DEPARTMENT OF AGRICULTURE	
Colonial Agricultural Firm

Florence, 8 Jan. 1945.

To : Brigadier General Edgar Erskine HUME

and for information
To : A.C. Political Section

Rome.

With reference to verbal communications, the undersigned Count Danilo de Micheli, manufacturer and colonizer of Tripolitania, in the quality of proprietor and Director of the colonial Agricultural Firm de Micheli of Azizia (Tripoli), is asking you kindly to obtain for him from the competent Allied Authorities the permit to reach as soon as possible Tripoli, if possible by air from Rome or Naples, in order to place him in the condition to take again direct contact with the proper Firm, which after two years of abandon, has the absolute necessity of a technical and administrative manager.

The undersigned informs you that the firm in question is one of the most important of Tripolitania established during 18 years of hard working, having an extension of 4000 hectares, of which roughly half are equipped with large artesian wells, aqueducts, stretches adapted to grain sowing, tobacco cultivation, olive groves, citriform fruits orchards and cattle breeding. A statistical and fotographical documentation is at your disposal at any moment and at that of the Allied Authorities.

The undersigned is pointing out, that the activity carried out by his proper enterprise at Azizia in Tripolitania is of direct interest for the civil population natives of the Region, inasmuch as the interests of hundreds of workers together with their families are involved in this enterprise. The enterprise is also of remarkable interest for the Allied Forces for the water and food supply, which could be still improved if well managed and conducted by the owner who is an expert.

Finally the undersigned wishes to point out that as President of an important industrial activity in Italy, he is collaborating already for some months with the Allied Armed Forces and A.M.G. for the industrial supplies concerning these Forces and the civil necessities of the Country.

The Allied Authorities requested to grant the permit for Tripoli, have therefore every guarantee in regard to this person.

Hoping in a favourable consideration, the undersigned is heartly thanking you.

Con riferimento a quanto esposto verbalmente, il sottoscritto Conte Danilo de Micheli, industriale e colonizzatore della Tripolitania, quale proprietario e Direttore dell'Azienda Agricola Coloniale de Micheli di Azizia (Tripoli d'Africa) prega vivamente la S. V. di cortesemente ottenergli dalle competenti Autorità Alleate il permesso di raggiungere al più presto possibile Tripoli, possibilmente con imbarco via aerea da Roma o da Napoli, allo scopo di riprendere diretto contatto con la propria Azienda che, dopo due anni di abbandono, ha oggi necessità assoluta di una direttiva tecnica e amministrativa.

Il sottoscritto rende noto alla S. 1. Reference telephone conversation Sub. Willmott - Major Gallance of 11 February 1945.

920		Riccarda FILIPPINI	✓
925		Maria PETRUCCI	✓
924		Maria RICCI BARTOLOMI	✓

3. The point is again stressed that French visas are necessary for these Italian civilians proceeding to France and the ITAS should only be given to the persons concerned on the production of these visas. The four original ITAs that were issued for this party to go to France, before its personnel was changed, were handed to Lieut. WALDO on the understanding that he was on his way to obtain the visas forthwith.

4. It would be appreciated if you would complete paragraph 7 on the ITAs when the passports have been obtained.

1. Reference our 108/65/COS(L) of 8 February 1945 of which you received a copy for information, - above subject.

2. G-II, A.F.H.Q., have returned the application for MTA with the comment that it should be channelled through Public Safety S/C and that security clearance should be obtained.

3. G-II also state that Father BLANDEAU does not appear to be a member of the staff of the French Legation to the Holy See, that temporary Change of Station in this case would not apply, and that MTA cannot be issued for so long a period as three months especially since Father Blandeau's Mission could probably be accomplished in ten days.

4. Father BLANDEAU's application for MTA is, therefore, passed to you for appropriate action and security clearance. He can be contacted at any time through Monsieur Rivoire, French Embassy, Tel: No. 50115.

5. It is requested that this office be informed whether MTA is granted and when authority is given for the issuance of travel orders.

4. The grounds on which the application was refused are not known at this Headquarters.

5. Subject to your concurrence, it is proposed to inform the Consul General, Naples, that it is contrary to the policy of this Headquarters to disclose the precise reasons why a particular application is refused. FROM: British Consulate-General, Naples.
DATE: February 8th 1945.

With reference to your letter PS/17.5.2. of the 18th January to Miss Eliana Farrugia, we have received a letter from the British Consulate General in Cairo showing that Paul Farrugia, the father of Eliana Farrugia has given an undertaking to meet the cost of his daughter's journey to Egypt up to a maximum of twenty Egyptian pounds, equivalent at the official rate to £ 20.10.3d. sterling, and they have asked us to report any progress made in sending the girl back to Egypt. Would you let me know whether the refusal to grant her an M.T.A. was on security grounds or for the reason that her journey is unessential at the present time?

TranscriptionLELLI Ettore

aged 32
born in Rome on the 19th September 1913

son of late Menotti
and of late Buzzi Maria
parents dead
were married

Name of his wife: Perez Maria Verdier
married at Fiumicino on the 18/2/1941
parents of his wife: Antonio and Remedio Verdier
address of his wife's parents: resident in Spain at Tetuan -
Calle Bentolilla n. 10;
they actually live at the a/m address
his wife is at the present time with her parents in
Spanish Morocco.

Ettore Lelli went to Morocco on the 30 Nov. 1938 as sailor
for the "Ala Littoria";
he returned to Italy on the 23/11/1940,
because a/m Society stopped its activity at Morocco.
After his return he took residence at Fiumicino, Viale
Garibaldi n. 23.

Political activity: he was member of the Fascist Party from
1936 and was expelled in 1941 (for doubtful faith). Actually
he does not belong to any Party.

