SUBJECT : Lawyer Gino COLLA.

The TURIN Prefect, with a note dated 13th last, communicated the following:

"About a fortnight ago, Lawyer Gino COLLA was arrested at Turin by the Allied Police and conveyed to the Nuovo Jail, from where he was afterwards transferred to the "S.Vittore" jail at Milan.

The arrested persons did not commit anything which could justify a such grave provision, nor did the Allied Authorities give any news or explanation, from which it could be understood what are the charges against Lawyer COLLA.

The TURIN Federation of the Italian Communist Party, which esteems Lawyer COLLA as one of its best collaborators and considers his merits as a fighter for Italy's liberation and his morality behind any doubt, turned to this Prefecture in order to protest against the violation of the personal freedom and the long detention of an Italian citizen, who did so much for the liberation of his country.

As the local Allied Authorities did not supply the requested explanation, I beg to ask your Ministry to interfere with the competent organs in order that COLLA, who is being detained without a public and precise accusation, be released."

We should be grateful to your Commission for the 914
eventual supply of any news regarding the reasons which caused the arrest of Lawyer COLLA.

Translation

In February 1944, father Cattaneo, Military Chaplain at Sondrio denounced Lieut. Bettonagli to the Provincial Command, for antinational propaganda for which he was sentenced to 6 months imprisonment.

After his release, in August 1945, Lieut. Bettonagli denounced father Cattaneo who was arrested at Genoa-Pegli and transferred to Sondrio.

A certain Perrone went to father Cattaneo's brother at Rovellasca, stating that Lieut. Bettonagli was willing to withdraw the denunciation against compensation of 300.000 lire. Perrone was asked to call later within a day or two. He returned in company of a young lady, and after some discussion, brought the compensation down to 150.000 lire.

The sum was not paid to Perrone and he was invited to get out of the house. The

Auxiliary Police, who had been informed, invited Perrone to their Command, where he confirmed, by written statement that he had asked for 300.000 lire first and then lowered it to 150.000 lire, on behalf of Bettonagli, who promised the withdrawal of the denunciation.

Such report seems to have been sent to Sondrio, but we do not know where and by whom. Anyhow, enquiries are in course and will notify results.

Father Cattaneo was released on 14/1/46 by the Special Court of Assisi of Sondrio. We do not know where father Cattaneo is at present.

About 1100 hours, 11 April, 1946, Major Kane, Public Safety Liaison Officer, Liguria, reported by telephone the following:

On 10 April 1946, at La Spezia, Mr. Laski and Mr. Braine talked to the party of Jews at that place who had been restrained from leaving for Palestine and who were being guarded by Questura agents. The Jews, number about 1200, had been staging a hunger strike for the past several days. During the discussions assurances were given that the predicament of the Jews would be presented to the British Government in a effort to obtain authorization for the party to proceed to Palestine. On this assurance the hunger strike was called off to be resumed on 19 April if favorable decision was not made.

MINISTRY OF INTERIOR

Rome, 5 April 1946

NOTE

The Boards of Inspection of O.V.R.A. (Organisation for the supervision and repression of antifascism) were set up about 1927 for the purpose of carrying out a police activity for the repression of antifascism.

Each Board of Inspection had jurisdiction over a special area, so that the national territory was divided into 10 areas.

After the downfall of Fascism, on 25 July 1943, such Boards of Inspection were abolished and new local offices were set up in accordance with the new Italian political situation.

After 8 September 1943 in the territories still under the Nazi-fascist domination the Boards of Inspection continued to carry out their activity until the liberation, following instructions issued by the fascist republican party: they were called 'Special Public Safety Inspectorates'.

As the territories were liberated, said Inspectorates were dismantled and they were never set up again, not even under different denomination.

Gli Ispettorati Ovrà (organizzazione vigilanza repressione antifascismo) furono istituiti, verso il 1927, con il compito di esercitare la polizia politica per la repressione dell'antifascismo.

