At the moment there is no vacancy for a Major in the field. A vacancy could be made by transferring an officer from a Regiment to Polish Corps, but it would have to be a lieutenant or captain as we have already said a junior officer will do for Polish Corps.

If Regiment 5 were Capt. Lublin would be sent from Aquila Province to Polish Corps. I'm not sure that Major Hefford would like to take on a job hitherto done by a Captain. 1425

Perhaps a better solution would be to wait until Regiment 6 (or another new Regiment) is in action and then to move Major Hefford to an important task involving Captain to the Polish Corps.

Col. W. [unclear] - Although Col. [unclear] indicates that we should leave Major [unclear] with 8th Army, it would seem that if we are to place him in a post commensurate with his rank + experience, now is the time.

Please let me have your suggestion for a substitute or successor as per par. 4 of 8th Army letter 17A.

Public Safety Division
 15th August, 1944.

SUBJECT: Region IV Public Safety Personnel.

TO : Director of Public Safety Sub-Commission ACC.HQ.
 (through Col. Charles Poletti, Regional Commissioner).

1. In reply to your letter ACC/14804/1/PS of 7th August, 1944, the answers to your queries are as follows:

Para. 1. There is no Public Safety objection to Maj. A.W. Battersbey (No. 135639) (B), being released for other duties.

Para. 2. Capt. A.J. Brown (No. 279386) (B), reported for duty as Superintendent of Fire Brigade and civil defence on 26th July, 1944. Maj. P.T. Coxhead (No. 279389) (B) reported on 29th July, 1944. I am obliged for the services of these two officers, who have assisted greatly in dealing with the various matters mentioned in para. 2 of your letter.

Para. 3. Major T.E. Collins (B) No. 294468, and Capt. L.A. Tompkins (B) No. 291773 left this Region on 14th August, 1944 on transfer to Region 9.

Capt. T.W.H. Greenhill (B) No. 291709 leaves Region 4 on 16th August, 1944, for Region 9.

Para. 4. The minimum needs of Region 4 Public Safety at present are as follows:

a) Region 4 HQ staff:			
Regional Public Safety Officer and		Total	3
2 officers			
Superintendent of Prisons, Region 4		"	1
1 officer			
Fire brigade and Civil defence, dis-			
bandment of U.M.P.A. etc.		"	1
1 officer			
b) Rome City and Governatorato		"	5 x.
5 officers			
c) For Provinces:			
Supervising officer ...		"	1 x.
Littoria Province ...		"	1
Frosinone " ...		"	1
Rome " ...		"	2 x.
Rieti " ...		"	2 x.
Perugia " ...		"	2 x.
Viterbo " ...		"	2 x.
Terni " ...		"	2 x.

1423

The total minimum needs therefore, are at present
 (x. Can be reduced by one at a later date)

22 officers

- 2 -

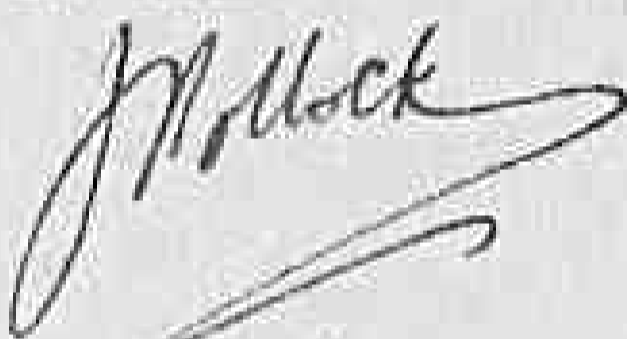

No doubt in a few weeks' time if conditions permit this number can be reduced to 15 or 16 officers for the whole region.

May I point out that there is only one E/M clerk in Public Safety. As a result we have to depend greatly on Italian civilian personnel. This is not desirable in Police work with a continuous flow of correspondence, denunciations, complaints etc. practically all of which are secret and confidential. We are, however, making all possible use of the civil police.

If it were possible to get two or three good sergeants or warrant officers I think we could dispense with one or two officers.

I attach a separate list showing particulars of the officers allotted to the various posts in Region 4.

Paras. 5 & 6. of your letter are noted. If it is decided that a substantial reduction must be made in Public Safety Personnel, the reasons will be fully understood and an assurance is given that everything possible will be done to make a continued success of Region 4 Public Safety.

Attention: Major Stearns.

You may have been informed that 11 days ago I was injured in an automobile accident and that I am laid up in the British hospital at Campotanza, where I will be for another period of about six days. I have been advised by the surgeon here that I shall have to refrain from work for a period of a month.

When I am released from the hospital I am planning on recuperating in Rome where I can also have some necessary dental work done. There are now no American units in the vicinity of the hospital.

As much as I will be ^{unable} ~~unable~~ to perform my duties as prison officer with Regim V, during the most important part of the work of that region in taking over new provinces and establishing a definite prison policy, I feel that it is of the best interest of that Regim that I be transferred out and re-assigned to a new region upon the termination of my period of convalescence, when I shall probably be in Rome.

