23 October 3

According to para. 5 of A.F.M. 1, circular No. 63 dated 3 September, copy of which was sent to you on 16 October, demands for Captured Army Material should be addressed to G.E.M.E.C. Quartermaster Section, A.F.M. 1.

In order to enable this to be done a statement showing by categories the total requirements of each of the Police or Prison Agencies under your control should be submitted. We can then make formal application to A.F.M. 1.

It is obviously useless to make isolated applications.

 Lt. Colonel,
 Deputy Commissioner of Public Safety.

*Prison Stores and Equipment*SUBJECT: Prisons - PAVIGIANA - Disposal of Stores.198
AMCOT/107/PS

AMCOT H.Q., SICILY

8 October 1943.TO : Supt. of Prisons.

With reference to closing of prison on the Island of PAVIGIANA. At the time of evacuation much of the heavy stores had to be left at the prison for lack of transport. These consist of iron beds, blankets, sheets, pillow cases, etc. Mattress material, Office furniture, and stores, and kitchen utensils. In addition there was a Tailor's, hairdresser's, shoemaker's, blacksmith's, and carpenter's workshops with a fair amount of tools in reasonable condition.

I have inspected these stores and consider that use could be made of them in the Central Prison at PALERMO where the prisoners of the Island were taken.

Authority is asked to remove the stores from the Province of TRAPANI to PALERMO where they could be housed and if necessary distributed to prisons in need.

*It is directed that these supplies
and equipment be transferred to
the Central Jail Prison - Palermo.
