VP. Another alternative to attaching a special "pass" officer to P.S. Section, is to enforce the words underlined in 275A. and that there should be an officer on the staff of each section who is personally responsible that every pass issued in his section is in order. This is in effect in this section (Mr. Reaker does it) and Econ Sec have stated that they are prepared to adopt the same system. It seems better to have responsibility in the section which is senior in the chain of command rather than in a junior officer of P.S. who is in no position of authority and would have to refer every error for correction.

1. The Regional Commissioner Umbria-Marche Region reports that a man, PACINI Giuseppe di Francesco, has arrived at PESARO. He was apparently a refugee from La Marmora Camp, Rome. He had no legitimate permit but produced a declaration, 2 copies attached, from La Marmora Camp. It appears that he was told that this declaration was sufficient and that he was entitled to travel on it.

2. Will you please point out to the Director of the Camp concerned that this practice is highly irregular and that it is necessary to obtain an AMG movement permit from the Region concerned before a person can travel into AMG territory.

Subject : Control of civilian movement.

To : A.C. Public Safety Sub-Commission - Rome.

With ref. to letter AC/14018/5 dated 28 Jan. 1945, we return the enclosed civilian movement permit n. 360326, reporting that from investigations carried out in this regard, it has appeared that the irregularities complained in the drawing up of the permit are due to the fact that it was released urgently and for an inclusive number of 19 persons, requested by the Superior Partisan Command, who provided for the withdrawal by a person of their personnel.

We assure the Commission that strict instructions have been given to the competent office, so that similar inconveniences will no longer take place, because otherwise severe measures will be taken against the responsible personnel.

The permit is returned.

1. Transmitted herewith is a copy of a pass issued by the Press Section of AFHQ., P.W.B., Naples, which purports to authorize four persons named on pass to travel from Naples to Florence and return, with motor vehicle 33544 NA.

2. The issue of civilian movement passes and motor vehicle circulating permits is a matter entirely for AMG/AC. The pass issued by the Press Section cuts right across all existing regulations relating to the Control of Civilian Movement, and the circulation of motor vehicles.

3. The persons named on the attached pass were arrested at Cecina for failing to produce standard Movement of Civilian passes. They were travelling in a truck laden with liquors.

4. The issue of unauthorized passes to places in the Army Zone is a great danger to security. It is considered desirable that AFHQ, P.W.B., should be requested to take appropriate steps to ensure that P.W.B. personnel throughout the theatre do not issue irregular passes in the future.

SUBJECT : Assignment of Officers.

FC : Man Power Committee HQ. A.C.

1. In consequence of several irregularities in the issue or Control of Civilian Movement Passes, the Executive Commissioner has decided that Public Safety Sub-Commission will be responsible for the issue of all passes emanating from this HQ for persons wishing to travel North of the Army Control line. This will cause much extra work by Public Safety Sub-Commission.

2. In addition, the work of the Licensing & Registration Division of P.S. Sub-Commission is continually increasing, both in connection with Military Travel Authorisations, and in view of the withdrawal of A.C. officers from Italian Government territory.

3. The officer now dealing with such matters is already overworked and it is desirable that he should have assistance now. When the new procedure of issuing passes is introduced, which will be as soon as possible, extra assistance will be essential.

4. There is no officer available in P.S. Sub-Commission to assist in this work, and it is therefore requested that the ceiling for Public Safety Officers at this HQ be increased by one, such officer to be appointed to assist in the Licensing & Registration Division.

1. Ref. letter AC/14018/5/PS . The pass in question was issued by me only five days after this H.O. opened. At the time there was a great volume of work going through this Office and many passes being issued.
2. I cannot recall the precise circumstances of the case in question, but I believe the F.S.S. brought the man to me. As they had no security objection and he had a valid pass from the Italian Naval Authorities, I issued him the movement per it.
3. It is regretted that the man's signature was not obtained on the pass, and that the SCAO's approval was not obtained. It appears from the Naval pass that he was sent up to make enquiries as to the whereabouts and wellbeing of sailors-families, and this must have seemed at the time a justification for the latter omission.
4. Forti's address was probably taken from his identity card.
5. It is pointed out that Pesaro itself is North of the Control Line, and thus it is in order to delete Authority to cross the Line, when issuing a pass for Cesena.

Estratto del regolamento di disciplina militare per i corpi della R. Marina

308. — I militari del C. R. E. M. in licenza nel Regno, devono vestire sempre la divisa. Però i sottufficiali sono autorizzati allorché sono in licenza, a vestire l'abito civile.

I sottufficiali di 1^a, 2^a e 3^a cl. ed i secondi capi anziani con 12 anni di servizio nei viaggi per recarsi in licenza e farne ritorno, possono far uso dell'abito civile; però nelle presentazioni ad autorità militari devono sempre indossare la divisa.

In nessun caso i sottufficiali potranno conservare abiti borghesi a bordo o nell'interno di caserme e stabilimenti.

Le autorità militari marittime ed in mancanza di esse i comandi del Presidio del R. Esercito potranno vietare l'uso dell'abito civile ai sottufficiali in licenza, che non tenessero buona condotta.

I sottufficiali e militari del C. R. E. M. nelle 24 ore successive al loro arrivo nel sito di licenza, devono presentarsi all'autorità militare marittima locale; in mancanza di questa alla capitaneria o all'ufficio di porto se retto da un ufficiale di porto, o al distretto militare od ai Reali Carabinieri. Così all'arrivo come alla partenza, devono far vidimare il biglietto di licenza, dalle predette autorità ed uffici.

309. — I sottufficiali e militari in licenza non possono ritardare il ritorno alla loro destinazione col pretesto di attendere risposta ad una domanda di proroga in corso.

Essi non possono eccedere la licenza loro concessa senza giustificata causa di malattia, o senza legittimo impedimento che risulti da documenti.