SUBJECT: PUBLIC SAFETY OFFICERS - MOVEMENT OF
TO: THE CHIEF, PUBLIC SAFETY SUB-COMMISSION,
~~HEADQUARTERS~~ HEADQUARTERS, A.C.C. ✓

1. In compliance with instructions contained in your letter No. ACE/14004/1/3/PS of 6th. May, 1944, relative to the movement of Public Safety Officers, I have to report the following :-

- (a) Captain Roy Nelson HOBBS. Personal No. 279413.
- (b) From Reggio Calabria Province, Region VII, to Headquarters Region VII, Catanzaro, with effect from 1/8/44 (Tele. No. Catanzaro 1570).
- (c) Provincial Public Safety Officer, Catanzaro - Cosenza - Reggio Provinces, in co-operation with the RPSO.
- (d) Permanent attachment.
- (e) Held on strength of Public Safety Division.
- (f) By direction of Regional Commissioner and Regional Public Safety Officer.

2. Consequent to the transfer of Captain L.A.E. Eddings on 25/7/44 to Region IX from this Headquarters staff, Public Safety Division, it was found necessary to centralise control of Region VII from this Headquarters there being the RPSO and s/w officer only forming this Public Safety Division. Both Regional and Provincial Public Safety matters are dealt with by this Headquarters. Frequent visits are made to the Provinces of Cosenza and Reggio for purposes of supervision and liaison with Italian Police agencies. Provincial Public Safety Officers are retained in each respective Province with civilian staff and representative Italian Police Agency members collecting information from local sources for the decision of the circulating Public Safety Officer. Local matters of minor importance are dealt with directly through the Civilian Police Agency concerned.

The civilian and official staff are capable, intelligent and trustworthy, the former all having been in service with the Public Safety Division since November, 1943.

It is the considered opinion that the efficiency of this Division is not impaired by the re-allocation of Public Safety Officers which has been necessarily occasioned by the decreased personnel at the disposal of this Headquarters.

G. Richardson, Major,
RPSO.

SUBJECT : Public Safety Personnel.

TO : Executive Officer (B)
(Attention Col. Farron)

see 113A

1) In view of the prospective need for senior Public Safety Officers in the thickly populated districts in North Italy, it is desired to utilise the services of Major B.J. Hefford (B), at present attached to ~~7~~ ^{POLISH} Corps, Eighth Army.

2) If S.C.A.O., A.M.G., ~~7~~ ^{Eighth} Army feels that it is still necessary to have a Public Safety Officer with ~~7~~ ^{POLISH} Corps, arrangements can be made for a more junior officer to replace Major Hefford.

3) The date of the transfer will be a matter for consideration when territory further north is occupied.

Dear Brigadier,

- 1 The position with regard to Major Ballance is becoming very serious. He is urgently required at HQ but it seems impossible to get him back with personal letters between you and me.
- 2 Major Ballance was originally loaned to Adv HQ on the terms that he was returnable at call from NSub Comms see letter 3 Jul para 3, Kirk - Parren.
- 3 He is now urgently required and in accordance with the principle repeatedly recognized, that Sub Comms are responsible for and control the movement of their personnel especially their own HQ personnel, they are entitled to his immediate return.
I shall be glad if you will so order.
- 4 Letters dated 3 Jul, 17 Jul (2) and 23 Jul all of even reference enclosed.

1. It is again requested that orders be issued for the relief of Major Wm.C. Ballance (B) from his temporary duty at Rome Region, and his return to his permanent assignment to Public Safety Sub-Commission HQ. A.C.C.
2. Major Ballance was dispatched to Rome on 19 June 1944 by Special Order No. 138.

5. On July 17 letter to Col. Farrer requesting orders to be issued for return (copy attached). It is not known if in fact, these orders have been published. *85R*
6. It is understood that Major Ballance has been given an assignment in Rome Region as Transportation officer.
7. The work of licensing and registration is of a highly technical nature. There is no one available in the Public Safety Sub-Commission to do it. Major Ballance has been engaged in this work since Oct. 1943, and is especially qualified to do it. In view of the terms upon which he was released, of the assignment now given to him in Rome Region, of the special competency which he possesses, of the pressing amount of work which requires his attention at this Headquarters, it is urgently requested that orders immediately issue for his forthwith return.

Subject: Rome Policing

To : Col. Charles Poletti, Regional Commissioner, Rome.

1. On 18th June, 1944, without warning, I was asked to send forward ten police officers for forward regions. They left on 19th June, 1944.

2. Since this date I have lost two additional good police officers:

- a) Lt. McKenzie
- b) Lt. Atkinson

3. I am carrying on the best I can against impossible conditions, but I think it right to point out that there one or two things that are going to blow up in our face before long unless I get additional staff. One problem is Fire-brigade and Civil Defence. I had a Captain in charge, who was sent away on 19th June, and I have had no one there since to look after this important side of the work. Two days ago I got a civil fire-brigade chief, but his fascist background is such that he has had his walking papers. There are many to be cleared out of the Fire-brigade and 1500 persons of the U.N.A.P. who want squaring up also. Up to now I have simply not had the time to handle it.

4. The next difficulty is prisoners. Today there are 1250 prisoners in custody for all sorts of offences, and the numbers are increasing daily. I am very uneasy about the prison situation. I have one man in charge- Capt. Freeman, who is doing his best with the difficulties.

5. There are still a great many undesirable police officials under the Questore, who is a good man, but unfortunately weak. Naturally he is afraid of his skin and does not want to be too ruthless because he is looking forward to the day when we will pull out and naturally he is thinking ahead. Only this morning I have got reliable information of at least 12 officials in the Questura who want weeding out. 895
this in spite of the fact that I have already cleared out 1360 undesirable elements in the Metropolitan alone.

