Ref. to Ind. 2 of attached.

The Officers concerned have been notified by this Office but I respectfully ask to call attention to the following points before action is taken by the Italian Government.

1. The Officers named were appointed to their respective positions by Order No. 56 dated December 10, 1943. The result of this order would automatically bring them into the grade which is asked for. To avoid any misunderstanding with the Italian Officials and to protect the interests of these officers, the second application was submitted merely for authority for payment of the appropriate salaries.
2. The promotions are in accordance with Italian laws.
3. These Officers have for several months co-operated in every way with Allied Military Government. They have proved their worth and the need for their retention in these key positions.
4. The payment of the salaries asked will produce the feeling of security needed and will conform with the policy already established in the Public Safety Division.

TO: C.P.S.

I submit herewith a list of promotions of Senior Officials within the Prison Service.

It has been the practice of this Department to work within the framework of the existing Italian system and to this end the Director of Palermo Central Prison, Dr. Ferdinand Columbo was selected to fill the position of Regional Director of Prisons, Sicily. In the past four months he has shown by his intelligence and ability the wisdom of his selection.

To assist him in his task certain Directors were only selected after long enquires as to their ability and fitness for the work of co-ordinating the A.M.G. police.

They too have justified their selection and on December 10 1943. Order 56 was published ratifying their selection.

These Directors, except the Regional Director, will remain at the prisons to which appointed and will in addition do the work of Provincial Directors.

Among the many they will supervise are Directors of senior grade and it is to end these anomalies that this application is strongly recommended by this Office.

Prior to invasion promotion among these gentlemen was by recommendation and but for the war they would undoubtedly be enjoying the rates which are now asked.

The promotion of the Chief Director to Ispettore, Grade 5 for 8 would seem a big jump but having regard to the work and the manner in which it is done, this in my opinion is still below his worth.

Many of the Directors are already in Grade 7 and it is to regularize the position of the Provincial Directors that grade is asked for them. This will leave Grade 6 open for those who come outstanding and provide an incentive for future work.

I have spoken to C.L.O. who has no objection to the proposal which if approved will do much to improve the Service and bring some reward to these men for the work they have done.

To: Chief, Public Safety Div., AMG, HQ, Region I A.P.O.394

1. The individual discussed in the basic communication was dismissed from office for gross incompetence, and I would vigorously object to his reinstatement for the following reasons.

2. There was a general jail delivery from this prison on the night of July 17th when the city was taken by assault. The accounts as to responsibility for this are confused. One story is to the effect that American soldiers released the prisoners. The other, from Italian sources, is that the Director of the prison was instructed to release minor offenders, and did so. The more serious offenders, including some persons charged with rape, and some prisoners serving long terms, raised a clamor and the Director let them all out. That is a doubtful case.

3. Coming to definite matters, a CIC agent within a week after the general jail delivery, inspected the prison and found it in filthy condition. He ordered the place cleaned, but nothing was done.

4. About the middle of August it was learned by accident that 29 persons arrested by orders of the Allied Forces had been released from Agrigento prison upon the authority of a Private soldier and an agent of the CIC. Included were some of the persons who had escaped in the general jail delivery on July 17th, charged with serious sexual crimes.

5 Thereupon I had the prison visited and inspected by Lt. Col. Richard H. Hill, Prov. Legal Officer, and separately by Maj. Raymond Ashworth, Prov. Police Officer. They both reported that the prison was in filthy condition; the prisoners herded into a few overcrowded cells, although ample space was available; that they were being fed inadequate meals although there was an ample supply of food on hand to last two or three months; that the discipline and administration of the prison generally was extremely lax; and that the Director of the prison was unable to answer even simple questions concerning the place, the prisoners, or its administration from his own knowledge. He referred everything to a subordinate official, who was apparently a sort of chief clerk.

6. Although several days elapsed between the visits of Lt. Col. Hill and Major Ashworth, according to the latter's report little or nothing had been done to correct the condition to which Lt. Col. Hill had objected. The head of the Carabinieri in the province, the acting Questore, when questioned, stated that they considered the Director very inefficient and untrustworthy.

7. It is quite possible that an inquiry to the provincial S.C.A.O. at Agrigento would develop additional information and details concerning this Director's incompetence.

