SUBJECT : Postings & Appts. Officers

TO : V.P. C.A. Section.

Considering the present personnel situation in Public Safety Sub-Commission, I strongly recommend that all regularly assigned public safety officers who are on T/D be required to proceed immediately to their proper stations. Thereafter, S.C.A.Os and R.Cs can make their requests for additional public safety officers making out their cases as to necessity. The requests can then be studied to determine priority of requirement and availability of personnel. In the event of a shortage of assigned public safety officers this Sub-Commission will then be in a position to put forward a request for the release of police officers who are now assigned to other duties based on demonstrated need. This will permit of orderly selection of personnel and of transfers with a minimum of inconvenience to the R.Cs concerned. The officers who should be required to proceed to their regularly assigned stations now are as follows :

Rank	Name		Assigned to	Now on T/D
Capt.	BOLTER	E.B.	Piemonte	Emilia
Capt.	MILLER	D.W.	Piemonte	Emilia
Major	RONNIE	W.	Piemonte	5 Army

Capt.	HUNTER	A.	Liguria	5 Army

MINUTE 5

To C.A. Section :

65A is the answer to Minute 3 and raises the question of disposition of Public Safety Officers in general. In spite of my protests some three months ago the ceiling strength of this Sub-Commission was reduced from 135 to 107 officers. At the moment I have actually on the lists 105 officers of whom 3 are not available for duty due to sickness and 1 is on emergency leave. I have only 101 officers available for duty.

Under the original T/O's for Regions officers were assigned as follows :

Naples Commune	3
Rome Liaison	1
Ancona Commune	1
Liguria Region	8
Piemonte Region	12
Lombardia Region	18
Venezia Region	15 plus 1
Venezia Giulia	10
Toscana Region	9 (now dissolved)
Emilia Region	12 plus 3

As to the officers assigned to Naples Commune, Rome Liaison, Ancona Commune and Toscana Region (until its dissolution) are in place and on duty. The Toscana situation will be mentioned later.

As to Emilia Region, although the ceiling strength is 12, actually 16 officers were assigned and 13 are on duty. Lt. Col. Bye has not been released by 5th Army. Major Beer was released to U.K. Captain Backman is sick but is being replaced by Captain Forster from Toscana Region. In addition to these regularly assigned officers the Region has the services of Captain Davenport of the American Austria team and of Captains Miller and Bolter who are regularly assigned to Piemonte Region. So Emilia Region with 8 provinces has the services of 17 police officers - 5 over their ceiling.

Piemonte Region with 7 provinces is entitled to 12 officers under the T/O and 12 officers were assigned. Of these, Major By Ronnie was attached and remains attached to IV Corps, and Captains Miller and Bolter were loaned to Emilia Region which refuses to release them to their proper assignment. So Lt. Col. Briggs is forced to attempt operating his headquarters and 7 provinces with

As to Emilia Region, although the ceiling strength is 12, actually 16 officers were assigned and 13 are on duty. Lt. Col. Ewe has not been released by 5th Army. Major Beer was released to U.I. Captain Backman is sick but is being replaced by Captain Forster from Toscana Region. In addition to these regularly assigned officers the Region has the services of Captain Davenport of the American Austria team and of Captains Miller and Bolter who are regularly assigned to Piemonte Region. So Emilia Region with 8 provinces has the services of 17 police officers - 5 over their ceiling.

Piemonte Region with 7 provinces is entitled to 12 officers under the T/O and 12 officers were assigned. Of these, Major Ronnie was attached and remains attached to IV Corps, and Captains Miller and Bolter were loaned to Emilia Region which refuses to release them to their proper assignment. So Lt. Col. Briggs is forced to attempt operating his headquarters and 7 provinces with 9 officers - 3 under the ceiling.

Liguria Region, originally 4 provinces, was entitled to 8 public safety officers. Of the 8 officers assigned, Captains Hunter and Mack are still held by Fifth Army. Now that Apuana and Lucca Provinces have been attached to Liguria Region, Major Hefford has acquired the two public safety officers who were in those provinces. So with 6 provinces to control there are 8 assigned officers who are actually on duty.

