1. I have to report that I had a conference on this subject on Saturday 3 November with Colonel A.J.A. Purves Commander 60 Sub Area and with Colonel S.S. Miller MG Provincial Commissioner Belluno.

2. The withdrawal of Folgore Division to the Brescia Region for training will commence next week. Garibaldi Regiment will be the first to be relieved by a British Artillery Regiment in the Pilcadro area. Nembo will then be relieved, also by a British Artillery Regiment, in the Brunico area. Finally the divisional troops of Folgore will be withdrawn.

3. I also interviewed Colonel De Luca commanding the Belasmo Legion of Carabinieri. He is shortly receiving a reinforcement of 500 men. Thanks to very helpful cooperation on the part of Major General Keyderan G.O.C. No.2 District, cloth for uniforms has been made available so that the Carabinieri in this most important Province can appear well turned out.

4. The number of road blocks in the Province has been reduced from over forty to nine. These also are operated by Carabinieri. Italian military personnel are also present to deal with Italian military vehicles.

For the information of the Ministry of War, and in order that a clear idea may be formed concerning the political authorities in the jurisdictional area of the II Comilitor, I forward herewith (Inc. In addition, I attach copies:

I have been informed that, on the 21 of this month, both authorised and self-styled representatives of the Territorial H.Qs. of Genoa and Turin have presented themselves in some of the Communes of the province in order to withdraw, from private owners, vehicles, tyres and spare parts formerly the property of the Italian or Fascist Republican Armies.

For fear of impoverishing the transport availabilities of the Province, and not having been forewarned by the said H.Qs. on the 21st of this month, I issued, telegraphically, the following instructions to all the Mayors of the Province:

"It has become known that today, both authentic and self-styled representatives of the Territorial H.Qs. of Turin and Genoa have presented themselves to many Communal offices of the Province, requesting the immediate restoration by the assignees, of vehicles formerly belonging to the Italian and Fascist Republican Armies, and likewise tyres and spare parts. Inform local populations that requests for handing-over must not, at any cost, be granted without the said H.Qs. having in the first place been informed that it is necessary to make contact with the Prefecture, or orders having been issued regarding this matter by the Provincial Allied H.Q.".

I consider it my duty to communicate the above to A.M.G. for information and necessary action.

Subject : Vehicles belonging to the Italian or Fascist Republican Armed Forces.

I have received, for due information, the copy of your letter No. 739/GAB dated 23 July 45.

I hereby state that :

1. I have sent to the Province of Cuneo, as likewise, to the other three provinces of the territory under my jurisdiction, authorised representatives, furnished with recognition documents, to whom is entrusted the taking of a census of the military vehicles held by civilians.

2. If there are, in circulation, self-styled representatives of my H.Q. it would be necessary to give precise information concerning them, in order that they may be arrested.

3. I have issued no order stating that the vehicles should be withdrawn, but only that their existence should be confirmed, and that they should remain at the service of those who hold them with the sole provision that neither the vehicles, nor removable parts thereof must be evacuated.

4. It is for this reason that the representatives have not contacted the Prefecture. The census, which is a confirmation of existence is made of all military materials, and is a procedure which does not, in any way, interfere with the civil government of the provinces.

5. Going to Cuneo, I have myself contacted the Prefecture, and so has the General second in command. Other officers, who for reasons of their duties would have had to discuss certain matters with the Prefecture, have done likewise. The officers who take the census of materials of various categories, fulfill nothing but a task of confirmation, on account of which the Prefecture seems to have unduly disturbed itself.

6. The territory of the Province of Cuneo, is from a military point of view, under the jurisdiction of the Territorial H.Q. of Genoa, therefore, this matter does not interest the Military Territorial H.Q. of Turin. I have written to the latter H.Q. to inform them, that intervention on their part is in no way necessary.

The General Commanding.
Enrico Frattini.

MEMORANDUM FOR THE CHIEF OF S.M.

The Prefect of Cuneo, whom I visited, together with Doctor Quattrocchio of the Industrial Union and Captain Arese, on the 8th of this month, has expressed opinions, which, in brief are:

1. That, owing to the fact that he representated the Government, the only repreeentative with executive authority in the province, was himself. Therefore, nothing could be done to effect the recovery of the vehicles (in the possession of civilians and presumed or known to be the property of the Military Administration, whether now held by private individuals or cO-operative firms), except through his own offices.

