SUBJECT : Grace and Clemency for Prisoners.

TO : Legal Sub-Commission,
HQ Allied Commission.

1. Reference the communication, No. 29098, dated 18 August 1945 from Regional Inspector of Prisons, Southern Region, addressed to your Sub-Commission, a copy of which was received by this headquarters.

2. There is a continuing threat to the internal security of Italy because of the overcrowding of practically every prison establishment in the country. Prison breaks, riots, and other forms of violence are largely caused by this overcrowding, and manifestations from external sources are often inaugurated because of knowledge of the overcrowded conditions under which the prisoners live. The problems of sufficient food, bedding, medicines, heat, etc., will become increasingly critical with the oncoming winter weather and the steady increase in new arrests over releases.

3. From a practical consideration of public safety, therefore, this Sub-Commission requests such favorable consideration of a program of releases through granting of clemency or suspensions of sentence as your Sub-Commission finds possible.

1. Reference attached correspondence, the signature on the receipt for the radio referred to, is that of myself.
2. In June, 1944, I was P.P.S.O. Terni, within which Province is situated the town of Sangemini. The Provincial Officers' Mess was being set up at Terni and I was Mess Officer. A radio being desired in the Mess, on a routine visit to Sangemini I made known our request in the Municipio there and the radio referred to was produced and against the receipt attached, taken to Terni, where it was installed in the Officers' Mess. After a couple of weeks the Mess transferred to the Villa Palma at Terni and the radio went along, too, where it was installed in the large upstairs room where there was a piano.
3. I left Terni in Sept. 1944 and when I left, the radio was still in that same room in the Officers' Mess; I remember this quite well, because we used it on the afternoon prior to my departure.
4. Therefore the radio was still in the A.M.G. Officers' Mess at the Villa Palma at Terni when I left and so far as I know, it should still be there.

MEMO TO : C.S.O. C.A. Sec.

FROM : P.S. S/C.

1. Reference letter from Erasmo Giocando Bughi, which we have read in great length, we find no inference that it is , or has been, or could be, a Public Safety S/C matter as :

- a) it involves procedure in epuration of a private industrial person not a P.S. agency
- b) it recites implications more political in nature than criminal
- c) it infers illegality of actions but only as to procedure which is under legal jurisdiction not P.S. S/C.

2. The investigation of the allegations made, would involve much time and the use of personnel not available in P.S. S/C, particularly as the matter is entirely extraneous from our rather extended list of duties. Therefore we cannot consider that the passing of this letter to P.S. S/C for action was proper considering its content.

3. We return the letter herewith for your reconsideration and reassignment to appropriate agency.

Letter 0.01000 Sab dated 24/10/45 - From H. Commissariato P.S.
Salario -

To : Lt. Col. R.T. Whitehouse, I.C.

Mrs. Cappiello Anna has hired a furnished apartment
at 116 Via Panama from its owner Petraroli Maria.

Cappiello is to leave the apartment of her own accord
at the end of October as she has bought another at Via Vespa-
siano.

Petraroli has many a time claimed from Cappiello to be
allowed to have a room and had obtained a letter dated 19 Oct.
from Commissariato Allonghi to the effect that Cappiello was
requested to meet Petraroli desire or else the flat would have
been requisitioned. The letter however is simply warning and
does not represent a law-order.

Last night Petraroli backed by two British officers
proceeded to Cappiello's house and pretended to be let in,
but Cappiello barricaded the door as she was alone.

Then Petraroli applied to this office still backed by
the British officers and asked for P.S. agents support to
reach her aim. Unsuccessfully we tried to make Petraroli under-
stand that her request could not be met as she was in possession
of no legal authority to occupy the room.

The two officers threatened to show the door open
should Cappiello not yield.

Owing to the threatening attitude of the British Offi-
cers, one of whom pretended to know my name, I deemed it wise
to ask Mrs. Cappiello and convince her to grant Petraroli a
room. Cappiello did so only to avoid retaliation from Petra-
roli and her backers.

I do not know the names of the two officers, but one
of them is a Colonel.

This information could be supplied by Mrs. Petraroli
who lives at n. 112 Via Panama.

For your information.

Subject: Claim by Sig. POCACCIO for subsistence allowance.

To : AC Liaison Officer, BOLOGNA.
Copy to: Public Safety Sub-Commission.

1. Copies of the following are attached :

- a. Letter dated 29 Aug. 45 from Sig. POCACCIO to DAD Claims & Hirings, FORLÌ, claiming subsistence allowance and cost of repairs to a vehicle.
- b. Letter dated 8 Oct 45 from Capt. L.A. TOMPKINS, Provincial Officer, STRESA Zone, supporting the claim.

2. The driver's claim for subsistence allowance for 9 and 10 Aug. is approved. The appropriate rate is, however, as laid down in Administrative Memorandum No. 17 dated 23 March 45 : for a daily basic wage of less than 135 lire, the allowance is 125 lire per day. He is therefore entitled to $2 \times 125 = 250$ lire.

3. He should be able to produce an invoice for the vehicle repair : but in any case, on Capt. TOMPKINS' statement, he is entitled to be paid the sum of 400 lire.

4. Would you therefore please settle this matter on your next visit to RAVENNA, by paying the 350 lire from your sub-accounting funds.

Copy of petition
transmitted in 1944
from POZZUOLI

SUBJECT: Petitioner - Di Chiara Maria.

On the 17th of last February, petitioner was run-over by an U.S.A. armoured car, while walking-on footpath-in Via Gennaro, POZZUOLI (Naples). The vehicle was: VEITUMdodg U.S.A. 283-915 Indiasis A 21 S.A. 43 RANGEN (3), driven by Albert di Minot, plate numbered 151133 Im.Der 43 RANGER A.S.O. 464. (?) Eyewitness, Sig DEIUSO, with the help of an American ambulance accompanied her to the French hospital, where her left leg was amputated.

Three days later she was transferred to N°3 Italian Red Cross hospital; from where she was sent home on the 2/4/44.

Petitioner points out that before her mishap she worked at the dressmaking, and with her earnings supported her old father (74 years old). Owing to the loss of her limb and thus no longer able to work at her former trade, her want is disastrous, when both herself and her aged parent lack the very necessary food. She thus begs the Allied Commission to take measures deemed necessary in her case.

Trusting in your consideration and action she tenders her thanks in anticipation.

DI CHIARA Maria

1) I was transferred from Ravenna to Piemonte Region, Turin, on the 8th of August 1945 and was given a 15 day truck and civilian driver for the trip.

2) I arrived at Turin on the 9th of August 1945 after having been two days on the road as the PO was impassable. I fed the driver during the trip.

3) For the return trip the driver would need food as quoted and I recommend the payment as being reasonable. I do not know what repairs were necessary to the wheel, but I remember we had to stop for some time when coming up because of a noise in one of the wheels. I recommend this payment as being reasonable.

4) This driver is a reliable man.