- 2 -

6. I have no officer to look after the 3000 Finance Guards, where, as you know I had to throw out not less than 3 Generals and one full colonel.

7. There are 4000 CC.RR. to be handled, refitted, duties arranged, and they certainly need an officer to look after them.

8. I am told that I cannot hope for further assistance, and that we must make the best use of our Italian Police Officials themselves, and make them do the work. This is all very well in theory but does not quite work out in practice so easily.

9. I have just heard this morning that there is a first class Police Officer - a Major (279389) Percy Coxhead, who until recently was Regional Public Safety Officer in Region 2, and is at present serving as CIVIL AFFAIRS OFFICER in a portion of Rome Province. I asked especially for him some time ago for Rome policing, and was told I could not have him because he has duties in Region 2. Now he is in Region 4 doing C.A.O. work.

10. I know his history, his capacity for hard work, efficiency, and he would be invaluable to help me to clear up some of the heavy and difficult police problems we are encountering from day to day.

11. There is also a Capt. Backman in Region 4, who I am told would be an ideal man for Fire-brigade and Civil Defence work.

12. May I ask therefore, if I could have Maj. Coxhead, even if only for three or four weeks - on loan, and if possible Capt. Backman. The matter is very urgent.

SUBJECT: Officer personnel.

TO : Rear HQ. ACC, Public Safety Sub-Commission. ✓

1. I have just been apprised of the fact that, by letter 16004/9/G.1 ACC. G.1 (B), Major A.G.P. Way, Deputy Regional Public Safety Officer and one of my only two Police Officers, and Major Beer, J.J., the Provincial Public Safety Officer for Avellino and the only Police Officer in that Province, have been placed on a 24 hour notice for movement to another Region.

2. I must protest in the strongest possible way against any further reduction of Public Safety Officers while this Region remains Allied Military Government territory.

3. During the past month or so this Region has lost 16 Public Safety or Police Officers, leaving only 10. Of these one is the Regional Fire and Civil Defence Officer and another Regional Prisons Officer and the remaining eight are allocated :

- 3 to Regional HQ. (includes myself)
- 1 to Naples Province
- 1 to Naples City
- 1 to Avellino Province
- 1 to Benevento Province
- 1 to Salerno Province.

1330

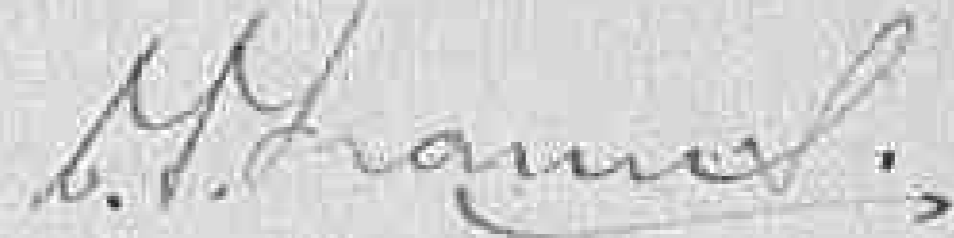

4. It is hopeless to expect the Region to function properly with the few officers now available, let alone with a further reduction.

5. When the Region becomes Italian Government territory under ACC, it may be possible for Major Way to be relieved but even then it will be impossible to spare two officers, at least during ^{the} initial phase of the change over.

6. I would like again to stress the importance of the City of Naples and the surrounding country from both a Naval and Military point of view. The civil population is one of the largest in the Country, normally larger even than Rome.

7. If a further reduction is made responsibility cannot rest on the few individuals remaining in this Division.

SUBJECT: Assignment of Major W.C. Ballance.

TO : Col. R.M. Purren, Executive Officer.

see 81A

1. At 0950 hrs. on 18th June, you telephoned this H.Q. and requested that Maj. Ballance or another Registration officer be sent to Rome at once, at request of Col. Fiske, to assist in the Registration of Vehicles in that City.
2. Special order No. 138 dated 19 June order No. 6 released Maj. Ballance from assignment with Public Safety S.C. and assigned him to Rome Region.(Public Safety).
3. In a telephone conversation with me on or about the date of receipt of Special order No. 138, I stated that it was my understanding of the request made to Major Mason that Major Ballance was to work with Public Safety at Advanced H.Q. You stated that upon request by me Major Ballance would be restored to his original assignment with this Sub-Commission.
4. The work of the Registration and Licensing Section - the responsibilities thereof now call for the re-assignment of Major Ballance, on or about July 10.
5. Major Ballance has been consulted and states that Rome Region has a replacement available for the work on which he, Major Ballance, is at present engaged in.
6. It would be appreciated if the re-assignment of Major Ballance to H.Q. Public Safety Sub-Commission be arranged as requested.

To : C.P.S.

Major Ballance reports that on arrival in the City, he was given the task of straightening out the system of Licensing and Registration of motor vehicles. He found some confusion existing, probably attributable to an attempt to register all Civilian motor vehicles on too large a scale.

He was proceeding with this work, and on the 27th inst. was informed by Colonel AMES, Chief Staff Officer to Colonel POLETTI, that he had been appointed as Transport Officer for the City of Rome, and that the necessary adjustments would be made with H.Q., A.C.C. by Colonel CHONG.