2. That, in his opinion, with regard to this particular matter, he considers that the Italian Army, which claims the right to take action against these civilians, should be considered as an individual, and should adhere to legal methods. To authorise such assertions he quoted, I do not remember that order, which placed lawyers in a privileged position to deal with disputes which might arise (if not particularly concerning the Italian Army) from cases of a general nature.

3. That the circulars issued by the Ministry of War, even if in agreement with the MMIA do not have, at the moment, any value for him, inasmuch as:

(a) The Province of Cuneo, not yet in territory which comes under the jurisdiction of the Italian Government, therefore he could recognise no other authority than the A.M.G. If the Ministry intended therefore, to issue orders thereto, they should be made through the offices of the above mentioned A.M.G.

(b) The Ministry of War could not impose direct authority over the private retainers of the vehicles, but could only act through the offices of the Prefecture and by the above indicated methods.

In addition to his own opinion of not being able to withdraw the vehicles from the civilians, he put forward the following reasons:

(1) That the withdrawal would, owing to the scarcity of other means of communication, have had repercussions upon the transport services in general, and in particular to the food-supply services.

(2) That the withdrawal, even of a few vehicles would have thrown the civil population into a panic, and in particular, would have disturbed the Partisan Co-operatives.

(3) That the measure would have probably brought about the

MEMORANDUM FOR THE II COMILITER

In the Province of Cuneo, lorries have been traced, but remain there at present, with their present owners.

This has been done at my suggestion, verbal agreements having been made with the A. .G.

However, investigation is absolutely necessary.

With regard to hether or not a prompt withdrawl is advisable, it appears to me that we ourselves knowing the needs of the Army, are competent to judge.

4. The Prefect's attitude to the Italian Army is one of scarcely veiled hostility and open non-collaboration. An incident occurred recently of some significance. 2 Territorial H.Q. were proceeding perfectly correctly to obtain particulars from Private Firms and Co-operatives, of Italian Army Vehicles held by them, when the Prefect sent a warning to all Co-operatives to the effect that persons in the guise of Italian Officers were inspecting vehicles, and that in no case were any particulars to be supplied.

1. I have of course discussed the above subject continuously with the Minister of War and everything possible has been done to improve matters. I again discussed the whole question with him to-day, and he is in general agreement with my views. I also discussed it with Major General NARES when I visited him on tour the other day, and he is particularly concerned.

7. There is a bigger side to all this question which I feel I must state. It is a matter beyond my purview and I understand that it has been represented on the highest level. It is the matter of the retention of Allied Troops in this country. The next year will be a critical one for Italy. It will be the opportunity for subversive forces to reduce Italy to chaos and prevent the gradual rebirth of a new Italian Army as the handmaid of the Government for the maintenance of law and order. This might necessitate Allied re-entry with troops into Italy to settle an Italian ELAS situation. The value of the presence of Allied troops during this period thus cannot be over-estimated. The fact that they are there cannot fail to have an indirect moderating influence on the whole situation. The Italians realise this and wish for the retention most fervently. Lack of shipping for the evacuation of Allied troops may solve this matter, but if all Allied troops are withdrawn from Italy it will make the problem of reconstituting the Italian Army, both morally and technically, infinitely more difficult.

8. I must now mention the C.C.R.R. They are the first line of defence for the maintenance of law and order. They are starting to live down the past and get on their feet again. Under normal circumstances the C.C.R.R. could handle most situations, thus avoiding the necessity for intervention by the military. 52Rto would therefore seem the primary consideration as regards law and order, that the C.C.R.R. should have priority over the rest

I should like a ruling on this matter as soon as possible as it is indirectly a major factor bearing on the morale of the Army.

9. Internal Security, is of course bound up with the morale and the physical presence of troops, whether the latter are used or not. For this reason the sooner you can authorise the "interim force" of 205,000 (incl. 65,000 C .C.R.R.) proposed in H.Q. AC 8251/180/EC dated 7 July, the better. Once constituted this will provide for an Internal Security Brigade in each region (excluding Sicily which already has enough troops) and the effect

10. I feel it my duty to put the above before you. The existing situation is the result of factors beyond my, or in fact beyond anyone else's, control; and I think that we must take things realistically as they are and do our best to compete accordingly.