After his return to Italy, he continued to work as sailor
for the "Ala Littoria".
He expatriated for work reasons.
His wife returned to Morocco on the 23/10/1943, with a
special train, which was by the Spanish Embassy put at the
disposal of Spanish citizens.
His wife did not more return to Italy, because she is suffering
from chronic liver-complaint.
She does not want to return to Italy because the climate of
her native country is more becoming to her and she would like
that her husband joins her.

He tried to get his expatriation papers in December 1943,
but the German Authorities did not grant permission.

He succeeded in getting the passport and the expatriation
visa from the R. Questura in Rome, on the 22/12/1944.
He was still resident at Fiumicino when he obtained the visa.

He made two applications for the expatriation, one during the
German occupation - not granted - the other one after the li-
beration - granted.

Lelli Ettore and his wife are catholics.

It appears to this Liberation Committee that Mr. LEINI Ettore, son of late Menotti, after his return to Italy, has conducted himself irreproachably from all points of view.

Furthermore, we state that from the political point of view, he may be considered non-political, as he never co-operated with anybody.

To : Allied Police Command - Side of Rome.

From reports received it appears that Ettore Lelli is living for several years at Fiumicino and has good records.

He was employed at the "Ala Littoria" and was appreciated by everybody.

During the last period he became a member of the Fascist Party, not for faith, but for the necessity, as otherwise he would not have been able to work with the "Ala Littoria".

It does not appear that he has been a member of other Parties. During the Spanish war, he was sent to Spain and married a Spanish citizen.

During the German occupation he left Fiumicino and remained hidden in the neighbouring country.

In the meanwhile, his wife fell sick and returned to Spain.

Lelli is an honest worker and has nothing in his previous records against him and may be considered of good political conduct.

Davanti a Noi sottoscritti Sergente Evarres, è presente il Sig. LELLI ETTORE fu Menetti e fu BUZZI Lucia, nato a Roma il 19 settembre 1913, abitante in Fiumicino (Roma) nelle case della Vetreria, meccanico, il quale dichiara di voler recare a TETUAN (Marocco Spagnolo), per ricongiungersi con la propria moglie PEREZ Maria Versier di Antonio e di Rensio Versier, nato a Tangeri (Marocco Spagnolo) il 23 novembre 1914, che sposava il 18 febbraio 1941. Il passaporto porta il numero IOI4508 e numero di registro 42. Datto passaporto è stato rilasciato dietro certificato medico firmato dal Dottor Emilio Aragon Diaz in Tetuan in data 15 marzo 1944, ove è detto che sua moglie, Maria Perez Versier, sposata con il Sig. Oggetto Lelli Ettore

Allegato

Dir. di Roma

Da informazioni esatte risulta che Lelli Ettore
nato a Fiumicino da parecchi anni e risulta di buona
conoscenza in genere.

Era operaio presso l'Ala Litteria e riscuoteva buona
fama nell'ambiente.

Era iscritto al partito fascista negli ultimi tempi,
ma non per convinzione personale, ma unicamente alle
scopo di far parte del personale dell'Ala Litteria.

Non consta che egli sia stato iscritto ad altri par-
titi. Durante la guerra spagnola fu inviato in Spagna
come operaio, e in quella occasione si unì in matri-
monio con una cittadina di quella nazione.

Durante l'occupazione tedesca sfollò da Fiumicino
e si tenne nascosto nella campagna circostante.

Nel frattempo la moglie si ammalò e tornò in Spagna.

Il Lelli è un onesto operaio, non ha precedenti a suo carico e si può quindi qualificare di buona condotta politica.

2. This Sub-Commission reiterates the importance of the Tripolitanian fishing industry as stated in reference (a). It is believed that several hundred tons of preserved tuna could be made available to the Italian continent next June and July.

3. Last year this Sub-Commission sent over some 120 fishermen from Sicily to Tripoli to aid in the tuna harvest.

4. It is strongly recommended that a representative of the Fisheries Division of this Sub-Commission be sent to Tripoli as soon as possible with a representative of the Italian owned tonnars to make the necessary preparations before the harvesting season which begins in April. A survey of the tuna nets and other equipment to determine immediate needs is important.

The tunny fishery industry of Tripolitania represents one of the most important industrial enterprises in Tripolitania. This industry has gone through great difficulties and has succeeded in placing its production on the national and foreign markets, thus increasing the possibilities for the alimentation of Libya and Italy.

The people interested in this fishery (the greater part of them are from Trapani) have, since the Allied occupation, prospected the necessity to bring back to life their enterprises and prepare their fishing apparatus that have suffered great damage owing to the ransacking that took place during the emergency period. They would therefore be in a position to place at the disposal of the Allied Command their production which would facilitate the solution of the alimentation problem.

As this industry is absolutely specialized in what has been mentioned above it would have been desirable that the fishing campaign should be predisposed and put into efficiency by technicians, but up to this day no representative of the tunny fishery has been allowed to go to Tripolitania. This has caused a considerable amount of damage owing the mistakes made by the representatives that have remained in Tripolitania and who have been empowered at the request of the Allied Government.

For the problem of alimentation, of which the fishing industrials have the duty to complete with, it is absolutely necessary that a technical representative should go immediately to Tripolitania to prepare the coming campaign that should start in April. These few months are necessary for the preparations so that the inconveniences that occurred last year could be avoided.

We therefore request that the Principe di Paternò and another technician can go as soon as possible to Tripoli to predispose immediately the above mentioned campaign otherwise it will not be possible to assure the "calato" for the spring of 1945.

Owing to the above we wish to inform you that it is necessary to verify the materials available on the spot and those which will have to be eventually transported from Sicily.

The permit requested is to be, from a practical point of view, granted also for the return journey.

Trusting that your reply will arrive in due cause,

Signed
