Re file 80A. Due to the necessity of tightening up on the control of civilian movement and the withdrawal of AC personnel from liberated Italy the work of Science and Registration Division has increased beyond the ability of one officer to handle. Security Division is already one officer short of its work requirements and is using an officer assigned to Security. So under any circumstances an additional officer is required.

TO : HQ. AC.

1. I wish to place on record my views on the inadequacy of the allotment of Public Safety Officers, to this Region of 9 Provinces, one of which has not been liberated, and with two very large cities.
2. In the event of all officers earmarked for Northern Provinces and Austria being required within a short time there will NOT remain in this Region sufficient Public Safety Officers for the efficient discharge of police duties.
3. There must be at least one Public Safety Officer for each Province and three extra for distribution between Florence and Livorno. At present the only public safety officer in Arezzo is earmarked for Austria. Apuania is still in enemy occupation. Lucca and Pistoia Provinces should each have an extra officer for a period of six weeks after the Region has been entirely liberated.
4. I feel that I must be relieved of responsibility if the establishment is to be reduced to eight Police Officers and one Fire Officer in the immediate future.

SUBJECT : Public Safety Personnel

TO : R.F.S.O. Toscana Region

1. Ref. R-VIII/P.S/21 dated 10 April 1945.
2. This Sub-Commission fully appreciates the position in your Region and every consideration has been given by the attachment of additional P.S. Officers while waiting to go to the Regions where they are assigned.
3. In common with other S/Os the ceiling for P.S. Officers has been determined by the manpower situation and for your Region this has been set at nine permanent officers with an additional three who are destined for Austria.
4. The promise has been given that those assigned for Austria will remain in their present location as long as possible, which it is anticipated will be for an appreciable period.
5. There is the possibility that a few Police Officers who are delegated to Austria in the post A.M.G. period may be available and if this materializes you will receive assistance from that source.
6. It is regretted therefore that the allotment of Officers for your Region cannot exceed 9 + 3 for Austria.

4. It must be anticipated that they also will shortly be required elsewhere leaving a total of nine (including one Fire Officer and myself at Headquarters) i.e. seven for Public Safety Duty in the Provinces.
5. It is not necessary to stress the fact that this number will be hopelessly inadequate to function satisfactorily in a Region of this size.
6. It must be remembered that in addition to the officers listed above there are present in Corps Areas and in Fifth Army Area, additional Public Safety Officers who are all performing full time duty.
7. If any advance northwards takes place at a slow rate it is conceivable that some may remain, but if on the other hand the advance should proceed at any speed they will also be withdrawn and the areas in which they are operating be left to the supervision of Provincial Officers.
8. I am of the opinion that neither Florence Province (and City) nor Livorno can be adequately administered by one Public Safety Officer and I submit that the following is the least number of Public Safety Officers required in the Region.

<u>Headquarters:</u>	Two (2)
<u>Florence Province:</u>	Three (3)
<u>Livorno Province:</u>	Two (2)
<u>Lucca Province:</u>	Two (2)
<u>Arezzo Province:</u>	One (1)
<u>Siena Province:</u>	One (1)
<u>Apuania Province:</u>	Two (2)
<u>Grosseto Province:</u>	One (1)
<u>Pistoia Province:</u>	Two (2)
<u>Pisa Province:</u>	One (1)

9. It is emphasised that these are the minimum number considered desirable and that they will by no means be adequate to perform satisfactorily the work at present performed by approximately forty officers. (i.e. including officers employed in Corps and Army Areas.)
10. I do not wish to over emphasize the position but it must be remembered that the withdrawal of a very efficient and active Prison Officer will add to the duties of the Officers left in the Province.
11. It will probably be stated in reply that the government of certain of these Provinces will shortly be handed over to the Italian Government. This is quite possibly correct but in the event of them remaining under Allied Commission administration it will probably still be necessary, for some time, to leave a Public Safety Officer in an advisory capacity.

12. I do not consider in view of the Public Safety situation that the time is yet ripe to remove all Public Safety Officers from either Siena, Arezzo and Grosseto Provinces.