Subject : Italian Army Transport.

AC PUB SECURITY

Land Forces Sub Commission, A.C.,

** July, 1945.

To : War Ministry.

Reference is made to this Headquarters letter number as above dated 1 May 45.

1. The number of Italian Army vehicles available for issue to units of the Italian Army still falls far short of requirements. The output of Italian Army repair shops is barely adequate to keep pace with wastage and enable vehicles beyond local repair to be replaced.

2. Every endeavour has been made to assist the War Ministry in their efforts to recover Italian Army vehicles captured in the North of Italy and a considerable quantity of these vehicles are now passing into the control of the Italian Army. No immediate relief will however be experienced owing to the necessity of providing transport for newly formed units in the North. It is therefore essential that all Italian Army vehicles are most strictly controlled and allowed to operate only as authorised by the Ministry. For this purpose the official windscreen label was introduced. Sufficient quantities have now been issued to meet the demands of Territorial Headquarters for vehicles at present authorised.

3. To save time in the distribution of these labels it was agreed that a bulk distribution should be made by M.M.I.A. based on the number of vehicles authorised in the various Territorial Commands subject to the condition that an immediate return would be made through the War Ministry by the Territorial Command concerned giving the registration number of the vehicles to which each registration certificate had been issued. So far these returns have been very slow in coming in and it is not understood why, in the case of all Territorial Commands up to and including Rome, Florence and Bologna, full details are not now available.

4. To expedite the control of Italian Army transport and to obtain, with as little delay as possible, an addition to the number of vehicles available for allocation you are required to extend forthwith the measures adopted by you on 16 May for impounding vehicles not bearing a windscreen label.

5. You are required

(a) to expedite the return giving particulars of army vehicles to which windscreen labels are allocated.
(b) effective forthwith to issue instructions that all vehicles circulating anywhere within Italian Territory which can be identified as Italian Army property and which are not bearing the official windscreen label will be impounded.

No immediate relief will however be experienced owing to the necessity of providing transport for newly formed units in the North. It is therefore essential that all Italian Army vehicles are most strictly controlled and allowed to operate only as authorised by the Ministry. For this purpose the official windscreen label was introduced. Sufficient quantities have now been issued to meet the demands of Territorial Headquarters for vehicles at present authorised.

3. To save time in the distribution of these labels it was agreed that a bulk distribution should be made by M.M.I.A. based on the number of vehicles authorised in the various Territorial Commands subject to the condition that an immediate return would be made through the War Ministry by the Territorial Command concerned giving the registration number of the vehicles to which each registration certificate had been issued. So far these returns have been very slow in coming in and it is not understood why, in the case of all Territorial Commands up to and including Rome, Florence and Bologna, full details are not now available.

4. To expedite the control of Italian Army transport and to obtain, with as little delay as possible, an addition to the number of vehicles available for allocation you are required to extend forthwith the measures adopted by you on 16 May for impounding vehicles not bearing a windscreen label.

5. You are required

(a) to expedite the return giving particulars of army vehicles to which windscreen labels are allocated.
(b) effective forthwith to issue instructions that all vehicles circulating anywhere within Italian Territory which can be identified as Italian Army property and which are not bearing the official windscreen label will be impounded.
(c) in conjunction with the Territorial Headquarters concerned and the M.M.I.A. L.O. of Districts and Armies to coordinate measures by the CCRR designed to seize unauthorised vehicles found on the roads.

6. Vehicles thus recovered will be handed in to the nearest Repair unit who will be responsible for passing them to the nearest Efficient Vehicle Park with the minimum of delay.

SUBJECT: Functions and Responsibilities of Italian Territorial HQs and Italian Adm Div HQs.

LAND FORCES SUB-COM, A.C. (MMLA)

SD/34

29 June 45

TO : (SEE DISTRIBUTION)

1. The object of this letter is to restate and clarify the functions and responsibilities of Italian Army Territorial HQs and Adm Division HQs with reference to MMLA letter TS/G/12 of 26 Dec 44.

