UNAUTHORIZED FRONTIER CROSSING.

....I have to tell you that VITTORIA and GIOVANNA together with the children are making for the frontier, hoping soon to overtake RABAT. DOMINICI left a fortnight ago with Mrs. CACCIAMALI. Owing to an unexpected occurrence PIERROT was not able to leave with VITTORIA, but I hope they have met in MARSIGLIA. It is to be hoped that all goes well, if I had only known all that I now do, I would certainly not have sent them. It seems that the principle control is at MARSIGLIA.

ADMINISTRATIVE AND VILLAGE AUTHORITY ACCUSED OF THEFT AND CRIME

"My brother's son was robbed of his "Ardea" car; this is the second that was stolen from him, and after a few days it was offered to his friend; the identification number plate was altered as well as that of the engine, all necessary papers were in order, and the car already sold for 780 thousand lire and leaving for ROME. My nephew was able to recover it on payment of 250 thousand lire, and if he had approached the authorities he would not have obtained anything.... A peasant family in a small village near PAVIA was forced to sell their cow in order to clothe their son recently returned as a prisoner from RUSSIA. The same night four armed, masked men forcibly entered the house, demanding the money which they were obliged to give up. While their attention was taken up counting the sum, the son seized the machine gun and killed outright all four men...one of whom, it was later discovered, was none other than the village Carabinieri Brigadiere; another, the man responsible for selling the cow and the other two, local people."

Subject : Censured letter dealing with parcels.

From letter included: "My dear Gaetano"..... The goods sent by Tony have all arrived except one, and we have received up to now 85 thousand.

Now it's for you to settle with him.

We have still to settle another 5 thousand if the same price (when sold) will be other 20 thousand.

There is still some hope to receive the last parcel in which should be two packets from Tony containing presumably 5 or 6 thousand.

In the hope that all (the goods) will arrive to destination, you may regulate yourself on the basis of 130 thousand(profit).

Now let's be sincere, I don't think you can possibly carry on dealing for others in this business as it's more convenient to work on your own account.

Dobbiamo ancora sistemare altre 5 mila che se lo stesso prezzo saranno altre 20 mila. BLACK MARKET AND SUSPICIOUS DEALINGS.

"....As dealers in penicillin I beg to report to you GIOVANNI RIVA resident in Corso di Porta Vittoria 47 and his sister MARIA RIVA owner of the Water Clinic of Via P. Galvi 22, MILAN. In an Aprilia car, number plate VC 12014, owned by RIVA, bearing the Red Cross sign, they carry quantities of penicillin, drugs and foreign currency going back and fore from MILAN, ROME and NAPLES. They belong to a band of Germans who hid in their clinic to escape the 25th of April round up; and transferred to ROME and NAPLES they carry on their illegal traffic from these two cities. The chief of the band, named GRESKO is now in ROME, but when in MILAN lives in the clinic in room No. 6. Both GRESKO and the RIVA brothers are expected daily to return from NAPLES and ROME with a large supply of penicillin and other goods. If you wish to recover stolen goods, silver ware and material, go and see RIVA GIMA, in Via Mancini 15, and you will be surprised at what you find there. Some bring salt and pepper, and the owner of the artistic tooth-picks can easily be traced; the goods are stolen by a certain GINO BARTONELLI, Via Pacinotti 9, MILAN, who I know is in contact with a band of thieves, who in their turn let his mistress MINA RIVA conclude the deals. SUBJECT : Coffee requested on commercial purposes.

"If you want to send something to your parents, for instance dollars, I advice you to do it this way: send to me parcels (it is allowed at the present time to mail parcels of 11 pounds) containing green coffee of best quality or also of inferior quality, for it is very easy to sell it here. I shall then send the proceeds in dollars to your relatives at STEFICA.

Indeed, I heard that now it is possible to send parcels also to Yugoslavia, but I don't advice you to directly send money there.

The best way is to follow my proposal....."

Callee: Fairly well. I spoke to DI MAIO of VARESE for two hours and he made a good impression upon me. He told me he had been a freemason since 1924, and is a Republican, a Justinian and faithful supporter of the Labor Party. He brought along numerous documents for reference, and agreed to let us inquire into his past, if necessary. He stated that he had been persecuted by the Fascists, and that upon entering our organization, he was ready to bring with him 20 million lire, which his relatives in AMERICA had placed at his disposal. He is a correspondent and contributes to American magazines. He asked to be given the joint-management, with some one, of the administration.