13. The most dangerous period from the Public Safety point of view must be expected when, the whole of Italy having been liberated from the Germans, the various political elements commence to jockey for office, with the consequent changes of Sindaco, Prefetti, etc, which will result. The effect of this will be felt strongly in this Region, no less than in the Regions further north and, in my opinion, it is imperative that sufficient Allied Public Safety Officers should be left here to hold the reins during this period.

1. Reference my personal letter to you re Captain A. J. BROWN, Fire Officer, who you wished to place in some Northern Region.

2. May I please withdraw my objection to the posting of Capt. BROWN to Toscana Region on the following grounds?

Firstly all the hard work is now completed in this Region.

Secondly there are 15 provinces in Venezia as against 9 in Tuscany.

Thirdly I know both Captain FORSTER and Captain BROWN personally and also their capabilities for hard work.

Forthly there will be much work to be done in Venezia and I know which officer will produce the best results.

My dear Colonel :

With reference to your RIX/DO/1 of 11 March, 1945 concerning the possible posting of Col. Bye to your Region 1f and when Major Collins is transferred to the Austria team, I am not at this time able to make a commitment.

There is still considerable discussion over personnel reduction which compels me to withhold earmarking particular officers for particular assignments. Of course, I am always willing to cooperate with Regional Commissioners and should it be possible to return Colonel Bye to your Region I would have no objections. I will keep it in mind.

RIX/DO/1

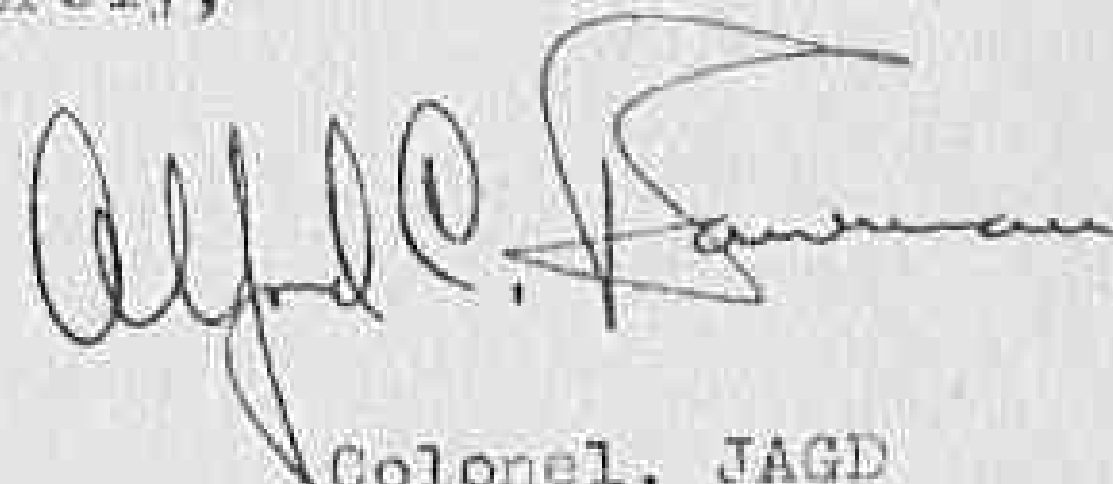

My dear Colonel,

It now seems settled that the public safety officer suggested by you to succeed Col. Bye as Regional Public Safety Officer has himself been earmarked for Austria.

Since AMG Fifth Army will in all probability disband or be transformed into an all American Austria team at about the same time as Major Collins leaves, and since this will leave Col. Bye without a job, I have requested that under such circumstances he be permitted to return to Emilia Region to succeed the officer who succeeded him. I know this would accord with Col. Bye's own inclinations and Brigadier Upjohn has been so kind as to indicate that he will give the idea favorable consideration.

In view of the circumstances, including Col. Bye's own wishes and the moral claim I think we still have to him, I should also appreciate your cooperation.