8. In view of his failure to act upon orders when means were available to carry them out, and upon the vigorous recommendation from Lt. Col. Hill and Maj. Ashworth, I ordered his immediate dismissal. I do not see that 22 years of service, most of which was, of course, under the Fascist regime; the fact that he is the father of six children; that his only source of income was his salary as a public employee; or that he is a veteran of the first World War are in any way justification for reinstating him to a position for which he has demonstrated unfitness, and which would subject many helpless prisoners to hardships and misery resulting from his incompetence and neglect.

I, Flammia Michele, discharged as Director ^{Sec 2} of the Judicial Prisons of Agrigento by letter of Sept. 1, 1963 by the Agrigento Command, asks that his position be re-examined.

I have always done my duty during the 22 years of my service, meriting recognition for my scrupulous honesty.

I am an ex veteran of 1915-18, decorated with the War Cross; father of 6 children still dependent upon me, and had no other means of support but the salary as a state employee.

May I ask that my position be re-examined, and that I be re-admitted to service anywhere in Sicily.

Il dott. Pignataro Amedeo, come risulta dall'unita lettera delle Procura Generale, aveva avuto parere favorevole per la nomina a Sanitario di queste Carceri.

Nessuna nomina è però venuta da parte del Ministero e quindi è rimasto come Sanitario giornaliero.

Egli in atto percepisce l'assegno di L.624 mentre se nominato effettivo gli si dovrebbe corrispondere L.751 per paga e L.358 per caro vivere.

Prego volere disporre in merito.

Data la mole dei lavori in corso in queste carceri nonché quella dei lavori contabili di tutta la provincia sarebbe opportuno che il direttore che mi ha sostituito in Palermo vi rimanesse.

A Noto potrebbe essere destinato il dott. Bellomo G. Battista attualmente vice direttore a Caltanissetta. Poiché a Noto vi è la Casa di reclusione, sarebbe necessario che il direttore non avesse altro incarico, in modo da potersi dedicare solo a quell'Istituto, essendo indispensabile ripristinare le lavorazioni e renderle efficienti come prima.

A Catania vi è un vice direttore; credo è giovane mi sarebbe necessario prima conoscerlo da vicino per emettere un giudizio preciso sulla attitudine e la capacità.

Potrebbe essere destinato a Ragusa.
Mi riservo proporre altri cambiamenti non appena mi sarà possibile visitare tutte le prigioni.-

Subject: Recomendation

Due to the size of work now in progress in this prison and the work of accounting and recording, due to the adjustment of the prisoners all over the island, it is necessary that the ~~vice~~ Director who replaced me in Palermo should remain.

Dr. Pellamo G. Battista, now vice Director at Caltanissetta could be sent to Noto. Since at Noto there is a prison it would be necessary that the Director should not have other duties than that of dedicating himself to that institute, being indispensable to start again the work of re adjustment in order to bring back again the Prisons in the former efficiency.

At Catania there is a Vice Director who I think is younger and it would be necessary for me to be acquainted with him before expressing my opinion on his ability at work. If He could be sent to Ragusa.

I shall propose other changes as soon as it will be possible for me to visit all the Prisons.

The Director at SIRACUSA, not very good, will be given the Province of SIRACUSA less NOTTA Prison, but I feel this Director should be removed altogether and the man at NOTTA given the whole Province.

TO : S.C.A.O. Province of Catania.

With reference to your CAT/81 of 30 August, received here on 5 Sept., the general policy governing the appointments of Directors and Commandants of Prisons is now under review and it is probable that the number of Directors in a province will be reduced to one with responsibility in respect of all prisons in the province, to a Chief Director for the whole Island.

It is preferable that the removal of Directors of Prisons should be referred to this office for action, but this would not preclude Senior Civil Affairs Officers suspending them pending a decision.

The general arrangements for disciplining prison officers below the grade of Director will be discussed at tomorrow's conference of C.A.P.Os.

Station Prison Directors are necessary. What need is to have a Director for the whole of a Province not just one for a few prisons. At present a Provincial Director cannot get around and has to remain at the prison where he lives. The Provincial Director cannot be considered one of the Staff working under the C.P.D., and a very valuable contribution he can be.

