In reply to your AC/14030/8/PS dated 19 June 1946.

It is regrettable that Carabiniere ORSINI Filippo should have been detained in arrest ever since September 44. It was thought that the opinion expressed by me on the 18th September 44 indicated that so far as this Headquarters was concerned no further action was required and that ORSINI was absolved from all blame. It was further assumed that it would be understood that disposition of the case lay at the discretion of the Italian authorities.

It is however confirmed that this Headquarters has no further interest in the case and does not desire any action taken.

2. No correspondence in this case is held by this HQ, but MMIA received on 9 Oct. 44 a copy opinion expressed by Brigadier Alban Low on 13 Sept. 44 absolving the carabiniere from blame.

3. ORSINI is still under barrack arrest awaiting the decision of the Italian Military Tribunal. The Tribunal awaits a statement from Allied military authorities before releasing ORSINI.

Company Command of the General Headquarters of the Royal Finance Guards - Rome.

15th February, 1945.

To the General Commanding the Finance Guards - Rome.

SUBJECT : Armed Aggression against F.T. PRESTI "15202/60" by English Military.

I beg to inform the Command of what follows:-

Yesterday, at 2015 hours, in via Quattro Cantoni, corner of Via Clmata (in civilian clothes) I was aggressively accosted by three Allied Military, one of whom pointed his revolver at my chest. I immediately explained my qualification, in English, showing them, further, my "Civil Police" pass and my personal identity document. One of the three tore the documents from my hand, throwing them to the ground after which, using violence, they possessed themselves of my pocket-wallet, which contained L.655 and various documents, and of my pistol (Property of the Force Administration). Then the three soldiers walked on, singing. I gathered up my documents and followed them as far as the via Giovanni Lanza, where I lost all trace of them.

I returned to barracks and verbally informed the Sergeant on duty of the incident and he ordered me to report the matter in writing to my Superior Officers.

From their accent and the uniform which they wore I was able to establish that my aggressors were English.

(Signed) F.T. PRESTI Vincenzo.

3. The information in this instance is late owing to the fact that at the time of the incident, the area had been recently occupied and the Carabinieri were not functioning.

4. It is suggested that the family, of whom the woman was the main suppor are in distressed conditions, and I suggest that apart from the copy to be sent to the French Military Police for such investigation as they can make at this late date, that a copy be sent to the French Office of Claims and Wirings that the distress of the family, if true, may be alleviated.

CARABINIERI REALI HEAD QUARTERS
No.157/3

30-1-1945

SUBJECT : Rome - Frattocchie post block

The Commissioners of the Rome General Markets Casadei Gino and De Rege Guido have reported that towards 18 hours on the 11th instant, coming into Rome on their motor-van loaded with fruit, they were stopped at the "Frattocchie" post block on the outskirts of Albano, by soldiers of the Allied Police belonging to that service, and made to stop there to wait - for what the agents had to say - the police officer. For the same reason - other vehicles loaded with food stuffs - had already been stopped.

As it was growing dark and the officer delayed, those interested sollicited the passage. The Allied soldiers made it understood that by a payment, they would have granted the passage, otherwise they would have delayed the permits.

To be able to continue the people stopped showed the intention to pay, and then the Allies, sent away with a pretext of service, the two Carabinieri present, collected various thousand lire from the owners of the vehicles, authorizing the transit.

Casadei and De Rege payed 1500 lire, but there were some of them who were carrying spaghetti and other rationed food stuffs, who payed from three to six thousand lire.

Casadei and De Rege related the facts at the General Markets causing unfavourable comments.

They are disposed to release - on request - a written declaration.

We inform the above mentioned in the eventuality that your Allied Commission does not already know of what occurred, evidently to be attributed to Allied deserter elements.

ROMA

I commissari dei mercati generali di Roma CASADEI Gino e DE REGE Guido hanno riferito che verso le ore 18 del giorno 11 corrente, rientrando a Roma sul loro motofurgone carico di frutta, furono fermati al posto di blocco di "Frattocchie", nei pressi di Albano, da militari della polizia alleata addetti a quel servizio ed ivi fatti sostare per attendere - a dire degli agenti - l'ufficiale di polizia.- Erano stati già fermati - per la stessa ragione - altri automezzi carichi di derrate.-

Poichè annottava e l'ufficiale tardava, gli interessati sollecitarono il passaggio.- I militari alleati fecero comprendere che, mediante pagamento, avrebbero concesso il passaggio, diversamente avrebbero ritirato i permessi.-

Per poter proseguire le persone fermate manifestarono l'intenzione di pagare e allora gli alleati, allontanati con un pretesto di servizio i due carabinieri presenti, riscossero varie migliaia di lire dai proprietari degli automezzi, autorizzando il transito.-

Il CASADEI ed il DE REGE versarono £.1.500,ma ve ne furono di quelli,che trasportavano pasta ed altri generi contingentati,che pagarono da tre a seimila lire.-

Il CASADEI ed il DE REGE hanno raccontato il fatto ai mercati generali,euscitando commenti sfavorevoli.-

Essi sono disposti a rilasciare - a richiesta - dichiarazione scritta.-

Comunico quanto sopra nell'eventualità che cotesta Commissione Alleata non fosse già venuta a conoscenza dell'accorso,evidentemente da attribuirsi ad elementi disertori alleati.-

Dear Dr. Prunas,

34 B

With reference to your letter 1/467 dated 5 September 1944, respecting the case of Signor [illegible] and other gentlemen being robbed between Terracina and Littoria on 23 August, 1944.

Enquiries have been made and the witnesses interviewed, but the identification of the offenders by the witnesses is very doubtful.

It is quite likely that the persons responsible for the offence are some of the military personnel who have recently been arrested for a series of armed robberies in this area, but there is insufficient evidence to definitely connect them with this case.

