ROME, 9 January 1945

PRESIDENCY OF THE COUNCIL OF MINISTERS **TO ALL MINISTRIES.**

Ref. 23515/16644/19.11

Subject: Instructions on contacts with the Allied Commission.

Ref. circular No. 18665/16644/19.11 dated 9 Nov. 1944.

Contrary to what was ordered with the above circular, their Excellencies the Ministers continue to submit for the President's signature letters requesting the action of the Chief of the Allied Commission on questions of a technical or secondary nature which come under the specific jurisdiction of the individual Ministries or the corresponding Allied Sub Commissions.

It is needless for me to point out once again the serious inconveniences that such a procedure creates, as reported also by the Commission itself; it causes delay and confusion in the treatment of various matters and nullifies the importance and significance of the Government's action which should be reserved for political questions and for those of primary importance.

In order to eliminate any possible misunderstanding, I hereby order that from now on the action of the President of the Council be requested by the Ministers only for questions of a political character which are of particular importance to the Government, and in those cases in which, providing always they are not of secondary importance or involving mere details, it is intended to initiate the re-examination of decisions already adopted by the competent Allied Sub Commissions. In such cases a copy of every letter shall be sent to the Cabinet of the Presidency of the Council.

In every other case the Italian authorities must deal directly with the Sub Commissions, notifying or consulting with the Ministry of Foreign Affairs on questions of a political nature which arise in our relations with the Allies.

I beg Your Excellencies to communicate these instructions to all the offices of your respective Departments seeing to it that they are adhered to promptly and unfailingly.

Kindly acknowledge.
