Ref. AC/5017/Commerce

8 January 1945

SUBJECT: Travel to Italy of Louis Rene Mathon (Fr)

TO : Economic Section, HQ AC

1. It is noted that the motive given for M. Louis Rene Mathon's requested visit to Italy is "to safeguard the interests of French industrialists in Italy."
2. At a meeting held in the Economic Section some days ago and attended, amongst others, by representatives of the British and American Embassies it was decided that the return to Italy of the Manager of Barclays Bank should not be approved as the motive was for private interests.
3. A recommendation for the return to Italy of Mr. Morgan, Managing Director of the firm of Manetti Roberts, pharmaceutical manufacturers, and sponsored by both the Public Health and Commerce Subcommissions, was not approved by A.P.H.C. 5-5, presumably for the same reason given in Part 2.
4. In view of the above it is submitted, that if we are to be consistent in our policy, the return of M. L.R. Mathon should not be approved at least until such time as there is a change of policy.

Allied Forces Headquarters,
G. 5, Caserta

Gentlemen:

The Pontifical Commission for the Relief of Refugees, of which I have the honor to be a member, begs leave to inform you that they are very much interested in the case of 48 refugees, who for the purpose of rejoining their wives and children left Tripoli without due permission and landed in Sicily. They were discovered as they approached Sciacca, were arrested and transported to Agrigento. At present they are in prison at Augusta.

As the painful situation of these families has aroused great pity, the Secretariat of State of His Holiness has been appealed to and has solicited the intervention of His Excellency Mr. Myron Taylor, Personal Representative of the President of the United States to the Pope, to obtain the liberation of these prisoners.

While awaiting the decision of the Supreme Allied Authorities the Commission wishes to add its own most earnest petition that the case receive a favorable consideration. May we call attention to the fact that two of the prisoners have died in prison and others are seriously ill in hospital.

Respectfully yours,

/s/ Vincent A. McCormick, SJ,

Attention: Major W. E. MYDANS

Sir:

Further to our previous conversations, I have already permitted to you a list of French technicians whose coming to Italy would be necessary in order to take care, in agreement with the Allied Commission, of the interests of the various firms they represent. They are:

Messrs. Romazotti and Boudin, of Saint-Gobain
Mr. Daubrée, of Michelin
Mr. Brunel, of L'Air Liquide
Messrs. Iheraud and Foulle, of Penarroya.

As in the case of Mr. Brunel, whom I believe you know well, all the above persons are not only competent in the commercial field of their business, but also are technicians whose assistance you will certainly be interested to have for the industrial reconstruction of Italy and the war effort in general.

I have been informed that they have already applied for permission to come to Italy and that their case, submitted through the French Ministry of Foreign Affairs to the Allied authorities in France, has been referred to the Allied Forces

Attention: Major W. E. MYDANS

Sir:

Further to our previous conversations, I have already remitted to you a list of French technicians whose coming to Italy would be necessary in order to take care, in agreement with the Allied Commission, of the interests of the various firms they represent. They are:

Messrs. Romazzotti and Boudin, of Saint-Gobain
Mr. Daubrée, of Michelin
Mr. Brunel, of L'Air Liquide
Messrs. Lheraud and Pouille, of Penarroya.

As in the case of Mr. Brunel, whom I believe you know well, all the above persons are not only competent in the commercial field of their business, but also are technicians whose assistance you will certainly be interested to have for the industrial reconstruction of Italy and the war effort in general.

I have been informed that they have already applied for permission to come to Italy and that their case, submitted through the French Ministry of Foreign Affairs to the Allied authorities in France, has been referred to the Allied Forces Headquarters in Italy.