Sincerely,

Colonel, JAGD
Regional Commissioner

7 March 1945

Attached is an analysis showing the intended distribution of the 1335 Officers of the Allied Commission on the liberation of all Italy.

It will be noted that :

(1) AMG Fifth and Eighth Armies are not shown. Their staff will be (a) about to enter Austria (b) absorbed into a Province of a Region.

(ii) The number of permanently assigned Officers to Umbria-Marche, Toscana and Emilia Regions is small compared with other AMG Regions. The majority of the 320 Officers earmarked for Austria will, however, be attached to those Regions until the occupation of Austria begins; by this time it is anticipated that a great part of these Regions will be under Italian jurisdiction.

In times of movement, elasticity must be maintained and while these allocations may be considered firm they are objective rather than rigid.

SUBJECT : Officer Personnel

TO : Public Safety Sub-Commission,
HQ, Allied Commission.

1. In connection with the closing down of Public Safety Division, Lazio-Umbria Region, scheduled to take place at midnight 15 Mar 45, it will be necessary to re-assign the under-mentioned officers by Special Order, and I would ask that this be done on or before the date mentioned :-

- (a) Lt-Colonel J.R. POLLOCK - Assigned to Lazio-Umbria Region but on temporary duty with AFHQ. Latest information is that he has returned to U.K. *5/0314*
- (b) Major F.G. GREEN - Assigned to Lazio-Umbria Region and acting as Deputy RPSO. He is being left in Rome as Liaison Officer and will operate from the Questura in the offices of the Provost Marshal. I suggest he be assigned to HQ, Allied Commission, attached to RAAC.
- (c) Capt. A.J. BROWN - Assigned to Lazio-Umbria Region as Fire and Civil Defence Officer. I suggest he be assigned to HQ, Allied Commission.

2. Capt. C.E. BOLT - He is at present assigned to Lazio-Umbria Region and is PPSO Rieti Province. It is intended that Capt. BOLT should be the PPSO of Terni Province and he should, therefore, be assigned to the Region which is taking over that Province.

3. Capt. J.E. FLEETWOOD - He is now assigned to Lazio-Umbria Region and is the PPSO of Rome Province. Not having been re-assigned, I would ask that he be transferred to Lombardia Region to complete the Public Safety establishment of that Region. At present one officer is wanting owing to the return of Major Heath to the U.K.

/Capt. C.E. Godbold

- 2 -

4. Capt. C.E. GODBOLD - This officer is still shown as attached to this Region from Venezia Region. After a long period in hospital it is believed that he has returned to Venezia Region and I would suggest he be shown as ceasing to be attached to Lazio-Umbria Region.

5. Perugia Province is without an assigned PPSO and on the withdrawal of Major Fowler attached from Lombardia, will be left without a Public Safety Officer. I understood arrangements were being made for Capt. LIMBERT to be transferred to take the position and should be glad if his posting could be expedited. Perugia Province is being taken over by another Region in the near future.

For the Regional Commissioner,

G.T. FRANCIS,
Lt-Colonel,
PPSO, LAZIO-UMBRIA REGION.

49, U. S. Army.

1. The Public Safety Sub-Commission of the Allied Commission is greatly in need of fifteen officers of company grade who have had experience in civil police work.

2. It is pointed out that officers who have been reclassified for psycho-neurotic reasons would not be satisfactory in this assignment.

3. WD AGO Form #211 is herewith submitted for such personnel.

4. Favorable action on this request and on those submitted previously upon which final report of action has not been received, will not result in exceeding the authorized overstrength of this command. This organization is presently overstrength due to the extension of an additional allotment of personnel for the formation of Company "B", 2675th Regiment (Austria). This overstrength will be adjusted in the near future.

5. The vacancies against which this request is made were not created by rotation of personnel to the United States.

2. Of the Officers for Austria, Major CHANEY has already been relieved of his assignment to this Region (HQ AC Special Order 53, para 5, dated 22 Feb 45) being replaced by Major BALDWIN, from Ravenna Province. The other changes contemplated will be made as the remaining provinces of the Region are liberated and Officers for Austria are withdrawn.

