SUBJECT: Murder at Eboli (Salerno).

At Eboli, on the 15th inst., at around 0930 hrs., the body of a Yugoslav woman, aged 27, named Vasca Giuranovisch, was found strangled and her body thrown in a sewer.

In the early hours of the 4th inst., she had been enticed to leave the Italian family with whom she was living by a Yugoslav officer.

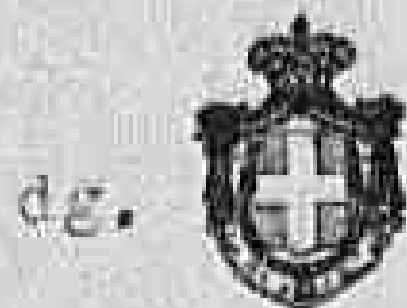

It is presumed that the murder of Giuranovisch, who was openly known as the mistress of the Yugoslav General Damianovich, Commander of the local Yugoslav concentration camp, is due to political reasons.

The woman was beleived to have been a spy.

In Eboli (Salerno), verso le ore 9,30 del 15 corrente, fu rinvenuto in un canale di scarico, il cadavere di VASCA GIURANOVISCH, di anni 27, cittadina iugoslava, uccisa mediante strangolamento.-

La donna nelle prime ore del 4 corrente fu prelevata con raggiri, da un ufficiale iugoslavo da famiglia italiana, presso la quale abitava.-

Si presume che l'uccisione della GIURANOVISCH - che era notoriamente l'amante del generale iugoslavo DAMIANOVICH comandante del locale campo di concentramento iugoslavo - sia avvenuta per motivi politici.-

La donna era creduta una spia.-

SUBJECT: Banco di Napoli robbed.

During night of 9th January last, thieves, with the help of a false key, broke into the Banco di Napoli, Agenzia di Pescara, and forced open the safe carrying off values amounting to 1.438.678 lire.

The Prefecture of Pescara, in regard, informs:

Across investigation carried out in connection with the A/M theft - helped by the Allied Military Police - it appears that floor above the Agenzia del Banco di Napoli, was occupied by a party of British soldiers who left there early on morning of theft for Bari.

On day before, some of these were seen prying from one of their balconies, across a sky-light, into the bank below. Among tools left behind by thieves, was found a racket-drill of English make - not in use in Italy - Moreover, the safe was forced open with the help of screwed pivots and nuts which could have been easily forged by same who possessed a well furnished work-shop.

The lift-gate of the bank, which had an ordinary lock, had been opened with a false key, and during operation of opening the door, a vehicle could have been easily placed before bank entrance to conceal what was going on the other side. It seems that before four in the morning nothing unusual had been noticed by guards on night patrol who found lift-gate shut. It was after the aforesaid hour that the British party began their preparation to leave.

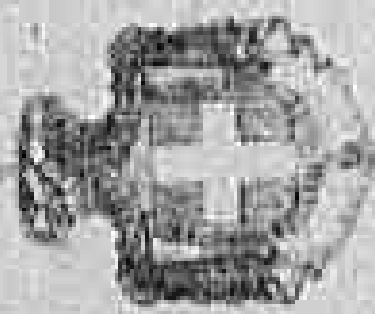

The Allied Police, following our request halted the convoy directed to Bari, but when it was overtaken at Foggia, one of transports was missing. The search on the soldiers proved fruitless.

./.

Police party who carried out investigation, have reached the conclusion that theft was perpetrated by members of the a/m British party, and that owing to transfer it has not yet been possible to establish positive facts against the aforesaid military, nor lay hands on the evidence. ""

This much for your information and for those actions you may consider necessary.

OGGETTO Furto danno Banco di Napoli.

La notte sul 9 gennaio u.s., ignoti, penetrati, mediante chiave falsa, nei locali del Banco di Napoli, Agenzia di Pescara, forzarono la cassaforte, esportando valori pel complessivo valore di L. 1.438.678.

La Prefettura di Pescara, richiesta di far conoscere il risultato delle indagini, ha riferito:

«Nelle indagini condotte in merito al furto di cui all'oggetto, in collaborazione con la Polizia Alleata, si è accertato che nei locali posti al piano superiore all'Agenzia del Banco di Napoli aveva alloggiato un reparto di militari inglesi (pontieri), che la mattina successiva al furto, di buon'ora, si erano trasferiti a Bari.

Il giorno precedente alcuni di essi erano stati notati curiosare da una loggia, attraverso un lucernario, nel sottostante Banco; tra gli attrezzi lasciati dai ladri è stato rinvenuto un cricco a trapano, di fabbricazione inglese, finora mai usato in Italia, e inoltre, per l'effrazione della cassaforte, erano stati adoperati perni a vite e dadi, che il suddetto reparto avrebbe potuto molto facilmente fabbricare, in quanto disponeva di un'attrezzatissima officina. »

La saracinesca della banca, munita di serratura comune, era stata aperta con chiave falsa e durante l'apertura un automezzo, posto immediatamente davanti la saracinesca stessa, avrebbe potuto agevolmente occultare i malintenzionati. Si aggiunga che fino alle quattro della mattina nulla si era notato di anormale e i vigili notturni di servizio avevano trovato la saracinesca chiusa: solo dopo tale ora cominciò il trasferimento del reparto inglese.

La Prefettura di Pescara, richiesta di far conoscere il risultato delle indagini, ha riferito:

Il giorno precedente alcuni di essi erano stati notati curiosare da una loggia, attraverso un lucernario, nel sottostante Banco; tra gli attrezzi lasciati dai ladri è stato rinvenuto un cricco a trapano, di fabbricazione inglese, finora mai usato in Italia, e inoltre, per l'effrazione della cassaforte, erano stati adoperati perni e vite e dadi, che il suddetto reparto avrebbe potuto molto facilmente fabbricare, in quanto disponeva di un'attrezzatissima officina. »

Dalla Polizia Allesta fu chiesto il fermo lungo il periplo dell'autocolonna partita da Pescara, ma a Foggia, ove la colonna stessa fu fermata, risultò mancante un automezzo finora rimasto indefinito e ritenuto quello sul quale si sarebbero trovati i responsabili.

