TO ANGIO AMERICAN SUPERIOR COMMAND

MEMO

Dr. Mariano Gianni, surgeon, aged 44, was arrested, on your order, and transferred to the prison of Palermo, because he was a member of the Fascio of San Mauro Castelverde.

Such a provision, absolutely unexpected to ward, Dr. Gianni, has deeply moved the soul of all these inhabitants, without distinction of caste, sex or age.

Mariano Gianni born and grown up in this oasis of peace, within the quiet walls of this little, laborious and disciplined country Comune, where he lived upright and spotless until his recent transfer in San Mauro Castelverde, he was, always a good boy, an exemplary youth, an honest citizen, a competent and generous physician.

He always took care only of his profession, which he practised with passion and disinterestedness, specially toward poor people, who have always found in him, besides the gratuitous physician, the sincere friend and the devoted father.

Particularly they underline that he, always, kept himself by instinct and temper, away of political life, and if the last years he was compelled to inscribe himself in the Fascist Party, and afterwards to accept, although, as a mobilized for civilian work, some public charge, he did that exclusively for only for imperative necessity, for obedience and discipline feelings towards the appointed authorities.

Moreover, he never misused of such a charge, he has used it, in the limit of possibility, to benefit others, and happily when he has been allowed to vacate it. On account of proceedings and character of Dr. Gianni, briefly hinted by us, we feel honored and obliged to beg that Command to take under examination the provision regarding him, to control as you think, our assertions and to tally with logic decisions. We trust, rather we are sure, that your sense of impartiality, objectiveness,

We trust, rather we are sure, that your sense of impartiality, objectiveness, and uprightness of conscience, soon you will restore liberty to our Dr. Gianni, who is physically handicapped by chronic gastroenterite and leg mutilation.

We beseech it, and also that infinitesimal part of humanity, which always, have found in him assistance and consolation.

Certifies that the spontaneous love manifestation of the citizens of Castel Di Lucio in favour of Dr. Mariano Gianni is quite a truth.

The numerous signatures do witness it, rather many and many other would have sign too, but they did desist of doing that, on account being illiterates.

Dr. Gianni has been always of good conduct and never he has given place to remarks, and he enjoys my personal confidence.

A.N.G.O.I.

PALERMO

I, the undersigned, Rosina Sanfilippo take permission to expand

what follows:

On Aug. 15th my husband, Gaetano Buco, was requested by the English Police Command of Bronte, and after a short interrogatory was detained, and transferred, afterwards, to Concentration Campo of Briolo (Siracusa). As much as I have learned, this is due to the fact that my husband has been a Fascist, and collaborator at the G.I.L. In this purpose I take permission to specify exactly:

Since 1916 my husband taught in the elementary schools; always manifesting socialist ideas, as all the members of Luvo's family.

Some time afterwards, he belonged to a non political Association named "La Politica" (the politic), placed for the object to disguise antifascist ideas of its members. That can be confirmed by his numerous bosom friends, like Spitalieri Filippo, Isola Antonino ecc.

On the occasion of Matteotti's murder, my husband was one of the organizers of the funeral, for this reason he was denounced, but he managed to squirm out of it.

On 1927, like all the state employees, he was compelled to accept the membership card of Fascist National Party, but in ideas remained always the same, and for that reason he had to emigrate, while teaching in Malesco, the persecution from formerly Federal Vice-Secretary Dr. Antonino Palermo, who obliged him to be transferred to Randazzo.

Pursued by our very harsh enemies, well disguised as friends, he was compelled, with great humiliation, to associate himself in labour with O.N.B. (National Organization of young boys), where he never had, like others, acknowledgement of his work. Indeed, the proposal to be appointed officer of the O.N.B. was never ratified, on account of being of doubtless fascist faith.

cards, to Construction Camp of Brindisi (Simone), as well as a collaborator at this is due to the fact that my husband has been a fascist, and collaborator at the C.I.L. for this purpose I take permission to specify exactly.

With the constitution of the C.I.L. (Italian youths of Littorio) and the promulgation of school rule, which required the most association in labour between School and C.I.L., my husband was obliged, always more, to work without ever obtaining a reward.

On 1934 he was requested as warehouseman at the mountain resorts "A. Mussolini" of Bronte. He was compelled to accept such a nomination, but any refusal was threatened, by Fascist authority with a withdrawal of the membership card and its consequences, and because, being the father a

family, he always had w. very hard, in order to increase his miserable teacher wages.

