With reference to your letter RXII/PS/11.19
dated 22nd August, 1945.

Information has been received that the five
Sisters in question are still in Rome and according to
a letter received at this office have little hope of lea-
ving for England before December, 1945. In view of the
fact that their examinations are due to take place in
England towards the end of October, 1945, it would be
appreciated if their return to U.K. could be expedited,
if possible, please.

I may add that the British Consuls both in Rome and Florence as well as Cambridge University know the educational value of our schools in Rome and Florence from the point of view of English culture and customs. Over 12,000 pupils are receiving this education in our schools which have been propagating English culture to the best families in Italy for more than forty years.
