TO : Lt. Col. Millhouse,
A.C. I.C. Rome.

1. On 25/6/46 ROBERTO GIAMETTO, Identity Card 4358929, residing at Ofena, Aquila, reported at this office that on Saturday 19th June 1946 he was driving his Fiat 508 Car Index 176081, along the main Pescara-Aquila Road, towards Aquila, with his wife and child as passengers, and when about 50 kilometers from Aquila, a large civilian type saloon car, military grey green colour, with a rectangular half green, half white design similar to ACP-40 vehicle markings on the front wing, approached from behind, turned in front of his car, and the driver put out his hand for Moscardelli to stop, which he did. The driver of this car got out, and he was a man about 40 years, 5' 8" in height, light hair, clean shaven, well built, and was wearing American type black lung trousers and open shirt wearing no cap or badges of rank. He spoke like an American and spoke Italian fairly well. He then examined Moscardelli's car, saw that there were two military tyres Goodyear make on the car, and asked him if he had a permit for the tyres. Moscardelli said "Not yet, but I have denounced them to the Prefect of Aquila in the proper manner". The man then said "You must have a permit, and I will give you one like this (producing false permit attached) for 18,000 lire".

Moscardelli had only 7,000 lire on his person but left his wife and child and went to the house of a friend nearby at Santo Spirito and obtained the rest of the money. The supposed American soldier had followed him and when Moscardelli came out and handed him 18,000 lire, he gave Moscardelli the false permit which is attached herewith. This supposed soldier wrote another authorization in ink on the back, signature illegible. The man then drove away towards Aquila. In the car with the soldier was an Italian woman about 25-30 years of age, plump, curly brown hair, who did not leave the car. The wife of Moscardelli took particulars of the marking on the front of the other car which was as follows:- Rectangle diagonally split into white and green, similar to ACP-40 vehicle markings, with the letters ACP 3.0.1. U.S.A. 430 thereon.

2. Sent to you for information and to acquaint Italian Police authorities and Provost, as man may be a deserter.

A deep discontent is spreading among the Bagni di Tivoli population owing to the serious damages which the noted explosion of the 23rd May last, caused to nearly all the families of the place.

Some days ago, all the married men of Bagni di Tivoli gathered in order to examine the situation.

It was decided that the competent authorities must be informed about the necessity that the "Stacchini" establishment avoid to have depots of ammunition and shells, as a such material has caused two disasters within 6 months.

They also asked that the "Stacchini" firm might start to produce again, in the factory of Bagni di Tivoli, pirio powder and gun powder, as it was being done before the war.

SUBJECT: Export of Wines and Liquors from Italy.  
TO : Commanding General

APO 757

6 June 1946.

1. Several instances have recently occurred of United States military personnel arriving in Italy from Germany for purpose of purchasing and transporting to their units in USFT large quantities of wine and liquors.
2. Such informal transactions are contrary to the policies formulated in behalf of Italian rehabilitation.
3. Procedures have been formulated covering purchases of this nature and are set forth in Section II, AFHQ Administrative Memorandum Number 54, dated 31 December 1945, subject: "Local Resources in Italy, Mainland and the Islands" and Number 6, dated 23 April 1946.
4. Under these directives, this Headquarters should primarily be advised of any desired purchases, and appropriate action will be initiated with Italian Government and/or Allied Commission to ascertain availabilities of such supplies.
5. Only through such procedure can full cooperation with Italian Government be achieved as to both material and fiscal aspects of rehabilitation.
6. Transgressions of further established policies have also been evidenced in these instances in that:
  - a. Large quantities of German marks have been brought into Italy by these personnel for exchange into lire or for use, per se, in making the purchases.
  - b. In one instance two German nationals, having no authority other than German Identity Cards and permits to travel in U.S. Army vehicles, accompanied the Officer, without notification of application to G-2 authorities.
7. It is requested that this matter be brought to the attention of the various commands in order that existing policies may be adhered to and that greater cooperation between United States authorities and the Italian Government may be achieved.

SUBJECT : Reflectors for horse-drawn vehicles.

Reference to our note Nr. 23-282 dated 4th inst.

It is communicated that our ministry has no objections against the proposal made by the ministry of Public Works, that the 50 thou. reflectors put by the Allied Commission at the disposal of the Italian Government be destined to cope with the needs of cars and bicycles instead of horse-drawn vehicles, as it had been previously proposed.

