N.60/88 Prot. Genoa, 9 th October 1945

SUBJECT : Assault to the Military Ammunition Dump.
Report.

From 21,30 hrs. of the 8th till about five o'clock on the 9th a group of unknown people, presumably about fifty elements, tried to assault, several times, with automatic firearms, centers in duty at the Ammunition Dump Forte Angeli, and also the Store Houses Granarolo, in the outskists of this town. Military reaction of the centers and elements of the local armoured battalion provoked exchange of shooting.
At the day's brake the assailers run away.

Civilian population of the district is very worried, and we expect meetings of protest for the slowliness of the transferring of explosives materials from said fortress into the town.

We presume that the assailers are the same who took part in the explosion of the Lagaccio Inferiore Ammunition Dump, of which we have already informed, with a letter No.60/84 dated first october.

Investigations started.

Giorgio Agus.

TRANSLATION

To Allied Police Command
R o m e

In May 1943, while I was Questore of Trieste, I was dismissed and put at disposition of the Ministry because 20 squadristi and fascists who had plundered some shops where arrested on my order.

In September 1943, after the armistice, the fascist Prefect of Trieste directed a squad of militians of the Maritime Militia of Trieste, led by the ill famed Major Cerruso, the same person who was appointed afterwards as Questore of Rome and then shooted when Rome was fred, to ask for me at my private residence N°9, via Bellosguardo and kill me.

I ran away and remained concealed in Rome till the liberation, but I left behind all my furniture and clothings and those of my son who is married and had an apartment close to mine.

All these house-hold goods viz: furniture, silvery-paintings-carpets-pianoforte-wireless set-clothings of various kind, etc. which represented the economic welfare of two families and valuable - at normal rate - to many millions.

My dwelling of via Bellosguardo was watched till July 1945, by an Italian officer, friend of mine, but afterwards was occupied by a family of the place, who bought the building.

I am now informed that persons whom I do not know, took possessions of all my belongings as above described, carrying them with trucks to unknown places.

As it is impossible for me to investigate directly I request that enquiries be carryed through in order to ascertain who took illegal possession of my belongings.

The actual proprietor of the building was seen in possession of books and other objects that belong to me, so I think she is in a position to know something on the subject.

If there is the necessity I can give afterwards an approximate list of all my house-hold goods and other objects.

Trusting in your assistence and with many thanks I remain

Sir,

1. The theft of Miss Stevenson's property has been investigated by me with the collaboration of "mobile squad" of local Questure.

2. It was committed on the 14th Sept. between 16 45- 1800 or, more likely, between 17.25 and 17.55 and it was impossible at such a distance of time, to ascertain whether any person stranger to the Division was wandering about when the theft was committed.

3. The conditions in which the theft was perpetrad have been carefully thrashed out. No concrete evidence has emerged. Nothing that may be contested with.

4. Searches have been carried through by Italian Police - after having got the proper search-warrants from the magistrate - in the houses of some employees but nothing was found.

1. Attached is a copy of letter received from the Director Labour Sub Commission on the subject of loss of property by Miss Stevenson, of that Sub Commission.

2. It is felt that the nature of the loss, particularly as it includes a British Passport, is of a sufficiently serious nature to justify further investigation.

3. Without, of course, being aware of what additional investigation you may now be making, it is suggested in para 13 of the attached letter that the assistance of the Italian Civil Police might be obtained.

LABOUR SUB-COMMISSION

24 September, 1945.

Subject : Lost Property

To : G-1, British.

1. I submit this request for a special and urgent investigation into the serious loss by theft sustained by a British civilian member of Labour Sub Commission as I am not satisfied that sufficient attention has been paid as the result of formal representation through normal official channels.

2. On Friday, 14th September, at approximately 1805 hours Miss Stevenson of this Labour Sub Commission discovered that certain property had been taken from her handbag, viz., Passport, 8,274 lire, Officer's Advance Book, Barclay's Bank cheque book, R.A.A.C., A.C., N.A.A.F.I. and Esperia Mess passes, pocket book, identity card, photos, War Office letter of Appointment, Certificate of Insurance and Recreational Pass.

3. She reported the loss immediately to the Reception Desk in the Main Entrance Hall. The person in charge of Reception took her to see the Night Duty Officer who recorded details of the articles lost and also made brief notes of the circumstances. The Night Duty Officer said that the matter would be reported to A.C. Security Officer who would call and see Miss Stevenson in the morning.

4. On 15th September at approximately 1000 hours a Sergeant from A.C. Security Office called and saw Miss Stevenson. He said there was little he could do about the articles lost and that the best thing to do was to secure new passes.

5. Miss Stevenson then telephoned G-1, British, who advised her to telephone Hq. Commandant's Office. This, she did and was told to get in touch with the Provost Marshall's Office at once because the loss of the Passport was serious.

6. On telephoning the Provost Marshall's office, Miss Stevenson was told to ring the Duty Sgt., Central Police Station, which she did at 1105 hours on the 15th September. Full details of the loss were taken by the Duty Sgt.

7. Military Police called at Labour Sub Commission Offices the same day, but after the staff had left, Saturday being a half day.

8. On Monday, 17th September, Miss Stevenson informed the British Consulate of the loss of the Passport and was told to submit a written report, which she did, and to state what action she had taken to inform the police.

9. Miss Stevenson also telephoned the Central Police Station on Monday, 17th September, to ascertain what action was being taken, and was eventually informed that a Corporal would be sent along to see her when the 230 Provost Company took over duty at 1600 hours.

Declassified E.O. 12356 Section 3.3/NND No. 785016

10. The Corporal called and interviewed Miss Stevenson and several members of the staff.

11. The result of these enquiries is the receipt, five days later, of the attached report, which with due respect, we would describe as perfunctory, having regard to the circumstances and nature of the loss.

12. I attach a full statement from Miss Stevenson as the one she wrote for Cpl. Bilham was written roughly for his guidance prior to his interview of some of the Italian staff.

13. I have therefore to request that the matter be reopened and that the Italian police, who do not seem to have been approached, should be requested to investigate the activities of Italian civilians.

Statement by Miss M. Stevenson
Labour Sub-Commission
Allied Commission Hq.

Who states:

I have to report theft of money, passport and other articles as per list appended from my handbag on Friday, 14 September 1945, between 1645 and 1800 hours in Room 76, Labour Sub Commission offices, 2nd Floor Annex, Allied Commission Hq.

The contents of the bag were intact up to about 1645 p.m., because when I returned to Room 76 from the Field Cashier's Office about 1630 p.m., I tidied up my handbag, sorting 100 lire notes into a small pocket case in which I kept my identity card, and 1,000 lire notes into my cheque book; I then fastened the case, passport, cheque book and the other documents now missing together with an elastic band, and put them in my handbag.

At about 1645 p.m., or just after, my bag was left behind my chair in Room 76 while I went into Room 53 (Mr Scott's office). During that time Miss Ambrogi from the Statistical Section entered with information for Mr. Scott, and Miss Sanseverino came in and out twice with information for Mr. Proctor. Most of the time I was facing the doorway from which there is a view of my own office (Room 76) and was talking to Major Reede of Finance Sub Commission, and I think I would have noticed if anyone had entered my room.

