1. Reference your communication N°333.384,
dated 3 May, 1945.

2. Information has been received from Headquarters A.M.G., Toscana Region, that Vice Commissario TURI would not be suitable as Questore at Viareggio. Both the A.M.G. officials and the Questura at Lucca feel that Viareggio, being a large scattered commune with a strong turbulent element, requires a Commissario of the P.S. as Questore, it being essential that an experienced official of very strong character be assigned to that position.