310. — I sottufficiali e militari del C. R. E. M. che hanno bisogno di proroga di licenza devono in tempo debito rivolgere all'autorità che ha concesso la licenza la do-

manda di proroga e i documenti giustificativi autenticati dalle autorità locali indicate all'art. 308. Queste possono, in caso di necessità, concedere qualche giorno di proroga di licenza in attesa della risposta alla domanda, ma devono tosto avvisarne l'autorità dalla quale i militari dipendono.

I sottufficiali e militari del C. R. E. M. che per causa di malattia non possono far ritorno alla loro destinazione al termine della licenza, devono darne avviso in tempo debito alle predette autorità locali, le quali devono curare che essi siano riservati nell'ospedale militare o nel più vicino ospedale civile. Quando il trasporto all'ospedale di un militare malato può riuscire nocivo alla sua salute, le stesse autorità locali gli concedono di curarsi in casa e di tempo in tempo riferiscono circa l'andamento della malattia all'autorità dalla quale il militare dipende ed appena questi è in grado d'intraprendere il viaggio lo inviano alla sua destinazione.

311. — Quando un sottufficiale o militare del C. R. E. M. che si trova in licenza, non serba condotta buona e decorosa, l'autorità indicata all'art. 274 può fargli sapere di far ritorno immediatamente alla propria destinazione ed in circostanze eccezionali può anche farvelo tradurre, riferendone senza ritardo all'autorità dalla quale il militare dipende.

312. — I sottufficiali e militari del C. R. E. M. in licenza devono secondo i casi, essere provveduti dei biglietti conformi i Mod. 18 e 19, e mostrarli al R.R. (C.) ed alla ronda.

313. — Il Ministero ha facoltà di far cessare qualunque licenza prima del suo termine ogni qual volta esigenze del servizio lo richiedano.

I am giving the due explanation requested with note pers.res.

A.M.G., in consequence of my journey to Leghorn:

= When I joined Piombino, during one of my journeys (January the 1st)
I thought to draw advantage of the neighbouring town of Leghorn, in or-

of that Provincial Command U.N.P.A. after the Germans' chase, not having
been able to get in touch with the said Command by correspondence.

But as my permission allowed me to travel only at south of the

But as my permission allowed me to travel only at south of the

During that pass of my journey, I had in my car Mr. Vecchiotti Tur-
lio and Mr. Mandel Vittorio, who, belonging to the "National Liberation
Committee of Piombino", had asked a passage. They were of course pro-
vided, as myself, with regular prescribed travelling documents.

At Quercianella, where we stopped the night, I met Cap. Forster,
who, after having examined my documents and understood that I was di-
rected to Leghorn, in order to get informations of that U.N.F.A. Com-
mand, suggested me to address myself to Major Makenzie.

./.

The next morning in fact, I went to the office of Major Makenzie with Mr. Bacci, a friend of mine, who knew that officer, but he was absent.

I went back again in the afternoon, but being the Major still absent, I decided to talk to his substitute, a Captain, whose name I don't remember. After having given me some vague indications he advised me to go to No 1 Via Roma, where the chief of that office would have given me all informations I wanted.

The Captain who received me on Major Makenzie's place, as his lady interpreter, will certainly remember my call.

Always accompanied by Mr. Bacci, I called immediately at No 1 Via Roma, where a gentleman, known by my friend, whose name unfortunately I don't remember, but won't be difficult to find out, declared to be perfectly informed about the Provincial Command U.N.F.A.; so I had been able to get all those informations which I wanted and he adjourned about the matter, which, after a few days formed the object of a letter sent by the local Prefecture.

I was free only at 6 p.m.-

I didn't find it necessary to go to the Vigili del Fuoco, because I was already informed about what I wanted to know.

As I said, either during my call at Major Makenzie's office, or that at the office of No 1 Via Roma, I was accompanied by Mr. Bacci Giovenni (living at No 101, Via del Littorio, Antignano), who knows exactly the names of the people with whom I had an interview. In order to facilitate the inquiry in course and to attest what I affirm, I have written to Mr. Bacci, so that he might let me know the names of the per-

As I said, either during my call at Major Mackenzie's office, or that at the office of No 1 Via Roma. I was accompanied by Mr. Bacci Giovanni (living at No 101, Via del Littorio, Antignano), who knows exactly the names of the people with whom I had an interview. In order to facilitate the inquiry in course and to attest what I affirm, I have written to Mr. Bacci, so that he might let me know the names of the persons in question, asking him also to call at them in order to remind them my visit.

I didn't know that, the permission given me by the Allied officer of Piombino, in order to join Leghorn, was not sufficient; neither I thought, that for assuming simple informations in interest of the Organisation on my charge, I wanted a special authorisation granted

1. I regret to state that there is no record of the communication referred to in para. 1 of your letter AC/14018/5/PS dated 14 Feb 45, having been received in this Division.

2. However, in regard to the particular information requested in that paragraph, it can be said that the practice has been for applications for passes to the Army Zones received by Questori in this Region to be sent through Zone P.S.O's to the S.C.A.O's for approval.

PUBLIC SAFETY SUB-COMMISSION
ALLIED COMMISSION.

18th February, 1945.

MEMORANDUM.

To the Director of Public Safety.

During a recent tour of Army and Military Government territory all Public Safety Officers complained of the number of passes being improperly issued. This particularly applied to passes authorizing civilians to cross the Army Control Line.

Although many irregular passes had been issued by Civil Affairs Officers in the field, by Allied organisations, such as P.W.B., and by Questori, the greatest offenders were officers attached to Headquarters Allied Commission. The Public Safety Officers of 5th and 8th Armies were gravely concerned at the danger to Army security caused by sending civilians into Army area without being properly checked and for reasons which had no connection with the war at all. Colonel Bowman, Regional Commissioner for Emilia, personally asked that strict measures be taken to control the issue of passes at Headquarters Allied Commission.

The regulations governing the issue of passes are very clearly set out in Executive Memorandum 77. It is evident that many officers at Headquarters who issue passes, have never heard of this Memorandum or have never bothered to read it.

As far as Headquarters is concerned the regulations are:

Executive Memorandum 77 paragraph 10.

