SUBJECT : MARIANECCHI

TO : G-2 RAAC

1. A complaint has been received from the Italian Postal Authorities that CIC Agent Terry requested the postmistress at Cinescitta' PO (Italian) to hold all mail addressed to Subject, but failed to produce a written request. MARIANECCHI is living at Cinescitta' Refugee Camp.

2. As you are of course aware that practically all postal matters including censorship are in the hands of the Italian Authorities, application for the holding of Italian mail should be made to the Italian Authorities through A.C.

3. In view of the inevitable delay of such procedure and the urgency of the matter in many cases, the Italian Postal Authorities are being asked to recognize the validity of written requests for censorship presented at any postal office by an Allied Intelligence agency while the formal requests are being forwarded.

2. In the opinion of this Sub-Commission, Allied Security Agencies in connection with Post Office correspondence in the custody of the Italian should act through the Italian police and abide by the standing regulations especially in Italian Government territory. Il Sig. Terry, del servizio C.I.C. del Comando Alleato, ha chiesto, pregando la sottoscritta, di fermare la corrispondenza diretta al Sig. Tullio Marianecchi, ricoverato in questo Campo Profughi Italiani, occorrendogli di verificare la provenienza per rintracciare eventualmente il fratello Mario evaso da un loro campo di concentramento.

A questa richiesta la scrivente non ha mancato di domandare la regolamentare richiesta scritta, ma il Terry ha soggiunto, che basta il suo nome per ottenere delle notizie, tendenti a collaborare per un fine comune.

Dalla giacenza di detta corrispondenza, poi, bisogna informare il Sergente Novella della F.S.S. addetto all'ingresso di questo Campo Profughi stranieri, il quale avviserà il Terry per l'esame da cui trattasi, operazione questa che si dovrà svolgere in questo Ufficio.

Poiche' il menzionato profugo Marianecchi riceve molta posta al suo indirizzo, se ne informa codesta On.le Direzione per un sollecito e riservato nulla osta in merito.

Mr. Terry C.I.C. of the Allied Command has asked the undersigned to hold all the mail addressed to Mr. Marianecchi who is living in this centre for Italian Refugees because he has to verify from where the mails are arriving from, on the purpose of eventually tracing his brother Mario escaped from a concentration camp.

At this request the undersigned did not fail to ask for the written request but Terry added that his name was enough to obtain information on the purpose of collaborating for a common cause. Sig. Novella of the FFS3, who is in charge of the entrance of the Refugees Camp must be informed of the mail on hand; he shall advise Terry, for their examination which shall take place in this Office.

As the above mentioned Marianecchi receives a lot of mail we inform your Directorate, for an early and reserved "nulla osta" on the subject.

ACC/14064/2/PS

SUBJECT : Watch List Facilities.

TO : Regional Public Safety Officers.
(thro' Regional Commissioners) I, II, III, IV, V, VI, VII, VIII
Rome Region, AMG 5th and 8th Armies.

1. The following information has been supplied by the Communications Sub-Commission for circulation to Regional and Provincial Public Safety Officers:

- a. POSTAL. There are censorship stations under Allied Control in the following provinces: Rome, Naples, Avellino, Benevento, Foggia, Bari, Taranto, Palermo and Cagliari. Where full postal facilities exist, outgoing mail from the provinces passes through the censorship station. This mail is checked by Allied personnel against a Watch List for which names may be submitted by all interested agencies. Both sender and addressee names are checked. Owing to lack of Allied personnel, it is impossible to cover 100% of the mail in some stations and therefore, when names are submitted, it should always be stated whether the name may be handled by specially vetted Italian personnel. This personnel is used to check the balance of the mail, but names are only put on their list with the consent of the user agency. If this consent is given it will be seen that 100% cover can be provided for suspect mail unless the letter originates in a province not under Allied control.

All mail to Switzerland, Spain and Portugal is passed through the Watch List and, if desired, names can be forwarded to London and Washington to check other external communications.

- b. TELEGRAMS. There are facilities for censoring telegrams in the same places as above. Post-censorship of telegrams is now in force and therefore it is impossible to prevent a suspect's sending a telegram, but all telegrams are subsequently checked against the list and information passed to user agencies.
- c. TELEPHONES. Monitoring stations are established at Rome, Naples, Bari and Taranto. As Italian monitors are used it is not considered desirable to give them the Watch List, but particular attention is paid to circuits on which Watch List suspects are connected. All reports are subsequently checked against the Watch List and dissemination made of all information contained concerning suspects.

d. It is requested that Public Safety officers submit their requirements to the provincial Allied Censor Control Officers or to the Officer in charge of the monitoring station at a telephone exchange. It would be appreciated if, whenever possible, the length of time for which cover is required, could be stated.

2. The names sent by Public Safety Officers to Allied Censor Control Officers for inclusion on the Watch List should also be forwarded to the Regional Commissioner for his information.

1. Reference conversation (Lt. Col. Wilcox - Captain Jackson) of 22 June 44, the following are the facilities available for watching communications of suspect individuals. Though local Allied Censor Control Officers perform routine liaison with Public Safety officers, it is felt, as was agreed in the above conversation, that a summary of the facilities, sent out from this Headquarters, would be helpful.
