1. We have your letter dated May 15, 1945 with reference to the transfer of RINALDI Alberto di S. Angelo, of Caserma Celimontana, Distaccamento Via Ventuno Aprile, a Guardia Finanza, who has been continually molesting one of our civilian female employees at the Pensione California, Via Aurora, 43.

2. Apparently no action has been taken on this matter, as it is reported that on Sat. May 20, 1945 he forced his way into the premises in direct violation of the Directress' protests, and threatened to harm one of the female civilian employees. He also frightened the Directress, and the rest of the civilian employees in the billet. He alleged that because he was a Guardia Finanza, that he had the right to enter any premises in the city of Rome.

3. Trouble was averted by the intercession of an American officer who happened to be present. The situation is approaching a serious stage, and we would appreciate it if this matter be taken care of as soon as possible.

Subject : Command and units of the GG.FF. Legion in Bologna.

146A

In continuation of letter n.240 R.O. dated 11th April, 1945.

The GG.FF. Major LUCCI Renato, who went from Ancona to Bologna immediately after the liberation of the latter, in order to reorganise the Commands and the units of the Corps, has found the Legion Command in full efficiency and the whole personnel favourably considered by the population thanks to the intelligent and efficacious activity carried out by the Commandant Lt.Col. POZZI Giovanni and his officers, as well as the patriotic activity displayed by the Finance Guards during the Nazi-Fascist occupation.

The Allied Authorities, the patriotic organisations and the leaders of the local National Liberation Committee have agreed upon this matter.

Therefore the Allied Provincial Public Safety Commandant has confirmed Lt. Col. POZZI in his functions, reason for which Major LUCCI has made no variations to the present state of matters.

As nevertheless it appears necessary that the Bologna Legion Command be taken over by the proper Commandant for the re-organisation of the units of the adjacent Provinces all dependent from the a/m Legion, the Sub-Commission is requested kindly to solicit the issue of the "pass" to Col. ACAMPORA Giovanni, according to the request made with letter n.312 R.O. of 27th April, 1945.

N. 294 R.O.Subject : Situation of the units dependent from the
Bologna GG.FF. Legion.

cc.

To : A.C. Public Safety Sub-Commission - Rome.

It is pointed out that during the actual war the Ancona GG.FF. Legion has been transferred to Bologna.

After the liberation of Ancona, Folli and Ravenna this Gen.HQ., awaiting the liberation of Bologna, assigned the Col. BONFANTI Defendente to Ancona, with the task to start from this city the re-organisation of the units of the Bologna Legion distributed throughout all the a/m provinces.

The Sub-Commission, with letter n. AC/14012/1/PS dated 31st January 1945, has approved the assignment to Ancona of the a/m Col. BONFANTI, who, however, for health reasons has not been able to move, and it is thought that he will not be able to take up service again in the near future, having undergone a serious surgical operation.

145A

Therefore this Gen.HQ., with letter n. 248 R.O., dated 11 instant, has requested the Sub-Commission to allow that Major LUCCI Renato, at present on duty at Ancona, go to Bologna in order to assume the temporary command of the GG.FF. Legion.

146A

It is necessary, however, that LUCCI return as soon as possible to his Ancona service station and being at the same time necessary that the Bologna Legion has its effective Commandant, it is my intention to assign there the Col. SISMONDO Giuseppe, who is at present performing duties at Bari. Col. SISMONDO is a superior Officer of very good capacities and has returned some months ago from Kenia, where he was P.O.W., having been captured in Abissinia in June 1941.

Therefore it is requested kindly to authorize the designation of SISMONDO to Bologna and to issue the relative "pass".

With the re-opening of the Bologna Legion the Ancona Legion will be definitely closed. The Bologna Legion will include the GG.FF. Centres of Bologna, Ravenna and Ancona.

OGGETTO: Situazione dei reparti dipendenti della Legione R. Guardia di

P R E S E N T E

Si fa presente che durante l'attuale guerra la Legione della R. Guardia di Finanza di Ancona venne trasferita a Bologna.

Liberate le città di Ancona, Forlì e Ravenna questo Comando Generale, in attesa della liberazione di Bologna, destinò ad Ancona il colonnello BONFANTI Difendente, col compito di iniziare da quest'ultima sede la riorganizzazione dei reparti della Legione di Bologna, dislocati in tutte le suddette province.

Codesta Sottocommissione, con foglio n. AC/14012/1/PS del 31 gennaio 1945, consentì l'invio ad Ancona del predetto colonnello BONFANTI, il quale, però, non ha potuto raggiungere la sua destinazione perchè infermo, e si prevede che non potrà riprendere servizio tanto presto, avendo subito una grave operazione chirurgica.

M E C C A N T E

Si fa presente che durante l'attuale guerra la Legione della R. Guardia di Finanza di Ancona venne trasferita a Bologna.

