I discussed the question with Dir. P.S.S. and agree with the recommendation at 137. The only move which would avoid taking any content from M.M.A. would be the abolition of the L.O. book at TEND. I am unaware how that matter stands.

You will remember CC is going to recommend to AFSEP that CERP Section should be allowed to work. It is in circulation with P.D.s. The CERP Section is already pretty thin and down to 6 officers and one clerk.

SUBJECT : Deferment of P.S. Officers.

TO : S.C.A.O. Venezia Giulia
(Attn: D.S.C.A.O.)

1. So far it has been the policy of this Hq. not to defer an officer as operationally vital except in cases where the Officer himself has no objection to such deferment.

2. The time has now arrived when no more replacements for P.S. Officers are available in this Theatre, and, as it is not practicable to replace trained Police Officers in Venezia Giulia with untrained Officers, the only course now open is to D.O.V. P.S. Officers in A/S Group Nos. 38 and upwards at least a month before their respective groups are due for release as it is absolutely necessary to keep the Public Safety strength in V.G. up to establishment.

3. Should replacements from the U.K. or elsewhere become available in the near future, or alternatively the necessity to keep the establishment up to strength become less acute, then this policy can be relaxed.

4. Will you please take the necessary action to put this policy into effect informing the Officers concerned accordingly.

SUBJECT : Officers D.O.V.

TO : Executive Commissioner,
thru VP. CA. SECTION.

1. Replacements for P.S. Officers due for release have become very acute particularly with regard to those in Venezia Giulia.
2. Briefly the position is as follows.
At the present time there are 16 British Public Safety Officers in Venezia Giulia. Of this number, 3 are deferred until General Demobilization.
5 willing to be D.O.V. and steps being taken accordingly.
7 are due for release in the near future Groups 36-37 and are not willing to be deferred.
1 is in group 41 and not due for early release.
Total: 16.
3. 5 Officers from Liaison groups, whose age service group range from 39 to 43, have been ordered to V.C. as replacements.
In addition Major Fleetwood, group 37, whose wife has come to Italy under a private arrangement, signified his willingness to be deferred.
However he has now been notified that his wife cannot enter Trieste due to shortage of accommodation and he therefore desires to be released with his group (Aug. 18th).
4. I suggest it would not be right or fair to compulsorily defer him at this stage, therefore 2 vacancies will remain for S.O.2.s. One of these can be filled by Major Hare (C.D.) when he has completed his work in Bolzano.
5. Other than Major Romie, L.O. Tenda, A/S Group 37, there are no replacements available.

1250

6. To meet the situation I suggest MHA be asked to release Major Lambert (BLU Naples deferred G.D.) for transfer to V.G. to fill the other S.C.2 vacancy.

7. It will be remembered that it was agreed not to fill Police vacancies in MHA and at the present time, apart from Major Lambert, there are 4 Officers performing duty with MHA with a fifth, Major Fielders, in hospital. It is doubtful if the latter will resume duty in this theatre. However the loss of Major Lambert should not put an undue strain on the remaining Officers.

8. As it will not be likely that any more replacements will become available and as those Officers now transferred to V.G. are not likely to voluntarily defer, I suggest the time has come for instructions to be given that all P.S. Officers in V.G. in Groups 38 and upward will be compulsorily deferred, unless conditions change in the meantime.

This I suggest is the only course now open in view of the necessity of keeping the V.G. establishment up to strength.

I want to tell you about certain changes which will have to take place in the distribution of Public Safety Officers in Liaison Groups.

As no doubt you know we are extremely short of these officers, and priority must be given first to A.M.G. Venezia Giulia and then to Udine. I do not feel justified in compulsorily deferring Public Safety Officers in Venezia Giulia and Udine while there are officers of later release groups in the Liaison Teams. The only alternative therefore is to cut down the Liaison Teams, which, after all, is in conformity with the general policy of this Commission.