- 2 -

The T/O for Lombardia Region calls for 18 public safety officers and 18 were assigned including 2 officers who were attached to Fifth Army and who have not been released for duty with the Region. Also one of the officers is being given emergency leave to the U.S. It. Col. Francis is trying to control the public safety situation in 9 provinces with 15 assigned officers actually on duty. Major Green of Toscana Region has been posted to Lombardia but has gone sick and will not be available for duty for approximately three weeks.

When it was contemplated that Venezia Giulia would be a part of Venezia Region, the T/O called for 25 public safety officers - 15 for Venezia and 10 for Venezia Giulia. The 25 officers were assigned and with the exception of Captain Dowdy who has gone sick, all the officers are on duty. Then an additional officer was posted to the Region - giving them 25 officers for duty. Within the past few days 3 officers have been transferred from Toscana Region to Venezia Giulia. At present the two Regions of Venezia and Venezia Giulia have a total of 28 public safety officers to control 13 provinces, which represents an increase of 4 officers over the strength originally contemplated.

Without minimizing in any degree the seriousness of the situation in Venezia Giulia and the necessity for a numerically strong team of public safety officers, I point out now that the public safety situation in the other northern regions, while seemingly improving, is actually in a precarious condition and, with continued shortage of public safety officers, can quickly get out of hand, especially in the Regions of Liguria and Piemonte.

For more than a year qualified police officers have been transferred from Public Safety Sub-Commission strength for assignment under other Sub-Commissions and as Provincial Commissioners and Provincial Officers. Within the past 3 months we have lost 11 officers in that manner in addition to the officers transferred to the Austria teams both British and American.

Every Regional Commissioner in North Italy is confronted with public safety situations which are serious and, in my opinion, it is proper at this stage that every Public Safety Officer be permitted to proceed to his regularly assigned station. Thereafter readjustments can be made in an orderly manner, selecting personnel from locations with due regard to conditions. - 1 Captains BOLTER (B) and MILLAR (A) were assigned to Piemonte Region attached to Emilia. Minute 1 states that they are employed as Provincial Officers, but this is not more than a probability.
- 2 On 13 May Piemonte requested the return of these Officers. This request should properly have been made to IV Corps and 5 Army as neither Region was under AC command and it is to be noted that 5 Army sent the same request to this HQ.
- 3 5 Army do not seem to have grasped the situation because, acting on a 5 Army authority, Emilia refused release and quoted promises from G-1 (A) and G-1 (B) for replacements.
- 4 It is believed that replacements could now be made available from outside sources or perhaps Emilia can surrender these men.
- 5 Will you kindly take the necessary action.

Emilia has been a hot spot for some time. I have always counselled Exeter before taking officers away from there. In this case however I suggest that 5.C. phone the R.C. & tell him they want these 2 officers to join their proper station (Emilia is over its ceiling in P.5.0s). Subject: Public Safety Officers, Piemonte.

To: C.A. Section.

1. In the planning for Piemonte, Captains E.P. POLIER (A) and D.W. MILLER (A) were assigned as Public Safety Officers. In the period of waiting these two officers were assigned for temporary duty in Emilia Region and it is presumed they are being used as Civil Affairs Officers.
2. In the interval Piemonte has been occupied and there is a demand for these two officers to take up their duties there having regard to the French situation. Coupled with this Major Ronnie (A) who is also assigned to Piemonte is being retained with IV Corps, further accentuating the shortage of specialist officers.
3. a) On 13 May, 1945, Piemonte Region cabled A.C. for the services of these officers, whereupon a cable requesting that the officers proceed to the proper assignment was ³⁰ despatched to Emilia Region.
- b) On 19 May, 1945, Emilia Region cabled a reply as follows:-

"Re your MR 7507. Pursuant to direct orders G-5 Army and in accordance with conversations and understanding Colonel Miller, and Lieutenant Odore, I am disregarding your signal concerning Captains Bolter and Miller, and will disregard all future instructions for transfers of personnel from this Region until have received semitrained replacements unequivocally promised by your signals 6897 May 4 (sent by G-1 B) and 6911 May 5 (sent by G-1 A) to report immediately, one of which has reported".
4. The semi trained officers referred to in para 3 b) did not include public safety officers and it is not understood why specialist officers should be retained by Emilia Region when they are so badly required by the proper region.
5. It may be claimed by Emilia Region that Lt. Col. Eya has not reported to Emilia Region from 5 Army in replacement of Major Collins posted to Austria. This was attended to by the transfer of Major H. Gould (b) to Emilia on the break up of Abruzzi Marche.
6. No representations be made to have Captains Miller and Bolter report to their proper assignments as ordered by A.C. Special Order No. 142 dated 8 May, 1945, para. 18.