Very truly yours,

Sir,

With reference to the attached correspondence received from Provost Marshall's office, R.A.A.C. regarding a case of alleged robbery on 23rd August, 1944. I have to report that on 14th January, 1945 I interviewed the witnesses in this case.

Photographs of all the men recently arrested by this section in connection with a series of armed robberies, committed in the Rome area, were shown to these people. None of them were able to identify any of those soldiers as those responsible for this particular offence and in most cases were not sure that they would recognise the offenders if they did see them again.

We are sorry to be obliged to inform you, that on the 11th of Dec., two Polish soldiers, one of which wore a badge of our Party, stopped in via Aventina at about 1300 hrs. our Comrade Germoni Romoli asking him whether he was a Communist. On his affermative reply, they obliged him to hand over his tessera (card) forcing him afterwards to go away.

The same soldiers boasted of having succeeded in getting further 4 tessere from members of our Party, adopting these methods.

We have given orders not to rebel against such provocations, but it is deemed necessary to inform of the matter, so that steps may be taken, in order to avoid such incidents, which could have serious consequences, in spite of our good will to avoid them.

Siamo dolenti di Dovervi segnalare che il giorno 11 del corrente mese due soldati polacchi, uno dei quali portava all'occhiello il distintivo del nostro Partito, fermavano in Via Aventina verso le ore 13 il nostro compagno Germoni Romolo chiedendogli se fosse comunista. Alla risposta affermativa si facevano consegnare la tessera imponendo con la violenza al Germani di allontanarsi.

Gli stessi soldati si vantavano di essersi fatti consegnare con gli stessi metodi altre quattro tessere da iscritti al nostro Partito.

Noi abbiamo dato disposizioni di non reagire a simili provocazioni ma riteniamo opportuno segnalarvi la cosa perché vengano prese disposizioni atte ad evitare simili incidenti che potrebbero avere conseguenze incresciose, malgrado la nostra buona volontà di evitarli.

Dear Admiral,

On August 23rd, towards 22 hrs, Signor Lupis, Secretary to the Minister without Portfolio, Signor Bonnet and four other gentlemen, whilst, owing to a break-down to their car, standing at the 20th kilometer, between Terracina and Litoria, of the Rome-Naples road, were overtaken by a small American van. The van stopped and several armed men, speaking in English, got down and robbed Sig. Lupis and his four travelling companions. The American van subsequently moved on for about 200 meters and left definitely in the direction of Terracina only when Sig. Lupis' car, which had in the meantime been repaired, left towards Rome.

I wish to report to you this occurence which, unfortunately is not an isolated case, and at the same time to ask you to be so kind as to interest the competent authorities in the matter in order to trace the thieves.

Thanking you in advance for your courtesy in the matter.

ITALIAN POLICE ARRESTS AMERICAN GANGSTER

The American soldier James C.Morris, author of various armed thefts, was arrested the other evening whilst trying to escape after having committed a theft inside a bar. He opposed himself vividly to the agents, but all the same he was disarmed and handed over to the Allied Police.
After having committed thefts in damage of some isolated people passing by on the ~~nxr~~ street, he entered with two Canadian soldiers in the Bar "Sciuba", in via del Pignato. While the two Canadians remained at the entrance, threatning those present with their arms, Morris collected and took from them their pocket-books, watches and other items of value.

No 678

Subject: Incidents between Polish Troops and members of our Party.

To A.C.C. P.S. SUBCOMMISSION

We deam it urgent to inform that Allied Control Commission of the increasing number of incidents between Polish soldiers and members of our Party, and of the urgent necessity of a prompt intervention of the Polish Military Command.

We fear that without a severe intervention by Military authorities, more serious incidents might happen, and that the fascist 5th column might use them for its purposes.

So that the Allied Command may see the seriousness of t the situation and the provocations that our members must stand, we shall hereafter expose briefly the incidents which are more important owing to the number of people mixed in them; we shall not mention the minor ones.

On 19/9/44 a Polish officer and 2 soldiers forced the door of our seat in Via Flaminia 495 and took away the flag which they tore and stamped on.

That same evening some Polish soldiers presented themselves to our Section in Lungotevere Flaminia 47, and ordered the secretary to take away the flag, threatening to return 2 hours later with more men to carry out their menaces.

In Pizza del Popolo, in occasion of the return from the front of C.I.L. troops, our members were insulted by Polish soldiers who asked to be given the flag. It is only owing to the calm energy of our members that the incident had no graver consequences.

On Sept 28th, at Civita Castellana, many Polish soldiers burst into the seat of our Party, taring away the flag which was torn to bits in the main square, causing indignation among the people, and the reactions of our members against a fascist who had approved of this provocative gesture.

Similar incidents happen a little everywhere, and seam to be increasing; they are certainly due in part to reactionary elements, who try to render the present situation even graver.

We feel sure that that Allied Commission will energetically order the Polish troops to respect citizens democratic liberty, liberty and democracy for which the Polish say they themselves are fighting.

Riteniamo urgente segnalare a codesta Commissione Alleata il numero crescente degli incidenti tra soldati polacchi e membri del nostro Partito e la necessità del suo pronto intervento presso il Comando militare delle truppe polacche. Temiamo infatti che più gravi incidenti potrebbero avvenire senza un intervento chiarificatore delle autorità militari, incidenti che la V^a Colonna fascista sarebbe lieta di sfruttare ai suoi fini reazionari.-

Affinchè codesta Commissione Alleata possa rendersi conto della gravità della situazione e delle provocazioni cui vengono sottoposti i nostri compagni esporremo brevemente quei fatti che, per il numero dei protagonisti ed il loro grado militare, rivestono maggiore gravità trascurando gli episodi individuali e quelli meno importanti.