You will therefore be receiving a cable ordering Major A.S.P. Way to proceed to Udine and although I realise that this will leave you very short (without a P.S.O.), and that it will place a greater burden upon you, I know that you will see the necessity for the move and accept it in that spirit.

I do not feel justified in compulsorily deferring Public Safety officers unless it is absolutely necessary and there are no replacements available.

With regard to your Public Safety officers, Cotton and Glasspool are due for release on about 26th July and Manuel on 3rd Sept. Each of these is anxious to return home as their future careers are at stake.

Hopkins and Lee are willing to stay and are being deferred as operationally vital. I feel sure and I know you will agree that three officers will be able to efficiently supervise Public Safety duties in your Province and with this end in view I am sending to you Major A.G.P. Way from Bologna who is willing to remain over here for a time. He is an excellent officer in every respect and will adequately fill Manuel's position. 19 June, 1946.

Executive Commissioner.

A meeting was held between Brigadier CARR, Colonel BYE,
Lt. Colonel ~~WILSON~~ of M.M.I.A. and myself to consider this subject.

It was decided that-

- (1) In the absence of any definite policy from higher authority, C.C.H.P. section M.M.I.A. should be allowed to waste gradually between groups 31 and 41.
- (11) Colonel BYE would find out from VERESIE GIULIA those officers who were willing to be D.O.V., so that these, plus late A/S groups from Liaison Groups, could keep VERESIE GIULIA Police going, without any hardship being done by D.O.V. The same applies to UDINE.

There is therefore no need for D.O.V. action to be taken for sometime to come which will in anyway cause hardship to any officer. This of course is contingent upon your decision, already given, that no Police officer will be D.O.V. either (a) to serve in a Liaison Group or (b) to serve in VERESIE GIULIA or UDINE while any officers of late release groups are retained in Liaison Groups.

When a decision has been announced, you will naturally be informed of the policy to be implemented in this matter.

1. Your attention is requested to the release situation as it exists among trained Police officers in this Commission with special reference to the provision of officers for CC.RR Section of Land Forces Sub-Commission.

2. The War Establishment of CC.RR Section allows the following officers who are due for release as shown.

CCSO I (Police Trained)	Lt. Col. E. MICHALI	Group	for release	18 Jun 46.

3. This problem of replacements for these officers cannot be solved, except very temporarily, by withdrawing police officers from the Liaison Groups, since all officers in these Groups fall between Age/service groups II-41. In addition there is a similar problem of reinforcements for police officers in VERMIS GUILL.

4. It is pointed out that there may well be a certain number of police officers who would be prepared to defer release, but that, since a police officer cannot defer except with the consent of his Police Authority in F.R., officers will only defer if they receive a firm offer of employment in a stated period.

5. In view of the importance of the work of CC.RR Section, and the need for continuity, it is requested that the Commission be informed of your intentions for the staffing of this section.

at present performing duty in Liaison Groups:

Bologna	Major Way

Genoa	Capt. Kane (Capt. Tough absent in U.K. on com- passionate grounds)

Naples	Major Harris (left for U.K. on 25/5 on release)
Rome	Lt.Col. Killhouse.

1223

3. As No.3 District Hq. is at Naples, it was considered advisable to keep the Public Safety position there filled and with this end in view arrangements were made, after consultation with Executive Officer (Br), for Capt. Baker at Treviso to go to Naples to fill the vacancy.

4. However in view of the signal from AFHQ, it may be necessary for Baker to be attached to 86 Area, and in this event it is suggested that Brown be sent from Bolzano as it is felt that at the present time it would be impracticable to take an officer from either Milan or Turin.

SUBJECT : Strength of P.S. Officers (Br).

TO : Executive Officer (Br).

1. It will be remembered that when all Public Safety Positions in the various Liaison Groups and A.M.G. territory had been filled, there remained 24 British Officers, 15 of whom (Professional Police Officers) were surplus to establishment.