After four months of very hard work he got a reward of £ 800.

In order to face all the expenditures of his home necessities, lately he had accept to solicit a bakery belonging to Sig. Luvo Tomasso. The management of that bakery lasted only two months, with a considerable loss as we were inexperienced in this particular work.

Finally my husband was not entirely, a victim of fascies and he thinks unjust that he must be persecuted even by the opposite party.

Trusting in the justice of the United Nations Government, to see aid, now, my to some are fighting, one a Navy officer and the other on the Finance Guard at Spalato.

Barcellona October 10th, 1943.

To the H.Q. of the ALLIED FORCE

Barcellona (Sicily)

Gentlemen,

My name is GILBERTO CALIUMI.

I was born at Carpi, in province of Modena, north of Italy, on August 21st, 1894. My family was a very good one, both for position and financial standing. I received from it the best education which was continued in the Schools until I got my certificate.

A great personality of my native town, the late right hon. Senator Alfredo Bertesi, having heard of my good education and will, called me one day and, at the end of a cordial talk, he offered me to go over to Luton, Beds, nr. London, where I remained for nearly three years.

I accepted with the greatest pleasure and interest what he was offering me, so much the more because I would have gone into the exciting life of business, opening before me a greater possibility to get on nicely in the world, what it wouldn't have been easy to do in a small town.

I arrived at Luton on July 15th, 1913 and as soon as I picked up with the English language, which I began to learn at Carpi, before my departure, I used to pass my week-ends in London, while my holidays were spent in other important cities of Great Britain.

I remained in England until November 1915, going back to Italy for my military service.

Officer of the Italian Army, I fought in France and on the River Piave, where I was rewarded. After the Armistice, November 1918, I was sent by the War Office, in Hungary, to reach the Italian Military Mission in Sophia.

Free of any military duty, in 1919, I took up my career of correspondent for foreign languages with important industrial houses, for which I travelled nearly all Europe, making voyages also in Egypt.

In such a way, I could refine nicely my education, learning how to live with high people. In a word, I got the best prospects ²⁵¹⁹ al community.

I never suffered from any mental disease of any kind or nature, as I have always been present to myself, with ready perception, with no weakness whatever, no hallucination or immoral talk, habits and manifestations, or delirium. I worked at any time exactly, revealing myself the best of my environment here. I was always exceedingly strong to overcome any difficulty.

I may add that at the beginning of 1933, I was appointed by the WESTMINSTER BANK, Ltd. of London, Italian representative for financing Ita-

I may add that at the beginning of 1933, I was appointed by the WESTMINSTER BANK, Ltd. of London, Italian representative for financing Italian industries, but owing to a financial question which arose in a northern city, I had to leave this latter town and reach my family in Carpi.

In order to avoid to run into trouble, I went over to Paris in 1934, but for several circumstances, I had to return back to Italy.

By that time I was followed by the Police and all my private correspondence had to suffer a complete stoppage. Please note that I have never developed any activity in favor of any political party.

Giuseppe Bertesi

It seemed to me that I was under a pain of death in full "liberty" because the awful campaign, which was made to me, seriously handicapped all my endeavours and efforts to make satisfactory adjustment anywhere in the country, so I had to struggle in an ocean of difficulty, reducing to the bottom the funds which I got from so many years of hard work.

It is not a story or fable what I am outlining here and as I couldn't see the way on which the cat was going to climb the tree, I delivered a vigorous claim to the High Court of Justice of Modena on June 13th, 1936.

Things didn't set down as I presumed, so I had to continue my broken fortune, seeing all ups and downs of life, until I was stopped by an Officer of the Modena Police (Funzionario di Pubblica Sicurezza) on November 8th, 1936 and brought unchained to this Institute, where I arrived on the next 14th.

It is nearly seven years I am incarcerated and believe, Gentlemen, that I suffered very much to see my best days dragged by, closed up in a criminal hospital for lunatics, without illness and with no penal proceedings to my charge, having kept, at any time, the highest conduct with no conflict with law.

Since I got this place, I worked very much in the Office as typist and was able to get up alright both in scientific and book-keeping branches.