2. The layout of Territorial HQs is attached at Appx "A", Appx "B" shows the org and allotment of Adm Div HQs.

3. Adm Division HQs were formed in the first instance to maintain and administer on the Italian side, US-ITI, BR-ITI and ITI-ITI under command of British and American Armies, Base Sections and Districts to whom they were directly responsible and part of whose staff they may be said to be. When Combat Groups were formed and arrived in Army Areas Adm Div HQs allotted to Armies also administered them on the Italian side. The channel of command on the Italian side is normally - Unit - Adm Div HQ - Territorial HQ - War Ministry, ROME, but in actual fact since Territorial HQs did not function in Army Areas before the cessation of hostilities, Adm Div HQs with Armies often dealt direct with ROME. For the above reason also they maintained and administered ITI-ITI Units in forward areas.

4. Territorial HQs were formed with the object of:-

(a) Extending the authority of the Ministry of War over all Italy.

(b) Enabling control of Army personnel, real estate and military stores to be resumed as soon as possible.

(c) Implementing the call-up or demobilization of classes as required.

(d) Administering and maintaining ITI-ITI formations not under Allied Command in their area including all Districts and Depots.

Since the Commanding General of a Territorial HQ is the equivalent of a Corps Commander he is delegated certain powers (especially of disciplinary matters) that are not accorded to a Divisional Commander.

5. Whilst Appx "E" and "F" which are attached for ease of reference to MMLA letter TS/G/12 of 26 Dec 44 are in no way altered or affected by the cessation of operations it should be noted that Adm Div HQs with Armies

5. Whilst Appx "E" and "F" which are attached for ease of reference to MMIA letter TS/G/12 of 26 Dec 44 are in no way altered or affected by the cessation of operations it should be noted that Adm Div HQs with Armies are now for the first time located in Areas where Territorial Div HQs are installed and have started into full function. The channel of Command - Unit - Adm Div - Territorial HQ - War Ministry, ROME - is now the correct one for them on all purely Italian Adm matters and especially A/G1 matters.

Declassified E.O. 13356 Section 3.3/NND No. 785016

6. When the need for Adm Div HQ ceases owing to a considerable reduction or disbandment of service tps (US-ITI, BR-ITI categories) Adm Div HQs will most likely first become an incr to Terr. HQs and then in a later phase be dissolved and their functions for all matters will pass over to Italian Territorial HQs. Until such time Adm Div HQs must continue to administer Italian Service Tps under Comd US or Br Formations.

1. As appendix "A" is listed Units already authorised to hold M.T. on charge. Sufficient time has now elapsed since the introduction of the windscreen label to enable all vehicles, thus held with authority, to be identified in that manner.

2. The authorised holding of vehicles is subject to review of approved and provisional WE and the Ministry is invited to submit proposals to this end as they consider appropriate.

3. It is evident that the establishments already approved will not be completed unless there is a substantial increase in the number of vehicles made available at the Efficient Vehicle Parks. The output of the Repair Units, while increasing, is still small. It is therefore imperative that vehicles now held without due authority are withdrawn from holding Units and a more equitable distribution of available vehicles made without delay.

4. You are required to issue instructions to this effect making it clear to all concerned that the retention of a vehicle without due authority will result in severe disciplinary action. CO's of Units who have not yet received windscreen labels for authorised vehicles will be required to submit demands by the quickest available means through the usual channels. CO's of Units holding unauthorised vehicles will be required to return them to the nearest Italian Army Repair Unit the exact location of which should be notified to those concerned.

5. It will be made clear that commencing on 16th May all vehicles which can be identified as Italian Army property and which are not bearing an official windscreen label will be impounded.

In addition to the measures already being taken to recover Army vehicles in possession of civilians you are required to prepare and execute a plan for collecting in unauthorised vehicles held by Army Units. The co-operation of the territorial CC.RR will be obtained.

Vehicles thus recovered will be handed in to the nearest Repair Unit who will be responsible for passing them to the nearest Efficient Vehicle Park with the minimum of delay.

51(

6. Units who are in this manner deprived of transport which though unauthorised is considered essential will be provided with "authorised and registered" vehicles from War Ministry or Territorial Bn resources on loan until their entitlement has been approved.