For that reason I am sending a copy of this letter to the Allied Commission, Public Safety Sub-Division, and I

To: Major Ballance, Public Safety, AC HQ

From: Howard Wriggins, AFSC, IGCR ACHQ

Subject: Henri Kirschen

- 1) Confirming our conversation of yesterday the following facts are noted:
- 2) Henri KIRSCHEN, of Roumanian nationality, born November 30, 1883, and resident in Rome for over 15 years previous to 1941, was expelled from Italy by the Fascists and sought refuge in Portugal and Spain. He is at present in Madrid. His wife (of Czech origin) and his three children aged 14, 10, and 4 are resident in Rome. He desires to return to his home in Rome.
- 3) Application was made to the Italian Foreign Office for authorization for him to return to his home in Italy and under date of November 15, 1944 letter authorization was sent from the Terra Political Section of the Foreign Office to Madrid by pouch permitting him to return.
- 4) From Madrid, he informs that Allied authorization is also necessary.
- 5) Accordingly, as agreed yesterday, would you make the necessary applications of AFHQ so that authorization will be arranged for him to return to Italy.
- 6) His address in Madrid is Hotel Palace and he can be reached through Mr. David Blickenstaff, Representation American Relief Organizations, Eduardo Dato, Madrid.

23 December 1944

REF : 091.446

SUBJECT : Repatriation of Italian Civilian
Internees from India.

TO : Political Section.

1. Reference is made to your letter dated 20 December 1944, Ref:244, addressed to this Sub-Commission, regarding repatriation of Italian Civilian Internees from India.
2. Attached lists of POWs have been examined. On the basis of the sparse information given it appears that most of these men have occupational qualifications which might be useful to the war effort and reconstruction. In general, demand exists and is likely to continue in the case of skilled technical and mechanical workers of all types, as well as craftsmen and artisans. It is noted that the list includes a number of occupations, such as clerk, barber, waiter, merchant, etc., for which the demand might be questionable.
3. This Sub-Commission cannot offer any specific recommendations for action with respect to lists of this character. It is suggested, however, that if occupational priorities are to be given, a definite plan and policy should be developed by the Italian Government. It would then be necessary to assure that applicants receive accurate occupational classifications certified on the basis of interviews, documents, POW work records, or practical tests.

1. The Government of India have forwarded through British diplomatic channels the attached lists of Italian civilian internees who have expressed the desire to be repatriated. It will be noted that most of these Italians have qualifications of a technical character which might make their repatriation desirable from the point of view of the war effort - or the work of reconstruction.

2. Before ascertaining the views of the Italian Government in this matter, the Political Section would be grateful for any comments you have to make.

Prot. No. 443/11816.

SUBJECT : Arrival of foreigners at the Port of Vieste (Foggia)

A communication received from the General Command of the Royal Carabinieri is transcribed hereunder for your information:-

"On the 30th October last, at about 1200 hours, a Yugoslav tug-boat, coming from Dalmazia, put in to the port of Vieste (Foggia) with 22 partisans of King Peter on board, fugitives from their country.

The Allied Police of Manfredonia were informed of their arrival and on the following 31st October, sequestered the boat, which they gave into the custody of the local Carabinieri, and arrested the foreigners who were sent to Foggia at the disposal of the Allied Authorities".

1. With reference to your letter 37/2/2/1 of 3 October, 1944, in which you ask whether the policy with regard to the repatriation of persons to Italy who are in need of urgent medical treatment might be reviewed.

2. This matter has been considered by AFM who agree to give speedy approval to all applications received from such persons subject to the following :-

(a) Applications must be accompanied by a medical certificate which must be signed by a British Medical Officer or Field Rank;

(b) The Medical certificate must state:-

- (i) that for a definite reason, e.g., lack of special equipment, lack of a surgeon adequately qualified to deal with a particular speciality, the case cannot receive satisfactory treatment in Tripoli;
- (ii) that delay in treatment will involve mortal risk, and
- (iii) that the case is not chronic, and that with treatment there is a definite likelihood of the person being restored to health.

(c) The facilities asked for are known to be available in Italy.

(d) Security clearance is obtained from Defence Security Officer Tripolitania.

"NAHON is still in JERUSALEM and Allied Forces Hq in ITALY have informed Hq Allied Control Commission in ITALY that it has no knowledge of NAHON'S application to enter ITALY having been received. I have informed Allied Control Committee "it is most desirable that until NAHON arrives no immigrants for PALESTINE be permitted to proceed apart from those already in possession of immigration authorities." In view of allocation of a figure of 900 persons for immigration of JEWS in ITALY to PALESTINE I consider it most desirable that NAHON should arrive in ITALY as soon as possible in order to assist in selecting suitable immigrants. I shall be grateful for your assistance in securing authority for his admission to ITALY at an early date." Ends.