Liberate le città di Ancona, Forlì e Ravenna questo Comando Generale, in attesa della liberazione di Bologna, destinò ad Ancona il colonnello SCINTANTI Difendente, col compito di iniziare da quest'ultima sede la riorganizzazione dei reparti della Legione di Bologna, dislocati in tutte le suddette province.

Codesta Sottocommissione, con foglio n. AC/14012/1/PS del 31 gennaio 1945, consentì l'invio ad Ancona del predetto colonnello SCINTANTI, il quale, però, non ha potuto raggiungere la sua destinazione perchè infermo, e si prevede che non potrà riprendere servizio tanto presto, avendo subito una grave operazione chirurgica.

Per tale considerazione questo Comando Generale, con foglio n. 248 P.C. dell'11 corrente, ha pregato codesta Sottocommissione di consentire che il maggiore LUCCI Renato, attualmente in servizio ad Ancona, si rechi a Bologna per assumervi il comando provvisorio della Legione della R. Guardia di Finanza.

E' necessario, però, che il LUCCI rientri al più presto al suo posto di servizio in Ancona ed essendo nello stesso tempo urgente che la legione di Bologna abbia il suo comandante effettivo, avrei in ante-

./.

di destinarvi il colonnello SISMONDO Giuseppe, che attualmente presta servizio a Bari. Il colonnello SISMONDO è un ufficiale superiore di ottima capacità ed è rientrato qualche mese fa dal Marocco dove trovavasi quale prigioniero di guerra, essendo stato catturato in Abissinia nel giugno 1941.

Prego, pertanto, di dare il nulla osta per la destinazione del SISMONDO a Bologna e di rilasciare il relativo "pass".

Con la riapertura della Legione di Bologna s'intenderà definitivamente chiusa la Legione di Ancona. La Legione di Bologna comprenderà i circoli della R. Guardia di Finanza di Bologna, Ravenna e Ancona.

Subject appointment of a Colonel to Ancona.

With the liberation of most of the district of the R. Finance Guards Legion of Ancona, having to provide for the reorganization of the Units of the Corps who have felt most the war operations, This general Command considers it necessary to appoint Colonel Bonfanti Defendente to the said legion. He is actually at disposition in Rome. When the city of Bologna has been liberated it will be examined - with the aim of a greater efficiency of service - the expedience of transferring the Command of the Legion itself to this place.

Therefore we beg to let us know if you give the authorization for this appointment, if it is favourable, we beg you to release the relative "pass."

OGGETTO: Assegnazione di un colonnello ad Ancona.

Con la liberazione di gran parte della circoscrizione della legione della R. Guardia di Finanza di Ancona, dovendosi provvedere alla riorganizzazione dei reparti del Corpo che maggiormente hanno risentito delle operazioni belliche, questo Comando Generale ritiene necessario assegnare al comando di detta legione il colonnello BONFANTI Defendente attualmente a disposizione a Roma.

A liberazione avvenuta della città di Bologna sarà esaminata - ai fini di un maggior rendimento del servizio - l'opportunità di trasferire in quest'ultima sede il comando della legione stessa.

Si prega, perciò, di far conoscere se nulla osta a tale assegnazione e, in caso favorevole, si prega di voler rilasciare il "pass" relativo.

SUBJECT : Transfer of CG.FF from Foggia Province.

TO : H.E., Commanding General, Royal Finance Guards.

1. Recently it was proposed to transfer 54 CG.FF from Foggia Province. As a result of representations of this Sub-Commission their transfer was suspended.

2. This Sub-Commission has now received the views of the local Public Safety Officer who is of the opinion that it is undesirable to reduce the strength of CG.FF. in Foggia at this moment for the following reasons:

- (i) The present strength of CG.FF in the Province is 157 officers and men.
- (ii) Foggia has an exceptionally long coast line, owing to the Gargano Peninsula, and it is necessary to retain a reasonable strength of CG.FF. for customs duties.
- (iii) The area around St. Margherita di Savoia is one of the largest salt producing areas in Italy; 42 CG.FF. are necessarily employed supervising the production and distribution of the salt - if these Guards are removed the entire control of salt would disappear, and so would the salt.
- (iv) There is a very important and large scale sardine fishery and canning industry in the Province. This requires at least 12 Guards wholly or partly employed in the supervision of the canning factories which are State controlled.
- (v) In addition to the Guards supervising these canning factories, it is necessary for 4 Guards to patrol the lake of Verano in connection with the fishing regulations.
- (vi) At Foggia there is one of the largest paper mills in the country. This is also State controlled and is producing most of the paper for Rome. Fully employed at this mill are 13 CG.FF.
- (vii) CG.FF also supervise a large distillery in the Province.

(viii) Finally the presence of CG.FF. is required in connection with the very large olive oil industry, which is considered of extreme importance at this moment.

3. It is realised that you are fully aware of conditions in Foggia, and it is hoped that you will agree to retaining the present strength of CG.FF. in the Province.