I left Mr. Scott's office about 1705 and met Sergeant Pirani coming up the corridor from the General Office with a report for my attention. I took the report into my room and read it, sitting in an armchair from which I am not visible from the open door. During that time I had the impression that someone came into the room but left before I had time to see who it was. I then discovered a mistake in the report which necessitated immediate action and went into the General Office about 1725 to stop copies of the report being circulated. While I was in the General Office I said I was going straight into Statistics Section (Room 78 which adjoins Room 76), to check up on the figures in which the mistake had occurred.

I went into Statistics Section and remained there until just before 1800 hours.

Miss Cao-Pinna, Miss Ambrogi and Mr. Lauro were in the room the whole of the time, and Mr. Scott came in soon after I entered and remained discussing the mistake. Mr. Gatto put his head round the door to announce the recovery of copies of the report while we were in the middle of the discussion.

When I left Statistics Section I went first into the General Office (Room 82) to give the clerks the correction but found the room empty, so I returned immediately to my own office and within a minute or two of preparing to go home discovered the articles were missing from my handbag.

I reported, straight to Messrs. Scott and Proctor, and they, joined by Mr. Hird, searched around my room. and I also went into Statistics Section next door

Declassified E.O. 12356 Section 3.3/NND No. 785016

where the three clerks were getting ready to go home, and they also helped.

I then reported the matter to A.C.'s Night Duty Officer; and the following morning after Security Section of Allied Commission had said there was nothing they could do, I notified the Provost Marshall's Office and the Duty Sergeant at the Central Police Station.

To. Officer Commanding,
230 Provost Company.

Sir,

I have to report that, at Rome on 17 Sep 45 I was on duty at the Central Police Station, where I was instructed by the Duty Sgt to proceed to Labour Sub-Commission, AC. HQ, and interview Miss STEVENSON, regarding missing personal property.

I contacted Miss STEVENSON, and was informed by her that documents as shown in the attached list, were missing from her handbag, which had been left in her office on Friday 14 Sep 45 sometime during 1645 and 1700 hrs. Through the medium of an Italian Police Agent I questioned Italian staff employed as clerks and typists to ascertain whether during the afternoon in question they had seen any strangers who might have had the opportunity to enter the office. I was informed that the HQ was visited at all hours during the day for business reasons, therefore if any of the staff saw any strangers in the building they had no reason to suspect that they were there for any but legitimate reasons. I was also informed that it was the habit of all personnel to leave their respective office doors open, as the staff were frequently required to visit them.

I next saw Sgt Pirani, U.S. Army, who is i/c Italian Labour, whom I questioned, and also received the information that the present staff had been employed there in different capacities for at least one year, and were all highly trusted. He also stated that money and property had been left unguarded in many of the offices previously and that nothing had been missed on any other occasion.

I was unable to gather any further information, and obtained a report of the loss from Miss Stevenson, which is attached to this report.

It is my belief that someone employed in the building has knowledge of the whereabouts of the property, but owing to the difficulty, even through an interpreter, of getting a full and accurate account of the movements during the time of the theft, and the Italian personnel misunderstanding the meaning of questions put to them, I was unable to make any further progress.

SUBJECT: Daily-paper " RISORGIMENTO LIBERALE" - Article referring to the kidnapping of a Yugoslav young man.

Referring to the kidnapping of a Yugoslav young man, pointed out by the daily-paper " RISORGIMENTO LIBERALE " -Nº of August 30- the Questure of Rome reports the following:

"" For information and to complete your documents we communicate the following acknowledgment picked up amongst the Yugoslavs about the kidnapping of a Yugoslav native of whom the " Risorgimento Liberale " gave notice yesterday.

On 28th inst. about at 2200 hrs, a cluster of Yugoslavs dissenting from Tito's policy were assembled, as usual, in a ice-cream-shop in Piazza Regina Margherita. Then suddenly a "jeep" arrived having aboard 4 men wearing khaki uniforms. The latter jumped down and walked strait up to the ice-cream-shop and soon went towards a young man belonging to the a/m group of Yugoslavs and compelled him to follow them threatening him with their weapons of whose shape a glimpse was afforded through their trousers pockets according to the gangsters custom.

The four the young men who walked with his hands slightly raised went aboard the 'jeep' again and swiftly left.

Among the people left somebody had thought to see an Italian who was in the shop pointing out by beckoning the men who had been taken away. So the same group of people took that fellow to the English Police- Via della Pilotta- where after having examined his documents he was set free.

Ivan Jelicic, mentioned by the "Risorgimento Liberale" might be identified as one Ivan Jelicic (son of Yvan and Teresia [illegible], born at Zagabria on March 7, 1921, a tailor evacuee from Yugoslavia, single) arrived in Italy on July 25, 1945, who is no more lodged al CINECITTA', nor researches are being made.

/3540

Declassified E.O. 12356 Section 3.3/NND No. 785016

From information taken at the Yugoslav mess, Corso Trieste, IO - he seems to have had his resort there for some days, then he would have been transferred by the Yugoslavia Welfare Society to the Foreigner Camp at CINECITTA'.

Speaking about the Yugoslavs who are lodged at CINECITTA' it is complained, amongst the groups dissenting from Tito, that frequent inspections would be made by the Yugoslav Police. Now and then they would arrest some men under the pretext of co-operation."

I quattro, con il giovane, che procedeva con le mani lievemente alzate, sono rimontati in macchina allontanandosi lestamente.

Poichè fra il gruppo dei rimasti qualcuno aveva creduto di accorgersi che un italiano presente nella detta gelateria avesse indicato con un cenno d'intesa l'uomo prelevato, il gruppo stesso, a sua volta, ha accompagnato quell'individuo al Comando della Polizia ingle-

se,in via della Pilotta ove previo riconoscimento con documenti, l'individuo stesso è stato rilasciato.

Lo Jelicic Ivan che nomina il "Risorgimento Liberale" potrebbe identificarsi per Jelicio Ivan di Ivan e Lusnar Teresia,nato a Zagabria il 7 marzo 1921,celibe,sarto,profugo dalla Jugoslavia e giunto in Italia il 25 luglio u.s.,che peraltro non risulta più alloggiato a Cinecittà; ne sono state disposte le ricerche.

Dalle informazioni assunte presso la mensa jugoslava di Corso Trieste 10,egli colà avrebbe fatto recapito qualche giorno e poi sarebbe stato trasferito a cura della "Jugoslavia Welfare Society" nel campo stranieri di Cinecittà.

A proposito degli jugoslavi,che sono ricoverati a Cinecittà,tra i gruppi dissidenti da Tito,si lamenterebbe il fatto che presso detto campo profughi farebbero frequenti ispezioni elementi della polizia jugoslave,i quali di tanto in tanto fermerebbero qualcuno sotto l'accusa di collaborazionismo.

SUBJECT : Authorisation for Transit Issued to French Officers.