././.

I militari fermati vennero perquisiti con esito peraltro negativo.

Gli organi di polizia, che hanno svolto le indagini, sono giunti pertanto alla conclusione che il furto sia stato commesso da alcuni appartenenti al reparto inglese di cui sopra si è fatto cenno; ma a causa del trasferimento non è stato finora possibile acquisire alcun concreto elemento di responsabilità a carico dei militari né addividuare al sequestro della refurtiva."

SUBJECT : KETTING Enrico.

For due information, we beg to transmit the following note Nr. 06200 dated 14th March last, concerning KETTING Enrico son of Michael and Gorodeachy Chiselle, born at Gorizia on the 12/1/1905 :

" During the German occupation and precisely on November 1944, a certain Eng. HARKOV Milan Heinz was going about in the occupied regions, stating to be born at Veldes and qualifying himself as a representative of the Bruxelles Italian C.R.I.

On account of the said C.R.I., he dealt with various Italian firms for the purchase of goods, which at the moment of the delivery got confiscated by the German SS. This way, he caused at Brescia a damage of about 107 Millions Lire to Italian citizens, who besides the loss of money, had also to endure in most of the cases the internment to Germany.

One of his victims, a certain Doc. GATTI Beniamino son of Primo, turned to the local Questura uttering a suspicion that the Eng. HARKOV were presently living at Florence. Actually, on the 14th March last, the so-called Eng. HARKOV was arrested there. He was found in possession of various documents from which he appeared to be KETTING Enrico.

From the first investigations carried out by the Political Office of the local Questura, the individual in question seems to be a native Russian or Armenian, formerly living at Bruxelles and fled from there at the moment of the German retreat, an active Collaborationist of the Nazis. Having entered into Austria, he lived at Vienna, from where he reached Yugoslavia and afterwards Italy

The Direction of the High School of Scientific Police at Rome was interested in order to identify the so-called KETTING, while most careful investigations are in course in order to find out the political and moral precedents of the same, who seems to be also actively searched by the Belgian Police.

Together with the said KETTING, are also under arrest his mistress ARAGNI Alice daughter of Ottone, aged 21, and the father of her ARAGNI Ottone son of late Augusto, born at Gradisca d'Isonzo aged 51. "

Harkov Milan Heinz che si diceva nativo di Veltes il quale qualificandosi incaricato agli acquisti da parte della C.R.I. di Bruxelles accaparrava merci varie da ditte italiane che al momento della consegna venivano sequestrate e confiscate dalla SS tedesca. In tale modo, in Brescia, provocò un canno di 107 milioni di lire a cittadini italiani i quali oltre alla perdita materiale vennero quasi tutti avviati in Germania per l'internamento. Uno di essi, il Dr. Gatti Beniamino fu Primo, si è rivolto alla locale Questura avendo avuto sentore che l'ing. Harkov fosse attualmente residente a Firenze. Ivi infatti il giorno 11 marzo si è proceduto all'arresto del presunto Harkov che è stato trovato in possesso di vari documenti al nome di Ketting Enrico, in oggetto generalizzato.

Dalle prime indagini condotte dall'Ufficio Polizio della Questura, sembra che l'individuo in parola sia un oriundo russo o armeno, già residente a Bruxelles e di lì fuggito al momento del ritiro delle truppe tedesche, con le quali aveva attivamente collaborato. Infiltratosi in Austria, dimorò a Vienna, passando quindi in Jugoslavia e penetrando successivamente in Italia.

E' stata interessata la Direzione Superiore di Polizia Scientifica di Roma per addivene alla identificazione del sedicente Ketting, mentre sono in corso accuratissime indagini per stabilire la figura morale e politica dello stesso che sembra sia ricercato per gravi responsabilità anche dalla polizia belga.

Insieme al Ketting trovansi qui arrestati Aragni Alice di Ottone di anni 21, da Gradisca d'Isonzo, amante del primo e il di lei padre Aragni Ottone fu Augusto da Gradisca d'Isonzo, di anni 51".

2. Following a visit to Donadossola by Major Ronnie and Captain Bolter, of this Group, immediately following the arrest of Hummels, a report was sent to 2 District; members of the SIB were instructed to investigate and the prisoner escaped from their custody five days ago.

3. Hummels states that the CIC stationery and German AMG documents were printed for him in Italy and there is no evidence to suggest that he has ever had any connection with AMG or engaged in any political or subversive activity.

4. In case, however, it is deemed advisable to completely clarify the situation, another copy of the carabinieri report and statement are attached for possible submission to AMG in Germany.

 COMMAND of CORR.

The year onethousandninehundredandfortysix, the 2nd. day
 of the month of February in the Office of the Lieutenantcy at
 11.00 hrs.

We the undersigned Sub/Lieutenant Alfredo VIVALDELLI,
 Commander of the Lieutenantcy above mentioned, Brigadier Eligio
 ZENONE, belonging to the plain clothes squad of the same Lieu-
 tenancy, Carabinieri Antonio ZAMBELLI of the main station of
 DOMODOSSOLA, report to whom it may concern as follows:-

As already has been stated in the Judicial report No 1 of
 the 24th. January 1946, we the undersigned came to know through
 Major DOMENICO VANNI, Commander of the 2nd. Infantry Bn. of the
 "CHEROMA" Divn. stationed at DOMODOSSOLA that a suspect element
 American Officers' uniform was roaming the OSSOLA zone and
 VAL VIGAZZO in a military car. Upon immediate inquiries
 being made we learned that the suspected person qualified himself
 to civilian with whom he came in contact as American Intelligence
 Service Agent with headquarters at BOLZANO that appeared com-
 manded by Lt. Col. AMOLD LOCWUD.