Il giorno 19 settembre u.s. un ufficiale e due soldati polacchi hanno forzato la porta di una nostra sede in Via Flaminia 495, ne hanno asportato la bandiera che poi veniva stracciata e calpestata nella strada.-

La sera dello stesso giorno soldati polacchi si presentavano nella sede di una nostra Sezione in Lungotevere Flaminio,47 e ordinavano al Segretario della Sezione di ritirare la bandiera promettendo di ritornare dopo due ore in maggior numero per mettere in pratica le minaccie fatte.-

TO THE HON.UFFICIO SPECIALE DI DIVISIONE AVIERE:
MINISTERY OF WAR ROME

I am bound to inform this Hon.Office of the serious disturbances which have been caused in the portion of the Nettuno Polygon leased to me by the coloured troops occasionally stationing on the Polygon itself.

Groups of these soldiers turn menacingly up even at night at our keepers and workers to pillage the place,causing great panic among the men who have repeatedly been obliged to quit work with serious prejudice to the establishment and to myself.

I therefore beg you to prevent such intrusions, which ,if continued,would have the most serious consequences on the agricultural activities; not to mention the already damages already suffered by us.

I am hopeful that this Hon.Office,being informed of the hure losses we have suffered in the past,will promptly intervene to prevent further damages.

With best regards

Carlo Morucci

Sono costretto a portare a conoscenza di codesto spett. Ufficio i gravi inconvenienti che vengono a prodursi nella parte del Poligono di Nettuno a me concessa in affitto a cagione delle gravi molestie che arrecano le truppe di colore che saltuariamente stazionano sul Poligono stesso.

Gruppi di soldati di questa truppa si presentano ai nostri custodi e lavoratori anche nelle ore notturne, con minacce a scopo di rapina, così che hanno provocato un serio panico nelle maestranze che sono state costrette ripetutamente ad abbandonare il lavoro con gravissimo danno della lavorazione e mio personale.

Prego pertanto voler portare un pronto riparo a questi interventi che, se continuassero sarebbero causa delle più gravi conseguenze per la conduzione agricola, salva ed impregiudicata la riserva dei danni già subiti.

AG 380

SUBJECT: Conduct on Cessation of Hostilities

TO : All Unit Commanders.

1. The time has come when it is necessary to consider as a possibility the situation which will be created by a cessation of hostilities in Europe. Such a situation might arise as a result of a formal armistice with Germany, or on the other hand, hostilities may drift gradually to an end. Two different sets of conditions may thus arise which will require somewhat different treatment.

2. It is the intention of the Commanding General, Rome Allied Area Command, whatever the circumstances, to prevent any riotous behavior or undue disturbance, and, while allowing scope for legitimate rejoicing, to preserve normality in the conduct of the area.

3. It is particularly the intention that undue crowds of troops will not be allowed into the city of Rome. Passes will be strictly limited to normal numbers.

4. This applies to officers equally with enlisted men and other ranks. Units quartered in the Rome Area will allow no more than the usual quota of officers into Rome and others will be reminded that it is their duty to be present in their unit lines.

5. No more than the normal percentage of enlisted men and other ranks will be allowed on pass.

6. It is therefore important that officers commanding units organize entertainment and diversion within unit lines with a view to keeping men amused and preventing them, so far as possible, from drifting into Rome. In addition, special efforts will be made from area resources to provide as much entertainment as possible to keep men in Rome out of the streets.

7. When the situation arises it will be necessary for all units to keep a particularly tight control over transport vehicles to prevent unauthorized "joyriding" and all officers commanding units will prepare plans with this in view.

8. It may be necessary for certain units which will be nominated in due course to have pickquets detailed to stand by

for duties, if required. It is however, hoped that it will not be necessary to have recourse to this measure.

9. It will be realized that the measures contemplated may have to be maintained over several days.

SUBJECT: Castiglion del Lago (Perugia) - Behaviour of Allied military.

TO : A.C.C., P.S. Sub-Commission. Rome.

In Castiglion Lago (Perugia), it is complained that Allied soldiers, billeted in the hotel 'Miralago', disturb the public peace with all sorts of bawlings which usually continue till the very early hours of the morning.

Besides, they enjoy themselves by knocking loudly on the doors of private houses, asking for wine, food and women. And, when they are not satisfied, they vaigh with all sorts of abuses.

A few nights ago, they also knocked at the door of the CC.RR. barracks, expecting to enter. The commander of the station, appearing and convinced of their state of drunkness, thought well not to open. This vexed the disturbers who continued to knock at the door with violence and to veigh for almost half an hour.

The population points out that whilst the curfew for civilians is fixed at 22,00 hrs. the military circulate at all hours of the night.

I2 AUGUST I944

SUBJECT: Homicide report from Maenza

To : Provincial Commissioner, Littoria Province

1. On IO August I944, accompanaid by Cpl. Vasco Ciardella as interpreter, this officer investigated a homicide reported to this office by the CC.RR. Maresciallo at Maenza through CC.RR. channels to Terracina to Littoria. Upon arrival, found that Lt. Plecas, I98 th MP Co. had investigated the homicide 9 August I944 and removed physical evidence, moneys, guns etc. from the scene, and impounded 2 U.S. Jeeps implicated in a series of crimes of which this homicide became a part. By interrogation of family of arrested person and CC.RR.Maresciallo and Vice Sindaco of Maenza together with inspection of premises at which homicide was repor= ted to have occured and inspection of body of victim lying where he was reported to have been without investigation since the occu= rence the following facts seem evident:

One Risi Antonio fu Lodovico e della fu Bordoni Cate= rina born in Carpineto Romeno 20/II/I882, a farmer living in the vicinity of "Acqua Mora " in the franction Maenza of the Commune of Carpineto, in the early hours of 8/8/I944was asleep in his home with his wife in the same bed in the lower floor in the kitchen. Two daughters with their children were sleeping on the second floor directly above the aged couple, with ascending stairs on outside of house. At about one o'clock the dog barked and a loud shot as from a rifle was heard, closely followed by heavy strokes of fists and kiks of shod where Risi and wife had been sleeping. Risi awoke at the sound of the shot, lighted an oil taper and secured his load= ed shotgun from next to his bed. His wife screamed in terror, the daughter and their children upstairs all awoke and when the noises from below indicated attack to them, they all screamed and cried and attempted to huddle together in the westerly room farthest from the fracas below. Loud shouting and demands not in Italian caused great fera in all the Risi family. In a few minutes the door was forced open and another rifle shot was fired by the marauder just inside the door forced. Risi shot at the form, which slumped back to at least two companions outside, in an easterly direction. Risi shot one more shot as they disappeared around the corner and reloaded his shotgun. The daughetrs from a window above saw some menrunning away in a generally easterly direction.

Declassified E.O. 12356 Section 3.3/NND No. 785016

They disappeared quickly in the limited moonlight. All this action took 10 to 15 minutes. Things were quiet then except for the hysterical screams and crying of all concerned except the father who called lustily for help for many minutes.
After assuring himself that the marauders had gone, he maintened guard of the premises and a jeep parked at the entrence path to the house from the road. He called frequently for help during the night and continued guard in a frentic state the rest of the night. About 4 A.M. he heard voices call"Americani - Ame=ricani " He yelled back "Thieves Assassins" Later he heard persons approach on the road and halted them. An Italian from Carpineto known to Ricci said that he was proceding to priverno and two Ame=rican soldier were with him,who wanted to take the Jeep away, Risi told them there was a dead American soldier there and they should take to the fields and not try to pass on the road. The Italians and Americans went away. At daylight he called again and finally a neighbor distant about 200 meters came to him. He asked him, Cacciotti Eleuterio, to fetch his son Armando, who lived about 1;1/2 km. away. Cacciotti did. Armando learnedof the situation from his father and summoned the Mare=sciallo and a CC.RR. forthwith. They arrived at about 6 a;m; and secured the area and investigated by interrogation.
They arrested Risi and transported him to jail in Priverno and retained the evidence at Faenza. The CC.RR. from Sezze and Faenza reinvestigated with MP.LT.Plecas the next day and this officer followed the next day. The deceased is identified as:

Pvt. Frank Emmenuel, Co. "C", 6th Bn.,
Gordon Highlands Regt., British.

Identification made by Lt. Plecas from papers on the body and statment of another English soldier arrested 9.8.44 by Lt. Plecas and CC.RR. Maresciallo Sciolti of Sezze.
Further investigations by Lt. Plecas with Maresciallo of Sezze indicates that two groups of soldiers, AWOL from British and American Units, some 6 or 8 weeks, have stolen 2 U.S.Jeeps, marked them "Military Police" and have perpetrated many holdups and forcible entries in both Littoria and Frosinone Province, for the past two or more weeks, sleeping and eating in different places and terrorizing natives in mountain areas almost nightly. This news of marauders together with months of attacks from Maroc=cans has caused great anxiety and fear in the natives'minds.

2. From the above recount of verbal statements and with knowledge of the condition of fear existing in this area this officer recommends as great leninecy as can be possible, where the evidence indicates justifiable homicide, and has delayed filing charges until ordered by command as to just dispo=sition. If it be possible suggest release and closure od case as justifiable homicide.

Declassified E.O. 12356 Section 3.3/NND No. 785016

3. Body of British soldier taken to Littoria on order of Lt. Flecas MP, for insoection by C.I.D. officers. These C.I.D. officers appeared IO/8/I944 at noon in Littoria and have not returned to Littoria since. I am therefore notifying Graves Registration Service to pick up the body at Littoria and bury it in Anzio in the British Military Cemetery.

On behalf of some soldiers of the 517th American Regt. PARACHUTE COMBAT TEAM, camped near Frascati (Rome), the population complains as follows:

On the 4th July about 0900 hrs. in Frascati, the shop-window was forced open, of the shop "sale, tabacchi e generi vari" (salt, tobaccoes and various articles), of Romani Romano di Aristide, located in Via Principe Umberto, for the purpose to rob chairs, candles, cigarettes, matches; the whole for the value of 2,600 lire. The soldiers had a car signed 5 A - 596 E, and on the hood number 2219694.

On the same day at 0830 hrs., they robbed from the schools of the "Suore Fie Filippine" desks, blackboards and washstands. The soldiers had the car A - 517 - 12 B.

Again on the same day, they robbed from Viscussi Angelo fu Alessandro, marbles of the value of 57,000 Lire. The soldiers had the carssigned S. U. AM. 5 A - 517 - 11366 and S. U. AM. 5 A 344 E.

On the same 4th of July an American soldier, unidentified, probably belonging to the a/m unit, was waiting in "Piazza Spinetta" in Frascati and delivered with cordiality oranges, chocolate, drops and notes of 100 lire. The people stood close to him and he either jokingly or to make room, extracted his pistol and fired several shots directed to the ground, the splinters of which wounded a girl and Catone Alfredo di Luigi, aged 39, from Frascati, fire-man, who was shopping. The latter has been brought to the "Fatebenefratelli" hospital, in Rome, where he is now recovered.

SUBJECT :- COMPLAINTS AGAINST GOUMS. File Ref. T.P.9.

TO :- PROVINCIAL COMMISSIONER, REGION IV., ROME PROVINCE.

