DETAILS:

1. On 16 Mar 45, communication was received at this Office from Hqs, CID, relative to the alleged removal of 11 telegraph poles by allied military personnel on 26 Jan 45 in the area of Accadia, Province of Foggia, Italy (Ref. File 250.1/343, Signal Section, Allied Force Hqs.

2. On 19 Mar 45, these agents proceeded to Accadia, Province of Foggia, Italy, wherefrom the original complaint originated as set forth by Marasciallo CHIZZI. These agents interviewed said complainant as to his knowledge of the circumstances pertaining to the removal of the poles. He stated that his knowledge of the case in question was received from one of the men in his command, Brigadier COCOZZA.

3. Questioning of Brigadier COCOZZA revealed that he in turn had been informed of the removal of the poles by Italian persons who were in the area designated as the "Trunk Rocchetta S. Antonio, Foggia -- Lacedonia -- Avellino". The information he had collected was, that on 26 Jan 45, 7 allied soldiers, with an officer, had been seen dislodging poles from the Rocchetta Telegraph line and then transporting them away in a 3 axle truck - 4200215 - Paren. After removing the poles they headed in the direction of Candela, Province of Foggia, Italy, in the truck.

4. On 20 Mar 45, these agents attempted to locate, thru every source of truck or vehicle registration (all allied forces) truck 4200215 - Paren. No verification of said number being found could corroborate the allegation of this number as set forth. Vehicle registrations of all American transportation in Foggia, Bari, Naples were checked with no success.

5. On 20 Mar 45, these agents proceeded to the area where the incident had taken place for the purpose of possible re-identification of the vehicle or persons responsible. No person was found who could forward any further information. Several persons stated that they casually noticed a large truck driven up to a pole and the pole was loosened and dislodged from its placement by the force of the truck. No one could identify with accuracy any details pertinent to the truck or person responsible.

6. These agents then followed all roads into Candela, Ascoli, Castelluccio, Ordona, Orta Nuova, Bovino, stopping at all military encampments in these areas in an attempt to trace the removed poles. No poles could be found that corresponded to those removed.

CONCLUSIONS:

1. From the facts divulged it is concluded:

a. That on 26 Jan 45, 11 telegraph poles were illegally removed from the Rocchetta Trunk Line (Accadia, Province of Foggia).

b. That persons unknown and unidentifiable did willfully and knowingly misappropriate properties belonging to the Italian State without authorization.

c. That any confirmation of the allegation that allied personnel (American) were responsible is unsubstantiated and without foundation.

At 10.15 hrs. I reached the Bridge near Piazza Pigneto over the railway on my return from Centocelle Airfield, when I saw a P.U. containing 3 British OR's This vehicle was proceeding very slowly owing to traffic conditions. I was two small boys about 12 years of age remove a pack from the back of the P.U. and hand it to a youth aged about 18 who was riding a cycle. I called to my driver to stop and as I opened the door of my car the youth on the cycle saw me and flung the pack at me and cycled away into the crowd. It was impossible to catch him and the P.U. had disappeared in to the distance.

It would appear that this gang are working this trick at the place mentioned where the vehicles have to turn right from the bridge on to Route 6.

I have not examined the pack which I am now handing to your care with this letter.

With reference to your letter of may 26 we beg to inform you that the above named persons have been arrested during the period of nazi-fascist occupation, by the Corporal of Public Security Forzano Ferruccio, with the cooperation of his fiduciary Corti Amilcare and other responsible people, who now are all in the local jail.

Forzano took from the above their property which they had with them and it seems that most of those valuables have been handed over by him together with the prisoners to the SS of Cernobbio.

While this Office is seeing to it that the criminals responsible for the arrest of the family Rozenblatt will be denounced to the Authorities for legal persecution, it would be necessary to question Corporal Oneberg of the SS and Corporal Noggler Ferdinand, formerly at Cernobbio an to whom had been handed over the property of the family Rosenblatt an who took same to the Regina Hotel, Milan.

As the above German soldiers do not longer stay in this province and are instead at the disposal of the Allied Command, this Office has actually no possibility whatsoever to question them as to the amount of valuable objects which they received from Forzano and on the possibility to retrieve some of these.

Anyway we try to make ascertainments in that respect and shall certainly inform you if there is to be any useful result.

(Attn. Capt. Kingsley).

ROSENBLATT ABRAHAM, REGINA, DAVIDE (son).

Confirming our conversation of this mornig I would like to draw your attention to the case of the above named family.

The Rosenblatt are Polish nationals who have resided in France for a very long time. During the German occupation of France they escaped to Italy and under the assumed name of Gautier lived for some time in safety. They are imprisoned and escaped and the paid a certain man a sum of money to help them cross the Swiss border. At Como this same man denounced them and they were again taken into custody and this time sent to the concentration camp at Bolzano. Before leaving Como all their valuables which included a large sum of money and jewellery was removed.

As they were arrested as "spys" and their identity as jews was not discovered they were allowed to stay at the Bolzano camp and not deported..Since their return to Milan following the liberation of Northern Italy, the Rosenblatts have applied to this organisation for help. They have received assistance from the Jewish Community of Milan and a letter was written for them to the Questura at Como in an attempt to retrieve some of their possessions. Enclosed herewith is a copy translation of a letter recently received from the Questura which will explain the position to date.

As the Rosenblatts are Allied nationals we would ask you whether their problem can be handled through your Division. As far we know they are in serious need for help and are eager to be repatriated to France as soon as this business is settled. We have explained to them that there will be grave difficulty in trying to trace such portable possessions as money or jewellery are they have asked whethern in the event that all this is lost to them, they will receive sort of compensation.

I trust that you will be able to assist us in this matter an assure you of our appreciation and cooperation.

""The 11th April,some Allied Military(an officer and six soldiers) destroied the roof of the station of Saltara-Calcinelli,line Fano-Fermigliano,and in the following days destroied with mine the remaining part of the building.

From the 15 until the 22 of this month,have been taken 600 tiles,thousand of bricks,goutrelles and beams,which have been carried away with truck n:4 187821 U.S.A.-15 A.F.375 F.G. 319 S.Q.-

The Allied Officer interrogated by our railway personnel assured that the material was taken away in order to be utilised for the reconstruction of the station of Mondolfo Marotta-Rimini line-Ancona.

Besides allied military engineers are carrying away the railway between the 11km.and the 14 Km,of the line Fano-Fermignano. t As the works between Fano and Cuccurano,are finished,the ommission is kindly requested to take the necessary measures in order to avoid that such abuse will [illegible] continue.