Dear

Colonel

I have discussed the question of your retention of Major Anthony at AOSTA with Col. Chapman.

We will not press for his immediate transfer to Venezia Giulia and you can continue to hold him on "light duty" for the time being and I hope until the Region closes up.

I hope this solution will be satisfactory to you.

SUBJECT: Interview with Deputy Military Secretary.-

Date: 2 - 7 - 1945

TO: Adm. Officer, Lombardian Region, A.M.G.

I wish to be granted an interview with the Military Secretary on 6 - 7 - 45 for the following reasons:-

On 1 - 6 - 43 whilst serving as an inspector in the Metropolitan Police I voluntarily joined the army for service in Civil Affairs after being specially selected as a member of the first group of police officers to enter the army for this purpose. I was granted the rank of Lieut. and left for Sicily a few days afterwards.-

When subsequent groups were formed there was apparently less need for haste and a different system of classification was introduced, as sergeants - that is police officers two ranks below an Inspector - were granted the rank of Captain. After a few months service in the army I was promoted to the rank of Captain but in the same way the Captains were promoted to the rank of Major.-

I have waited patiently hoping that this matter would eventually be regularised but in view of the impending changes in personnel and the closing down of this theatre of operations it has become necessary to raise this matter because with the departure of some of our present senior police officers it is very probable that I will be called upon to serve under Majors who were selected to enter the army long after I was; have less service and experience in the police and hold a police rank which is two ranks below my own.-

The fact that junior officers are holding ranks senior to my own has already led to a lot of comment amongst my colleagues in London, who are unaware of the reason for this, and has placed me in a very invidious position which may have an adverse effect on my promotion prospects when I return to the police.-

I submit that both my army and my police records show no reasons why I should be placed in this position and ask that some action be taken to remedy this matter which is not the result of anything which has happened whilst in the army but is simply due to a change in procedure which was adopted after the first specially selected men had been rushed into the army to take part - without any training whatever - in the landing in Sicily. 1. The attached is submitted as requested by writer.
2. It is true that, according to the terms and conditions then in force. Capts Kane and Fleetwood, being then Inspectors of Police, should have come out in June 1943, as Captains and not Lieutenants.
3. Had they done so it is practically certain that they would now both be Majors as they are two extremely able and efficient Public Safety Officers.

1. On the 6th July, 1945, the Military Secretary visiting No. 2 District Area, received Officers from Lombardia Region, AMG, who desired to place their cases before him.
2. Public Safety Officers who desired to interview the Military Secretary were not seen individually, but by agreement had their views stated on their behalf by Major Fowler, the Deputy Regional Public Safety Officer. This was due to the fact that a large number of Officers desired an interview and the time of the Military Secretary did not permit an individual audience.

To: Major Fowler,

(Acting on my behalf in the interview with D.M.S.)

REASONS OF INTERVIEW: - Of Captain John KANE, P. 279415, Gen. List,
Public Safety Officer, Lombardia.

Statement: - I was seconded from the Metropolitan Police on the 1st June 1943, to the Army for service in Civil Affairs (Public Safety), and was among four other INSPECTORS of that Force, who because of their Junior service in the rank, were given the rank of Lieutenant.

I point out that we were a small number specially selected, who without instruction proceeded to Sicily where we landed in the first days of the invasion and commenced work.

I have served since July, 12th 1943, (the date of the landing in Sicily) to present date in various parts of Italy, in the capacity of a Public Safety Officer, and in Jan. 1944, was promoted Captain.