While Major Ballance is willing and eager to do all in his power to assist A.M.G., he feels it to be his duty to bring to the notice of Chief P.S., that he had no pre-knowledge of his appointment as Transport Officer, and he trusts that an early solution of transport difficulties will bring about his return to H.Q. SUBJECT: Redistribution of Public Safety Personnel

TO : Vice President, Admin. Section.

1. The attached list indicates a tentative redistribution of Public Safety personnel in accordance with the allocation suggested by RC & MG Section.

2. It is noted that the proposed allocation makes no provision for Reg. Public Safety Sub-Commissions; but it is assumed that provision therefor will be made at the present authorized strength. If in fact it is intended that the proposed allocation should exhaust the authorized strength for Public Safety personnel the numbers for Regions X, XI, and XII should be reduced to 14, 14, and 16 respectively to compensate therefor on the basis that they will be the last regions to be occupied and provision for them can be made in due course.

3. As to the proposed allocations in its other aspects it is felt that no useful purpose would be served by comment at this time since it has not been made known when or under what conditions of government the redistribution will be made effective. Certainty exists only as to those regions which have been turned over to the Italian government for administration and as to these the proposed allocation is considered adequate.

While on leave in Naples from AMG spearhead, Eighth Army, I am making inquiries with a view to possible eventual specialized activities ACC, with post-hostilities (i.e. permanent assignment) in mind as a farther possibility.

I am informed that you might be interested in my qualifications, which include the following:

- (1) Training and experience along investigative or similar lines;
- (2) Chief of administrative section, 8th Corps Area QM office, Ft. Sam Houston Texas;
- (3) Inspector General's School, War Dept., Washington;
- (4) Inspector General, XII Air Force SO, in Northwest Africa, from invasion November '42 to ~~August~~ July '43
- (5) AMG Planning Staff, Tizi Ouzou, ~~November~~ July to Oct '43
AMG Investigations, Palermo, October '43 Nov. '43
- (6) AMG spearhead CAC, with British Army, November 9 '43 - various communes and divisions - to the present.

My long suit is investigations; ~~although~~ my Form 66-1 rating being "Excellent" from the 3 Regular Army generals under whom I served as IG. However, I believe I have some training and experience also along other security and "G-2" lines.

I would be glad to discuss possibilities with you if you yourself are interested or, if you are not, to dismiss at least temporarily the idea of specializing within ACC on the above line.

SUBJECT : Public Safety Promotions

TO : Colonel Sir Frank Brook,
His Majesty's Inspector of Constabulary,
Public Safety Advisor to Civil Affairs Directorate,
Home Office,
Whitehall, London, S.W.1.

61B

It is with the greatest pleasure that I report the following Public Safety promotions in this theatre. This success is due to nothing else than the sterling work which these grand fellows have done and are doing. There is no section of this Commission which receives greater praise than Public Safety and I can assure you that when these officers return to their normal jobs, they will not only have added to their own laurels but will have become better policemen for their splendid contribution to victory.

A.E. YOUNG,
Colonel.

SUBJECT : Assignment of P. S. Officers.

TO : Executive Commissioner - Establishment Branch,
(Att. Col. Warren)

1. I have just been notified by the RSO of the following changes in personnel in Reg. 3., to which I most strenuously object. This action is, as I understand it, in direct contravention to the policy of consulting this HQ before changes in assignment are made within a region, and what is more in at variance with the changes approved by the Executive Commissioner at his recent meeting:

- a) Lt. B. Fielding (B) Provincial Police Officer assigned as Transportation Officer.
- b) Lt. R.S. Hartley (A) Provincial Police Officer assigned as Provincial officer.
- c) Capt. A.H. Jefferson (B) Provincial officer assigned as Provincial Police officer.

2. I request therefore that instructions be given to the Regional Commissioner that such changes are not approved and that these officers must be re-assigned to their original stations. In case of (a) and (b), provision has already been made for the transfer of RSO's as SAC's and the addition or substitution of these recommendations, which have already been approved, is not agreed to by this Sub-Commission with regard to (c). Captain North was originally Security Officer, Reg. III and was transferred to Public Safety on the express orders of the Executive Commissioner who does not approve of a separate Security officer in Regions. Incidentally, this officer has been recommended for G.A.O. duties. AMR Reg. III Order No 4370 dated 25 May 1944, refers in each of the above named cases.

3. I have also received notification of a similar instance in Reg. V whereby Lt. J.H. Walsh (A) has been assigned from Public Safety to Public Works Division, Section V. I should be glad if you will take action in this case also. AMR Reg. V Special Order No. 86 dated 15 May 1944 refers.

1. I have just been notified by the MRD of the following changes in personnel in Reg. 3; to which I most strenuously object. This action is, as I understand it, in direct contravention to the policy of consulting this HQ before changes in assignment are made within a Region, and that in more or less accordance with the changes approved by the Executive Commissioner at his recent meeting:

- a) Lt. B. Fielding (B) Provincial Police Officer assigned as Transportation Officer.
- b) Lt. R. G. Hartley (A) Provincial Police Officer assigned as Provincial officer.
- c) Capt. A. McFerguson (B) Provincial officer assigned as Provincial Police officer.