As I have always been sane and sound and strong-minded, I cannot accept any diagnosis whatever, while I have to point out that nobody has ever questioned me. As a result, I don't know the real reasons for which they brought me here, so I ask you to be kind enough to examine the matter and see that my "liberty" be red-ored to me with all my rights, because I cannot remain further enclosed in this Building which I hadn't to know even at the picture-palace or through any kind of book.

Please be advised that I have always been in cordial and love correspondence with all my parents, that's to say, with my wife and little son, who are living at Marina di Pietrasanta, Mr. Vleraggio, in province of Lucques in Tuscany, and also with my sister and her husband and five children living at Genoa and also with my uncle and cousins living in Mr. Modena.

My father and mother died with the heart broken, owing to the extraordinary circumstance which cut down in such a miserable way my rich and fine life. I repeat that no political question is concerned in this affair which refers exclusively to a financial matter.

I don't think there is no more reason to keep me enclosed here, if it is not to get me really sick with an ill-treatment which has been reserved to me since the first day I came here.

fortune, seeing all ups and downs of life, until I was stopped by an Officer of the Modena Police (Funzionario di Pubblica Sicurezza) on November 8th. 1936 and brought unchained to this Institute, where I arrived on the next 14th.

It is nearly seven years I am incarcerated and believe, Gentlemen, that I suffered very much to see my best days dragged by, closed up in a criminal hospital for lunatics, without illness and with no penal proceedings to my charge, having kept, at any time, the highest conduct with no conflict with law.

Since I got this place, I worked very much in the Office as typist and was able to get up alright both in scientific and book-keeping branches.

As I have always been sane and sound and strongminded, I cannot accept any diagnosis whatever, while I have to point out that nobody has ever questioned me. As a result, I don't know the real reasons for which they brought me here, so I ask you to be kind enough to examine the matter and see that my "liberty" be restored to me with all my rights, because I cannot remain further enclosed in this Building which I hadn't to know even at the picture-palace or through any kind of book.

Please be advised that I have always been in cordial and love correspondence with all my parents, that's to say, with my wife and little son, who are living at Marina di Pietrasanta, nr. Viareggio, in province of Lucca in Tuscany, and also with my sister and her husband and five children living at Genoa and also with my uncle and cousins living in Genoa and Modena.

My father and mother died with the heart broken owing to the extraordinary circumstance which cut down in such a miserable way my rich and fine life. I repeat that no political question is concerned in this affair which refers exclusively to a financial matter.

I don't think there is no more reason to keep me enclosed here, if it is not to get me really sick with an ill-treatment which has been reserved to me since the first day I came here.

A lot of stories and fables are said about my correct and healthy personality and, as a result, I don't fear anybody in case I should be called to discuss over the matter which is a very terrible one for me.

I am in full hopes that you will peruse the present memorial and with your good sense of fairness and human justice will help me out of this awkward fix with all my rights and indemnifications due to me.

The luminous way you are opening with high Justice throughout the conquered lands will not be forgotten in the Centuries to come and looking forward to your aid, I thank you and with compliments, I remain,

Yours respectfully

Judicial Situation and Psychological conditions regarding the recovered

CALINI GILBERTO

Calini Gilberto, born in Carpi (Modena) on Aug. 21st 1894, employed, married, was put under penal proceeding, charged of calumny, having, in Carpi and Modena, denounced to the Procuratore del Re of Modena, to the Commission of Public Safety of Carpi, and to other authorities, which were obliged to refer to the judicial authorities, his relatives Calini Giustino, Monsignor Silvio Sabatini, Giulia Sabbatini, Sacchetti Mario, Alfredo and Armando and others, whom he knew they were innocents from the accused offenses of poisoning, personal sequestration and defamation (art. 31 capoverso 363 p. 1. e capoverso C.P.).

On Oct. 19th 1936 Instructor Judge of Tribunal of Modena ordered Calini a temporary recovering into a Judicial Insane Hospital, according with art. 236 C.P. On subsequent Nov. 12th he was then arrested and transferred in this Institution where he entered on Nov 14th, previous a Ministerial assignment.

With a sentence dated March 2nd 1937 the same Judge absolved him from all the charges registered, because at the time when offenses were committed he was, for mental infirmity, in such a mental condition as to exclude being him capable to mind and to will, and ordered his entry into a judicial Insane Hospital, as prescribed by the law, for a period not less than two years.