SUBJECT: Transfer of GG.FF. from Foggia Province.

TO : Headquarters, Allied Commission.
(for attention of Lieut. Col. Wilcox,
Public Safety Sub-Commission).

1. Reference telephone message to you on 29 Oct 44 intimating that the GOC, GG.FF., had instructed the transfer of 54 GG.FF. from and the retirement of others in Foggia Province. We asked, in view of the circumstances existing, that this action be postponed - your representations to the GG.FF. Command secured the suspension.

2. In support of our request for continued suspension of the instructions, I would point out the following facts. It should be ~~noted~~ ^{noted} pointed out that at the present moment the total strength of the GG.FF. in this Province is 197 Officers and other ranks.

3. In the first place the existence of the Gargano Peninsular gives to Foggia probably a longer coastline than any other Province and thus it will be appreciated the GG.FF. in the coastal areas must be kept to reasonable strength to enable the normal customs duties to be carried out efficiently.

4. Then, the area around St. Margherita di Savoia is one of the largest salt producing areas in Italy; 49 GG.FF. are necessarily employed supervising the production and distribution of the salt - if these Guards are removed the entire control of salt would disappear, and so would the salt.

5. There is a very important and large scale sardine fishery and canning industry in the Province - this requires at least 12 Guards wholly or partly employed in the supervision of the canning factories which incidentally are State controlled.

6. In addition to the Guards supervising these canning factories, it is necessary for 4 Guards to patrol the Lake of Veranno in connection with the fishing regulations.

7. At Foggia there is one of the largest paper mills in the Country. This is also State controlled and is producing most of the paper for Rome. Fully employed at this mill are 13 GG.FF.

8. The Port of Manfredonia is very important to the communal life of this Province and 8 GG.FF. are required continuously for shipping inspections and normal customs duties.

9. Prior to concluding, it must be brought to notice that the GG.FF. supervise a large distillery in the Province, but what is of greater importance, is that their presence is required in connection with the olive oil industry - probably, this Province is the most important in the Region as regards this particular industry.

2. His work is by no means of a high order and he is not the type of officer to inspire the necessary will to do better amongst those under his command.
3. I cannot give concrete examples of his inability to do his job properly other than that after two months' gaoing into producing better results from his men, by both the Zone Commissioner and myself and puts the most ridiculous excuses forward when suggestions are offered for the production of a better standard of results, and although courteous almost to a fault, he cannot be said to be co-operative at all. He never comes to see me unless sent for although I am always stating the wish to see more of him.
4. I recently discovered that whereas he was submitting written reports to me weekly upon the results obtained by his CC.FF. Road blocks in which he stated he was employing about 30 men, it was a fact that he had no road blocks out. These reports were always negative. This has been remedied.
5. It is strongly recommended that a change of scenario would be of benefit to him and to the Force he represents in this Zone.

Dear

Rolph

At the special request of Colonel Chapman, the new Director of Public Safety, and of General Aldo Aymonino, Generale di Corpo d'Armata, I have been asked by them to communicate with you to ascertain the position in regard to Generale Conti, Comandante di Guardia di Finanza, who is in Florence.

I am very anxious not to tread on regional or Army corns, and therefore I am writing to you demi-officially.

Colonel Chapman and the General both want General Conti back on the HQ staff of the Guardia di Finanza in Rome. Can you send him down, or can you please tell me what the position is in his regard?

Trus Pincerly.

N. 362 R.O.

Subject : Transfer to General Hq. of R. Finance Guard
of Brigade General CONTI Riccardo.

To : A.C.C. Public Safety Sub-Commission - Rome.

With the liberation of the Florence city, the GG.FF. General in permanent service CONTI Riccardo has been recovered, who on 8 September 1943 commanded the III Zone stationed in Florence.

Since, at the present time, the number of the Finance Guards in the district of a/m Zone is very limited, the relative Command could continue to be directed by Col. PORZIO Beniamino, who is fully capable for said service.

I have, instead, in mind to dispose the transfer of General Conti Riccardo from Florence to the GG.FF. Gen.Hq., as technical element and adviser of the Commanding General for the solution of the urgent problems connected with the re-organisation of the units of the Corps and of the tributary services carried out by the same.

I beg this Sub-Commission to grant authorisation.

Rome, August 24th 1944.

The name of Cpt. Scibetta has been suggested by T. Lapiello, formerly on duty at the Finance Department, not on account of a special competence regarding his new appointment, but because the above mentioned T. Lapiello was acquainted with him.

Cpt. Scibetta is adjutant Officer at the "Accademia Allievi Ufficiali" that I have been authorized by the A.C.C. to open again. To the above mentioned Officer has been intrusted the task to teach professional matters.

It should be of great interest for the "Accademia" if the Financial Sub-Commission would desist from its request, because Cpt. Scibetta has a great experience on teaching.

His place could be taken by Cpt. Allasia Giovanni who is a very good Officer and up to this day disponible.