Corruzione da parte degli ufficiali del R.Esercito per il Trasporto di Militari Italiani a Roma a Chieti ecc.

Eccellenza!
per i provvedimenti che crederà opportuno prendere le segnalo quanto appresso:
"Il Ten.Col. di S.M. Ugo Bianchi, sottocapo al Comando di Puglia e Lucania ha l'incarico di disciplinare l'avviamento dei passeggeri per le varie località (Roma, Chieti ecc.) tutte le volte che si dia l'occasione di un camion che vi si rechi per servizio.Avviene però, e questo è in grave che se qualcuno ha urgente necessità di partire, pur essendo i posti completi, il detto ufficiale di S.M., dietro compenso di qualche biglietto di grosso taglio autorizza, in via di eccezione (sic!) a partire.
E' giusto Eccellenza che un poveretto debba pagare simili somme per raggiungere la sua famiglia che da tanti mesi non vede ? Le sembra giusto che un ufficiale di un corpo eletto debba fare simili lordure?

ARMY GENERAL HEADQUARTERS.

No. 509/His. Rome, 24th December, 1944.

SUBJECT : Lt. Col. Ugo BIANCHI.

TO : Colonel Chapman, Public Safety A/C. AC.

Major G.M. REVELEY, Zone Police Officer - ACC - Bari, has made an accusation, copy of which is attached, against Lt. Col. Ugo Bianchi, concerning a serious lapse in the execution of his duties, and has asked my intervention.

I have had enquiries carried out through the General commanding Puglia and Lucania, but so far they have had negative results, in the absence of definite proofs. On the other hand, the above-mentioned General has attempted, without result, to get more precise details from Major Reveley, with the aim of continuing the enquiries on a surer footing.

Therefore, I ask that you will intervene with Major Reveley, asking him to give those further details which would allow the basis of the accusation to be established and therefore indicate the lines to be followed in carrying out the enquiries.

Awaiting the favour of your reply,

The Commander in Chief
- F. Farardi -

To S.E. GERARDI Military Commander, Puglie Lucania

It has been brought to my notice that whenever Italian Military vehicles full to capacity and going North on service, Lt.Col.Ugo Bianchi, who is in charge of sending forward would be passengers, although it is not possible to accomodate more persons, does so making exceptions in consideration of the receipt of large bank notes, and authorizes the departure of the vehicle.
As this behaviour is deplorable I ask your intervention in order to put a stop to this abuse.
Awaiting a reply.

Il maggiore G.M. REVELEY della "Zone Police Officer -ACC- Bari" ha accusato, con il foglio unito in copia, il ten.colonnello BIANCHI Ugo di una gravissima mancanza ai doveri del suo ufficio ed ha chiesto il mio intervento.

Ho fatto eseguire accertamenti al riguardo del Generale comandante della Puglie e Lucania, ma essi hanno dato finora esito negativo per l'assenza di prove concrete. D'altra parte, il Generale anzidetto ha tentato, ma inutilmente, di avere qual che precisazione dal maggiore REVELEY, allo scopo di continuare gli accertamenti su una traccia positiva.

La prego, pertanto, di voler intervenire presso il maggiore REVELEY, invitandolo a dare quelle maggiori precisazioni che con sentano di stabilire il fondamento dell'accusa e quindi la via da seguire nel proseguimento delle indagini.

Rimango in attesa di cortese riscontro.-

1. The question of Discipline, and Disciplinary Powers of Unit Commanders in the Italian Army has been the subject of investigation by this HQ, in conjunction with the Italian Ministry of War.

2. The low state of discipline in many units, and the prevalence of desertion, is largely attributable to two main factors:-

a) The present very limited disciplinary powers of Unit Commanders. (Appx 'A' att) 14B

b) The lengthy delay between the commission of a serious offence, e.g., desertion, and the trial by Military Tribunal due to the overburdening of these tribunals with cases committed to them for trial.

3. Two recent decrees, one promulgated (Appx 'B') and the other (Appx 'C'), awaiting only for Royal Assent, are intended to improve the present standard of discipline:- 14D 14C

a) Extraordinary Courts Martial have been set up to deal with absence without leave and desertion (Appx 'B' att). 14C

b) Unit Commanders will be given increased disciplinary powers, under the decree awaiting Royal Assent, and penalties for serious misconduct will be more severe (Appx 'C' att). 14D

4. Both decrees, it is anticipated, will effect a reduction in the number of offences committed, both minor and more serious, by ensuring more immediate and exemplary punishment.