AMERICAN SOLDIER ACCUSED OF THEFT AND MURDER.

".....On Sunday, the 14th of October, he (the husband) went to a festival held in a small mountain village, and returned about 11 o'clock at night accompanied by an American. A number of Americans are garrisoned here. On their way home, this individual asked Antonio what time it was. Antonio told him. Once outside the village of ALTANA, the American struck him on the head with a stick. Believing him dead, while Antonio was just unconscious, he stole his watch and wallet. Antonio was taken by car to the CIVIDALE HOSPITAL by people returning from the festival. The next day he regained consciousness and related the occurrence. Caller: There is a 220 ton steel motorboat, length 54.50 metres, width 6 metres, flank height 3.30 metre, immersion 2.15 metres, steel hull, two holds. It was built as a tanker, and is worth from 20 to 22 million lire. Modern fittings, life boat, autopump two 125 Alfa Romeo engines maximum power 250. Be careful, father, this is a big deal, with a net profit of over a million and a half. Send me the list of all the ships flying german flags, scuttled by the germans in TRIESTE Port. This is a big deal so be careful not to talk about it.

Callee: Is the ship visible in VENICE?

Caller: Yes.

DEALING IN ALLIED WOOLEN STUFF

Caller: That stuff of pure wool costs 1400 liras per kilo; it's all Allied Military property (woollen gloves, undershirts etc....)

Callee: But the price is excessive!

Caller: Business is business....I have been told that 400.000 kilos of this woollen stuff are weekly arriving here.

Callee: By the Navy I had been offered a lot of wool, which I bought and delivered to the federation. But if the Federation now doesn't operate....Furthermore our associations should notify the Allied Command that this stuff should be sold regularly at lower prices.

Caller: Listen, if you want to come with me to the meeting, we can talk the matter over better.

Callee: Is there the meeting of wool and cotton tradesmen?

Caller: Yes there is, at any rate I'll let you know more.

COMMENT ON S. LEONARDO AFFAIR -

Caller: Have you heard of what happened at S. LEONARDO?
 Callee: Unfortunately it is a very serious matter. They were warned here by VANON, some time ago that the situation was not very settled in those parts.
 Caller: I would not attach much importance to what VANON says!
 Callee: Very well, but see what has happened?
 Caller: The Committee ought to take steps. To which party did the Mayor belong?
 Callee: To the Socialist party.
 Caller: I was told that he belonged to the Communist Party. This I am very interested to know.
 Callee: The Socialists will have to move some time.
 Caller: Did you hear of those Yugoslavs who came here distributing cans of meat to the people and hoping by so doing to obtain their oath of allegiance to YUGOSLAVIA?
 Callee: I cannot understand the Governor of CIVIDALE, he ought to have taken necessary precautions, as I suppose that he must have been advised on the situation.
 Caller: In CARNIA too there is much disorder. We talk a lot, but everything just drifts. It seems that even the agreements reached at MILAN will fail. With regard to the Mayor, the situation is very serious, as no one wants to occupy that

AGENTE DEL SERVIZIO SEGRETO DI P.S. COMUNICA NOTIZIE D'UFFICIO,
PROBABILMENTE RISERVATE

Ho già parlato di quella cosa con un cugino mio che presta la sua attività presso la sede centrale del servizio segreto della P.S. Mi ha assicurato che tempestivamente la sede di Firenze riceverà ordinamente un provvedimento verrà preso sino a quando regnerà la calma.... Appena mio cugino sarà in grado di farmelo sapere, vi scriverò subito il nome della persona incaricata a Firenze. Purtroppo debbo dirvi che non arriverò ad essere D.....esiste una tale confusione qui che non potete farvene un'idea.

PROBABLE SECRET INFORMATION GIVEN BY AN AGENT OF THE P.S. INTELLIGENCE SERVICE

I spoke of what you well know to a cousin of mine who is employed with the head office of the P.S. Intelligence Service. I was assured that the Florence office will receive timely orders: - no measure shall be taken until things have calmed down..... I'll write you the name of the person in Florence in charge of this matter, as soon as I hear from my cousin about it.-
Alas! I'll not succeed in becoming a D.....You can't have an idea of the disorder ruling in this place!.....