On request of Procuratore del Re of Modena the Minister of Grace and Justice assigned him definitively to this Institution for the execution of safety detection measures.

Such a prorogation ends Nov. 12th 1944 Calini Gilberto is well disposed, bright minded, discreetly set in order.

Perception processes are good.

Attention is awake, memory is good.

Fancy is eccentric. He expresses delirious conceptions ideas, now in a persecution manner, now in a greatness manner.

He thinks that poisons imitted into food cause his teeth fallen, and many persons bear an ill-will at him.

But He will get revenge he will apply for trial revision, interesting this or that personality.

" As you understand, people must have energy"-he says.

He is sure of his release, and he has already a letter to be des attached to some industrial asking employment.

Nevertheless he asserts, that his insane mates tell him: "Get your revolver ready, now that you go out." But he, being sure of himself, comments the matter because " Knowing foreign language, he never would startle."

In meantime he reveals himself to be a good natured and a superficial man. Affection sphere is maintained on scarce base.

His character is easily irascible and passionate.

He acquits writing, but sometimes refrains from work on futile motives, asserting that " things are made wrong".

=====

Caliumi Gilberto fu Giustino e fu Sabbatini Aurora, nato a Carpi (Modena) il 21 Agosto 1894, impiegato, coniugato, veniva sottoposto a procedimento penale quale colpevole di calunnia, per avere in Carpi e Modena, con denunzie al Procuratore del Re di Modena, al Commissario di P.S. di Carpi e ad altre Autorità che avevano l'obbligo di riferire a quella Giudiziarie, incolpato i suoi parenti Caliumi Giustino, Monsignor Silvio Sabbatini, Giulia Sabbatini, Sacchetti Mario, Alfredo ed Armando ed altri, che sapeva tutti innocenti, dei reati di tentato veneficio, di sequestro di persona e per diffamazione (articoli 81 capoverso, 368 p.p. e capoverso C.P.).

Con provvedimento del 19 ottobre 1936, il Giudice Istruttore del Tribunale di Modena ordinava il ricovero provvisorio del predetto in un Manicomio Giudiziario, ai sensi dell'art. 206 C.P.

Il 12 Novembre successivo, venne quindi tratto in arresto per essere tradotto in questo Istituto, ove fu ammesso il 14 stesso mese, previa assegnazione Ministeriale.

Con successiva sentenza del 2 marzo 1937, lo stesso Giudice Istruttore lo proscioglieva dai reati ascrittigli, perchè, nel momento in cui ebbe a commettere i fatti, era, per infermità mentale, in tale stato di mente da escludere in lui la capacità di intendere e di volere, e ne ordinava, a norma di legge, il ricovero in un manicomio giudiziario per un tempo non inferiore ad anni due.

Su richiesta del Procuratore del Re di Modena, il Ministero di Grazia e Giustizia lo assegnava definitivamente a questo Istituto per l'esecuzione della misura di sicurezza detentive.

Allo scadere del periodo minimo di internamento, il Giudice di Torino negava glianza del Tribunale di Messina, con decreto del 7 Novembre 1938, negava la revoca del provvedimento di ricovero e stabiliva un nuovo termine di due anni per un esame ulteriore della pericolosità, termine prorogato di due anni del 1 Dicembre 1941 e 19 Dicembre 1942.

CALUMI GILBERTO è orientato, lucido, discretamente ordinato.

I processi percettivi sono buoni.

L'attenzione è desta, la memoria buona.

L'ideazione è esaltata. Le sue idee esprimono concezioni deliranti ora a contenuto persecutorio, ora a contenuto di grandezza.

Crede che i veleni immessi nei cibi gli facciano cadere i denti e che molte persone gli vogliono male.

Ma egli saprà vendicarsi, chiederà la revisione del processo, interessando questa o quella personalità. Dice "capirà bisogna essere energici".

E' sicuro della dimissione e, per l'evenienza ha preparato ~~due~~ lettere che invierà ed un industriale per chiedere lavoro.

Intanto afferma che i compagni gli dicono "preparati la rivoltella, adesso che esci". Ma egli, sicuro di sé, commenta la cosa perchè, "conoscendo le ^{le}lique estere non morrà mai di fame".

Si rivela nel contempo facilon e superficiale.

La sfera affettiva è mantenuta da affetti poco solidi.