2. With regard to paragraph 1 of the letter, the eight applications received at this Headquarters are in respect of seven persons, two applications having been received in respect of a FIDELIO GIUDITTA.

3. On receipt of such applications it is the practice of this Sub-Commission to consult with Public Health Sub-Commission, and to cause enquiries to be made as to whether facilities are available in Italy for dealing with the cases in question.

4. Ordinarily, the applications are then forwarded to you for your consideration.

5. The seven cases referred to in paragraph 2 have been dealt with as follows :-

6. It would seem that applications for repatriation on medical grounds should not be approved unless :-

- (a) accompanied by a certificate stating that for a definite reason, e.g., lack of special equipment, lack of a surgeon adequately qualified to deal with a particular speciality, the cases cannot receive satisfactory treatment in Tripoli.
- (b) the facilities asked for are known to be available in Italy.
- (c) the cases are not chronic and there is a definite likelihood of the persons being restored to health.

On receipt of your memorandum ACC/14022/1/PS of the 4th October (within) about entry into Italy of a French subject (M. Simien) we asked the Education Sub-Commission to let us know what was the standing of the French Lycee, to which M. Simien wished to go. Their reply and file are attached from which you will see that from an educational point of view they recommend that M. Simien's journey to Italy with his wife be facilitated and expedited. I see no political reason for wishing to differ from that recommendation. On the contrary.

2. As you infer, the M.T.A. is a form of authority for leaving Italy, i.e. an exit permit. It does not carry permission to enter any other territory, and does not exempt the holder from regular Travel Order, visa and similar requirements. The sole exception is that an M.T.A. issued specifically for French North Africa is recognized as the equivalent of a French visa.

3. The policy of this office is to restrict travel to Italy to journeys directly concerned with the war effort, and applications for entry for personal reasons are normally refused. However, we are prepared to consider occasional exceptions for humanitarian reasons, and we are prepared to allow PACE to enter if we can be assured that he will receive in Rome vitally necessary surgical treatment of a kind not available in Tripoli. It is presumed that he is an Italian national. He would be classed as a repatriate, and would not be granted an M.T.A. to leave Italy again.

Dichiaro di aver visitato il Sig. Pandolfi Aldo fu Patrizio di anno 40 che il 26 Novembre 1941 fu colpito da proiettile di mitragliatrice al torace ed alla regione scapolare e deltoidea sinistra. I dati anamnestici ed il decorso delle lesioni risultano dagli allegati documenti di cui ho preso visione.

Attualmente il Pandolfi presenta:

Stato generale scadentissimo nella nutrizione e sanguificazione. Alla base dell'emitorace Sin. si notano due cicatrici l'una in corrispondenza del IX spazio intercostale dell'ascellare posteriore e l'altra all'VIII spazio sull'ascellare anteriore.

Alla percussione si nota una ipofonesi ed una minore espansibilità della base polmonare sinistra.

The undersigned Hammas Habib for Albano aged 74, born in Tripoli & residing here in Julia el Farvara 100, states as follows:-

I am afflicted with cancer on the left cheek and said disease has seriously got worse these last few days.

Prof. Regali has declared that my infirmity is serious & I am at the point of death. During the operation, the same doctor has stated the necessity of applications of Radium as soon as possible. As such material is missing in Tripoli, Prof. Regali has urged that I go to a town in Italy or Egypt where there is Radium. With the present I enclose Prof. Regali's certificate.

Due to the gravity of my disease and my old age, I wish to be accompanied by my son Gabriele Habib. Consequently I shall be very grateful to the office if it would kindly issue the authorization for me to leave.

Dr. Perugini Domenico, had been lying in bed since 12/5/44 - in the medicine ward, having arteriosclerosis with (hypertensione arteriosa)

During such period, a serious state of anxiety got hold of him, due to which his physical and psychic conditions fell so rapidly, that the patient, owing to his attitude and behaviour could be deemed a madman.