2. Of the latter number, 8 were at once declared surplus and have since been transferred to the German theatre.

3. The seven remaining were being held for the purpose of filling vacancies which were likely to take place, especially in Venezia Giulia, where P.S. Officers were urgently required, due to an acute shortage of trained American P.S. Officers. 1207

4. Since then it has been necessary to fill the four undermentioned vacancies which were not anticipated, namely:

I) In M.E.I.A., Major Lambert taken ill whilst on Liaison and at present detained in a military hospital at Chester after undergoing a serious operation.

II) Capt. Riley, Liaison P.S. Officer Lombardia granted 28 days compassionate leave in U.K. now transferred to Home Establishment.

III & IV) Major J. Moody and Capt. H.R. Hanbury P.S. Officers Venezia Giulia granted 28 days compassionate

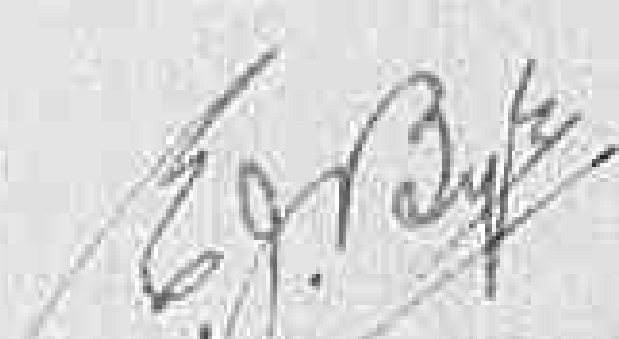

leave in the U.K. Major Moody has now been granted a Home Posting.

These vacancies have been filled by Cpts. Marsh, Willis, Poes and Geach, leaving Cpts. Eddings (at present relieving Major Ray Bologna absent on liap) Bodridge and Mann available to fill any additional vacancies.

5. Thus it will be seen that should the proposals (at present under consideration) to augment the British Public Safety WE in Venezia Giulia by 6 Officers, be approved, this HQ could not supply the number required except by leaving the vacancies mentioned in para. 4 unfilled or alternately withdrawing some of the trained P.S. Officers from the Liaison groups and filling their places with untrained Officers, providing such are available.

6. In view of the importance of having trained Police Officers in Venezia Giulia at the present time, it is suggested the latter course would be the better one to follow.

Deputy Director.

1. With reference to your letter G-1/201/0 dated 1-2-45.

2. I understand Orders have now been received directing the 3 Public Safety Officers declared surplus, to return to the U.K. prior to their posting to the Control Commission Germany. Therefore the question of their return to Rome does not arise.

3. As regards the Officers mentioned in Para. 2:- when the W.E. for the Venezia Giulia Police Force has been definitely decided and no further calls for personnel are likely to be made on this Hq., there will be no reason why any Public Safety Officer remaining without assignment should not be declared surplus and transferred to another Theatre.

4. I agree that any of the Officers mentioned in Para. 1 who are not usefully employed at their present stations might well be returned to this Hq.

In this respect it would be appreciated if this Hq. could be consulted before orders recalling P.S. Officers are issued.

TO : Director, Public Safety S/O. ✓

14004/1

1. In accordance with agreement made with Colonel BEE, 8 Public Safety officers were declared surplus to G-5, AMHQ for re-allocation to another theatre. So far no reply has been received in spite of the fact that an "expedite" cable has been sent. Since it is not known how long these 8 officers will remain un-allocated, it is thought that it may be wise to withdraw them from their present locations and to bring them here to Rome. The reason for this is that so long as surplus officers remain in Regions it will continue to be difficult to reduce both other Rank staff, accommodation and transport.