2. I request therefore that instructions be given to the Regional Commissioner that such changes are not approved and that these officers must be re-assigned to their original stations. In case of (a) and (b), provision has already been made for the transfer of CAROL'S as SAC's and the addition or substitution of these recommendations, which have already been approved, is not agreed to by this Sub-Commission with regard to (c). Captain Heath was originally Security Officer, Reg. III and was transferred to Public Safety on the express orders of the Executive Commissioner who does not approve of a separate Security Officer in Regions. Incidentally, this officer has been recommended for C.A.O. status. MRD Reg. III Order No 4370 dated 25 May 1944, refers in each of the above named cases.

3. I have also received notification of a similar instance in Reg. V whereby Lt. J.H. Walsh (A) has been assigned from Public Safety to Public Order Division, Region V. I should be glad if you will take action in this case also. MRD Reg. V Special Order No. 06 dated 13 May 1944 refers.

Subject: Assignment, Reassignment, and use of Specialist Officers in Regions.

To : Regional Commissioners and SCAOs.

1. There appears to be considerable misunderstanding by Regional Commissioners in reference to the assignment, reassignment and use within the Region of Specialist (Sub-Commission) officers. It is hoped that the following notes may serve to clarify this matter.

a. Original assignments of Specialist Officers to Regions are made on the recommendation of the Vice Presidents of Sections in consultation with the Director of the Sub-Commissions and, when possible, with the agreement of the Regional Commissioner.

b. Reassignments and withdrawals of these officers from Regions are made in the same way. Every effort is made to consider the problems and desires of the Regional Commissioners but in case of disagreement, it sometimes is necessary to follow the recommendation of the Director of the Sub-Commission since he is responsible for providing for all Regions, AMG Armies, and His HQ. Staff from limited numbers of personnel.

c. Specialist Officers in Regions, especially ACC Regions where personnel for CAOs is limited, may be utilized for other tasks in addition to their specialist assignments. However, Regional Commissioners must exercise sufficient care to insure that these additional tasks do not prevent the accomplishment of their specialist functions and that they are not given tasks from which they cannot be spared when needed as a specialist for another Region.

2. All assignments and reassignments of officers to Regions must have the approval of the Executive Commissioner. The Establishments Branch of the RC & MG Section is charged with the clearance with Sub-Commissions and Regions of all officers prior to transfer. Therefore, all requests for assignments or transfers from Heads of Sections, Sub-Commissions or Regions should be addressed to the Executive Commissioner (Attention Establishment Officer).

3. Requests for relief of officers for inefficiency or in lieu of proper disciplinary action will be accompanied by a written report from the Regional Commissioner or SCAO detailing the facts in the case.

4. Adherence to the above procedure will contribute greatly to the smoother operation of ACC.

1. With further reference to this office letter ACC/14004/1/PS dated 19 May 1944, and further to your telephone message (Col. Farren - Capt. Powell) it is considered that a replacement for Major Wilson in Region V is not necessary.

2. To replace Lt. Havensport (A) in City Sub-Region, Captain F.A. BGRAK, (A) No. G-3/0291, is recommended from Region V.

3. The following transfers to Region IV are recommended:-

Lt.	J.B. FLEETWOOD (B)	No. 279300	From Region I
Lt.	J. RANE (B)	279415	" " "

"	O.E. GIBSON (B)	279378	" C.A.S.
"	H. YERNO, Jr. (A)	0-517341	" RE ACC

4. On the question of reserves for immediate use, it is suggested that use be made of the officers nominated by this Sub-Commission for Region VIII, this office letter ACC/14004/1/3/PS dated 3 May 1944.

5. With reference to Special Order No. 107 dated 19 May 1944, respecting assignment of Major S.D. MARPIN (A) as Provincial Public Safety Officer, Region VI, this is the first this Sub-Commission has heard of this re-assignment, and this Sub-Commission has no knowledge of the reasons for it, or of the necessity of another P.S.O., in Region VI.

SUBJECT : Transfer of Personnel

TO : Executive Commissioner, Establishment Branch.

1. On 9 May 1944 Major F.J. WILSON (B), 294477, was attached to this Public Safety HQ for temporary duties. Since that time this officer has been fully occupied with the present prison situation and has shown great aptitude for this work. I find that he has special qualifications for employment in this HQ and am satisfied that he can be used to much greater advantage upon administrative rather than operational work. Further, the prison situation is such that the maximum ability is needed to deal with it at the present time.

2. I request, therefore, that Major WILSON be relieved from his assignment with Region V and permanently transferred to this HQ.

Since the strength of Region V has been recently supplemented by the addition of three captains and is now well provided for, I do not think that a replacement should be necessary.

3. Capt. H. YOUNG (A), O-517341 has been with the Sub-Commission as officer in charge of the Prison Section. The retention of Major WILSON will release Capt. YOUNG for other duties. I recommend his transfer to Region IV where he will be able to gain useful field experience and where also his knowledge of the prison problem will be of considerable advantage.

- 1 Your memo, reference number AST 0/4 dated 30 Mar, is acknowledged. Copies have been forwarded to all Sub Commissions of this Section for compliance.
- 2 All Sub Commissions have furthermore been instructed at a recent conference in this matter; at this meeting it was pointed out by Directors that the posting and re-assignment of specialist officers was NOT always notified or referred to Sub Commission heads before these took place. Your assistance in this matter is therefore requested, in order that Directors may be kept fully in the picture and given the opportunity of stating their views in advance with regard to proposed moves of specialist personnel.