E' di carattere facilmente irascibile e collerico.

Nell'Istituto disimpegna le mansioni di scrivanello. Qualche volta, però, si astiene dal lavoro per futili motivi, asserendo che "non si fanno le cose giuste".

La volontà è poco controllata.

DIAGNOSI: SINDROME PARANOIDE

Barcellona, 13 Ottobre 1943

On March 27th 1942 Dr. Vincenzo Perretta, was assumed, on his request (see page 1) as a daily physician at the Judicial Insane Asylum, with an allowance of \$2.60 per day (see page 3) On April 8th 1942 such a provision was ratified by the Minister of Grace and Justice (see page 11).

On Feb. 3rd 1943 he quit service, being he enlisted, and Dr. Santo Terranova substituted him (see ministerial letter on page 17 bis).

The Minister of Grace and Justice, with a note dated April 22nd 1943, repelled Dr. Perretta's request by which he asked the temporary use of a lodge, belonging to the crown, close to the Insane Asylum, which had been assigned to him only for services purpose. (see page 14 bis, 14 ter, 14).

But, Perrette, addressed several letters to various beings (on pages 12-19-20-26-28-47-62-), to the Ministers of war, and Grace and Justice, to the financial Supd. of Messina, to the national Fascist Syndicate of Physicians of Messina, calling to his defense his own brother Vincenzo, Centurion of the voluntary Militia for the National Safety (see page 62), repeatedly and insistently appealing to the Fascist Regime directives, and opposed the Minister's decisions.

Rather he wrote "Our Duce want that his soldier must be respected" (see page 47)

However the Minister hold out on his determinations confirming that the lodge must let free at once by the family of former daily Physician Dr. Vincenzo Perretta, having him non more right on keeping it (see page 14-23-30-36-58-).

Indeed the Registry office was charged on proceeding on executive acts for the immediate removal (see pag. 61-78-).

Deplorable, besides the resistance, is the incorrect and offensive language used in this numerous petitions, mistrusting his physician colleagues not to cause his wife, during his enlistment any treatment,

Indeed the Registry office was charged on proceeding on executive acts for the immediate removal (see pag. 64-78-).

Deploable, besides the resistance, is the incorrect and offensive language used in this numerous petitions, mistrusting his physician colleagues not to cause his wife, during his enlistment any treatment, which, in any way, troubling his tranquillity, could expose his wife to the risk of her health (see pag 47-56-). And thus with such resistance, obliged the physician who substituted him, to travel every day from Olivieri to Barcellona to perform his duty, for he resided there with his duty for he resided there with his family, and determining also afterwards, Dr Terranova losing his place, because supervised the emergency state, he was unable to move himself from Olivieri. In addition, above all, the embarrassment of service caused by the absence at the Physician on one afternoon and during the night, in such a delicate period, so that I was compelled to

assume, as a daily Physician, my son Aldo, the only Physician left in Barcellona.

On Sept. 24st Dr. Perretta and his family returned to Barcellona due ling in the Insane asylum lodge, where his asent and sister were living for long time, in spite of being replaced, as he affirms, on dismissal.

To some persons of his acquaintance he declared to have full right to re-occupy the place of a daily Physician, because the law and the Fascist Syndacate obliged the public administration to reintegrate on charge the professional employee when the enlisted period would be over. But he has not come in my office to ask me to be readmitted on duty.

Now, if during the enlisted period he thought that employment reports were not interrupted, with more reason he should have not fail respect and discipline feeling towards superiors, to whom, instead, he has continually menaced and mistrusted.

For all the facts, I dare say that Dr. Perretta must not be replaced on duty, as he may be able of inciting the ambient, and it should be reasonable that a solicitation be made on him for setting the lodge free, unduly occupied since april 15th 1943 (see pag. 14) being it destined for an official on duty, and for the exclusive interes of service.

Il Dott. Vincenzo Perretta, a sua domanda (v.pag.1), venne assunto da me quale medico giornaliero del Manicomio Giudiziario il 27 marzo 1942, con l'assegno di £ 60 al giorno lorde (v.pag.3), provvedimento ratificato dal Ministero di Grazia e Giustizia l'8 aprile successivo (v.pag.11).