REGIA QUESTURA DI AVELLINO

File n. C4128

Avellino, 10.10.1945

SUBJECT: SANTORO Mario di Michele and di Landolfi Rosina, born in Castelfranci on the 7.4.1911, resident there.

On the 18.7.1945 the following telegram from the Questore of Padova was received in this Office: "I beg you to arrest and put at disposition of this Office Dott. Francesco SANTORO, doctor and surgeon, Castelfranci, affirmative reply is awaited".

As in Castelfranci there are two homonymous SANTORO Francesco explanations were requested to the Questura of Padova, which on the 13.8.1945 explained it was a SANTORO Mario, about 35 years old, with the particulars mentioned in the subject.

Another request of the same kind was received on the 16.9.1945 from the Legal Office of the Auxiliary Police of Padova, which communicated that the a/m was "author of the PEGHIN homicide".

On the 17.9.1945 the a/m SANTORO was arrested, with the collaboration of auxiliary P.S. Agent VAROTTO Albino sent from the Questura of Padova for the identification, as VAROTTO was in possession of a photo of SANTORO.

Immediately the Questore of Padova and the Ministry of the Interior were telegraphed (8.9.1945) asking dispositions and charges against the arrested person.

On the 24.9.1945 we expedited, and again on the 27.9.1945.

On the 27.9.1945 the Ministry of the Interior requested by telegram that upon request of the receiving authorities the telegram of this Office dated 18.9.1945 be repeated, which we did immediately.

As, notwithstanding the repeated requests no dispositions concerning the transfer of the a/m person had been received, our Office on the 7.10.1945 sent the following telegram:

"C4128- Reference telegrams same number, dated 18 and 30 last, I beg you to communicate immediately if SANTORO Mario di Michele must be transferred there. As a/m person has been detained in the local prison for more than 20 days and as this Office is not in possession of warrant of arrest, if reply is not received he will be released. Treat the matter as urgent. Questore LA VOLPE".

Today a telegram from the Ministry has been received at this Office for information, in which the Questore of Padova is asked to communicate immediately the charges against the a/m person. We point out the fact that SANTORO is accused by people and by the local press of being a war criminal. It seems he took part in the killing of certain Ing. PEGHIN.

To the

Allied Policy

Rome

We Croatian refugees, residing in Italy, and especially in Rome, take the liberty to ask the Allied Policy not to attach any importance and value to the various denouncements coming from the partisans of Tito, from Jugoslavian Jews, or from the nationalistic Serbs and putting into evidence the names of the so called Croatian "criminals of war."

The reason of this, our demand, is because the real purpose, aimed at with those denouncements, is, almost exclusively, to crush all these Croatians, who do not want to accept the Communistic yoke, or do not want to resign themselves to the Serbian domination, but want to live in freedom.

From our side no such accusations¹ have come forth against the others. And whereas we leave everybody in peace, we want that also they let us wait in disturbadly for the decision - let us ~~wait~~ hope the just one -

about the destiny of our people
and our state

Most respectfully

The undersigned FAMA'-ULIO Lidia, of Trieste, released from the ill-famed German Camps, Director of the watching Institute of the National Association of combatants Federation of Trieste, sister of three Army officer, two of whom volunteers in the war 1915-18 (one of them was disabled and died in consequence in feb. 1944), who collaborated in the work I will describe afterwards, relates as follows:

After the fall of fascist tyranny, shortly after July '43 I related by written statement to Questore of Trieste, Dr. Roberti that some persons belonging to the "Direttorio dell'Associazione Volontari Giuliani" (Directory of the Association volunteers of Venezia Giulia) had secret meetings in their Office (Casa del Combattente) Such persons were the General Consul of Milizia "Count di ZAMPANA", lawyer RUZZIER and others who tried, supported by the German Consul at Trieste, to reorganize there the fascist party, already dissolved in Italy. As I saw that no action was taken I informed the Commander of "Corpo d'Armata", General FERRERO on whom I relied very much as he was a Piemontese, a soldier and represented the supreme civil and military authority of the region. But neither Questura nor General FERRERO adopted any provision and the former, who contacted me through the agent CALIANDRO, limited his action by giving information to the Prefect COCUZZA who was a "Badogliano" (creature of Badoglio)

Therefore during september 1943 the republican fascist party might rise almost undisturbed leaded by UTIMPERHE. Then the Armistice came (8th September): officers, soldiers and citizens were ready to fight the Germans but General FERRERO surrendered, abandoned his soldiers and escaped to Germany probably Munchen with his wife. Our soldiers were hunted by Germans and many of them received civilian clothings and welcome in the civilian's dwellings. I contributed to this

assistance with all my means and I succeeded to save many soldiers or by issuing phalse identity cards or by sending my watchmen to accompany them to their country.

Afterwards I reorganized my watching institute and on the pretext of the safety of my watchmen I obtained for them the licence to carry fire arms- the licences had the visa of Questura and German Military Authorities and I had all of them about 100 armed with muskets and pistols, which through General ESPOSITO were taken off from Germans and entrusted to me.

I had also some muskets, Tommy-guns and a pair of machine guns left behind by our soldiers and all these arms were put in a warehouse of the "Casa del Combattente" to be ready on the day of the rising against the German invader. But we had to transfer to 19, Corso Vittorio Emanuele as "Casa del Combattente" was requisitioned for the offices of German TODT organization and we passed there all our papers, furniture and the arms, which were hidden; as before, in a warehouse.

I want mention the praising collaboration given to me by my employees:

Chief watchman	OTTOLINO Michele
" "	FERSINI Tommaso
Vice chief "	DE IACOPO Vincenzo
Watchman	RICATTI Ruggero
"	SIRIANI Mario

and others.

~~Some~~ month afterwards I was charged with a delicate service at the direct dependence of Capt. MOLINA Valentino who, together private BARZELLATO Enzo, had debarked ~~to~~ on the Istrian Coast from a submarine and had come to Trieste for the accomplishment of an important mission they were entrusted with. The delicate service was regularly carried on and Capt. MOLINA praised me and proposed me for an award but, some months elapsed, as I learned afterwards the betrayal of BARZELLATO in combine with his relative GENTILE Pietro caused on the 29th April 1944 the arrest of Capt. MOLINA, his lady friend prof. MAHN DI CAMPOVALLO, her parents and Mrs. TOSI Clementina, widow of Pagani, landlady of Barzellati. Lt.Col. DE FORTI and Mr. PEDAGALLI Pino were arrested as well. On the morning of 2nd June at 6 10 the "Testapo" in combine with agents of ill-famed General Inspectorate of P.S. for Venezia Giulia (Villa of Via Bellosguardo) arrested me after a careful search of my dwelling, during which they stole my value bag containing my gold and money.

I remained in jail about four months and during this time I suffered many interrogatories and tortures without revealing the names of my collaborators who, therefore, remained free. On the 21st Sept. 1944 I was deported to the known extermination

camp of AUSCHWITZ together lady professor HAHN DI CAMPOGALLO while her parents were freed some days previously.