PROTEST FOR ABUSES IN BLOCKADE POST

At the blockade post, situated a kilometer from Arsoli, many abuses are committed by the competent authorities, to the great detriment of passengers. The minimum quantity of goods is seized and often those not meant to be, and by so doing people are forced to lose their initiative. It is understood that those with large consignments are not disturbed as they pay well both Italian and American, but especially Italian guards.

It is always against the modest people who have so little that they come down on unmercifully. The greater part of these goods go to benefit those who are already millionaires. Some of the articles sequestered are openly sold in the surrounding villages; they personally came to the Comune of Arsoli and Rofredo offering pairs of shoes, seized while worn by their owners and accused of being American goods, and receiving in exchange a whole lamb or eggs.

".... Il blocco che è stato messo ad un chilometro dal paese di Arsoli commette un'infinità di soprusi ai danni dei passeggeri. Inizitutto sequestra le minime quantità di merci e spesso anche ciò che non c'entra niente, costringendo così le persone a non potersi più muovere. S'intende che coloro che hanno dei grossi carichi non vengono affatto disturbati perchè pagano bene sia i nostri finanzieri che gli americani ma specie i nostri. E proprio contro i disonesti che hanno pochi chili di miserie che si accaniscono senza misericordia. Buona parte di questa roba va a beneficio loro che già saranno milionari! Alcune cose poi le vendono sfociatamente nei paesi limitrofi, infettu personalmente sono venuti a vendere alcune paia di scarpe sequestrate ai piedi, con la scusa che erano americane, per un abbacchio e per le uova nel Comune di Arsoli e di Riofreddo!!

LOOTING CONTINUES AMONGST THE RUINS OF CIVITA'VECCHIA

It would seem as if specialized looting firms have sent their workmen to execute the job.-

Where staircases have been destroyed one sees furniture being let down from the windows by means of cords, daily this can be seen from the Grand-Hôtel.- These worthy people are doing more damage than at least ten other bombardments and all this is happening because of the total lack of surveillance on the part of the Police, the small number of Carabinieri and local Municipal Guards. Callee: You were not right to refuse these are the real opportunities to get something out of these people.

Caller: But how could we throw away 5 or 6 thousand lire for a party!..

Callee: I told mister FLORIO that if we are not given the necessary means we'll cease every activity because we don't want to be criticized at the end of the month for having dwindled away too much. To day I am to go to the Ministry to bring there my little report, I will call upon you on my return.

2. CONTACT WITH SUPPOSED AMERICAN SABOTEURS.

Caller: The American I was waiting for has arrived, the one who belongs to the saboteurs group, he wanted me to come at half past eight to a gay party in his house but I had a great deal to do.

Callee: You were not right to refuse these are the real opportunities to get something out of these people.

Caller: But how could we throw away 5 or 6 thousand lire for a party!..

Callee: I told mister FLORIO that if we are not given the necessary means we'll cease every activity because we don't want to be criticized at the end of the month for having dwindled away too much. To day I am to go to the Ministry to bring there my little report, I will call upon you on my return.

Caller: I ought to go to the Ministry too at about 10. Could not you write your report here, we've got a typewriter, here with DE RUGGIA.....

Callee: I will see what I can do Comandante.

REVIEWER'S NOTE: CANDALORI, Mario was placed on the Watch List 2/26/47-44 as the result of a telephone comment on the search of the apartment by English police. Subsequent intercepts have concerned black market activities and false number plates for a car.

The writer says that he must be disciplinarily punished (it is impossible to understand by whom) and asks the addressee to contact the Disciplinary Commission for a favorable results, adding that it would be necessary to ask help of his godfather, a certain Ciccio who is acquainted with d'Agostino of Corigliano (one of the members of the disciplinary Commission)
It would be necessary to arrange the matter in such a manner as to ~~fix~~ effect disappearance of the documents and placing the blames upon the German devastations.