The method of issuing passes to Government officials of the Central Italian Government will be as follows:-

In the case of the Political Section, independent Sub-Commissions and Public Relations Branch, passes approved by them will be forwarded direct to the Secretary General for signature. The Secretary General's Department is now extinct but the work has been undertaken by the Liaison Division. This Division has no means of checking the purpose of the proposed visit but has to rely on the endorsement as set out above.

It is clear that this system has not proved satisfactory owing to the irresponsibility of some officers at Headquarters and their lack of appreciation of the security issues at stake. To remedy the situation it is recommended:-

- 1) that all applications be checked by one officer specially selected for this purpose who will be the only person entitled to sign passes. This officer should have full power, on behalf of the Chief Commissioner to reject applications which do not justify travel north of the Control Line.
- 2) disciplinary action should be taken against officers who issue passes not in conformity with the regulations. In the past officers have ignored the regulations with impunity. Unless disciplinary action is taken it is pointless to try to enforce the control of civilian movement.

The Sub-Commission most directly concerned with the control of civilian movement and security is the Public Safety Sub-Commission and if the above recommendation is adopted it would seem that the officer nominated to deal with passes should be attached to Public Safety Sub-Commission. Major Ballance, who amongst many other duties, is concerned with civilian movement, is already overworked and could not undertake extra duties. In fact the volume of work in connection with Military Travel Authorisations is growing daily. It is therefore recommended that an additional officer (preferably of the rank of Captain) should be attached to Headquarters to deal with the issue of passes. Military Travel Authorisations, if he is not then fully occupied, to relieve Major Ballance and to undertake his work in case of his absence. Officers suitable for dealing with passes are Captain Wilson (now attached to Regional Headquarters in Rome) and Captain Fielding (now in Toscana Region) both of whom have had considerable experience of this work.

This territory approximately covers the Army and Corps areas.

Details concerning the Rear Army Control Line and the Restricted Line are given in Appendix "A" to this memorandum. Details of these lines must be publicized locally from time to time. This will be an AMG/433 responsibility.

(iii) Directors of Sub-Commissions and Branches, HQ AGC may make applications for passes for civilians to enter the Army Zone direct to SCAG Fifth or Eighth Army, or the Provincial Commissioner concerned.

(iv) Officers dealing with such applications should complete standard passes (provided they are satisfied with the sufficiency of the reasons for such travel, see sub-paragraph (v) below), and forward them together with the application to the SCAG/AGC of the destination for approval, signature and return.

(v) The issue of passes will be strictly limited to those cases where the journey will directly benefit the Allied cause, and applications must not be forwarded to SCAG's Armies or Provincial Commissioners except in such cases.

(vi) Where, in cases of extreme urgency, the procedure outlined in sub-paragraph (a) (ii) would be impracticable owing to the time factor, the passes may be issued at the point of departure providing prior approval is obtained from the SCAG or P.C. concerned by signal or telephone. In such cases details of the issue of such passes

will be forwarded immediately to the SCAG (or Provincial Commissioner) of the area of destination. The back of every such pass issued will bear the following endorsement:

"I hereby certify that prior approval for the issue of this pass was obtained from....., and that a copy of the pass has been forwarded to..... in accordance with Executive Memorandum No. 77.

(vii) When the SCAG Fifth or Eighth Army request the presence of a civilian in the Army and Corps areas, Sub-Commissions dealing with this matter will apply to the Adjutant for travel orders for the person concerned.

(viii) Attention is drawn to AGC Letter 309/102/CA of 29 July 1944 as to AGC Officers visiting Army and Corps Areas.

b) Restricted Zone and Restricted Line.

(i) No civilian may travel from one province to another or cross the restricted line unless in possession of a pass.

(iii) In Italian Government territory passes to places South of the Rear Army Control Line will be issued by the Questore at the point of departure. Regional Commissioners will supply Questori with the necessary "Movement of Civilian" passes for this purpose. Regional Public Safety Officers will ensure that Questori are familiar with these instructions, and that passes are issued only in accordance with them.

(iv) In AGC Territory in the Restricted Zone, Provincial Commissioners may authorize specified approval officers of the Questore and CC.MR. to issue passes for travel south of the Rear Army Control Line.

(v) It is emphasized that civilians wishing to cross the Rear Army Control Line must be in possession of passes issued by SCAG Provincial Commissioners within the Army Zone.

c) Restriction of travel between Sicily, Sardinia and the Mainland.

Passes may be issued as under sub-paragraph (b).

d) Commune of Naples.

(iii) The issue of passes will be limited to persons who show good and sufficient reason why they wish to travel, whether on official matters, business or family grounds.

Regional Commissioners will supply Questori with the necessary "Movement of Civilian" passes for this purpose. Regional Public Safety Officers will ensure that Questori are familiar with these instructions, and that passes are issued only in accordance with them.

(v) In AMG Territory in the Restricted Zone, Provincial Commissioners may authorize specified approval officers of the Questore and CC.MR. to issue passes for travel south of the Rear Army Control Line.

(vi) It is emphasized that civilians wishing to cross the Rear Army Control Line must be in possession of passes issued by SCAO Provincial Commissioners within the Army Zone.

c) Restriction of travel between Sicily, Sardinia and the Mainland.

Passes may be issued as under sub-paragraph (b).

d) Commune of Naples.

Freedom of Movement exists between the Commune of Naples and the surrounding Italian Government territory subject of course to the general instructions contained in this memorandum.

7 Passes.

a) Form of Pass.

The standard form of civilian pass (yellow with blue duplicate) will be used. No other form will be recognised, with the exception of the authorization mentioned in para 8 below.

b) Completion of Pass.