3. Requirements in Officer personnel are in excess of the accepted formula of a strength based upon a figure of 1 1/2 Officers per province as extra provision has been included for the provinces of Bologna and Parma, which makes a minimum requirement of 14 Officers as compared with 13 Officers scheduled to remain with the Region.

Dear Col Chapman.

McDangall brought
me a message from you
this morning to the
effect that I want Bram
as another fireman.

I would rather
not, and the situation
is now so well in hand,
that when McDangall
has to pull out. Capt
Joster can I think 1694
manage the whole thing

for me. Fortis by the way is working well and hard & I prefer a good man alone to additional passengers.

Things are going well here in spite of the many difficulties we have.

Hope things are well with you.

1. Reference your R/VIII/PS/1, dated 7th February, 1945.

2. Paragraph 2 of your letter discloses you have 8 P.S.Os for 8 occupied provinces and Major Jackson has since been added. In addition there is a concentration of officers destined for northern territory in Florence and elsewhere which gives you more officers than any other occupied territory. Capt. Madill, earmarked for Austria should now have arrived to help in Livorno.

3. It is considered that Major Moody should take up duty in Florence preparatory to his taking over that city and province as a complete unit.

4. In view of the changing situation it is not possible at present to make permanent assignments until a later date.

5. Lt. Guarini will require to go to his new territory but the call for his services is not likely for some time yet.

SUBJECT : Assignment of Officers.

TO : Man Power Committee HQ. A.C.

1. In consequence of several irregularities in the issue of Control of Civilian Movement Passes, the Executive Commissioner has decided that Public Safety Sub-Commission will be responsible for the issue of all passes emanating from this HQ for persons wishing to travel North of the Army Control Line. This will cause much extra work by Public Safety Sub-Commission.
2. In addition, the work of the Licensing & Registration Division of P.S. Sub-Commission is continually increasing, both in connection with Military Travel Authorisations, and in view of the withdrawal of A.C. officers from Italian Government territory.
3. The officer now dealing with such matters is already overworked and it is desirable that he should have assistance now. When the new procedure of issuing passes is introduced, which will be as soon as possible, extra assistance will be essential.
4. There is no officer available in P.S. Sub-Commission to assist in this work, and it is therefore requested that the ceiling for Public Safety Officers at this HQ be increased by one, such officer to be appointed to assist in the Licensing & Registration Division.

SUBJECT: Transfer of Personnel.

TO : H.Q., Allied Commission.
Attn: Public Safety Sub-Commission.

1. May the transfer of an officer from A.M.G. Fifth Army be considered please under the following circumstances.

No. 287727 Captain Leslie Gordon Whyman, attached to Public Safety Division, has served with A.M.G. Fifth Army since 8th December, 1943.

2. During this time he has been attached throughout with 4 Corps and has performed yeoman service.

3. He is very efficient and in the course of his duties leaves nothing to be desired.

4. As mentioned in attached letter from S.C.A.O., 4 Corps, there is little, if any, chance of him serving other than in a junior capacity with Corps and there is no doubt he would excel as a Provincial Police Officer.

5. Capt. Whyman is willing and anxious for a change.

6. It will be appreciated that if the transfer is approved, a replacement will be necessary.

7. In this respect, Captain A. Hunter, Lombardia Region, who is at present temporarily attached to 4 Corps pending his Region being occupied, is anxious to continue with Corps work.

8. From a point of view of Police experience, Captains Whyman and Hunter are on the same level and this exchange of officers would be beneficial to all concerned.

9. Lt.Col. G.T. Frances, R.P.S.O. Lombardia Region, has no objection to the above proposals subject to approval by the R.C., Lombardia Region.

1680

10. In view of possible moves in the near future it would be appreciated if the exchange could be expedited.

HEADQUARTERS IV CORPS
A.M.G. SECTION

11 February, 1945

SUBJECT: Reassignment of Officer

TO : Senior Public Safety Officer, AMG Fifth Army

1. This is to confirm the verbal statements in the matter of a reassignment which would offer a greater chance of advancement for Captain Leslie Whyman, who is at present assigned to the IV Corps AMG Detachment as a CAPO.