La chiamata - Abbiamo telefonato in questura. Quando hanno sentito che si trattava di un furto di gomme ci hanno risposto che sono cose che accadono tutti i giorni. O non arrivano o sono tutti rincretiniti. Certo è che non sanno fare niente. Vi sono quattro rimbambiti e non mi meraviglierei se uno di questi giorni svaligiassero anche la polizia. Sarebbe un divertimento.

There are four idiots and I would not be surprised if one of these days even the police will be plundered.

Italian civilian writes to PW son :

" In total, I have received three letters from you, and I realize your misfortune in having to be a slave of the British. Do not be surprised to hear that out of eight letters you have written me I have received only three, since it is a known fact that at Reggio, sacks of P/W mail are being thrown to the flames. Inasmuch as the employees are continuously asking for an increase in wages, they will not inconvenience themselves in getting the mail out."

ILLICIT ENRICHMENT OF GUARDIE DI FINANZA

With regard to Cam's fortune it means that his parents know about it, well and good; you ask me how he has made all this money and you will believe me, if I tell you that he is one of those who has made the least gain, amongst those who were in Rome and enlisted during the republic, - not one of these has made less than two or three hundred thousand lires.- These men acted as escorts on trucks, loaden with flour, oil, and such things, and robbed when the trucks were loaded, on the way sold two or three bags and so made money besides receiving good pay. Just think the Finance Guard cadets received 5 or 6 thousand lire a month, and after 8 months service L. 1.358.000 lire were found in the pockets of one of them, but it was taken from him."

PURGING OF CARABINIERI COMING FROM SOUTHERN
ITALY NECESSARY

"Squads of CC.RR. under the command of officers picked up in Southern Italy, arrived here, after the occupation of ROME..... These gentlemen.....give themselves the air of heroes..... and, above all, of liberators; in fact they have freed those places occupied, before the 7th October 1943, by their colleagues, who were only guilty of having contributed to the Coup d'Etat of the 25th of July, the arrest of MUTI and, finally, endured for 9 months the rage and the thirst for vengeance of the nazi-fascists, with all their dangers and consequent privations.

The Pure have the only merit of having had the chance of not running any risk, passing, nearly at the same moment, from the German occupation to the Allied one. One of these, member of the Commission for the Cave Ardeatine, is very well known everywhere as a drunkard and an absolutely immoral person.

All these Pure ought to be examined one by one, taking into consideration their political past, their servility towards the fascist bosses, everything concerning them in these Military Commands where they were in service (denunciations to the Special Tribunal (Tribunale Speciale), decisions taken by the provincial commissions of which they were members, concerning police confinement, their active intervention in the Spanish Campaign, etc. etc. etc.)

I will thus be seen how and when they have served fascism for 20 years, as they now try to deny it.

To purge: yes; but this must be done by honest, upright and serious persons who, above all, do not belong to this Corps, otherwise commissions are created, whose members must be the first to be purged."

V. POLICE FORCE

The newspaper ITALIA LIBERA, official organ of the PARTITO D'AZIONE, continuing its campaign for the reform of the Italian Police Force, states that the latter has been the instrument of a tyrannical regime and the representative of a mentality which has undermined all the organs of the Stato.

According to this newspaper, this problem has not been attacked at its roots since suchmen as Major BALMAS Fausto, Captain Leonica Nurris are still part of it. The ITALIA LIBERA asks that the lists of the members of the OVRA be made available to the public. Other things to be made available to the public are the lists of people who denounced persons to the nazi fascists and all material on this subject. The auxiliary police force, established during the nazi fascist occupation should be completely abolished and the epuration activity going on in this regard, adds this newspaper, should take up the question of the SQUADRA REALE. The article concludes that it is essential that the epuration of the Police Force be entrusted to representatives of the different Italian parties or to a committee in which the parties are represented.

11/9/44 Discussed with Dr. Jemari. Major Balmas already denounced. Name of Capt Nanni noted.

GERMAN COLLABORATOR STILL ON DUTY IN POLICE STATION

I am a rivista of your Police Superintendent GATTI - son of a Supreme Court Councillor; this is why I don't sign myself. GATTI was a great friend of police sergeant MONTANARI in the Castro Pretorio Police Station from 1938 to 1939. MONTANARI was discharged from the Police: just think what he must have done. Now he is again at Regina Coeli; GATTI is still in Service in the Prati police Station. When he was illtreating those who were suspected of antifascism and taking young men to the Germans he succeeded in saving himself but is he to remain unpunished also at present? But you will mete out justice also to him. Ask the prisoners and you will find out.