Ogni Ispettorato aveva giurisdizione in una determinata zona. In tutto furono costituite 10 zone, nelle quali fu ripartito il territorio nazionale.

Con la caduta del fascismo, il 25 luglio 1943, gli Ispettorati furono aboliti e vennero costituiti uffici periferici a carattere solamente informativo, adeguandoli ai mutati tempi.

Nel territorio restato sotto la dominazione nazi-fascista, dopo l'8 settembre 1943, gli Ispettorati seguitarono a svolgere la loro attività fino alla liberazione secondo le direttive del governo repubblicano fascista, assumendo la denominazione di Ispettorati Speciali di P.S.

For your information, we beg to communicate that the persons on above subject: Conti Gustavo and Galligani Dino, appear to be living in Rome since August last. The former at his wife's parents, Via Santi Quattro 69; the latter at his own residence at Via Nicotera 24.

Questioned, they both admitted having returned from Portugal, but denied that they were in possession of platinum and precious stones, as resulted from search on their persons and luggage carried out by the R. Dogana of Naples, and proved by statements signed by Chief of Police Rota Rodolfo, bearing dates 28, 30 July 1945.

It resulted instead that Conti was in possession of five gold bangles (his wife's personal belongings), cleared by letter No. 16, dated 28 July 1945, and duly taxed by the R.M.; and Galligani in possession of twenty-three gold coins, weighing approximately gr. 240, disengaged with receipt NO. 76 dated 29 Oct. 1945, also duly taxed.

To : BRITISH EMBASSY,  
R O M E

On the 28th November 1944, my brother INFERRERA Enrico son of Filippo and Roussel Letteria, born at Messina on the 13/8/1907 - an Artillery 1st Lieut. in war time, left Rome heading to Taranto.

News of his arrival at Naples were received. Afterwards, we lost every trace of him and up till now we do not know what has happened to him, as every research through the C.C.R.R.'s did not achieve any results.

It seems to be excluded that he might have been killed for robbery purpose, and also the hypothesis of a road accident seems to be excluded as his body was not found anywhere. Thus, we think that he might have been held up by the British Police because carrying a pistol and interned in a concentration-camp in England or in the United Kingdom.

Probably, as he has a highly-strung temperament, he is liable to have uttered some offensive words against the Police Agents and to have been condemned to a period of imprisonment which he is perhaps spending in an English prison somewhere.

I appeal to your Embassy in order to find out the destiny of my brother, also pointing out the distress of my old parents, who are living in a terrible anguish since more than 16 months. I would like to know whether my brother is by any chance interned in some concentration-camp in England or else detained in some English prison.

Trusting that your Embassy may take interest in my case, I warmly thank in advance.

sgd/ INFERRERA Alfredo,  
Lieut. Col.

ALL'AMBASCIATA BRITANNICA - Presso il Governo d'ITALIA

R O M A

Il 28 novembre 1944 partì da Roma diretto a Taranto mio fratello INFERRELLA Enrico di Filippo e di ROUSSEL Letteria, nato a Messina il 13 agosto 1907, Tenente di complemento d'artiglieria.

Egli, che indossava l'uniforme militare ed era armato di pistola, giunse fino a Napoli dove si persero le sue tracce e fino ad oggi si sconosce la sorte a lui toccata, essendo riuscite infruttuose le ricerche eseguite dalla Questura e dai Carabinieri.

Escludendosi l'ipotesi di un delitto a scopo di furto a di una disgrazia per le ragioni che non si è rinvenuto in nessun luogo il di lui cadavere, sorge il dubbio che egli sia stato fermato dalla polizia Inglese perchè armato di pistola, ed internato in un campo di concentramento dell'Inghilterra o dei suoi possedimenti.

Come pure, essendo egli di temperamento nervoso, avrà potuto, in un momento di esasperazione, usare delle frasi alquanto vivaci verso gli Agenti della Polizia e per questo motivo avrà potuto subire qualche condanna che in atto sconta in un reclusorio Inglese.