Meanwhile, as a pretty long time has elapsed, the matter is becoming urgent. We thus beg you to take immediate contacts with the General Inspectorate of the Civil Motorisation and transports in order that dispositions be given for the adoption of the reflectors in question and any other competent measure be taken according to para. 5 of the R.D.L. 2139 dated 22/12/1936 and to last para. of the rules issued on the 25/5/1939 nr. 921.

## REPORT

To: OFFICER COMMANDING,  
6TH BRITISH ARMoured DIVISIONAL PROVOST Coy.

SIR,

I HAVE TO REPORT THAT AT PADUA ON THE 24TH APRIL 1946 I WAS APPROACHED BY THE MARESCIALLO OF THE ITALIAN TRAFFIC POLICE PADUA WHO INFORMED ME THAT DURING THE COURSE OF DUTIES A CIVILIAN TRUCK HAD BEEN STOPPED AND FOUND TO BE CARRYING ABOUT 100 QUINTALE (ABOUT 10 TONS) OF GRAIN. THE DRIVER OF THE TRUCK MAKE OPEL 12652 WAS ACCOMPANIED BY ANDREAZZA, FEDERICO OF VIA PIAVE CORNUDA PROVINCE OF TREVISO WHO PRODUCED A PERMIT ISSUED BY THE AMG OF LIVORNO AUTHORIZING THE MOVEMENT OF GRAIN IN THE PADUA AREA. (PERMIT ATTACHED TO THIS REPORT). AS ALL GRAIN IS CONTROLLED BY ITALIAN CIVIL AUTHORITIES, AND THE PRESENT AREA IS UNDER CIVILIAN CONTROL, THE TRAFFIC POLICE CONFISCATED THE GRAIN, AND CHARGED ANDREAZZA. THE TRAFFIC POLICE CAME TO THIS HQ WITH THE PURPOSE OF ASCERTAINING THE AMG AUTHORITY. I CONTACTED MAJOR MCKENZIE POLICE LIAISON OFFICER AMG AND EXPLAINED THE INCIDENT. MAJOR MCKENZIE REQUESTED THAT I INVESTIGATE THE INCIDENT AND THAT THE CASE BE FORWARDED TO HIM FOR DISPOSAL. THE DRIVER OF THE TRUCK VISNADI, CAMILLO, OF CROCETTA DEL MONTELLO, VIA ERIZZO NO 65, PROVINCE TREVISO STATED THAT HE HAD BEEN INSTRUCTED TO COLLECT GRAIN FROM VARIOUS FARMS, AND THAT THE GRAIN WAS PAID FOR UPON COLLECTION. THE GRAIN WAS TO BE TRANSPORTED TO CORNUDA FOR DISTRIBUTION AMONGST PARTISANS AND POOR CIVILIAN POPULATION, THROUGH THE MEDIUM OF A COOPERATIVE.

I QUESTIONED ANDREAZZA WHO STATED THAT HE WAS A DRIVER ATTACHED TO THE ALLIED COMMISSION AT LIVORNO AND THAT WHILST ON LEAVE WITH HIS FAMILY IN CORNUDA HE HAD OCCASION TO SPEAK WITH THE MAYOR OF FEDEROBBIA AND THE PADRE OF CORNUDA WHO KNOWING THAT ANDREAZZA WORKED FOR THE ALLIED COMMISSION ASKED HIM IF HE COULD OBTAIN A PERMIT FOR THE PURCHASE AND TRANSPORT OF GRAIN TO CORNUDA AS Owing TO THE CONDITIONS, THE VILLAGERS WERE WITHOUT GRAIN.

ANDREAZZA AGREED AND WENT TO LIVORNO AND OBTAINED A PERMIT FROM A MAJOR STANLEY BEATTIE LIVORNO LIAISON OFFICER, OFFICIAL OF THE PUBLIC SAFETY DIVISION.

STATEMENTS WERE OBTAINED FROM ANDREAZZA AND VISNADI AND ARE ATTACHED.  
THE GRAIN IS HELD BY THE TRAFFIC POLICE OF PADUA.

SUBJECT : Border line at Argentara

At 4 a.m. - 6/6/46 a lorry crossed the border line at Argentara (Cuneo) without taking notice of the CC.RR who tried to stop it, likewise at the other transit post of Vinadio where the police fired some rifle shots to force the lorry to stop.