OGGETTO: Destinazione di ufficiali.

Il Capitano della R.Guardia di Finanza SCIBETTA Salvatore ha ricevuto direttamente, per mezzo d'un sottufficiale, l'ordine ^{verbale} di recarsi ad assumere servizio presso la Divisione Finanze.-

I giorni passati, dal 19 al 24 settembre 1943, a Salerno, presso il Comando della V^a Armata Americana, per dare particolari sulla linea difensiva tedesca di Cassino, e tutta la mia condotta successiva, dimostrano, con fatti e non parole, come la mia azione sia improntata alla più leale collaborazione con le Forze Armate Alleate.

Ma è mio dovere pretendere che il mio prestigio e la mia autorità di comandante siano salvaguardati, poichè senza autorità e prestigio non si comanda.

E' evidente, infatti, che la procedura di dare ordini diretti agli ufficiali, o di chiedere nominativamente ufficiali, nuoce alla disciplina senza giovare al servizio, poichè le designazioni nominative sono suggerite da ufficiali già in servizio presso i Comandi Alleati, al solo scopo di favorire i colleghi inferiori,

. / .

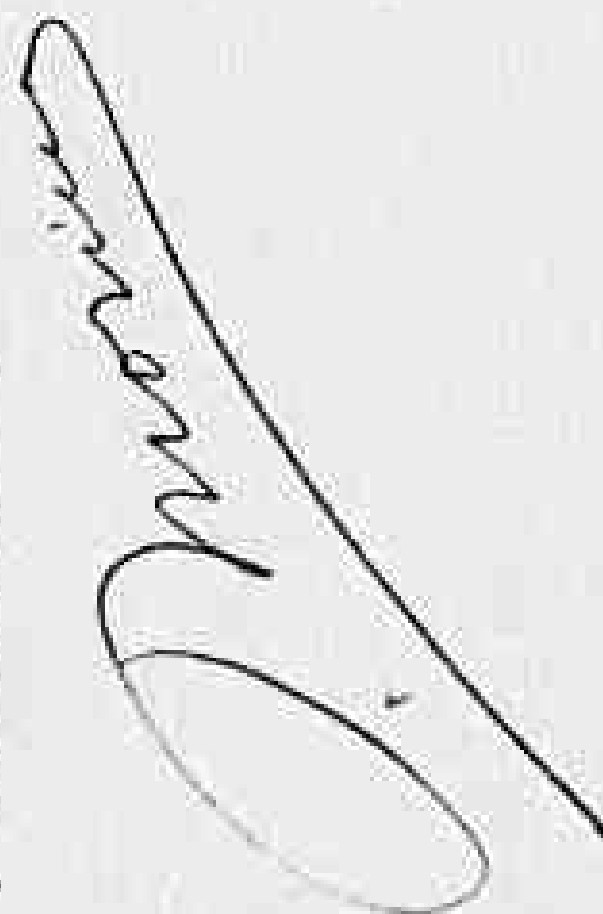

senza alcuna preoccupazione per il servizio.-

Il capitano SCIBETTA, p.es., ricopre un'importante carica presso l'Accademia del Corpo, la cui riapertura codesta A.C.C. ha testè autorizzato, e il suo allontanamento, nel momento attuale, data la sua attitudine per l'insegnamento, costituirebbe un grave danno.

Sarebbe perciò desiderabile, nell'interesse comune, che le Autorità Alleate, per ogni richiesta di personale, si rivolgessero a questo Comando, astenendosi dal far nomi. Sarà mia cura di scegliere, sotto la mia personale responsabilità, gli uomini che abbiano i requisiti necessari.

Nel caso specifico, nell'attesa che mi giunga richiesta regolare, ho ordinato al Capitano SCIBETTA di ritornare al suo posto.

2. Attention is drawn to para. 1(a) 1 of the instruction, ref 308/8/CA of 18 May 1944, issued by the RC & MC Section of ACC, relative to procedure to be adopted in dealing with such transfers. In the case of these transfers I was not consulted.

3. It is noticed that this Region is losing 3 Captains without any replacement in that rank.

4. I am obtaining the views of the Legion Commander on these many changes and will communicate with you again.

5. While it is the desire of this Division to consider sympathetically all applications for transfer, regard must be had to the question of efficiency bearing in mind the particular duties on which the individuals are engaged.

In occasion of a recent inspection at CCFF detachments, in the Sorrentina Peninsula, I noticed that the NERANO, PUOLO and EQUA brigades, are quite useless.

Each detachment consists of 4 or 5 men, who do not serve a useful purpose for the service, and avoid the disciplinary action by their superiors because they are in isolate places.

I request you to authorize me to abolish the three a/m brigades so ~~xx~~ that the said personnel could be employed in other detachments where the lack of personnel is a serious hindrance to the execution of a very important service.

In occasione di una recente ispezione ai reparti della R. Guardia di Finanza dislocati nella Penisola Sorrentina, ho constatato *l'* assoluta inutilità delle brigate di NERANO, PUOLO ed EQUA.