PRESENT DISCIPLINE POWERS OF UNIT COMDS

An independent Unit Comd has the same powers as those of a Corps Comd. They are the following:

(a) Reprimanding.

(b) Confinement to barracks for a period up to 15 days.

(c) Ordinary imprisonment up to 15 days. (Work carried on as usual and no loss of pay).

(d) Close arrest imprisonment up to 7 days (with loss of pay).

(e) Para (d) coupled with para (c).

The above is the maximum that can be awarded by any Comd without trial.

Desertion does not come under any of the above clauses. Penal Code lays down that it must be referred to Military Tribunal.

In case of units under command, punishment is awarded by the senior officer of the most senior formation, or by an officer appointed by him.

From: M of W

To : Circular

Ref: 102871/I

Date: 5.10.44

Subject: Absence Without Leave.

Further to Circulars 13900 dated Aug 18th last and 13950 dated 26th August last.

The serious offense of Absence Without Leave shows no signs of diminishing. On the contrary, recently the cases of large groups of military deserting from their units have increased considerably.

MMIA have noticed this and have expressed their concern at the slackening of cooperation in the war effort that these desertions point to.

It is necessary that this regrettable state of affairs should cease.

The a/m circulars establish special measures affecting disciplinary action and others are suggested with a view to avoiding these desertions.

All H.Q.'s concerned are reminded of the need to apply promptly and strictly all regulations now in force. Particularly Art. 4 of Royal Decree Law No. 668 of July 29th, 1943 which allows for the establishment of extraordinary Courts Martial to deal with military charged with any crime punishable with detention and consequently that of desertion.

Furthermore, Instruction No. 26 dated May 26th last, issued by the General Chief of Staff authorizes the establishment of extraordinary Courts Martial by order of the Commander of a military garrison having the rank of general, should there be no Div H.Q. or higher unit within the area of the garrison.

Consequently, military found guilty of desertion or not reporting on being called to arms will be tried direct by extraordinary Courts Martial and awarded severe sentences without binding over or delay in carrying out of sentence.

A few examples will no doubt act as a deterrent to all.

I must issue a warning, furthermore, that a new decree is being drafted increasing disciplinary punishment.

H.Q., A.A.I. (2)

1. The Italian Ministry of War are anxious about SICILY. They say that conditions there are unsettled and trouble may come from Communists, Separatists etc.

2. As you know, SABAUDA Division in SICILY is being reorganised and split into two "standard I.S. Divisions," which will be named SABAUDA and AOSTA.

3. I understand that the idea is to transfer two bns from SICILY to replace two bns of MANTOVA Division when the latter are concentrated for training and formation into a Combat Group.

4. I suggest that it may be better if two bns of CALABRIA standard I.S. Division(earmarked for garrison of SARDINIA)were transferred to replace the two bns of MANTOVA. This would leave SABAUDA and AOSTA intact and the I.S. problems in SARDINIA is far less than that in SICILY.

5. I do not know whether you are dealing with all this now or whether it is an AFHQ responsibility. But I send this letter to you as a suggestion for onward transmission, with your remarks if necessary, to AFHQ.

SUBJECT : Public Safety in Sardinia

TO : Regional Commissioner,
Region VI.

1. As you probably know, HQ AAI with the concurrence of this HQ are considering the transfer in the very near future of 2 Battalions of the Italian Army from Sardinia to Calabria. In addition we are very anxious to transfer an additional two Battalions from Sardinia to Sicily in the course of the next month in order to deal with the internal security problem in Sicily.

2. The internal security problem in Sicily is much more serious than in Sardinia, and the Italian Government are very seriously concerned about the position in Sicily. Hence the suggestion which has been made by the Prime Minister himself with the consent of the Minister of the War for the transfer of 2 Battalions to Sicily. Before consenting to this transfer, however, and thereby removing in the aggregate 4 Battalions from Sardinia within the next month or six weeks, I have been asked by the Acting Chief Commissioner to ascertain your views as to how far the security problem in Sardinia would be effected by such a withdrawal.