On the very day of my deportation Capt. MOLINA, Lt.Col. DE FORTI and Mr. PEDALALLI Gino were shot.

On the 26th of the same month Mrs. TOSI Clementina disappeared.

At the end of June 1945, after that this Region came under the control of Allied Military Government two Italian officers first and an English and an Italian one afterwards, called on my dwelling to enquire about the a/n case, detect the traitors and punish them. This had been done but I was disappointed because Gentile (whose responsibility is evident) has been put in liberty.

I want point out that the prisoner's circumstances in jail were bad by the despicable behaviour of Prof. HAHN DI CAMPOGALLO.

She was formerly a teacher at the "Liceo Petrarca" of Trieste daughter of a German father and of Slavonian mother and however she had no rôle in the important task entrusted to Capt. MOLINA she was aware of it as she lived very intimately with him.

While in jail she collaborated with the Germans, helped by her knowledge of German and by a German spy, one FRIDA.

While we were in our cell she was going around all the corridors of the jail, and in combine with her mother extorted money to other women arrested under the pretext to obtain their liberation, she caused them relate confidentially the reasons of their arrest, but when she got the confession of the simple-minded prisoners she reported everything to the German Command who issued immediately the order for the internment.

As reward of her delations she succeeded to free her parents but herself she might not escape the concentration camp.

She followed me in the camps of death (I changed four camps and she always followed me) and everywhere she collaborated with the Germans together with one NARDIN Carla of Gorizia, indicating Jews, who tried to conceal their race lest maltreatments. She accused me as a fanatic Germanophile. She made show of her German stock of her fascist faith (she had joined republican fasc. party since its establishment and had accused the anti-fascist teachers in order to receive a better dealing. In fact she fell sick and was cured in a civilian hospital while all other sick prisoners were treated as beasts till they died.

She was able to send large sums to her parents while other prisoners were not allowed to write (I am prepared to support other formerly prisoners as witnesses of his ill-doings. I will give now a biographical hint of my collaborators, who remained free because I never revealed their names:

1) OTTOLINO Michele, Chief watchman of "Istituto Vigilanza dell'Associazione Combattenti; my direct subordinate, who never joined the fascist party - germanofobe.

2) FERSINI Tommaso, Chief Watchman of the a/n institute, combatant of the war 1915-18, germanofobe,

3) CHIARGO Renato of Trieste, official of "Cantieri Riuniti dell'Adriatico" (United Adriatic dockyards) brother of CHIARGO Rodolfo who was persecuted, many times sentenced by Austria for his Italian feelings and sent to "Confino" (compulsory residence under supervision) by fascist regime as an opponent;

4) D'INTINO Guglielmo, known antifascist, employee of the Questura where he burnt many papers compromising for patriots

5) RISICATO Antonino who faithfully worked with me giving full assistance in all matters. While I was in jail he sent daily tidings and food, defying the followings of Gestapo and confronting the risk of three interrogatories by the German police. He is in charge of the General Archives of Questura, shall be graduated this year as doctor in law, a Sicilian by birth but Triestino by election, has been residing here twenty years and has got relationship with Triestini (his brother married a Triestina), loved by many Triestini friends, adores Region Giulia as his own noble and generous island.

Of sheer patriotic feelings, antifascist, he was balked by the tyrannical regime who kept him 18 years at the same rank, however he received yearly the best classification.

As manager of the Archives he helped many Jews and antifascists without reward (He is able to produce the names of such individuals). He burnt many papers requesting the arrest of patriots and sailors or soldiers desertors of Republican Navy and Army (He is still in possession of some of these letters which he carefully hid). He compiled also some lists of collaborators and auxiliaries of republican Army and concealed them in the Archives where taken away or confused among other papers by Yugoslavians during their ruling, but it is not excluded that these lists may be found in future. He remember some names and some outward appearances.

I put an end by affirming that we all worked without reward and I willingly expended some thousand lire in order to reach our supreme aim, but with sorrow I have to point out that the Germans took off my value bag (as I have explained) containing a golden watch set with diamonds, a bracelet, neck-lace, rings, 607000 lire in bank notes, dresses, linen, nails, another metal watch etc. The whole for a total value of 900.000 lire. Lt. PINETTI in charge of the Combatants

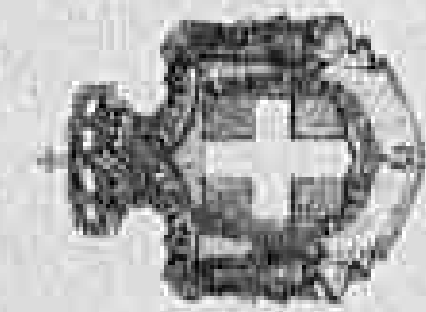

Federation "Federazione Combattenti" with marked nazifascist zeal suspended also my pay on the 2nd June 1944, day of my arrest.

I worked together the others, for our loved Italy to whom I wish to recover soon and be light-house of civility in the world.

I think that those who have merits will receive any reward but punishment shall not be saved to those who have betrayed and collaborated with the German invader and this is not for my vengeance but to avenge the fallen persons, to avenge the glorious fallen people who fought for the liberation of their Home and died shouting "V L'ITALIA LIBERA (long live free Italy)

Io sottoscritta Lidia Ramè-Ullio, triestina, reduce dai famigerati campi di sterminio tedeschi, Direttrice dell'Istituto di Vigilanza dell'Associazione Nazionale Combattenti, Federazione di Trieste, sorella di tre ufficiali dell'Esercito, due dei quali volontari giuliani della guerra 1915-18 (uno di questi involo in seguito all'aggravarsi del male decedette nel febbraio 1944), che mi affiancarono nell'opera in seguito descritta, rende succintamente noto quanto segue:

caduta la tirannide fascista, poco dopo il 25 luglio 1943, feci alcune segnalazioni scritte e sottoscritte al Questore di Trieste dott. Roberti (consegnate al Capo di Gabinetto dott. Colomba), circa le riunioni segrete che tenevano nella loro sede (Casa del Combattente) alcuni componenti il Direttorio della Associazione Volontari Giuliani. Gli esponenti di questa cospirazione erano rappresentati dal Console Generale della Milizia conte di Zampagna, dall'Avv. Ruzier ed altri, i quali si proponevano di far nascere, con l'appoggio incondizionato del Console Germanico a Trieste, il Partito Fascista, ormai liquidato in Italia.

Avendo constatato che nessun provvedimento veniva preso in merito, ritenni opportuno rendere edotto anche il Comandante il Corpo d'Armata Generale Ferrero, che nella sua qualità di piemontese e di soldato mi dava maggiore affidamento, anche perchè teneva allora i supremi poteri civili e militari della Regione. Nessun provvedimento fu preso né dalla Questura che si limitava a tenere informato l'allora Prefetto (badogliano) Cocuzza e si teneva in contatto con me tramite il conte Giuliano né dal Generale Ferrero. Potè così sorgere, quasi indisturbato, nel settembre il Partito Fascista Repubblicano, con a capo Utimbergio. In tale occasione fui coadiuvata dal Sig. Gigola, facente funzioni di Segretario della predetta Associazione Volontari.