It appears that the material is sold by the military to other persons in chance of eggs,and wine.

Per conoscenza, si trascrive la seguente lettera della Sezione Lavori del Compartimento delle FF.SS. di Ancona inviata al Comando Trasportation Alleato:

""Il 14 aprile u.s. alcuni militari Alleati (un ufficiale e 6 soldati) demolirono il tetto della stazione di Saltara-Calcinelli linea Fano-Fermignano, e nei giorni successivi distrussero con mina, l'intera parte del fabbricato che era ancora in piedi.

Dal giorno 15 al 22 detto mese vennero così prelevate circa 600 tegole, migliaia di mattoni, poutrelles e travi di ferro che vennero asportati mediante camions n.4.I87082I U.S.A.-15 A.F. 375 F.G. 319 S.Q.-

L'ufficiale Alleato interpellato dal nostro personale di linea asseriva che detto materiale veniva da loro prelevato per essere utilizzato nella ricostruzione della frazione di Mondolfo Marotta-linea Rimini-Ancona.

Inoltre, militi alleati del genio continuano ora a disarmare il binario fra il Km. 11 ed il Km. 14 della detta linea Fano-Fermignano asportando tutte le traverse.

Poichè i lavori di ripristino fra Fano e la fornace di Cuccurano sono ultimati, tanto è vero che sono stati già eseguiti viaggi di prova, si prega codesto Comando di intervenire per far cessare l'abuso, risultando che le traverse vengono vendute da militari Alleati a terzi in cambio di uova e vino"".

Societa' Agricola Maremmana

Montalto di Castro (Viterbo)

Action is being taken by Security.

The 'Societa' Agricola Maremmana', S.A.M., represented by its President, Marchese Giacinto Guglielmi and its Manager, Comm. Ettore Guglielmotti, bought in November 1944, through the intermediary of the mechanic Castore Palazzini, 18 casks of gasoline, using it for farm tractors, for the sowing of wheat.

Then, on June 1st, it bought from a certain Alessandro Sabbatini 18 other casks to be used for the harvest.

Meanwhile, the M.P. of Hq. 139, Grosseto Command, arrested Sabbatini while he was transporting 14 casks of fuel which was acknowledged to be of American origin.

Sabbatini stated he had found the gasoline in the estates of Marchese Giacinto Guglielmi, but later, it appeared he had himself hidden it, arbitrarily and without the knowledge of the Company; orders were given to search the estate, and the 18 casks bought by S.A.M. from Sabbatini as well as the other 12 casks bought from the 'Consorzio Agrario' were found in the warehouse.

All the gazoline has been sequestered, and legal action is being taken, not only against Sabbatini and his companion Fiorelli, but also against the representatives of the S.A.M.:

Marchese Giacinto Guglielmi	- President -
Comm. Ettore Guglielmotti	- Manager -
Mr. Francesco Alieri	- Intermediary -
Mr. Ugo Fallerini	- Warehouse-man -

The gazoline bought in November 1944 through the intermediary of the mechanic Palazzini Castore, and used for sowing works, was bought in perfectly good faith by the Company; the President and the Manager stated it themselves without any pressure, to the American agents who were making investigations, who, otherwise would have known nothing about it.

For what concerns the second purchase made while the harvest was taking place, there was no time, and it was not possible to find out where the gazoline came from. It was bought in spite of the very high price asked, for it had not been possible to get the necessary allotment through the 'Consorzio Agricoltori'.

The fact that the purchases were made in obvious good faith, that the

It was bought in spite of the very high price asked, for it had not been possible to get the necessary allotment throught the 'Consorzio Agricoltori'.

The fact that the purchases were made in obvious good faith, that the fuel was used for agricultural purposes and not for speculation, the urgency of the case which made investigation impossible ought to clear the Company from every charge, considering the seriousness, morality and importance of the Concern which produces 6 to 10.000 qls wheat yearly.

We point out that the Agents in charge of the investigations, convinced that there was no fraud on the part of the Company, didn't arrest anybody, waiting for approval from their superiors, but ordered the four accused not to leave their residence.

This, at a time when the urgent works which are taking place require the presence of the owners, is greatly prejudicing the management of the Concern for the question of payments; we therefore ask for the Company to be released from the proceedings, to give it back the freedom of movement and serenity required by those who must lead an important concern during such difficult times.

We trust this request will be granted.

SUBJECT : Simple Summary of particulars known about alleged theft of Calcium Carbide supplied by Societa Industriale Carburro ASCOLI

9 June 1945

TO : HQ AICOM Public Safety Sub-Commission.

1. On 29 Nov 1944 a release order was issued by Allied Force local Resources Section to Commander in Chief Mediterranean to draw 110 tons of Calcium Carbide.

2. On 12 March 1945 the Naval Stores Officer at Taranto to whom the Calcium Carbide had been consigned, discovered a number of the drums of Calcium Carbide to be only partly filled. This he put down to loss in transit, but later, when he was informed that a number of drums (4 to date) were filled with earth and stone, he wrote a letter to the contractor.

3. Headquarters Allied Commission Commerce Sub-Commission asked the Public Safety Officer Umbria Marche Region to investigate the case. The Public Safety Officer interviewed Sig. Rossi Tommaso, Engineer of the Calcium Carbide Factory, who stated that he was suspicious of the drivers who came to collect the Calcium Carbide from the factory. Rossi was present when the drums of Calcium Carbide were put on to the vehicles and took note of the registration numbers of the vehicles and the number of drums on each vehicle. He states that there were no partly filled drums, or drums filled with earth and stones when they left Ascoli.

4. The loading parties who collected the Calcium Carbide from the factory consisted of three parties. Two parties under command of Royal Army Service Corps Corporals and one party under command of a Naval Lieutenant.

5. A further request to the Regional Commissioner Umbria Marche Region was sent on 1 May 45. to obtain more information. No reply was received before the Region was handed over to the Italian Government.

Director

The annexed letter came from the Ministry for transmission to the Prefect of Bolzano in the ordinary way. I have held it up as it seems to me to raise a question of policy with which this HQ ought to deal through the PC.

The Ministry ought to have taken up the point with AC + not their Prefect.

Moreover, we would need to see the two documents the Ministry say they've had from the Italian Foreign Office.

Finally, this does not seem to be a local govt. matter.

I suggest we ask for the 2 documents & then see whose business it is

TO THE PREFECT OF

SUBJECT : Captain Francesco Claival

We have received, from the Minister of Foreign Affairs, copies of two documents concerning the activity displayed in Bolzano by the french Captain Francesco Claival who calls himself Chief of the French delegation in that city.