In spite of the contra-indications of a medical nature (arterious hypertension, traces of sugar in his urine, serious defadement) Perugini was placed under an elettroschok treatment.

With such treatment, the general and psychic conditions of the patient rapidly improved.

While previously he used to refuse his food, was dirty and agitated, on the contrary, after the first applications of elettroschok he returned neat, both in his vegetative functions, his attitude and behaviour; at the same time his state of anxiety disappeared with only the persistence of a 'psico-motoria' uneasiness.

While before, an accurate psychic examination of the patient had not been possible, his improved mental conditions helped to show that there were no serious or permanent alterations of a deficient nature of the perceptive, attentive and mnemonic region.

But the fundamental nucleus of the syndrome was represented by the idea of an inaccessible damage to persuasion and entirely without any spontaneous criticism or able to be, in any way modified by a process of induced criticism. Such complex, still not being of such an entity to decidedly influence the conduct of the patient, did though, in a way, greatly diminish his personality.

Besides such brain disturbances, which are accompanied by a permanent humour excitement with a period of exacerbation, constituted by brief crises of moderate anxiety.

With the elettroschok treatment and medical cures imposed by the conditions of his blood circulation, Perugini improved noticeably but without the disappearance of the morbid ideas and affective crises, not even for a short time, and so, owing to this year's illness, it is to be deemed that the syndrome is of a permanent nature and such to justify the request that Perugini may receive the cures and assistance of his family and thus for such a reason be sent home to Italy to his relations.

Il Dott. PERUGINI Domenico, fu degente dal 9/5/1944 nel reparto Medicina per arterio-sclerosi con hipertensione arteriose. Durante tale periodo si stabilì nel Perugini un grave stato ansioso, per il quale le condizioni fisiche e psichiche decaddero rapidamente sicché il paziente poteva ritenersi per il contegno e per il comportamento un demente.

Nonostante le contro-indicazioni di natura medica (hipertensione arteriosa; tracce di zucchero nell'urina, defedamento grave) il Perugini fu sottoposto al trattamento convulsivamente con elettroschok. Con tale terapia, le condizioni generali e psichiche del soggetto migliorarono rapidamente.

Mentre per l'innanzi il malato rifiutava il cibo, era sudito sia nelle funzioni vegetative sia per quanto riguarda la proprietà del contegno e del comportamento; del pari lo stato ansioso scomparve solo persistendo modica irrequietezza psico-motoria.

Mentre per l'addietro non era stato possibile l'esame psichico accurato del soggetto, le migliorate condizioni mentali permisero di accertare che nel Perugini non esistevano alterazioni gravi e permanenti di tipo deficitario della sfera percettiva, attentiva, mnemonica. Bensì il nucleo fondamentale della sindrome era rappresentata da idea di danneggiamento inaccessibile alla persuasione e punto provvisto di critica spontanea o capace di essere comunque modificato da un processo di critica indotta. Tale complesso pur non essendo di tale entità da influenzare decisamente la condotta del soggetto, faceva però sicché la personalità di questi ne risultasse grandemente diminuita.

Inoltre a tale disturbo della sfera idealiva si accompagna permanente esaltazione dell'umore con periodo di esacerbazione costituite da brevi crisi di modica ansia. Con la elettroschok terapia e con le cure mediche imposte dalle condizioni dell'apparato circolatorio, il Perugini migliorò notevolmente ma senza che le idee morbose e le crisi affettive scomparissero sia pure per qualche tempo, e perciò dato anche l'anno trascorso di malattia è da ritenere che la sindrome sia di natura permanente è tale da giustificare la richiesta che al Perugini vengano fornite le cure e l'assistenza del suo ambiente familiare.

The above named lady, aged 23 and holder of a British passport No. 134354, is suffering from Schizophrenia; the P.M.O. is of opinion that the only treatment that would be at all effective would be shock treatment with insulin.

It is unfortunate that there are not sufficient supplies of insulin available in this territory for such treatment to be administered here and P.M.O. has recommended that the patient be transferred to a hospital in ITALY.

I would therefore be grateful if you would inform me whether you have any objections to this lady being transferred from TRIPOLI to ITALY for the period of her treatment and subsequent convalescence and also the hospital where you consider such treatment would be more easily obtainable.