3. Bearing in mind the seriousness of the position in Sicily you will not I am sure oppose the above suggestion unless in your opinion it is really necessary for your essential security to keep these 2 Battalions in Sardinia.

Will you please signal your views on the above proposals as soon as possible.

4. I am sending this by the hand of Major Alexander.

Reference the attached correspondence.

1. I have seen General Browning and discussed with him
a) the question of leaving 2 battalions in Sicily and therefore sending 3 battalions from Sardinia to Calabria, and
b) sending an additional 2 battalions from Sardinia to Sicily as suggested by the Minister or War.

2. With regard to (a) General Browning had already discussed this matter with the Minister of War and he agrees that it would be better to leave the existing SABAUDA Division in Sicily and to transfer 2 battalions from SARDINIA to CALABRIA. He has accordingly written a letter (copy attached) to HQ A.A.I.

3. With regard to (b) so far as General Browning is concerned he has no objection to ordering a further 2 battalions from Sardinia to Sicily, but he points out that we shall have to consider whether the transfer of these additional battalions to Sicily will not leave Sardinia dangerously low in armed forces from a public safety point of view especially having regard to the airfields there.

4. Accordingly I propose to write to Regional Commissioner Region VI and ask his views.

1. It is understood that the custom exists in parts of the Italian Army for soldiers to save part of their daily ration to take home on leave.

2. Cases have occurred when Allied Police have, in course of their duties, found soldiers either on leave or recently demobilised, in possession of Allied tinned rations. These rations being in excess of the authorised travelling ration.

3. This indicates that either the ration scale is in excess of that needed by the soldier to carry out his duty, or that additional irregular issues are being made.

4. Will you please issue clear orders that under no circumstances will other than the correct travelling ration be in possession of any member of the Armed Forces when on leave or demobilised. Rations issued to the Italian Army, except the special ration issued to personnel travelling on duty, are for consumption in the Mess only, and are not to be removed from the Mess under any conditions.

5. Allied Military Police are entirely correct in initiating disciplinary action in all cases where Italian Armed Forces are found in illegal possession of Allied rations other than the authorised travel ration.

DISPOSAL OF UNIFORM CLOTHING
UNSUITABLE FOR USE IN THE BRITISH AND UNITED STATES ARMIES

1. A shortage exists for meeting the minimum essential clothing requirements of the Italian military and civil population. To meet this shortage, in part at least, certain used clothing and shoes will be provided in such quantities as become available from British and United States Army sources. The Peninsular Base Section and the United States Air Forces in ITALY will be the United States Army sources.

2. The British Ordnance Service has established repair facilities in NAPLES and BARI which will be augmented by the necessary civilian labor to dye and repair all items of military clothing and shoes for Italian military and relief purposes.

3. The clothing and shoes selected for this purpose will be carefully screened and will be in such condition as to be beyond economical repair for further use by the British or United States Armies; including prisoners of war in custody of these Armies.

4. As the outer uniform clothing provided for this purpose will be of distinctive color and design, all distinctive markings such as buttons, insignia of rank, etc., will be removed prior to its release. To change its appearance from that originally intended, all outer military clothing provided for use by the Italian military will be dyed a forest green color. Outer uniform clothing, in such condition as to be beyond repair for use by the Italian military, must be dyed blue or black in order to distinguish it from its original color and that of the Italian military.

5. It is desired that all items of uniform clothing and shoes in the class listed in paragraphs 3 and 4 above, which are accumulated in British Ordnance Depots and United States Quartermaster Salvage Depots on the mainland of ITALY, be shipped to the British Ordnance Depot in NAPLES or BARI, whichever is nearer, for suitable repair.

DISPOSAL OF UNIFORM CLOTHING
UNSUITABLE FOR USE IN THE BRITISH AND UNITED STATES ARMIES

1. A shortage exists for meeting the minimum essential clothing requirements of the Italian military and civil population. To meet this shortage, in part at least, certain used clothing and shoes will be provided in such quantities as become available from British and United States Army sources. The Peninsular Base Section and the United States Air Forces in ITALY will be the United States Army sources.

2. The British Ordnance Service has established repair facilities in NAPLES and BARI which will be augmented by the necessary civilian labor to dye and repair all items of military clothing and shoes for Italian military and relief purposes.