Venne l'armistizio (8 settembre): mentre soldati, ufficiali e cittadini erano pronti a combattere contro le truppe tedesche (si noti che delegazioni di cittadini ed ex combattenti della guerra 1915-18 si recarono al Corpo d'Armata e chiedere armi per opporsi agli invasori), il traditore Generale Ferrero ordinava la resa, abbandonava i soldati e ripartiva con la moglie in Germania, probabilmente a Monaco. I nostri soldati, sbandati e ricercati dai militari tedeschi,

vennero in gran parte amorevolmente accolti nelle case private e fatti travedire in borghese. A quest'opera di soccorso io contribuì con tutti i mezzi a mia disposizione e riuscì a salvare molti dai campi di concentramento sia munendoli di documenti falsi, sia facendoli accompagnare dai dipendenti guardiani verso le campagne (alla macchia) o nelle loro regioni del settentrione, come dagli interessati richiesto.

Suocessivamente riorganizzai l'Istituto di Vigilanza e, con il pretesto di assicurare l'incolumità dei guardiani, li feci munire di porto d'armi, visti dalla Questura e dalle Autorità militari tedesche ed armare tutti (circa cento) di moschetti e pistole, armi che, previo visto del Generale Esposito, vennero abilmente tolte al Comando Germanico ed a me personalmente affidate. Feci raccogliere dai dipendenti guardiani altri moschetti, qualche mitra ed un paio di mitragliatrici dai posti, ove li avevano nascosti i nostri soldati, onde farne aumentare il numero. Dette armi, collocate in un ripostiglio della Casa del Combattente, dovevano servire per il giorno dell'insurrezione armata contro il tedesco invasore.

Sfrattati dalla Casa del Combattente, che dovette servire per gli uffici della Organizzazione Todt tedesca, costretti a trasferirci in Corso V.E. 19, in una abitazione privata, trasportammo colà il mobilio, i documenti d'ufficio e le armi, le quali ultime furono anche qui occultate in un ripostiglio. In dette operazioni debbo citare la lodevole collaborazione dei dipendenti: Capo Guardiano Ottolino Michele, Capo Guardiano Fersini Tommaso, V. Capo Guardiano De Iacopo Vincenzo, Guardiani Ricatti Ruggero, Siriani Mario (Volontario Giuliano 1915-18) ed altri.

Qualche mese dopo ricevetti un delicato incarico alle dirette dipendenze del Capitano Molina Valentino, che assieme al militare Barzellato Enzo erano sbarcati nella costa istriana da un sommergibile e si erano qui portati per una importante missione affidata loro dal nostro governo.

Qualche mese dopo ricevetti un delicato incarico alle dirette dipendenza del Capitano Molina Valentino, che assieme al militare Barzellato Enzo erano sbarcati nella costa istriana da un sommergibile e si erano qui portati per una importante missione affidata loro dal nostro governo.

Il delicato servizio funzionò regolarmente, come ebbe a pronunciare lo stesso Capitano Molina che fu prodigo di lodi e mi propose per un riconoscimento andò bene per alcuni mesi, senonchè, come appresi dopo, il tradimento del Barzellato e di un parente di costui, certo Gentile Pietro, fece sì che la Feldgendarmeria tedesca arrestasse il 29 aprile 1944 il Capitano Molina, l'amica di costui Prof. Hahn di Campogallo, i genitori di quest'ultima, nonchè la Signora Tosi Clementina ved. Pagani, che affittavano una camera al Barzellato.

Vennero perciò imprigionati il Ten. Col. De Forti ed il sig. Gino Pedegalli.

La mattina del 2 giugno alle ore 6,10, la Gestapo, coadiuvata da agenti del famigerato Ispartorato Generale di P.S. della Venezia Giulia (villa di via Bellosguardo), mi venne ad arrestare, non senza aver perquisito l'appartamen-

to per circa due ore, con esito negativo, ed avermi esportato la borsa valori (oro e denaro) che tenevo in armadio, pronta a portarla meco nei rifugi, durante gli allarmi aerei. Rimasi in carcere per un periodo di circa quattro mesi. Durante la detenzione ebbi a subire interrogatori e sevizie d'ogni specie. Avendo negato sempre ogni addebito, senza mai svelare i nomi dei miei collaboratori - tanto è vero che essi rimasero liberi - il 21 settembre 1944 venni deportata al noto campo di sterminio di Auschwitz, assieme alla prof. Hahn di Campogallo, mentre i genitori di costei venivano liberati alcuni giorni prima. Lo stesso giorno della deportazione il Capitano Molina, il Ten. Col. De Ferti ed il Sig. Pedagalli Gino vennero fucilati ed il 26 dello stesso mese sparì la signora Tosi Clementina ved. Paganì.

Alla fine di giugno di quest'anno, dopo che il Governo Militare Alleato assunse il controllo di questa regione, vennero nella mia abitazione due ufficiali italiani e successivamente un ufficiale italiano ed uno inglese a chiedere delucidazioni particolareggiate in merito alla missione di cui sono, in modo da far luce sui traditori e colpirli. Già è stato operato, ma, con mio disappunto, ho notato che il Gentile (la cui reità è evidente) è stato rimesso in libertà.

Soggiungo che ad aggravare la situazione dei detenuti (Sig.ra Paganì e gli altri) è valso il comportamento spregevole della prof. Hahn di Campogallo, insegnante al Liceo Petrarca di Trieste, figlia di padre tedesco e di madre slava, che, sebbene estranea all'importante capitolo, ma a conoscenza dello stesso per le sue intime relazioni col Capit. Molina, col quale negli ultimi giorni coabitava, si mise a collaborare in carcere coi germanici, facilitata dalla conoscenza della lingua tedesca e coadiuvata da una spia tedesca, certa Frida.

Si badi che mentre noi stavamo in cella, la professoressa girava per tutti i corridoi del carcere e, assieme alla madre, capiva denaro ad altre arrestate col pretesto di farle liberare. Si faceva raccontare confidenzialmente il motivo dell'arresto e aveva la confessione delle ingenuità detenute, comunicava tutto al secondo tedesco che aveva immediatamente l'ordine d'interna-

Per le sue delazioni ai tedeschi, riuscì a far liberare i suoi genitori, ma non poté sfuggire al campo di concentramento, perchè anche per i traditori o presto o tardi viene la punizione. Mi seguì, per mia disgrazia, nei campi della morte, (ne cambiai quattro e lei sempre appresso) e non conta di ciò che aveva fatto nel carcere di Trieste continuò anche qui a collaborare coi tedeschi, assieme a certa Carla Nardin di Gorizia, additando ebrei che per sfuggire maggiori sevizie cercavano di nascondere la loro qualità razziale. Segnalò anche me come una fanatica germanofoba. Ostellò la sua origine tedesca, la sua fede fascista (iscritta al p.f. repubblicano).