The CC.RR of Demonte instead succeeded in halting the car and found out that it belonged to the U.N.R.A., and the driver to be U.S.A. Major CASTAN Joseph Robert, Regional Director of U.N.R.A.

The officer legitimated his action to the CC.RR declaring that he was coming from France and ignored the existence of Italian frontier posts and presumed - on account of bad visibility - that the intimations to halt were given by evildoers.

Il giorno 6 corrente, verso le ore 4, transitò per il posto di frontiera di Argentera (Cuneo) una autovettura che non si fermò alle ripetute intimazioni dei carabinieri locali, nè a quelle dei carabinieri di Vinadio che spararono senza risultato, alcuni colpi di moschetto.-

La macchina fu invece successivamente fermata dai carabinieri di Demonte che accertarono trattarsi di automezzo dell'U.N.R.A. guidata dal maggiore americano CASTAN JOSEPH ROBERT, Regional Director U.N.R.A.-

L'ufficiale riconosceva la legittima azione dei carabinieri e dichiarò che, essendo proveniente dalla Francia, ignorava l'esistenza del posto di frontiera italiano e presumeva - per la scarsa visibilità - che le intimazioni di fermo fossero state fatte da malintenzionati a scopo di rapina.-

FROM: Del Signore Settimio  
Viale Carlo Felice N.95  
Rome

To: Allied Command  
Public Safety S.C.  
Rome

SUBJECT: A Summary of the herewith attached enclosures.

Del Signore Settimio states that when Capt. Mack, then Governor of Nettuno, requested his radio, he handed it over willingly because he was assured by the said officer that he would have a receipt for same and could have withdrawn it in the course of a few days from the Nettuno Allied Command.

He never received the promised receipt nor ever succeeded in tracing up his radio receiving set.

On 13 April 1945, following the advice of the personnel of the Nettuno Command to confer directly with Capt. Mack - believed to be with this Command at Via Veneto - found in his stead a Maj. Mack who, after listening to his detailed account, addressed him to a Lt. Mackenzie. This officer, who appeared to know Capt. Mack, promised to write and duly inform him on receipt of a reply. He moreover assured him that his radio was with the Command Post C.S.F., and in case of non-return, receive payment for it.

The radio was a 5 valved "Philips" - type 478, NO. 2592.

His claim placed before Ufficio Reclami e Affitti at Via Botteghe Oscure 45 - Rome, was not accepted.

The writer concludes by saying that, in view of serious losses suffered through the war and straitened financial conditions, begs you to grant him a sum equivalent to value of his radio, if this cannot be traced.

R C S A

Il sottoscritto DEL SIGNORE Bettino, residente a Nettuno, Via Cavour n. 22, si permette di sottoporre alla loro benevola attenzione quanto esp-presso:

Poco dopo lo sbarco degli Alleati a Nettuno il sottoscritto dietro richiesta del Cap. WACH allora governatore della predetta località consegnò il suo apparecchio radio con la formale assicurazione che subito avrebbe avuto tramite l'autista del Cap. la ricevuta di consegna dell'apparecchio che, inoltre, gli sarebbe stato restituito dopo alcuni giorni.

Volentieri il sottoscritto si sottopose alla richiesta in quanto garantito da un Ufficiale di SUA MAESTÀ, BRITANNICA e che per giunta rivestiva la carica di GOVERNATORE DI NETTUNO.

L'apparecchio radio di marca PHILIPS 5 Valvole-tipo 478-n. di Matricola 2592, non ostante la categorica promessa non è stato a tutt'oggi restituito.

L'apparecchio in parola fu portato personalmente dall'istante nell'Ufficio del Cappellano Militare Alleato e successivamente da informazioni assunte è stato dato in consegna al Comando POST. T. S. F. NETTUNO, presso cui è rimasto fino al giorno in cui il sottoscritto fu costretto, per sfollamento obbligatorio ad allontanarsi dal paese di residenza.

