1. Parolees will report to local officials who must maintain a card index system which will contain full particulars of each parolee (including full address. This is not always shown on the parole form).
 2. Each parolee must obtain an identification card and this must be endorsed with the fact that the holder is a parolee.
 3. A parolee may not change his residence to a place in another province until the S.C.A.O. of that province has agreed to the change.
 4. Whenever a parolee is permitted to move from one commune to another he must be instructed to report to the C.A.O. of that Commune, to whom the parolees record card and any other relevant papers must be sent.
 5. Enquiry must be made whenever a parolee fails to report as directed.

Capt. Ballance

The parole system only applies to Sicilian O.R.s. I doubt whether it is contemplated to extend it to Italians generally in the event of operations elsewhere. So far as Sicily is concerned, operations have ceased & it is too late to alter the scheme now. SCAs have been authorised to delegate their functions in this connection to CPAs where existing.

The procedure which has been established by headquarters is to have the parolees to report to local officials. We will require that all parolees have a personal identity card on which will be endorsed the fact that they were paroled. Thus, this enables the police to find and identify paroled Prisoners of War and relieves us of the administrative work. It is not intended that the administrative work should be done by these headquarters as it is physically impossible to do so. Therefore, the procedure seems to be that these forms should be in the hands of the local C.A.O.'s.

to me to concern your Section entirely. They
do not show actual cases of imprisonment.
and therefore are not recommended by Prison Sec.
They will not help us to make up any

Instructions for the Provost Marshal and Civil
Affairs Officer

Subject: Parole of Prisoners of War.

1083
Insert in cover
date order of grant
as '19' number.

1. Prisoners of War in the custody of units of the Seventh Army may be released on parole subject to the following conditions:

a. Only Italian soldiers (enlisted men), prisoners of war, whose permanent home and residence is in that part of Sicily now or later occupied by forces of the Seventh Army will be paroled.

b. No prisoner will be forced to accept a release on parole. Enlisted men will submit their applications through a commissioned officer of the Italian Army.

c. Where a prisoner desires a parole to a place other than his permanent home, he will be required to give reasons therefor, satisfactory to the Provost Marshal.

d. The prisoner will be required to submit his application for parole on the form prescribed (copy enclosed) and the conditions enumerated therein will be carefully explained in the Italian language. The Provost Marshal is responsible that all paroled prisoners fully understand the conditions under which the parole is granted and the penalties for violation thereof.

e. German prisoners will not be paroled.

f. Prisoners needed for intelligence purposes will not be paroled.

g. Military prisoners only will be paroled. Civilian internees will not be released from custody without the prior approval of G-2 in each case, after consultation with civil affairs. 3431

h. Applications will be submitted in triplicate; one copy when approved will be given to parolee, one copy will be transmitted to G-1 and one copy to the Civil Affairs Officer, Headquarters, Seventh Army. The Civil Affairs Officer will immediately transmit his copy to the appropriate Civil Affairs Officer in the vicinity of the parolee's designated residence or destination. The local Civil Affairs Officer may terminate any parole at any time.

i. G-2 agencies will furnish lists of individuals operationally dangerous who will not be paroled. Parolees on such lists will have their paroles immediately cancelled and will forthwith be taken into custody.

j. The procedure for reporting is a direct responsibility of the appropriate field Civil Affairs Officer, who, within his means, will cause parolees to report to his office, or will have periodic inspections made of parolees by personnel under his supervision. Where deemed necessary, inspection of parolees may be made through G-2 agencies in cooperation with the local Civil Affairs Officer.
