1. With reference to your letter ACC/14041/10/PS of 18th October 1944, enclosing a report of Inspector General of Pubblica Sicurezza, PENNETTA, I would point out that there is an important omission in the report, which deals in detail with personalities, accommodation, etc., but makes no reference to the efficiency of the Pubblica Sicurezza in Sardinia considered as a whole.

2. The Regional Public Safety Officer is not satisfied and I agree that the efficiency and energy of the Pubblica Sicurezza here is not satisfactory. It lacks the confidence of the Public. There is a feeling that few public bodies have suffered more from the corrupting influence of Fascism than has the Pubblica Sicurezza.

3. The Report contains most disquieting allegations against a number of commissaries and vice-commissaries on grounds of bribery, black market operations, lack of energy etc. It cannot be expected that the ordinary agents and under-officers can do their duty efficiently with such men as examples.

4. I do not feel that the Pubblica Sicurezza in Sardinia can be entrusted with any enquiry of a confidential or serious nature, its members being too much involved in food trafficking and petty bribery. In fact, Public Safety Officers in Sardinia have employed the Carabinieri whenever possible in preference to the Questure.

5. Finally, I do not feel that the transference, retirement or punishment of offending officials will have a sufficient effect in purifying the Pubblica Sicurezza. I am of the opinion that a complete re-organisation of the whole system, drastic treatment of offending officials and more frequent and thorough inspections by competent officials are a necessity.

6. Referring to the Report of Police Chief FERRARI, I note with satisfaction the pending substitution of VARGIU, Questore of Cagliari. Reports I have received indicate that this move is very necessary.

According to your request I have screened Beniamino ROSELLI, newly appointed Questore of Cagliari.

Subject does not enjoy too good a reputation in a political and personal honesty and integrity view point. He has been reprimanded by the Emuration Commission which did not kick him out of service, but insisted that he never be employed in Rome.

While there is no impelling security objection against subject, he however, does not seem to be a very suitable choice for such an important Police office.

ROSelli Beniamino - Ist Class Questore

He entered in the Administration of the Public Safety in April 1910 and passed all his career in Rome.

He was for many years Chief Office of many quarters of this town. In 1937 he was appointed 2nd class Questore and in 1940 Ist class Questore. As Questore he was sent to Livorno where he performed his duty very well.

As he is the nephew of a high magistrate of the Ministry of Grace and Justice, he is very well known in Rome.

He is an intelligent, cultivated, honest and well prepared official who can be appointed to an important post.

He does not seem to be politically compromised also because he never had any political charge.

Rome, 24 October 1944

Comm. dott. ROSELLI Beniamino, di anni 60, Questore di I classe.
 E' entrato in carriera il 24 ottobre 1910.
 Ha prestato servizio a Roma e, da questore, a Campobasso e a Livorno.
 Da ultimo è stato Ispettore Generale di P.S. Presso la Direzione Generale di Polizia.

E' funzionario di intelligenza e cultura limitata e di scarsa capacità e competenza.

Circa la sua correttezza in genere, corrono voci poco favorevoli; però non si hanno prove concrete al riguardo. (Occorrerebbe indagare, in particolare a Campobasso e quando sarà possibile presso la sede al Nord della Direzione Generale di P.S. del pseudo governo repubblicano.)

Si vuole che egli fosse stato incaricato dall'allora capo della polizia repubblicana Temburini di recuperare i mobili, la biancheria ed altri oggetti sottratti dalla residenza di Mussolini a Villa Torlonia dopo il 25 luglio 1943, ed all'uopo avrebbe avuto consegnato 15 milioni. In tale incarico il dott. Roselli sarebbe stato coadiuvato dal Commissario di P.S. De Simone, attualmente in un campo di concentramento, il quale sarebbe stato arrestato e internato anche per questa collaborazione da lui prestata.

Il dott. Roselli è ritenuto inoltre di non chiari atteggiamenti politici.

Circa la sua correttezza in genere, corrono voci poco favorevoli; però non si hanno prove concrete al riguardo. (Occorrerebbe indagare, in particolare a Compobasso e quando sarà possibile - preago la sede al Nord della Direzione Generale di P.S. del pseudo governo repubblicano.)

Si vuole che egli fosse stato incaricato dall'allora capo della Polizia repubblicana Tamburini di recuperare i mobili, la biancheria ed altri oggetti sottratti dalla residenza di Mussolini a Ville Torlonia dopo il 25 luglio 1943, ed all'uopo avrebbe avuto consegnato 15 milioni. In tale incarico il dott. Roselli sarebbe stato coadiuvato dal Commissario di P.S. De Simone, attualmente in un campo di concentramento, il quale sarebbe stato arrestato e internato anche per questa collaborazione da lui prestata.