Ammalata venne curata, infatti, in un ospedale civile, mentre tutti gli altri subivano un trattamento bestiale, che inevitabilmente finiva con la morte. Inviò ai genitori cospicue somme, mentre agli altri non venne mai consentito di scrivere. (a testimoniare le malefatte porterò, se il caso, le ex carcerate e le ex deportate).

Assieme ai nomi dei bravi collaboratori, rimasti liberi, perchè mai svelati, darò un breve cenno biografico di ognuno:

2°) Fersini Tommaso, Capo Guardiano dell'Istituto, cui sopra, combattente della guerra 1915-18, germanofobo;

3°) Chiargo Renato, triestino, funzionario dei Cantieri Riuniti dell'Adriatico, fratello di Rodolfo che, per i suoi sentimenti d'italianità, fu perseguitato e venne varie volte condannato dall'Austria e dal regime fascista confinato, perchè oppositore;

4°) D'Intino Guglielmo, noto antifascista, impiegato alla Questura, ove bruciò varie carte, riguardanti segnalazioni di patrioti e

5°) Risicato Antonino, che lavorò con me pienamente in tutti i campi con leale fedeltà.

Di puri sentimenti patriottici, antifascista, boicottato dal regime tiranno che l'ha tenuto quasi diciotto anni allo stesso grado, sebbene annualmente qualificato ottimo, aiutò (1938-41), come dirigente l'Archivio Stranieri-Razza, molti ebrei, nonché diversi antifascisti e tutti sempre disinteressatamente. (può dare all'occorrenza i nomi). Bruciò segnalazioni riguardanti ricerche per arresto di patrioti, marinai e soldati dell'esercito repubblicano, che disertavano e quanto altro poteva interessare. (Diverse segnalazioni sono tuttora in suo possesso, perchè seppe ben nasconderele). Compilò alcuni elenchi di collaborazionisti e perfino delle ausiliarie dell'esercito repubblicano, elenchi che, nascosti in

uno scaffale dell'Archivio, vengnero portati via e confusi con altre carte dagli jugoslavi, durante la loro dominazione, ma non è escluso che in seguito i detti elenchi si possano ritrovare. Di alcuni ricorda i nomi, di altri la fisionomia.

Chiudo per affermare che tutti abbiamo lavorato disinteressatamente, basta pensare che io non ho mai ricevuto compenso alcuno, anzi volentieri spendevo qualche migliaio di lire pur di raggiungere il fine supremo, ma doloresamente devo far presente che i tedeschi mi hanno portato via la borsa valeri (come ho detto prima) con orologio d'oro con brillanti, braccialetto, collana, anelli lire sessantamila in biglietti di banca, abiti, biancheria, maglieria, un altro orologio di metallo ed altro, tutto per un valore globale circa di novecentomila lire. Anche il Tenente Binetti, reggente la Federazione Combattenti, con spiccato zelo nazifascista, mi sospese lo stipendio il 2 giugno 1944, giorno del mio arresto.

Ho lavorato assieme agli altri, per la nostra amata Italia, cui auguro di poter presto risorgere ed essere sempre faro di civiltà nel mondo. Mentre credo si voglia premiare in un modo qualsiasi i meritevoli, non devo sfuggire l'inesorabile punizione dei colpevoli, che dopo aver tradito si misero subito a collaborare col tedesco invasore. E ciò non per vendicare me, unica sfuggita miracolosamente alla fucilazione, unica sopravvissuta ai campi della morte, ma per vendicare i Caduti che chiedono giustizia, per vendicare quei Gloriosi Caduti che lottarono per la liberazione della Patria e morirono al grido di "W.L'ITALIA LIBERA".

TRANSLATION

To Headquarters Allied Commission
Rome

About a fortnight ago, taking advantage of my brief absence a self-styled subsidiary agent of Padua called Varotta Attilio, presented himself at my house in Castel-franci (33 Kilometers distant from Avellino). And with the shameful pretence of saying that I had called for him, (he presented one of my visiting cards which I had left in Padua with professor Egidio Meneghetti) and he invited my son Mario Santoro to follow him at-once, stating that I, and Dr. Meneghetti were awaiting for him in Padua.

Doubting nothing, my son, still convalescent of the after effects of tortures inflicted upon him by the SS in Padua (to whom he had been handed over owing to a betrayal of self-styled partisans of Padua, and afterwards deported to Germany) followed the hired criminal who with an escort of two agents of the Police illegitimately got in Avellino, accompanied him to the police Office of Avellino. There the Questore, based on a very illegal and strange order of arrest, given by the Partisan who acts at this moment as Questore in Padua, held him under arrest and luckily did not order him to be transferred to Padua in the hands of the hired-criminal self-styled Varotta, who is furnished with various other papers of recognition, and has declared also to the agents of the Police to have had from Prof. Meneghetti the promise of half a million lire if he succeeded in bringing my son to Padua.

Two telegrams of the Questore of Avellino to that of Padua, demanding an explanation for this exceedingly strange order of capture (of which no notice has been given to the Allied Command of Padua, nor to the Ministry of Interior, nor to the general Power of attorney or to the King's Charge Office of Padova of Naples and of Avellino, and therefore against the precise Law Disposals) have remained up to this day without an answer.

Meanwhile my son, a victim of a real and proper Personal Seizure is kept in the prison of Avellino, and the hired-criminal self-styled Varotta continues to live in Avellino (Hotel Roma) awaiting that victim be handed to him when they evidently wish to do away with during the partisan car journey from Avellino to Padua.

- 2 -

Now it is well to keep in mind that my son a few days before, had given to the Carabinieri of Castelfranco, at the request of the partisan Questore of Padua, a detailed memorandum in which he gave an account of his work as Military Commander of all the partisan forces of the province of Padua and Veneto (whilst prof Meneghetti was the political chief) and of the ignoble betrayal he had fallen a victim too, through dishonest partisans.

The Allied Command are aware of the heroic actions of my son, both in Italy and in Germany (Alexander-Mase) and also an Allied radio communication which spoke of these with enthusiasm.

Now I am sure that there is in Padua someone who not having seen him perish through the hands of the SS, after the unexplainable betrayal, has every interest of doing away with my son from whom he or she fears the revelation of which he spoke of in the memorandum to the Questore of Padua, or to his own defeat.

But since Padua is still under the Allied Command, whilst Avellino is under the Italian Government it is not possible nor conceivable this capture entrusted to a lying and bully hired criminal, without any guarantee for the victim, without the ordinary transfer entrusted to real agents of Public Order. Without the Allies nor the Italian Government's knowledge nor that of the Magistrates.

I denounce this crime, before this crime is cause of a greater one that of wilful murder (one can easily during a journey simulate an attempt of escape, simulate a rebellion or an explosion of some presumed victim). I openly declare from now on that I shall never cease in my purpose in bringing the criminals to justice.