1. Upon receipt of your call yesterday with regard to the case of the two French officers being arrested in TURIN with two truck loads of salt, the acting Vice Prefect, Vittorio DRAGO, was called to my office immediately and questioned on the matter. He at first denied all knowledge of having issued or signed such a permit as was found in the possession of the French Officers. Later, however, he began to remember vaguely about a request of some sort the French had made but could not sufficiently explain what it was without contacting the Secretary to the Prefect, Proff. Bessoni. I immediately ordered this man, Prof. BESSONI, to be brought to my office and at the same time ordered the Questore to go personally to the Prefect's Office and locate the copy of the permit found in the possession of the French Officers.

2. The Questore contacted me very shortly with a copy of the permit he had found in the Prefect's files (Copy attached). The Questore stated that he had no knowledge of such a transaction and could immediately see that it was highly irregular and felt sure that the Prefect could not be involved. He requested that before taking any further action it would be advisable to interrogate the Prefect. This could not be done as the Prefect was in TURIN and could not be located at the time. It was decided to question the Acting Vice Prefect and the Secretary further.

3. They both stated that the two French Officers in question called at the Prefettura on the 31 Aug 45 and asked for a permit to transport salt and oil thru CUNEO Province to VERCELLI Province where a contract had been previously entered into with SEPRAL there for the exchange of these commodities for Pasta and Rice. The French Officers stated they were supplying their unit stationed near CANNES and could not get those two food items in FRANCE. The question was supposedly put before the Prefect who was busy at the time and did not personally see the two officers. They stated that the Prefect concurred and the permit found in the possession of the French Officers was issued.

4. Because of the weakness of the explanation, they were questioned further and later admitted that negotiations for trade with these officers was gone into. They admitted that they had talked to them about exchange here in CUNEO Province but no definite

They both stated that the two French Officers in question called at the Prefettura on the 31 Aug 45 and asked for a permit to transport salt and oil thru CUNEO Province to VERCELLI Province where a contract had been previously entered into with SERRAL there for the exchange of these commodities for Pasta and Rice. The French Officers stated they were supplying their unit stationed near CARELS and could not get these two food items in FRANCE. The question was supposedly put before the Prefect who was busy at the time and did not personally see the two officers. They stated that the Prefect concurred and the permit found in the possession of the French Officers was issued.

4. Because of the weakness of the explanation, they were questioned further and later admitted that negotiations for trade with these officers was gone into. They admitted that they had talked to them about exchange here in CUNEO Province but no definite contract had been made. They did admit that in the course of negotiations the FRENCH Officers offered to trade 100 quintals of oil for 500 quintals of Pasta, but the exchange was not satisfactory so the deal was dropped. They then, in good faith, as they put it, issued the permit for transport only, of the commodities mentioned, thru the Province to VERCELLI Province.

5. It was decided to place these two men, DRAGO and BESSONI, under arrest in a hotel until the return of the Prefect. They were turned over to the Questore who carried this out.

6. The Prefect was located in CUNEO later in the evening by the Questore who brought him immediately to see me. The Prefect immediately assumed all responsibility for the entire affair and asked that DRAGO and BESSONI be released immediately, with the threat of resigning himself if they were not released. He further stated that when the French Officers came to his office he was very busy and could not see them. They were authorized to enter into negotiations, whatever they were, on his authority. His only excuse for authorising such a transaction was that he was assured by

Declassified E.O. 12356 Section 3.3/NND No. 785016

his secretary, BESSONI, that the French Officers had presented all the necessary documents from AMG here in CUNEO and from SCHRAL at VERCELLI, to prove that they were in order. He asked that he be permitted to present himself to the Regional Commissioner, if necessary, to explain his position in the matter. I informed him that these arrangements would be made and he was to meet Major GARDNER in the Regional Public Safety Officer's Office at 1400 hrs 11 Sep 45.

7. In the course of DRAGO and BESSONI conversing in my office, my interpreter picked up the information that an escort furnished by the Economic Police on the order of the Prefect had been furnished for the French. Lt. BACCHETTI of the Economic Police was contacted and furnished the information that on 6 Sep 45, at 0900 hrs, he was called by BESSONI and told he was to furnish an escort for some food trucks coming in from FRANCE. This Lieutenant stated that he could not do it unless he had a written order from the Prefect. BESSONI stated that this would be issued. At 1500 hrs the Lieut was called to the Prefettura where he met the two French officers and another civilian. The Order for the Guard was delivered to him and he was assured that everything was in order. The Agent was taken by the French officers in a Jeep across the French Border at COLLE DI NAVALLENA. At a small town about 3 kms from the border in FRANCE they met a convoy of 3 trucks heavily laden and guarded by French soldiers. The two Officers turned around and led the convoy of three trucks across the Border again back through VIRADIO and SAN DALMAZZO. They entered CUNEO at approximately 2200 hrs with the three trucks still guarded by French soldiers. They were sent to the old Railroad Station on the Southern side of the City where the Agent was told to leave the convoy as he was no longer needed. This Agent was unable to state what was on the trucks as they were covered with tarpaulins. He stated that while en route they told him he was required for passing the CCRS road blocks. This Agent did not have a copy of the Order issued by the Prefect but remembered the wording (Copy attached).

8. It is the observation of this Officer that this incident is the beginning of a Black Market trade on a Provincial Level (and requires a complete investigation from all angles. There is no doubt in my mind that although the Prefect explains that the permit he issued was issued in good faith, but betrayed by the French officers, he, as well as the acting Vice Prefect and the Secretary, are involved in the ouse from the Black Market angle and the Prefect's explanation should not be credited in any way. There is the possibility that the Prefect was not involved and has taken full responsibility because of political pressure.

9. The investigation will be continued, especially to locate what disposition was made of the three truckloads of good brought into CUNEO on the night of 6 Sep 45.

SUBJECT : French Soldiers selling Salt in Italy.

DATE : 11 September 1945.

On 10 September 1945, at Carmagnola, Province of Turin, agents of the Questura attached to SEPRAL saw two French Military Trucks Nos. 2502839 and2506210 (Fords), stationary, and French soldiers were selling salt to civilians.

They brought them to the office of SEPRAL in Turin and there I saw two French Officers, Lt. Jean DUDON and Lt. Michel PELLIERE, of 2nd Regiments of Hussards, who had been accompanying the trucks.

Lt. Dudon said, "We are stationed at Cannes. On 31 Aug 45 we went to the Prefect of Cuneo and he gave us this permit (attached) authorising us to exchange goods in Cuneo and Vercelli Provinces, and said that he was going to have a meeting with all the Prefects in Piemonte and arrange for exchanges of goods between France and Piemonte." (It will be noticed that the permit is signed by Vittorio DRAGO 'for the Prefect'). "We crossed the border into Italy again on 8 September 45, at S.Dalmazzo di Tenda with two trucks. On the way to Vercelli the population asked us to sell them salt, which we had brought from France to exchange, and as they seemed very short of salt we sold them some. Here are our permits to come into Italy". (These were produced and copies are attached).