2. Captain Whyman has rendered a fine service in police matters but since he has been with IV Corps officers of vastly greater experience in police work have always been available to serve as SCAPO of Corps. Captain Whyman, therefore, could not be recommended for promotion while the SCAPO held the same rank namely that of Captain.

3. There is no reluctance in saying that Captain Whyman is and will be an efficient, diligent police officer and reassignment is suggested only if such reassignment would lead to a greater opportunity and advancement. He is perfectly capable of assuming sole responsibility for an area and doing a thorough job. It is suggested, that since there seems little likelihood of another Corps detachment being placed in operation, Captain Whyman would be admirably fitted to serve as a Provincial Police Officer and in doing so would bring credit to any Provincial Commissioner's administration.

1. With reference to Southern Region letter R/5047 dated 12 Feb 45, respecting the re-assignment of Capt. J. WYTE (B) from that of Provincial Officer to Public Safety Officer.

1. In reply to your R/3260 of 8th January, Capt. Whyte is essentially a Public Safety officer for which position he was seconded from the Police in U. K. He became a Provincial Officer in the early days and continued as such until May last year when he became more Public Safety than a Provincial Officer.
 2. Public Safety Officers are more and more required although on occasion they do other duties in the course of their rounds. I consider that this officer should revert to Public Safety status since he has been performing these duties for so long and with complete diligence.
 3. Capt. Whyte feels that if he submits a letter requesting change of designation the Public Safety Sub-Commission will request his release from Naples Zone. This does not necessarily follow. I personally would oppose strongly any reduction of Public Safety Officers.

10 February 1945, it is hoped to arrange the assignment to you
of Capt. Fleetwood from Lazio Umbria Region.

Also in this office letter AC/14004/7/PS dated 12
February 1945, copy to you, it is proposed to transfer Major Mason
to Ancona and assign a P.S.O. from Abruzzi Marche to your Region.

If these negotiations are completed satisfactorily, it
will mean that 12 P.S.O's will be assigned to you, one of whom will
be a Fire Officer.

1. The reassignments of Lt Col E.J. BYE (B) to Chief of Public Safety Division, Fifth Army, and Major W.E. COLLINS (B) to R.P.S.O. Emilia Region, has created a vacancy in the establishment of Public Safety Officers for Emilia Region, and in effect left Ferrara Province Team, without a police officer.
2. The Regional Commissioner Emilia Region informs me that a decision has been made to fill the vacancy with an officer of R.P.S.O. grade ability and experience.
3. May I request information as to when the replacement may be expected to report for duty and that consideration be given to the question of the urgency involved.

FILE : R-VIII/PS/2.1

7 February 1945.

SUBJECT : Police Personnel - Region VIII.

TO : Public Safety Sub-Commission,
Headquarters, A.C. - C.M.F.

1. Reference Monthly Report for January 1945, "Appendix A".

2. In anticipation of events, possibly in the very near future, it is necessary to review the position in regard to Police Officer Personnel who are likely to remain in Region VIII, at any rate for the time being.

3. At the moment there are 29 Public Safety Officers attached to or assigned to this Region; of these, 7 are assigned to Venezia Region; 3 to Liguria; 3 to Piemonte; 3 to Emilia; 2 to Lombardia, and 1 to XIII Corps.

4. Of the 10 remaining officers which include myself, 2 are Fire and Civil Defence Officers. Of these two latter, I have asked for the removal of one on the grounds of inefficiency.

5. Subtracting myself and two Fire Officers from the total of 10 assigned officers, leaves me 7 officers for 9 Provinces.

One of these is Capt. FIMDING (B) assigned to Arezzo, who has been in hospital since last November.

Another officer who is unlikely to stay is Capt. HARTLEY (A) assigned to Lucca Province, who is a sick man.