Trattasi di reparti costituiti da quattro o cinque uomini ciascuno, che non hanno attualmente un utile impiego ai fini del servizio, e che sfuggono all'azione disciplinare dei superiori, perchè siti in località isolate.-

Per utilizzare i militari che li compongono, in altri reparti dove la deficienza di personale costituisce un serio intralcio alla esecuzione di servizi importanti, prego autorizzarmi a sopprimere le predette tre brigate.-

3. It has also been explained to General Scobie that all questions of policy should be discussed with the Sub-Commission before orders are issued. Further, it has been made clear that no transfers of commissioned officers serving in military Government territories should be made without the approval of this AFSC.

As it appeared that these orders were in conflict with those recently issued from your Headquarters I requested him to let me have a copy.

3. Apart from being contrary to the orders regarding transfers which emanated from your Headquarters there are many other aspects which could be put forward against such a scheme.

I should be grateful if the Commanding General of the CG.FF could be informed of the distinction between Military Government and Italian Government territory as far as his supervision is concerned. Oggetto: Rotazione del personale nei reparti.
.....Indirizzi come essi.....

Per disambiguare i nostri militari ed ottenere un maggiore rendimento in servizio; per riabilitarli a quel dinamismo, indispensabile nei prossimi migliori eventi che ogni cuore di Italiano augura alla Patria; per interrompere il sistema tranteristico di vita che si è andato diffondendo nei nostri reparti, a tutto scapito delle qualità militari dei nostri uomini; per riaccendere lo spirito di sacrificio che è stato sempre un vanto della Fiamme Gialle, dispongo che, nell'ambito delle Compagnie, il personale della brigata sia destinato a turno a prestare servizio in sede diversa da quella abituale, secondo i seguenti criteri di rotazione:

1°) - tutto il personale di ciascuna brigata dovrà essere trasferito,

ad eccezione dei Comandanti di brigata e dei sottufficiali e militari incaricati speciali;

2°) - i trasferimenti saranno disposti dai Comandanti di Compagnia, e dimostrati presso ogni Compagnia su apposito registro da esibire

ai superiori in giro d'ispezione;

3°) - i trasferimenti saranno considerati temporanei, ma non mai effettivi tra brigate contigue, onde evitare che i militari liberi dal servizio tornino nell'ambiente da cui sono stati temporaneamente allontanati;

4°) - durata del servizio in sede diversa: un mese. I movimenti saranno disposti in modo che ogni militare resti fuori dal proprio reparto un mese su tre; e che alla ripresa del turno non ritorni a prestar servizio nella località precedente: ciò fino a quando non sia stata compiuta la rotazione in tutti i reparti della circoscrizione;

5°) - è fatto divieto assoluto di condurre seco la famiglia;

6°) - i trasferiti seguiranno ad essere amministrati nei reparti cui sono effettivi;

7°) - i militari che fossero cattiva prova nei reparti cui saranno temporaneamente trasferiti, o che cercheranno in qualsiasi modo di sottrarsi dai movimenti ordinati, saranno trasferiti definitivamente ed inseriti nel contingente di prima linea, onde evitare che i loro effettivi si disperdano nelle sedi nelle quali sono effettivi.

lità militari dei nostri uomini; per riascendere lo spirito di sacrificio che è stato sempre un vanto della Fiamme Gialle, dispongo che, nell'ambito delle Compagnie, il personale della brigata sia destinato a turno a prestare servizio in sede diversa da quella abituale, secondo i seguenti criteri di rotazione:

- 1°)- tutto il personale di ciascuna brigata dovrà essere trasferito, ad eccezione dei Comandanti di brigata e dei sottufficiali e militari ^{inferiori} cariche speciali;

I movimenti saranno disposti in modo che ogni militare resti fuori dal proprio reparto un mese su tre; e che alle ripresa del turno non ritorni a prestar servizio nella località precedente: ciò fino a quando non sia stata compiuta la rotazione in tutti i reparti della circoscrizione;

- 7°)- i militari che cessero attiva prova nei reparti cui saranno temporaneamente trasferiti, o che cercheranno in qualsiasi modo di esimersi dai movimenti ordinati, saranno trasferiti definitivamente in brigate disgregate e lontane dalle sedi nelle quali sono effettivi.

Se dai disposti provvedimenti non ne conseguirà un più fattivo rendimento nel servizio di ciascuna brigata, si porrà il trasferimento definitivo di tutti i componenti del reparto al scargo rendimento comandante compreso.

I trasferimenti di cui sopra saranno definitivi e immediati quando si tratti di sottufficiali e militari di truppa, che del servizio normale, sia della P.T.I., che non diano pieno affidamento comotta tenuta durante i noti eventi bellici; per capacità, e per serietà e correttezza in servizio. Ciò a prescindere dagli altri eventuali provvedimenti disciplinari che si renderanno necessari nel loro confronti.