3. The clothing and shoes selected for this purpose will be carefully screened and will be in such condition as to be beyond economical repair for further use by the British or United States Armies; including prisoners of war in custody of these Armies.

4. As the outer uniform clothing provided for this purpose will be of distinctive color and design, all distinctive markings such as buttons, insignia of rank, etc., will be removed prior to its release. To change its appearance from that originally intended, all outer military clothing provided for use by the Italian military will be dyed a forest green color. Outer uniform clothing, in such condition as to be beyond repair for use by the Italian military, must be dyed blue or black in order to distinguish it from its original color and that of the Italian military.

5. It is desired that all items of uniform clothing and shoes in the class listed in paragraphs 3 and 4 above, which are accumulated in British Ordnance Depots and United States Quartermaster Salvage Depots on the mainland of ITALY, be shipped to the British Ordnance Depot in NAPLES or BARI, whichever is nearer, for suitable repair.

SUBJECT: Italian Army

TO : Distribution Below

1. Under the Short Armistice Terms the Commander-in-Chief has the full right to impose measures of disarmament, demobilization and demilitarization on the Italian armed forces. The re-organization of the Italian Army under those terms is under the control of the Army Sub-Commission (AMIA) acting under direct orders of the Commander-in-Chief.

2. The strength of the Italian Army has, since the Armistice, been fixed at a certain reduced figure which the Italian Ministry of War will not exceed, and all members of the Italian Army who may be found on the progress of the Allies Northwards are therefore being treated as either demobilized but entitled to volunteer again for service if the ceiling permits, or demobilized but liable to conscription in areas where the conscription law is in force.

3. Arrangements have been made by A.M.I.A. for representatives of the Ministry of War and the General Staff to be attached to Armies and to enter newly liberated Regions for the following purposes:

a. To locate, inventory, and arrange for the safeguarding of Italian Army property and records. Civilian guards, except members of the Carabinieri or GC. F. are to be employed for safeguarding military installations, as necessary. No Italian Army personnel will be stationed at such installations.

b. To screen members of the Italian Army who volunteer for service and to return such personnel to recognized enlistment centers through refugee channels.

4. It is NOT the policy of the ALLIES to open up any military headquarters, depots, district headquarters, or other Italian Army installations in newly liberated areas on the basis of the pre-war layout. Such installations will only be authorized on a basis of military necessity, depending on the present distribution of the Italian Army.

5. Certain units of the Italian Army are operating under Allied Command in the newly liberated areas. The Italian parties specified in para. 3 above are attached to these units, and operate under Allied Command. A.M.I.A. has liaison officers with 5 and 8 Armies and Polcorps.

Subject: Recruiting of Italian Army

To : Executive Commissioner, A.C.C. HQ.
(through Col. Charles Poletti, Regional Commissioner)

1. With reference to Brig. Lush's letter (Ref.G/202/CA) of 11th July, 1944, I have to report as follows:

An organisation known as "Armata Rossa" had early in June, 1944, an office at Corso Rinascimento and another at Largo Benedetto Marcello in Rome. The head of these offices was a person named Foce Antonino. Outside these places red flags were hung and placards posted inviting recruits for the Italian Red Army. Notices were also found in various shop windows, the owners of which said they had been co-erced into exhibiting these notices by "Reds".

The situation was developing very fast when undesirable characters and others posing as communist patriots were committing many irregularities. It was felt desirable in the interests of the public order to stamp these acts out and firstly to eliminate the source of the so-called "Armata Rossa". Legal advice was sought as we were not aware if any authority had been given the authors of the movement to function.

It was decided on legal advice that the offices etc. should be closed and the persons responsible for the organisation prosecuted and this was done.

The above named Foce and two others were arrested and brought before the Allied Military Court for violation of Proc.1 Art.5, Section 34 and 45, and on 30th June, 1944, Foce (who had been bailed in the sum of Lire 25.000) was sentenced to 3 months imprisonment - sentence suspended.

His two colleagues were not tried and their cases suspended by Court order sine die.

This prosecution completely suppressed the Armata Rossa operations in Rome, and no further activity anywhere in the Rome Governatorato Area has been reported.