Il Cap. Tornato dal luogo di sfollamento invano il sottoscritto cercò il suo apparecchio presso il Comando Militare Alleato di Nettuno in quanto di esso non vi era più traccia né si poté più rintracciare il predetto Cap. WACH nonostante le ricerche condotte dall'UFFICIO RECLAMI A APPLICAZIONE DEL COMANDO INCASSA sito in Via delle Botteghe Oscure, n. 46, per cui il predetto Ufficio non si interessò più della pratica adducendo a propria giustificazione che il Comando delle Truppe di SUA MAESTÀ, BRITANNICA non possa essere responsabile per le perdite causate dagli accordi privati conclusi individualmente tra i civili e membri delle dette truppe.

SUBJECT : American Consul in road incident.

REF. : FR/CIO/051.6

TO : HQ ALLIED COMMISSION (Public Safety Sub-Commission)

1. Confirming telephone conversation with Colonel Bye on 3rd instant, the following is reported for information.

2. On Monday 3rd instant, whilst in conversation with Dr. HAVEN, American Consul at Turin, he informed me that at about 7:30 p.m. to 8 p.m. on the 1st instant, he was driving towards Turin on the autostrada.

3. At a spot somewhere west of CHIVASSO, he heard a "crack" and thought that it sounded like the detonation of a firearm of not greater calibre than a 22. He thought no more of the incident and drove on to Turin.

4. On arrival at Turin, however, he found a small dent on the left rear door and he was of opinion that it might have been caused by a small calibre bullet.

5. He added that he attached no political significance to the incident and stated that it could not have been known by any aggressor that his motor car was a Consular car.

6. I requested the Questura to send a Commissario to see Dr. Haven and report to me on the case. He later sent in a written report stating that he had seen the car and had inspected the dent in the door which could have been caused by a revolver bullet. He adds, however, that Dr. Haven informed him that, at the time of the incident, a small black motor car, containing four individuals passed his car, going in the opposite direction, and he apparently assumed that a shot was fired from this vehicle.

7. I am of opinion that Dr. Haven's hypothesis is hardly likely to be correct, firstly because it would require a very skilled shot to hit, on the side, another vehicle going in the opposite direction and also that at such a short distance a shot would have penetrated the door and not merely dented it. I consider it much more likely that a stone was thrown up from the newly tarred roadway, by the wheel of the passing vehicle, and the "crack" Dr. Haven heard was the impact of the stone hitting his vehicle.

8. Enquiries are, however, continuing.

the following wire :

" We beg you to immediately interfere with the Allied

of the Riccione Labour Chamber, who was held up without any reason  
by the Polish P.S.S. "

We requested from the a/m Labour Chamber further  
details about the unpleasant incident, and gathered that the arrest  
of the said Mr. PIN was carried out by the Polish P.S.S. under  
pretence of illicit detention of arms.

From a search performed also by the local CC.RR.'s  
it appeared that PIN was in possession of one pistol, for which  
the above had a regular licence to carry arms.

We warmly beg your Command to dispose at the earliest  
of the release of Pr. PIN, as his charge was found out to be un-  
founded.

Awaiting a kind acknowledgement of receipt, we thank

Dalla Camera Confederale del Lavoro di Forlì, riceviamo un telegramma del quale riportiamo qui di seguito il testo integrale:

"PREGHIAMOVI INTERVENIRE IMMEDIATAMENTE PRESSO COMMISSIONE ALLEATA CONTROLLO PER PROTESTARE CONTRO ARRESTO SEGRETARIO CAMERA LAVORO RICCIONE EFFETTUATO F.S.S. SENZA MOTIVAZIONE"

Abbiamo avuto cura di chiedere alla predetta Camera del Lavoro i necessari ragguagli sull'increscioso incidente e, da quanto ci risulta il fermo del Sig. Antonio PIN non è motivato in quanto l'arresto è stato compiuto dalle F.S.S. Polacche con la scusante che il suddetta sarebbe stato detentore di armi.-

Da una perquisizione compiuta a cura anche dei Carabinieri locali, è risultato che il Pin era in possesso di una sola pistola regolarmente giustificata da un porto d'armi intestato all'interessato.-

Preghiamo vivissimamente codesto On.le Comando di voler disporre, con l'urgenza che il caso richiede, al rilascio del Segretario della Camera del Lavoro di Riccione, Sig. Antonio PIN in quanto sono risultate infondate le accuse mossegli.-

In attesa di un sollecito cenno di riscontro, inviamo distinti saluti.-

Reference our phone conversation.