No. 6496 ai prot.

SUBJECT : Rotation of Personnel.

TO : (Addresses omitted).

I order that within the limits of the companies the personnel of the brigades shall perform their duties in places which are distant from their homes on the rotation system. This provision aims at (a) taking our military men out of their spheres which would improve the service, (b) re-acustoming them to an active life indispensable for our great future which every Italian wishes for this Country, (c) interrupting the idle life which has diffused itself throughout our units to the injury of the men and the soldiers, (d) re-kindling the spirit of sacrifice which has always been the pride of the Yellow Flames (GC.FF.). The rotation of said personnel will be performed according to the following instructions:

1. -all the personnel of every brigade is to be transferred with the exception of the Brigade Commanders and Non-Coms and privates entrusted with special duties;
2. -the transfer will be arranged by the company commanders who will keep records in a special register to be shown to inspectors;
3. -transfers are to be considered as temporary, but never accomplished between brigades that are contiguous, so that the soldiers who are off duty cannot return to the place from which they were temporarily taken from.
4. -the duration of the service in another town is for a month. The movements will be arranged in such a way as to keep every military man out of his unit for a month each quarterly. The next transfer of a military man will not be arranged for the town where he was transferred previously until a complete rotation through all the units of circumscription has been carried out;
5. -it is absolutely forbidden to every military man to take his family with him, when transferred;
6. -transferred personnel will be administered by their regular unit;
7. -the military men who don't behave well at the units where they are temporarily transferred or try to avoid in any manner the ordered movements, will be transferred on a permanent basis to brigades which are burdensome and far from their regular brigades.

If by said provisions the service at all brigades does not prove to be more efficient, I will order the transfer on permanent basis of all members of the inefficient unit not excluding its commander. Said transfers will be carried out immediately and considered as permanent as far as non-coms and military men either entrusted with normal duties or belonging to P.T.I. are concerned, who cannot be trusted because of (a) behaviour during the recent war-events (b) incapacity (c) lack of trustworthiness and uprightness in the service. Said provision does not include any other disciplinary to be taken in each case.

1. -all the personnel of every brigade is to be transferred with the exception of the Brigade Commanders and Noe-Coms and privates entrusted with special duties;
2. -the transfer will be arranged by the company commanders who will keep records in a special register to be shown to inspectors;
3. -transfers are to be considered as temporary, but never accomplished between brigades that are contiguous, so that the soldiers who are off duty cannot return to the place from which they were temporarily taken from.
4. -the duration of the service in another town is for a month. The movements will be arranged in such a way as to keep every military man out of his unit for a month each quarterly. The next transfer of a military man will not be arranged for the town where he was transferred previously until a complete rotation through all the units of circumscription has been carried out;
5. -it is absolutely forbidden to every military man to take his family with him, when transferred;
6. -transferred personnel will be administered by their regular unit;
7. -the military men who don't behave well at the units where they are temporarily transferred or try to avoid in any manner the ordered movements, will be transferred on a permanent basis to brigades which are burdensome and far from their regular brigades.

If by said provisions the service at all brigades does not prove to be more efficient, I will order the transfer on permanent basis of all members of the inefficient unit not excluding its commander. HQ. GG.FF. IN LIBERATED ITALY.

No. 6496 di prot.

Salerno 3/5/44.

SUBJECT : Rotation of Personnel.

TO : (Addresses omitted).

I order that within the limits of the companies the personnel of the brigades shall perform their duties in places which are distant from their homes on the rotation system. This provision aims at (a) taking our military men out of their spheres which would improve the service, (b) re-acquainting them to an active life indispensable for our great future which every Italian wishes for this Country, (c) interrupting the idle life which has diffused itself throughout our units to the injury of the men and the soldiers, (d) re-kindling the spirit of sacrifice which has always been the pride of the Yellow Flames (GG.FF.). The rotation of said personnel will be performed according to the following instructions:

1. -all the personnel of every brigade is to be transferred with the exception of the Brigade Commanders and Non-Coms and privates entrusted with special duties;
2. -the transfer will be arranged by the company commanders who will keep records in a special register to be shown to inspectors;
3. -transfers are to be considered as temporary, but never accomplished between brigades that are contiguous, so that the soldiers who are off duty cannot return to the place from which they were temporarily taken from.
4. -the duration of the service in another town is for a month. The movements will be arranged in such a way as to keep every military man out of his unit for a month each quarterly. The next transfer of a military man will not be arranged for the town where he was transferred previously until a complete rotation through all the units of circumscription has been carried out;
5. -it is absolutely forbidden to every military man to take his family with him, when transferred;
6. -transferred personnel will be administered by their regular unit;
7. -the military men who don't behave well at the units where they are temporarily transferred or try to avoid in any manner the ordered movements, will be transferred on a permanent basis to brigades which are burdensome and far from their regular brigades.