Having further ascertained that the American Officer, a
 few days previously had taken lodging in the Hotel TURINUS at
 DOMODOSSOLA we Sub. Lieut. Alfredo VIVALDELLI and Brigadier
 Eligio ZENONE the 24th. January last went to the said Hotel for
 the purpose of identifying the American Officer who asserted to
 call himself Jean SMULDERS and Jean HUMMELS. As we were not
 certain of facing an authentic delinquent and swindler, from
 the few and vague indications we believed that he was in reality
 an American Officer. In such case and to avoid offending
 his susceptibility and thus provoke an incident between the
 CORR. and the Allied Command, we used all the precautions apt
 to prevent inconveniences. Then, however, Jean HUMMELS,
 a very cunning element, succeeded to understand our aim and
 the motive of our presence, and having a very murky conscience

- 2 -

he did not hesitate to take to flight through the streets of the small town, through secondary exits and through the garage of the Hotel itself and so succeeding evading sure arrest.

This act of his did not leave us perplexed, but fully convinced us that Jean HUMMELS was a scoundrel. Having lost trace of him and being ourselves on the various documents, papers and private correspondence left behind by the false American Officer in his room at the Hotel and which we seized along with other material, we began our enquiries leading to his arrest.

In fact amongst the various Commands of the Public Safety Section we appealed particularly to the Command of the CORR. of COMO and MANAGGIO (CCMO), where from the documents seized, we had almost the certainty that the HUMMELS would go in that district where he had friends.

In fact on the day of the 18/2/46 the Command of the station of the CORR. of MANAGGIO informed us over the telephone that the military of that arm had arrested Jean HUMMELS, seizing, in addition to another American "Jeep", various things, Italian currency, a pistol, and other false documents. (see enclosure N° 1.).

The day 20/2/1946 we the undersigned Lieut. Alfredo VIVALDELLI ordered Brigadier Eligio ZANONE and Carabiniere Antonio LAMPILLI, the former belonging to the plain clothes section of the Lieutenantancy of DOMODOSSOLA and the latter on temporary service at the principle station of DOMODOSSOLA, to proceed with a motor vehicle placed at our disposal by the 2nd. Bn. "CREMONA" here stationed, to the Command of the station of CORR. of MANAGGIO to take charge from that jail Jean HUMMELS and everything that was found in his possession at the time of his arrest and bring him here to this Command.

In fact at 16.00 hrs. of the same day 20th. of last month the Brigadier ZANONE and the Carabiniere Antonio LAMPILLI returned conveying HUMMELS and the various objects seized on him, minus the "Jeep", stolen the 15th. January in front of the Albergo TERMINUS at LIVIGNO, a motor vehicle that the Allied Military Police of CCMO took possession of the evening before, that is to say the 15th. February.

Jean HUMMELS was immediately confined, with all care, in our cells. After having notified the interested Commands, we proceeded at 22.00 hrs. of the same day 20th. February cross-examination of the same (enclosure N° 2) to establish the responsibility in the various crimes committed by the false American Officer and the eventual accomplices who may have favoured him in his "rocabolesque" adventures.

material, we began our enquiries leading to his arrest. In fact amongst the various Commands of the Public Safety Section we appealed particularly to the Command of the CORR. of COMO and MENAGGIO (COMO), where from the documents seized, we had almost the certainty that the HUMMELS would go in that district where he had friends. In fact on the day of the 18/2/46 the Command of the station of the CORR. of MENAGGIO informed us over the telephone that the military of that Arm had arrested Jean HUMMELS seizing, in addition to another American "Jeep", various things, Italian currency, a pistol, and other false documents. (see enclosure N° 1.).

The day 20/2/1946 we the undersigned Lieut. Alfredo VIVARELLI ordered Brigadier Eligio ZAMONE and Carabinieri Antonio ZAMPILLI, the former belonging to the plain clothes section of the Lieutenant of DOMODOSSOLA and the latter on temporary service at the principle station of DOMODOSSOLA, to proceed with a motor vehicle placed at our disposal by the 2nd. Bn. "CHAMONA" were stationed, to the Command of the station of CORR. of MENAGGIO to take charge from that jail Jean HUMMELS and everything that was found in his possession at the time of his arrest and bring him here to this Command. In fact at 16.00 hrs. of the same day 20th. of last month the Brigadier ZAMONE and the Carabinieri Antonio ZAMPILLI returned conveying HUMMELS and the various objects seized on him, minus the "Jeep", stolen the 15th. January in front of the Albergo TERMINUS at LIVORNO, a motor vehicle that the Allied Military Police of COMO took possession of the evening before, that is to say the 15th. February.

Jean HUMMELS was immediately confined, with all care, in our cells. After having notified the interested Commands, we proceeded at 22.00 hrs. of the same day 20th. February cross-examination of the same (enclosure N° 2) to establish the responsibility in the various crimes committed by the false American Officer and the eventual accomplices who may have favoured him in his "picaresque" adventures.

In this sense and in others, from what we gather, he did not commit crimes against Italians, but only thefts of motor vehicles at the expense of the Allies and in the locality mentioned in the verbal prosecution and examination. (enclosure N° 2).

At the printers Antonio POTA of DOMODOSSOLA he had printed some false documents and headed paper "COMMITTEE INTELLIGENCE CORPSE" Against the above named printer we have taken regular proceedings as per minutes N° 1 of the 24th. January last forwarded to the R. PIRELLA of DOMODOSSOLA.

Jean HUMMELS left unpaid the following:-

LIRE 20220.75 TOTAL of debts.

At the Hotel TERMINUS at DOMODOSSOLA and the Albergo DELLE ALPI of S. MARIA MAGGIORE we seized various documents and papers as well as other material as can be seen by enclosure N° 3. The "Jeep" N° 5661716 that we seized at PONTI RIBELLASCO on the 24th. January and which was stolen on the 30th. November 1945 at the Albergo DIANA of MILAN is still at the above mentioned locality at the disposal of the Allies. The same enclosure deals also with all the material in the possession of HUMMELS and seized from him at the station of the CORR. of MAMAGGIO when arrested.