I have obviously served with satisfaction to my superiors, because since the latter date I have been recommended some three times for the rank of Major, but thus far have failed to make the goal.

My reason why I think I have been the victim of an injustice, is that the later batches of Public Safety Officers who left England some three months, six months, and even later, often received much higher ranks in correspondence with their Police ranks, than we, the originals received. This was due to a later system; and in many cases, Sergeants (two Police ranks lower than my rank, arrived in this Theatre with the Army rank of Captain.

Quite a number of these men are now Majors.

Thus, with all the qualifications that are necessary for promotion we four Metropolitan Police Inspectors (I plead for my own case only) have a justifiable case to put forward for your attention; on the briefly expounded following grounds: -

(a). With a much higher Police ranking we are now inferior ~~at~~ ^{to} Army rank;
(b). With much longer AMG. service we are still inferior in Army rank,
(c). Little prospect of adjustment through the normal channels.

I need not repeat that when we return to our Career service, the position of Junior ranks in that service having attained higher Army ranks in a shorter period of Army service will be taken by the Police Promotion Selection boards on its apparent face value, again to our detriment.

These facts are still further emphasized, that by being retained in

Subject: Distribution of clothing

Your Ref: AC/14004/1/PS of 31 May 45.

With reference to the above quoted letter, I give below the information requested.

Round about the date mentioned, I was C.A.P.O. Paterno and district. This district included Motta S. Anastasia.

I received information, I do not know the exact date, that a quantity of Italian Army stores existed at Motta. I went at once to the town and, accompanied by the Podesta - name unknown, but he wore a black shade over one eye - went to a room in the schoolhouse near the Municipio. I cannot remember whether I received the key through AMGOT channels or whether the Podesta was in possession of it. I do know that it had passed through several hands since the occupation of the town and, as a result, I was anxious to see that any stores left were put to the best use.

In the schoolroom I found a quantity of old furniture and cooking utensils, I believe several wheelbarrows and tools, and a quantity of Italian Army clothing and mess tins. The clothing consisted of boots, socks, jerseys and vests, and Army uniform jackets and caps and, I think, pantaloons.

There were, as far as I can remember, about fifty pairs of boots and a similar number of each of the other articles. It was very apparent that I was not the first in the room. All the clothing left was definitely Italian Army issue.

Motta S. Anastasia was, at that time, badly overcrowded with refugees from Catania city and surrounding district, which had been heavily damaged. These people, in addition to the normal inhabitants of the town, were desperately in need of food and clothing and there was no prospect of any supply through normal channels. Demonstrations had taken place.

I therefore ordered the Podesta to make a list of the clothing and distribute it to the most necessitous cases in the area.

Some of the boots I issued to members of the Motta station of Carabinieri as they were actually unable properly to carry out their duties owing to the deplorable state of their feet without

Demonstrations had taken place.

I therefore ordered the Podesta to make a list of the clothing and distribute it to the most necessitous cases in the area.

Some of the boots I issued to members of the Motta station of Carabinieri as they were actually unable properly to carry out their patrols owing to the deplorable state of their footwear - a matter on which I had previously reported without result - due, of course, to the fact that no supplies were available.

I reported what I had done to my superiors at Catania.

Some little time later, I was visited by the Podesta who informed me that a local contractor - I presume he is the Musso referred to - had claimed ownership of the clothing. I saw this man and he produced a long list of Army stores, many times the amount that had been in the schoolroom, which he said he had bought from the Italian Army for the use of his employees working on the roads at Gerbini Airfield.

The Podesta seemed satisfied that the claim was genuine, so I stopped any further distribution. Musso did not appear perturbed by what had happened and the matter was apparently closed.

A little later the local Carabinieri found a dilapidated Italian army lorry. On one of my periodical visits to Motta, the Podesta asked whether the vehicle, if repaired, could be used for road repairs in the Comune and for Musso to transport workmen and materials in connection with repairs to Gerbini Airfield where he was then working for the US Air Force. On Musso producing written proof of this employment, I authorized the lorry to be so used.

A report of the finding and disposal of this vehicle can be found in the Carabinieri records at Motta.