It is necessary that uniformity shall be observed in the wording of facilities granted and therefore the following instructions will be strictly observed:

- (i) Passes will be completed in ink or typewritten - pencil will not be used.
- (ii) The identity card number of the bearer will be endorsed on every pass at the time of issue.
- (iii) All amounts, weights, sizes, involving the use of figures will be written in words as well as figures.
- (iv) The precise nature of the journey must be clearly defined, and the nature and quantity of goods to be carried must be stated.
- (v) No pass shall be issued in one province to enable persons to purchase "unassess" foods in another province without the prior approval of the Provincial authorities concerned.
- (vi) Particulars of motor vehicles will not be recorded on the passes unless a motor vehicle circulating permit covering the use of the vehicle has already been issued for the journey in question.
- (vii) Permission to travel during hours of curfew will be granted only in exceptional circumstances.
- (viii) The limit of availability of the pass shall not exceed the minimum of time necessary to complete the proposed journey and to transact the applicant's business. If unforeseen circumstances render an extension necessary the officer amending the pass will advise the original office of issue of his action. All amendments to, or amendment upon, passes (e.g. with regard to extension, validity or duration) will be made on the back of the pass, and ordered simply and clearly so that no question of ambiguity arises. In the case of the Army areas, however, passes will not be made out for indefinite periods nor for more than one specific journey.

8

Emergency Passes issued by Military.

It has been agreed with ~~and~~ that if a responsible Allied Military authority has occasion to employ a civilian on a particular operational or intelligence task requiring the issue of a pass and if it is impracticable, owing to the time factor or other circumstances for the appropriate JOC/AMC pass to be obtained, the military authority concerned may make out a temporary pass for the purpose. There will rarely be occasion for this type of authorization.

9

Issue of Travel Tickets.

(viii) The limit of availability of the pass shall not exceed the minimum of time necessary to complete the proposed journey and to transport the applicant's baggage. If unforeseen circumstances render an extension necessary the officer issuing the pass will advise the original office of issue of his action. All amendments to, or endorsement upon, passes (e.g. with regard to extension, validity or duration) will be made on the back of the pass, and noted simply and clearly so that no question of ambiguity arises. In the case of the Army areas, however, passes will not be made out for indefinite periods nor for more than one specific journey.

8 Emergency Passes issued by Military.

It has been agreed with the fact that if a responsible Allied Military authority has occasion to employ a civilian on a particular operational or intelligence task requiring the issue of a pass and if it is impracticable, owing to the time factor or other circumstances for the appropriate A.C.C./M.G. pass to be obtained, the military authority concerned may make out a temporary pass for the purpose. There will rarely be occasion for this type of authorization.

9 Issue of Travel Tickets.

Allied Control Commission officers will ensure that transport tickets are not issued by the railway authorities or other travel agencies to places within restricted areas unless the persons applying for tickets are in possession of a proper pass to their intended destination.

10 Italian Government officials.

(a) Government officials of the Central Italian Government.

The method of issuing passes to Government officials of the Central Italian Government will be as follows: The official will apply to the corresponding A.C.C. Section, Sub-Commission or Branch for a pass. If approved, Sub-Comms or Branches of the Administrative, Economic and M.C. & M.G. sections, will forward the passes in duplicate through their sections, to the Secretary-General for signature. In the case of the Political Section, Independent Sub-Comms and Public Relation Branch, passes approved by them will be forwarded direct to the Secretary-General for signature. All passes will be made out in duplicate on the standard yellow and blue forms, and the duplicate will bear the following endorsement, before they reach the Secretary-General:

The facts set forth in the application for this pass have been verified and the provisions of Executive Memorandum No 77 have been fully complied with.

(b) Special passes for Ministers of the Central Italian Government.

Passes for Ministers of the Central Italian Government will be prepared by appropriate Sub-Commissions and Branches (in duplicate) and forwarded through their Section to the Secretary-General for signature. Standard 43C yellow and blue passes only will be used, and they will cover movement anywhere south of the Rear Army Control Line. They will be valid for a period of three months, expiring 31 March, 30 June, 30 September and 31 December, and will bear the following enforcements:

"S..... (designation of office) is hereby authorized to proceed to any part of Italy south of the Army Control Line. He should be given every facility and courtesy".

After signature by the Secretary-General the passes be forwarded by him to HQ AMI, GSI (b) for counter-signature.

11 Italian Military Personnel.

The movement of members of the Italian Armed Forces is unrestricted provided they are on duty, in possession of proper credentials, and subject to certain regulations which have been laid down by the Allied Military Authorities (with which the Italian Military Authorities are, conversant). The Italian Armed Forces when not on duty, e.g. when on leave, are subject to the same restrictions as civilians.

In the case of Italian Armed Forces moving north of the Rear Army Control Line, the credentials will be countersigned by JAGL, AGC or AMIA Liaison Officers, General Staff, (SR) or G-2 or G-3 Sections (US). The countersignature will be accompanied by the office stamp of the officer countersigning.

Immobilisation papers will be regarded as proper credentials for movement south of the Rear Army Control Line for the original journey home on discharge.

The Italian Supreme Command has instructed Italian Service Commanders that, in the case of Italian Military personnel:

- (2) military leave passes to places requiring movement passes will be issued only after the civilian movement pass has been obtained and the two passes can be issued together.

After signature by the Secretary-General the passes be forwarded by him to HQ AL, Gsf (b) for counter-signature.

(b) Leave will not be granted to places in the Army Zone.

(c) Movement passes will be obtained from the Allied Control Commission or the Quarters by the Commanders concerned under arrangements made with local AGC officers.

12

Vatican Officials and the Diplomatic Corps.

Applications for passes from Vatican Officials and the Diplomatic Corps will be sent by the Liaison Officer, HQ AGC and Political Section, respectively, in the manner outlined in paragraph 10 (r).

(b) Journalists.

Some 2500 Italian journalists are issued by the Public Relation Officer, HQ 400, with a green card "PRESSO IN RICONOSCIMENTO". This card bears an endorsement on the back to the effect that "the bearer is permitted to travel in liberated Italy to circulate after curfew and to enter official premises assigned by Allied Control Commission in liberated Italy. This card does not apply to army areas. This passport and endorsement will be considered to be the equivalent of the standard pass in the Restricted and Free Zones, but a standard pass will be required in addition to the passport to enter the Army Zone.