A nickel-plated "BERETTA" pistol, calibre 7.25 N° 203251 with a loader and 7 cartridges has been by us recognised the property of Maresciallo Maggiore Francesco BATTIONI of the Company of the GUSTONI and ADVISE of S. MARIA MAGGIORE, who had temporarily lent it to HUMMELS. Such pistol was by us returned to its legitimate owner.

As there appear no charges against him on political grounds or espionage, we have handed over the detained man and the various documents as well as the sum of Lire 40631 to the Allied Command of MILAN at 14.00 hrs. on the 26th. February

The "Jeep" No. 5661716 that we seized at PONTI BIELLA on the 24th. January and which was stolen on the 30th. November 1945 at the Albergo DIANA of MILAN is still at the above mentioned locality at the disposal of the Allies. The same enclosure deals also with all the material in the possession of HUMBERTI and seized from him at the station of the CGR. of MONTECASSIO when arrested.

A nickel-plated "SEMENZA" pistol, calibre 7.25 N° 203251 with a loader and 7 cartridges has been by us recognised the property of Maresciallo Maggiore Francesco BATTICCI of the Company of the CUSTODI and EXCISE of S. From March 1945 I am in Italy coming from Switzerland where I was
in a concentration camp for civil internees and where I had the
opportunity of knowing a few families of DOMODOSSOLA. I immediately
reached the village of Lanzo D'INTRA, in the province of COMO and
thence with the partisan trapper I participated in the liberation of
MILAN which took place the 27th April 1945. After that date, I resided
at Lanzo D'INTRA in the Villa Alborghetti, my acquaintance. I spent
the days playing tennis and cycling till the month of June when I
presented myself at the Belgian Consulate in MILAN where I met a friend
who invited me to co-operate with the said Consulate for the repatria-
tion of co-nationals who were in Italy. Such a mission lasted until
the month of August. In the month of September I went on a holiday to
RIVIERE staying at the "GRAND ENOSSE". To meet expenses, I used money
received from my Uncle in Switzerland. My Uncle, in fact, had given me
500 Swiss Francs, French money which I exchanged in MILAN for 1,000
Italian Lira () which I gave to the said Consulate. At
RIVIERE I stayed five or six days, after which I moved on to LIGURIA
on the lake of GARDA where I stayed about ten days, taking up abode
at the albergo "ALBA PIRELLA". From there I moved on again to COMO,
really to LIGURIA taking up abode at the albergo "GRAND ENOSSE" and
moving on to COMO the next day. For all the above mentioned movements
I made use of a "MILANO" car of the mission of the Belgian Consulate
in MILAN;

At COMO I made friends with some British and American Officers with
whom I stayed in a hotel and I had taken up abode at LIGURIA

From March 1945 I am in Italy coming from Switzerland where I was
 in a concentration camp for civil internees and where I had the
 opportunity of knowing a few families of DUCODOSOLA. I immediately
 reached the village of LARGO D'INTELLI, in the province of COMO and
 thence with the partisan troops I participated in the liberation of
 Milan which took place the 27th April 1945. After that date, I resided
 at LARGO D'INTELLI in the Villa Alborghetti, my acquaintances. I spent

 presented myself at the Belgian Consulate in Milan where I met a friend
 who invited me to co-operate with the said Consulate for the repatriation
 of co-nationals who were in Italy. Such a mission lasted until
 the month of August. In the month of September I went on a holiday to
 VERICE staying at the "GRAND HOTEL". To meet expenses, I used money
 received from my Uncle in Switzerland - My Uncle, in fact, had given me
 100 Swiss Francs, France which at CAMBRESI D'ITALIA I exchanged into
 Italian currency (1 Swiss Francs equal to 1000 Italian Lira). At
 VERICE I stayed five or six days, after which I moved on to SOIRAGIONE
 on the lake of GARDA where I stayed about ten days, taking up abode
 at the Albergo "VILLA VERONE". From here I moved on again to LIGORIO,
 really to MALGRATE taking up abode at the Albergo "GIOVANNINO" and
 moving on to COMO the next day. For all the above mentioned movements
 I made use of a "LIMOUSINE" car of the missionary of the Belgian Consulate
 in Milan.

At COMO I made friends with some British and American Officers with
 whom I spoke in French and I had taken up abode at Villa VINCENZI DI
 MORRONI. The Villa was for one half occupied by the Countess VINCENZI

and in the remaining half there was the command of the 55th Area of MILAN. At this Command there was a friend of mine, who obtained for me the authority for my lodging in the said Villa. I stayed in this place till the month of October 1945. During this period I took part in some international tennis tournaments which took place at LANZO D'INTREVIGLIO. It was on such an occasion that I had an opportunity of knowing and to weave a romance of love with Miss Lydia WITKINS of COMO, and when I still intend to marry and of this fact her parents were aware for it was by now an official matter.

One evening towards the end of October, during a dinner with Allied Officers in the Villa VINCENZI DI MANERONE, I drank a bit more than usual and at the end of the dinner, upon going out of the Villa, saying that in the car park there were several cars, I appropriated a "Mercedes Benz" and with it went to LANZO D'INTREVIGLIO, precisely the 25th day of October. From the National Committee of Liberation of LANZO D'INTREVIGLIO I received at my request a declaration of being a patriot and partisan, signed by the President of the Committee Doctor Ottavio BASTILOCCHI. At the same time the proprietor of the "Mercedes Benz" had denounced to the Allied Military Police of COMO the theft by me carried out of the car.