MEMORANDUM TO : Vice President, Administrative Section
Vice President, Economic Section

1. Request that you instruct Directors of Sub-Commissions to refrain from informing Regions that transfers of their specialist personnel "have been arranged." Several recent incidents have occurred in which the Directors of Sub-Commissions have so informed Regions and the transfers were impossible for reasons unknown to the Sub-Commission. Since demands for personnel are received from many sources both from inside and outside ACC, it is impossible to keep Directors informed of all contemplated plans for the use of all personnel. In many cases, these plans are changed for good reasons within the day or hour. Further, the internal organization of forward Regions, such as IV and V are many times unknown to Directors and disruption of Provincial teams is quite likely to be caused without intending it. To give notice of changes which later can not be made or without consultation with any HQ which may be involved, gives rise to confusion and irritation.

2. Consultation with HQs and SOAs reference their personnel problems is within the province of Directors and is to be encouraged. Possible transfers may be discussed but no promises should be made in reference thereto.

3. All requests for transfers, attachments or temporary duty of specialist officers should be processed through the Establishment Officer, or the Executive Officer (E) who is responsible for all personnel placements (not directly to G-1). In all cases of disagreement between HQs and Directors of Sub-commissions as to the assignment or relief of a specialist officer, the situation will be presented to the Establishment Officer for decision. Co-operation of Directors will be very much appreciated.

SUBJECT: Assignments - Officers.

TO : *Exec Comm* (for the attention of Col Warren)

- 1 I have consulted the Public Safety Sub Commission on the correspondence enclosed with your 10004/G-1 of 4 Apr, which I return herewith.
- 2 I am of opinion that the following principles apply to the filling of appointments.
 - (a) That in the same way as a Sub Commission should be consulted when its principal officers in the field on whom it has to rely are appointed, so an AFSC when the principal subordinates on whom he has to rely are appointed should be consulted.
 - (b) Changes in appointment made for no apparent reason are to be deprecated, they lead to a feeling of insecurity and discontent.
 - (c) That though senior PS posts should normally be filled by officers with police experience, C's officers will be employed where they can best be used or are for the time being most urgently required.
- 3 With regard to the above,
 - (a) I do not know whether Col Rawlings was consulted and if so why his advice was rejected.
 - (b) I do not know the reason for the change of appointment.
 - (c) I do not know whether Major Manifold's police experience was required elsewhere or why an officer without police experience was selected as SCAPO.
- 4 I am unable therefore to say whether Col Rawlings' complaint was justified.

SUBJECT : Letter from Col. RAWLINGS to

TO : Chief Public Safety Sub-Commission

1. I have read the attached letter from Col. RAWLINGS, R.P.S.O., Region V, addressed to the Chief Commissioner, dated 23 March 1944.

2. I disagree with Col. RAWLINGS both as to his claims of seniority and knowledge of British police officers.

3. This Sub-Commission is not in possession of the facts relating to the substitution of Major REILLY (A) for Major MANIFOLD (B) as S.C.A.P.O., CAMPOBASSO Province, and presumably this is a matter entirely within the discretion of the Regional Commissioner concerned, to whom Col. RAWLINGS should have addressed his views. The return of appointments as of 21 March 1944 indicates that Major REILLY is C.A.O., Region V. I do not understand on what grounds Col. RAWLINGS interprets Major MANIFOLD's transfer in a critical sense.

4. Whilst I naturally agree that experienced Police officers should be employed for Public Safety duties there are bound to be occasions when they are needed for other more pressing duties or when a Public Safety vacancy occurs without such an experienced officer being available.

5. I have already agreed on behalf of the Home Office that where it is necessary British Police officers should be employed in other capacities than Public Safety since the underlying principle is surely to employ an officer where he can best be used or is most urgently required.

6. Col. RAWLINGS' return to the U.K., which I have already agreed with the Executive Commissioner, will, I believe, dispose of this matter.

12th March 1944.

To: Executive Commissioner, A.C.G.

1/13.

Subject: C.A.P.Os. for A.M.G. 5th Army.

1. The Public Safety and police officers now on the strength of A.M.G. 5th Army (Field) are the following:

287699	Lt. Col. W Doherty	General List	British	Chief of Public Safety
287697	Major. J.A. Chambers	"	"	Deputy Chief of Public Safety.
287696	Captain G.W. Brooke	"	"	C.A.P.O. Corps.
287727	Lieut. L.G. Whyman.	"	"	"
279418	Lieut. A.G. Mack.	"	"	"
0-1042993	Captain H.C. Williams	U.A.C.	American	"

Of the above, Major Chambers is reporting today for duty at H.Q., A.C.G., and Captain Williams is believed to be leaving this month for U.K. The C.A.P.O. with the remaining Corps is Major O.G. Supeene, R.C.M.P., Region 4, who is also leaving this month for U.K.

2. A few days ago at a meeting with S.C.A.O., A.M.G. 8th Army it was tentatively agreed that Captain Brooke and Lieut. Whyman (with other officers) should be transferred to A.M.G. 8th Army because of their Corps connections. At the time it was not known that Major Chambers and Captain Williams would be leaving so soon. It is therefore considered that either Captain Brooke or Lieut. Whyman, (C.A.P.O., N.Z. Corps), should remain in A.M.G. 5th Army; it is recommended that the latter should be selected for C.A.P.O. 2 Corps (in place of Captain Williams for U.K.), as he has already held this position under the present S.C.A.O. 2 Corps and the N.Z. Corps has now another C.A.P.O. serving with it, Lieut. Glasspool Region 4, (also agreed for transfer to A.M.G. 8th Army).