We take the opportunity to point out that the armistice of 1943 was concluded with the Supreme Command of the Allied Forces representing all United Nations.

It is therefore in the line of the Allied Command and of the Allied Commission to deal with central or local Italian authorities in the name of the United Nations and not of each single obligation of these nations.

We are communicating this to your Excellency for information and any other similar case.

MEMORANDUM FOR THE ALLIED COMMISSION

Subject: Captain Henri CLAIRVAL - Chief of the French Delegation at Bolzano.

1. The Ministry of Foreign Affairs has to forward to the Allied Commission, herewith enclosed, copy of two documents concerning the activities of Captain Clairval, of the French Army, who claims to be chief of the French Delegation at Bolzano.

2. As it appears from the aforesaid documents the French captain, even before the arrival of the Allied Forces, induced the Nazi-Fascist Prefect, Signor Carlo Tinzl, to hand over to him the funds of the Prefettura for a total of 23.805.256,20 lire.

The Italian Government believe that Captain Clairval had no legitimate claim to the funds of the Prefettura and that his action was therefore both arbitrary and unwarranted.

3. The Ministry of Foreign Affairs will be therefore very grateful if the Allied Commission will kindly interest the proper Authorities in obtaining that Captain Clairval return to the Prefettura of Bolzano the aforesaid funds.

As he was going to hand over the administration of the prefecture, on the morning of May 17th, 1945, at 13 hours, the departing Prefect, Dr. Carlo TINZL told Prefect Dr. Bruno DE ANGELIS that on May 1st, two people he knew, whose name he couldn't remember for the moment, introduced to him a gentleman in civilian clothes who said he was a Captain of the French army, CLAIRVAL, Chief of a French Delegation, of the intelligence service, that had been staying in Bolzano for some time; the Delegation would then become an official delegation of the French Government.

Dr. TINZL, who had already been informed of the presence of this officer in Bolzano, had no doubt about the legitimity of his presence in the Prefecture.

During the interview, Dr. TINZL learnt that the French Delegation was to participate in the occupation of the area with the other allied Commads, and that it was well disposed towards the population.

Among other things, Dr. TINZL told the officer that under his personal responsibility which was to last a few hours, he had the office funds of High Commissioner HOFER, amounting to L. 23.805.258,20, according to the list here below.

Capt. CLAIRVAL told D. TINZL that the sum could be handed over to him and that he would inform his Government and the other Governments, and that the thing would be perfectly regular; he added that his Government would decide about the way in which the funds were to be used.

Dr. TINZL prepared a receipt to regularize his position and the delivery to Capt. CLAIRVAL; the latter received him and detained him, telling him he would later on send him a regular receipt in French. At 14 hours of May 17th, this receipt had not yet been sent .

On the request of Dr. DE ANGELIS, Dr. TINZL stated he had not asked Capt. CLAIRVAL for his credentials and that he had handed him the funds without being shown any document proving that he was allowed to cash it. Dr. DE ANGELIS points out that in this case, Dr. TINZL's trust was certainly based on his knowledge of the people who were with the officer, and whose name he does not at present remember; he asks whether Dr. TINZL met the said persons after May 1st. Dr. TINZL states he has certainly seen them for they belong to the group of his acquaintances, but he does not remember who these people were.

Dr. GILARDI asks whether Dr. AMMON was one of these people. Dr. TINZL answer that it might be so. On the request of Dr. GILARDI he states that Mr. AMMON knew the existence of the Frech mission, and Capt. CLAIRVAL personally.

Dr. DE ANGELIS asks to include in the

Among other things, Dr. TINZL told the officer that under his personal responsibility which was to last a few hours, he had the office funds of High Commissioner HOFER, amounting to L. 23.805.258,20, according to the list here below.

Capt. CLAIRVAL told D. TINZL that the sum could be handed over to him and that he would inform his Government and the other Governments, and that the thing would be perfectly regular; he added that his Government would decide about the way in which the funds were to be used.

Dr. TINZL prepared a receipt to regularize his position and the delivery to Capt. CLAIRVAL; the latter received him and detained him, telling him he would later on send him a regular receipt in French. At 14 hours of May 17th, this receipt had not yet been sent.

On the request of Dr. DE ANGELIS, Dr. TINZL states he had not asked Capt. CLAIRVAL for his credentials and that he had handed him the funds without being shown any document proving that he was allowed to cash it. Dr. DE ANGELIS points out that in this case, Dr. TINZL's trust was certainly based on his knowledge of the people who were with the officer, and whose name he does not at present remember; he asks whether Dr. TINZl met the said persons after May 1st. Dr. TINZL states he has certainly seen them for they belong to the group of his acquaintances, but he does not remember who these people were.

Dr. GILARDI asks whether Dr. AMMON was one of these people. Dr. TINZL answer that it might be so. On the request of Dr. GILARDI he states that Mr. AMMON knew the existence of the Frech mission, and Capt. CLAIRVAL personally.

3245

Dr. DE ANGELIS asks to include in the present official report the fact that Dr. TINZL didn't inform about the above mentioned facts either Dr. DE ANGELIS, or any of the *Commands or any members of the allied Commands, before the present moment. Dr. TINZL states that he fesls he acted legitimately and in perfectly good faith, in the sense that he meant to get rid as soon as possible of the above mentioned sum, and because the French officer had said he was going to arrange everything.

*allied

Dr. TINZL also states that a few days ago he asked Capt. CLAIRVAL for the receipt; he was told that the receipt would be sent to him. He also states that he didn't tell all this to Dr. DE ANGELIS for he menat to speak to him about it on handing over his powers, but for various reasons, this was several times postponed.

On the request of Dr. DE ANGELIS, Dr. TINZL states that the funds were ~~kept~~, prepared, in a package, in his room, when he received Capt. CLAIRVAL

Declassified E.O. 12356 Section 3.3/NND No. 785016

and that he didn't check the content of the packageat the time of the delivery. Still on the request of Dr. DE ANGELIS, Dr. TINZLstates that he believes that the cashier of HOFER's office had told him that such a sum existed, and that he had asked him to hand it over to him. He states however that he does not remember all these circumstances very clearly, for he *to be didn't think them*particularly important.

The present official report has been made on the request of Prefect DE ANGELIS to establish individual responsabilities for what we have stated.