I. Reference your R4/RPR.... on the above subject dated I.7.44.

2. Several complaints against the troops referred to emanate from this district. Two cases of rape are alleged whilst others include robbery, looting and threatening conduct whilst armed with offensive weapons.

3. The first of the cases of rape occurred on the 8th June 1944 at 8 am near TIVOLI at the Villa ADRIANNA, the address of the Contessa COLLERONI, when a maid, one DANESI, Maria, age 36, who had been temporarily left alone on the premises, was raped by FOUR coloured soldiers in the presence of a French officer, who, apparently did nothing to prevent the assault. The same soldiers then looted the premises and took away a quantity of property referred to later in this report. No precise details can be ascertained as to the identity of the soldiers concerned as all French units had left the district prior to my arrival. It is believed, however, that the O/C. of the unit is Commandant Georges GALIBERT, Infanterie Coloniale, Ist Division Francaise Libre.

Shortly after the occurrence the matter was reported by the Contessa to TWO French officers (a) Lieut. CHRETIEN, Marcel No. SI. 82946 and (b) GENESTE, Andre, rank and number unknown, both of the 6th A.R.R. Detachment, but neither of these officers apparently did much to bring the facts to notice as nothing was heard of the matter until complaint was made on the I2/I3th June 1944 at this office.

On the I4th June 1944, after having interviewed the victim of the assault, I forwarded particulars to the PROVOST MARSHALL, 8th ARMY, with a view to the matter being taken up with the FRENCH MILITARY AUTHORITIES, vide the attached corres marked "A". This corres included a medical certificate as to an examination on the victim together with a list of the articles alleged to have been stolen from the villa of the Contessa COLLERONI.

The second case reported took place at PALESTRINA on the 8th June 1944 at about 7 pm. when a young peasant woman named MARINI, Emilia, age 22, unmarried, living with her parents at Via S. VITTORINO No. 20, PALESTRINA, is alleged to have been raped by FIVE coloured French soldiers who took her forcibly to a nearby hut and committed the offence whilst a further FOUR French soldiers stood by with pistols keeping her parents, and civilians at bay. Subsequently, these latter FOUR soldiers

an Italian Milita[illegible] Post in the town where s[illegible] was given medical treatment. There is, however, no documentary evidence of this and it has been impossible to trace the medical officer concerned.

So far as can be stated at the moment no action in the matter has been taken by the FRENCH military authorities, in fact, had it not been for a chance remark made in my presence, it is doubtful whether anything would have been heard of the matter. I consider this case to be by far the more serious and urge every enquiry with a view to tracing the offenders.

Apart from bringing the matter to notice in this report I have not been able to further the enquiry and particulars have NOT been forwarded to the PROVOST MARSHALL 8th ARMY as in the previous case. C.C.R.R. report with statements of the witnesses attached at "B".

4. With regard to the cases of robbery and looting - particulars are as follows.

(a). On 6th June 1944 in the district of BAGNO di CAVARELLI, PALESTRINA, troops of the 27C. de D.C.A. took away from LOMBARDI, Emilia 40 sheep, I pig and 8 chickens. The names of FIVE witnesses are given together with the losers statement as at "C" attached.

(b). On8th June 1944 at 10 pm. at PALESTRINA, FIVE French soldiers (including two white and three coloured), at the point of a pistol took from the house of GIOVANNI, Pinci the following :- 500 Lit. I black jacket, - sheets, I axe and I pair of glasses. No witnesses are available in this case but the matter is confirmed by C.C.R.R. vide "D" attached.

(c). On 8th June 1944 at 10 pm. FIVE French soldiers (including two white and three coloured), went to the house of PALAMIDESSE, Quinta, at PALESTRINA, where, at the point of a pistol a considerable quantity of property listed as at "E" attached, was removed. In this particular instance threats to rape a young girl of 15 years were made but not carried out. Confirmation of the fact is provided vide C.C.R.R. report attached.

(d). On 8th June 1944 at 4 pm. at COLLETODDO, PALESTRINA, coloured troops, accompanied by white, took away from the above premises some 35 sheep, the property of MATTOGNO, Costantino. This is confirmed vide C.C.R.R. report "F" attached.

5. The foregoing is submitted herewith in triplicate together with enclosures "A", "B", "C", "D", "E" and "F".

Subject : Alleged Rape by coloured FRENCH troops.

On the 13rt. June 1944 complaint was made at this office by the Contessa COLLEONI of Villa Adriana, Tivoli, of the conduct of a FRENCH officer accompanied by four coloured FRENCH soldiers, who, at about 8am. 7th June 1944 at the above address, are alleged to have committed robbery and rape under the following circumstances:

According to the complaint the facts are, she had at the time indicated momentarily left the above address leaving her maid DANESI Maria, age 36, alone on the premises. On her return some few minutes later she found her maid in a distressed condition with a FRENCH officer and four coloured soldiers. The maid immediately informed her that, she had been forcibly assaulted and raped by all four soldiers in succession in the presence of the officer who had apparently done nothing to prevente the assault. Subsequently, the same soldiers searched and looted the premises taking away with them the articles shewn on the attached list.

The victim of the alleged assault has been medically examined and a certificate in original is appended hereto.

No particulars are available as to the identity of the soldiers referred to, but subsequent to the occurrence, the matter was reported to two FRENCH officers 1st. Lieut. CHRETIEN Marcel, No. S.I. 82346, believed to be the Commanding Officer and 2nd. CHESTER André, rank unknown, both of the 6th A.R.R. D.T. The former named officer is said to have adopted a cynical attitude over the matter but the latter acted with sympathy to both females stating he would render all assistance possible. It seems, however, that little has been done in that respect and nothing further has been forthcoming as to the identity of the soldiers in question.