3. Assuming this is done there still remains the following vacancies to be filled: Deputy to Chief of Public Safety A.M.G. 5th Army, C.A.P.O. for C.E.F. in place of Major Supeene (Region 4 - for U.K.)

1303

4. It is requested therefore that suitable police officers be appointed early to A.M.G. 5th Army.

ESTABLISHMENT MEMORANDUM)

NUMBER 7)

1. In the past, the assignment (posting) of officers and EM/CRs have become complicated by the fact that subordinate headquarters have issued orders on officers or EM/CRs who were attached (on temporary duty) from another organization. These orders placed them on duty either by assignment or by attachment to a third unit or headquarters, in many cases without notifying the organization to which the officer or EM/CR was assigned (Posted). The result has been that regional Headquarters and ACC Headquarters have been unable to keep an accurate record of the actual location of personnel. In order to clarify this situation and make possible the keeping of accurate records on personnel, the following procedure will be followed in making changes of assignment (Postings) and Attachments (temporary duty) when officers are placed on some special duty.

2. a. Original and changes of assignments (Postings) will be made only on orders of Headquarters ACC. When a Regional Commissioner or, on SCAC of an Army AMG desires a transfer of an officer or EM/CRs to or from the Region, or AMC of an Army, they will make request to Headquarters ACC. The actual transfer will not be made until Headquarters ACC has cleared the transfer with subordinate headquarters involved. If both headquarters are in agreement and the change of assignment is urgent, the headquarters to which the officer or EM/CR is assigned, may upon request place the officer or EM/CR on temporary duty with the headquarters to which they are to be transferred pending receipt of the ACC order.

b. When the SCAC of either the 5th or 6th Army desires the attachment of personnel of a Region operating closely with AMG of that Army, they may make request to the Regional Commissioner direct and have the attachment made by Regional order (Copies of which will be furnished to Headquarters ACC), or they may make request direct to Headquarters ACC for the attachment by ACC order after the Attachment has been cleared with the Region concerned. Relief from attachment may be made by the Regional AMG only with the concurrence of Army AMG.

3. a. Sub-Commissions operating in the field will likewise issue no orders changing the assignment or attachment of personnel to their operating forces or from the operating forces to another unit. The head of the section or sub-commission involved will make request for such transfer or attachment to Headquarters ACC.

b. Sub-commissions operating a distance from Headquarters may and should issue travel orders when journeys required are of considerable length.

4. Emergency transfers of officers or EM/CRs from the forward areas may be made by verbal order, but must be accompanied by a request to Headquarters ACC to confirm the transfer by a written order.

issues orders on officers or M/CRs who were obtained (on temporary duty) from another organization. These orders placed them on duty either by assignment or by attachment to a third unit or headquarters, in many cases without notifying the organization to which the officer or M/CR was assigned (Posted). The result has been that Regional Headquarters and ACC Headquarters have been unable to keep an accurate record of the actual location of personnel. In order to clarify this situation and make possible the keeping of accurate records on personnel, the following procedure will be followed in making changes of assignment (Posting) and attachments (temporary duty) when officers are placed on some special duty.

2. a. Original and changes of assignments (Postings) will be made only on orders of Headquarters ACC. When a Regional Commissioner or, an SOAO of an Army AMG desires a transfer of an officer or M/CR to or from the Region, or AMG of an Army, they will make request to Headquarters ACC. The actual transfer will not be made until Headquarters ACC has cleared the transfer with subordinate headquarters involved. If both headquarters are in agreement and the change of assignment is urgent, the headquarters to which the officer or M/CR is assigned, may upon request place the officer or M/CR on temporary duty with the headquarters to which they are to be transferred pending receipt of the ACC order.

b. When the SOAO of either the 5th or 8th Army desires the attachment of personnel of a Region operating closely with AMG of that Army, they may make request to the Regional Commissioner direct and have the attachment made by Regional order (3 copies of which will be furnished to Headquarters ACC), or they may make request direct to Headquarters ACC for the attachment by ACC order after the Attachment has been cleared with the Region concerned. Relief from attachment may be made by the Regional AMG only with the concurrence of Army AMG.

3. a. Sub-Commissions operating in the field will likewise issue no orders changing the assignment or attachment of personnel to their operating forces or from the operating forces to another unit. The head of the section or sub-commission involved will make request for such transfer or attachment to Headquarters ACC.

1292

b. Sub-commissions operating a distance from headquarters may and should issue travel orders when journeys require use of considerable length.

4. Emergency transfers of officers or M/CRs from the forward areas may be made by verbal order, but must be accompanied by a request to Headquarters ACC to confirm the transfer by a written order.

QUESTION: Establishment

RE: All Regions, AB Armies, and Sections, Sub-Commission and Branches of HQ.