Semi-permanent Passes.

In the case of persons living near a Provincial boundary and whose place of employment is in, or partly in, an adjoining Province or Provinces, a semi-permanent pass may be issued and such passes shall expire on 31 March, 30 June, 30 September and 31 December annually, and then become renewable upon further application. Such passes may also be issued to all persons who have sufficient reason for frequent travel between Provinces. This provision will not apply to Army Areas.

Military Travel Authorization (to travel outside Italy).

Application will be dealt with in accordance with Executive Memorandum No 61 dated 25 May 1944.

Refugees.

Passes must not be issued to refugees except when coordinated with Regions concerned, or in accordance with policy laid down by Refugee Branch, HQ 400.

Check Posts.(c) In Allied Military Government Territory.

In the Army Zone and in territory administered by Allied Military Government every effort will be made to enforce the above regulations by means of a widespread system of "manip" check posts, which will be established for a few hours daily at irregular times and at varying points. The responsibility of arranging such checks will rest with the Military Security Authorities.

The object of these check posts will be:

- (i) to turn back those seeking to move outside the prescribed limits without a pass.

- (ii) to take action against those who have committed serious and flagrant

Passes must not be issued to refugees except when coordinated with Regions concerned, or in accordance with policy laid down by Refugee Bureau, HQ. CC.

16 Check Posts.

(a) In Allied Military Government Territory.

In the Army Zone and in territory administered by Allied Military Government every effort will be made to enforce the above restrictions by means of a widespread system of "snaps" check posts, which will be established for a few hours daily at irregular times and at varying points. The responsibility of arranging such checks will rest with the Military Security authorities.

The object of these check posts will be:

- (i) to turn back those seeking to move outside the prescribed limits without a pass.
- (ii) to take action against those who have committed serious and flagrant breaches of the regulations.
- (iii) to question or detain for investigation persons whose conduct or "history" is suspicious.

(b) Italian Government Territory.

In the territory administered by the Italian Government a similar system of "snaps" check posts will be established. In this instance, however, the objects will be limited to:

- (i) briefly questioning those passing the point with a view to discovering suspicious individuals who should be subject to further interrogation and investigation, and
- (ii) instilling a sense of insecurity in the minds of agents or other unsuitable individuals so that they may hesitate to move about or even abandon their mission.

(c) Organisation and Composition.

This system of check posts will be organized by Army, Corps, District and Base Section Headquarters and not by AMG/ACC, both in Military Government and Italian Government territories.

These check posts will normally be manned by appropriate combinations, according to circumstances of FSP/CIC, SIM (CS), CC RE and Guardia di Finanza.

Every effort will be made by Allied Control Commission Officers to ensure the fullest co-operation of the Italian Police in connection with these duties.

Any future alterations to these regulations, which are now to be considered as standard, will be issued in the form of amendments to this memorandum.

TO : Super Garage.

1. A report has been received in this office from the Public Safety Sub-Commission, reference Cenciarelli, Lorenzo, listed as a car washer in the Super Garage.

2. Cenciarelli was picked up recently in the restricted zone of SIENA very close to the Army Zone without a Movement of Civilian pass and apparently without permission to absent himself from his work.

3. Circulating in that area without a pass is a very serious offence and, further, he apparently talked the civilian authorities into releasing him by showing his AC building pass. (The pass was confiscated and is now in this office.)

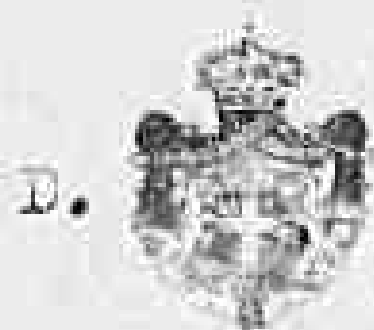

4. It is further reported that when picked up he was wearing an American military herringbone twill suit. This is a further violation inasmuch as these suits may only be worn by Italians when they are dyed a different color.

5. In view of the above, it is felt that Cenciarelli should be discharged.

2. It appears that CENCIARELLI was in the Province of Siena for the purpose of purchasing goods without being in possession of a Movement of Civilian Pass, and, apparently, without permission to absent himself from his work at the Super Garage. He was wearing an American military herring bone twill suit.

3. It will be noticed that the card issued to Cenciarelli does not bear his signature.

- (a) Forti's address is given as Naples.
- (b) Authority to cross the Army Control Line has been deleted although the Cesena is located north of the line.

2. With regard to the issue of this pass, Finance Sub-Commission, this Headquarters, writes as follows:-

"Signor Pesenti, now Minister of Finance, says that the note he signed for Tassinari was intended only to serve as an authority for the latter to obtain the car from the garage proprietor at Forlì, and that he, the Minister, is well aware that he is not empowered to authorize civilian movement in Army areas.

The removal of the car is in order. It is a pity though that both man and car were not detained. The officer who saw Pesenti is of the opinion that it was a deliberate move to avoid control, possibly from a fear that if an application for a pass had been made in the usual way, the car might have been requisitioned.

In the absence of proof no further steps can be taken in the matter."

1. Reference your letter AC/I40I8/5/PS of 11 January 1945.
2. Enquiry has elicited that the pass in question was issued from a block of passes supplied from this office to the O/C N°1 S.C.I. Unit for issuance to civilians travelling in connection with S.C.I. duties.
3. The matter was, therefore, referred to this Unit and a letter of explanation - copy attached - has been received from them today.
4. It is obvious that this pass was not issued strictly for S.C.I. duties and the O/C N°1 S.C.I. Unit is, therefore, being asked to see that no further passes of this nature are issued and also to ensure that in future no pass for movement into Army Areas is issued without prior approval of the S.C.A.O of the Army concerned.