As the petrol tank of the car had no more petrol, I deposited the "Mercedes Benz" in a garage of LANZO D'INTREVIGLIO returning to COMO by Motor Bus. Upon reaching COMO I phoned immediately to Lydia WITKINS to apologise for my absence; Lydia informed me that her father was very indignant with me for the Allied Military Police were searching for me for the theft of ~~XXXXXXXX~~ a motor car. The said police during a search ~~XXXXXX~~ in the home of the WITKINS, found two salt cases of mine containing fifty or sixty thousand lire and took possession of the lot. Lydia informed me that it would have been advisable for me to show myself immediately to the Allied Military Police at COMO in order to regularise my position. I instead thought better of going to LANZO, at the albergo "VIOVANNINO" but I immediately found myself in embarrassment to staying at that albergo, owing to the fact that only about five thousand lire remained in my pocket - a sum barely sufficient for three or four days.  saying that in the car park there were several cars, I appropriated the

 LANCIO D'INTREVI I received at my request a declaration of being a patri-

 found myself in embarrassment to staying at that albergo, owing to the
 fact that only about five thousand lire remained in my pocket - a sum
 barely sufficient for three or four days. I managed to meet

a friend who mentioned the possibility of his being able to let me have a car on hire to go to LUGANO D'INVERNO to draw the tyres belonging to the "Mercedes Benz" that I had deposited in a garage as above said tyres which I would have subsequently sold to my friend. I returned hence to COMO and from the sale of the tyres I obtained the sum of two hundred thousand - with that sum I lived until now, moreover during the month of November I hired at LUGANO two thousand lire per month a Villa at VALCASA (Bergamo). At that place, I spent the days going shooting. I stayed about one month. Then learning that Lydia FIDLER was ill, I wished to move but I considered it unsafe to go to COMO where the Allied Police were searching for me - therefore I went to MEDA where I took lodging at the Albergo "BRILLANT". At MEDA I stayed till the end of November after transferring to MILAN taking up abode at the Albergo "PIANO".

The 30th November 1945 I stole from the garage of the hotel the American Jeep registration No 3661715. With this car in the month of December I went to MADRID and then to SPAIN (Switzerland), and to BORRILLO thence returning to MILAN and on again to COMO without fearing arrest by the Allied Police of that town. I then went to MEDA, MEDA, returning again to COMO. From COMO I transferred to the VAL MARIANA VICINIO and more precisely at S. MARIA MAGGIORE, where I took up abode at the Albergo "VILLA ALPI". I very much like these wooded regions and during the summer months of 1945 I made other trips towards S. MARIA MAGGIORE for sheer pleasure. Now after so many vicissitudes I felt the need for rest. I reached S. MARIA MAGGIORE on the 4th or 5th of January this year. Owing to the enormous quantity of snow fallen I was unable to make use of the car that I had in the meantime closed in the garage of the Albergo "VILLA ALPI".

Twice a week I went to DOGHERIO by electric train - Owing to fresh snow falls having blocked the electric railway I found myself one day stranded at DOGHERIO and I therefore remained boarding at the Hotel THURMUS in the above named town awaiting that with the putting into operation of the railway I might return to S. MARIA MAGGIORE.

these people. When we left, I asked to move but I considered it unsafe to go to COMO where the Allied Police were searching for me. Therefore I went to MENAGGIO where I took lodging at the Albergo "BELLAVISTA". At MENAGGIO I stayed till the end of November after transferring to MILAN taking up abode at the Albergo "BILNA".

The 30th November 1945 I stole from the garage of the hotel the American Jeep registration No 5667716. With this car in the month of December I went to MADONNO and then to SPINOGHIAN (Switzerland), and to BORMIO thence returning to MILAN and on again to COMO without fearing arrest by the Allied Police of that town. I then went to MENAGGIO, BELLAVISTA, returning again to COMO. From COMO I transferred to the VAL SANNICA VIOZZO and more precisely at S. MARIA MADONNA, where I took up abode at the Albergo "SANTA ALPI". I very much like these wooded regions and during the summer months of 1945 I made other trips towards S. MARIA MADONNA for easier pleasure. Now after so many vicissitudes I felt the need for rest. I reached S. MARIA MADONNA on the 4th or 5th of January this year. Owing to the enormous quantity of snow fallen I was unable to make the use of the car that I had in the meantime closed in the garage of the Albergo "SANTA ALPI".

Twice a week I went to BOMONDOLO by electric train - Owing to fresh snow falls having blocked the electric railway I found myself one day stranded at BOMONDOLO and I therefore remained boarding at the Hotel FUMINUS in the above named town awaiting that with the putting into operation of the railway I might return to S. MARIA MADONNA.

I state that I reached DOMENICOLA on the 18th. of January and stayed till the 24th., day in which the Carabinieri came to the Hotel PALMISTO to arrest me and I evaded arrest by escaping through an interior stair that leads to the garages at the rear of the Hotel.

Having managed to make them loose trace of me through the corridors of the rooms of the Hotel I managed, after opening the door of the garage, to evade across the streets of the town without leaving trace behind me.

During my escape I hid with the family Gino NERI, resident in DOMENICOLA, Piazza Matteotti 5.

From the window of the flat of this family I could observe the movements of the OCRA. In conjunction with a party of soldiers being carried out in the order to trace me. I remained hidden with that family till midnight of that day 24th. January.

In order to justify my position I told Mr. Gino NERI that I had escaped from an American Unit stationed at ISERLE because I wished to join my sweetheart at COMO.

At the astonishment shown by Mrs. NERI regarding the operations that the aforesaid military forces were displaying and hearing of from Mrs. NERI herself that they were probably searching for a fascist who lives in the vicinity of their house, I told them that probably they were also searching for me because as mentioned before I had escaped from ISERLE.

I therefore begged for the kindness of Mr. and Mrs. NERI to keep me in their house and that if they should come to the house in search of me they were to say that they did not know me at all.

I also dined with this family and knowing that Mr. NERI was a working man and that he had done me a good turn giving me food, I assured him that I would have recompensed him by bringing him some provisions as soon as I returned to DOMENICOLA.

At midnight I went to the station and took advantage of an allied train to reach MILAN, but foreseeing the possibility of an Allied Police control I did not take to a first or second class coach as would have been expected of an officer but instead I boarded the locomotive. Before the train moved

From the window of the flat of this family I could observe the movements of the COIRA. in conjunction with a party of soldiers being carried out in the order to trace me. I remained hidden with that family till midnight of that day 24th. January.

Before the train moved off the locomotive also was inspected by the Allied Military Police, who upon seeing me asked whether I was English or American, to which I replied "no".