Enquiry reveals that no FRENCH UNIT now remains in this locality, consequently, no investigation can be carried out in this vicinity. In the circumstances therfore, I suggest the matter be referred to the FRENCH MILITARY AUTHORITIES with a view to furthering the enquiry.

L'anno millenovecentoquarantaquattro addì 3 del mese di Luglio in Palestrina, ufficio della stazione dei carabinieri reali, alle ore 18 davanti a noi brigadiere Gagliardoni Giovanni é presente la nominata Giordani Annamaria in Baroni fu Eugenio e di Federici Giovanna, nata a Palestrina il 16.7.1911., ivi domiciliata V. San Rocco la quale opportunamente interrogata dichiara quanto segue:

Verso le ore 15 del giorno 6 Giugno 1944, in località Donicilli del comune di Palestrina, 5 soldati francesi di colore afferrarono con violenza la nominata Marini Emilia di Romolo, di anni 22 da Palestrina e la condussero in una capanna di mia proprietà sita nella predetta località, ove venne dagli stessi militari deflorata. Altri quattro militari, pure di colore, armati di pistola, restavano poco lontano dalla capanna per non fare avvicinare i genitori della ragazza che cercavano di liberarla.

A.D.R. Non so se anche gli altri quattro militari che sostavano fuori della capanna sfogarono la loro libidine con la giovine, perché io spaventata dal fatto mi allontanai.

A.D.R. Della deflorazione della Marini da parte dei predetti militari sono certa perché nella detta capanna, sono stati rinvenuti un paio di lenzuola di mia proprietà, intrisi di sangue.

In fede di quanto sopra ci sottoscriviamo

Successivamente é presente la nominata Baroni Costantina in Pinci, di Clemente e fu Barchetti Enrica, nata a Palestrina il 30.10.1904, ivi domiciliata V. Io sottoscritto Mattogno Costantino di Palestrina, pastore, invalido di guerra 1915_1918 faccio noto che il giorno 8 Giugno 1944 circa le ore 16 nella località Colletoddo le vostre truppe di colore, neri con pochi bianchi in presenza di circa 20 persone mi hanno preso con minacce e senza alcun compenso 35 capi di bestiame (pecore e montoni) per il valore di circa 70.000 L. Illustre Comandante questo è stato per me il vostro colpo di grazia. Circa 100 capi di bestiame mi è stato strappato dai tiranni tedeschi quando con i vostri messaggi volanti ci dicevate di tenere il bestiame nascosto. Ultimo giorno del= la resa di Palestrina mi hanno preso a me e il cavallo dai Tedeschi come partigiano della banda contro i tedeschi, perché in parola ho contribuito in questa stessa Valle (Memma) doveva venire l'esecuzione. Il cavallo venne ucciso. Illustre Comandante sono vedovo già di due mogli ho cinque figli, casa in Via della Cortina, bombardata. Sono stato portato sul lastrico. Spero nella grazia delle vostre autorità che mi veng- pagato equamente quello che è giusto e di ragione.

SUBJECT: Behaviour of French Troops in Montefiascone Territory.

TO : Allied Military Command, Reg. IV. Rome

From the 11th - 27th June, French occupation Troops ransacked Montefiascone and neighbourhood, thus creating a bad impression on the population. They also committed acts of violence on women, especially the coloured soldiers. In the country they threatened the population, arm in hand, - taking away with them, cattle, pigs and poultry.

The Military Authorities as well as the French Military Police have been notified of such inconveniences, but no action has yet been taken.

Nearly all private houses and offices were broken into and ransacked by French soldiers, who took furniture, household linen, kitchen utensils, books, radio apparatus etc.,

In several houses and offices, they demolisned electric installations, furniture, glass, doors, windows etc. The ransacked cellars amount to about 150 and the quantity of wine lost in the attempt to carry it away, is considerable.

On the 21st ult. the Communal Library of Montefiascone was burnt by French Troops. This Library consisted of volumes of historic value.

Dall'11 al 27 giugno u/s, le truppe d'occupazione francesi trascesero in Montefiascone e dintorni ad atti di saccheggio suscitando un'impressione dolorosa nella popolazione.-

Furono compiute anche violenze sulle donne, specialmente da parte delle truppe di colore. Nelle campagne vennero asportate, previa minaccia a mano armata, suini, ovini e pollami.-

Più volte furono rappresentati ai superiori diretti dei soldati ed alla polizia militare francese tali inconvenienti, ma nessun efficace intervento da parte loro si ottenne.-

Quasi tutte le abitazioni private e gli uffici furono scassinati e saccheggiati dalle truppe francesi che asportarono biancheria, mobili, materiale di cucina servizi vari, libri, apparecchi radio, etc.-

In molte abitazioni ed uffici vennero frantumati impianti elettrici, mobili, vetrerie, porte finestre, ecc.-

Le cantine saccheggiate ammontano a circa 150 ed il quantitativo di vino disperso nel tentativo di asportarlo, è rilevante.-

Il 21 detto mese, sempre ad opere delle truppe francesi, fu incendiata la biblioteca comunale di Montefiascone che comprendeva volumi anche di valore storico.-

Molti civili furono percossi senza alcun giustificato motivo.-

TO : Allied Military Command, Reg. IV. Rome

On the evening of 21st ult. along Amaseno Villa St.Stefano Rd., Arab soldiers belonging to a camp situated near the thicket of S.Stefano, ill-treated and kicked without reason LEO Maria(daughter of Ernesto) and her daughter Elisa Palombo.

The following evening, at about 2000 hrs. six soldiers, of the same camp, armed with rifles, went to the neighbourhood (in the vicinity) of the above mentioned women in locality Perosano di Villa S.Stefano, and fired several shots. A woman was slightly wounded in her head owing to the falling of a brick from the roof of the house and an Arab soldier was wounded in the leg by the shooting.