Publicly the condemnation of those responsible.

I request that my son be freed from where he is illegally kept in the prison of Avellino, and that he be transferred to Padua in the ordinary way and with every guarantee of the Law.

demanding
 Two telegrams of the Questor of Avellino to that of Padoa, to ~~ask~~ ^{demanding} for an explanation of this exceedingly strange order of capture (of which no notice has been given to the Allied Command of Padoa, nor to the Ministry of Interior, nor to the general Power of Attorney or to the King's Charge Office of Padoa of Naples and of Avellino, and therefore Against the Precise Law Disposals) have remained up to

him in Padua. ^{Nothing doubting} My son, still convalescent of the ~~after~~ effects of the tortures inflicted upon him by the S.S. in Padua (to whom he had been ^{handed} ~~given~~ over owing to a betrayal of self-styled partisans of Padua, and afterwards deported to Germany) followed the ^{hired thug} ~~cut-throat~~ who with an escort of two agents of the Police illegitimately gotten in Avellino, accompanied him to the Police Office of Avellino. There the ~~questor~~ ^{questor} based on a very illegal and strange order of ~~arrest~~ ^{capture} given by the Partisan who acts at this moment as Questor in Padua, kept him ^{under} ~~imprisoned~~ and ~~heavily~~ ^{heavily} did not order him to be transferred to Padua in the hands of the ^{hired thug} ~~cut-throat~~ self-styled Varotta, who is furnished with various other cards of recognition, and has declared also to the agents of the Police to have had from Prof. Meneghetti the promise of half a million lire if he succeeded in bringing my son to Padua.

Two telegrams of the Questor of Avellino to that of Padua, to ^{demanding} ~~ask~~ for an explanation of this exceedingly strange order of capture (of which no notice has been given to the Allied Command of Padua, nor to the Ministry of Interior, nor to the General Power of Attorney or to the King's Charge Office of Padua of Naples and of Avellino, ~~10~~ ¹⁰ therefore Against the Precise Law Disposals) have remained up to this-day without an answer.

Meanwhile my son, a victim of a real and proper Personal Seizure is kept in the prison of Avellino, and the ^{himself} ~~cut-throat~~ self-styled Varotta continues to live in Avellino (Hotel Roma) awaiting the victim to be handed to him whom ^{by} ~~evidently~~ they wish to do away with during the partisan car journey from Avellino to Padua.

= 2 =

Now it is well to keep in mind that my son a few days before, had given to the Carabinieri of Castelfranco, at the request of the partisan questor of Padoa, a detailed memorial in which he gave an account of his work as Military Commander of all the partisan forces of the province of Padoa and Venetian (whilst prof Meneghetti was the political chief) and of the ignoble betrayal he had fallen a victim to ~~through the~~ ^{both} dishonest partisans.

Of the heroic ~~deeds~~ ^{acts} of my son, either in Italy or in Germany, the Allied Command are aware (Alexander-Mess) and also an Allied radio Communication spoke of ~~them~~ ^{which} with enthusiasm.

Now I am sure that there is in Padoa someone who not having seen him perish ~~through~~ ^{through} the hands of the S.S., after the unexplainable betrayal, has every interest of doing-away with my son of whom they fear the revelation of which he spoke of in the memorial to the questor of Padoa, or to his own defeat.

But since Padoa is still under the Allied Command, whilst Avellino is under the Italian Government it is not possible, nor conceivable this capture entrusted to a lying and ~~by~~ ^{by} ~~cut-throat~~ ^{transfer}, without any guarantee for the victim, without the ordinary translation entrusted to the various agents of order. Without the Allies nor the Italian government's awareness or that of the Magistrates.

I denounce this crime, before this crime is ~~caused~~ ^{caused by a} ~~not~~ ^{more} greater one that premeditated killing (one can easily during a ~~journey~~ ^{transfer} simulate an attempt of escape, simulate a rebellion or an explosion of some presumed victim) and (I declare from now, that I will not hush the Matter nor Cease to ask ^{from now} ~~the~~ ^{inquiries into the matter}).

Publicly the Condemnation of those Responsible.

I request that my son be freed, ^{from now} ~~he~~ ^{and} is illegally kept in the prison of Avellino, or that he be transferred to Padoa in the ordinary way and with every guarantee of the law.

*H. Comandante Alleato
Roma*

Circa quindici giorni or sono, profittando della mia momentanea assenza, si presentò in casa mia in Castelfranci (distante 33 chilometri da Avellino) il sedicente agente sussidiario partigiano di Padova Varotta Attilio, e col turpe raggirio di dichiararsi da me inviato, (presentava un mio biglietto da visita che avevo lasciato in Padova al prof. Egidio Meneghetti) invitava mio figlio Mario Santoro a seguirlo d'urgenza, perché io e il Meneghetti lo attendevamo a Padova.

Di niente dubitando, mio figlio, ancora convalescente dai postumi delle torture inflittele dalle SS. in Padova (alle quali era stato consegnato in seguito a un tradimento di sedicenti Partigiani di Padova e poi deportato in Germania) seguì il sicario che con la scorta di due agenti di P.S. requisiti illegalmente ad Avellino, lo accompagnò alla Questura di Avellino.

Colà quel Questore, in base a un illegalissimo e strano ordine di cattura emesso dal Partigiano che funge attualmente da Questore in Padova, lo trattenne in arresto e - per fortuna - non lo affidò per la traduzione a Padova nelle mani del sicario sedicente Varotta che è munito di varie altre tessere e ha dichiarato anche agli agenti di P.S. di aver avuto dal prof. Meneghetti la promessa di mezzo milione di lire se riuscirà a portare a Padova mio figlio.

Due telegrammi del Questore di Avellino a quello di Padova per chiedere spiegazioni di questo stranissimo ordine di arresto (del quale NESSUN AVVISO è stato dato al Comando Alleato di Padova, né al Ministero dell'Interno, né alla Procura Generale o alla Procura del Re di Padova, di Napoli e di Avellino: e ciò CONTRO LE PRECISE DISPOSIZIONI DI LEGGE) sono rimasti a tutto oggi senza risposta.

Intanto mio figlio, vittima di un vero e proprio SEQUESTRO DI PERSONA è trattenuto nelle carceri di Avellino, e il sicario sedicente Varotta continua a bivaccare in Avellino (albergo Roma) in attesa che gli consegnino la vittima che evidentemente si vuol far sparire durante il viaggio in automobile partigiana da Avellino a Padova.

Ora è bene tener presente che mio figlio pochi giorni prima aveva consegnato ai Carabinieri di Castelfranci, su richiesta del partigiano Questore di Padova, un lungo e dettagliato memoriale nel quale dava conto dell'opera sua di Comandante Militare di tutte le forze partigiane del Padova e del Veneto (mentre il prof. Meneghetti ne era il capo politico) e dell'ignobile tradimento di cui era caduto vittima ad opera di partigiani disonesti.