On 13.5.46, early in the afternoon, the "Italin-Sera" newspaper n° 55, dated 14th May 1946, 6th issue, reported on the front page a news concerning a plot against King Umberto II planned by a newfascist party's section named "Revolutionary republican fascist" under the direction of a terrorist organization led by "nazist werewolfs" (Lupi mannari nazisti). Said news paper pointed out, as suspected, one Viviani, false Navy Officer, and, as confederates, Riccardelli Andrea, ex-serviceman in Spain, and holder of a German Iron Cross, Zonattini Melchiorre formerly attached to "X flottiglia MAS" and CC.NV., Lari Luigi formerly attached to "Germoso" Division, Gambacorta Annibale paratroop De Andreis Michele attached to CC.NV. "Resega".

On 15.5.46 thesame newspaper in its n° 56, 6th issue maintained the conspiracy's genuineness but reported a possible falsity about the conjurators' names.

To know the source of this news, Dr. Tripoli of this Political Office went to the "Italin-Sera" Offices, n° 9 Via della Mercede. There, the Chief Responsible Contributor, Comm. Rossi Romualdo said the news was reported to his son, Dr. Rossi Luigi, deputy director of the same newspaper, living at n° 3 Via Boccioni who was ill and had phoned to him that he didn't want to disclose the news' source to the Police, as it concerned his own office secret. Said Police Official went to Dr. Luigi Rossi's. This latter, after some, made up his mind to say the news was reported to him by Dr. Colozza Eugenio, newspaper contributor and reporter living at n° 63 Largo Brancaccio int. 6th. Dr. Colozza was questioned and stated one Farina Roberto, of unknown abode, reported to him on 9.5.46 that 5 neofascists named Lari Luigi, Gambacorta Annibale, De Andreis Michele, Zonattini Melchiorre and Riccardelli Andrea, a month before, had plotted a conspiracy to attempt on the life of the King's Lieutenant. Dr. Colozza, as he stated, reported the news first to the Chief Responsible and after to "Italin-Sera" deputy director, showing his doubts about its genuineness. The deputy director, with his great surprise, issued the news exaggerating it.

Dr. Colozza, as he stated, reported the news first to the Chief responsible and after to "Italia-Sera" deputy director, showing his doubts about its genuineness. The deputy director, with his great surprise, issued the news exaggerating the contents and adding the Viviani's name.

Inquiries have been made to identify Farina Roberto and the suspected conjurators but none of the local citizen named Farina Roberto was identified as the reporter of Dr. Colozza. Some men named Riccardoelli Andrea and Leri Luigi were found in Rome but no suspicion could arise in their regards.

Afterwards Dr. Colozza promised to find Farina Roberto whom he had to meet on 15th or 16th instant, at 1900 hrs. at Piazza Melozzo di Forlì, but nothing was found.

The doubt rose that the would be Farina didn't arrive at the appointment, because he was advised by the "Italia-Sera" direction.

- 2 -

Consequently Dr. Colozza was again questioned and it was ascertained that Farina Roberto visited him under false name to give him sensational news, first about the Soerza's new fascist organization, afterwards about the Mussolini's body theft, and at last about the conspiracy against the King's Lieutenant. This news, evidently without any ground, arrived to "Italia-Sera" from Dr. Colozza who took on himself its paternity.

As it appears, Dr. Rossi Luigi, deputy director, participated with the dishonest behaviour of Colozza, who now has been threatened of dismissal if he doesn't carry out a travel through Jugoslavia.

So much is reported for any action deemed necessary.  
Attached copy of statement from Dr. Colozza.

Various news agencies in publishing this morning an account of the disaster yesterday in the Stadium a large number of spectators, state that according to the direction of the stadium, the explosion could have been caused by sabotage on the direction was said to have recently received threatening letters denouncing the dismissal of certain clerics employed in the powder factory who were considered undesirable and threatening to blow up the establishment if measures were not taken to substitute the men in question.

These newspaper reports are incorrect as from investigation carried out on the spot up to the present, it has not been possible to ascertain whether there was foul play or not.

The guard GIOVANNI ARALDO and the volunteer ILLUMI Paolo state that the first explosion took place at 9.15 hrs yesterday in the "riscervetto" No. 506 which contained grenade cartridges recovered from battlefields and deposited there during the period 12 Feb - 14 May of this year. Six other explosions followed in the "riscervetto" No. 506, 505, 505, 506, 507 and in the store 504. This last contained exclusively 100mm shells "riscervetto" contained Italian, German and American artillery shells picked up in the battle areas and stored there without orders.