Subject :Jewels property of Mrs.Ethel Natcher Caruba. Chagnon

The under-signed lawyers Fausto Andreani,and Enrico Caruba, procurators of Mrs.Ethel Natcher Chagnon of Chicago,reports as follows:

""Mrs. Chagnon,is from many years living in Italy,where she was when the war began,and where,as american subject,has been interned in Assisi and than in Perugia,by the fascist regime.

Mrs.Chagnon,had many jewels,which in consequence of a perquisition made in her house,by the fascist police,have been seized and have been deposited in a security box in the Perugia bank.

Some days before than the allied troups arrived in Perugia and exactly the I6 June I944,the Chief of the Province of the Fascist Government,Rocchi Armando,ordered with violence to open the security box,and took away the jewels,which brought with him in his escape to the North.

In consequence of such robbery;for an amount of about 200.000 dollars,(20.000.000 of italian lire),the trial against Rocchi by the Attorney of Perugia,has been started;and at the mean time,the President of the Perugia Court,ordered the sequestration with decree 20-9-I944,and II-IO-I944,of all the movable and immovable properties of Rocchi,appointing for the sequestration the lawyer Riccardo Capozzi of Perugia.

Now,as in the seized property of Rocchi there is only a little part of the value of the jewels,the under-signed

SUBJECT : Theft of Bicycle, Property of Ministry of Grace and Justice.

TO : Public Safety Sub-Commission.

1. The matter of the alleged theft of a bicycle belonging to the Ministry of Grace and Justice, has been investigated.

2. The A.C. vehicle park is operated for the benefit of A.C. taxis, couriers and Hq.AC. pool vehicles only.

3. The guards at the entrance and exit are on duty solely to control the flow of traffic. They are not held responsible for the vehicles or its contents while in the park. This responsibility rests solely in the driver of the vehicle.

4. The responsibility for bicycles rests solely on the owner, as per Daily Bulletin # 195 dated 8 August 1944.

5. Specifically, it appears that the representative of the Ministry of Grace and Justice placed his bicycle in the vehicle park and then advised the guard on duty of this fact. The guard did not at that time, and in fact, could not accept responsibility for said bicycle. The guard, further, did not in any way accept personal responsibility, for he did not even verify the existance of this bicycle.

6. I am assured by the soldiers immediate superiors, that he is of excellent character, and cannot therefore, be suspected of having been an accomplice to the alleged theft.

7. In view of the above, it is felt that Soldato Scala, cannot be held responsible for the missing bicycle. 3269

2. Cement being a controlled material this Sub-Commission instituted inquiries with the following results.

3. Telephone 761-694 is a private dwelling tenated by Ferappa Riccardo and situated at Via Paolo Paruta 7, Roma.

4. We spoke to one Mariani Alceo who placed the advertisement in the paper and who is responsible for the sale of the cement.

5. Quantity for sale 500-600 quintals located at Civitavecchia and the price ex Civitavecchia is 850 Lire per quintal; if delivered in Rome, the price is 1.100 Lire per quintal.

6. From the above it would appear that cement is leaving the plant at Civitavecchia in bags supplied by A.C. and finding its way into the open market (probably the Black Market).

7. We have no evidence of this being the first case and it may have been going on for some time, but the fact remains that cement is being diverted at the works to other sources in spite of control.

Ref. : Reg.IX/PL/PS/D9a

Subject: RADIUM TAKEN FROM BOLOGNA UNIVERSITY DURING THE GERMAN OCCUPATION

To : R.P.S.O. - EMILIA REGION.

1. During the German occupation of this city, ½ gr. of Radium belonging to Bologna University was removed by a certain Dessauer.

2. The other ½ gr. was successfully hidden under somewhat romantic circumstances by the University authorities, and has recently been restored.

3. It is believed that the ½ gr. removed by Dessauer was taken to Hannover, and a description of the way in which this ½ gr. was kept is attached, by the official who was chiefly responsible for its use and safe custody, Prof. Giovanni F. Gardini, Viale Filopanti, 12, Bologna.

4. It is asked that a copy of this report with the attached note and description be forwarded to A.C.H.Q. Rome, with a view to the facts being conveyed to A.C.H.Q. Germany, in order that an effort may be made to trace the missing property and subsequent restoration to Bologna University.

5. Professor Gardini, who incidentally has been actively employed by 'S' Force, is prepared to offer his services in any capacity, even if necessary, to go to Germany.

MEMORANDUM

On the 10th July 1944, at 15,30 hours, following orders issued by General Leyers, representative in Italy of the German Ministry for Armament and War Constructions, Eng. Dessauer (nephew of the famous German physicist Friedrich Dessauer), presenting himself under escort of a car supplied with a machine-gun at the Radium Institution "Luigi Galvani" in the University Polyclinic of S.Orsola, demanded the consignment of half a gram of the radium in possession of this Institution.

The consignment has been made by the Chief Secretary of the Bologna University, ordered to do so by the then Director Prof. Goffredo Coppola.

The list of the single radium preparations, which have been handed over, is hereto enclosed with the indications of the respective countersigns.

Eng. Dessauer stated, that the radium would be sent on the same evening, by car, via Venice, to Hannover.

It is thought, that Eng. Dessauer can be traced and that through his indications, it may be possible to recover the a/m radium and to return it to the Bologna University.

Prof. Friedrich Dessauer, uncle of the Engineer and a political victim of the Nazis, is actually Professor of Medical Physics at the University of Friburgo (Switzerland), could may be give information in regard to his nephew.

Signed (?)

Pro - memoria

Il 10 luglio 1944, alle ore 15,30, in seguito a ordine del Gen. Leyers, rappresentante in Italia del Ministro del Reich dell'Armamento e delle Costruzioni Belliche, l'Ing.Dessauer (nipote del celebre fisico tedesco Friedrich Dessauer), presentatosi sotto scorta di un'automobile armata di mitragliatrice all'Istituto del Radio "Luigi Galvani" nel Policlinico universitario di S.Orsola, intimava la consegna di mezzo grammo del radio in dotazione all'Istituto stesso.

La consegna gli veniva fatta da parte del Segretario capo dell'Università di Bologna, comandato per questo dall'allora Rettore prof. Goffredo Coppola.

La distinta dei singoli preparati radiferi consegnati si allegan, con le indicazioni dei rispettivi contrassegni.

L'Ing.Dessauer dichiarò che il radio sarebbe stato avviato la sera stessa, con l'automobile, via Venezia, a Hannover.

Si ritiene che l'Ing. Dessauer possa esser rintracciato e che, attraverso le sue indicazioni, sia possibile il ricupero del predetto radio e la sua restituzione all'Università di Bologna.