Dell'operato eroico di mio figlio sia in Italia che in Germania sono al corrente il Comando Alleato (Alexander-Mess) e si occupò in modo entusiastico anche un comunicato radio alleato.

Ora ho la certezza che vi è a Padova chi, non avendolo visto perire per mano delle S.S. dopo l'inqualificabile tradimento, ha tutto l'interesse a sopprimere mio figlio del quale teme le rivelazioni di cui faceva cenno nel memoriale al Questore di Padova, o la sconfitta delle proprie

○

Chiedo che venga rimesso in libertà mio figlio, trattenuto illegalmente nelle carceri di Avellino o che venga tradotto a Padova in via ordinaria e con tutte le garanzie di legge.

The Verona Prefecture has transmitted the following
to this Ministry with note n.02455 -17/9/45:

"The person in object has been arrested by the local
questura on Sept. 13th being found roaming about the city and
province giving the suspect to live on expedients.

After stating own's name, he qualified himself to be
a commissar of P.S. formerly in service at Tirana, also exhibiting
an old identity book issued at Lezcovich (Albania) in 1937,
written in Albanian language, and other identity papers with
photograph in German language issued in Vienna by "Das Albanische
National Komite in Deutschla. 126-28 March 1945. Only on last
document Gazi is qualified a "Polizei Kommiss" but had none issued
by "Direzione Generale di Polizia Albanese".

Information received has revealed that Gazi was here
the lover of a woman of doubtful moralities, a widow with a son
who, before taking up relations with Gazi left aside another
lover she was living with previously and a quarrel issued between
the two men.

As Gazi is of limited culture and could have been, if
ever a n.c. officer but not a P.S. Officer, appointed by the
German Command, we have the reason to believe that he had followed
the German invaders as a collaborator to our prejudice in Oct.
1944 as proved in a letter found in his possession.

Thus stated, we are sending on a copy of the questionings and two documents exhibited by Gazi for those verification and dispositions the Ministry thinks best.

Commanding Officer, 2675th Regiment (OVHD)

Sir:

I report to you concerning the case of Corporal Elmer Sandoval which was refused for trial to the Special Court Martial convened under your orders and which completed action on the case this morning (8 October, 1945).

Corporal Sandoval was charged with violation of the 96th A.W. by having wrongfully and without authority taken and carried away a 1 1/2 ton truck, property of the United States.

The only witness physically present before the court was Captain Allen, Commanding Officer of a Motor Truck Company who frankly admitted that he had no personal knowledge of any of the incidents of the alleged offense.

It developed that all persons who had personal knowledge and who should have been witnesses, were out of this Theater or otherwise unavailable. Therefore, it was impossible for the T.J.A. to establish by competent evidence the corpus delicti. Even had the corpus delicti been established, the investigating officer, who took a statement from the accused, had left the theater and was not available to lay the proper foundation for the court to receive the statement in evidence.

- 2 -

As result of this situation, due, undoubtedly to the operation of the redeployment policy, the court found itself with no alternative other than to find the accused "not guilty" owing to complete lack of competent evidence, in spite of the fact that the court appreciates that there must have been strong evidence against the accused before referring the case for trial.

It is felt that the court cannot protect the interests of the Government if cases in such condition are referred for trial.

Vineyard tenants (coloni) misconstruing Gullio's law claim
share of actual half share past. They demand a greater proportion
of product notwithstanding that the conditions contemplated in article
three of said law are lacking. They pretend an arbitrary distribution
and refuse to refer to the appropriate local commission. Squads of
agitators invade the land and impede a peaceful division of crop.
Threatened farmers fearing bloodshed address themselves to this superior
command requesting police be sent for the repression of the revolt and the
threats to family and personal safety.

Gentilissimo Signor Colonnello,

mi permetto presentarle la Signora Luisa Martelli Castaldi, vedova del Generale Sabato Martelli trucidato dai tedeschi alle Fosse Ardeatine, che ha necessità di avere notizie di un suo figliolo a nome Giorgio, il quale si è recato a Napoli qualche giorno fa con l'automobile dell'avv. Panzini, senza dare più notizie di sé.

La Signora Martelli pensa che possa essere stato anche fermato dalla Polizia Alleata per eccesso di velocità o per qualche altra piccola infrazione del genere.

La prego vivamente di volersi interessare di questo caso che mi sta particolarmente a cuore.

La ringrazio e saluto molto cordialmente, con l'augurio di poterla presto rivedere.

TRANSLATION

In spite of very careful searches it has been impossible to trace MARTELLI GIORGIO who was going to drive car M.5667342 (or W) from Naples to Rome.

No traces of Martelli or of the car have been found in the Italian Royal Navy, in the American and British ones.

Such car isn't even among those which having recently arrived in Naples by sea must proceed for Rome.

For better results it would be necessary to find out where and why Martelli was going to pick up the car in Naples.

The Commander of the Royal Navy CCRR Tenenza
signed Raffaele Sangiuliano.

Sergeant BARONI has just told me that up to this moment the Questura's Mobile Squad has been unable to trace the a/m car.

Nel giro indagini non presunte, nulla è stato possibile conoscere in merito al nominato Martelli Giorgio, incaricato di ritirare a Napoli la macchina W? M. 5667342 (oppure W) per portarla a Roma.

Nessuna traccia né del Martelli né della macchina presso gli ambienti della R. Marina Italiana e presso quelle Alleate Americane e Inglese.

Detta auto usata non risulta neppure tra quelle recentemente giunti via mare e destinati a Roma.

Per avere un più preciso orientamento, si è necessario conoscere presso quale ente e a che titolo il Martelli doveva ritirare la macchina. =

SUBJECT : Beniamino Valentini son of Giuseppe.

Owing to sentence issued on October 8, 1943 by the Court of BOLZANO Beniamino VALENTINI, son of Giuseppe, was condemned to 1 year and 9 months reclusion and fined 2.100 lire on charge of continual aggravated theft. Besides he was declared to be a habitual criminal and assigned to an agricultural colony for a minimum of two years.

The Director of Trento Prisons, with letter dated 14 August 1945, reports that the German Commissioner of the Presipi Area changed, by order April 1, 1945 the above penalty into vigilate freedom and ordered Beniamino VALENTINI to be set free. Thus he was released on April 26, 1945 and sent to TENNA (Trento) his birth town.

HAVING such proceeding no lawful basis and as the person in question has not finished the time of detention that should last nine months more, we beg your Commission to authorize Beniamino Valentini's arrest.

Per notizia si trascrive quanto ha comunicato il Prefetto di Imperia:
"Il 14 agosto u.s. il Commissariato di P.S. di Sanremo, ha proceduto all'arresto dell'ex sottotenente dell'esercito tedesco KRIEG Cornelius in oggetto indicato, che si nascondeva presso la fidanzata IACOPINO Lilliana, la quale abitava con la madre Angela LANTERI presso la zia LANTERI Angela, affittacamere.