I then went with the officers to the Alleanza Co-operativa, where SEPRAL had sent the trucks to be detained, and there saw the vehicles and the drivers, Driver LUCAU and Driver BARATE, both of 2nd Regiment di Hussards, who produced permits to cross the frontier with the vehicles. (Copies attached).

On the vehicles were 55,94 Qli. of Salt.

I brought the Officers to Regional Headquarters, where, on directions from RPSO ordered SEPRAL to take possession of the salt and keep it at the disposal of AMG.

The vehicles were returned to the French Officers and they were told to return direct to France, and not to buy or sell anything in Italy, on the way.

Inter Governmental Committee on Refugees
HQ Allied Commission
AMG LOMBARDIA REGION - MILAN

With reference to your letter of May 26 we beg to inform you that the above named persons have been arrested during the period of nazi-fascist occupation, by the Corporal of Public Security Forzano Ferruccio, with the cooperation of his fiduciary Corti Amilcare and other responsible people, who now are all in the local jail.

Forzano took from the above their property which they had with them and it seems that most of those valuables have been handed over by him together with the prisoners to the SS of Cernobbio.

While this Office is seeing to it that the criminals responsible for the arrest of the family Rosenblatt will be denounced to the authorities for legal persecution, it would be necessary to question Corporal Oneberg of the SS and Corporal Noggler Ferdinand, formerly at Cernobbio and to whom had been handed over the property of the family Rosenblatt and who took same to the Regina Hotel, Milan.

As the above German soldiers do not longer stay in this province and are instead at the disposal of the Allied Command, this Office has actually no possibility whatsoever to question them as to the amount of valuable objects which they received from Forzano and on the possibility to retrieve some of these.

Anyway we try to make ascertainments in that respect and shall certainly inform you if there is to be any useful result.

The Questore.

ROSENBLATT ABRAHAM. REGINA, DAVIDE (son)

Confirming our conversation of this morning I would like to draw your attention to the case of the above named family.

The Rosenblatt are Polish nationals who have resided in France for a very long time. During the German occupation of France they escaped to Italy and under the assumed name of Gautier lived for some time in safety. They are imprisoned and escaped and they paid a certain man a sum of money to help them to cross the Swiss border. At Como this same man denounced them and they were again taken into custody and this time sent to the concentration camp at Bolzano. Before leaving Como all their valuables which included a large sum of money and jewellery was removed.

As they were arrested as " spys " and their identity as jews was not discovered they were allowed to stay at the Bolzano camp and not deported. Since their return to Milan following the liberation of Northern Italy; the Rosenblatts have applied to this organisation for help. They have received assistance from the Jewish Community of Milan and a letter was written for them to the Questura at Como in an attempt to retrieve some of their possessions. Enclosed herewith is a copy translation of a letter recently received from the Questura which will explain the position to date.

As the Rosenblatts are Allied nationals we would ask you whether their problem can be handled through your Division. As far we know they are in serious need for help and are eager to be repatriated to France as soon as this business is settled. We have explained to them that there will be grave difficulty in trying to trace such portable possession as money or jewellery are they have asked whether in the event that all this is lost to them, they will receive sort of compensation.

I trust that you will be able to assist us in this matter and assure you of our appreciation and cooperation.

No. 443/3462

SUBJECT : Denunciation against Milan REICEVIC, son of Arso, and Radoica CVEIC, son of Milorad - Yugoslav subjects.

TO : A.C. Public Safety S.C.

The Relief Organisation in Rome (Ente Assistenza) - Subsidy Pay Office (No. 14 Piazza S.Chiara) denounced the following to the local Questura.

On June 28, 1945 Emilio JELIC, son of Simone, and Ante JELIC, son of Simone, went to the said Office to receive respectively 5.842 lire and 6.702 lire as subsidies in arrears. But through the documents of the Office it appeared the said sums had already been paid. The receipts and the letters from the Prefettura appeared to have been signed by Ante JELIC and by Emilio JELIC. The a/m persons stated they were away from Rome when the payment was effected and that the signatures were forged.

On one of the letters the employee (a woman) who had effected the payment and who suspected to have seen some days before the very person that was receiving the sums, asked two other persons to sign as witnesses. The witnesses were called Risto BOLJEVIC (son of Jaco) - having a card No.0425/B 14 issued by the Yugoslav Consulate - and Milan REICEVIC, son of Arso (having a card No.1237 by the Yugoslav Military Mission).

The said BOLJEVIC was taken to the Questura where he denied of having signed as witness although the document mentioned were his own. In fact confronting the signatures it appeared that both of them had been signed by the other witness Milan REICEVIC who evidently succeded in cheating the employee showing the card belonging to his compatriot.

Through the examination of the signatures and BOLJEVIC's statement it appears that one Radoica CVEIC, son of Milorad, a Yugoslav subject, went to the a/m Office to cash the sums in question and tried to forge the concerned people's signatures

very likely showing a counterfeited document (card No. 1510 by the Yugoslav Military Mission). Both the document and signature were confirmed to be lawful by the other witness Milan REICEVIC.

Kisto BOLJEVIC, son of Jaco and of Maria GOLUBOVIC, born at PODGORIZ on October 12, 1910, a joiner, Yugoslav subject living here at No. 76 Via dei Quintili, signed a minute confirming that the signature written in his name was counterfeited and that after a summary examination of the documents he deemed the said signature to be made by his compatriot REICEVIC who should have taken away the document he produced when the payment was effected.

Mr. BOLJEVIC had been entrusted with an overcoat belonging to his compatriot REICEVIC who had left Rome. So he sold such overcoat and paid the sum of 6.702 lire to Ante JELIC.

Radoica CVEIC, son of Milorad and of Danica VUKOVIC, born at GRODZI on November 18, 1925, a mechanic, and Milan REICEVIC, son of Arso and of Vasa KADULOVIC, born at PODGORICA on December 25, 1908, a trades-man, have left Rome and as their whereabout is not known, it was impossible to interrogate and arrest them. Dispositions for their arrest have been given and they have been denounced to the Attorney General of our Kingdom, but all investigations having made up to this day have been unsuccessful.

I due testimoni rispondevano ai nomi di Boljevic Risto di Jaco (con tessera N. 0425/B I4 del Consolato Jugoslavo) e Raicevic Milan di Arso (con tessera N.I237 della Missione Militare Jugoslava).

Accompagnato il Boljevic negli uffici della Questura affermava di non aver firmato lui, come testimone, sebbene il documento di riconoscimento citato rispondesse al suo; infatti confrontare le due firme risultavano ambedue apposte dal Raicevic, il quale, esibendo il docu-

mento di Boljevic Risto, chissà come venuto in sue mani, riusciva, nella gran confusione, a carpire la buona fede dell'impiegata.

Dalla verifica delle firme e dalla dichiarazione di Boljevic risulta che un certo Cveic Radoica di Milorad, jugoslavo, si presentò all'Ufficio dell'Ente, per riscuotere le somme anzidette, cercando di imitare le firme degli interessati e presentando un documento probabilmente falsificato (tessera N.1510 della Missione Militare Jugoslava). Le firme ed i documenti furono convalidati dal testimone Raicevic.