Ma il Perretta, con ripetute domande indirizzate ad enti vari (v.pag.12, 19, 20, 26, 28, 47, 62), al Ministero delle Guerre, e quello di Grazia e Giustizia, all'Intendenza di Finanza di Messina, al Sindacato Nazionale fascista dei medici, al Sindacato Provinciale fascista dei medici di Messina, chiamando a sua difesa il fratello Vittorio con turione della milizia volontaria per la sicurezza nazionale (v.pag.62) e facendo ripetutamente ed insistentemente appello alle direttive del regime fascista, si opponeva alle decisioni del Ministero. "IL NOSTRO DUE" - egli anzi scriveva - VUOLE CHE I SUOI SOLDATI SIANO RISPETTATI" (v.pag.47).

Comunque il Ministero tenne fermo nelle sue determinazioni, confermando che l'alloggio doveva essere subito rilasciato dalla famiglia dell'ex sanitario giornaliero dott. Vincenzo Perretta, non avendo egli più titolo per occuparlo (v.pag.14, 23, 30, 36, 58). E, di fatti, l'Ufficio del Registro di Barcellona venne incaricato di procedere agli atti esecutivi per l'immediato sgombrò (v.pag.61, 76).

Leiporevole, oltre la resistenza, è il linguaggio scorretto ed enfatico usato nelle sue infinite istanze, con diffida ai colleghi di non apportare alla moglie, durante il suo richiamo, traumi psichici che in qualsiasi modo, turbando la sua tranquillità, potevano comunque ca-

gionarne la di lei salute (v. pag. 47, 56). E così, con questa resistenza, obbligava il medico che lo sostituì, dott. SANTO TERRANOVA, a viaggiare giornalmente da Oliveri a Barcellona per prestare il suo servizio, perché colà residente con la sua famiglia, e determinando poi anche la perdita del posto al TERRANOVA, il quale, sopravvenuto lo stato di emergenza, non poté più muoversi da Oliveri. Si aggiunga soprattutto l'intralcio al servizio causato dall'assenza del medico per tutto un pomeriggio e durante la notte, in un periodo di tempo così delicato, tanto che fui costretto ad assumere come medico giornaliero mio figlio Aldo, unico medico rimasto allora a Barcellona.

Il dott. Perretta, ricollocato in congedo - per quello che egli afferma - il 21 Settembre ritornava a Barcellona con la propria famiglia, nell'alloggio del Manicomio Giudiziario, dove si erano da tempo stabilite la zia e la sorella. A persone conoscenti, dichiarava essere in pieno diritto di rioccupare il posto di medico giornaliero, per ché la legge ed il sindacato fascista facevano obbligo alla pubblica amministrazione a reintegrare nell'incarico il professionista quando fosse cessato il servizio alle armi. Però non è venuto nell'ufficio del sottoscritto per chiedere di essere riammesso in servizio.

Ora, se durante il periodo di richiamo alle armi egli riteneva non interrotto il rapporto d'impiego, a maggior ragione non avrebbe dovuto venir meno a quel senso di rispetto e di disciplina verso i superiori, che invece ha continuamente minacciato e diffidato.

Per tutto l'insieme dei fatti sono quindi del parere che il dott. Perretta non debba essere riassunto in servizio, potendo anche sobillare l'ambiente, e sarebbe opportuno che gli si solleciti il riascizio dell'alloggio, indebitamente occupato dal 15 aprile scorso (v. destinato a funzionario in servizio e nell'intere

TO COLONEL MITCHELL

TO LIEUT. COL. RUSSEL SMOOK

PALERMO

I submit to your benevolent examination the case of my brother MICHELE SALA, political prisoner since the 29th of July of the current year at the Central Judicial Prisons of Palermo. Since the month of April of 1942 he occupied the position of Commissioner of the Fascio of Villabate (municipality at about 10 Km. from Palermo) position he was entitled to hold till the election of a stable Political Secretary that would have substituted him. So he was told by the Mr. RAMACCIONI at that time Federal Secretary of Palermo. But such political secretary was never named (because none of the influential members of the party ever consented to occupy such a position both hard and unimportant). The 29th of July 1943 my brother was arrested by the Royal Carabinieri of Villabate come to arrest him at Palermo in his home that is also mine, saying that they acted in consequence of orders issued by American Command without specifying what Command it was. By these reasons I send this letter to You with double address not knowing from whom the questions concerning political prisoners descend and with the prayer to pass this letter another officer in case of incompetence.