With that train I reached MILAN. As soon as we reached that station I went to the public baths and had a bath.

From MILAN I went to MERACIO where I took lodging at the Albergo MARIA VISTA.

I declare to have known during the month of December 1943 a certain Jules Jack JAGGI, of the late Giulio and of

Rodolfo BARKUN, born the 21st. December 1917 at LEMIL (Canton of SOLO) Switzerland, domiciled at SILVA PLANA, SAINT MORITZ, interpreter with the Allied Command at COMO, furnished with card No. 2 dated 1st. July 1944 given him by the said Command, a sergeant motor driver.

During the month of December I was suffering with ORCHITIS BLONONAGGIO and when Doctor BARRELLI, Doctor Surgeon of MENAGGIO came to see me in the room at the Hotel BELLA VISTA there was in another bed of the same room hidden under the bed clothes the aforesaid individual.

During my last visit to MENAGGIO I did not meet JAGGI with whom I was not on good terms.

The said JAGGI arrived the 21st. January at MENAGGIO and resided at the Albergo MILANO.

Regarding my previous illness I wish to state that towards the end of December I was visited by Doctor Raffaele MINAUDI, Medical Surgeon in Midwifery at PRENOSILE.

At MENAGGIO I stayed one week after which I transferred to VENICE by car belonging to a professor of VENICE and of whom I do not remember the name.

At VENICE I took up residence at the GRAND HOTEL. For my stay I used monies I had previously deposited with the Ambrosiano Bank of MILANO who had issued me with regular cheques.

The last amount in my possession at this time was fifty thousand Lire.

I stayed at VENICE from Sunday 3rd. February till Friday 5th. February.

During these days I visited the town.

The 4th. of February I sent MAXIMILIAN three urgent telegrams to Lydia WITTMAN in COMO. The 6th. of February with "GRAND HOTEL - VENICE" headed paper I sent a letter to the aforesaid young lady signing as sender:- Count J. V. VAN DER KALLENBURG, VENICE and placing the letter in its envelope in a second envelope addressed to Miss Line CARRIOT, Messrs. CARRIOT, Via Merchants, 1000, 1001.

GERRICI, Wine Merchants, COMO, letter which with all the other false documents was seized from me by the Agent of the CORR. of MORGAGGIO.

From Venice I transferred to TURIN by means of change transport and precisely by means of a Military lorry belonging to the 38th. American Division.

In TURIN I took up residence at the GRAMIS ALBERGO PRINCIPALE DI FIMICHTA where I arrived on the 9th. February & leaving the following day with a friend for ROME.

I did such a journey in my friend's car, Col. Cantley, Commander of the Department of Allied Control Commission in ROME.

I arrived in ROME the evening of the 11th. taking up abode at the Albergo EXCELSIOR and staying till the following 15th. During these days I visited, alone, the City.

From ROME I sent an urgent telegram to Miss. Lydia WILSON at COMO with my greetings.

During my stay in the Italian Capital I took my meals at the American Club and spoke in French to the American Officers. At ROME I had the chance of meeting Mrs. BILHARI who lives in one of the streets of the City. I had been previously asked by the daughter of the said lady, whom I had known at BOULOGNE in a Hotel, to fetch a dress of hers from her family in ROME. This dress is also amongst the articles seized by the Lieut. of the CORN. of DEMONTEGOLLE.

During my stay in ROME I made a pleasure trip to VITERBO.

On the 15th. February I left ROME for LIVORNO reaching there by means of an Allied lorry at 13.00 hrs. the same day, continuing my journey for GARDONE RIVIERA at 24.00 hrs on an American "Jeep" I stole opposite the Albergo EXCELSIOR at LIVORNO. To reach GARDONE I passed through VARESE, PAVIA, CREMONA, BRESCIA. In order to accomplish all these travels with all the stolen cars I drew petrol at the Allied Petrol Points without chits. I reached GARDONE the 16th. February, stayed till the 18th. spent the two nights seated in the car in a secondary street of GARDONE, went to have my meals in a restaurant of that town. On the 18th. I left GARDONE for BERGAMO. During the journey I met a young lady who begged me to accompany her to BERGAMO. I very gladly adhered. On reaching BERGAMO I filled up with oil. The young lady of whom I knew the name, knowing I was going to MANAGGIO asked to come with me to that place and then...

15th. During these days I visited, alone, the City.

From ROME I sent an urgent telegram to Miss. Lydia WILKIN at GORO with my greetings.

During my stay in the Italian Capital I took my meals at the American Club and spoke in French to the American Officers. At ROME I had the chance of meeting Mrs. BIZZARI who lives in one of the streets of the City. I had been previously asked by the daughter of the said lady, whom I had known at BOLOGNA in a Hotel, to fetch a dress of hers from her family in ROME. This dress is also amongst the articles seized by the Lieut. of the COAR. of BOLOGNACOLA.

During my stay in ROME I made a pleasure trip to NETTUNO.

On the 15th. February I left ROME for LIVORNO reaching there by means of an Allied lorry at 16.00 hrs. the same day, continuing my journey for GARDONE RIVIERA at 14.00 hrs on an American "Jeep" I stole opposite the Albergo TIRRENO at LIVORNO. To reach GARDONE I passed through UFFIZIA, FARMIA, CRANCONA, BRESCIA. In order to accomplish all these travels with all the stolen cars I drew patrol at the Allied Petrol Points without stops. I reached GARDONE the 16th. February, stayed till the 18th. spent the two nights seated in the car in a secondary street of GARDONE, went to have my meals in a restaurant of that town. On the 18th. I left GARDONE for BERGAMO. During the journey I met a young lady who begged me to accompany her to BERGAMO. I very gladly adhered. On reaching BERGAMO I filled up with oil. The young lady of whom I know the name, knowing I was going to MENAGGIO asked to come with me to that place and therefore I continued the journey reaching MENAGGIO the same day, the 18th. Both myself and the young lady stayed at the Albergo BELLA VISTA of MENAGGIO for the purpose of a wash and brush up. From MENAGGIO I wished to reach MILAN with the young lady within the evening, but whilst I went to the printers CARLOLA and PELLER where I had some other false documents printed, was suddenly surrounded by three Carabinieri. I tried to take to flight but was overpowered by the number and immediately arrested. The Carabinieri, after handcuffing me took me to their Station where I was locked up in a cell. It was impossible for me to evade for I was in a far too secure a place and kept under observation. On the 20th. Carabinieri from BOLOGNACOLA came to remove me by lorry. During transit I tried to tidy a shoe, but it was not possible for I had chains round my ankles.