Per dare una certa tranquillità ai miei vecchi genitori che da sei mesi vivono in continuo orgoglio, mi rivolgo a codesta Ambasciata allo scopo di conoscere la sorte toccata a mio fratello e cioè se egli è effettivamente trovato in un campo di concentramento o in un reclusorio dell'Inghilterra o dei suoi possedimenti.

Con piena fiducia che codesta Ambasciata si interesserà del

ALLIED [REDACTED] COMMISSION  
INTER-OFFICE MEMORANDUM

SUBJECT:

FILE No. \_\_\_\_\_

TO : V.P., Civil Affairs Section. 3 April 1946

The prohibition of the use of civilian restaurants by Allied personnel exists solely by reason of Allied Military orders, the contravention of which does not involve any Italian law or regulation.

It is my opinion that Italian police have no authority to enforce Allied Military orders of the types referred to. Their proper course of action is to refer the matter to the Military Police. If the Italian police are requesting Allied personnel to leave restaurants or are attempting to arrest under the direction of the Provost Marshal (which is possible) then the P.M. is wrong.

ALLIED [REDACTED] COMMISSION  
INTER-OFFICE MEMORANDUM

SUBJECT:

FILE No. \_\_\_\_\_

TO : PUBLIC SAFETY SUBCOMMISSION.

2nd April, 1946

At the Executive Commissioner's meeting this morning, the question was again raised of the use of civilian restaurants by Allied Personnel.

During the discussion it transpired that cases had arisen of the Carabinieri requesting Allied Personnel to leave restaurants or even trying to arrest them. The question arose as to the powers of the Carabinieri in this respect.

So far as I know the Carabinieri can only arrest if a felonious crime has been committed, or in order to prevent such a crime. I do not know whether there is any wrong in their drawing attention to the contravention of the law or regulations.

Will you let me have your comments.

Verbal Note

The following has been pointed out to the Holy See from an authoritative source :

" His Excellency, the Bishop of Parenzo and Pola, Monsignor Mario Radossi, has been threatened, by letter and by persons calling at his house, to be thrown into a 'foiba' (concentration camp), as a reactionary. At present he is confined to his residence at Parenzo, which is guarded by soldiers of Marshal Tito's army."

The State Secretary's Office of His Holiness, on bringing the above to the attention of Mr. Harold H. Tittman, Diplomatic Counsellor, Assistant to H.E. Mr. Myron C. Taylor, is sure that the Allied Authorities will not fail to endeavour - with the usual speed - to protect the safety of this High Prelate, so that he may continue to carry out his pastoral functions, in the freedom due him.

The State Secretary's Office - in this circumstance, takes advantage in expressing to H.E. Mr. Harold H. Tittman, the senses of its highest esteem.

PRESIDENT OF THE UNITED STATES OF AMERICA  
TO HIS HOLINESS THE POPE

2, via Boncompagni, Rome.

April 1, 1946.

Dear Captain Oddi:

I am transmitting herewith for whatever action may be deemed appropriate a copy of Note No. 2257/46 of March 30, 1946 which I have received from the Holy See, concerning a report received at the Vatican to the effect that His Excellency Monsignor Raffaele Mario Radossi, Bishop of Parenzo and Fola, has been threatened, by letter and by persons calling at his house, with being thrown into a concentration camp as a reactionary. The report adds that the Bishop is at present a prisoner in his residence at Parenzo, around which soldiers from Marshal Tito's army are stated to be on guard.

In transmitting the above report the Secretariat of State of the Holy See adds that it is confident that the Allied authorities will not fail to take the necessary steps to enable the Bishop freely to continue his pastoral duties.

Sincerely yours,

*Harold M. Tittmann*

2. It is pointed out that the disappearance of the above-named person took place on 21.4.1945, and that it is now quite impossible to trace what units were in the area on the date in question.