Boljevic Risto di Jaco e di Golubovic Maria, nato a Potgoriz il 12 Ottobre 1910, falegname, cittadino jugoslavo, qui residente in Via dei Quintili 76, ha dichiarato a verbale che la firma apposta a suo nome è falsa e ritiene, dall'esame sommario dei documenti, che la firma stessa sia stata apposta da suo connazionale Raicevic, che gli avrebbe sottratto momentaneamente il documento di riconoscimento esibito all'atto del pagamento.

Il Boljevic, essendo in possesso di un cappotto lasciatogli in consegna dal suo connazionale Raicevic, partito da Roma, lo ha venduto versando la somma di L. 6702 a Jelic Ante.

Cveic Radoica di Milorad e di Danica Vukovic, nato a Grodzi il 18 Novembre 1925, meccanico, e Raicevic Milan di Arso e di Vasa Kadulovic; nato a Potgorica il 25 Dicembre 1908, commerciante, si sono allontanati da Roma per ignota località per cui non è stato possibile procedere al loro arresto ed interrogatorio. Le indagini esperite per il loro rintraccio hanno dato finora esito negativo. Sono state diramate le ricerche per il loro fermo ed intanto è stata fatta regolare denuncia alla Procura del Regno.

The sixth instigator to commit crimes and violation to a public officer (art.115 and 336 C.P.), and all of them for association in crimes according to art. 416 C.P.

In Nola after the arrival of the Allies, MANCUSI Attilio manager of the tavern "Al Grappolo d'Oro", was able to get the trust and respect of the British Police HQ of the place, to whom he revealed many things. The CC.RR. of the town collaborating with the M.Ps, it appears, also used his information, which he in order to hit his enemies and help his friends.MANCUSI often intervened to get the release of persons arrested by the Nola CC.RR. In March 1945 he joined the 'Friuli' Division and went to Bologna, and was discharged in May 1945.

In July 1945, we were informed that a gang of criminals calling themselves patriots, were committing all kinds of crimes and terrorizing the population in Nola. On the 29th of said month P.S. Functionaries, Guards from this Political Office, with the help of CC.RR. Nola Company arrested MANCUSI, PERROTTA Domenico, ANGORA Pasquale, MONTUORI Francesco, DE LORENZO Gennaro, MERCOGLIANO Giovanni, MERCOGLIANO Vittorio all resident in Nola and belonging to the

Patriot Association "G. Franzese", also they arrested GALATERI Lelio, so called Partisan delegate with office in Via Roma 116, Naples.

The houses of the a/m were searched and various Allied articles and weapons were found.

From investigations made by the dependent functionary CICCONE Dott.Antonio, it was ascertained that about the middle of May 1945 MANCUSI Attilio formed a police squad which had the aim to repress crimes in general and guard the warehouses in the city. As he was the organiser he nominated himslf Commander and got for collaborators the following unemployed so called partisans:- PERROTTA Domenico, vice commander; ANGORA Pasquale, MONTUORI Francesco, DI LORENZO Gennaro and a certain RAICLA who shortly left for a permanent job.

MANCUSI with some posters and leaflets asked the merchants and industrials of Nola to present themselves at the Patriots Association Office for inscription, saying that the vigilance service was being done to guard their interests.

On the 1st June 1945 the squad initiated its duties, which were done at night. The members wore partisan uniforms and carried pistols. MANCUSI as commander wore a badge of red cloth with three stars on it and a 'Civil Police' arm band. They stopped and identified suspectded individuals and arrested persons they deemed responsible for crimes. They stopped several persons and seized their carts and goods. Once they stopped three men who were carrying potatoes on bicycles, they questioned them in their office and then sent them to the CC.RR. arrested for theft. The CC.RR. made further investigations found them innocent and released them giving them back their bicycles.

Later it was ascertained that four supposed patriots belonging to the "G. Franzese" Section threatened with weapons some CC.RR., they were only denounced to the local Pretura for abusive carrying of firearms. After this incident the partisan squad with MANCUSI at the head, with the pretext of doing night vigilance, said they had been duly authorised by the competent authorities to operate, and so committed all kinds of crimes. They took over all police functions, made inquiries, wrote out statements, and decided everything. The CC.RR. Commander of the Nola Company asked to see their authorisation, but they said it had been given verbally from their superiors. Meanwhile the so-called partisan delegate GALATERI Lelio fu Carlo, sent a letter to the Nola CC.RR. saying that the night vigilance duty was to be performed and continued by the partisans and the authorisation would be coming from the Ministry of the Interior. Therefore they continued operating regardless of the CC.RR. warning. Grain continued to be seized.

In July 1945 GALATERI and others went to Nola for propaganda purposes. He made various inspections to the mandamentale Prison and insisted on seeing a certain GRASSI Domenico who was denounced for murder and extorsion in complicity with MANZI Aniello.

1. Herewith enclosed is a translation of a letter received from the Inspector of Customs, Sicily, regarding illicit traffic in contraband commodities between Malta and Sicily.

2. From the information given, it would appear that this traffic is quite considerable, and it would be appreciated if the matter could be brought to the attention of the appropriate authorities.

3. It is pointed out that the Italian Authorities are reluctant to exercise a too strict control where vessels are operating under the Allied flags, and it would appear that unscrupulous advantage is being taken of this fact.

AGR/876

SUBJECT: Seizure of Land

TO : Public Safety Sub-Commission
Attention: It. Col. Wilson

1. Reference your letter AC/14050/PS dated 31 July 1945.

2. Allotment of uncultivated or insufficiently cultivated land to co-operatives of land-laborers is governed by the regulations of L.L.D. No. 279 of 19 October 1944, published in the Gazzetta Ufficiale No. 77 of 4 November 1944.

3. According to Art. 3 of the above-mentioned Decree, the claim for the allotment of lands is examined by a Provincial Commission composed of the President of the Tribunal of the capital city of the Province and of one representative of landowners and one of land-laborers, after having heard both parties concerned. The Provincial Inspector of Agriculture sits on the Commission in an advisory capacity.

4. According to Art. 4 of the same Decree, the above-mentioned Commission sets the date and decides the terms under which possession of the land is taken, once the claim has been approved. There is no possibility of appeal against the decision of the Commission.

5. From the information supplies by Mrs. Maria Ciulli Ruggeri, it appears that a Cooperative of peasants has been expressly established in the commune of Ronciglione with the aim of applying the Decree in question. But it appears, too, that the procedure set forth by the Decree was completely disregarded and that the Cooperative tried to take over Mr. Ruggeri's land without any legitimate title, in an altogether arbitrary and unlawful way.

6. Therefore, it is the opinion of this Sub-Commission that the owner's representative should apply to the local or provincial Italian police authorities to warn the President of the Cooperative, Mr. BIGONZONI Giuseppe, not to take any further illegal action to achieve the aims of his organization, but to follow the procedure set forth by the Decree which would enable the owner to state his reasons for opposing the laborers' claim.