Already noted by Dr. Lenari.

FASCIST OFFICERS IN THE CARABINIER CORPS DENOUNCED

"In your paper "L'UNITA'" of the 9th inst., I have read an article concerning the Carabinieri and the name of Col. NUZZOLO was cited, but nothing was said about Col. LUVO. This false hero of Mussolini's war in Spain, besides having been promoted lieutenant Colonel for "war merits", has robbed everything he could. While he was in Rome, in the Air Ministry, he was able to fatten his already fat purse, obtaining even a second promotion "for war merits" for services rendered to that madman Mussolini, who often entrusted him with secret missions in the Turkish capital. Results of these journeys: nothing for the Nation, but for him many hundreds of thousands of lire. Acting in concord with EDVIGE MUSSOLINI and the principal leaders of the O.V.R.A., during these last years, he is now dolled up as an anti-fascist patriot who awaits discrimination.- Another equivocal person is Col. BERSANETTI who, after having fawned on great and small hierarchs in VENICE for many years, is now in Rome as a courageous patriot. This man has always "polished the shoes" of the fascist Prefect Marcello VACCARI, both in VERONA and VENICE, where he followed in his wake; being a very pure element; he has now been named member of a Commission charged with purging the officers belonging to the Corps of Carabinieri.

2) Grifters who took advantage of the position they held in the Fascist Party.

1. Senator MORMINO, Prefect, Mussolini's former Chief of Cabinet. In October 1922 he was Vice-Prefect of Poggia. In cooperation with Mr. Stracca, who was then a Police Lt., he sold the cipher books to the Member of Parliament CARADONNA. As a reward for this deal, Mr. Caradonna was nominated Prefect and Mr. Stracca Chief of Police. If the Real estate belonging to Sig. MORMINO, to his brothers and sisters was checked, interesting things would be discovered.
2. Another Mr. MORMINO, brother of Senator Mormino, General Secretary of Salerno's Town Hall. It would be interesting to know how this gentlemen obtained the nomination to the aforesaid post and at what price predecessor was induced to resign. It seems that Senator Mormino, to obtain that resignation, paid many thousands of liras from the funds of the Ministry of which he was Chief of Cabinet.

3. Chief of Police LAURICELLA
4. Prefect MARZIALE
5. Councillor SCILIMENA, Chief of Cabinet of the Prefect Marziale. These last three persons have been largely responsible for the appointment of the brother of Senator MORMINO to the Post of General Secretary of Palermo Town Hall. The son of General Secretary MORMINO married the daughter of Sig. LAURICELLA, as a reward for what her father had done. At present the super-fascist SCILIMENA has been appointed Chief of Salerno's Police and LAURICELLA transferred from Naples to Sicily with full powers.

6. TORRELLI AUGUSTO, Former Secretary of the Fascist Party. He was expelled from the Fascist Party and, later, readmitted with all honours and with the rank of Lieutenant General of the Fascist Militia. At present he is seen in the streets of Rome. He has a wireless set which he uses to broadcast information to two of his stooges: DUGNANI, Prefect

- Mr. Stracca, who was then a Police Lt., he sold the cipher books to the Member of Parliament CARADONNA. As a reward for this deal, Mr. Caradonna was nominated Prefect and Mr. Stracca Chief of Police. If the Real estate belonging to Sig. MORRINO, to his brothers and sisters was checked, interesting things would be discovered.
2. Another Mr. MORRINO, brother of Senator Morrino, General Secretary of Palermo's Town Hall. It would be interesting to know how this gentleman obtained the nomination to the aforesaid post and at what price predecessor was induced to resign. It seems that Senator Morrino, to obtain that resignation, paid many thousands of liras from the funds of the Ministry of which he was Chief of Cabinet.