Il dott. Roselli è ritenuto inoltre di non chiari atteggiamenti politici. 70/4

Difatti, di recente, è stato punito dalla Commissione per l'Epurazione, con la censura, per essersi trasferito, a suo tempo, al Nord col governo repubblicano.

Detta Commissione avrebbe altresì richiesto che il dott. Roselli non fosse più utilizzato in Roma e che fosse pertanto destinato

101

a prestare servizio fuori della Capitale.

Consta infine che egli era una creatura dell'ex Capo della Polizia S.E. Senise.

Non risulta sia stato squadrista, marcia su Roma o sciarpa littorio.

Figura fisica:-buona.

MINISTRY OF INTERIOR
P.S. gen. Hq.

15 September 1944.

Subject : Saràinia - Functioning of the Police.

To : H.E. Chief of the Police - Seat.

Obeying the orders received from E.V. on 22nd of last month, I went over to Saràinia, in order to verify the functioning of the various Police Services of that Island. From files existing at the Alto Commissariato, from informations received by officers of that A.C.C. Section and from what I found out by personal ascertaintments, the following results can be given:

CAGLIARI QUESTURA - The office premises are placed in four different buildings; this subdivision has been caused by the partial destruction, due to bombing, of the last seat.

It is necessary to find new premises, which may hold all the offices and so facilitate work.

The questura is directed by Vargiu Emilio, who already had been discharged and then restored to duty on 24th of last May.

BARRACKS & MESSSES - Barracks being destroyed by bombing, the deaf-mute institute has been arranged as such; in this case too, it is necessary to find, for hygienic reasons, other ^{arrangements} ~~arrangements~~.

After personal control of the agents' mess, I have noted, that food is insufficient, lacking fat and meat.

Since Police agents belong by law to the Army, they must enjoy the same treatment as the CC.RR.

Comm. Vargiu Emilio, having been on duty for many years as a subaltern in Cagliari, cannot have the necessary authority on those working under him.

The commissario aggiunto Mammama Vincenzo has been reproached for his immoral private conduct.

The commissario De Stefano Giovanni, attached to the judicial section, will have to be transferred, being rumoured, that he accepted bribes in food.

The commissario aggiunto Spadafora Guglielmo, due to his health conditions, does not perform his duties as desired.

Vice Commissario aggiunto Turi Giuseppe has been charged of dealing in cigarettes and tobacco, which he sold at black market. It has been ascertained, that he actually bought the goods, but not that he sold them.

Commissario aggiunto Pinto Arturo has been transferred from Cagliari to Sassari for service and family reasons.

P.S. INSPECTORATE

With the retirement of the General Inspector comm. Fabris, this Ministry intended to dissolve the above Inspectorate as in the other Regions of liberated Italy.

In that office had, however, remained the vice commissario dr. Colonna, who lately dealing in judicial and food Police, obtained great success for his energetic actions; he was praised by officers of the Allied Police. These officers even regretted the suppression of that office, but I explained to them, that this was due to a general provision taken in accordance with Allied Police Authorities.

28 graduates and Police agents will have to be discharged or transferred for their unsatisfactory work, due to too many local friendships.

Detached offices of Carbonia & Iglesias

These two industrial centers, where 10,000 workmen are employed, depend from the Cagliari Questura.

Vice commissario aggiunto Sapienza Pietro, intelligent, capable, appreciated by Allied Authorities, directs the Carbonia Office.

Vice Commissario aggiunto Midiri Gioacchino, intelligent but not very energetic, directs the Iglesias office. He should be transferred to a larger questura where he might become a good official.

The P.S. Agents are only four. It is necessary to reinforce this number with four more. It is also necessary to enlarge the too small office premises where the public is too much in contact with the files.

NUORO QUESTURA

Commissario capo Magliardo Salvatore, who came to Sassari from Perugia on 10 March 1940, directs a/m questura.

He previously - from 1924 - 1936 - resided in said town as P.S. official. He is not very intelligent, though of good will. In his dealing with crimes repression, he is insufficiently assisted by only three dependents.

As he is often obliged to personally carry out inspections, perquisitions, etc., he cannot continually follow the work of his office.

Vice commissario aggiunto Iacovino Costantino, who in four years of service has changed three seats, directs the cabinet.

Element of no competence, he is a hindrance rather than a help to the Questore.

Vice commissario aggiunto Biddau Rosolino, single, with only three years of service, directs the 2nd Division (judicial). Intelligent, full of good will, overburden with work, due especially to the criminal activities in said Province.