3. It is suggested however that some search might be instituted

(a) in the records of the Legal Section, Ravenna Province and AMG 8 Army;

(b) in the records of the Security Division, Public Safety Sub-Commission.

4. Public Safety Sub-Commission letter does not state whether in fact such search has been made or not, but enquiries by this H.Q. at the present time to trace the "Allied Command" referred to in Ministry of Interior letter will quite obviously be futile.

5. The Ministry of Interior might be asked what enquiries have been made by the Italian authorities themselves as to

(a) tracing the present whereabouts of Col. Boldrini, and

(b) the actual unit or H.Q. intended by the expression "Allied Command".

Drawing your attention to letter dated 10/6/45  
and numbered 142/8154, in connection with the situation  
arisen in Fiume after the occupation of Marshal Tito's  
troops, we beg to inform you that, according to what  
results in this Ministry, among the Italians who have  
borne the tragic consequences of the Yugoslav actions,  
are included 75 men of the Ex-Questura of Fiume. When  
captured they were imprisoned for a short period and  
later deported. Of their whereabouts and news we are  
completely in the dark.

We beg to point out that in connection with the  
aforesaid Fiume personnel, the Yugoslav Authorities  
advance, from all appearance, no charges of crime nor  
for collaboration against them, but solely because they  
belonged to the Italian Police Forces.

The case, besides a sad and painful one for the  
prisoners and their families, is also deeply felt by  
this Administration. We therefore, beg to draw all your  
kind attention for an urgent concern on their behalf  
with the competent Allied Authorities.

Subject: Illegal Immigration into Italy from Central Europe.

Recent investigations into the methods used for illegal entry into Italy have revealed that certain Jewish Welfare organisations in Italy and abroad are, for all intents and purposes, aiding and abetting these moves. As recently as 10 March, two groups of 65 and 50 Jewish refugees moved from Milan to Bari. They had only been in Italy for about a month, and, it is thought, that they had come from Salzburg, in Austria. While in Milan, they were given shelter by the Comunità Israelitica di Milano at 5 Via dell' Unione. This Milanese Jewish Welfare Organisation also made arrangements for their onward journey to BARI. Similar "hostels", which might well be called Transit Camps, exist in Rome, Bari and most of the more important cities of Italy, and in every case, are run by the Jewish Communities of the cities in question. These Jewish Communities are now issuing "Identity Cards" to all Jews in their areas, and, in fact, are quite openly "legalising" the position of Jewish illegal immigrants into Italy. As with the present confused situation in Italy the average Italian official is quite incapable of differentiating between an official identity document issued by the Italian or Allied Authorities and fancy documents issued by the numerous Italian and foreign organisations in Italy. It is therefore suggested that a very careful check be made on these different hostels run by Jewish and other communities in Italy and that all Questuras in Italy be warned that at present no foreigners other than Allied Forces personnel, are allowed to enter Italy except with the permission of the Italian Government or in properly organised groups accepted for transit through Italy by the Allied Authorities.

Signora Ione Guidi residing at S. Giuseppe di Comacchio, begs that Commission to transmit available informations in connection with her husband GUIDI Edmo late Luigi, born on 15 Feb. 1879 at S. Giuseppe di Comacchio (Ferrara).

The said GUIDI (Edmo), on 21/4/1945 while leaving his home, was assaulted by several women and later arrested by Partisans.

From investigations carried out by the Ferrara Questura it appears that the said GUIDI, taken to Ravenna, was handed over, about the end of April, by Colonel BOLDINI (a Partisan Officer) to the ALLIED COMMAND.

He was charged of having instigated the Authorities, in the pseudo Republican period, to send the young Italian workmen to Germany.

Since then news are missing.

In order to reassure the family of the s/m person, we beg that Commission to transmit us any news that you have been able to gather in connection with GUIDI.