Il prof. Friedrich Dessauer, zio dell'Ingegnere e perseguitato politico dal nazismo, è presentemente insegnante di Fisica Medica nell'Università di Friburgo (Svizzera): potrebbe forse dare notizie del nipote.

SUBJECT: Theft of Calcium Carbide.

TO : Public Safety Sub-Commission.

1. On 29 Nov. 44, AFLRS issued a Release Order No 1389 in favour of C.-in-C. Med., for 110 tons of Calcium Carbide.

2. On 12th March 1945 the Naval Store Officer, Tarento wrote that "on checking the consignment of Calcium Carbide received from Ascoli Piceno a number of drums were found to be only partly filled, but in view of the fact that one lorry-load had been spilt the loss was accepted as fair risk in transit". The Office further stated that "it has now been brought to notice that a number of drums (four to date) are filled with earth and stones." He called for a report from the contractor. A copy of this letter was sent to us by A.F.L.R.S. for action.

3. As a result of our request to Umbria-Marche Region, we received the reply that, the P.S.O. Ascoli had interviewed Sig. Rosei Tommaso, Engineer of the Calcium Carbide factory. This latter stated that, owing to the fact that he was suspicious of the drivers, who were all from Naples, he actually was present at the loading and in fact took notes as to the numbers of the lorries, and the individual loads when they left Ascoli there were no half or partially filled drums, neither were any drums filled with earth and stones. This information we passed to A.F.L.R.S. in our letter AC/5000/2/Commerce dated 21 April 45.

54B

4. On the 24 April we received a letter from AFLRS, reference LRS/231/756, attaching a copy of the invoice forwarded to C. in C. Med., from the Supplier Società Industriale Carburo. The invoice is attached to this letter it was pointed out that two loading parties were under the Command of R.A.S.C. Corporals attached to R.N., and a third under the Command of a Lieutenant R.N. We were asked to make a further enquiry, as it did not appear likely that the drivers would have been in a position

0773

Declassified E.O. 12356 Section 3.3/NND No. 785016

to empty the Carbide from the drums and fill them with earth and stones.

5. We sent a further request to the Regional Commissioner Umbria-Marche Region on the 1 May, to which we did not receive a reply before the Region was handed back to the Italian Government.

6. May the matter be further pursued by your Sub-Commission.

ROME I2 MAY I945

SUBJECT : Robbery of a bycicle at the damage of the courier of the Ministry of Justice.

TO : Allied Commission Legal s/c.

It is reported to the Commission for the necessary investigations the following report directed to H.E. the Minister, by the warden Del Villano Quirino incharged with the post service between the Ministry and the Commission.

"" I report to the Commission that this morning at about IO,30 hrs, I went to the Allied Commission, Legal s/c, in via Vittorio Veneto, in order to deliver office letters.

I gave in custody my bycicle to the italian soldier Scala Luigi, there in service, who assured me that he would take care of the bycicle until my return from the offices of the Commission. But, I was greatly surprised when, coming back, I did not find my bycicle and the soldier told me t at he did not see it.

3231

Declassified E.O. 12356 Section 3.3/NND No. 785016

Than I went immediately to the Carabiniere Calò Enrico of the Allied Command,and I reported to him the matter in order to obtain the generality of the soldier who in a first time refused to give me his name.The carabiniere Calo' tried to find the bycicle,but no result has been reached.

Therefore I report the matter for the providings of the case.""

Beside which it is reported that after about an half hour the Marshal Niro belonging to this Office has been sent on the place and interrogated the soldier Scala Luigi(who depends from Capt.Tognalatti of the Macao barracks and in service at the Allied Commission).

The soldier declared to have taken in custody the bycicle

Being the bycicle desappeared after two minutes,would certainly appear from a first examination of the matter the responsability of the a/m soldier.

Therefore it is kindly requested to put into effect the necessary investigations in order to find the responsable person for an eventual indemnity.

Statement of TULLIO CACIOLLI

Who states:

I, undersigned, sub-chief CACIOLLI TULLIo with reference to the facts happened on the evening of the 31st December last, I declare the following:

Taken accord with the Station of S.Marcellino to send the locomotive-engine that ought to lead me at home (not existing in that time other means that can do it)I went at the railway-square up to the joining-point where the second track is joined to the first track and on which joining point was the engine at the head of a column of cars lying on the second track. I asked to the engine-driver if he could lead me at S.Marcellino and he replied that he already knew that, and was awaiting for the escort railwayman. I, that was interested that the drill took place in haste, I went personally to the room where the railway-men stand, to call for one of them, but, no seing there anybody, I returned to the engine and soon after, came the railway-men and ordered - and the engine made - three drills. Finally, at about 2035hrs the engine, escorted by DANIELLO and VOLPINO, moved towards S.Marcellino. As we left the station, after that the cloud of smoke vanished by the wind (the engine was going backwards) I, seing occasionally at the back, perceived that a car was dragged. I asked why of this fact and the railway-man DANIELLO replied that he did not knew and said that it was an empty car and, for not losing more time, he would have dragged it with us. I reprimanded him telling him that he was wrong to have not left the car, because the area was swarmed of thieves and as even the car was empty it might attire their attention with the risk to have some shots. The journey has been effected without stopping and at S.Marcellino I get off inviting the engine-men for a glass of wine which they refused. The engine then started for Aversa and I don't know anything.else.

On the morning of the 1st when the American Captain questioned me in DANIELLO's presence, the latter, while in the first instance said to have accompanied me at S.Marcellino, in a second moment, he denied this fact, and at my formal declaration that I recognise him, replied with a wink with which he hoped to buy the complicity.

Later on another person came to me at the station of S.Marcellino where I was and proposed me a compensation if I would recant the declaration concerning DANIELLO.

Declassified E.O. 12356 Section 3.3/NND No. 785016

All this has been verbally referred to the British and American Polices as well as to my direct Superios.
I confirm that all that is above stated is the truth.

Averse 1st January 1945

(signed) FULLIO CACIOLLI, Sub-Chief

I hereby certify that to the best of my belief and ability this is a true and correct translation of the above statement.

MILITARY POLICE REPORT

To the Officer Commanding
510 Pro Coy C.M.Police

Ref - VS/10

Sir,

I have to report that at Aversa on the 1 Jan 45, I was on duty at the Central Railway Station, when I was informed by Lieut. Arch R.C., 3C" Coy, Aversa Detachment, 30th Bn The Somerset Light Infantry, that a quantity of sacks containing coffee beans had been stolen from a railway box wagon on the 31 Dec 1944.