3. Chief of Police LAURICELLA
 4. Prefect MARZIALE
 5. Councillor SOLIMENA

Chief of Cabinet of the Prefect Marziale. These last three persons have been largely responsible for the appointment of the brother of Senator MORRINO to the post of General Secretary of Palermo Town Hall. The son of General Secretary MORRINO married the daughter of Sig. LAURICELLA, as a reward for what her father had done. At present the super-fascist SOLIMENA has been appointed Chief of Salerno's Police and LAURICELLA transferred from Naples to Sicily with full powers.

6. TURATI AUGUSTO, Former Secretary of the Fascist Party. He was expelled from the Fascist Party and, later, readmitted with all honours and with the rank of Lieutenant General of the Fascist Militia. At present he is seen in the streets of Rome. He has a wireless set which he uses to broadcast information to two of his stooges: DUGNANI, Prefect and BASTIANONI Console (=Col.) of the Militia in the same town.

A FASCIST DIRECTOR OF REGINA COELI

The sender points out that having effected a change in directorship, nothing has changed in Regina Coeli as regards the treatment meted out to common prisoners. The sender also points out that the actual deplorable systems of speculation, well known by the actual director are getting worse;

The sender writes: "The gentlemen, who belonged to the visiting commission for prisons, knows well the ignoble speculation that for a long time has taken place, asking for sums and trips from the relatives of prisoners.

He then points out that the Comm. AMEDEO STAZZERA, actual director of Regina Coeli, has been, till the 25th of July 1943, a fervent fascist and that his nomination, as a member of the visiting Commission, was obtained by him through intrigues and under the fascist regime!".

CARABINIERI, ADHERENTS TO THE REPUBLICAN GOVERNMENT
ARE STILL IN SERVICE.

"A Group of Patriots" denounces the RR.CC. Brigadier FRANZETTI, who, after having been employed for about 15 days as a conductor by the A.T.A.G. went in person to the Republican Colonel MAUCERI, asking to be enlisted in the Republican Files. He was then sent to a police-station in the outskirts of Rome and from there every evening he took away food of all sorts for his own use. Until the evening of June 3rd he was in service of the Republicans and on the morning of June 5th he has the bare-faced courage to make his appearance in the black uniform of a carabinieri at the Lazio Legion, asking to be readmitted.....He now wears the black uniform of a carabinieri to the surprise of all who know him. He lives in the Borgata Valle Melaina in the Montesacro quarter, where the other Republicans live, the Vice-Brigadier SANTINI, former driver and propagandist of Col. MAUCERI..... The latter also is now in service at Castelgandolfo.

REPORTING THE FASCIST CHIEF OF THE ROME PRISON

"....His Excellency AMEDEO STRAZZERA PERNICIANI is once more to the foreground in political life. To-day he is an expounder of democracy, while yesterday he was a member of the Commission for Economic independence and other Commissions for draining the resources of Albania.

Just think they have given him, pro tempore, the Director of the Prisons of Rome. For such a post as you well know, a degree is necessary, and our friend it seems incredible say so does not possess even an elementary certificate."

CARABINIERE ORGANIZES BLACK MARKET

MAROTTA assured me that he would have come back had agreed to say to Alfredo verbally what we proposed to do, that is to buy textiles for suits and dresses, which cost here one-half of what they pay there.

Nails for shoemakers, called "sennese", I am told, cost L. 35 a kg. for the small ones. I get your answer soon. I will draw, as soon as my baggage comes from Naples, all the interest of my bonds, so as to dispose of about 80 thousand lire. I should be glad if Alfred could come, bringing some supplies of boxes of tuna in oil and tomato, paste, and we could make the return trip together. If not, he can bring two valises, crammed full of stuff. This after the harvest, then there are the almonds and it is an endless chain. If you succeed in making the trip, you gain one hundred per cent above your expenses for the trip.

It was told me by a lady recently arrived from Trapani that a bare meter of material for a woman's dress costs L. 700, while a man's suit costs L. 1800 one thread L. 1 a meter. Is this true? What are the prices for men and women's shoes there? PASQUALE LARDO told me that they pay there L. 12.000 for a pair of boots. Give me information about all that I asked you. If VINCENZO could come he too would make money but cannot trust him. If he could come with Alfredo they would do good business. 3400

Are there any cigarettes? or is there a scarcity? What do they pay packages of 10?