It was NOT intended as an indemnity for loss of the clothing and Musso had no right to assume that it was or that he had any claim to any ownership in the vehicle. It may be that he was misinformed by the Podesta but, in any case, the question never arose as about two months later, after I had been transferred to Catania city, the lorry was stolen. The youth who drove it reported to the Carabinieri that he had been held up by two armed British soldiers in Catania who had driven away with the lorry. The Carabinieri did not believe his story and detained him. Particulars of the missing truck were circulated by me through British Provost channels and through Italian Police. It was never found, however, and as the driver would not deviate from his account of the loss, no charge could be preferred. Full details of this incident are recorded in Carabinieri records at Catania.

I regret that, owing to length of time elapsed, I am unable to give more exact details as to names and dates, but if there is any particular aspect of the case that I have not covered I should be pleased to assist to the best of my ability.

TO : The Director, Public Safety S/C
HQ., A.C.

1. Reference the attached letter SO/P.7 of 14 June, 45, from Provincial Commissioner Sondrio, this is the first I have heard of the matter. I have looked into the present position of 01797436 1st Lieut. George M. Clegg CMP and find reference to him in the following A.C. Special Orders:-

(a) N°101 (para 7) of 11 April 45, when he was relieved from assignment with Lombardia Region and assigned to Venezia Region but remained attached to Lombardia Region.

(b) N°114 (Para 8) of 24 April 45, when he was attached to Emilia Region.

2. The present order to move, which emanates from his Regimental HQ, is to comply with (b) above.

3. I think there is no doubt whatever that this is all a mistake arising from the fact that the Order (b) was not cancelled in respect of Lieut. Clegg as it was in the case of other officers similarly attached during the period we were waiting to move into our Northern Region.

4. You may remember that when Order (a) was issued I saw you and had your assurance that Lieut. Clegg would remain with Lombardia Region until such time as a replacement was sent from Fifth Army and that in the case

1914
7

-2-

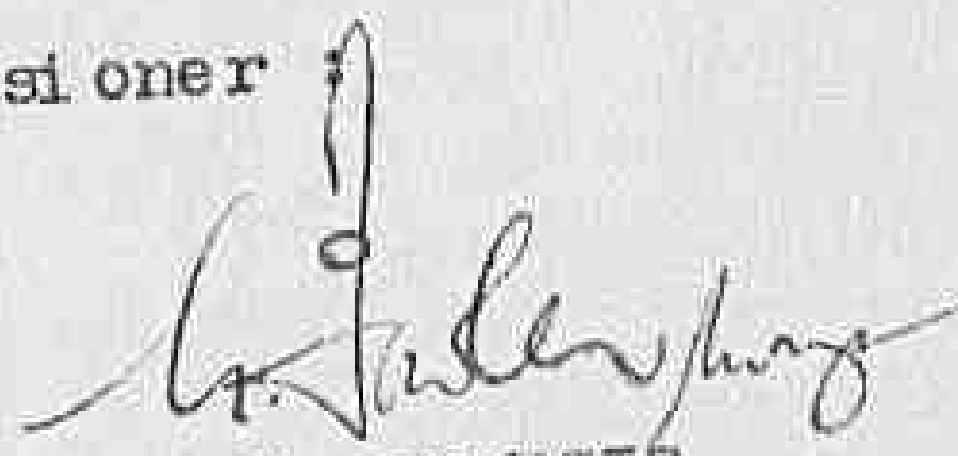

of any difficulty the matter should be referred to you.

5. In order to regularise the position, would you be good enough to have A.C. Order 114 (par.8) of 24 April 45, cancelled and clear with G.1 (A).

6. Any apparent failure to comply with Orders is in no way the fault of Lieut. Clegg as I have instructed him to remain at his post, being convinced that the recent order received by him is the result of a genuine mistake and can be remedied by the action suggested in para 5 above.

7. I would mention that this officer is doing extremely good work in this difficult border province and I have no officer with which to replace him.

TO : H.P.S.O. Lombardia Region.

1. Ref. PS/2 *664* dated 19 June 1945.

2. Major Green, who incidentally is undergoing medical treatment for three weeks, is assigned to Lombardia Region and at your disposition entirely. Major Green understands the situation as a result of a conference with him on the handing over of Toscana Region.