Secondo voci raccolte a Cuneo da certa Pastorini Rosa da Ventimiglia, l'ufficiale germanico sopra menzionato nei giorni della liberazione si sarebbe recato a Mondovì verso Torino a bordo di una autoblinda e lungo la strada avrebbe ucciso diverse persone. Fatto poi prigioniero dagli alleati, sarebbe riuscito a fuggire dopo aver ucciso un militare alleato di cui avrebbe indossato la divisa.

1. X Reference attached copy letter AC/14057/PS dated 3rd Sept 1945 it is admitted that a permit was given to the Prefect of Vercelli to use a civilian aircraft for the journey Vercelli to Rome, after consulting with my Provincial Commissioner as to the advisability of allowing this form of travel and in view of the necessity of allowing the Prefect a speedy means of returning to his duties, and further in view of the applicants infirmity.

2. This journey is the only flight that has been authorised by this office and the aircraft kept at Vercelli have so far as is known, not been used by any other AMG officer or civilian. It is known that these planes were used by the British Mission officers prior to the arrival of AMG in this province, and later they were used by observation pilots of the US Army 1st Armoured Division. Since these units left the firm operating these craft have been unable to obtain petrol even for test flights.

3. In the case of the Prefect the petrol used was from the allocation made to the Prefecture and by the rate of consumption was more economical than if the Prefect had used his car.

4. Pending receipt of specific orders on civilian flying instructions have been given to the aircraft firm that no flights will be made without prior authority of this office, but it is known that this firm have no petrol and are not included in any allocation from the local Chamber of Commerce.

MINISTRY OF GRECE AND JUSTICE

A. S. VOLPI DIRECTOR OF THE PRISONS

The undersigned CONSOLI Lorenzo- prison-agent states the following:

" In the beginning of June 1944 I left Valentano to see my brother at Santumma- who was hiding there in order to escape enrolling in the Fascist Republican Army. I arrived at Santumma in time to see a fight between Spitfires and German planes. One of Spitfires took fire while the pilot saved himself with his parachute but dislocated one of his ankles. The pilot was 2nd L.I. CHORIC W. Turner A.S.N. 751494 U.S. Army Pilot (?).

Fully conscious of the pilot's fate I hurriedly hid him in a ditch. I had hardly done so when Germans and Fascists arrived on the spot, who seeing the parachute nearby grew suspicious; but let me off when I stubbornly insisted on knowing nothing of pilot.

Two days later, on my return to Valentano, I was arrested by the Fascists and brought before the local Maresciallo. He badly ill-treated me and threatened to have me shot on the spot if I did not speak. After which I was cross questioned by the German officers.

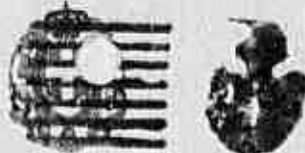

Again I was brutally ill-treated- but kept my mouth shut.

When the Maresciallo set me free and I became aware that my movements were spied on, I informed my family so that it continued to help the pilot.

When the Allies arrived, the pilot was accompanied to respective Command.

All this took place when one's own life was put at stake, when the liberating Armies were still far away, and the invading Nazis and Fascists were the undisputed masters of life and death.

Il sottoscritto agente di custodia CONSOLI Lorenzo fu il-
chiede a Sua Eccellenza di valutare con benevolo apprezzamento
i fatti esposti.

Nella prima quindicina del giugno 1944 e precisamente il gior-
no 1° o 2° giugno il sottoscritto si recava da Valentano, suo paese
natale a Sant'annè località vicina dove si trovava nascosto il fra-
tello Eraldo della classe 1924 per sfuggire all'arruolamento forzato
nell'esercito repubblicchino-Quivi giunto assisteva ad un combatti-
mento aereo da parte di Spitfire ed apparecchi tedeschi, uno Spitfire
aveva la peggio ed incendiatosi precipitava mentre il pilota si set-
tava con il paracadute-Il CONSOLI aspettò che questi prendesse ter-
ra e si avvicinò-Il pilota certo 2 nd L.T. CHORIC W Iurnes A.S.M.
751494 U.S. Army Pilot, si era lussata una caviglia ed il Consoli
consepevole della sorte a cui andava incontro si prodigò del suo
meglio e nascose immediatamente il pilota in un fossato. Fece appre-
na in tempo, che sopraggiunsero militari tedeschi e repubblicchini
che, trovato il paracadute poco lontano dal Consoli, insospettiti lo
interrogarono. Risultando che il Consoli assolutamente negativo lo
lasciarono, e questi dopo essere andato dal fratello ritornò a Va-
lentano. Dopo circa due giorni il maresciallo repubblicchino del paese
se lo fece prendere da i suoi sgherri e portare alla sua presenza,
non soddisfaccendolo il Consoli con le sue risposte e credendolo,
come effettivamente era il salvatore ed il protettore del pilota

natale a Santunmè località vicina dove si trovava nascosto il fratello Eraldo della classe 1924 per sfuggire all'arruolamento forzato nell'esercito repubblicano-quivi giunto assisteva ad un combattimento aereo da parte di Spitfire ed apparecchi tedeschi, uno Spitfire aveva la peggio ed incendiatosi precipitava mentre il pilota si gettava con il paracadute-Il CONSOLI aspettò che questi prendesse terra e si avvicinò-Il pilota certo 2 md L.T. CHORIO W Iurnes A.S.M. 751194 U.S. Army Pilot, si era lussata una caviglia ed il Consoli consapevole della sorte a cui andava incontro si prodigò del suo meglio e nascose immediatamente il pilota in un fossato. Fece appena in tempo, che sopraggiunsero militari tedeschi e repubblicani che, trovato il paracadute poco lontano dal Consoli, ineptamente lo interrogarono. Risultando che il Consoli assolutamente negativo lo lasciarono, e questi dopo essere andato dal fratello ritornò a Valtellina. Dopo circa due giorni il maresciallo repubblicano del paese lo fece prendere da i suoi agguerriti e portare alla sua presenza, non soddisfacendolo il Consoli con le sue risposte e credendolo, come effettivamente era il salvatore ed il protettore del pilota all'esto lo fece malmenare violentemente e cercò di impressionarlo dicendogli che lo avrebbe fatto fucilare sul posto, il Consoli pur sapendo di quale e tanta malvagità fosse capace, tenne duro e negò.

Fu portato quindi dinanzi ad ufficiali germanici che anche loro dopo averlo brutalmente maltrattato lo riconsegnarono al maresciallo senza avergli nulla cavato di bocca. Il maresciallo volle farlo in inganno, lo lasciò libero e lo fece pedinare. Il Consoli intelligentemente fece avvertire la famiglia che continuò ad aiutare il pilota all'esto. Giunsero gli eserciti Alleati ed il pilota fu soccomandato al loro comando.

Tutto questo, fatto in un periodo in cui il compierlo comportava il rischio della vita, quando gli eserciti liberatrici erano ancora lontani e l'uomo invasore ed il fascista erano padroni assoluti di vita e di morte.