6. I have already asked for Major GOULD and Capt. PERRETT to be replaced by Major MACKENZIE and Capt. BROWN who are already assigned to Emilia and Venezia Regions respectively. This I know may not be possible, but the general situation gives rise to some pre-occupation as all attached Officers are under 48 hours notice, and their recall may not be far distant.

7. In view of the volume of work involved in Region and which I feel may not always be fully appreciated at H.Q. = I say this without any desire to be discourteous = I ask that I may have some idea of what my future set-up is likely to be. I draw your attention to the fact that I have no deputy and that the whole of the police administration plus a lot of miscellaneous enquiries, fall entirely upon myself. I do not complain about this for we can only do what we can, but I feel you will appreciate knowing the actual position in regard to Public Safety Personnel in Region VIII, as the volume of work is increasing and not decreasing.

D.O. 9/3.1A/CA. ✓

My dear *Amel*

19A

Thank you for your letter RIX/AC dated 1 Feb 45.

I am glad you agree with the appointment of Major Collins as R.P.S.O. to Emilia Region and I have instructed Public Safety Sub-Commission to take action accordingly.

I entirely appreciate your desire, which I share, to see Major Collins promoted. As you know, on the British side we are limited to a fixed ceiling of Lt. Col., but I will ask the Promotions Board at their next meeting to do their best for him. Unfortunately, as you know, there are at least two other Public Safety Officers with equal claims to promotion.

I am sorry to find myself profoundly disagreeing with your expressions as to my "unequivocal attitude in the matter and the even less considerate position taken by Col. Chapman" and of your "feeling that the abrupt, inconsiderate manner in which Col. Rye has been taken away" and regret that you should have chosen to use such language in your letter to me.

Not only did I tell you myself when you were visiting this Headquarters on the 1st Jan 45 of the necessity for removing Rye in view of Doherty's promotion and we then discussed the matter fully but in addition I wrote you a letter (AC/12002/A/PS dated 19 Jan 45) explaining the position and the necessity for the change, to which you replied on the 21 Jan 45. Orders were cut to effect the transfer on 21 January.

I confess I am entirely at a loss to understand how, in these circumstances, you can charge against Col. Chapman or myself abrupt or inconsiderate treatment.

That you would be upset at losing an excellent officer and do all you could to keep him is understandable but when a very senior officer leaves the Commission and a train of transfers to senior appointments is thereby set in motion, this Headquarters must take the best men and put them in the best places and express (as I did to you in the most courteous terms) our regret at having to do so.

TO: Brigadier Gerald R. Upjohn
Deputy Chief of Staff, Civil Affairs Section
Headquarters Allied Commission

My dear Brigadier,

1. Being satisfied by reason of your unequivocal attitude in the matter and the even less considerate position taken by Col. Chapman, that I am, willy-nilly, to lose Col. Bye, I have discussed with him the question of his successor. He concurs in your view and that of Col. Chapman that Major Collins is the man. I have therefore informed Major Collins that he will succeed Col. Bye, and request that you take whatever action may be necessary to reflect on your records that Major Collins is now Regional Public Safety Officer, Emilia Region.

2. This is not to be construed as an indication of consent to Col. Bye's resignation. On the contrary, I am strongly opposed to this change which has been entirely imposed upon me from a higher level as a fait accompli, without any request either for my consent or an expression of my views. On principle, I do not feel that this is the proper approach to a matter of this kind and wish the record to show that while I am reconciled to the apparently inevitable, I do not approve or agree.

3. Col. Bye's performance of duty and administration of the Public Safety Division of Emilia Region during his period of service under me, has left literally nothing to be desired. It has been for me a unique experience and a very great pleasure to deal with a staff officer with whom I have agreed invariably on questions of policy and administration referred to me by him. Not only in his professional and staff capacities but as a senior British officer of unusual astuteness and common sense, Col. Bye has been a tower of strength indeed, and Region Emilia will miss him very, very much. We congratulate AMG 5th

1654

Army on its acquisition, and look forward to continued contact and collaboration with Col. Bye in his new assignment, where he will for the present continue to control in an even more immediate way the operations of more than one-half of Region Emilia's Public Safety officers.