1. Present Position

a. The authorized strength of the 2475 (American) Regt., ACC is 829 Officers, 15 Regiment Officers and 1045 M. Of these, 74 M are detached on special duty, but still carried on the strength of the Regiment.

b. The authorized strength of ACC, the British Unit created by War Establishment No. BA/266/1 dated 6 January 1944 is 665 Officers and 1347 M.

c. On the strength of the above two units is borne the whole of the personnel allotted to ACC-UK in Italy.

d. The authorized Officers scheduled to proceed to U.K. is:

- American 200
- British 90

The British Officers are being replaced from U.K. similar replacements will probably not be continuing for the American Officers. There will be no further help demands for personnel of ACC for other theaters.

2. Sub-establishment for Regions, etc.

a. The question of sub-establishments /ACs for Regions, AB Armies, and Sub-Commission and Branches of Headquarters has been under consideration, and it has been decided that no attempt will be made to issue them. It is realized that this decision will cause some difficulty and uncertainty in Sections and Sub-Commissions, but the question is fraught with so many complications that it has been found impossible to arrive at any other satisfactory solution.

b. The chief reason for the decision is that conditions, and therefore the weight and direction of effort are and will be constantly changing. It is therefore impossible to allot personnel on any permanent basis, and it would be unwise in fact positively harmful to issue sub-establishments /ACs which would be subject to constant amendment. Personnel will therefore be allotted by this HQ as and when required in accordance with the volume of work for the present Region I will operate with about 110 Officers, Region II with 117, and Region III will be gradually reduced to about 40 after its territory is handed over to the Italian Government.

1244
1244

1. Present Position

a. The authorized strength of the 2573 (American), 2571, and 1547 officers, 1547 sergeants and 1045 NCOs. Of these, 74 are detached on special duty, but still carried on the strength of the Regiment.

b. The authorized strength of AMBAC, the British unit created by War Interim Agreement No. III/266/1 dated 6 January 1947 is 663 officers and 1547 NCOs.

c. On the strength of the above two units is borne the whole of the personnel allotted to ACC-AMC in Italy.

1. The authorized strength scheduled to proceed to U.K. is:

- American 200
- British 20

The British officers are being replaced from U.K.; similar replacements will probably not be forthcoming. For the American officers there will be no further milk contracts for personnel of AMB for other theaters.

2. Sub-Establishment for Officers, etc.

a. The question of Sub-Establishments (SEs) for Regions, AMB and AMBAC, and for the various units of AMBAC, has been under consideration and it has been decided that an attempt will be made to issue them. It is realized that this decision will cause some difficulty and uncertainty in Regions and Sub-Commissions, but the question is fraught with so many complications that it has been found imperative to arrive at any other satisfactory solution.

1209

b. The chief reason for the decision is that conditions, and the weight and direction of effort are and will be constantly changing. It is therefore impossible to allot personnel on any permanent basis, and it would be preferable in fact positively harmful to issue Sub-Establishments (SEs) which would be subject to constant amendment. Personnel will therefore be allotted by this HQ as and when required in accordance with the volume of work to the extent permitted by available numbers. All that can be said is that for the present Region I will operate with about 110 officers, Region II with 117, and Region III will be gradually reduced to about 40 after its territory is handed over to the Italian Government.

~~3. Sub-Establishment for AMB, AMBAC, and AMBAC (Joint)~~

3. Ranks and Promotion

a. The question of rank and promotion will similarly be dealt with centrally by this HQ, because it is not possible to lay down any fixed ranks for officers or AMBAC in Regions since the total personnel will vary as territory is handed over and duties become supervisory on the one hand or operational duties increase under AMB on the other. Similarly, the volume of work in Sub-Commissions is not constant.

b. Recommendations for promotion of officers (see to which separate instructions on the British side have been issued in AMB (AMC) No. 12) will therefore be submitted without regard to whether or not a suitable

-2-

assignment in a higher rank in the particular region, sub-Commission, etc., in which the officer being recommended happens to be serving at the time.

2. Instructions regarding the promotion of both Hqs and CAs are being issued shortly.

1. A further number of British officers is required for return to U.K. and service in another theatre. 20 have already been nominated and are leaving at the end of February, and a further 22 nominated by A.F.H.Q. will leave in mid-March.

2. The balance of 48 will be nominated by this H.Q. and will leave during the latter part of March.

3. In order to cause the least interference in the work of Regions and Sub-Commissions, Regional Commissioners will forward to this H.Q. before 28th February a nominal roll of those officers they consider suitable for return to the U.K. Specialist officers should be included in Regional Commissioners' lists and recommendations should be made without regard to rank.

4. I should be grateful if Vice-Presidents of Economic and Administrative Sections would instruct the Heads of their Sub-Commissions to submit lists. Vice-Presidents will be consulted regarding any specialist officers whose names have been recommended by Regional Commissioners.

5. Qualifications for service in ETO are:-

- (a) Linguistic ability in French, German, Belgian or Dutch languages.
- (b) Knowledge of, or business interests in the above countries.
- (c) Actual field experience in A.G.C.

6. Officers recommended need not necessarily possess these qualifications and although I do not wish Regional Commissioners to submit names of officers whose work has been unsatisfactory, there is no objection to them recommending officers who are obviously not fitted for this theatre and might be suitable for some other. Moreover, opportunity may be taken of recommending officers who, for private reasons, wish to serve in another theatre.

7. Final selection will be made by this H.Q. Regional Commissioners should, if possible, submit the names of at least six officers and Sub-Commissions at least one each.