2. On the assumption that no further police officers are required in VENETIA CIRLIA and owing to the desire on the part of AMHQ to cut down the number of Public Safety officers in the Liaison Groups, it is suggested that the time has come to declare the following officers surplus:

Captain J.H. DERRIDGE.
Captain L.A. EDDINGS.
Captain P.C. JEACH.
Captain W.V. MATH.
Captain L.W. TORG.
Captain W.L. WILKINS.

3. Will you please state whether (a) you agree with the action suggested in para 1, (b) whether you agree with the action suggested in para 2, (c) whether you agree that the action suggested in para 1 should equally be taken with regard to the officers enumerated in para 2?

1. It is regretted that no Public Safety Officers can be made immediately available from this theatre for B.A.F. It is also impossible at the moment to forecast definite dates at which any such officers would become available in the future.

2. There are in Allied Commission Italy 65 Public Safety Officers who are, with the exception of 7, earmarked to fill vacancies in authorized War Establishments as follows:

(a) To fill vacancies in the proposed War Establishment of the Allied Commission which is now being prepared based upon AFHQ signal TAM 965:

- (i) 5 for the HQ in Rome
- (ii) 20 for Liaison Teams, remaining in Regions which are being handed over to Italian Control.
- (iii) 5 for UDINE

The proposed strength of Liaison Teams are now under examination. The names of any Public Safety Officers who are found to be surplus as a result of this examination will be reported.

(b) To be posted to fill vacancies in the War Establishment of the VENEZIA GIULIA Police Force (CM/1046/2) - 11.

(c) To be posted to fill vacancies in the War Establishment of the Military Mission to the Italian Army (CM/241/5) in connection with the training of the Carabinieri - 17.

3. The 7 Public Safety Officers who are not earmarked to fill vacancies as set out above are urgently required, for the time being at least, to replace American Public Safety Officers who have lately been released from the Service and whose replacements have not yet arrived. The American Table of Organization (equivalent to W.E.) allows 15 Public Safety Officers, but only 4 of the vacancies are in fact filled. There is no immediate prospect of replacement being provided and a serious situation will arise if the British officers who are performing the duties are withdrawn before this occurs.

Reference your 34661 C4.9 of 11 Dec 45 and further to our C 44736 of 7 Dec 45.

4. There has recently been a number of releases under Class "B" of the Release Regulations of Police Officers serving with Allied Commission. It would be appreciated if this CHQ could be given an indication of the future policy with regard to such releases, which constitute an unexpected drain on a type of officer already in short supply.

5. In view of the situation as set out above, it is urgently requested that this theatre be not required to provide Public Safety Officers for BAOR.

2. The numbers of British Officers shown in Hq. A.C.; A.M.G. Udine and the Liaison Groups are two in excess of the new W.E. This is brought about by attaching Capt. Wilson as a second Public Safety Officers to Naples and Capt. C. Hayes as a security Officer to this Hq. It is necessary in the interests of efficiency to fill these positions with British Officers as no American Police Officers are available.

3. The new W.E. for Venezia Giulia Police Force has not, it is understood, been definitely decided upon. Therefore, by reason of the dearth of American Police Officers in this Theatre there is no doubt some of the British Police Officers, now shown under surplus, will be required to fill vacancies in Venezia Giulia.

4. In view of the fact that vacancies will occur from time to time in the A.M.G. and Liaison Groups through classes A and B releases and other unforeseen circumstances, it is recommended that as many as possible of the surplus professional Police Captains, in the order shown, be retained as utility officers, as replacements will not be available after surplus Officers have been posted to other theatres.

Rome

3. It will be observed that the above list contains one additional position to those shown in the W.E. - namely Rome.

It is considered by Public Safety S/C that a Liaison Public Safety Officer in Rome is really needed to liaise, not only with the Italian Police Authorities in the Capital City of the Country, but also with the Rome Area Command.

It is understood that the latter is being greatly extended to include Livorno and Florence.

Problems, especially with regard to the conduct of Allied Troops will be many and varied and an officer with wide Police experience is necessary and desirable to fill the position.