7. A copy of this letter and of Mrs. Ruggeri's notes are being forwarded to the Ministry of Agriculture for information and such action as they deem appropriate.

R. QUESTURA OF ASCOLI PICENO — COPY

No. 3272 — Ascoli Piceno 11/7/45

SUBJECT : Theft of carbide of calcium
TO : Questura of TARANTO
and, for information,
TO : Ministry of Interior - General Direct.P.S.

The General Direction of P.S. with letter No.10.32759. 13007.46 of which a copy is enclosed herewith) has informed us that a stock of 110 tons of carbide, leaving the Factory of this town and bound for the Allied Office for the Naval Material in Taranto, when inspected in the Stores at its arrival, some of the tanks were found to be opened and some filled with earth and stones.

From the investigations made by the Allied P.S. Office, it appeared evident that the tanks had been regularly forwarded. In fact every issue from the Factory Stores is twice controlled both at the barrack and at the way out. Naturally that is before the control effected on arrival. So there is no doubt that the tanks were opened during transportation.

According to the investigations we have effected here, it was found that three forwardings took place and not a single one.

1. The first column of trucks, carrying 1000 tanks (50 tons) left on February 5th for TARANTO and was escorted by corporal Willians HARRY (R.A.S.C.) T.5509367.
The column was formed by the following trucks:

L.5687966	L. 5687655	L. 5607586	L. 5601236
L.5691260	L. 5691365	L. 5689434	L. 5691288
L.5675505	L. 5321071	L. 5607321	L. 5607073
L.5653894	L. 5691220	L. 5607588	L.

2. The second column, carrying 600 tanks (30 tons) left on March the 4th, was escorted by the same corporal and was

Declassified E.O. 12356 Section 3.3/NND No. 785016

formed by the following trucks:

L. 5607531	L. 5653894	L. 5607586	L. 5653875
L. 5607600	L. 5606886	L. 5653895	L. 5650893
L. 5620620	L. 5607073		

3. The third column, carrying 600 tanks (30 tons) left on March the 7th for Naples ;it was escorted by the 2ndLt. of the English Navy Peter Menerney Mobsbj (149620) and was formed by the following trucks:

L. 4677816	RN. 67	L. 4678385	RN. 70	L. 4677319	RN. 68
L. 5321600	RN.257	L. 5608216	RN.239	L. 5608109	RN.241
L. 5689448	RN.258	L. 5608034	RN.238	L. 5608994	RN.240
L. 5608213	RN.244				

It was only possible to ascertain in this Carbide Firm that the transportation was effected by a forwarding Agency under the control of the Allied Command, but having Italian personnel, all civilians and with a Southern accent probably Neapolitan.

In order to continue the investigations required by the Ministry of Interior, to discover thieves, it is necessary to interrogate the two soldiers who escorted the trucks in order to identify the forwarding Agency and through it the men who composed its serving personnel.

Attached herewith is sent a copy of the interrogatory minutes of Ing. ROSEI, director of the Carbide Factory.

La Direzione Generale per la P.S. con nota 10.32759.13007.4 (di cui unisco copia) ha segnalato che una fornitura di tonn.110 di carburo, partita dallo stabilimento di questa città e diretto all'Ufficio Alleato per il materiale navale in Taranto, sarebbe stata riscontrata nei magazzini di destinazione con diversi fusti manomessi, alcuni dei quali riempiti di terra e pietre.

Dalle indagini espletate dall'Ufficio di P.S. Alleato è risultato che la spedizione partì regolarmente. ".....I am just going to give you a very bad news: on June the 6th our sister Mary died or rather was murdered. She left her house in January to follow one of her lovers from the surroundings of Gorizia. While she was away some partisans took from her house linen and dresses so that, when she came back, she denounced the fact. Afterwards she received anonymous letters in which was stated that if she didn't withdraw her denounce she would have been murdered; she wasn't afraid of it. On June the 6th at half past eleven in the night, it was knocked at her door, she wouldn't open but on their insisting to enter she was obliged to. Two men seized her nephew Domenico who was sleeping in the next room and four of them entered her room and killed her discharging three revolver-shots which wounded her respectively in her right eye, in her face and under her arm-pit....."

PARTITO SOCIALISTA ITALIANO

SEZIONE di VENTOTENE

Al Prefetto di Littoria
Al Comando Americano
Alla Federazione Provinciale del P. S. I.

Questa Sezione si onora portare a conoscenza della S.V. quanto segue:

Il giorno 7 c.m. fu commesso un furto al Comune di Ventotene di indumenti che il Comando Americano aveva inviati per farli distribuire ai sinistrati ecc. Mi resi conto del caso e non avendo fiducia in nessuno inisiai delle indagini e potetti assodare che alla porta di accesso al Comune non si notava alcuna traccia di forzamento ma potetti assodare che il Segretario Comunale la sera che precedette il furto si trattenne nel Comune fino alle ore 22 e fu visto uscire con un voluminoso fagotto tanto che le tre donne che lo osservarono pensarono a qualche cosa di anormale.

Il giorno 9 si riunì la commissione e delibarò; ma il suo deliberato fu castinato e si sostituì con altro secondo il desiderio e criterio personale. Ma mi accorsi del tracco tirato ai danni del popolo, protestai perchè anch'io facevo parte della commissione; ne ebbi delle minacce dagli assessori ed una ingiunzione dal maresciallo dei R. C. che se non avessi smesso di protestare mi avrebbe messo alla porta, mentre gli assessori ordinavano la mia espulsione dal Comune. Di tutto ciò si accorse il popolo e a gran voce protestava tanto che alcuni ragazzi scagliavano sassi ai vetri del Comune mentre altri attesero che il Sindaco scendesse dal Comune, lo affrontarono e ne seguì un putiferio tanto che il popolo invocava il mio intervento e solo con le mie buone parole si potette sedare quello che poteva degenerare in una rivolta generale.

La signora Caterina Filomena, cugina del segretario Comunale, alla pubblica protesta del sinistrato Cicconosi Angelo si degnò di prendere in consegnazione e mandare a casa dell'antidetto a consegnare tutto ciò che il cugino Segretario già aveva mandato a casa.

I cittadini bisognosi accorti di ancora stati frustati ingiustamente ai buoni richiami di coquanto a restituire gli oggetti ai sfrattati. Il Segretario Comunale li raccoglieva con minacce e prendendo gli indumenti in parola li buttava dal balcone in pubblica piazza. Per questo contegno il popolo accortosi di aver in me un vero difensore s'è portato in questa sezione ad apporre la firma di protesta.

Perciò si prega la S. V. di muovere una inchiesta su ciò.

Il Segretario
Marcello

SUBJECT Denunciation of Sicurani Filippo and Doviohi Adolfo.

TO R. Questura, Livorno.

It has been brought to my attention that the R. Questura of Livorno is unwilling to prosecute the perpetrators of the outrageous theft of a series of Byzantine icons from the Church of Sma. Annunziata dei Greci in Livorno, which theft was reported to the Questura personally by me on 24 June 1945.