The 29th of July as I said, my brother was brought to the prisons of Palermo "to be questioned". He was in fact questioned but the 14th of August and successively he communicated a schedule that was distributed to all political prisoners. Since to day 16th of October he is still in prison nor does there seem to be any allusion to his delivery as it has already happened for others men if "squadrist" and high gerarchs.

They documents does not exist at the office of Major Searle as was verbally told. I then thought they had gone lost and that such accident explained for the delay in his release. My brother MICHELE SALA is neither a "squadrist" nor an officer of the Milizia and this is made more evident by his youthful age: he is only 30 years old. At the time of the "Marcia su Roma" he was

He had to accept the position offered him because it was ordered to him by the Federal and therefore the expulsion from the National Fascist Party and the consequential material impossibility of working would have been the consequences of a refuse on his side.

I should be greatly grateful if You would interest yourself to his case, and, having examined his "curriculum", proceed, as for many others, to releasement. I will adjoint that has my husband (Artillery Captain Mario PATRICIOLO) is prisoner of war in camp 127 I have great need of my bro-

Be indulgent towards my unfortunate brother. I assure you that he has never been dangerous, and he has never, as all can witness done any body harm, even that little harm that his small position would have perhaps permitted him to do.

S.I.O., Messina Province.

ARGOT/ 5015/L.

15 October 3

Ref attached

Avvocato MARINO TORRE has been to this office asking for the release from MILANO prison of ROMANO, Girolamo fu Saverio. The grounds of his application are (1) that he was sentenced by the Italian Special Court (2) that the two fellow criminals have been released (3) that it is therefore unjust that he also should not be released.

Will you please report action taken in this case and return the attached papers to this B.

Making an appeal to the traditional kind heartedness of the Americans and to the pronounced chivalry and of generosity to the suffering; a wife and mother bleeds with you to set free her husband, Lo Cascio, Giuseppe di Vincenzo, serving time in the judiciary prison, charged only with having disobeyed the orders of his superiors.

He did not do anything harmful, or anything that could be injurious to the Allied forces because his ideas have always been signally, to humor the population with the affairs of the Fascist and he, in his position as Marshall of the Militia, was one of loyalty and courage, to report to superior authorities when ill-feeling prevailed amongst the population for the government of Rome, regarding the affairs of Sicily.

He certainly cannot be declared responsible, if responsible only in disobeying his superiors.

And then what could my husband tell of the Fascist machines? Miserable little grains of sand of the desert.

I am sure the sense of uprightness and of your consideration, should make you think that a wife and two children await impatiently for the return of their father; his absence creating pain and misery for the family; their home being completely destroyed by bombardments and therefore the wife finds herself, without a husband, without a home and without means to live.

She is a woman that implores grace for her husband, with two children that long for their father, and you are not insensible to the cry of pity and of clemency.

You, who are the bearers of peace and justice, we are sure that we will be granted this plea.

To Superintendent.

I submit herewith the attached correspondence from Francesco LO GIACCO, of Campofiorito, Sicily, in which she petitions for the release of her husband Giuseppe LO GIACCO from internment at the Ucciardone Prison.

Giuseppe LO GIACCO, age 44 years, was a Political Secretary of the Fascist Council at Campofiorito. He was arrested and interned on 6th August 1943 at the instance of G. I. C., 7th Army Headquarters.

At a Special Review Board of Civilian Internees held recently LO GIACCO was placed in Category A(b) which recommends internment for a further three months to be followed by a re-examination by the Board.

In her written request Signa LO GIACCO speaks of her husband suffering from a certain skin disease which requires medical attention and treatment. She also alleges that in the Ucciardone Prison are many cases of scabies.

In the circumstances, I suggest that a copy of this report together with the attached request of Signa LO GIACCO, be forwarded to the Superintendent of Prisons, AMCO Headquarters, and that he be asked to cause enquiries to be made concerning the physical condition of the internnee. An early reply concerning this matter would be appreciated.

The undersigned Lo Cicero Francesca, wife of the political prisoner Lo Cicero Giuseppe, prays that Command to release her husband, keeping present that he is affected by Leishmaniosi of left hand (skindisease) for which he had initiated a radioterapic treatment, before being arrested, and of course he can't continue while in prison.