Enquiries revealed that at about 2130 hrs on the 31 Dec 44 the swtich engine with a wagon attached was seen leaving Aversa Station in the direction of S.Marcellino. When it returned to the station after about 20 minutes, the wagon was found to be rifled and a number of sacks of coffee beans missing.

It was ascertained that the train driver and crew were instructed by the station Master of S.Marcellino to convey him from Aversa to S.Marcellino. The train's occupants, namely

1. Cerbone Vincenzo fu Vincenzo (Engine driver)
2. Petrellese Antonio fu Vincenzo (Fireman)
3. Volpino Beniamino di N.N. (Switchman)
4. Daniello Raffaele (Switchman)

were immediately arrested and the 230 Coy U.S.Military Police at Aversa were informed. On their arrival, the station master at Aversa asked for the release of the engine driver and fireman as there was no one else to drive the engine. They were all eventually released ant it was arranged by the U.S. Military Police that they be interviewed on the 2 Jan 1945 at 1400 hrs.

I immediately proceeded to S.Marcellino and interrogated the station master, Tullio Caciolli. In his attached statement he admits instructing the four civilians mentioned above to convey him to S.Marcellino and relates that he was unaware that the engine had a truck attached until he left Aversa. He then states that he was offered money to say that the swithhman, Daniello Raffaele was not aboard the engine.

On the 2 Jan 1945 at about 1000 hrs I arrested the engine driver, fireman, and Switchman Petrellese. The other switchman Daniello could not be traced and was missing from his home. These men denied all knowledge of being concerned in the theft and could not explain why the truck had been attached to the engine or why th train did not halt at the rquest of the Sentry (Pte B.Johnson).

Declassified E.O. 12356 Section 3.3/NND No. 785016

On the 3 Jan 45, I made a search of the area between Aversa and S.Marcellino but no trace of the coffee could be found nor could any clues be obtained which might lead to the spot where the coffee was taken.
On the 5 Jan 45, I saw Pte Johnson and obtained the attached statement, it will be seen that the violated truck N+1123393 was kept under constant observation during the period it was in the station and it would have been impossible for anyone to have tampered with the seals or removed any of the contents.

Later, I proceeded to the 14 CRASC HQ, Casoria, where the wagon was eventually despatched to and learnt from the RLO that it had been forwarded to the 23 BSD at Torre Annunziata. There I was informed that 31 x 150 lbs sacks of coffee beans were missing.

I again visited Aversa and learned from the neighbours of Daniello Raffaele that he was in a hospital in Naples, probably the "Trimaldi". I accordingly had enquiries made there and other civilian hospitals all with a negative result. All efforts so far to trace and arrest this man have been abortive but enquiries regarding his present whereabouts are being pursued by the Questura at Aversa.

It will be seen then, that on the 31 Dec 44 at about 2130hrs, acting on instructions received from the station master at S.Marcelline the switch engine left Aversa with truck N° 1123393 attached and on its return 31 x 150 lb sacks of coffee beans were missing.

The statement made by the station master at S.Marcellino leaves much to be desired as it is obvious that he is telling lies when he relates that he was unaware that the truck was attached to the engine, as the station was floodlit at the time. It cannot be ascertained, however, if the coffee was stolen on the journey to or from S.Marcellino. He therefore, was not arrested, owing to lack of evidence, but his dismissal from the Italian State Railway is strngly recommended as it is obvious that even if he is not connected with the theft, it was due to his misuse of transport that the robbery was made possible.

The truck was released and despatched to Casoria and an inciden report was made out by Cpl. W.R. White, which is attached to this report.

In my opinion, this theft was carefully planned and executed by the accused persons, together with the missing switchman and person unknown, who were employed to carry the sacks away from the railway truck. It is also probable that some means of transport was used although no marks along the railway track could be discovered.

Sir,

With reference to the attached correspondence,I have to report the following.Charges in respect of the three arrested persons were preferred at the time and,on the 21 February 45,I attended their summary of evidence at the Tribunale,San Maria (Capua-Vetere)

All efforts made to trace and apprehend the missing switchman-Daniella Raffaele,produced a negative result and he is still at large.

No further action was taken against the Station-master-Tullio Caciolli, but it was pointed out in my report VS/10 dated 6 February 45,that owing to his unsatisfactory evidence,misuse of transport and obvious lies,his dismissal from the Italian State Railways was strongly recommended.

CARABINIERI HEADQUARTERS OF LAZIO

13th April, 1945.

No. 328/5.

SUBJECT : Abduction of Arturo ROCCA and rape of Maria [illegible] the wife of Rocca.

TO : A.C. R.S. S/L. Rome.

In continuation of letter No. 328/5 dated 7th instant.

On the afternoon of the 9th instant, Lt. Pirro Enrici, who declared himself to be a General of the Partisans who had come from the north and his assistant Ettel, presented themselves to the Questore of Rome.

They, having learnt from a communique the facts mentioned in the letter referred to above and, knowing that the authorities intended to intervene energetically, while they maintained themselves to have had nothing to do with the incident, offered their services of collaboration to identify and arrest the responsible parties.

Consequently, on the morning of the 10th at 0800 hours, P.S. Agents and CC.RR with General ETTEL and his assistant arrested 30 partisans at Cinecittà, of whom 7 confessed to the abduction of Maresciallo ROCCA Arturo as well as to the rape of his wife.

Subsequently in Via "dei Coronari" other partisans were arrested. Also among these some confessed.

Search for the wife of Maresciallo ROCCA is being actively pursued.

Fa seguito al foglio n.386/2 del 7 corrente.

Nel pomeriggio del 9 corrente, si presentarono al Questore di Roma il sig. FRIGO Luigi, dichiaratosi generale dei partigiani venuto dal Nord e il suo aiutante BRIET.

Essi, appresi dal funzionario i fatti di cui è cenno nel foglio cui si fa seguito e, saputo che le autorità erano decise a intervenire energicamente, mentre si dissero estranei all'accaduto, offrirono la loro collaborazione per la identificazione e l'arresto dei responsabili.

Di conseguenza, la mattina del 10, alle ore 8, con la partecipazione del generale FRIGO e del suo aiutante, furono formati, dalla P.S. e dall'Arma, circa 30 partigiani, dislocati a Cinecittà, dei quali sette si sono confessati rei del sequestro di persona del maresciallo ROCCA Arturo, nonchè del ratto della moglie di lui.