Da indagini svolte della Questura di Ferrara sembra che il Guidi, condotto a Ravenna, sia stato consegnato verso la fine del detto mese di aprile dal Colonnello dei Partigiani Sig. PERUGIA, 7/2/1946

To : Allied Military Command.

Undersigned is PIRAS Adolfo, born at GUSPINI (Cagliari d.) on 1922. He begs to point out the following:

Together with Pte GHEDIN Alfredo, born at ESTE (Padua d.) on the 15/1/1922, he belonged to the 1st Transport Department for Combat Groups p.m. 16.

On the 25th April 1945, their Commanding Officer, Sub Lieut. DECUZZI ordered them to make a travel to Rome transporting corn. The said Officer supplied them with documents and a travel order signed by himself, and promised that he would be responsible for their travel.

The s/m GHEDIN purchased 25 quintals of corn and 10 quintals of corn flower, trusting that the Officer, who was not to be seen at the moment of their departure, would repay him the sum at their return. Besides, he wanted to go to Rome also for the reason that his fiancée, living there, was seriously ill.

As they reached FOLIGNO (Perugia district) on the same day they were arrested by the Allied S.I.B. (8th Sec.), which handed them over to the CC.RR.'s of the Perugia Command. Afterwards they were conveyed to the local jail at the disposal of the said Allied Command. During an interrogatory, Sgt. WILLIAMS promised them that their Commanding Officer, who had ordered the travel, would be arrested and they would be released. In the meantime, their truck BCDGE L 5603013, the corn, 17 thou Lire belonging to the undersigned and 17 thou Lire belonging to GHEDIN were confiscated.

Having been detained for a couple of weeks, they forwarded various applications to the s/m Allied Command, without achieving any results. On the contrary, the last applications forwarded were sent back.

Accordingly, they apply to the Allied Control Command in order to be released, as seemingly they have been completely forgotten.

Thanking in advance,

s/ PIRAS Adolfo

FLIGHTS BY ITALIAN MILITARY AIRCRAFT TO  
LONDON AND PARIS

Authority in principle has now been obtained from the British Foreign Office in agreement with the United States State Department for flights to London and Paris by Italian Military aircraft. Authority is on an "ad hoc" basis, permission having to be obtained for each individual flight. Arrangements to obtain similar "ad hoc" authority from the French Government in regard to flying to France are also being made.

2. This authority has been obtained to enable delegations sponsored by the Italian Government to attend international conferences without undue strain being imposed on Allied Air Transport services.

3. Action has been initiated in order to create the necessary machinery for the smooth running of these flights outside Italy, but the extent to which this end is achieved will depend largely on the amount of warning which is given to the Allied Commission by the sponsoring authority.

4. It is requested that you will inform the Italian Government Ministries of the above concession and that you will tell them that when the occasion arises they should communicate their requirements simultaneously to you and to the Allied Commission (Executive Commissioner). This procedure should ensure that adequate warning is given in order to obtain timely authorisation from other authorities.

5. The contents of this letter should not be construed as having any bearing whatsoever in the scope of Italian non-military aviation outside Italy if and when Civil Aviation is permitted.

3. It will be noted that as from 12 Jan. 1946 Mazzotli is stated to have been at the disposal of the Procura del Regno of Ravenna awaiting trial.

4. In view of the time taken up in investigations to trace persons alleged to be "missing", when in fact their whereabouts are generally easily ascertainable from local Italian sources, it is suggested the originators of such enquiries be asked to give full particulars of the efforts made to trace, prior to requesting the aid of Allied Commission and Liaison Groups in the field.

Reference attached copy of AC letter AC=LG/PS/4.26  
of 13 Mar 46.

Ref. to subject is in this office letters No. BO/5 of 12 Oct.  
'45 (forwarding interrogation report), and of 3 Nov. 45.