At that time I brought with me to the Questura the two thieves, in whose premises the stolen objects were found, testimony was taken by Brigadiere Porta of the R. Commissariato di San Giovanni in Florence, and a report was sent to the Questura of Livorno by Porta 28 June 1945.

Permit me to express my astonishment that the Questura of Livorno, after such evidence and such prompt action on the part of Allied officers and the Questura of Florence, is unwilling to bring the culprits to justice, in order not only that a disgraceful crime should be punished, but that the pictures still missing from the iconostasis of the Church of the Sma. Annunziata be recovered from the hands of the thieves who still retain them.

I assure you that unless prompt action is taken by the Questura of Livorno, this case will be reported by me to the very highest Allied and Italian authorities.

SUBJECT: Denuncia di Sicurani Filippo e Doviehi Adolfo.

TO: R. Questura di Livorno.

Sono stato informato che la R.Questura di Livorno si rifiuta di perseguire i perpetratori dell' oltraggioso furto di una serie di icone bizantine provenienti dalla Chiesa della SS. Annunziata dei Greci di Livorno. Queato furto é stato segnalato alla Questura personalmente da me il 24 Giugno 1945.

In questa data ho portato con me alla Questura i due ladri nei magazzini dei quali furono rinvenuti gli oggetti rubati, testimonianza é stata fatta dal Brigadiere Porta del R.Commissariato di S. Giovanni a Firenze e un rapporto fu mandato da Porta alla Questura di Livorno il 28 Giugno 1945.

Mi permetto di esprimere il mio stupore che la Questura di Livorno, dopo questa evidenza e l' azione decisa da parte di Ufficiali Alleati e della Questura di Firenze si rifiuta di portare i colpevoli davanti alla giustizia, non soltanto per punire un reato spregevole ma anche perché i quadri mancanti ancora dalla iconostasi della Chiesa della SS. Annunziata, vengano ricuperati dalle mani dei ladri che li tengono ancora in loro possesso.

Le assicuro, se non viene preso subito un provvedimento deciso dalla Questura di Livorno, questo caso verrà rapportato da me alle più alte autorità Alleate e Italiane.

They were dwelling with Reali Riccardo at N°157 Via Dei Sulpici, where Yugoslav and other aliens also lived, carrying on a questionable activity so that 10 of them were cross examined by CC.RR.

The landlord, Reali was found guilty of giving assistance to the gang, unlawful detention of firearms and concealing boarders by failing to notify their presence to the Police. Such irregular activity was reported twice to the Questura in order to obtain the withdrawl of the boarding licence, so far without result.

Italian and aliens of questionable activity are therefore still dwelling in s/m building.

During the night of 11/7/45 an armed party of 4 or 5 men called on Reali to look for a certain Azzon for the purpose of killing him. After making a fuss amongst the boarders they waited for their man till 7 o'clock when they went away in the direction of the center of Rome.

It has resulted that Azzon had been appointed to sell various items the source of which was unknown, and had embezzled the money derived from the sale. For this reason he seems to be wanted by the gang which wants to kill him lest he might squeal disclosing their criminal activity. The gang is operating in the heart of Rome where they live too. Till April last they have been dwelling at Reali's who backed them, from where they moved owing to the CC. RR. raid.

The gang ride in a car, german make, to travel from place to place throughout the city.

The gang's leader is known as Captain IANKETIC, a Yugoslav subject. Other four partners of his, also Yugoslav subjects have not been identified yet. It has been reported that they are spies formerly acting for German SS. to which they were useful at Vienna and in Italy during the German occupation.

Captain Jankelic is alleged to use an alias, but that has not been ascertained.

Inquiries carried out on the persons who were dwelling at 69 Via Dei Foraggi, showed that the building in question was used by the Refugees Camp of "La Marmora Barracks to billet refugees from North who could not be kept in the barracks.

Later the building was turned into " Casa del Partigiano" by idea of same dwellers on the purpose of helping and setting to work patriots .
Later however the premises were taken in their hand by unscrupolous leaders, which was taken advantage of by various men to carry out crimes and felonies.

kept in the barracks.

Later the building was turned into " Casa del Partigiano" by idea of same dwellers on the purpose of helping and setting to work patriots .
Later however the premises were taken in their hand by unscrupolous leaders, which was taken advantage of by verious men to carry out crimes and felonies.

Informations about the men arrested were asked by this office to their birth-places by wire, but no answer was received as yet.
So far it has been ascertained they carried out the following crimes :

1) on 16/4/45, 8 men proceeded to N°99 Viale del Vignola and got hold of Maresciallo Roca Arturo, toook him at Via Dei Foraggi and released him after a questioning.
The men responsible have been identified and will be tried.

2) on 14/5/45 at Via Dei Foraggi, Floris Francesco was killed by a shot at his head.

Inquiries showed he was killed by the partisans who accused him of being a fascist. The murderer appeared to be Guadagni Bruno, still at large, who did it by order of Angeloni Emilio, arrested.

3) on 17/6/45 Col. Pasqui, his wife and son arrested by partisans and taken to Via Dei Foraggi were they were detained till next day.

4 of the persons who did it were identified, amongthe partisans arrested at Via Dei Foraggi and will be tried.

4) On 25/5/45 - a score of partisans carried out a robbery of £ 800.000 at " Spada Club" . 15 of them were caught on the spot and denounced. 4 more were traced among the arrested at Via Dei Foraggi. The organiser was Parela Gustavo ex convict, would be Commissario Nazionale dei Partigiani d'Italia.

5) On 13/6/45 - 10 men rushed into Roma Club, claiming they would carry out an action of " Partisan Police" They were prevented from doing so by an officer summoned by phone.
One of them was traced among the arrested at Via Dei Foraggi.

Declassified E.O. 12356 Section 3.3/NND No. 785016

6) On 5/7/45 - 4 men snatched Urbano Gioacchino, took him at Via Dei Foraggi. They put him in a cell after striking him. Next day Urbano jumped from the window and was killed.
The six men responsible for that much were identified among the arr arrested at Via Dei Foraggi.

7) On 6/7/45 - Three men proceeded to the house of Lattanzi Costantino. As he was out they told his wife they would arrest him. One of them has been identified and arrested.
As to the general activity of " Casa del Partigiano" nothing seems to strenghten the idea of a partnership tocoommit crimes.

The house indeed was a meeting place for partisans flooding from all over Italy to get lodging and job. In spite of numerous reports intimating that firearms were concealed in there, only a round of ammunition and a handgranadeswere found. It had been noticed however that two partisans armed with tommy-guns were continously on guard at the entrance.

All the persons lodged at the Casa del Partigiano are in very poor economic conditions.
Most of them are partisans coming from Carrara where apparently it was believed that easy food and job could be found at Rome.

The military-like organization , lacking discipline, the unlawful performance of police activity, the exposure of arms by the men on guard-duty, were undoubtedly a danger.
Besides the lack of any control to be sure allowed ex convicts or questionables elements to join the party.
Enquiries were made on the serious accusations against the Partisans of Via Dei Foraggi laid down by Signora Caramello Maddalena, writer and newswoman; but no crimes were ascertained besides the a/m.