DETAILS:

1. On 29 January 1945, Major [illegible] J. [illegible], C. O., 448th Bomb Squadron, 9oth Bomb Group, reported that an Italian civilian, who had been employed at his Squadron, was suspected of stealing money from a soldier in his organization.

2. Undersigned agent was assigned to investigate this case.

3. On 27 January 1945, Sgt. [illegible] was interviewed and a statement was taken, (See Inclosure #1). Sgt DUNCAN states that on the evening of 26 January 1945, about 1900 hours, an Italian civilian with whom he was acquainted came to his tent and stayed there about thirty minutes. During this time DUNCAN's wallet, which contained $359, was laying on the cot. Suddenly the civilian left the tent and DUNCAN noticed one of the bills sticking out from the wallet. On checking the contents, DUNCAN noticed $125 was missing. DUNCAN went out of the tent and found the civilian and had him rearrested by Sgt. [illegible], S/Sgt. [illegible], and Cpl. [illegible], S/Sgt. [illegible], Sgts. [illegible] & [illegible], and a few others. Some money was found in the civilian's boots, three of the bills being American dollars. The total amount of money found on the civilian was $153.

DUNCAN admitted selling this same civilian a pair of civilian boots for twenty-five dollars.

4. On 27 January 1945, MICHELE CAPUANO was interviewed and a statement was taken, (See Inclosure #2). He, CAPUANO, was in the same area to collect his pay for work he had done in the Squadron. On 26 January 1945-about 1800 hours-he went to a soldier's tent (DUNCAN's) where he spent some time talking to the soldier. CAPUANO saw a wallet lying on the bed, opened it, took out a sum of money, and placed it in his pocket. He then left the tent, saying he was going to eat. Before reaching his friend's tent, CAPUANO was stopped by the soldier who accused him of taking his money. CAPUANO states he showed the soldier his wallet which only contained 1800 lire. Then DUNCAN took CAPUANO to his tent where he returned the money. CAPUANO admitted trying to hide the money in his socks.

3194

CAPUANO stated he had bought a pair of civilian boots from DUNCAN for forty dollars. He stated that was the only item he had ever purchased in the camp.

Date: 27 January 1945

I, William E. Duncan, ASN 18023041, Rank: Sgt., Organization: 346 MP BN PW, having been warned of my rights under the 24th Article of War by J. D. Schepis, Agent CID, and without threats or promises, duress or coercion, and knowing that anything that I say may be used against me, do hereby make the following statements:

On 26 Jan. 1945 at about 1900 hours an Italian civilian came into my tent and began talking to me. I had known this civilian as he had come into my tent on two other occasions. While he was in the tent my pocketbook which contained $350.00 was laying on the cot. I was writing on a slip of paper the names of the different men who owed me money. We were in the tent talking together for about thirty minutes. All of a sudden the civilian wanted to leave saying he was going to eat.

Just as soon as he had left I noticed one of the bills in my wallet sticking out. I took the money from the wallet and counted it and noticed that there was 183 dollars missing. I grabbed my flashlight and went out looking for the Italian. I went to the M.P.'s tent and found him. I then took him to a nearby tent where he was searched by Sgt. Wolfe in the presence of Sgts. Dunham, Holiday, Barber, Cpl. Curtis and a few others. Sgt. Wolfe found money in his sock which included three American dollars. All the money found on the civilian amounted to $183.00. From here I took him to the orderly room.

About three days ago I sold this same Italian a pair of civilian boots for twenty five dollars which I had purchased in Cairo for the same price.

On 27 Janua ry 1945, in the CID office in Foggia. Before us undersigned is present Cafuano Nicola, of Giovanni and of Merla Rosa,born in S.Giovanni Rotondo, on 4 July 1923, there residing at Via Cifria #11, who effectively questioned declares what follows:

During the current month I have worked 18 days in an American camp at Tortorella and after, without knowing the reason, I have been dismissed.

On the 25th of the current month I left from S. Giovanni in order to go to camp Tortorella, where I had worked, to get paid for the last 15 days I had worked. I arrived there in the evening of the same day and went to a tent where other workers, whom I knew, lived. As it was late they told me to sleep there.

In the morning on the 26th I got up but remained in the tent. In the afternoon, namely about 1800 hours, I went to see a soldier,whom I knew, in his tent. The soldier and I sat down on the bed and he offered me a cigarette. As I saw a wallet on the bed,I opened it and pulled out the sum which was in it and put it in my pocket without counting it. In the meantime the soldier started writing a letter and I went out, telling him I was going to eat.Before arriving at the tent where my friends were I was overtaken by the soldier who told me that I had taken away his money. Then I pulled out my wallet,where only my money was,namely the sum of 1800 lire, and gave it to the soldier.He brought me to his tent where he told me to give him back his money and I gave it to him.

I declare that while going from my friend's tent to the soldier's tent, I had in my left pocket the sum I had stolen from the soldier, and I tried to hide it in my socks. After that he brought me to the Command where they kept me all night and afterwards they brought me to Foggia. I also declare that in the first fortnight of January, this same soldier had sold me a pair of boots for the sum of 4000 lire. I have never purchased anything else in the camp. I have nothing else to add.

My name is Sergeant Frank E. Wolfe, AS# 35703155, 346th Bombardment Squadron, 99th Bombardment Group (H). On or about 1930 hours, 26 January 1945, on hearing a noise on the outside of my tent, and recognizing Duncan's voice, I asked him what was the matter. He stated that an Italian K. P. had stolen approximately $120.00 or $123.00 dollars. He stated he had $350.00 dollars including $20.00 dollars in American money, a $10.00 bill, a $5.00 bill and 5 singles. He said he had at that moment 27 dollars in American money and a little over 200 dollars in Italian currency. He told the Italian who was with him to undress to be searched. The Italian took off all his except socks and pants. He didn't want to take off his pants so I felt of his socks and felt paper under his foot, and found 3 American single dollar bills and 120 dollars in Italian currency. Duncan started toward the Orderly Room and the Italian made a step to get away. As the Italian did so, Duncan hit him a few blows and started toward the Orderly Room. On the outside of the tent I saw Duncan covering up the Italian with mud. Then Duncan told him to get up and he and Duncan started for the Orderly Room and I followed close behind with part of the Italian's clothes.

Contrary to the appropriate Section of the Italian Penal Code.

The accused are now detained in the Civil Prison at Maddaloni, pending trial by the Civil Authorities.