Lt.Col.Millhouse has been Liaison Officer in Rome for several months. He has many contacts, he can keep his finger on the pulse of the Public Safety position in the area and is, I suggest, ideally suited for the position.

4. It will be noted that the total number of Officers shown above is in line with the W.E. - 24, but whereas the W.E. allows for only two Lt.Cols. - three are included in the proposals. In view of the need for a Liaison Officer in Rome I suggest authority be asked to include an officer with the rank of Lt.Col. as Liaison Officer Rome.

5. As regards the Officers suggested in this report. I realise they do not entirely coincide with those asked for by Regions, but I submit the following reasons for the change.

6. Obviously it would not be just or in the best interests to fill Majors vacancies with Captains, leaving good and efficient Majors surplus with the probability that they will eventually be reduced to their War substantive rank should they not be appointed within the allotted time to a post which carries a majority. In view of this I have

5. As regards the Officers suggested in this report. I realise they do not entirely coincide with those asked for by Regions, but I submit the following reasons for the change.

6. Obviously it would not be just or in the best interests to fill Majors vacancies with Captains, leaving good and efficient Majors surplus with the probability that they will eventually be reduced to their War substantive rank should they not be appointed within the allotted time to a post which carries a majority. In view of this I have selected Majors, all professional Police Officers, to fill posts which carry Majorities. It is understood that the promotions of Capts. Kane and Fleetwood to Major have now been approved.

7. At Piedmonte Lt.Col.Green has been selected in preference to Lt.Col.Montague who was recommended by Region. The reason for this change is again that Green is a Police Officer with over 25 years service in the City of London Police Force whereas Montague, a very excellent Officer, is a F&R Officer.

8. Lombardia. In addition to Major Fleetwood and Capt. Riley it is proposed, subject to approval, to appoint Major K.W. Fischer 'A' to the team under Major Fleetwood,

- 3 -

thus giving an extra Officer to Lombardia without exceeding the British W.E.

9. Udine. The Regional Commissioner asked for six Officers whereas the W.E. allows for five. The Officers shown are those applied for, the omission being Major Sykes who is not a Police Officer.

10. On instructions from A.F.H.Q. and after consultation with Colonel Pidsley M.M.I.A. the undermentioned Officers have been named for attachment to M.M.I.A. (vide letter to A.F.H.Q.AC/14634/PS) in connection with the reorganisation of the CC.RR.

Lt.Col. H. Mighall, Majors B. Powell, A.G. Hills, W.A. Lacey, R.P. Fielders, P. Coxhead, W. Greenhough, T. Goodacre, R.C. Limbert and A.C. Saunders.

It will be observed that some of our best officers have been selected for this duty in view of the importance placed on the work they will be called upon to perform.

Lt. Col. Mighall and Major Powell have replaced Lt.Col. Hefford and Major Bond who were originally selected. Lt.Col. Hefford who is in A/S group 25 has applied to be released in January next and Major Bond will be required at this Hqs. to replace Major Harvey who is being applied for under Class 'B'.

The amended list of names is being forwarded to A.F.H.Q. without delay.

11. Should these proposals be approved the following Officers will become surplus to establishment when the new W.E. becomes effective:

12. Venezia Giulia Police Force

The new W.E. for British Police Officers in Venezia

Giulia is not yet known but it may be confidently anticipated that at least four, or possibly eight captains from those surplus

./.

-4-

will be required to bring the strength there up to establishment. In view of the difficult task of training and guiding a new force I suggest it is essential professional Police Officers be sent.

13. In addition I suggest that the first four captains on the list of surplus Officers namely :- Wilson; Willis; Mann and Marsh be retained for a period as Utility Officers thus being available to fill vacancies in the various Liaison Groups in Italy which may well arise through 'B' releases, or other unforeseen circumstances. In connection with such vacancies :- Major Harris Naples, A/S Group 25 - age 49, may leave shortly and Major Manuel may be asked to take 'B' Release, therefore I suggest the four officers, if retained, might well, for the time being, be posted to Liaison groups where vacancies may occur.