Possibly we can reduce number of Directors to the one in each Province. I think the Commandants should be the real responsible heads of prisons. Meanwhile no change is recommended till we can meet the whole system and at present there is real need for these Directors. Since the Chief Director can operate he is highly valued.

Once the Chief Director can operate more fully the system can be ~~improved~~ improved.

Regarding this minute. I think this should be finally approved by C.P.S. in cases of Directors and for the uniform staff Sup^l of Prisons. S.C.A.O. might be permitted to

Suspend an official, but not a Director.

I have received from the ~~town~~ Director of Prisons of this Province a memo relating to his former duties which cover the prisons of Catania, Caltagirone, Mineo and Acireale. He was responsible for prisoner's food for the repairs ~~to~~ the buildings and for prison discipline.

It appears to me that his office might usefully be abolished and that his responsibilities might be undertaken by the S.C.A.P.O. as regards Catania prison and by local C.A.P.Os as regards the provincial prisons.

I should be glad to know whether you agree to these views and if so what is the general policy as regards the dismissal of redundant Italian Officials.

Statement made to me by Dr. Aniello BRUNO, Director of
Prisons, TRAPANI.

" I was ordered by the Ministry of Justice at Rome to evacuate the Office and all prisoners in Trapani Prison, because of bombardment. Evacuation took place 30 June and prisoners were sent to various prisons. I was ordered to find a suitable place and found a place at BIVONA in AGRIGENTO. All papers have been lost. I reported to no one. I have done no actual duty since 30 June. I desire to return to Trapani to re-commence duties if required. My wife and family are in Italy.

I was ordered by a British Officer in TRAPANI to report to H.Q. of AMGOT. "

The Chief Director does not think Bruno should have left his post even if he had orders to evacuate prisoners.

He does not know Bruno.

I would suggest re-instatement either at TRAPANI or for AGRIGENTO, but to receive no pay for period of absence, 30 June to 30 August. He is however under difficult circumstances and possibly we would consider some payment. For orders please.

Io sotto scritto Gov. Uff. Dott. Quirillo Bruno, Direttore delle Carceri Giudiziarie di Cragani, mi sono esposto quanto segue, dichiarando che su quanto sono per esporre ho la mia parola d'onore, assumendone piena responsabilità.

Inviato che, in seguito a superiore autorizzazione, nella scorsa estate, procedetti allo sfoltimento dei detenuti, facendoli trasferire nelle Carceri di Andamentoli Sella provincia. Io intanto continuai a stare in questa sede fino al 30 giugno scorso, per tentare di salvare, al massimo possibile, il materiale dell'Amministrazione, non curando l'evidente pericolo cui volontariamente mi sono esposto per circa un mese e mezzo. Pur durante tre dei più forti bombardamenti subiti da questa città (non ricordo le date precise) sono stato in mezzo ai detenuti incoraggiandoli con la mia presenza, come spesso testimoniare tutti gli agenti qui in servizio ed i soldati del tempo. Solo quando buona parte del materiale Sella Amministrazione e dei mobili d'ufficio furono portati via salvo usando mezzi di trasporto necessari ed a trazione animale, solo allora - precisamente il 30 giugno - sono partito per procedere alle materiali riparazioni decise al fabbricato Sella piccolo casa, trovata di Strina (Cassina de Agnente) in Via Succis al. 20, casa che doveva ser-