2. Amodeo wrote out attached and instructed her to see the M.P. at the road block at Pesaro for instructions on how to get to Ancona. The M.P. sent her to a Major at the Prefettura Pesaro for a pass. The Major retained the purported attached pass paper and refused to issue an authentic pass.
3. Amodeo states that it was ^{the} practice in Region IV, his previous post, to assist members of Italian Army families to travel on necessary business by issuing a similar paper to the attached.

MINISTRY OF INTERIOR

3 Feb. 1945
N. 442/1246

Subject : Control civilian movement.

To : A.C. Public Safety Sub-Commission - Rome.

With ref. to the letter AC/14018/5 dated 2 Jan. 1945, we return the 2 civilian travel permits n. 385926 and 385927, informing you that they have been issued by the Rome E. Questura, for health reasons, as by medical certificates of dr. Achille Papa, duly legalised.

The a/m office refers that the declarations made by the titulers of the two permits are not true, i.e. that they were advised to have these permits issued for Casale Marittima and to ask afterwards for their extent up to Leghorn.

We add that this Ministry has contacted all Prefectures of liberated Italy in order to verify whether permits have been issued to localities nearby the control line, without exact justification.

From the replies received up to the present time, it does not appear that such permits have ever been issued.

We reserve us to report to the Commission the positive replies which will eventually be received in this regard.

1. On Friday 12 January 1945 at about 2100 hours, some 15 miles South of Livorno, an officer attached to this office stopped an 1100 Fiat Saloon Car with U.N.P.A. number plates. The following were the occupants:-

BARONTINI, Italo
BALDINI, Domenico
VECCHETTI, Fulvio
MANDEL, Vittorio

2. Their papers appeared in order and were issued by the Questore of Rome and were made out to take them to Piombino where they were extended to cover Livorno.

3. The supposed purpose of their journey was examination of U.N.P.A. conditions in Livorno Province.

4. Captain Forster instructed them that on no account were they to operate in Livorno without first obtaining the permission of Major Mackenzie, P.P.S.O. Livorno whose address he gave them.

5. They did not call on the P.P.S.O. to obtain his approval nor did they visit the Comandante of the Fire Service who is the only Italian in possession of U.N.P.A. details.

6. May enquiries please be made of the Ministry of the Interior as to what these men were doing in A.M.G. territory and advising them that only with the prior permission of this H.Q. may their officials operate in this area.

7. It will be appreciated if the Ministers explanation could be forwarded to this office.

SUBJECT : Irregular issue of Travel Permits

TO : AFHQ, G-5 Section.

1. Transmitted herewith is pass issued by E.N.S.A. which purports to authorize two civilians to make a journey from Florence to Bari, and return, with motor vehicle 4525 BA.

2. The issue of civilian movement passes and motor vehicle circulating permits is a matter entirely for AMG/AC. The pass issued by E.N.S.A. cuts right across all existing regulations relating to the Control of Civilian Movement, and the circulation of motor vehicles.

3. It is considered desirable that E.N.S.A. should be requested to take appropriate steps to ensure that E.N.S.A. personnel do not issue irregular passes in the future.

1. With reference to letter of explanation NZ/PS/P.S., dated 19 January, 1945, copy to you, submitted by the ZPSO, Naples Zone, in connection with the issue of a pass to VOLPI Renato to enable him to proceed into the Army Zone. The pass was issued without the prior approval of the S.C.A.O., AMG Fifth Army.

2. The steps taken by the ZPSO to check the bona fides of Volpi are appreciated at this Headquarters, but the reasons for the issue of the pass without reference to the S.C.A.O., AMG Fifth Army cannot be accepted. In the case of applications which are particularly urgent, approval should be obtained by telephone or signal.

3. Capt. Hobbs will be instructed that Movement of Civilian Passes must not be issued except in accordance with the instructions contained in Executive Memorandum No 77 dated 31 August, 1944.

5803

4. With regard to paragraph 3 of the explanation referred to in paragraph 1, the period of four to six weeks which is said to elapse before approval for a pass can be obtained from S.C.A.O.'s Armies is excessive. Before, taking the matter up with the SCAO's, a report will be submitted as to whether applications received by the questors are channelled through your Headquarters to the S.C.A.O.'s concerned.

30 Dec 44.

GAMBERINI Guido fu LIVIO, present address Viale Oriani 3, FORLI. Identity Document UNUC/28982 presented himself at this Office this morning requesting a Nulla Osta for the purpose of obtaining Ration Cards.

He produced his Identity Document, stated he had come from MONTEVALVO IRPINO (Prov. AVELLINO); that he had been granted a travel permit by the P. S. at AVELLINO to travel as far as ANCONA. At ANCONA he had requested a permit to come to FORLI, but this had been refused, but in spite of this he had made the journey and had arrived in FORLI on 29 December.

When he was informed that he would be imprisoned and charged with a travel offence he produced the attached Permit No. 453191 issued by AMG, ANCONA. When asked why he had not produced the Pass in the first place he stated that he was afraid that we might confiscate it and he would not be able to return to ANCONA which he wanted to do in order to buy a Fiat truck.

It was noted that the Permit had been made out for 2 persons, while the Identity Card No. was only given for one of them; that 2 destinations were given; that the words "and return" had been cancelled, but that this cancellation had subsequently been erased.

When questioned on these points he maintained 1. That both names had been on the Permit at the time that it had been signed by the issuing Officer; 2. That he did not know that the word "Fano" had been written in under the destination, in fact, he had not been able to decipher the word; 3. That the words "and return" had been cancelled, but that he had, through a certain Sig. LOVATO caused the clerk to erase the cancellation. He has made a written declaration concerning the circumstances under which this alteration was made - this Declaration is attached.

GAMBERINI made no mention of his son Livio prior to

He has made a written declaration concerning the circumstances under which this alteration was made - this Declaration is attached.

GAMBERINI made no mention of his son Livio prior to producing the Permit.

GAMBERINI, Livio di Guido was subsequently interrogated. He produced a Permit No. 453824 issued by AMG, ANCONA permitting him to travel from ANCONA to FANO. On this permit his address is given as "Fano", which is incorrect. From this it will be noted that the son LIVIO was already at FANO when the father obtained the Permit for them to travel from ANCONA to FORLI.

