due to my past experience in Infantry that I will be of greater service to my country serving in an Infantry Regiment than in my present assignment.

TO : C.P.D.

It is with great personal regret that I pass this forward.

Capt. Wallace has done a grand job of work in this section, and I am more than satisfied. However, the 2nd's heart is obviously in the combat zone and I would not stand in his way.

## CIVIL AFFAIRS OFFICE

PROVINCE OF TRAPANI

13 Via Regina Margherita

TRAPANI (Sicily)

Sept. 6, 1943

SUBJECT: Commendation for work of Major G. Bartlett, (B).  
 TO : C.A.O., AMGOT Hq., Palermo.

Attention Col. Bolles, Chief of Public Safety Division. <sup>ivi</sup>

1. I wish to commend to you the work of Major G. Bartlett (B), Provincial CAPO for Trapani, in connection with his work at Favignana Island. Shortly after the AMGOT Officers came to Trapani it was reported that deplorable conditions existed on the Island with respect to food shortage and a typhus epidemic; and that the waters around the three Islands, of which Favignana is the largest, were heavily mined. Also this situation was outside his line of duty as a CAPO, Major Bartlett volunteered to take a temporary assignment as C.A.O. for the Islands and get the situation under control. He proceeded thence in a boat, and in about fifteen days time the conditions were so greatly improved that an American Lieutenant could be sent over to relieve him. He arranged for shipments of food from the mainland, and for Naptha so that the fishing boats could be put to work in unmined waters. He got the frightened populace out of caves and back to town, where he set up a Hospital and staffed it with Italian Army personnel to care for the sick. The "typhus" turned out to be only typhoid fever, but the epidemia was severe because of the unsanitary condition in which the people were living. He investigated and reported on conditions at a state prison there which resulted in removal of all inmates to Palermo. He got the inter-island telephone system into operation.

In many other ways he made it possible for these island communities to get on their feet in a very short time; and did all this in a manner reflecting great credit to his own strenght of character and dignity for the Allied Governments which he represented. I am pleased to be able to render to you this report of his excellent services.

 Lt. Col. Inf.

I cannot understand  
why an officer visiting  
a Province where he will  
remain over 48 hours  
cannot be taken on

There are 3 Prison

TO: All Units, Formations, Establishments,  
etc. Military Hospitals, Detention Barracks etc.

1. Further to this GHQ letter of even number dated 10 Aug 43.  
Please forward to this GHQ as early as possible a nominal roll of all officers and O.Rs on the strength of the Unit or Establishment under your command on 1 Sept 43 who embarked for service overseas before 1 Nov 1939 and have served overseas continuously ever since. Periods of leave or duty in U.K. not exceeding six months not to count as a break. Date of embarkation to be shown.
2. It is pointed out that these rolls are required in order that dates of embarkation may be verified where necessary and to provide information for the Branches responsible for movement and provision of shipping space.
3. The existing procedure whereby the proportion of those eligible for posting is selected by the O.C. Unit and names forwarded through the normal staff channels to Commands who order personnel into Base Depots when shipping space is available, is in no way affected.
4. All personnel covered by para 1 must be included on rolls unless they elect to relinquish their right to repatriation for a period of not less than one year. In which case a certificate to that effect should be attached. Failure on the part of O.C. to render rolls promptly or the omission of names may seriously prejudice the prospects of repatriation of those concerned.
5. In the case of Training Establishments, Hospitals, Con Depots, Transit Camps and Detention Barracks, students, patients and personnel in transit will be included but shown separately from posted personnel.