4. One boon I do very strongly seek, and I make no secret of my feeling that the abrupt, inconsiderate manner in which Col. Bye has been taken away entitles this region and me personally to special consideration.

5. Major Collins will be placed in charge of a group of Public Safety officers many of whom hold the same army grade as he. He will not be senior to all of them in military rank and it is not clear that he in all cases ranks them as a civil servant. In addition, he will have to deal directly with and control, numerous Italian officers holding ranks up to and including that of full colonel.

6. In fairness to him, and in order to enable him to do an efficient job for Emilia Region, it is absolutely necessary that Major Collins be promoted at once to the grade of lieutenant colonel.

7. I had, through my senior British officer, already recommended Major Collins for promotion, prior to his appointment as Regional Public Safety Officer. I feel very strongly indeed that in view of the new and onerous responsibilities which the Sub-Commission is asking him to sustain, this recommendation is entitled to the fullest support, and preferred treatment.

8. This request is entirely my own. Major Collins has not mentioned the matter to me, and I have not discussed it either with him or with Col. Bye.

SUBJECT : Assignment of Officers

TO : Transportation Sub Commission
Regional Commissioner, Lombardia Region

1. Capt. D.W.E. Gault, (B) is according to this Office records, Transport Officer in Lombardia Region. It is pointed out that this officer is a specialist Public Safety Officer, he has not performed P.S. duties in this theatre, but in view of commitments of this Sub-Commission, which may be expected in the near future, it is anticipated that the assignment of Capt. Gault to P.S. will be requested.

2. It is also understood that 1st Lt J.S. LYNCH (A), assigned to Lombardia Region, as Public Safety Officer, is performing duties as Transport Officer, (American). Lt Lynch is also a "specialist" P.S. Officer, and an application for his release from P.S. has already been objected to by this Sub-Commission.

3. It is pointed out therefore, that this Sub-Commission may very shortly be making application for Captain Gault's assignment to P.S., and that Lt Lynch may be required to resume P.S. duties at short notice, and the matter of their replacement by other Officers be considered.

1. Reference your AC/14011/16/PS of 17th January, 45.
2. Capt. BRAYBROOK is an officer of VENEZIA Region included in one of the Provincial Teams on loan to this H.Q., from that Region. Full particulars are, therefore, available from VENEZIA Region.
3. The authority for his being temporarily assigned to Public Safety duties is that of this H.Q., who as you know, do not differentiate between specialist Public Safety Officers and ordinary C.A.Os in the allocation of duties, as assignments are continually changing with the military situation, and in most cases the officer has to be both C.A.O., and Public Safety Officer.

Thank you for your agreement to release Mighall in exchange for Mamel. Orders have already been issued and I should be glad if you would allow Mighall to proceed to Sicily as soon as possible, so that he can relieve Manuel to come to you.

As I indicated previously, Mamel is a first class fellow, who has done extremely well in Sicily, right from the earliest days, and he now has the entire responsibility for Public Safety in that island.

Thank you for your letter agreeing to the transfer of Manuel to the mainland. I have arranged for Major Highall to be relieved from his present duties with Abruzzi Region and to come to Palermo as soon as he can. When Manuel has had an opportunity of handing over to him, I should be glad if you would allow Manuel to replace Highall in Aquila.

As I indicated before, Highall is a first class fellow and at home is a Superintendent and Deputy Chief Constable of Southport.

You may have already heard that the Home Office have asked for my return to the U.K., and I expect to be leaving this theatre fairly soon. My place at this Hqs. will be taken by Colonel Doherty, who, of course, you know. It doesn't seem as if we shall meet again before my departure, so I take this opportunity of saying good-bye and how pleased I shall be to see you again in Hertfordshire if ever you are in my part of the country.

Brigadier M. Carr, M.C.,
Regional Commissioner,
Sicily.