3. The situation at present is so fluid that any attempt to definitely nominate a successor for the position now held by you would not be advisable and must be considered in abeyance.

SUBJECT : Public Safety Officers

TO : Public Safety Sub-Commission
(Attn : Col. W. Doherty)
HQ, Allied Commission.

1. Reference is made to that part of your AC/14040/PS of 11 Jun 45, showing that in the disposition of Public Safety Officers, resulting from the hand-over of territory in Toscana Region to the Italian Government on 19 June 45, Major F.G. GREEN (B) is being transferred as a Public Safety Officer to Lombardia Region.

2. This, in my opinion, will make matters very awkward, inasmuch as you will have in the same Region two very capable officers, both of whom are eminently suitable in every respect to take over as Regional Public Safety Officer as and when I relinquish my appointment to return to the UK on release.

3. I refer to Major F.G. GREEN and Major N.W.F. FOWLER and the following notes relative to each ~~is~~ brought to your attention:-

(a) Major F.G. GREEN - A very senior Chief Inspector of the City of London Police. Has been Provincial Public Safety Officer, Deputy Regional Public Safety Officer and for the last two months or so Regional Public Safety Officer, Toscana Region. Has been recommended for promotion to Lt-Colonel and AFB 194D has been submitted. Senior to Major FOWLER as regards Army rank

1903

/Major N.W.F. Fowler

- 2 -

(b) Major N.W.F. FOWLER - Superintendent in Kent County Constabulary. Has been Provincial Public Safety Officer and since the formation of Region XI Deputy Regional Public Safety Officer. It was understood, after discussion with Brigadier Lush and Col. Poletti, that Major FOWLER would take over when I leave. Has been recommended for promotion to Lt-Colonel - AFB 194D submitted.

4. Both officers are in all respects fully qualified to assume the duty of Regional Public Safety Officer. I have had them in turn as my Deputy and am satisfied that they are both thoroughly efficient and I have no hesitation in recommending that they both be given a Region as soon as vacancies arise.

5. Might I be informed as to the relative positions to be assumed by these officers (a) during the remainder of my tenure as RPSO, (b) after I am withdrawn for release?

C.T. Francis

RVIII/2/14/168

SUBJECT : Release of Personnel.

TO : Executive Commissioner, H.Q., Allied Commission.

1. Hearing that this Region is to be discontinued in the near future, several Sub-Commissions have asked the concurrence of this Headquarters in relieving officer personnel prior to the discontinuance of the Region.

2. Captain F. W. Stringer, (B) Agriculture Division, and Captain Alfred L. Dorf, (A) Labor Division, can be released if required elsewhere. This Region has been cut down in strength to such an extent that no other officer can be relieved without serious detriment to the Region. This Region's responsibilities and work continue until the day when we turn over the control to Italian Government officials. There is considerable work connected with the closing up, in particular the activities of the divisions, which the Sub-Commissions have not appreciated.

3. It will, therefore, be appreciated if no more requests for the concurrence in the release of commissioned personnel in this Region are made unless such release becomes effective after the control of Toscana passes to the Italian Government.

1. Major SAUNDERS is at present P.P.S.O. Pistoia Province with Captain FLEDDING as P.S.O..

1878

2. Before the former was transferred from Siena Captain FLEDDING was P.P.S.O.. He is a capable Officer and I am of opinion that he is quite capable of handling the Public Safety side of this Province.

3. It is the considered policy of Public Safety Sub-Commission that we be allotted one Public Safety Officer only to each Province and I therefore suggest that no objection be raised to the proposed transfer.

Legal Sub-Commission, Allied Commission, Italy,
has been requested to give a certificate for use in
Legal Proceedings in respect of a distribution of
clothing which took place in Motta S. Anastasia, Pro-
vince of Catania, on the 28th August, 1943.

It is stated that Captain George East, then Police
Officer, Paternò district, distributed to the needy
population the contents of a warehouse in that town.
He instructed the Commissario Prefettizio Raciti to
make the distribution.