He is also affected by psoriasis, diffused all over his body, and gets worst day by day, in that healthless place.

Moreover, he is a three young children's father, and they badly need many things: guide, support, caresses, advice,

So I pray you, to release him speedily, in order he may soon provide to his health, and his children wants.

POLITICAL SECTION.

The undersigned, wife of Dr. LO CICERO GIUSEPPE, wishes you to note that since August 5th., her husband has been kept at the "UCCIARDONE" Prison as a political detainee for having filled a position as Secretary of the Fascist Party for the small commune of CAMPOMIORITE. He is a father of three small children and has always supported his family with his honest work. If he accepted such a position he did so not because of faith in Fascism not with intention of self aggrandizement but, simply because he was a municipal doctor and sanitary officer and if he refused he would have lost his position.

Moreover, he is ^{afflicted} psoriar all over his body, that with the lack of treatment and unclean atmosphere of a prison, the disease develops more and more every day, as you must know. He needs a bath every day, which is impossible in such a place as there are many cases of scabies. Besides this he also suffers from a skin disease (leishmaniosi). To cure this he needs to have radiotherapeutic treatment which he had already started before he was arrested.

For these reasons the undersigned begs you to look into the honesty and character of her husband so as to release him soon.

You, who have come here under the name of Liberty and Justice, please do not make those who have suffered under the Fascism, suffer still longer. Restore back to these poor children, their father who is their supporter and guide. See that he will not be twice the victim of the Fascism.

Hopeful of your great Justice of which you have always given proof,

FRANCESCO LO CICERO NIE SETTINERE.

TO : Commissioner of Public Safety.

Reference your 1022/PS dated 6 Sept.

I consider that where illness is to be considered as grounds for release the appeal should be accompanied by a full medical report of the case. This should be ordered and its correctness assured by the S.A.P.H.O. of the Province in which the Prison is situated.

In my opinion such illness should be an obviously chronic or incurable one and not of such a nature that treatment which presumably is available for prisoners in the prison infirmary or other hospital, would effect an improvement or cure.

Petitions. There were two forms of petitions from prisoners, one was a petition proper and another an application for leave to appeal against a sentence. The applications for leave to appeal will come under and be dealt with at Provincial Headquarters.

Uniforms would be provided for prison staff, and there would be a general improvement in food and comfort.

There was some discussion on alleged overcrowding of prisons and political internment.

The C.P.S. summarized the points that had been made during the conference, and expressed his appreciation of the cooperation extended by all.

In the course of a general discussion of items not on the Agenda, it was pointed out that no provision was made in the AGOT instructions regarding bail. It was agreed that this omission should be rectified and the C.P.S. agreed to take the matter up with the Legal Division.

Attention was drawn to the large demands on the Carabinieri Regia for guard duties, even for military property. This was considered a military responsibility, and should be taken up direct with the Military Base Authorities.

To : All S.C.A.Os.

Petitions from convicted prisoners may be expected from time to time. These should be submitted through the Provincial H.Qs. The Chief Director has been so instructed but I should like you to issue instructions to Provincial Directors. Three examples are given below.

- (1) Petition for early liberation owing to illness of prisoner. - Director of Public Health advises a full medical report, which should be assured by the S.A. P.H.O of the Province. The illness should be an obvious chronic or incurable one.
- (2) Petition for early liberation owing to good conduct after a period with or without other points bearing on the reason other than ill health and family matters. S.L.O. of Province to take up with Procuratore del Rei and submit to S.C.A.O. if the circumstances of the trial or his good conduct would justify early liberation.
- (3) Petition for early liberation on account of some sound family affair. Investigation into the family affair as far as is possible to be made by a Provincial Officer.

Famiglie di detenuti rinchiusi nelle locali carceri giudiziarie lamentano che sarebbero costrette a versare agli agenti di custodia denaro ed altri generi per poter far giungere ai loro congiunti qualche cibo. In sostanza detti agenti oltre a pretendere laute mance per concedere qualche agevolazione ai detenuti, si comporterebbero nel seguente modo:

- per far giungere un pane al congiunto detenuto bisogna versarne due all'agente;
- per far giungere due uova al congiunto detenuto bisogna versarne quattro all'agente.
- e così via.

Particolarmente sfruttate in questi giorni sono state le famiglie dei fascisti rinchiusi nel carcere per ragioni politiche.-