The soldiers stated that they had been shot at by civilians who live there, but this is denied by Maria Leo and her daughter Elisa Palombo.

Notwithstanding the investigations made, it has not been possible to identify the guilty soldiers and in Elisa Palombo's house no arms whatever have been found.

To avoid any further incidents, the Carabinieri of this locality have decided in agreement with the French Commandant of the Camp, that the inhabitants of Perosano will have to retire in the evening and two Carabinieri will keep watch in that zone during the day.

La sera del 21 corrente, lungo la carrozzabile Amaseno Villa S.Stefano, alcuni soldati arabi, dell'accampamento sito presso la macchia S.Stefano, malmenarono, senza alcun motivo, con pugni, schiaffi e calci, LEO Maria fu Ernesto e la di lei figlia Palombo Elisa.

La sera successiva, verso le ore 20, sei soldati, pure del predetto accampamento, armati di fucile, si recarono nei pressi dell'abitazione delle predette donne in contrada Perosano di Villa S.Stefano e spararono diversi colpi d'arma da fuoco. In tale circostanza una donna riportò lieve ferita alla testa per la caduta di una tegola dal tetto dello stabile e un soldato arabo rimase ferito ad una gamba, da colpo d'arma da fuoco.

A dire dei militari, essi sarebbero stati fatti segno a fucilate da parte di alcuni civili che si trovavano nell'abitazione di cui sopra, cosa questa esclusa dalla Leo e figlia.

Nonostante le indagini fin qui praticate, non è stato possibile identificare il feritore del soldato suddetto ed in casa Palombo non sono state rinvenute armi di sorta.

Ad evitare ulteriori incidenti del genere, d'intesa col comandante francese dell'accampamento, l'Arma del luogo ha disposto che gli abitanti della contrada Perosano si ritirino la sera in paese e durante la giornata due carabinieri vigilino la zona.=

3. Attention is invited to the prevalence in these cases of the evidence " ARMED "; indicating a laxness on the part of those in command in permitting arms to be carried when not on duty. Also, authorities protest the fact alleged, that no follow ups have been reported back to them to indicate desire to stop depredations or pursue offenders.

On 17 June 1944 about 0,30 hrs. in "Vandolente" di Priverno (Littoria) two French soldiers ~~penetrated~~ forced open the doors in several country-houses, looking for women. Among others they tried to force the door of the residence of a certain MIRABELLA Angelo, aged 41, of Roccasecca, for the purpose of raping his wife and his single daughter. Before the door was forced open, Mirabellen fired a shot, which after having perforated the wood, shot the two soldiers, one of whom died and the other was wounded.

On the morning of the same day, about 0900 hrs., from "Bucolno" di Brossedi, arrived many soldiers for retaliatory action: infact they ran about the village until 1100 hrs. of the same day among the frightened people, plundering several habitations and robbing many cattle, provocating armed reaction by the people. Le popolazioni della provincia di Littoria sono in grave allarme per i continui atti di violenza carnale che militari marocchini commettono in danno delle donne e per i numerosi altri delitti di cui gli stessi militari giornalmente si rendono responsabili.

- il 1° giugno u/s.tale CAPASSO Carmela di anni 20 veniva aggredita da due militari marocchini che,minacciandola di morte con le pistole in pugno,riuscivano a violentarla;
- il 2 giugno u/s. in Roccasecca dei Volsci (Terracina) certa BOVE,non meglio identificata,veniva pure violentata da militari marocchini dopo essere stata malmenata e minacciata di morte con le pistole;
- lo stesso 2 giugno gruppo armato di marocchini penetrava nell'abitazione di QUARTUCCI Giulio (comune di Sezze Romano) dove dormivano sette donne. Detti militari rapivano

Uno dei soldati si congiungeva,in casa,con violenza,carnalmente con MORETTI Adalgisa di anni 24 coniugata ed altro militare rapinava PACLINI Teresa di lire settemila;

- il 7 giugno u/s. cinque marocchini in località Valle del Canneto (Terracina) forzata la porta di casa colonica, colle armi alla mano,costringevano CAPONERA Gennarina di anni 21 a seguirli in campagna. At 21,30 hours of the 23rd inst. in Alatri, four drunken canadian soldiers asked some carabineers of the local station, who found themselves near the barr acks, to procure some women for them, and inveighed against them when they were made to understand that the carabineers could not adhere to such a request.

Later the said canadian soldiers attempted, without success, to disamm the motocyclist carabineer TAGLIAFERRI Mario, who had arrived on the scene, and to get possession of the service motorcycle in his care, because the said carabinner had refused to comply with a renewed request for women that had been made to him.

Three shots were fired, without grevious consequences.

The prompt intervention of the Commander of the local station closed the incident.

Inquiries are being made to ascertain responsibilities and to identify the soldier who fired the shots.

The population of the Commune of Priverno (Littoria) is seriously alarmed at the continuous acts of violence that it has to sufter at the hands of the Morocco troops.

Although many families maintain a comprehensible reserve upon incidents which have occurred to them, it is possible to report several cases the gravity of which is evident, with the request that competent Authorities should intervene to stop these reprehensible incidents.

The 1st inst. CAPASSO Carmela fo Gaetano, born in Naples and there domiciled, aged 20, towards 900 hours was assaulted by two Morocco soldiers who, threatening her with their pistols,and menacing to kill her, were able to rape the girl.

On the 2nd inst. in ROCCASECCA dei VOLSCI (Terracina) a woman named BOVE, not better identified, was violated by Morocco soldiers, after having been manhandled and threatened with death with pistols.