It subsequently transpired that the warehouse was
private property belonging to Ing. Musso and Captain
East gave to Musso a lorry as indemnity for any damage
suffered by him in the distribution.

There is no evidence available to this Sub-Commission
to confirm or dispute any of the above statements. It
would be appreciated if Captain George East could be
located and required to furnish, as soon as possible, his
version of the incident.

SUBJECT : Lt. Col. Stanley Pickering.

TO : Whomever it may concern.

1. Lt Col. Stanley Pickering is being taken from the rolls of Public Safety Sub-Commission, Allied Commission; after many months of responsible service, because of demobilization orders.

2. He was assigned as Regional Public Safety Officer for the Abruzzi-Marche region on 21 April, 1944, at which time only the Province of Campobasso was occupied. He was responsible for planning, organizing and directing all of the Public Safety and police activities in that Region during the advance of Eighth Army. The Region then comprised the Provinces of Campobasso, Chieti, Aquila, Pescara, Teramo, Ascoli Piceno, Macerata, Ancona, and Pesaro, an area of 9675 square miles. Later the Province of Campobasso was taken from the Region and there were added to it the two provinces of Umbria, i.e. Perugia and Terni, which occasioned an increase 1497 square miles in the area to be administered. Lt Col. Pickering continued to serve as Regional Public Safety Officer after the Region had been entirely occupied by Allied Forces and until his present release from this Theater of Operations.

3. During all of this time the police officers under the command of Lt. Col. Pickering have so controlled the Region that no interference in the operations of the armies has occurred. It is to be regretted that he is leaving the service of Public Safety Sub-Commission.

dated 18 May 1945, concerning his contemplated demobilization.

2. It has always been my policy not to stand in the way of the advancement of any person in my command even though such advancement would result in the loss of valued personnel. In the present circumstances I feel more strongly than ever on this matter particularly in those cases in which is involved future security in civilian life.

3. I shall regret very much the loss of Lt. Col. Fowler as I have always considered him one of the finest police officers in this organization. From both the administrative and operational standpoints his performance of duty has been most satisfactory to me. My regrets will be lessened only by the knowledge that in his civil profession he has the opportunity for promotion which he so richly deserves.

4. Major Richardson is leaving for Venezia tomorrow (24 May). I am sorry that there has been so much delay in Major Richardson's movement north.

3. It will be appreciated I know, that at my time of life I cannot but think seriously of a career to which I have contributed much in the course of years and one which has repaid that labour 1866

4. My work in Venezia - where many delicate problems of a political and public safety nature remain to be resolved - is still far from finished, but, much as I regret it, in the circumstances I am unable to request the postponement of my demobilisation in the normal way under Group 1. This I understand is to take place in the near future and I would point out therefore that the proposed transfers of Major Hoelscher to Rome and Major G. NEW SCOTLAND YARD,
S.W. 1.

4th May, 1945

Dear Rowlerson,

I am retiring on the 23rd of this month, not because I want to but because I can't hide from myself any longer that I ought.

I have not consulted you about your future hitherto as I saw little chance of your coming into the immediate promotion picture. But now that the war is obviously very nearly over the situation may well change and more vacancies occur.

I think it would be a good thing, therefore, if you would consider how you would regard the prospect of coming back to the Force should you be selected for promotion. Two points seem to need consideration -

- (1) If the Commissioner should wish to offer you promotion, would your present employers be prepared to spare you within a reasonable time, say not more than three months at most.
- (2) If they were willing to do so, would you wish to come back to the Force or prefer to stay where you are for the time being and take your chance of promotion if and when you return?

I cannot assist you by any information as to what the future might hold for you in either case and you are just as able or unable to guess correctly as I am.

You will, I know, realise that even were I staying this letter would not commit me as regards future selection for promotion. Still less can it commit my successor. It is merely intended to put him in the position of being able to find out quickly whether senior officers off pay, should they be selected, are available and willing to come back.

All good wishes. I am not going to say good-bye now because I still hope to see you on your return, but do send you my very best thanks for what you have done, which will more than bear repetition when we meet.

To the Commissioner of Police of the Metropolis,
London, E.W.1.