No: HQ AMG/AC Abruzzi-Marche Region (RFSO).
From: SPFSO. Ancona-Pesaro, (through P.C.)
Ref: Anc/P/12.
Date: 16th Jan.45.

With reference to your letter R5/514/11 of the 8th Jan, 1945, enclosing copy letters from AMG Eighth Army and Public Safety Sub-Commission, I report as follows:-

(a) Pass No. 452012.

The persons to whom this permit was granted produced at this Office an authority from the 314 Section FSS which (1) raised no security objection to their making the journey to Florence and (2) that the journey was necessary.

(b) Pass No. 378912.

In this case a misrepresentation was made by the applicant in that the destination was stated to be "Coriano" a small place in Aquila Province, and the Italian clerk who made out the permit remembers the incident as the place is only small and confirmation of the place was found after some difficulty. I am satisfied that this is a true version, in which case no FSS permission was required to make the journey.

It will be readily agreed that if persons travel beyond the limits stated on the permit, that is no fault of the issuing Office.

So far as relates to the issue of permits in accordance with Memorandum 77 this is impracticable and impossible in this area in the sense that to communicate the particulars of all persons wishing to travel north of the Rear Army Control Line is far too unwieldy to be practicable. Many AMG/AC Officers interested in various utility and other undertakings, Italian Contractors working for the Allies and their Staffs, require travel permits of a natural urgency which does not permit of delay. As a result of the experience gained in this respect an arrangement was effected that in all cases of applicants wishing to cross the Rear Army Control Line, no permit is issued unless the P.S.C. 314 Section FSS is satisfied both from the security and reason angle. The permits are issued ONLY on the production of such a written authority, which is retained at this Office, and the reverse side of the permit endorsed accordingly. An additional precaution that all permits to travel north are made in type has been taken.

It is emphasized that every precaution is taken consistent with obtaining conditions. No alteration of procedure is contemplated, but a rigid adherence to the Memorandum is to be complied with it can be done, but will result in chaos, of that I am perfectly satisfied. It is assumed that local conditions must allow elasticity in the application of instructions.

Military Security, is I submit a matter primarily for the FSS, and if an arrangement is effected to their satisfaction and AMG Officers co-operate in its enforcement little more can be desired. No Complaint has been received at this Office from the 314 Sec. FSS, in fact it was at their instigation that the arrangement was effected, and the P.S.C. has stated today he hopes it will continue.

2. These women continued their journey to Livorno without authority for the purpose of tracing the husband of one and a daughter of the other. Both of them were arrested and subsequently fined by an Allied Military Court.
3. They stated that when they applied to the R. Questura di Roma for permits to enable them to travel to Livorno they were told they could have permits for Casale Marittimo, and that on arrival at that place they should apply for an extension to cover the journey to Livorno.
4. It is requested that enquiries be made to verify the statement which the women allege was made at the R. Questura di Roma.

Headquarters, A.C. - C.M.F.

1. Reference attached Civilian Movement Pass No. 360326 issued at the Questura, Rome.
2. This is another instance of the loose haphazard issue of passes and it will be noted the permit is valid from Rome to Siena and return, to cross the Rear Army Control Line, which is just north of Siena and to be out of doors after curfew.
3. The purpose is described simply as 'Servizio' and is undated.
4. The person to whom this pass was issued, after visiting Siena, Florence and Livorno was caught up in the check post at Cecina where he was on his journey south. He was in possession of a large amount of stationary and was eventually fined Lire 15,000 and given 3 days imprisonment in connection with a false statement on an official matter.
5. It would appear that the Questura Staff at Rome are either ignorant of or wilfully blind to the regulations governing the issue of passes, and this, in spite of the most recent instructions issued by H.Q. - A.C. on the matter.
6. If this question of Civilian Movement is to have any vestige of control, it is necessary that pass issuing agencies be made to realise their responsibilities and I recommend suitable measures be taken to that end.

(Attn: R.P.S.O.)

1. Transmitted herewith is movement of Civilian Pass No 385451, authorising travel from Rome to Florence, which was taken from the Countess Andrea de Robilant, 69, Via Veneto, Rome.

2. The pass is purported to have been issued by a Captain Rolo, No 1 S.C.I. Unit. Prior approval for the issue of the pass was not obtained from S.C.A.C., AMG Fifth Army. It is said that the pass was obtained for the Countess by an unknown Allied Officer in Rome who is a friend of hers.

3. According to the records at this Headquarters the book from which the pass in question was extracted was issued to your Headquarters.

4. It is requested that a report be submitted on to the circumstances leading up to the issue of the pass in question.

SUBJECT: Possible Irregular Pass.

TO : S.C.A.O., A.M.G., Fifth Army, Attention S.C.A.P.O.

1. Herewith is a pass taken from Contessa Andrea DE ROBILANT of 89 Via Veneto Rome, purporting to have been issued by C.F. Rolo Capt. No 1 S.C.I. Unit.

2. Inquiry is made as to whether No 1 S.C.I. Unit in Rome has been authorized to issue A.M.G. passes, and if not it is suggested that an inquiry be made as to whether the pass is in fact signed by a Captain of an S.C.I. Unit, and if so, how he acquired a book of passes. The pass was procured for the Contessa Robilant by an Allied Officer in Rome who is a friend of hers, whose name has not been given us as yet but can doubtless be secured from the Contessa should it be found that the pass was not in fact signed by Capt. Rolo.

3. In as much as there is no reason to doubt the good faith of the Contessa Robilant in the matter, she has been given a valid pass to return to Rome and she plans to return there within the next few days.

2. As the reasons put forward for the travel could not be construed as being of benefit to the war effort, it was clearly indicated to them that application for passes would not be accepted by Public Safety Sub-Commission.

On the 11th instant, Volpi Renato, of Via S. Caterina da Siena, No 42, Naples, Identity Card No 12530825, called at this office to seek assistance to obtain conveyance in T/O transport to Florence.