Some of the men who live at Via Dei Foraggi are not partisans but refugees who found shelter in the premises.
Many of them have wives and children who actually are still there though they have been ordered to leave within few days.

For what above the following persons have been arrested :

1°- Angeloni Emilio for the murder of Floris Francesco;

2°- Vavassore Giuseppe, called" Barba " for unlawful arrest

SEZIONE DI VENTOTENE

SUBJECT : Letter from Secretary of Socialist Party at Ventotene

On the 7th of July, clothing that the American Command had sent to the Ventotene Comune for war-refugees disappeared. The writer accuses the Town Clerk for aforesaid theft, adding that on the evening before, a/m was seen leaving the Town-Hall, by three women, carrying a large parcel under his arm.
Two days later at the meeting that took place - to discuss the incident, present the whole local Commission, the writer protested against all what it deliberated - stating in his letter that it acted solely for its own selfish ends and not for the welfare of local people etc. At the scene that followed he was threatened expulsion from the Comune. He adds that people waiting outside to hear the result of said meeting, insulted the Mayor and it was only through his intervention that order was re-established.
And he concludes: "Local inhabitents are now fully aware that I am the only one who defends their rights etc."
He urges an inquiry in regard.

Il 29.6.45, verso le ore 17, il carabiniere Sulà Giovanni di questa stazione, passando in piazza Sorgente Valtellina, notava che davanti al negozio di carbonaio sito al n° 10 della piazza predetta, sostava un camioncino dal quale veniva scaricata o caricata della benzina.

Il carabiniere informava prontamente questo Ufficio che provvedeva ad inviare sul posto, per gli accertamenti e le indagini del caso, i brigadieri Ausiliari Pardinengo e Di Fisco Americo, di questa stazione.

Al giungere dei due sottufficiali il camioncino visto dal Sulà era andato via, ma da una perquisizione operata nel negozio di carbone, gestito da tale Piergengli Annibale fu Gionnè e fu Barbati Ombera nato ad Arsvia (Ancona) l'8.7.1892, abitante in piazza Valtellina 7, venivano rinvenuti n° 4 fusti della capacità di lt. 200 circa, contenenti benzina, n° 9 latte per benzina vuote, tipo militare ed altre tre latte pure contenenti benzina.

Contestato al Piergengli tale illecito possesso costui dichiarava che il camioncino visto dal carabiniere Sulà apparteneva a tale Rosi, finora non meglio identificato, al quale aveva venduto litri 80 di benzina, e che tutta l'altra benzina rinvenuta nel suo negozio apparteneva a tale Vegetali Enrico, suo amico.

Il Piergengli dichiarava pure che gli 80 litri venduti al Rosi facevano parte di un quantitativo di benzina di litri 100 da lui acquistati da un'oste di Centocelle che non sapeva precisare, a L. 55 al litro, mentre, sempre al suo dire, aveva rivenduto per 80 lire al lt. (All. I)

Identificato il Vegetali per Vegetali Enrico di Antonio e di Biventi Anna nato a Roma il 30.1.1902 abitante in piazza Valtellina 7, e interrogato, dichiarava che effettivamente i 4 fusti di benzina erano di sua proprietà, affermando di esserne venuto in possesso mediante economie effettuate di volta in volta sulle assegnazioni di carburante fattegli dall'Enec, con il quale Ente era ingaggiato quale proprietario di un'autocarro tipo 2L.

Declassified E.O. 12356 Section 3.3/NND No. 785016

Nonostante le dichiarazioni rese dal Pierangeli e dal Vegetali,dal= le indagini effettuate è risultato che i due acquistavano la benzina da militari alleati,spesso di colore,di provenienza,servendosene poi per rivenderla clandestinamente.

La benzina pertanto è stata sequestrata e si trova presso que= sta Caserma a disposizione della Pubblic Safety Division " H.Q.G.=, cui il presente rapporto è diretto,mentre il Pierangeli e il Vegeta= li vengono deferiti alla S.V. Ill.ma per i reati in rubrica.

A S.E. Il Prefetto della Provincia di Frosinone.
Al Sig. Questore della Provincia di Frosinone.
Al Comando Gruppo dei Reali Carabinieri di Frosinone.
Alla Tenenza dei Reali Carabinieri di Pontecorvo.
Al Comando della Polizia Alleata in Roccasecca Scalo.

It has been brought to the notice of the authorities that numerous bands of evil doers, armed with revolvers, muskets and sub-machine guns have been instituted which operating from the Railway Stations of ROCCASECCA and CEPRANO during the night make attacks on goods trains specially near railway bridges where the trains have to slow down, or slow down because the train crews are in collusion with the malefactors. Almost every night shots are fired across the railway as a signal from the evil doers to the local population not to approach the area where the operation is taking place. They open the railway wagons and throw down along the line bales containing blankets, shoes, tobacco, coffee, sugar, meat and preserved chicken and whatever they can lay their hands on, and then other bands come quickly with transport to carry the goods away. The Headquarters of the Carabinieri at CEPRANO can give particulars of how much has happened not far from the railway station at CEPRANO not many nights ago. Being unable in their hurry to make a selection there are thrown from trains numerous cases of explosives which constitute a danger to the permanent way itself and to the population of the region. To wipe out these armed bands, which are rapidly increased by recruits attracted by the easy and fabulous gains, it is necessary that the authorities provide sentries all along the said section of the line but composed with sufficient strength because the bands are composed of hundreds of individuals and are well armed. The honest citizens who see that this matter gets worse and spreads day by day and is today a danger to the trains and tomorrow to themselves, wish a stop to be put to such brigandry, punishing with capital punishment the persons composing these bands who are captured.

It is time to finish with these thieves, of whatever party they are, if it is desired to save the total ruin of ITALY.

Unsigned.

Extracts from C Bty 603 Regt RA letter 5/RW/60 dated 17 May 45 are fwd herewith.

"1. In the district around Cassino and Roccasecca there are many people with various typrs of rifles, automatic weapons and grenades.

2. They use them mainly at night. It is not unusual to see at different places 5 or 6 bursts or tracer and several single tracers: some are fired across route 6, others into the hills. The worst places are the Mad Mile at Cassino and villages near Roccasecca. The grenades are also used at night, and although no near explosions have been experienced, i.e., closer than 500 yards, an unknown army truck had a narrow escape when one was thrown from the hillside on to the road beneath. The grenade burst 30 yards away from the truck. This was witnessed by some soldiers on local evening pass. Two men from this unit have experienced bullets whistling near them. On Peace night at least 20 - 30 grenades were heard in the Roccasecca area.

3. Enquiries have been made from local people an it is said that these rifles are owned by youths "hunting foxes".
Other units stationed in these areas have had the same experiences.

4. May a report please be forwarded to the proper authority with a request to restrain the exuberence of the local Italian youth or preferably to collect these illicit arms and ammunition. The local Carabinieri have been approached, but seem powerless or incapable of effecting a remedy."