MAZZOTTI disappeared from the scene on the occasion  
of the first raid on his house on 12 July '45, and was only  
arrested by this Section on 27 Sept. '45 on the occasion of  
a second raid.

Wef. 12 Jan. '46 he has been at the disposal of the  
Procura del Regno di Ravenna and awaits trial.

It has been pointed out to the Italian authorities  
that should he be acquitted of any charges brought against  
him he is to be handed back to Allied Authorities.

MAZZOTTI was not tried by an A.M.G. Court for the  
reason that he eluded arrest until 27 Sept. '45, on which  
date there was no A.M.G. Court in Ravenna.

Further observations are as follows:

- (1) The Left Wing press in this case, as in other cases  
since, associated themselves with the case of MAZZOTTI, viz.  
attacking the Allied Authorities on the instigation of poli-  
tical elements in Ravenna.
- (2) It is suggested that it is only on account of MAZZOTTI  
being a Communist, a member of the CLN and also Capo Cellula  
of the Communist Party at ALFONSINE that we have the phenomenon  
of a Ministry asking the Allies for details of a man who  
his own confession was responsible for the secretion of large  
quantities of arms and ammunition, including six automatic  
weapons and who is singled out from thousands of others await-  
ing trial, and in Italian Government custody.
- (3) The motive behind the enquiry into MAZZOTTI's where-  
abouts is manifestly not one of genuine desire to know where  
MAZZOTTI is, for members of his family have visited him on the  
authority of the Procura del Regno di Ravenna since last No-  
vember.

In view of the above, it is the opinion of this Section

1. The radio equipment described in the inclosure to basic communication is a standard United States Army Signal Corps item of equipment. It is a meteorological instrument combined with a miniature transmitter and is sent aloft by means of the attached balloon in order that it may transmit signals which indicate to ground weather stations the atmospheric conditions at the point where the balloon floats in the upper air regions.

2. The radio equipment in question was probably released by one of the Air Corps Weather Stations, and simply happened to land in Sicily after the balloon lost its buoyancy.

3. Subject radio equipment is not desired to be returned to the United States Military, and therefore, the Allied Commission may inform the Italian agency to make any disposal of the item concerned which they desire, and that no further information or report is desired by the United States Army.

Div. A.G.R. Sect. 2a

Nr. 442/1086

R O M E

SUBJECT : A radio found at Agira.

For your consideration, we transmit the following report by the Prefect of Enna, dated 15 inst., begging you to forward us information in regard:

"On the 13 inst. a certain LENTINI Gaetana fu Francesco, aged 68 of Centuripe, peasant, informed the CC.RR. of Centuripe that on the 1st Jan. in the district of Gararai (Agira), she found, nearby an almond tree, two small white card-board boxes with a rubber balloon and an attached handle, hanging from one of branches, and above them a minute paper umbrella.

Lentini kept the two boxes for herself, while the small umbrella and rubber balloon were taken away by the children in the neighbourhood and used by these as toys.

The woman also explained that the day before, in the night, she had heard airplanes flying at a low altitude. She furthermore added, that she had been enable to consign the boxes before, due to the bad weather.

When the boxes were examined it was found that they contained an American radio transmitter: "SIGNAL CORPS-U.S.ARMY-RADIO TRANSMITTER-Bc-1253-SERIAL n.42078-ORDE-N.1437 M.P.D.45-AUTOMATIC-WINDING.Co-ING."

The radio has a vertical metal antenna, and four batteries of 10 Volts each.

On the other box was printed: "SIGNAL CORPS U.S. ARMY BAROSWITCHI ML 213.A.SER-N.1949 ORD-N.2198 M.P.D.44 KOLLSMAN-ITEM-N.I. STOK-N.71-325-213-X REMOVE DESICCANT-BEFORE-FLIGHT 23.-"

It possesses a transmitter switchboard and a white cotton wire for traversing antenna.