10th November 1945 had been seized at Ponte Rinalassa by the same agent of the OCMM of DOMODOSSOLA the 17th January 1946, the day, as aforementioned, I managed to escape arrest when the officer of the CCEN and the Brigadiere Eligio LUNELLI turned up at the Hotel "RAMMING";

The car was at PONTE RINALASSA for on the 17th January 1946 the Commandant of the Company of CUSTODI and MASCHER had asked me to accompany him to the border with SWITZERLAND for reasons of his duties. The car remained blocked (seized) at PONTE RINALASSA because heavy snow falls had prevented my returning with it to S. MARIA MADONNE, in this sense I was lodging at the Albergo "ALPI" where I left a debt of LIRE 12410.75 for board and lodging from the 5th to the 18th January, day on which I went to DOMODOSSOLA. At the same place of S. MARIA MADONNE I left a debt of LIRE 1000 - for repairs to the "Jeep" and garaging at the garage of Mr. Alberto MAMMARIO, and another debt of LIRE 150 for printing and photographs at the photographer G. KUGLERI. I got to know LUKK at S. MARIA MADONNE then the Captain Commander of the company of CUSTODI and MASCHER by whom I was invited to dinner. I also got to know the Maresciallo Maggiore of the same company of CUSTODI and MASCHER by name FRANCESCO BATTALONE who on the 17th January had lent me the nickel plated "BERETTA" pistol calibre 7.65 No. 203251 along with an unloaded with 7 cartridges.

He had lent it to me for personal defence.

This pistol was found at the time of my arrest at DOMODOSSOLA and is now amongst all the seized material.

I know and I confess that during my stay at DOMODOSSOLA I had various false documents printed at the PERLA printing press and which I owe LIRE 2290 - for the printing of the said documents as well as paper with the heading "HEADQUARTERS VIII CORPS - MILITARY GOV. HANNOVER - PROV. DETACHMENT 71 - BRUNNEN, GERMANY" and "GOETTER INTIMIDATION" 388. I further have to pay LIRE 500 for having had made by the Milliner Maria SPINOLLO, resident at DOMODOSSOLA in Via Marconi 14 ten felt bandages shaped half moon for the sleeve with the word "FRANCE" richly embroidered by hand.

Finally, at the Hotel "RAMMING" of DOMODOSSOLA where I stayed from the 18th to 24th of January I have to pay a debt of LIRE 3550.

In the said Albergo, be it in my room or in the sitting room on the ground floor both by day and by night I spent my time (dwelt) writing letters for the Intelligence Service, a branch for agent of X which I posed when questioned by Civilians. For the purpose of compiling each letter I used the "Hemington" typewriter No. X. 76256 the property of the typewriter shop of ARNO GOTTI, Viale Stazioni of

-12-

/of DOMENGOSSOLA, firm to whom I owe 180 lire for the hire for three days. I desire to state with regard to debts that I owe LIRE 6000 to the father of Miss Lydia WITTMAN who lives at COMO in Via TORINO 12A - Further I have a debt of LIRE 2000 or 2500 - I cannot remember the exact amount, to the Hotel MILANO of BRUNATE - COMO - though I cannot remember the date where I was in that locality it being so long ago.

I do not rightly remember whether I have any further debts and in what neighborhoods.

Then on the 10th November 1945 I stole from the Albergo "PIANA" of Milan the American "Jeep" No. 7667716 seized the 24th January by the Lieut of the CC.NN. at Ponte Binasassa. I found in the car its log sheet for consumption and drawing of petrol of the said machine and six work tickets written in English. I also found a sheet written in English which I subsequently had translated into German French and Italian and precisely:-

"The gentleman is a special investigation agent on behalf of the Military Government.

His authority has power for the carrying out of his mission". With such a phrase and at my initiative I had 4 identification cards made, grey in color and made up with 6 pages. On the first page there was printed "ALLIED EXPEDITIONARY FORCES - MILITARY GOVERNMENT - PASS No. Special Agent - French - ID CARD - MILITARY GOVERNMENT - det No. 71 HELMAR".

I charged the printers Botta of DOMENGOSSOLA to carry out this work, who as previously stated were also charged with the printing of the headed paper.

The other two false documents one on light blue card and the other on white with the following headings:-

"ALLIED EXPEDITIONARY FORCES - MILITARY GOVERNMENT - PASS No. 972522 and PASS No. 972535 - SPECIAL AGENT IN CHARGE OF THE MILITARY GOVERNMENT det No. 71 HELMAR"

I had made at my initiative and on the inside page the above mentioned phrase in four languages at the BOTTOLA and BOTTOLA printing house. I have previously said in German 3880

of which the American "Jeep" No. 651716 seized the 25th January by the front of the 65th, at Pointe d'Albion. I found in the car its log sheet for consumption and drawing of petrol of the said machine and six work tickets written in English. I also found a sheet written in English which I subsequently had translated into German French and Italian and precisely:-

"The gentleman is a special investigation agent on behalf of the Military Government.

On the first page there was printed "ALLIED EXPEDITIONARY FORCES - MILITARY GOVERNMENT - PASS No. Special Agent - French - ID CARD - MILITARY GOVERNMENT - det No. 71 WILKIN".

I charged the printers BORRA of DOMODOSSOLA to carry out this work, who as previously stated were also charged with the printing of the headed paper.