It is not to be ruled out that the explosion which took place in the "riscervetto" 506 - seeing that the two 100mm weapons were at about 20 metres from it - could have been caused by self-ignition of the cartridges of which the various shells were made.

The Director of the establishment, Ing. BRANCONI, however, maintains that the explosion was caused by foul play seeing that the explosives took place almost contemporarily.

As this last hypothesis could lead itself to speculations of an economic and political character, I have requested that the medical commission for explosion of your Ministry should immediately visit the scene before attempts could be made to modify or alter things with a view to deviating the course of the enquiry.

By to the present there are five dead and about 40 wounded.

Material damage amounts to several millions.

You will be kept informed of the results of further investigations.

and another yesterday in the presence of a large number of spectators. It is stated that according to the direction of the previous, the explosion could have been caused by sabotage on the direction was said to have recently received threatening letters denouncing the dismissal of certain elements employed in the poster factory who were considered unimpeachable and threatening to blow up the establishment if measures were not taken to substitute the men in question.

These newspaper reports are incorrect as from investigations carried out on the spot up to the present, it has not been possible to ascertain whether there was any play or not.

The guard division, the Italian and the Italian, the Italian state that the first explosion took place at 9.15 hrs yesterday in the "riservetta" No. 536 which contained granade cartridges recovered from battlefields and deposited there during the period 12 Feb - 14 May of this year. Six other explosions followed in the "riservetta" No. 532, 534, 535, 536, 537 and in the store 534. This last contained exclusively TEF, while the "riservetta" contained Italian, German and American artillery shells picked up in the battle areas and stored there without value.

It is not to be ruled out that the explosion which took place in the "riservetta" 536 - seeing that the two a/a weapons were at about 20 metres from it - could have been caused by self-ignition of the explosives of which the various shells were made.

The Director of the establishment, Ing. STADLER, however, maintains that the explosion was caused by fuel play a thing that the explosion took place almost contemporarily.

As this last hypothesis could lead itself to speculations of an economic and political character, I have requested that the special commission for explosives of your Ministry should immediately visit the scene before attempts could be made to modify or alter things with a view to deviating the course of the enquiry.

Up to the present there are five dead and about 40 wounded. Material damage amounts to several millions. You will be kept informed of the results of further investigations.

1. As a result of a visit by an officer of the Displaced Persons and Repatriation Sub-Commission, this Headquarters, it would appear that your Frontier Controls on the Resia Pass are unaware of the correct documentation required by persons to enter Italy.

2. It will be recalled that as a result of a meeting between Drs. Migliore and De Vito of your Ministry and E/Lt. Baker and Capt. Rauci of this Headquarters, on the hand over of responsibility of the frontier, airport and seaport controls, your Ministry sent a cable Nr. 443/43837 dated 19 April 1946 informing all your controls of the categories of persons which were to be permitted entry into Italy.

3. During the month of April it was determined that over 1400 illegal immigrants were permitted through the Resia Pass under the guise of Displaced Persons.

4. Your attention is drawn to the agreement for entry into Italy of Displaced Persons whereby Italians and Alien Displaced Persons will only be brought into Italy after your Ministry's approval has been obtained and this approval has been endorsed on their D.F.2 card; and when your Ministry has advised the Frontier Control point concerned of their intended arrival. Furthermore in the case of Italian Displaced Persons these parties will be accompanied by Italian officers and other Displaced Persons will be accompanied by a conveying officer of the Displaced Persons and Repatriation Sub-Commission.

5. It would therefore be appreciated if urgent action could be taken to inform the Resia Pass controls, and once again draw to the attention of all your other controls, the categories of persons they should allow entry into Italy.

ALLA QUESTURA DI ROMA

ALLA STAMPA CITTADINA

Alla denuncia voluminosa inoltrata dal sottoscritto contro una banda di delinquenti che, esibendo le più alte benemeritenze fasciste e alti meriti e cariche fasciste, hanno compiuto contro la CRI. atti innominabili, devesi per seguito.