Suspecting that the radio was intended for armed bands or the formations of the EVIS, I arranged to send the Questore, the Commander of the CC.RR. Group and the Supervisor of the Leonforte P.S. to the spot. These proceeded to the cross-examination of Lentini and her family, and numerous other persons in the district. After the inquiry the aforesaid Officials are under the impression that the radio fell by chance from some passing plane between the 29 Dec. to the first Jan.

Searches carried out in the Gararai district for other eventual wireless-sets dropped by planes have given negative results.

The radio and what remained of the red parachute and balloon have been placed with the local CC.RR. Group Command.

Consequently, we beg the Allied Command to establish if from the 29 Dec. 45 to the first inst., a plane flew over the said zone and dropped the a/m radio."

ILLICIT TRADE WITH ALBANIA

With regard to Report No. 256/176, dated 30 September, 1945, of the Italian Mission in Albania, subject, "Italian Exportation to Albania", we inform you that the Royal Prefecture in Bari, who had been asked to make investigations, sent us the following report, dated 29 January, 1946.

"We inform you that the Albanian, KALAJA IACUP, son of CAMI and CAYLSHNE IACUP, born in Preze (Durazzo) on the 19 July 1913, lives in Preze and is a merchant.

From confidential reports received it seems that this foreigner, who is at present in Italy, underwent a financial loss owing to shoes which he had purchased at a very high price, and which he was later compelled to sell cheaply, losing around 500,000 lire.

The sum of 125,400 lire, belonging to KEITUSCHA FADIL, in the possession of the Military Mission in Bari, was lent to Kalaja to give him the possibility of resuming his commercial activities.

Trade of goods between Italy and Albania, takes place at the Palese Airport, where 'planes are at the disposal of UENRA for the relief of Albania. The local Albanian Military Mission, which is composed of officers of the Albanian Army who are not esteemed in the Albanian Colony in Bari, or in Albania itself, takes a prominent part in this trade.

It appears that the Head of this Mission, HOKNA KADRI, a resident of Tirana, and his brother SHALA with other countrymen, are responsible for the death of 100 Carabinieri, among whom a Lt. Colonel. This occurred in an ambush, on the road to Berat, shortly after the Armistice.

The presence of BRAROVESCA KHALAL, in Italy, is confirmed. He is responsible for the death of several Italians, near Elbasan.

It seems that the Albanian LIL DOOGA, has exported into Albania 200,000,000 lire worth of goods. KOL KUCIALI, another Albanian, is reported to have exported much the same amount.

Dooga is purveyor for many Albanian Ministries. (He furnishes material, curtains etc.)

The Italian architect, CASSAROLA DOMENICO, is at present in Italy, and expected back in Albania at the beginning of February.

The Italian seagrade, RODRIGO BONA, is in Italy, repatriated from Albania in September 1945. He was born in Alessandria, and lives in Ovada or Novara. He is son of the manager of the Bank of Novara. Investigations made on Cassarola and Bona, have so far given us no further results."

We beg the Ministry of Foreign Affairs to ask the Italian Mission in Albania to give us further particulars on Bona, so that we may provide accordingly.

For the Minister.

Da indagini eseguite e da notizie confidenziali ricevute è risultato che detto streniero, che attualmente trovasi in Italia ed indirizzato sconosciuto, nell'epoca cui fa riferimento la lettera diretta da Keitusha Fadil, subì un rovescio commerciale relativo a calzature acquistate ad alto prezzo e vendute successivamente a prezzi inferiori con un danno di oltre 500.000 lire.

In tale traffico ha parte rilevante la locale Missione Militare Albanese, composta da elementi autonomamente affiliati dell'esercito albanese, i quali godono cattiva fama nelle colonie albanesi di Bari ed anche in Albania.

Infatti il capo di detta missione è nome Hoxha Kadri, attualmente a Tirana, pare abbia partecipato, insieme col fratello Shala ed altri connazionali, all'uccisione di 100 carabinieri, tra cui un tenente colonnello, in una imboscata, effettuata dopo l'armistizio, sulla via che mena a Berat.