The 7th inst. five french soldiers went to the locality known as " Valle del Cunneto" Terracina (Littoria) and about 2300 hours, after having forced the door of a farmhouse, penetrated inside with firearms at the ready and impelled CAPONERA Gennaria to follow them in the countryside. After escaping from their clutches CAPONERA ran for refuge to a near by hut inhabited by CARINCI Giuseppe of the late Antonio from Priverno, aged 33 who in the meantime had come to his door followed by his wife BRAGA Assunta of Angelo aged 32 from Priverno, attracted by CAPONERA's cries for help. When the men present protested, the soldiers fired numerous pistol shots killing ALTOBELLI Ortenzio of Angelo, born at Sonnino and there resident, aged 18.

The 8th inst. about 1600 hours, MAROCCHI Assunta of Enrico, born at Priverno, aged 16, was assaulted together with another girl by a Morocco soldier. Both girls, to avoid beeing raped tried to escape but MAROCCHI Assunta was hit in the head by a pistol shot.

In the locality of Mazzano Romano, a very difficult situation has been created, because the Communist Party want at any cost, to take possession of the locality, actually commanded by the Prefect Commissioner Grand Official VINCENZO FAZZI, Chief of the Cermonial office with the Quirinal, appointed recently by the Allied Provincial Command.

The rabble, commanded by a shoe-maker of Monterosi, and by other local scoundrels incites the population to violence, and forbids the other parties to function.

Opportune steps have been taken to re-establish the situation.

I. The attached reports of crimes committed by Allied soldiers within Rome Province are forwarded for your information, and with the request that representations to the proper authorities be made at a high level in order to obtain some remedial action.

2. This course of action seems prefereable in light of the fact that Allied Military Government must rely upon the proper military authorities to investigate, arrest and try members of the military forces for such crimes as are reported herewith.

3. Since it is improbable that the military forces will have available sufficient military police to patrol every village and hamlet constantly, it is further suggested that they be requested to devise and provide a system of patrols that will offer adequate protection to the peaceful civilian population.

Subject: Murder and attempted rape.

To: Regional Public Safety Officer.
Through: Provincial Commissioner.

At 9 a.m. on 20-6-44 I was informed that at 4-30 p.m. on 18-6-44 three persons:-

Benedetti, Demetrio.(56) Benedetti, Giovanni.(20) & Micarelli, Eugenia(27) had been murdered by two persons - believed to be French soldiers - whist they were walking through some woods at Paiola, near Velletri., and that the two supposed soldiers had then attempted to rape Benedetti, Elena (16) who had been with the murdered persons.

I went to the scene of the muders and afterwards interviewed Benedetti; Elena from whom I obtained the following information:-

At the above time and place the four persons were walking through the woods when they were stopped by two ypung men aged about 24, 5'6", medium build, armed with rifles and wearing uniform of the American type. The girl was unable to give any further information but stated that she thought she would be able to identify the men.

The two soldiers indicated that the four persons were to turn back and when they did so the father was immediately shot in the back. The other three then ran away but the young Benedetti and Sig.ra Micarelli were also shot. Medical evidence shows that the two males died instantly but that the woman lived for approx. 4 hours after being shot.

On seeing her companions fall the girl through herself down - face upwards - and feigned death. The two soldiers then attempted to, have sexual intercourse with her. Medical evidence shows that no actual penetration took place.

I also interviewed Spazziano, Pietro (43) and his son Antonio (15) who live in the locality Poggi D'oro which is approximately 200 yds. from the scene of the murders.

Both stated that between the 15th. and 16th. two men wearing the American type of uniform had been living in the woods in the vicinity and had frequently visited their house to eat pasta and tinned foods which they had brought with them. The men had been able to speak only a few words of Italian but from references in their conversation the Spazziano family were of the opinion that they were from Algeria. Both men were about 20/24 years of age and about 5'6" in height. They were of medium build and had very coarse features. The Spazziano family were unable to give any other information about the men but agreed that one of the men

Benedetti,Demetrio.(56) Benedetti,Giovanni.(20) & Micarelli,Eugenia(27) had been murdered by two persons - believed to be French soldiers - whist they were walking through some woods at Faiola,near Velletri.,and that the two supposed soldiers had then attempted to rape Benedetti,Elena (16) who had been with the murdered persons.

I went to the scene of the murders and afterwards interviewed Benedetti;Elena from whom I obtained the following information:-

The Spazziano family were unable to give any other information about the men but agreed that one of the men always wore a garrison cap whilst the other always wore a helmet similar to the Italian pattern. The men endeavoured to give the impression that they were on duty in the woods but from their actions the family were quite satisfied that they were deserters from a French colonial unit which was camped nearby.

At the time I was making my enquiries there was no French unit in the vicinity but one had moved the previous day. From some soldiers of the U.S. 92nd. Engineers who were then moving away from the

the district, I learn that shortly after the murders occurred the O/C of the unit had sent patrols into the woods and along the surrounding roads and that one of the patrols had detained two French soldiers who had stated that they had been on leave from their unit and had returned to find that it had left the vicinity.

The two Frenchmen were subsequently interviewed by Pvt. Di George of "A" Coy.,759 M.P.Btn.;who was satisfied that they had no connection with the murder and allowed them to leave after taking particulars of the names,etc.,on the documents produced by them.

I have made enquiries at the H.Q. of the 759 M.P. Btn. - which is now at the Villa Borghese,Rome. - and have been informed that a complete report on this case has been forwarded to the Provost Marshall, 5th. Army.,who will no doubt communicate with the C.M.P. with a view to establishing the identity of the murderers. No copy of the report was available at the H.Q.

This brief summary of the case is forwarded for your information. The usual CC. RR. reports have been submitted. There have been no other similar incidents and everything indicates that the men concerned have left this district.
