TO : Ministry of Interior,
Direction of P.S.

1. Reference your 333/9018 of 17 Nov. 45 and 333/9018-11 of 4 Dec. 45.

2. Dr. Guglielmo, Michele, was recommended to take over the Questura at Alessandria vide your letter 333/9018-11 of 15 Oct. 45. In the meantime Dr. Luigi Aloetti had been appointed, and he (Aloetti) was considered unsuitable vide your letter 333/9018-11 of 24 Oct. 45.

3. Dr. Guglielmo was therefore instructed by the Regional Public Safety Officer to take over at Alessandria. He has again been instructed and has left for Alessandria, where he should remain for the present.

4. The present acting Questore of Novara, Tacchella, Luigi, has worked well under difficult circumstances, despite local political opposition, and it is felt that he should remain there until such time as the region passes to control of the Italian Authorities, when his replacement or retention will be a matter for your consideration.

SUBJECT : Questore of Novara
TO : The Regional Public Safety Officer Piedmont Region
FROM : The Provincial Public Safety Officer Novara Province
DATE : 5 December 1945,

1. The following facts are brought to your notice regarding the position of the Questore of Novara.

2. You are aware of the reorganisation of the Questura Service which took place in this Province on the 8th August, 1945. Upon my arrival in this Province on the 8 July, 45 I found the Service to be controlled by political elements. I made careful enquiries and subsequently ordered the dismissal of two Vice Questore and a number of Commissari. One Vice Questore was a leading member of the local Communist Party and the other Vice Questore a member of the Socialist Party. It was acknowledged by the Provincial C.L.N., that the main administrative positions should be held by the various political parties. Accordingly upon liberation of the Provincial Administration were allocated. The Prefect of Novara is a socialist and all his actions are dictated according to the policy of either the Socialist or the Communist Party.

3. The present Questore of Novara is TACCHELLA Luigi who was appointed to the position in June of this year. He is an Army Officer and previous to taking up this position had very little police experience. He has however proved himself to be impartial and has carried out his duties efficiently and without fear of favour. He has met constant opposition from the parties of the Left and his regard for the application of law and order has gained him the respect of the population of this Province. He has had no assistance from the Provincial Administration and every opportunity is taken by the Prefect and his assistants to criticise and impede the work of the Questore.

Immediately after liberation the Questore of this Province was flooded with the worst type of Partisans and they became the force of Moscatelli and the two Vice Questore and their men acted upon the very whim and fancy of the noted Partisan Chief. Tacchella with my support resisted their efforts to set up a political force and eventually great concern was caused to the Leftists when the purge of the Questura was made. In this respect the Prefect fought me by every means in his power. He introduced every agreement to the Provincial

Commissioner to evade the dismissal of his cronies. He brought pressure to bear upon the Allied Military Government by the Regional C.L.N. and subsequently by the C.L.N.A.I.

The men concerned were however dismissed. The Questore then set out to complete the purge and consequently he met great opposition from the Prefect. I found great difficulty in dealing with the Prefect

- 2 -

and it was only when I obtained the support of the Regional Commissioner and of your office was anything done for the police agencies of this Province.

Fornara is definitely a Political Prefect. He is not a good administrator and his decisions and his policy is dictated by his political friends. On a number of occasions the Allied Military Government of this Province have found illegal decrees which he has made. In every case the decrees have always been made in favour of either the Socialist or the Communist Party.

It is the considered opinion of the writer that the direct and fair policy of the Questore does not agree with the political dictates of Fornara and his Communist friends.

Within the past few days the Prefect has submitted a letter to the Ministry of Interior complaining of the efficiency of the Questore. He accuses the Questore of inefficiency, lack of administrative ability and a low standard of discipline with the men under his command. The Prefect also alleges that the Questore is using petrol for his private pleasure and in that respect I can state that for the month of November 1000 litres of petrol was assigned to the Questore. This Province is peculiarly situated and the work entailed by this particular police agency it needs little explanation on the part of anyone to see the baseness of the charge made.

4. I have kept a careful check on the activities of the police agencies and I am quite satisfied with the efficiency of the Questore. I am also well aware of the political activities of the Province and I can state without hesitation that such allegations are made by the Prefect in response to political influence.