vire come alloggio di fortuna per l'ufficio e per me, la-
sciando in Trapani solo pochi agenti per la gestione del
rendito materiale. L'altro funzionario dipendente bar. Fi-
tto Ferreri, Pigioniere capo, incaricato della gestione conta-
bile, si portava provvisoriamente a Portofino per provvedere
ai più urgenti bisogni contabili: ciò avrebbe fatto per breve
tempo fin quando non sarebbe stato possibile portare tutto il
materiale ed il carteggio d'ufficio nei depositi fittizi a
Bisogna e ad Alessandria della Rocca, anche in provincia
di Agrigento. Intanto, per grave incidente successo al
camion nel ritorno a Trapani, nei pressi di S. Cefalù (Berita
Bellina) che io, per puro caso ho saputo dopo dodici giorni)
e per la conseguente occupazione, il trasporto fu sospeso
ed io sono restato fino ad ora privo di ogni notizia.
Verso la fine dello scorso luglio presentai ai Reali Para-
militari di Bisogna un esposto scritto, con preghiera di
comunicarlo alle Autorità. Si occuparono, nel quale,
espose le cose suddette, dichiaravo di mettermi a com-
pletta disposizione delle Autorità, alle quali, peraltro, facevo
presente la mia particolare situazione. Di fu fatto di atten-
dere ordine e nei primi del corrente Agosto fui avvertito
del proclama relativo agli ingiustiziati. Feci presente che
per assoluta mancanza di normali mezzi di trasporto
non potevo rientrare in sede, tanto più che non potevo
affidarmi a mezzi di fortuna, con vari chilometri da per-

bile, si portava promissoriamente a Portofino per provvedere ai più urgenti bisogni contabili: ciò avrebbe fatto per breve tempo fin quando non sarebbe stato possibile portare tutto il materiale ed il carteggio d'ufficio nei depositi fittizi a Bivona e ad Alessandria Sella Boeca, anche in provincia di Agrigento. Intanto, per grave incidente successo al camion nel ritorno a Enna, nei pressi di S. Si occuparono, nel quale, espone le cose suddette, dichiaravo di mettermi a completa disposizione delle Autorità, alle quali, peraltro, facevo presente la mia particolare situazione. Mi fu fatto di attendere ordine e nei primi del corrente Agosto fui avvertito del proclama relativo agli imbricati. Feci presente che per assoluta mancanza di normali mezzi di trasporto non potevo rientrare in sede, tanto più che non potevo affidarmi a mezzi di fortuna, con vari chilometri da percorrere a piedi per essere in via dello Sello. Quasi 1975-78, in seguito a ferita riportata alla gamba destra, le cui tracce e conseguenze sono ben visibili e mi ritengo di notevole aiuto. Solo qualche giorno fa profitto di un camion che portava spallati da Bivona a Castelvetrano e mi recai a Portofino, ove credevo di trovare l'ufficio, quindi oggi steso in que-

sta lotta. Quanto ho sopra riferito circa la mancanza dei mezzi di trasporto, mancanza che dura tuttora, può essere con tutta facilità accertato da colui che vuole.

Per quanto sopra ho esposto, prego colui che ha da autorizzare il trasporto di quanto ho venuto a Bivona, necessario per il funzionamento dell'ufficio, ammettendo l'impiego che si può avere nel modo più economico e più breve possibile. Al fine di questo potrebbe continuare a sostituirsi, quale Vice Direttore, il detto Ragioniere Paolo Ferraro. Data la grave preoccupazione per il materiale lavorato in Bivona, più grave ancora perché una parte di esso lavora nel mio alloggio, ora affidato alla mia governante, rafferma di vestigii cerebrali con frequente perdita di coscienza, prego assegnare la mia richiesta con cortese urgenza. Sarebbe quasi inutile aggiungere che sono pronto alla più completa obbedienza agli ordini che mi verranno impartiti.

Non vorrei annoiare, ma sono costretto per presentare che sono pronto a fornire i finanziamenti per essere, io che sono, senza stipendio e altre indennità, più anche, in Sicilia, di qualunque reddito personale e per avere anticipato le spese delle molte responsabilità in circa L. 3500: delle quali mi rivedo di esibire le fatture.

1. Each Province requires a Director and requires to get round the prisons. There is no transport at present available. It is necessary to have 1 vehicle in each Province for Prison Services. *Sc40 of Prov. will have to reg. vehicle*
 2. A new Director required for AGRIGENTO. *Dr. Bruno*
I consider that the Director at SIRACUSA is unreliable and should be removed. I think the Director at NOTTA should be appointed to supreme Director of the Province.
 3. The Commandant at CATANIA is the best one I have met. He is worthy of promotion at an early date.
 4. I still consider that a supreme Director is required for the whole of Sicily. With few supervising Allied Officers such an appointment would be of value. *De C. Command*
 5. The salaries of Directors and Commandants should be increased by 10/- per week or £26 - £30 a year.