He produced Movement of Civilian Permit No 75110 issued by the Questore, Naples, authorising his travel to Florence. This pass did not bear any endorsement to the effect that prior permission to enter Army Area had been obtained, and incidentally the words "Permission to Cross Army Line" were obliterated, and it bore an endorsement "Not valid on Military transport".

Volpi stated that he was employed by 8th Port Ordnance Company, and that a Captain BOLLIO (American), 8th Port Co. Coy had interested himself on his behalf.

Captain Poes, A/R.P.S.O., Southern Region, was communicated with by phone he later stated that no prior approval of 5 Army AMG for the journey had been obtained.

Volpi also stated that other persons were being issued with passes by the Questore at Naples to travel to Florence. His own reason for travelling to Florence was to obtain clothing for himself and family, he having previously resided in Florence.

Will you please take necessary steps to ensure that the Questore of Naples only issues passes in accordance with Executive Memorandum No 77, and submit a report on the steps taken by you in this matter.

To / S/CAO A.M.G. IV Corps.

On 20th December 1944 at Pescia, Province of Pistoia a motor vehicle, A.R.5915 driven by ALBINI; Armando, of Rome, was stopped by Guardia Municipale, because the vehicle was carrying leather, material which has been blocked by Provincial A.M.G. Pistoia.

The driver was questioned as to possession and destination of the leather, and he replied that it was owned by Del CASALE, Leonardo, of Bari, who accompanied the vehicle. Del CASALE was then questioned, and he replied that he did not know exactly where the leather had been obtained, but it was somewhere within the Commune of Pescia. He stated that he had been introduced to the seller, by a man named GIANNONI, Gisberto, of Pescia, a man well known to Police at Pescia, as being engaged in illegal trading with leather.

The men were then asked to produce their authority for being in Corps area, and produced two passes (copies attached) signed by a Provincial Supply Officer, Bari Province, authorising Del CASALE, and ALBINI to travel anywhere in occupied Italy for the purpose of (1) Selling liquor produced by Del CASALE to the Allied Forces, and (2) Transporting leather and clothing for the poor Italian families who have lost their homes. A peculiar combination of activities. It is difficult to understand what real interest, a man producing liquors, could have in poor Italian families, however the men were in possession of a permit of a kind with which they may have been travelling in good faith. They probably could not have known that leather was blocked in Pescia, and I have therefore released them with a permit to return to Bari.

The leather was confiscated, and remains in possession of the Guardia Municipale, Pescia pending directions as to disposal.

It would appear that the Supply Officer at Bari has been indiscrete in issuing passes into Army and Corps areas, over which he has no control, and it is requested that a suitable letter be sent to A.C. through 5 Army in this connection.

Regarding the disposal of the leather, approximately 5 quintali, enquiries will be made to trace the seller with a view to prosecution for a breach of a Provincial Order, and authority is requested from S.P.S. Officer, 5 Army, to make an application to the Court for an order of confiscation, with a view to making the leather available for repairing Carabinieri boots, who in Corps Area, are in real need of such assistance.

1. On 15 Dec 44, a private car licensed for circulation in the Province of Perugia, was stopped by G.C.M.R. working under 263 F.S. Sec at Santarcangelo di Romagna (Forli). Of the four people travelling in the car, two were "covered" by a permit No. 376912 (attached), a third was covered by permit No. 452012 (also attached) and the fourth was without a permit. The following irregularities in the passes were disclosed:

(a) Permit No. 376912. The journey authorised was from Ancona to Coriano and return, but no permission was given to cross the Army Control Line. In any case, prior approval of S.C.A.C. Eighth Army is required for this. The two people covered by the permit had journeyed 25 kms beyond Coriano to Santarcangelo and admitted having made the same journey and returned to Ancona 10 days before. In addition to the two persons named on the front of the pass, who were the ones travelling, the back of the pass is indorsed to include two other persons. It will be noted that the only signature on the pass is that of Armando Dominella. For the two persons shown on the back of the pass there is neither address, identity No., area of travel, in fact, nothing, at all other than the name.

(b) Permit No. 452012. This permit also covers four people and authorises travel in peri - Macerata - Pescara - Firenze. Again no permission is given, and no authority asked, for crossing the Army Control Line. Only two identity numbers are shown, whose, it is impossible to state from the pass, and only one signature is appended. The F.S.S. endorsement on the rear of the pass has been inserted by the officer of A.M.C. issuing the pass.

2. As will be seen the whole object of security is defeated. These persons could easily masquerade one for the other, and the normal means of control, by checking identity numbers, comparing signatures etc., is not possible, owing to the fact that almost every instruction laid down in Executive Memorandum No. 77 has been violated.

3. Forwarded for information and such action as may be necessary to such occurrences. 5756

On Saturday 9th Dec. the CC.RR. at Fabriano picked up a truck with three men in it. No one had personal permits and the truck had no permit of circulation except that on the rear licence plate was marked ACC RI 548. There was no other markings on the truck that indicated it was ACC property and the driver had the attached slip of paper which he presented to the CC.RR. Now there is only one way to take the meaning on this slip. If it were written in Italian it would be a score for them but it is in English and apparently is supposed to apply to anyone who can read English, and I resent that "disciplinary action" business. I suggest that you send this slip back through the same course that you sent the other one that I gave you some time ago. The facts in this case are this truck came from Rieti to Fabriano with a load of chestnuts which were unloaded at Fabriano. They had an authorization from the "Ufficio Trasporti" at Rieti covering the load and another authorization from the Consorzio Agrario at Rieti to cover the load. Before they were picked up at Fabriano they had had trouble with a CC.RR. road block at Roseto di Vico in Perugia about this permit angle and apparently had left before the road block had properly checked them, because the CC.RR. at the road block were waiting for their return.

The occupants arrested are CORRADI GIUSEPPE from Antronico,
VOLPI DANTE from Rome,
MAGGIORI NAZZARENO from Rieti.