Viene confermata la presenza in Italia di Sheroveste Kelal, responsabile dell'uccisione di italiani nei pressi di Elbasan.

In relazione al traffico di merci italiane in Albania, viene riferito da fonte degna di fede, che l'albanese Lil DOGGA è riuscito a esportare sinora in Albania merci per circa 200 milioni di lire. Merci per un simile importo ha esportato anche l'albanese KOL KUCIALI, non meglio identificato.

Il DOGGA è il fornitore di veri Ministeri Albanesi di tendaggi stoffe, tappeti e oggetti di arredamento.

L'architetto italiano Casasola Domenico di Giacomo si trova attualmente in Italia ad indirizzo sconosciuto e dovrebbe rientrare in Albania nella prima decade del febbraio prossimo.

Il rinnegato italiano Rodrigo Bona si trova in Italia, essendo rimpatriato definitivamente dall'Albania nel settembre 1945. Pare che sia originario della provincia di Alessandria e che domicili ad Ovada o Novara essendo il padre direttore della Banca di Novara o di qualche filiale della stessa Banca. I suoi connotati sarebbero i seguenti: X

Statura m. 1,55 corporatura esile, tipo nevrastenico, buon portatore figura distinta.

Le indagini eseguite in questa provincia per il rintraccio del Casasola e del Bona sono sinora riuscite infruttuose.

Sul conto del Bona, per il quale, per ora, si è disposto il rintraccio e attenta vigilanza, si prega il Ministero degli Affari Esteri di richiedere alla Missione Italiana in Albania più particolareggiate notizie sul suo conto, al fine di rendere possibile l'adozione nei suoi confronti di adeguati provvedimenti.

8. Bemerk.

Parma, Borgo Roma 4 schreibt mir folgendes:

Er sei seit 2 Jahren in Parma ansässig und mit einer Italienerin verheiratet. Im November 1943 sei er von der deutschen Wehrmacht als Zivil-Dolmetscher verpflichtet worden und habe bis zum Kriegsende Dienst getan. Im September 1945 sei er verhaftet und ins Gefängnis S. Francesco in Parma gebracht worden, wo er sich heute noch befindet. Die von der Quästur in Parma angestellten Nachforschungen hätten nach seinen Angaben nichts Nachteiliges über ihn ergeben und er müste sich eigentlich schon auf freiem Fuß befinden; doch sei dies nicht geschehen, weil die Polizei noch auf die Forderung der alliierten Kommission beim Innenministerium in Rom warte, von der seine Freilassung abhängt.

Sein Brief macht einen guten Eindruck. Er scheint sich offenbar in grosser Notlage zu befinden und hat kein Geld um einen Rechtsanwalt zu nehmen. Er schreibt sehr höflich und bescheiden. Leider habe ich von hier aus nicht die Möglichkeit, an italienische oder alliierte Stellen heranzutreten. Ich wäre aber sehr dankbar, wenn von dort aus diesem in Not geratenen Landsmann geholfen werden könnte.

Translation.

A German citizen, not known to me, with the name of Fritze Küfner writes to me as follows:

He has been living since 8 years in Parma where he is married to an Italian girl. In November 1943 he was compelled by the German Army to work as a civilian translator and was kept with them till the end of the war. He has been arrested in September 1945 and put into S. Francesco prison in Parma where he is to this day. He states that the Quästura in Parma investigated the matter and that nothing incriminating has been found against him. He should have been released already. However this has not happened yet as the local police is awaiting a recommendation on the part of the Allied Commission to the Ministry of Interior in Rome on which he release depends.

His letter leaves a good impression. He seems to be in great need and has no means to take a lawyer. He writes in a very polite and modest way. Unfortunately from here I have no possibility to contact the Italian or Allied authorities. I should be very grateful if from there you could help him as needy fellow citizen.