The facts leading up to the arrest of the accused (and evidence obtained since) appear to be as follow:-

On the 16th. March 1945, at approximately 21 - 30 hours, train No. 626/245, arrived at Maddaloni Superior Station, from Naples Port. There was a considerable delay before the train was allowed to proceed to Caserta, and during this time, members of the Station staff saw a number of Italian civilians stealing from one of the wagons, No.2529, containing sacks of wheat in transit to A.C.C. Row.

Members of this Section immediately commenced enquiry and search in the area surrounding the Station of Maddaloni Superior, and at about 23-50 hours, the same night, the accused "C", - Carpentone Michele - was seen walking away from the railway track carrying a sack of wheat upon his shoulders. He was arrested and taken to the Carabinieri Station of Maddaloni, where, through my Interpreter I questioned him concerning his possession.....

I questioned him concerning his possession/

of the sack of wheat and he eventually admitted to stealing it from the railway near Maddaloni Superior station; He also divulged the names of the accused A & B, whom, he alleged, were also stealing sacks of wheat whilst he was there. A statement in writing was later taken from him in which he implicated in the theft, in all, six other Italian civilians. Instructions were then issued to the Carabinieri, requesting them to arrest these six civilians, but at present, only the accused A & B have been apprehended.

On Friday, 23rd. March 1945, through my Interpreter, I interviewed the accused A & B individually. Each denied complicity in this offence, but admitted to being on the railway premises on the night in question.

As a result of information obtained, at 14~~3~~00 hours, on the 17th. March 1945, the house of Abagnale Aniello, No.2; Via Maddaloni Superior Masseria, was searched. At the time, a number of civilians were found in the courtyard of the house, apparently sharing out a large quantity of wheat. Several of these civilians made good their escape, but, 34 of them were arrested by the Carabinieri. Later the same day, I interrogated each of these civilians. All denied knowledge of the theft from the railway and insisted that the wheat was civilian property which had been brought by some other person, from Foggia to Maddaloni, for distribution by sale by them, some four or five days previously. There was no evidence to disprove this explanation and the wheat cannot be identified as being A.C.C. Property, therefore, proceedings are being taken against all these civilians by the Local Carabinieri for being in possession of a greater amount of grain than is allowed by the existing authorities.

The house of ABAGNALE ANIELLO, was thoroughly searched. No Allied Forces Property was recovered, but he was seen to be in wrongful possession

On Friday, 23rd. March 1945, through my interpreter, I interviewed the accused A & B individually. Each denied complicity in this offence, but admitted to being on the railway premises on the night in question.

As a result of information obtained, at 1400 hours, on the 17th. March 1945, the house of Abagnale Aniello, No.2; Via Maddaloni Superior Maserie, was searched. At the time, a number of civilians were found in the courtyard of the house, apparently sharing out a large quantity of wheat. The house of ABAGNALE ANIELLO, was thoroughly searched. No Allied Forces Property was recovered, but he was seen to be in wrongful possession of 3 Italian Army hand-grenades. Proceedings are being taken against him for this offence. SPS(R)/A/45/641 refers.

The total quantity of wheat confiscated - approximately 1½ tons - is at present held at H.Q. 111 Provost Company, C.M. Police, Caserta, pending removal by A.C.C. Naples, who have been informed of the facts.

Statement made by the accused CARPENTONE MICHELE, is attached.

CARPENTONE MICHELE. AGE 20.,

MADDALONI.

On the morning of the 17th. of this month, I was in the locality of "Mulini" and I saw some men coming from the bridges of Maddaloni valley where the railway lines are. I saw that these men were carrying sacks. I approached them and asked them where they had got the sacks and what was in them. They told me that there was a lot of grain on the ground near the Maddalini Superio Valle railway station and that the grain was all in sacks of about 50 kgs. I went there and met DIONIO NICOLA, who was carrying a sack of grain, he told me he had got it from the railway. I went to this place and took a sack of grain from the railway, but as I saw the British Police coming towards me, I dropped the sack and ran away. Whilst I was getting my sack of grain, I recognised Nicola Martino and Luigi Martino, also D'ANGELO ANIELLO and D'Angelo Francesco. I saw them all going towards Maddaloni with carts of grain. I cannot say how many more men took grain from the place.

Most of the suspects have been temporarily released and further enquiries are being made regarding those still in custody.

SUBJECT: Interference with C.I.P. Lorry Trains.

Provost Marshall, Rome Area Allied Command,
APO 794, U. S. Army.

1. It is necessary to move, by road, considerable quantities of POL destined for civil distribution over the road. To compensate for lack of transport, it is necessary to operate these lorry trains on a 24 hour schedule.

2. Beginning in October 1944, the movement over the Naples-Rome route has become especially hazardous. S.I.A. (Servizi Italiani Autotrasporti) working exclusively for C.I.P. has been held up six times. Drivers have been relieved of their cash in hand, spare tires stolen, and product stolen. Listed below are several incidents.

On October 9, two drums of kerosene were stolen from a lorry-trailer on its way to Rome. The driver reported that when he was stopped for the third time by the Guardia di Finanza, he noticed this theft and two people sitting on the kerbstone. These two were arrested and the Guardia di Finanza found a parcel and two tommy-guns with ammunition where they had been sitting.

On November 10, the personnel travelling on FIAT lorry 626 - reg. Rome - were held up by armed thugs and kept for 14 hours under constraint in a house near the Sessa-Aurunca road. The lorry was stolen.

Again on November 10, lorry-train Isotta Fraschini - Rome 82159 - on its way to Naples to load carburants was held up by armed men; 12.000 Lire were stolen from the driver and a tire 38 x 9; an attempt was made to run off with the lorry-train itself. This was only avoided through the approach of a convoy.

3. S.I.A. has now refused to operate at night without armed escort thereby more than cutting the amount of POL possible to move by road by 60%. As non-arrival of this product will directly affect alimentation, etc., prompt action is needed.

4. May this Section please be advised what steps are being taken to correct this condition and can armed escort be provided.

1. It is unfortunately clear that a very considerable amount of stealing by civilians of WD property from vehicles is taking place when these vehicles are compelled to halt owing to traffic jams, one way streets, level crossings, etc.

2. Orders have been issued by me that where any vehicle carries one or more passengers in addition to the driver, one of these passengers will ride in the back of the vehicle, but in may cases vehicles carry only the driver.

3. I would be glad if you could arrange, therefore, for Carabinieri to be on duty near the more important road traffic and level crossings and streets where it is obvious that the flow of traffic must be held up at times, so that offenders may be apprehended and would-be offenders discouraged.