Should you agree to her transfer, she would be accompanied by her sister, Miss Dora HABIB, also a British subject, and her medical attendant, Doctor CIOTOLA, an Italian doctor from the TRIPOLI Colonial Hospital.

T r i p o l i .

The undersigned, ANCONA Valentino fu Vito, grantee, residing in Tripoli - via Rossini n.38, states as follows:

My wife, BATTAGLIA Giorgia fu Carmelo, aged 38, affected by serious nervous disease, has been recovered in the colonial hospital of Tripoli, where the local sanitaries ascertained, that she is affected with cerebral tumour.

It is necessary to operate her, as the attached declaration of Prof. Regoli shows.

But unfortunately the local equipment does not allow the execution of this very delicate operation, which if not accomplished with the necessary medical supplies, could have great consequences for the sick woman.

For this reason, the undersigned is obliged to address this petition, so that in consideration of the serious condition of his wife, authorization may be granted, to transfer her to the surgical hospital of Catania (Sicily).

Behind advise of the local sanitaries, it would be opportune to ascertain previously, if at Catania still exists the necessary equipment for said operation and if in Catania is still living Prof. D'OLIVIERI, specialist for mental diseases, or in his substitution another specialist.

Attached is the certificate of Prof. Regoli, attesting a/m statement. Being the matter in question serious and urgent, I am confident, that the English Administration would take in due consideration this application, I thank you in advance.

Respectfully

Sgd. Ancona Valentino

Io sottoscritto, ANCONA Valentino fu Vito, concessionario, dimorante in Tripoli - via Rossini n.38 - mi pregio sottoporre, con preghiera di benevole esame, quanto appresso:

La mia consorte, BATTAGLIA Giorgia fu Carmelo di anni 38, venne ricoverata, in seguito a gravi disturbi nervosi che accusava da tempo, presso l'Ospedale Coloniale di Tripoli, ove, dai locali Sanitari, fu trovata affetta da tumore cerebrale.

Comerisulta dall'annessa dichiarazione dell'egregio Prof. REGOLI, si presenta urgente la necessita di operare l'ammalata.

Purtroppo, pero, la locale attrezzatura non consente l'effettuazione di tale delicatissimo atto operatorio che, se non affrontato con i mezzi consacrati dalla scienza medica, potrebbe avere conseguenze gravi per l'inferma.

Il sottoscritto si trova pertanto nella necessita di indirizzare istanza affinche, prendendo in considerazione le gravi condizioni in cui versa la propria consorte, si voglia benevolmente accordare il trasferimento di quest'ultima nella Clinica Chirurgica di CATANIA (Sicilia).

Per consiglio dei locali Sanitari mi permetto far presente la necessita di accertarsi preventivamente che a Catania esista tuttora l'attrezzatura adatta per l'operazione in questione e se sia ancora presente in quella città il Prof.DOGLIOTTI, specialista di malattie del cervello, o altro specialista che lo sostituisca.

Allego il certificato del Prof.Regoli, confermando quanto da me esposto nella presente e, fiducioso che l'On.le Amministrazione Britannica vorrà prendere a cuore la richiesta, trattandosi di caso urgente gravissimo, ringrazio vivamente in anticipo e porgo i miei deferenti ossequi.

Con osservanza.

SUBJECT: Return to SICILY from DUBLIN of the Reverend Francesco SCOZZARI

TO : The Office of the British Resident Minister, 5. Rue Professeur
Cartillet, Algiers.

1. SCOZZARI, Francesco (Reverend)
Born in PALERMO, Sicily
Jesuit priest - (Sicilian Province of the order)
Present address - Dublin (for over six years)
Reason for Repatriation - on instructions of
his superiors

2. Reference your letter on the above subject dated 28 February
1944.

3. There is no security objection to the return to SICILY of the
Reverend SCOZZARI from the point of view of this Section.

4. It is pointed out that before his journey is authorized he should
be in possession of an Allied Force Permit issued by the Military Permit
Office in London, if he is to travel via the United Kingdom. Would you
please inform us in the latter case, in order that we may instruct the Mil-
itary Permit Office.