La suddetta banda di criminali, venuta a conoscenza che il sottoscritto è stato messo in libertà provvisoria, tenendo la giusta reazione di chi è ingiustamente, abbominevolmente accusato

da essa, allo scopo di cercare l'estremo riparo, si sta scagliando ferocemente contro di lui, inventando le più abiette accuse.

Più precisamente essi sono :

1) Lambertenghi Rino : Segretario Federale di Sondrio, V. Prefetto politico, capo dell'ufficio prigionieri di guerra della C.R.I., creatura cara a Buffarini Guidi. Questo losco inquilino unitamente al Castellani, al Pantanetti, al Mariani e soci, chiamava in Africa reparti della Muti al comando del Ten. Mario Ronchi onde fare da essi procedere a rastrellamenti di partigiani, onde compromettere l'apoliticità della C.R. Ospitava l'intero reparto negli alberghi e nelle mense della C.R.I. ed a spese della stessa C.R.I.

Quando assunse la direzione della C.R.I. il Dr. Pagnozzi, il Lambertenghi non potette più agire come prima e da ciò derivò e deriva tuttora contro il Dr Pagnozzi e contro il sottoscritto un odio mortale. Quando in Milano avvenne l'eccidio dei bimbi di Gorla fece dare ad Aprica un ballo che si potesse tutta la notte e che fu aperto da lui e dalla moglie. Fece arrestare dai tedeschi il cappellano capo della CHI. padre Cesare Caronia. Il Lambertenghi ha in società con tale Lucarelli Spartaco, squadrista, di cui si illustrerà qualche episodio in appresso, una ditta di autotrasporti in Milano, la ditta Rossi. Di questa ditta fa anche parte Walter Crociani il quale per non smentirsi, ha rubato alla ditta stessa a Bari, come sembra, ben 800'000 lire.

2) LUCARELLI SPARTACO - squadrista. E' stato invitato a Roma, in effigie, dopo il 5 giugno 1944. Di ciò egli menava vanto. E' rimasto a Milano dopo il 15 aprile 1945 perchè ben sa quel che gli spetterebbe ritornando nella sua città natale. Au-

tore di poesie vernacole sul fascismo. Una di queste era conservata nel suo fascicolo personale. Ma si teme che il suo socio Giorgio Barberi, capo del personale, l'abbia fatta sparire così come state fatti sparire tutti i documenti attestanti le benemerienze fasciste di tutta la banda !

(Sottrazione dolosa di atti di ufficio)

A Lucarelli non spettavano come al Greco Adolfo, le 6 mensilità di stipendio determinate dalla repubblica sociale italiana. Egli ricorse ancora al capo di gabinetto del P.N.F., Cantagalli, che rimise al Dr Pagnozzi il reclamo. In calce a tale reclamo ~~Dr~~ il Dr Pagnozzi appose una aspra ~~puntata~~ sul fascismo ricattatore di questo losco individuo.

3) GRACO ADOLFO - Aiutante magg. di Lambertenghi. Costui, pare che nell'ufficio prigionieri facesse pagare delle somme dagli interessati onde affrettare l'inoltro e la consegna dei messaggi che già in suo possesso. Di ciò non si hanno prove ma erano cominciate a pervenire al sottoscritto notizie di tal genere. Era la voce pubblica a qualcosa doveva essere attuata. Non si poteva inventare un fatto simile così estremamente grave.

4) GIOVANNI MARTINO. Di costui già sufficientemente detto.

Orbene la fortuna aiuta i delinquenti !

E' il colmo quanto accade ora !

1079

Il P.M. di Sondrio, avv. Monai, non ancora soddisfatto di tutte le informazioni assunte ha fatto interrogare in Milano

per rogatoria i detti signori : Lambertenghi Rino, Greco Adolfo, Lucarelli Spartaco, Giovanni Martino.

Costoro come iene, in un estremo tentativo di salvataggio, si sono scagliati contro il sottoscritto, calunniandolo, diffamandolo, infangando il più onesto tra gli uomini.

E ciò per salvarsi !

E l'Autorità Giudiziaria di Sondrio non si accorge che si sta cercando di farle commettere il più grande atto d'ingiustizia che la storia potrà mai registrare ?

E' da oltre un anno che quattro innocenti, rei solamente di essere onesti, stanno soffrendo le più infernali pene ad opera di fascisti la cui criminalità COMUNE E POLITICA, non viene mai colpita e serve ancora a loro di scudo.