If by said provisions the service at all brigades does not prove to be more efficient, I will order the transfer on permanent basis of all members of the inefficient unit not excluding its commander. TO : HQ. (Rear) ACC, Public Safety Sub-Commission.

52a refer

1. Owing to an unfavourable report concerning the above-named officer of the R. Guardia di Finanza, not warranting disciplinary action, I suggested to Col. Cechipinti, his Legion Commander, that he be transferred from Benevento to another district.
2. The Legion Commander agreed to transfer Capt. Sguera to Naples and wrote to the HQ. of the R. Guardia di Finanza of Liberated Italy, Salerno, for the necessary authority.
3. The G.O.C., R. Guardia di Finanza did not agree to the proposal but transferred the Captain to Gallipoli and is replacing him by another officer from Gallipoli.
4. While I have no quarrel with this decision, if you agree, inasmuch as other proposed transfers are pending, I should be grateful if the attention of the G.O.C. could be drawn to the fact that transfers from Region 3 should only be made with the approbation of Public Safety Sub-Commission of your HQ.

SUBJECT: Transfer of CC.RR and GG.FF Personnel.

TO : R.C.'s Regions I, II, III, IV, V, VI, VII, VIII, and IX.
S.C.A.O.'s 5th & 8th Armies.

1. The following procedure will be adopted in future in dealing with transfers of Carabinieri and Guardia di Finanza when such are required by their own Headquarters Command.

a. In Allied Military Government Territory.

1. Commissioned Officers

No CC.RR or GG.FF commissioned officer will be transferred without prior approval of the Public Safety Sub-Commission (Before approval is granted, the Public Safety Sub-Commission will obtain the agreement of the RPSO concerned).

2. NCO's

N.C.O's of the CC.RR and GG.FF will not be transferred without the consent of the Provincial Public Safety Officer, which will be obtained by the Group Commander of CC.RR or GG.FF. Such consent will not be withheld unless there are special circumstances making the transfer undesirable.

b. Italian Government Territory.

No transfer of Legion, Group or Company Commander of the CC.RR or GG.FF will take place without prior approval of the Public Safety Sub-Commission (The Public Safety Sub-Commission will be responsible that Regional Commissioners are informed in advance of such changes).

2. The CC.RR and GG.FF being National Services having Central Headquarters, will, subject to the above, maintain as far as possible the right to make transfers within their own organization. Regional Commissioners and Regional Public Safety officers will therefore consider sympathetically all application which may be made to them for transfer.

1. From time to time it is necessary for the HQ Commanders of the Carabinieri and Guardia di Finanza to make changes and adjustment of personnel throughout the whole of liberated Italy.

2. In the interests of all concerned I am sure it will be wise to have a definite policy for this procedure and accordingly I ask for the publication of the attached Regional letter which is in accordance with the principles of the appointment of Italian officials and which I have agreed with the Commanding Generals of the Carabinieri and Guardia di Finanza.

SUBJECT : Retirement of CC.FF. Col. FIORENTINO.

TO : Brig. Lush, Executive Commissioner.

1. I received from your Capt. Stewart a note from Major Ramsey, P.O. Messina, asking for the retention of Col. FIORENTINO of the CC.FF. saying that it was intended to replace him with a Colonel who ran away when the Allies invaded Sicily.
2. Recently the Commanding General of the CC.FF. made application to this Sub-Commission to retire the above-named who had been called from retirement into temporary service by A.M.G. since his predecessor Col. Ansiello, had been transferred to the main land, before the Allies landed in Sicily. It is now desired to return Col. Ansiello to his former Command.
3. This is part of a re-grouping scheme which is being carried out by the Commanding General CC.FF. who is of the opinion that Col. FIORENTINO is too old for further service.
4. The matter was referred to RPSQ Region who replied that since this Colonel had been recalled into service in consequence of the lack of superior officers at time of occupation, there was at present little need for the retention of his services. Accordingly the Commanding General was informed that he could proceed with this matter. The policy of this Sub-Commission is to allow the Commanding General CC.FF. considerable freedom of action in matters of personnel in unoccupied territory unless there exist strong reasons to the contrary.

It is suggested that:-

In any region of occupied Italy, when a vacancy occurs, whether by removal or otherwise, in any post for which there is not immediately available within the region a competent replacement of the same or next lower grade in the Italian Governmental service, the Regional Commissioner, through the RC and IG Section, will make known to the Sub-Commission which deals with the Governmental Agency concerned, the fact that such a vacancy exists.

The Sub-Commission concerned will consult with the appropriate Italian Ministry with a view to nominating for the vacancy a qualified person from the same or next lower grade. The nomination so made will be submitted to the Regional Commissioner through the RC & IG Section. The Regional Commissioners will normally accept such nominations unless cogent reasons to the contrary can be advanced.

In cases where a qualified person of the same or next lower grade is available within the Region and the Regional Commissioner appoints such person to fill the vacancy the appropriate Sub-Commission will be informed, and will advise the Italian Ministry accordingly.