The Questore of Novara has done a very difficult job in a praiseworthy manner. There is no doubt that he has risked his life in performing his duties on several occasions. This Province is one of the "Reddest" Provinces in Italy and the influence of the Left Policy is found in every office and department of the Provincial Administrations. When one of their officials does not comply with that policy he or she must be eliminated. This is the campaign against the Questore. Up to the present time I have supported him in doing his duty.

5. I would respectfully suggest that the purport of this report be communicated to the Public Safety Sub-Commission, Allied Commission so that the report of the Political Prefect Fornara should be offset by the facts and that fair play and justice should be shown to the Italian Authorities.

1. Reference your report of the 3 Dec. PR/PS/6/67 on the above subject.
2. I have learned the following regarding the person referred to.
He was the Questore of Savona at the time of liberation. It is alleged that he has received many threatening letters and is now in fear of his life.
He is a very exacting official and is considered to be honest and quite efficient. A number of the Officials at the Questura at Novara have worked under him and he is known personally to them.
3. He is married to a Novara woman and she and her family have good connections in this Province. He recently obtained a period of leave from his duties and he came to Novara and contacted many persons of influence. It appears however that he wishes to be transferred to Novara for family reasons. I have received information that his wife contacted the Bishop of Novara and the Prefect regarding her husband's position. She also contacted other persons so that they could use their influence on her husband's behalf.
4. It is not known whether Di Guglielmo would carry out his duties in this Province in an impartial manner. If such a transfer was made it would be obvious that the social contacts of his wife would have a direct bearing upon his office. My information is that the wife's opinion is thrust upon that on her husband and I can only suggest that her contacts at the present time would lead me to believe that his duties would be performed in relation to them.
5. Forwarded for your information.

3. He produced a telegram from the Ministry - ref No 36780/333/2867 dated 23 Nov 45 - which stated that "The Allied Authorities have appointed a Questore at Alessandria, therefore the transfer of Vice Questore Di Guglielmo Michele has been suspended, and the above official remains at the disposition of the Ministry".
4. As, on 29 Nov. 45, this HQ had received a firm approval from P.P.S.O. It was found that there was no reason why Dr DI GUGLIELMO should not take up his position and, in fact, the Prefect and present Questore had that day been advised that he could be expected at any time. I accordingly directed DI GUGLIELMO to precede to Alessandria and commence his duties.

Follows equal-numbered letter of the 15th inst. referring to transfer of Dr. DI GUGLIELMO Michele, now in service at Savona, as acting Questore of Alessandria. The Prefect of Alessandria on 18th inst wired that the Allied Provincial Officer had already appointed as questore of same, Comm. Luigi ALLOATI, who had directed said Office until July 1943, and that transfer of Di Guglielmo was no longer necessary.

While assuring you that the transfer of Official in question has been suspended, we beg to point out the following facts around Comm. ALLOATI: He served with the "OVRA" from 1928 to 1936; in November 1943, transferred to this Ministry, was in charge of Primate and General Affairs Div.; in 1944, still holding aforesaid position, followed the pseudo Republic to Northern Italy to which he gave his oath.

Owing to above reasons, ALLOATI was placed in retirement on the 1st of last May by this Ministry.

REF : PR/PS/4/5/
SUBJECT : Questore - Alessandria -
DATE : 25th October 1945
TO : A.C. HQrs (Attn Public Safety SubCommission)

1. Your letter AC/14041/77/PS of the 18th September 45 refers.

The difficulties of your HQrs and of the Ministry of Interior in providing senior officers of Agenti P.S. is fully understood.

Therefore every effort is being made here to trace former officers with a view to their re-employment, subject to local satisfaction and the consent of the Ministry.

2. Dr Luigi ALOATTI, who served as Questore of Alessandria for 7 years prior to 1943, was recommended by the Prefect of that Province and the Questore of Torino for re-instatement.

Exhaustive enquiries were made with the result that I gratefully agreed that Dr ALOATTI commence duty at Alessandria as Acting Questore, which he did on the 17th instant.

3. I understand the Ministry of Interior will have no objection to the re-appointment of ALOATTI and I shall be glad

Dott. VERCELLI Pietro died here on the 14th September 1945.
2. A career official is urgently required to occupy the
position of Questore at Alessandria and the services of
such an officer even temporarily would be appreciated.
3. An invitation was given to Questore LABBRO, whose appointment
at Aosta is not considered desirable, but he will not accept
it owing to his advanced age (65 years) and the fact that he
is not familiar with Alessandria.