These are all excellent Officers and can be relied upon to reflect credit on the Service.

14. Although Lt.Col.Hefford; Majors Harvey and Fowler are shown on the surplus list there is little doubt they will be released from the Service by the time the new W.E. becomes effective.

15. Lastly the only American Public Safety Officers left in Italy, apart from those in Venezia Giulia, are Col. W.Chapman Director; Major Fischer, earmarked for Lombardia and Capt. S. Beatty, now Liaison P.S. Officer Livorno.

As Livorno is the Hq. of P.B.S., there are a fair number of American Troops in the Area; there are large dumps of Allied Stocks and crime is very heavy, it is therefore suggested Capt. Beatty remains as Public Safety Officer at Livorno after the handover as it is felt he will continue to be urgently needed there.

Liaison Groups in Italy which may well arise through releases, or other unforeseen circumstances. In connection with such vacancies :- Major Harris Naples, A/S Group 25 - age 49, may leave shortly and Major Manuel may be asked to take 'B' Release, therefore I suggest the four officers, if retained, might well, for the time being, be posted to Liaison groups where vacancies may occur.

These are all excellent Officers and can be relied upon to reflect credit on the Service.

SUBJECT : Disposal of Surplus British
CA Officers

TO : VP, CA Section
(thro' Public Safety Sub-Commission)

1. Reference Memo 124/Gon/136 of 17 Aug 45, I respectfully ask that consideration be given to the following facts:-

(a) I volunteered for CA duties in response to an appeal by the Home Secretary who asked experienced police officers to do work in Europe which was vital to the war effort.

(b) Previous to my joining Civil Affairs I had four very strenuous years in charge of a police Division which included 15 miles of coast-line facing France. No notice of this service is taken in arriving at my Age/Service Release Group although I may, if I wish, wear 6 War Service Chevrons.

(c) I appreciate that my present appointment is of some importance and am content to do it to the best of my ability. When it terminates, however, I have no desire to be posted to another appointment merely because I am a body not yet due for release. I am a policeman and desire to return to my profession as soon as possible.

(d) If my release is not possible, I ask that consideration be given to my being posted for duty where I am not required to perform duty under another police officer who is my inferior in police rank as such a thing may prejudice my future.

/I

1114

- 2 -

I appreciate that in the Army many a man's status is upset, but I suggest the police service is slightly different and it is obviously undesirable, if it can be avoided, for a Superintendent to work under a Chief Inspector or even Inspector of Police whatever their temporary army ranks may be.

SUBJECT : Liaison Office - Bari

TO : Office of the Executive Commissioner

- 1 In view of adverse reports on the Public Safety situation in the Bari Area, the Director of Public Safety requests and I recommend the immediate increase of the staff of the Liaison Officer at Bari by one Public Safety Officer. The appointment may be temporary but should be made as a matter of urgency to assist the AGLO now and to keep him fully informed of developments.
- 2 The letter IS 65/A of 10 Sep from the AGLO Bari is only part of the story of disturbed conditions in this area as to which the Italian Govt is aware. PS has unconfirmed information that the Yugoslavs have been sending arms to communists in this area and recently when the police requested re-inforcements, the Government sent SCOCOLMARRO to the area who followed a policy of appeasement and ordered the release of prisoners and the cancellation of the order for the re-inforcements.

4. a) If the regular leave plan is still to be effected for British Officers, we shall require supernumerary officers to replace officers on leave. We have 4 officers now slated, and 4 to follow them.

b) The problem of relief officers for officers in Liaison Groups may also have to be considered from this Sub-Commission. As there are to be many British Officers in Liaison Groups and in areas remaining under JAG control, the matter is of utmost concern to maintain sufficient personnel in the field to carry on operations.