Dear Sir,

I respond to a letter from Sir Philip Gane, dated 4.5.45, which reached me on 17.5.45. In which he very kindly requests my consideration to the following points should I be selected for promotion -

(1) If the Commissioner should wish to offer you promotion, would your present employers be prepared to spare you within a reasonable time, say not more than three months at most.

(2) If they are willing to do so, would you wish to come back to the force or prefer to stay where you are for the time being and take your chance of promotion if and when you return?

The answer to 1 is that as I am in Group 1 for automatic demobilisation within the next month or so, the fact as to whether my employers can spare me or not in Venice seems now to be out of local hands unless I voluntarily postpone my demobilisation under Group 1 or the Allied Commission make a special case of it.

As will be seen in the attached copy of a letter submitted to Brigadier Dunlop, Regional Commissioner, Venice, and also to Public Safety Sub-Commission, Allied Commission, H.Q., Rome, I have stated the facts very clearly and definitely.

With regard to point 2 raised by Sir Philip, if I am selected for promotion, I am naturally only too willing to come home and assume the responsibility of Superintendent, otherwise I am prepared to carry on in the Army for as long as my services are needed in the very interesting though difficult and ~~involved~~ work in Europe.

SUBJECT : Strength of P.S.O.s

TO : Liguria Region (Attn: R.P.S.O.)

1. Reference is made to your Cable N°24 of 8 May, 1945.

2. The ceiling of P.S.O.s for your province is definitely fixed at eight which cannot be exceeded.

3. As soon as Capt. McDougall (A) was assigned to Austria immediate steps were taken to have Major Mason (B) transferred to you from Umbria-Marche and he should have reported by now.

4. On the final posting of Officers which had to embrace the Army Officers who would become surplus the arrangement was that Capt. Tough (B) and Lieut. Anderson (A) would remain attached as Public Safety Officers until the arrival of Captains Mack and Hunter from Fifth Army.

5. On enquiring at G.1 Branch today it was ascertained that you arranged an exchange of Officers, accepting Capt. Wadsworth vice Capt. Tough. If such is the case Capt. Wadsworth should be in your Region, must be used to perform P.S. duties and not as a C.A.O. until the arrival of the officers from Fifth Army.

TO : HQ. A.C.
(Attention Executive Commissioner, and
Public Safety).

1. With reference to AC/14004/1/PS of 1st of May, 1945 and the replacement of Major Richardson by Major Luckman.
2. I do not know Major Luckman and have no prejudice whatever against him but ask for reconsideration of this move.
3. These HQ. have been seriously upset by moves during April, which were unavoidable because of the reorganization. I have only just taken over and find Public Safety, with few officers and very responsible commitments, as Naples must remain one of the essential points of entry or exit for the Armies in Italy.
4. I should therefore be grateful if any avoidable moves of personnel can be at least postponed, as it is most important to keep some continuity in the working of these HQ.

1. In view of the rapidity of the advance N.W. and N.E. ITALY (forward elements of our troops are reported to be near GENOA, 55 miles N.W. of BOLOGNA and on the outskirts of VERONA), the Chief Commissioner has directed that all personnel earmarked for the Northern Regions shall be moved forward immediately, with the exception of those now operating in EMILIA Region.

2. Instructions have been issued accordingly. I shall be glad if Vice Presidents will ensure that all officers in their Sections who have been ordered to move forward are given every facility to do so.

Legal Sub-Commission, Allied Commission, Italy,
has been requested to give a certificate for use in
Legal Proceedings in respect of a distribution of
clothing which took place in Motta S. Anastasia, Pro-
vince of Catania, on the 28th August, 1943.

It is stated that Captain George East, then Police
Officer, Paternò District, distributed to the needy
population the contents of a warehouse in that town.
He instructed the Commissario Prefettizio Raciti to
make the distribution.

It subsequently transpired that the warehouse was
private property belonging to Ing. Musso and Captain
East gave to Musso a lorry as indemnity for any damage
suffered by him in the distribution.

There is no evidence available to this Sub-Commission
to confirm or dispute any of the above statements. It
would be appreciated if Captain George East could be
located and required to furnish, as soon as possible, his
version of the incident.