Commissario De Iorio Cosimo, aged 64, disheartened for his failed career, directs unsuccessfully the 3rd Division

- 3 -

(administrative). He always avoids work as much as possible. It is necessary and urgent to appoint to Nuoro a capable Questore, possibly single.

The present director, Guagliardi, as he has no demerits, could be transferred to another seat.

I suggest to send him to Cagliari, where a superior official is lacking and where he might be very useful.

The substitution of vice commissario aggiunto Biddau and the putting on the retired list of commissario De Iorio, are suggested.

In other terms, it is necessary to entirely re-organise this office, increasing the number of the officials.

We propose the substitution of the agents Tacorina Felice and Monao Donato, as well as of the selected guard Del Fianco Antonio for disciplinary reasons.

SASSARI QUESTURA

Comm. Carta Francesco, already put on the retired list with the honorary grade of v. questore, directs the Sassari questura.

72 years old, but full of energy and activity, performing his duties in a satisfactory manner, he is very much appreciated by the Prefect, who would like him to remain at his present post.

At his dependence are:

Vice commissario Saitta Giuseppe, who performed till the end of last month, duties of chief of cabinet and was replaced by Pinto Arturo, coming from Cagliari questura. Pinto is not much appreciated.

Commissario aggiunto Del Sarto Michele, single, directs the 2nd Division; he is a good element and is assisted in his food-service by the v. commissario Urzi Salvatore, who seems to be a communist.

At that Division performs duties also dr. Cortese Onorio, single, full of good will.

The 3rd Division (administrative) is directed by Carta Francesco.

Dependent from the Sassari questura are the detached offices of Olbia, directed by Raccuglia Benedetto, a capable official, and the offices of S. Teresa di Gallura and of Alghero, who are without director and need two good officials.

We suggest the removal from Sassari of commissario egg. Urzi, as he might find himself not independent enough, for his communist ideas.

We also propose the removal from Sassari and the Island of 9 agents, because they dealt in black market.

In regards to the barracks and messes of Sassari and Nuoro, same remarks are made as re to those of the Cagliari questuras.

P.S. CONDITIONS IN SARDINIA

Crimes against property and persons are alarmingly frequent, especially robberies committed by armed people. During the last months, we could notice in Sardinia a decrease of crimes; but during the last period their number has again alarmingly augmented.

One of the chief reasons for all these crimes is undoubtedly the latifondo and the consequent lack of roads, which join the main thoroughfares.

Cattle stealing can be committed with the utmost facility. The number of the local criminals has been recently increased by many soldiers and civilians coming from Corsica and also by prisoners evaded from the Isili prisons.

The spreading of criminality in that Region is favored by the deficiency of Public Forces, the absolute lack of transportation means, the well known solidarity among the Islanders and the peculiar conformation (geographical) of the Island; therefore a great percentage of crimes goes unpunished.

The Government should take provisions for the moral bettering of said Region, as well as for Sicily.

In order to face the criminality, there should be an increase in the Sardinian P.S. Forces, rapid transportation means, better economical and food treatment to P.S. agents and an exceptional law for the disarmament of the population.

The Government with R.D. n. 45, dated 20/1/1944, has suppressed the preventive arrest and the other dispositions contained in art. 41 of P.S. law.

Agents operating in open country cannot receive orders from the central judiciary Authorities, except losing time and so endangering the success of their enterprises.

BARRACCELLARI COMPANIES

The reconstruction of the Barracellari companies, a kind of country guards, has been favourably accepted by the population and is considered by questori and carabinieri as a very useful force for the repression of robberies.

These country guards have the qualification and attributions of Police agents and are paid for by the Communes; but for the performance of their Police duties, they depend from the Questura and CC.RR. Commands.

It is necessary to help them with arms, rapid transportation means and shoes.

It would also be necessary to give them occasionally gratifications, as they live in absolute misery.

Relations with A.C.C.

During my inspection, I noted with satisfaction the cordial relations between officials of Civil Police and the A.C.C. Officers.

- 5 -

I was personally in contact with A.C.C. Police Officers in Cagliari. They asked me to inform the Ministry of the necessity of removing the commanders of C.C.R.R. stations, who have been for a long time in the same place, because it has been noticed, that they end by losing their energy and independence.

Said Allied Police Officers have asked me to inform the A.C.C. Police of the necessity of assisting the Police agents with food and billeting and to help the barracelleri with transportation means and shoes.

Respectfully

P.S. General Inspector

Because of the urgency of this matter, this Ministry has temporarily resumed on duty said officials and entrusted them, on absolutely temporary basis, with the regency of these Questura.