E' ora d'intervenire e subito.

Prima che costoro non ricorrano all'assassinio, di cui saranno capacissimi per continuare a godersi, liberi, il frutto delle loro ribalderie.

SUBJECT : Illegal entry into Italy.

TO : The Ministry of the Interior.

1. As a result of a visit by an officer of the Displaced Persons and Repatriation Sub-Commission, this Headquarters, it would appear that your Frontier Controls on the Resia Pass are unaware of the correct documentation required by persons to enter Italy.

2. It will be recalled that as a result of a meeting between Drs. Migliore and De Vito of your Ministry and P/Lt. Baker and Capt. Rauri of this Headquarters, on the hand over of responsibility of the frontier, airport and seaport controls, your ministry sent a cable Nr. 443/43837 dated 19 April 1946 informing all your controls of the categories of persons which were to be permitted entry into Italy.

3. During the month of April it was determined that over 1400 illegal immigrants were permitted through the Resia Pass under the guise of Displaced Persons.

4. Your attention is drawn to the agreement for entry into Italy of Displaced Persons whereby Italian and Alien Displaced Persons will only be brought into Italy after your Ministry's approval has been obtained and this approval has been endorsed on their D.P.2 cards, and when your Ministry has advised the Frontier Control point concerned of their intended arrival. Furthermore in the case of Italian Displaced Persons these parties will be accompanied by Italian officers and other Displaced Persons will be accompanied by a conveying officer of the Displaced Persons and Repatriation Sub-Commission.

5. It would therefore be appreciated if urgent action could be taken to inform the Resia Pass controls, and once again draw to the attention of all your other controls, the categories of persons they should allow entry into Italy.

Porati Vincenzo, father's name Carlo living at Via Sebina 49, Rome, c/o Legè, has applied to this Office for the restitution of the a/m car confiscated by Allied Authorities at Salzburg (Austria) from the Yugoslav Major Dabovic Jovo.

The Yugoslav citizen Brkic Teodor father's name Giuseppe, born in Zagabria on 5/10/1922 and living at Via Marche 84, Rome, drove the car during the trip from Rome to Salzburg as driver attached to Major Dabovic.

Brkic stated that on October 1945 he was on duty as intelligence agent at 2677 Regt O.SS. and was in charge of watching Dabovic; to this end he managed to be employed by him as driver. He stated he left Rome on 3/10/45 with a/m major, Mr. Berger Zeliko and Mr. Salomon Zakai driving a/m car. When in Salzburg Brkic had Dabovic and his two friends arrested and denounced them to C.I.D. of that town. They were tried and sentenced the first one to 5 years' imprisonment and the others two to 2 years', and all of them to the confiscation of their property.

In compliance with a/ verdict the car was confiscated by American Military Court about on 10/1/46. Brkic added that on 3/3/46 the car was still in the impounded vehicle park of C.I.D. in Salzburg.

QUESTURA DI VARESE

Extortion from prisoners.

Padre A. Cattaneo is not detained in our province and it has not been possible to find out his present whereabouts.  
Padre Geremia, Chief of Passionisti in Caravate, when questioned has written:

" Padre A. Cattaneo was arrested in Pegli and brought to Genova, Milan and Sondrio. He was tried in this town in January and found innocent. I think he was arrested and accused of antipatriotism. But this charge was found to be without foundation.  
About the extortion, of which I was informed, I will make further enquiries. I do not want the case of this priest discussed too much to avoid trouble from anonymous troublemakers.

514 (12 + 600)

Follows report No.52/252 R.P. of 21st April last.

Owing to the departure of the Allied unit from  
Castellamare di Stabia (Naples), workers are now  
jobless.

The number of the unemployed, ex-prisoners of  
war, veterans and civilians, has now risen to 4,000.

The general discontent and unrest so manifest,  
is kept under control only through special dispositions.

In connection, we beg to remind you, of the necessity  
to assign to the Avis establishments, lately derequisitioned,  
work for the construction and repair of railway carriages  
and to increase the number of orders to the Naval Mechanical  
Company and to the Iron Works.

A causa della partenza delle unità alleate da Castel-

Il numero dei disoccupati è, così, salito ad oltre 4

Viene ravvisata la necessità di assegnare alla dire-