The other two false documents one on light blue card and the other on white with the following headings:-

"ALLIED EXPEDITIONARY FORCES - MILITARY GOVERNMENT -
PASS No. 972522 and PASS No. 972519 -
SPECIAL AGENT ROBERTARD IN CARD BUILDERS
MILITARY GOVERNMENT DET No. 71 WILKIN"

I had made at my initiative and on the inside page the above mentioned phrase in four languages at the GAMBOLA and PIAZZI printing works of MERACIO, to whom I have previously made reference **3830**

At the same printers I had made 19 small cards for the crossing of the frontier bearing the wording the wording "PASS No. (From No. 972540 double number to No. 972545 and from No. 972550 to No. 972560).

At the BORRA printing works of DOMODOSSOLA I also had made 100 TICKETS OF TRANSPORT.

For political and other reasons I have had dealings with the German, French, (Gestepe) Spanish, Portuguese, and Swiss Police.

My activity in Italy has been limited simply to thefts of cars in order to acquaint myself with the beautiful localities in Italy and be able to rapidly move about. I have never taken part in any political activity, be it of propaganda nature or espionage in favor

of Russia or Yugoslavia, only in Belgium in the year 1941 I published a clandestine paper of Russian propaganda.

Neither in this nor in other parts of Italy have I committed thefts at the expense of Italian, but only at the expense of the Allies. I have deceived several Italian families when I narrated my own history. The uniform I am wearing was purchased by me in Rome in the Officers Stores and duly paid for.

I declare that when I gave my particulars I gave a false date of birth, for I was not born in 1927 but in 1924.

I have nothing to add and I state that the above declarations are made in good faith and signed:-

made, read and sealed in the place above mentioned at 2.30 hrs of the 21st February 1946 by us, the undersigned

SUBJECT: Theft of sanitary material.

Referring to yours, AG/14050/PS, dated 12.10.45 we beg to inform you that the forwarding of medicine and medical dressing material took place at Florence with the S. Commission for assistance to the Bologna refugees, and carried out by the Istituto Chimico Farmaceutico Militare of Rifredi, "Indemca" department, administered by the Allied Authorities and under the directions of Colonel Shedecker who was later transferred to Bolzano.

The whole correspondence, including that relating to the forwarding of material, was taken away by the Allied Authorities, and therefore it has not been possible to ascertain the train and rail truck on which the aforesaid was loaded for destination.

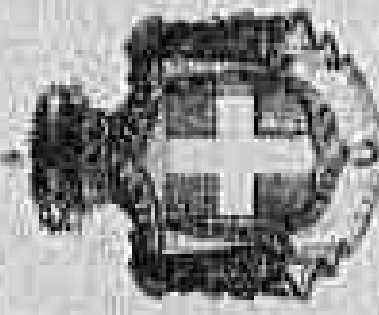

All our accurate investigation carried out, with the help of the railway bodies, to ascertain departure and arrival of waggon carrying the material in question, has proved fruitless.

You are begged to furnish further information in regard, in order to establish when the forwarding took place.

The Ascoli Piceno Prefecture with letter No 395, dated 18 January ult. has communicated the following:

"" On 10 inst. at about 1530 hrs at SERVIGNANO - Contrada Valle, three Croat refugees, after having broken into Tofani Mariano's house (son of late Pietro, from Bolmente Piceno, residing at Servignano - Contrada Valle, 8, peasant) attempted, arms in hand, to rob him.

Then they took to flight towards the country firing 8 shots with a view to intimidating.

The a/m persons have been arrested, their weapons confiscated, and the judicial authority were informed.

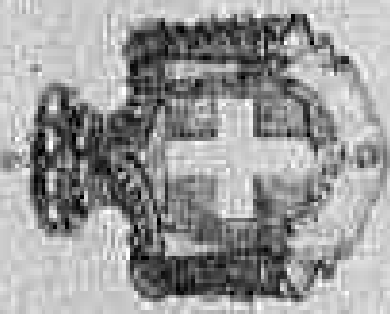

The incident which is complained of arises the suspicion that the authors of robberies which took place previously in the area should be some Croats interned in the Camp of Fermo. ""

We call the a/m incidents to your Commission's attention in order that the necessary measures should be taken to restrain the freedom that at present the internees enjoy, bearing in mind that the external vigilance of the Camp is not so sure as to avoid further disturbances of the public order.

FROM : 38 Field Security Section.

1. Reference Italian Memorandum to the Allied Commission 6/5563/3-21 dated 29 Dec. 45
2. A representative of this Section has, within the past 48 hours, made a through inspection of berths 6 to 10 in BARI Port. He has learned that berths 8, 9 and 10 are now permanently occupied by three RASC schooners engaged in dumping unserviceable ammunition into the sea. These boats load in the morning, proceed about three miles out to sea and dump their cargo, then return to the port. Loading is adequately controlled and checked.
3. Berths 6 and 7 are used by Allied vessels for loading and discharge of general cargo to and from Greece and the Middle East. Operations appeared to be adequately checked by British personnel. Italian labourers were found to be under the control of an NCO of the Garrison police.
4. The smuggling of goods to YUGOSLAVIA from berths 6 to 10 appears to be impracticable.
5. Since 7 Jan 46 no vessels have left BARI for YUGOSLAVIA.
6. Italian personnel entering the docks were found to be checked by the Guardia di Finanza. Allied military vehicles and personnel entering the docks were checked at entry by Garrison Police. The barbed wire fence separating the Allied and Italian zones was found to be in a bad state of repair and a number of gaps were found where persons could pass.
7. It is proposed to submit the following recommendations to HQ 54 Area to prevent smuggling of goods from the British Area of the Port:-
 - (a) That the fence between British and Italian port areas be overhauled.
 - (b) That, when a ship is loading for YUGOSLAVIA, Guardia di Finanza be permitted to observe the loading from the dockside though not to be permitted to board the ship.
 - (c) That Garrison Police on duty at the Port gates be instructed to be particularly thorough in searching vehicles entering the Port with goods destined for ships calling at YUGOSLAVIA.
8. Since the departure of the Yugoslav Military Mission from BARI it is considered that organised smuggling in bulk has ceased.
