In risposta a quanto Vostro Onore mi ha comunicato circa l'oggetto prego pregarmi perché vogliate richiedere per queste Carceri Giudiziarie N. 100 casse di viveri ex tedeschi, viveri che in questo particolare momento sono veramente utili in quanto la razione giornaliera di 40 grammi di riso a detenuto si è mostrata realmente insufficiente.

Reference your letters POC/586 dated 8 October and 13 October 1945.

The increased ration ordered by Major Lothian was to cover circumstances that had arisen out of the Allied invasion. It would appear that the situation is now normal and this office is in agreement with the policy that the issue of rations should be uniform. The change has been noted.

Regarding the additional supplies. A number of cases of captured enemy food had been allocated to the Prison Section for distribution among needy prisons on payment. It would seem that the increased rations mentioned above had been overlooked and under the circumstances this prison would not come within the definition as "needy". The allocation will therefore go to more deserving cases.

I beg to call your attention to a letter forwarded to Palermo on 8 Oct 43 ref POS/586 by S.C.A.O. in which he refers to the rations received by prisoners in Moto prison which are much in excess of the ordinary civilian rations.

The state of emergency, followed by the difficult means of transportation, this firm has been unable to fulfill various contracted work in Sicily.

It now results, that for the above indicated reasons, almost all the interested Prisons Directions are back in payments from April on for the regular supplying made until the month of June, for this reason the payments that this firm ought to have made to the suppliers and to the 48 representatives for the month of June has been suspended. I have also suspended all consignments of materials that belongs to me.

In order to check up the credit and debt situation it is necessary for this Firm to go to all the centres where he has developed his activity.

Therefore, I beg you to inform the American Command, in care of the Prison Section, to permit me, in this case, to have granted a special permit and at the same time order that my car Pa. 7745 be equipped with tires, as the ones the car had were requisitioned at Petralia Sottana on August 2nd, by the American Command, as results from the enclosed receipt.

You are already informed of my considerable loss on the present contract aggravated by the requisition of my home and, therefore, I hope that you will favorably accept my request.

1111 Signor Giudice Direttore del Carcere Mandamentale di
A G I R A

Io sottoscritta Milia Chiara appaltatrice per la fornitura del Carcere Mandamentale locale, espongo alla S.V. quanto segue. Da un periodo di tempo gestisco per il mantenimento detenuti con una diaria massima giornaliera di L. 5,25 e sino ad oggi superando enormi difficoltà e sottostettendomi a non lievi perdite finanziarie ho continuato adempiendo scrupolosamente al mio dovere ancor più perchè lo stato di emergenza ha paralizzato i rapporti comunicativi e conseguentemente la presa dei provvedimenti all'uopo necessari.

Visto che in questi ultimi tempi i generi sono aumentati in misura diremo quasi sperbolica e considerato che qualunque merce è stata comprata dalla sottoscritta al pubblico mercato senza il beneficio, come di regola dovrebbe essere, delle compra della merce a prezzi di amasso e si è considerato che anche le banane, pere e le cose affini hanno subito delle oscillazioni non indifferenti prego per le scusanti che ancora vado esponendo di svolgere, i Vostri buoni uffici presso le autorità competenti affinché la diaria venga aumentata in misura tale da mettermi in condizioni di continuare nella mia opera ed a cominciare con la prima del corrente mese.

2538
Affinchè possiate illuminare con elementi positivi le
che saranno per prendere gli indispensabili provvedimenti Vi alligo un elenco spese giornaliere per ogni detenuto non tenendo conto del lavoro che la sottoscritta compie con non lieve fatica per il confezionamento del vitto ed altro.

Quanto la diaria fu portata alla quota di L. 5,25 alcuni generi avevano un valore talemente minore rispetto a quello odierno che sembrerebbe impossibile a prima vista un tale aumento.

Infatti la legna che all'epoca era a £ 40 il Quintale oggi ha un valore di £ 80, mentre il pane e la pasta da £ 2,60 e £ 3 sono saliti rispettivamente a £ 4,20 e £ 4,50 il Kg, l'ultimo aumento avvenuto nei primi di Agosto corrente mese.

Per brevità non vi cito ancora le oscillazioni di altra merce che come è logico pensare sono alla conoscenza di V.S.

Non ho chiesto prima questo aumento, perchè come la S.V. sa per ben tre mesi non vi furono detenuti, e per circa due mesi un massimo di quattro, mentre per Giugno, Luglio ed Agosto si sono aggirati al 20.

MEMORANDA No. 1. FOOD.

4
File Prison Food.

I ordered an increase of food at NOTTA prison where the Director was disturbed about shortage of food. He explained that prisoners are not now able to buy extras as in the past as no money payments are made since occupation. The majority of the prisoners are very long sentence men.

Aug 21/1023/PS.

At SIRACUSA the opinion of Major Battersby is that the prisoners food is good and plentiful - more bread being given than is possible to obtain outside. This may be so but not in all towns.

Cooking appears to be better at SIRACUSA than in many other places. It is possible that at all prisons the prisoners do not get full bread ration the warders may obtain some of it.

I would suggest:-

1. That extra allowance of food mainly bread be drawn for the Warders and Staff, paid for by Prison and issued to them. This would assist to clear some of the dissatisfaction among staff generally.
2. That all convicted prisoners at Central Prisons be given an increase of food, as shown in a new diet sheet attached.
3. Extra supplies for sick prisoners be authorised.
4. That the practice of prisoners buying extras within the prison be again operative in certain large prisons only and that the Directors and Commandants be instructed to make the payments for prisoners.
5. That the cash earnings by prisoners for work - where work is actually performed for a minimum period of 5 hours a day - be again brought into operation.