The foregoing procedure will not apply to the Carabinieri Regali or to the Guardia di Finanza. Dispositions of personnel of these forces in unoccupied Italy will be made by the Commanding General thereof after consultation with the Public Safety Sub-Commission.

SUBJECT: Transfer of officers of the Guardia di Finanza.

In August 1943, the commander of Legion of R. Guardia di Finanza of Messina Colonel Giacomo Ausiello, was transferred from Sicily to Calabria. The English occupation command recalled from discharged ranks Colonel Luigi Fiorentino, entrusting him with the command of that part of the Legion still in Sicily.

As a consequence of all this, the Legion of Messina, which extends his jurisdiction also in Calabria, is now split in two parts, the one under the command of Colonel Fiorentino (Sicily) and the other under the command of Colonel Ausiello (Calabria).

As it is my intention to provide for the re-organization of the R. Guardia di Finanza throughout the liberated territory, I wish to adopt in the interest of service - the following measures.

- to discharge Colonel Fiorentino
- to restore Colonel Ausiello to the Command of the Legion of Messina of which he is the regular commander.
- to transfer Capt. Tognali Faustino from Cagliari to the Special Battalion " R " in Naples.

I am requesting permission for the discharge of Colonel Fiorentino, inasmuch as he was called up by the occupation authorities in Sicily.

As a consequence of all this, the Legion of Messina, which extends its jurisdiction also in Calabria, is now split in two parts, the one under the Command of Colonel Fiorentino (Sicily) and the other under the command of Colonel Ausiello (Calabria).

As it is my intention to provide for the re-organization of the R. Guardia di Finanza throughout the liberated territory, I wish to adopt in the interest of service - the following measures:

- to discharge Colonel Fiorentino
- To restore Colonel Ausiello to the Command of the Legion of Messina of which he is the regular commander.
- to transfer Capt. Tognali Faustino from Cagliari to the Special Battalion "R" in Naples.

I am requesting permission for the discharge of Colonel Fiorentino, inasmuch as he was called up by the occupation authorities in Sicily.

Prot. 3360

TO : Colonel Paul G. Kirk
Chief, Public Safety, Sub-Commission, ACC. Salerno

SUBJECT: Transfer of officers of the Guardia di Finanza.

In August 1943, the commander of the Legion of R. Guardia di Finanza of Messina, Colonel Giacomo Ausiello, was transferred from Sicily to Calabria. The English occupation command recalled from discharged ranks Colonel Luigi Fiorentino, entrusting him with the command of that part of the Legion still in Sicily.

As a consequence of all this, the Legion of Messina, which extends its jurisdiction also in Calabria, is now split in two parts, the one under the Command of Colonel Fiorentino (Sicily) and the other under the command of Colonel Ausiello (Calabria).

As it is my intention to provide for the re-organization of the R. Guardia di Finanza throughout the liberated territory, I wish to adopt in the interest of service - the following measures:

- to discharge Colonel Fiorentino
- To restore Colonel Ausiello to the Command of the Legion of Messina of which he is the regular commander.
- to transfer Capt. Tognali Faustino from Cagliari to the Special Battalion "R" in Naples.

I am requesting permission for the discharge of Colonel Fiorentino, inasmuch as he was called up by the occupation authorities in Sicily.

OGGETTO: Trasferimento di ufficiali della R. Guardia di
Finanza.-

^ ^ ^ ^ ^

Nell'agosto 1943, il comandante della legione R. Guardia di Finanza di Messina, colonnello Giacomo Ausiello, si trasferì, con altri comandi militari in ripiegamento dalla Sicilia, da Messina in Calabria.-

Il Comando inglese di occupazione richiamò allora dal congedo il colonnello Luigi Fiorentino, affidandogli l'incarico del comando di quella parte della legione che è in Sicilia.-

Conseguenza di questo stato di fatto è che la legione di Messina, che estende la sua giurisdizione anche nella Calabria, si treva scissa in due parti, delle quali una soggetta al colonnello Fiorentino (Sicilia) e l'altra soggetta al colonnello Ausiello (Calabria).-

Poichè sto provvedendo alla riorganizzazione della R. Guardia di Finanza nel territorio liberato, avrei in animo di adottare, nell'interesse del servizio, i seguenti provvedimenti:

- ricollocare in congedo il colonnello Fiorentino Luigi;
- restituire al comando della legione di Messina il colonnello Ausiello, suo comandante titolare, attualmente in Calabria, in attesa d'impiego;
- trasferire il capitano in S.P.E. TOGNALI Faustino da Cagliari al Battaglione Speciale "R" di Napoli.-

Ne informo codesta Commissione, chiedendo se non si osti nei riguardi del colonnello Fiorentino, trattandosi di provvedimento preso a suo tempo dall'autorità d'occupazione della Sicilia.-

IL GENERALE COMANDANTE
